Message I

Message

Looking back on our achievements of 2025, I take immense pride in the continued evolution of Manipal Academy of Higher Education as a globally respected institution of learning, research, and societal impact. This year stands as a testament to our solid quest for excellence and our readiness to lead in a rapidly transforming academic landscape.

In 2025, MAHE notably strengthened its standing as one of the top three universities in the country in the NIRF ranking and in various international rankings, reinforcing our reputation for academic quality and research rigour. Our faculty and students made significant contributions across diverse disciplines, driving impactful research, interdisciplinary innovation, and meaningful solutions to real-world challenges. The expansion of research ecosystems, along with enhanced industry and global academic collaborations, further amplified our reach and relevance.

The year also witnessed important developments in infrastructure and digital capabilities, creating future-ready learning environments that support innovation, inclusivity, and sustainability. These milestones reflect the collective commitment of the MAHE community to progress with purpose.

As we look ahead, we remain guided by our core values, confident in our ability to embrace new opportunities and responsibilities. I extend my heartfelt gratitude to our students, faculty, staff, alumni, and partners whose dedication continues to propel MAHE forward. Together, we will inspire a passion for knowledge, foster innovative discoveries, and profoundly transform lives through the empowering journey of education.

Dr Ramdas M Pai
Chancellor

INSTITUTION of EMINENCE

Message

It is a privilege to pen this message for the Annual Report of Manipal Academy of Higher Education for the year 2025, a year marked by strategic growth, academic distinction, and strengthened global engagement.

Throughout the year, MAHE achieved significant progress across key institutional priorities. Improvements in academic rankings, the launch and expansion of focused research initiatives, and increased research output reflect our sustained emphasis on quality and impact. Our growing portfolio of international collaborations and partnerships has further enhanced student and faculty mobility, joint research, and global academic exchange.

2025 also saw continued investment in state-of-the-art infrastructure, advanced laboratories, and technology-enabled learning spaces, supporting an ecosystem that nurtures innovation and holistic development. These achievements underscore MAHE's ability to adapt, lead, and remain relevant in an evolving higher education environment.

As we celebrate the year's accomplishments, we remain firmly committed to our mission of delivering holistic education rooted in ethical values, research excellence, and societal responsibility. I would like to express my sincere appreciation to our students, faculty, staff, alumni, and partners whose collective efforts have made these milestones possible.

With confidence and clarity of purpose, we move forward to build on this momentum and further elevate MAHE's impact on the global education landscape.

Dr H S Ballal
Pro Chancellor

INSTITUTION of EMINENCE

Message

It is a moment of reflection and pride for Manipal Academy of Higher Education (MAHE) while I pen this message. Guided by the enduring vision of our founder, the late Dr TMA Pai, MAHE continues to evolve as a globally engaged, research led, multidisciplinary institution committed to excellence, inclusivity, and service to society.

As an Institution of Eminence, MAHE has strengthened its academic and research standing during the year. In NIRF 2025, MAHE was ranked 3rd among Universities, 14th overall, and 19th in Research, with several constituent institutions achieving top discipline level rankings. Our continued presence in global rankings such as QS, Times Higher Education, and Shanghai Rankings, including subject specific recognitions, reflects sustained international visibility and credibility.

MAHE currently consists of 29 professional institutions, including the University teaching departments that were upgraded to form 3 new institutions this year.

Research and innovation remain central to our mission. New state of the art research laboratories and national recognition as an AI Centre of Excellence in Healthcare, MAHE continues to contribute meaningfully to knowledge creation and societal impact.

Beyond academics, MAHE's contributions to healthcare, community engagement, Indian knowledge systems, and a 2.7 lakh-strong global alumni network remain integral to our identity.

These achievements are a reflection of the dedication of our faculty, staff, students, alumni, and administrators, supported by the guidance of the MAHE Trust and leadership. As we move forward, MAHE remains steadfast in shaping responsible global citizens and advancing knowledge for the public good.

Before concluding, I wish to express my sincere appreciation to the Editorial Team, headed by the Director, Quality, for their dedicated efforts in creating this extensive report, which will serve as a vital knowledge repository for all University stakeholders

Lt Gen (Dr) M D Venkatesh
Vice Chancellor

INSTITUTION of EMINENCE

Message

The annual report of MAHE reflects the progress made by the university and its Constituent Units/Teaching Departments. It has been a fantastic year for Manipal Academy of Higher Education (MAHE) on all fronts. MAHE is now ranked #3 in NIRF 2025, ranked #206 in QS Asia World University Rankings, #601–800 in Times Higher Education (THE) World University Rankings, and #851–900 in QS World Rankings. This is in addition to being #1 in the UI Green Metric World University ranking in India and #117 Globally.

The year 2025 has been an excellent period for MAHE in terms of admissions, the start of new programs, the quality & quantity of research publications, and student & faculty achievements. The quality of the content and its delivery, along with the niche programs offered, have generated a lot of interest, enhancing significant brand recall.

On behalf of all at MAHE, we thank you and your team for your significant contributions towards the growth of the University/Institute/School/Department and look forward to working with you in building on the successes achieved over the years, in making MAHE the preferred destination for multi-disciplinary programs.

I congratulate the Editorial Team of the Annual Report 2025 for their efforts in successfully compiling and presenting all the activities and accomplishments of the University and its constituent units.

Dr P Giridhar Kini
Registrar, Manipal Academy of Higher Education (MAHE)

Overview III

Mission, Vision, Objectives

Mission

Be the most preferred choice of students, faculty and industry
Be in the top 10 in every discipline of education, health sciences, engineering and management

Vision

Global leadership in human development, excellence in education and health care

Objectives

a. To provide for higher education leading to excellence and innovations in such branches of knowledge as may be deemed fit, primarily at postgraduate and research degree levels.

b. To engage in areas of specialization with proven ability to make distinctive contributions to the objectives of the higher education system and also with such other subjects that the University may start with.

c. To provide for high-quality teaching and research and the advancement of knowledge and its dissemination through various research programs undertaken in-house by full-time faculty/ research scholars (PhDs and Post-Doctoral) in diverse disciplines.

d. To support, promote and undertake the advancement of academy education leading up to and including Undergraduate, Postgraduate, Doctoral and Post-Doctoral courses in arts, Science, Commerce, Engineering, Medicine, Pharmacy, Dentistry, Nursing, Management, Music, Languages and Fine Arts, Architecture and such others discipline/subjects as the trustees may deem fit.

e. To provide for research and the advancement of and dissemination of knowledge through extension and community service.

University Convocation 2025 (Mangalore & Manipal)

Chief Guest: Dr Abhijat Sheth, President of the National Board of Examination in Medical Science (NBEMS), Ministry of Health and Family Welfare, Government of India.
Date: 24 May 2025
Venue: Dr TMA Pai International Convention Centre, M G Road, Mangalore

Chief Guest: Professor Ananya Mukherjee, Vice Chancellor, Shiv Nadar University, Delhi
Date: 21nd November 2025
Venue: KMC Greens, Manipal

Chief Guest: Mr Bikram Singh Bedi, Vice President Asia Pacific Strategic Initiatives, Google Cloud
Date: 22nd November 2025
Venue: KMC Greens, Manipal

Chief Guest: Professor (Dr) Hany Eteiba, President, Royal College of Physicians and Surgeons of Glasgow
Date: 23rd November 2025
Venue: KMC Greens, Manipal

Glimpses of the University

IV

Indian Admissions

Manipal Academy of Higher Education (MAHE) is a global knowledge destination celebrating six decades in education, educating more than 40,000 students from 65+ countries. Students have the largest number of courses to choose from. There are over **420** UG and PG specializations/courses from nearly 30 diverse disciplines are offered across **27** Institutions and **12** University Teaching Departments. The admissions to these programs are centralized and the MAHE admission office is entrusted with the selection and enrolment of the students. MAHE takes pride in stating that we follow the "Admission by merit only" policy. Online/Physical Counselling for admission was conducted for various courses where the prospective students appeared in the counselling as per their rank and took admission to various courses.

A total of 1,19,639 applications were received for 2025–26 admissions

MTMC, Jamshedpur	PG	Master of Optometry
MTMC, Jamshedpur	PG	MSc Clinical Psychology
MTMC, Jamshedpur	PG	MSc (Medical) Anatomy
MTMC, Jamshedpur	PG	MSc (Medical) Physiology
MTMC, Jamshedpur	PG	MSc (Medical) Microbiology
MTMC, Jamshedpur	PG	MSc (Medical) Biochemistry

International Admissions

Manipal Academy of Higher Education (MAHE), Manipal, has an International Admissions Office at its Manipal campus to cater to the requirements of international students seeking admission to various programs offered across its constituent institutions in Manipal, Mangalore, Bengaluru, and Jamshedpur. Admission of international students is limited to fifteen per cent of the total seats in each program. Candidates with foreign nationality/foreign passports, PIO/OCI cardholders, Non-Resident Indians (NRIs), and candidates sponsored by NRIs who meet the eligibility requirements may apply under the Foreign/NRI/NRI-sponsored category.

Admissions under this category are conducted on a first-come-first-serve merit basis, subject to the candidate's performance in the qualifying examination, i.e., 10+2 for UG programs and a bachelor's degree for PG programs of India or an equivalent examination, and compliance with the eligibility requirements stipulated by the regulatory bodies. There will be no entrance examination.

However, admissions under the Foreign/NRI/NRI-sponsored category to medical and dental programs are based on the rank obtained in the National Eligibility cum Entrance Test (NEET) and the online counselling and seat allotment by the Directorate General of Health Services (DGHS) or the Medical Counselling Committee (MCC).

Further, for admissions into the BArch program under the Foreign/NRI category, candidates must have qualified through a recognized aptitude test in Architecture, i.e., the National Aptitude Test in Architecture (NATA) conducted by the Council of Architecture (COA).

Manipal Institute of Technology (MIT), Manipal, is one of the participating institutions under the Direct Admission of Students Abroad (DASA), an initiative of the Government of India for the BTech program. In the year 2025-26, MAHE admitted 34 students to its BTech program at MIT, Manipal through DASA, based on their performance in the JEE Main examinations.

A total of 2,088 applications seeking admission to various programs were received in the year 2025-26, and 555 international students (excluding MD and MS, for which admissions for 2025-26 are still open) were admitted to various UG and PG programs.

To attract international students, MAHE has been offering Scholar and Achiever Scholarships for candidates admitted under the Foreign/NRI category since the year 2020-21 to selected courses. Of the students admitted in the academic year 2025-26, 30 students were awarded a 15 per cent scholarship, and 129 students were offered a 10 per cent scholarship under the 'Scholar' Scholarship. Additionally, 188 students are eligible to receive the 'Achiever' Scholarship, subject to their academic performance in the first year.

The International Admissions Office at MAHE, Manipal, handles all matters related to the admission of students under the Foreign/NRI category. The office assists international students in complying with regulatory requirements governing foreign registration, including obtaining a student visa from the Indian Embassy or Consulates abroad, FRRO registration to obtain a Registration Certificate and Registration Permit, extension of a student visa, and other related processes.

In 2025, MAHE, Manipal, participated in the international educational fairs conducted in Dubai, Abu Dhabi, Kuwait, Oman, and Sohar.

MAHE Hostel (Health Sciences & Technology), Manipal

General Information about Hostels:

- Manipal has grown into an international hub of academic excellence, accommodating a substantial population of both Indian and foreign students in two campuses, mainly Health Science and Technology & Management Campus. The Health Science Campus Hostels accommodate **6,794** students from all disciplines related to Health Sciences, and **7,590** students are housed in the hostels of the Technology & Management Campus.
- To address the diverse residential requirements of students from across the globe, there are separate hostels for boys and girls, and the hostels provide a range of accommodation categories, including Single AC, Double AC, Single Non-AC, and Double Non-AC rooms.
- These hostels are well-equipped and well-maintained. Caretakers and block supervisors are available round the clock, every day of the year. In addition to the basic amenities, other facilities include 24-hour electricity and water supply, solar heated hot water, Aquaguard-processed drinking water, fire safety equipment, recreation rooms, visitor lounges, indoor sports facilities, and in-house gym.
- The hostels have access-controlled doors to regulate entry and exit. CCTV cameras have been installed in all hostels, and each hostel has a security guard to ensure the safety of residents.

Details of Hostels:

Health Science Campus:

	Total no of hostels	Total no of rooms	Intake capacity	Occupied seats	Single/Double AC	Single/Double/Triple Non-AC

- **Technology & Management Campus:** Hostel Block Nos. 1, 2, 3, 4, 7, 8, 11, 12, 13, 21, and 22.

Common Facilities

- All hostels are furnished with uninterrupted electricity and water supply, wi-fi connection, supplemented by solar-heated water systems, water purification units, and laundry services, thereby ensuring a comfortable and convenient living environment for all residents.
- A state-of-the-art MAHE-affiliated hospital, supported by round-the-clock ambulance services, is available to address medical emergencies at any time. Additionally, a dedicated student clinic located at the Student Plaza for T&M Campus students offers prompt medical assistance and primary healthcare services to students.

- Centralized facilities include a gymnasium and sports complex (MARENA).

Mess/Cafeteria

- There are four university-sponsored service providers, viz., Canara Integrated, Spices N Chefs, Bluspring and Indian Kitchen. All meals are provided, comprising Vegetarian/Non-Vegetarian options. The messes also cater to foreign students and serve continental meals. Students are free to dine at any mess of their choice, ensuring flexibility and variety. In addition, there are canteens that provide snacks and small eats beyond meal timings. All eating joints and kitchens are regularly inspected for cleanliness and hygiene.
- The campus also provides night-canteen facilities, along with food delivery options, cafés, and multiple food kiosks located around the campuses and other convenient points across the campuses, catering to diverse food preferences and schedules.

Management of Hostels

Hostels are managed by a Hostel Management Committee, headed by the First Lady of the MAHE University, Madam Vasanthi R Pai, and assisted by the Chief Operating Officer/Chief Warden. Each Hostel has Wardens drawn from the teaching faculties (35 male, 39 female), who administer the hostels on a day-to-day basis, maintain discipline, and address the needs and grievances of residents. In addition, professional student counsellors are available to support the well-being and academic progression of the residents. Lt Col Manjunath Pai G (Retd) serves as the Chief Warden of Health Science and Technology & Management campuses. The Chief Warden is responsible for the overall upkeep and maintenance of the hostels. He is assisted by Dr Shobha K L as the Deputy Chief Warden of the Health Science Campus Hostels and Dr Nagaraj N Katagi as the Deputy Chief Warden of the Technology & Management (T&M) Campus Hostels. The Chief Warden also functions as a mediator between the University management & the hostels. Contact details are-

MAHE Hostels, Mangalore

General Information about Hostels: Our hostels provide a safe and secure **"Home away from Home"** environment to over 2150 students right in the heart of the city, near their academic and clinical venues. The hostels have single and double-seater rooms with attached baths, both air-conditioned and non-air-conditioned, along with an independent messing facility. The hostels also have reading/study rooms, TV rooms, and recreational facilities, including Wi-Fi internet connection, biometric access, and CCTV coverage for security aspects. A state-of-the-art indoor and outdoor sports complex caters to the recreational and fitness needs of the students. First-year students are accommodated separately in the Bejai Basic Science Campus. Designated hostels are available for first-year students, Interns, and PGs as well as for MBBS, BDS, and Allied Health courses in line with NMC directives. During the academic year 2025-26, 37 MBBS Foreign/NRI students have been accommodated in AC rooms in Bejai New Hostel.

Details of Hostels

Category	Total no of hostels	Total no of rooms	Intake capacity	Occupied seats	Single/Double rooms	AC/non-AC
Boys	5	488	855	787	121/367	389/99
Girls	6	672	1295	1035	49/623	442/230

- **Hostels for Boys:** Male students are accommodated in five Hostel blocks, housing various categories of students. First-year students are accommodated in a separate Hostel block in the Basic Sciences Campus, while the rest of the UG students, Interns and PG students are housed in different blocks in Kaprigudda Hostel, Falnir PG Hostel, and Sturrock Hostel.

- **Hostels for Girls:** Female students are accommodated in six hostel blocks, housing various categories of students. First-year UG students and Allied Health Sciences UG students are housed in three blocks in the Basic Sciences Campus, while the rest of UG students, Interns and PG students are housed in various blocks of Nandagiri, Falnir, Attavar, AHS, and Sturrock Hostels

- **Common Facilities:** All hostels have reading/study rooms, TV rooms, Wi-Fi connectivity, and provision of hot and cold filtered drinking water. All hostels have biometric access control and CCTV coverage. A state-of-the-Art sports facility, the MARENA, is a shared facility for all students, while there is a basketball and badminton court in the Basic Sciences Campus and a basketball court in Kaprigudda Hostel.

- **Mess/Cafeteria:** All hostels have independent messes with adequate dining halls, run by the Chef on Wheels, a subsidiary company. Additionally, Chef on Wheels also runs two cafeterias, one in the Basic Sciences Campus and the other in the KMC Light House Hill Road building.

- **Management of Hostels:** The MAHE Hostels in Mangalore are managed by the Chief Warden, Lt Col Ramanatha Shetty (Retd), and his team of Wardens, Managers, Matrons, and other staff under the guidance of the Chief Operating Officer, MAHE, and the Pro Vice Chancellor, Mangalore

Campus. Logistic support for housekeeping, maintenance, and security of the hostels is provided by the Regional Manager, Blue Spring Ltd.

General Information about Hostels

MTMC hostels are situated 1 KM from the college campus. There are separate Hostels for girls and boys. The students can choose single or double accommodation with AC and Non-AC facilities. Hostel campuses are enabled with Wi-Fi connectivity, a CCTV surveillance system, and a Common room for Boys and Girls with a television. There are indoor sports facilities for carrom, chess, and Table Tennis, and an outdoor play area is available for playing badminton, volleyball, and futsal. A visitor area is available for parents visiting their wards. Hostels are equipped with a mess, serving hygienic food. We have a vehicle facility available at the hostel to visit the hospital in case of an emergency.

We have an in-house caretaker supervising the functioning of the hostel 24/7. Many housekeeping staff maintain hygiene in the hostel premises. Laundry facilities are also available. The hostel premises are well-guarded by security personnel.

The main market is just beside the Hostel Campus, so they can have all their necessary items anytime. Transport is provided to the students to travel from the hostel to the college campus. Buses or other vehicles carry out all the transportation from hostels to the campus.

In each phase, one mess has been provided. A total of three messes are available in the hostels, with one combined mess provided for Phase I and II, both Boys and Girls Hostels. Hostel clinic and Ambulance provided for students in Phase I, II, and Phase V Hostel.

MAHE Hostel, Bengaluru

General Information About Hostels

Welcome to MAHE, Bengaluru! We're proud to share that MAHE has secured the 3rd position in the National Institutional Ranking Framework (NIRF) 2025 rankings. Our hostels provide a range of accommodation options, from quadruple to single occupancy, ensuring a diverse and inclusive community. Allocation for first-year students is based on preferences; while in subsequent years, academic performance is also considered. Our committed team strives to create a "Home Away from Home", fostering a vibrant atmosphere for students across various disciplines, including Engineering, Design, Management, Commerce, Law, Public Policy, and Liberal Arts. Hostel rules, overseen by the Hostel Management Committee, guarantee a secure and comfortable environment. From housing and food to recreation and wellness, our hostels cater to the diverse needs of students. While hostel accommodation is optional, it's a valuable service for those meeting specific criteria. We encourage local students to explore our transport options. At MAHE, Bengaluru, our goal is to collectively create a safe and inclusive space for all students.

- Mess/cafeteria: One vendor serving hygienic vegetarian and non-vegetarian foods. One chat and juice counter and one cafeteria, fully air-conditioned mess with a seating capacity of 700 students.
- Management of Hostels:

Office of the Registrar-Evaluation

Examinations at a Glance:

- Examinations are conducted for 85 undergraduate courses and 211 postgraduate courses, including super specialty and PhD programs.
- Online Entrance Examinations are conducted for the admission to various undergraduate, postgraduate, and PhD courses.
- Examinations of off-campus are also conducted.
- Question Banks are generated in each subject (by the internal subject experts) and question papers are selected from the Question Bank.
- Examinations are conducted through the Epad system across all the institutions, which is one of the best practices of MAHE. The question paper selected from the question bank is uploaded in the Epad cloud and approved on the previous day, which gets administered on the day of examination on time. Computer-based central evaluations are done in a question wise distributed manner.
- Prior to the publication of the results, students are allowed to see their answer scripts by assembling in the dedicated place according to the schedule released by the respective institution. In this process, students may request for reviewing/reevaluating of certain questions if they are not satisfied with the given marks. In such cases the reevaluated marks will be the final marks.
- However, for paper-based examinations (for only Medical PG and super specialty and Dental PGs), question papers selected from the question bank are photocopied and distributed to the examination hall on the day of examination. The paper valuation is done by two evaluators through the "On Screen Marking" system after scanning the answer scripts and uploading them into the software (the candidate's identification is masked to the evaluators). The third valuation is done if there is a difference of more than 15% of marks between the double valuations.
- All the Results are published within 15 days from the date of the last examination.
- MAHE Academic Council has given autonomy in assessment status for the following institutions/departments for 3/5 years.

Institute Name		
MIT*	MAHE Dubai Campus	MIAP
WGSHA	TAPMI, Manipal	Manipal Academy of Banking and Insurance
MSIS	SMI	MCOPS
ICAS	MISHA	MSAP

*For programs not offered in MIT Bengaluru

Objectives of the Department:

- Scheduling and facilitating the conduction of the examinations in compliance with regulatory body/university guidelines as per the annual calendar approved by the MAHE Examination Committee.
- Carry out the evaluation process as per regulatory body/university guidelines.
- Declare the result within the stipulated timeframe.
- Monitor/guide the examination process of the institutions that are given decentralization (autonomy) in assessment status.

I. Total number of days on which the examinations have been conducted during 2025:

Month	Days	Month	Days
January	25	July	21
February	21	August	20

Total Provisional Pass Certificates issued	4,786
Total Consolidated Marks Card issued	92
Total Duplicate Marks Card issued	160
Total Name Corrections in Mark Card	200

Alumni Relations

Alumni Relations at MAHE serves as a platform that brings together Manipal alumni from different institutions to create a global community of Manipalites and build long-lasting relationships. We, at Alumni Relations, work closely with Manipal alumni to create networking opportunities, share nostalgic moments, and partner in the growth of their alma mater, MAHE.

Our aim is to build a strong and engaged global alumni network. To achieve this goal and foster a mutually beneficial relationship between alumni and their alma mater, Alumni Relations, MAHE, has introduced a new alumni logo with the theme **Connect, Inspire & Support**.

Connect

In this era of digitalization, we connect through emails and social networks such as Facebook and LinkedIn. Alumni Relations also manages an alumni portal at **alumni.manipal.edu**, which maintains alumni data and provides updates on alumni activities and achievements. MAHE proudly has close to 2.5 lakh alumni who continue to make their mark across various spheres of life.

Inspire

Effective engagement with alumni happens across institutions through roles such as adjunct faculty, visiting faculty, and guest lecturers. Last year, over 500 alumni visited the campus as faculty and interacted with students to enhance their educational experience. Additionally, more than 600 alumni returned to deliver guest lectures, and notable alumni delivered around 30 orations as part of the annual lecture series. Over 60 alumni reunion events for various departments and batches were held across MAHE.

Support

MAHE offers a 10 per cent fee waiver for the wards of alumni to pursue higher education at any MAHE institute. As a result, scholarships worth over one crore rupees have been awarded to alumni children for various courses. Furthermore, MAHE plans to extend insurance and Medicare facilities to alumni in the near future.

The Alumni Relations office addresses alumni requirements and queries through emails, phone calls, and social media platforms. Special efforts are made to make alumni visits memorable by organizing campus tours, which include visits to the Experience Theatre, hostels, library, indoor sports complex, end point, Smrithi Bhavan, museum, and experiential projects. Alumni are also facilitated to meet and felicitate their teachers during batch reunions.

Alumni can stay at MAHE's New International Guesthouse, located adjacent to the **manipal.edu** building, offering a panoramic view of the Arabian Sea on one side and a bird's-eye view of Manipal from a height of around 150 feet. Those wishing to relive the campus dining experience can enjoy meals at any of the five large food courts on campus.

Our alumni play a vital role in advancing their alma mater through generous contributions. MAHE has established an endowment fund in the name of **Dr H Aravinda Ballal** with a corpus of 1.5 crore INR, matched by MAHE. Another endowment, the **Golden Batch of 1969 Endowment**, was instituted by KMC/CODS alumni to support meritorious students from economically disadvantaged families enrolling in MBBS/BDS programs at MAHE.

Significant contributions include:

- **Mr Faizal Kottikollon (MIT alumnus)**: Established the MIT KEF R&D Centre, worth over 15 crore INR.
- **Chef Vikas Khanna**: Instrumental in setting up the Museum of Culinary Arts, worth over 10 crore INR.
- **Mr Harish Shah (MIT alumnus)**: Donated 12 crore INR to sponsor 60 students for tuition and hostel fees at MIT.

The **HBSF-MAHE EduEmpower Scholarship Program** will expand to cover about 240 students, with an annual financial commitment of 12 crore INR (approximately 50 crore INR over four years).

These are just a few examples of the many contributions made by our alumni. Similar initiatives, such as endowment orations and scholarships for meritorious and needy students, continue throughout the year.

Alumni Reunions/Homecoming events held at Manipal, Mangalore Institutions and different places

Sl No	Name of the Institution	Alumni Reunions held in 2025	Date
1	KMC, Manipal	The MBBS 1955-65 Alumni Reunion was held at Kochi, Kerala	11 Jan 2025

Sl No	Name of the Institution	Alumni Reunions held in 2025	Date
22	KMC, Mangalore	The MBBS Batch of 2004, who joined KMC Mangalore during its Golden Jubilee year, returned to celebrate their 20-Year Reunion in the Platinum Jubilee year of this iconic institution.	04 Jan 2025
23	KMC, Mangalore	The MBBS Batch of 1991 reunited in Kochi with over 150 alumni travelling from across the globe.	10 Jan 2025
24	KMC, Mangalore	Coral SANGAM - 35th year reunion MBBS batch of 1989: 1989 (Coral Sangama): The MBBS Batch of 1989 was back at *Namma Kudla* for a nostalgic homecoming from 24 to 26 January 2025. From reconnecting at the KMC Mangalore campus to mentorship sessions and heartfelt tributes, this reunion celebrated friendships and memories spanning 35 years.	24 Jan 2025
25	KMC, Mangalore	The MBBS Batch of 1984 returned to their alma mater for their 40th-year reunion, reliving memories, reconnecting with friends, and witnessing the transformation of KMC Mangalore. They also participated in the Republic Day 2025 celebrations, making it a truly special homecoming!	25 Jan 2025
26	KMC, Mangalore	On 15 March 2025, the Department of Radiodiagnosis and Imaging, Kasturba Medical College, Mangalore, in collaboration with KMC Hospital Attavar, hosted the MSK-MRI Masterclass and an Alumni Reunion and Dinner at Hotel Avatar, Mangalore. These events were part of the celebrations marking the launch of the 3 Tesla MRI, a significant advancement in Radiodiagnostic Technology. The evening culminated with an alumni reunion and dinner	15 Mar 2025
27	KMC, Mangalore	The Department of Gastroenterology, KMC Hospital, hosted *Anubhuthi 2025—KMC Gastro Alumni Meet* on 29 March. Graced by the senior leadership of MAHE, the reunion brought together alumni, faculty, and mentors in celebration of legacy and learning.	29 Mar 2025
28	KMC, Mangalore	The KMC CONNECT alumni meet, organized by the KMC Alumni Association Bengaluru (KMCAAB), was held on 20 April 2025, at Bengaluru City Institute, Chamarajpet. The event brought together over 170 alumni from various batches across Bengaluru, celebrating decades of camaraderie and shared memories. Established in 1973 and inaugurated by Dr TMA Pai, KMCAAB is the oldest alumni chapter, serving as a vibrant platform for networking, mentorship, and institutional bonding. The Chief Guest was Dr H S Ballal, Pro Chancellor of MAHE, joined by Guests of Honour Dr Unnikrishnan B, Dean of KMC Mangalore, and Dr Saraswathy Sreeram, Associate Director of Alumni Relations, MAHE. Distinguished alumnus Dr Ashwath Narayan (MBBS 1988), former Deputy Chief Minister of Karnataka, graced the occasion, sharing fond memories of his KMC days. The evening featured a meet-and-greet, a stage program with speeches, alumni reflections, and the release of *KMC Chronicles 2025*, KMCAAB's special edition magazine. The event left attendees with pride, nostalgia, and renewed connection to their alma mater, reinforcing KMCAAB's legacy of uniting and engaging the KMC alumni community.	20 Apr 2025
29	KMC, Mangalore	The 1994 batch of KMC Mangalore celebrated their Reunion "Reveries" at Kochi (09 to 10 August). With heritage tours, houseboat cruises and evenings of laughter, it was a blissful journey down memory lane.	09 Aug 2025
30	KMC, Mangalore	Alumni Meet and Greet. Organized by KMC Mangalore Alumni (1980-1995) at Mangalore. About 400 alumni participated. Dr Sharath K Rao, Pro VC (Health Sciences), MAHE and KMC Mangalore alumnus, was in attendance, alongside the leadership teams of MAHE Mangalore Campus.	10 Oct 2025

Sl No	Name of the Institution	Alumni Reunions held in 2025	Date
		The day continued with a nostalgic Meet and Greet at Kaprigudda Hostel—with many distinguished alumni, including Dr C N Ashwath Narayan, Former Deputy CM of Karnataka. Lunch at the iconic Kaprigudda quadrangle rekindled laughter, memories, and stronger bonds.	
31	KMC, Mangalore	KMC Mangalore Mahamilan 2025: The 3rd consecutive KMC Mangalore Mahamilan, hosted by the KMC Alumni Association at Delhi, was held on 16 November 2025, bringing together alumni across decades to celebrate the legacy, pride, and spirit of KMC Mangalore. Dr B Unnikrishnan, Dean, KMC Mangalore, was the Chief Guest, and Dr Baljit Kaur Gulati (Batch of 1959) was the Special Guest of the evening. KMC Ratan Awards were given to distinguished alumni from 1955 to 1994.	16 Nov 2025
32	KMC, Mangalore	The Department of Obstetrics and Gynaecology, Kasturba Medical College, Mangalore, conducted the Guruvandana and Annual Alumni Meet on 18 December 2025, marking 61 years of postgraduate training in the department. The event brought together former faculty, alumni, current faculty, and postgraduate students in a spirit of gratitude, legacy, and academic bonding. The evening featured an alumni guest lecture by Dr Sankalp Singh, Director, Yaami Fertility and IVF Centre, Indore, on "Is it Time to Offer Universal Ovarian Reserve Screening for All Women of Reproductive Age?"	18 Dec 2025
33	KMC, Mangalore	The Department of Pathology celebrated its Diamond Jubilee Alumni Reunion, marking 60 years of excellence in medical education and diagnostics. Alumni from multiple batches, senior faculty, retired professors, and current staff participated enthusiastically. Highlights included *Guruvandana*, honouring senior and retired faculty for their invaluable contributions, and a CME featuring the Dahiya Memorial Oration by Dr Hema Kini, Professor, KMC Mangalore. Scientific sessions by distinguished alumni focused on surgical pathology grossing, immunohistochemistry, and dermatopathology. The event concluded with interactive sessions and fond reminiscences, strengthening alumni bonds and reaffirming commitment to the department's legacy and growth.	20 Dec 2025
34	KMC, Mangalore	The 25th Year Reunion of the MBBS Batch of 2000 was held on 26 to 27 December 2025 at Kasturba Medical College, Mangalore, bringing together alumni, faculty, and families to celebrate a remarkable milestone. The reunion brought together approximately 144 alumni, making it one of the largest gatherings of a single alumni batch at the institution. Marking the occasion with gratitude and purpose, the alumni collectively contributed INR 20 lakhs towards the procurement of an echocardiography machine for the Cath Lab at Wenlock Hospital. This meaningful gesture stands as a testament to their enduring bond with their alma mater and commitment to strengthening patient care and public health services.	26 Dec 2025
35	KMC, Mangalore	The 25th Year Reunion of the Bachelor of Physiotherapy Batch 2000 was held from 25 to 27 December 2025 at Kasturba Medical College, Mangalore. The reunion featured campus visits, student–faculty interactions, academic sessions by alumni, informal meets, and shared meals—celebrating 25 years of professional growth, camaraderie, and enduring ties with the alma mater.	27 Dec 2025

Sl No	Name of the Institution	Alumni Reunions held in 2025	Date
36	MIT, Manipal	The 2007 batch Alumni Reunion was held at MIT	03 Jan 2025
37	MIT, Manipal	The 2003 batch Alumni Reunion was held at Manipal	04 Jan 2025
38	MIT, Manipal	Golden Reunion of 1975 and above batches, held in Hyderabad: The Telugu alumni of MIT, Manipal, belong to the States of Telangana and Andhra Pradesh and the Union Territory of Yanam (part of Puducherry). Although in 2019 it was decided to form a formal Telugu MIT Alumni Association at Hyderabad, it was deferred due to COVID 2020. The Batch of 1975-80 has decided to invite all their seniors and finally, on 26 January 2025, the formal program was arranged at Hyderabad. The total number of alumni attending the program was about 55.	26 Jan 2025
39	MIT, Manipal	Alumni from the Batch of 2019 reunion was held at MIT, Manipal	12 Apr 2025

42	MIT, Manipal	Alumni from the Batch of 2012 reunion was held at MIT, Manipal	03 May 2025
43	MIT, Manipal	Alumni from the Batch of 1984 reunion was held at MIT, Manipal	16 May 2025
44	MIT, Manipal	Alumni from the Batch of 2014 reunion was held at MIT, Manipal	18 Jul 2025
45	MIT, Manipal	Alumni from the Batch of 2007 reunion was held at MIT, Manipal	21 Jul 2025
46	MIT, Manipal	Manipal Aluminate 2025–Alumni Meet at Westgate Resorts, Las Vegas: The Manipal Aluminate 2025 alumni meet was held at Westgate Resorts, Las Vegas, USA, bringing together Manipal alumni under one roof for three days of educational talks and engaging discussions. The event united alumni from KMC, MIT, TAPMI, MCHP, and MCOPS, showcasing the strength of a global, multidisciplinary network and bridging generations of Manipal graduates. This meet helped strengthen global alumni connections and highlighted alumni relations at the institute and university levels. Special appreciation goes to the organizing team, coordinated by alumnus Dr Madhu Shettian, for making the event memorable and meaningful. It was heartening to witness the spirit of camaraderie thriving across borders.	22 Sep 2025
47	MIT, Manipal	Alumni from the Batch of 2023 reunion was held at MIT, Manipal	10 Oct 2025
48	MIT, Manipal	MIT Manipal hosted *Punaragaman–2025* on December 16, celebrating the 45-year Golden Reunion (1975-80) with 55 alumni in attendance. The formal event at the Library Auditorium was inaugurated by Lt Gen (Dr) M D Venkatesh, Vice Chancellor of MAHE, who highlighted MAHE's global alumni network of 2.5 lakh, research achievements, and upcoming AI-driven digital systems. Cdr (Dr) Anil Rana, Director of MIT, showcased MIT's milestones—2,500 publications, 270 patents, 160 startups worth 600 crore INR, and major	16 Dec 2025

		projects like a 50 crore INR Central Analytical Instrumentation Facility and quantum computing initiatives. Dr Kanthi Hegde emphasized strong alumni engagement, with over 220 alumni revisiting campus this year and contributions from distinguished alumni including Harish Shah, Faizal Kottikollon, Mukesh Sangwi, and Daya Shankar Shetty. As part of the celebrations, an interaction was held with Mr Harish Shah (Batch of 1980), benefactor of the Harish and Bina Shah Foundation scholarships, supporting 21 students with full financial aid for four years.	
49	MIT, Manipal	The Punaragaman 2025–Ruby Batch Alumni Meet, held on 17 December 2025, at MIT Manipal, celebrated the 40-year milestone of the 1981–1985 (Ruby) batch. The event brought together alumni, faculty, and institutional leaders for a series of commemorative, academic, and cultural engagements that strengthened alumni bonding and reaffirmed their connection with the Institute. Key highlights included a ceremonial campus procession, the christening of the MHRC Clinic, visits to Access Life, campus and departmental tours, and formal sessions featuring floral tributes, addresses by the director and senior leadership, and an overview of alumni relations and philanthropic impact. Overall, the meet successfully celebrated four decades of shared memories while reinforcing alumni engagement, collaboration, and continued support for the growth of MIT Manipal.	17 Dec 2025
50	MIT, Manipal	MITMAA Annual Meet 2025: Conversations and Celebrations The MIT Manipal Alumni Association (MITMAA) hosted its Annual Meet on 18 December, 2025, at the Central Library Auditorium, bringing together 250+ alumni for a day of dialogue, networking, and nostalgia. Themed *"Conversations and Celebrations"*, the event featured alumni talks, panel discussions, cultural performances, departmental visits, and an excursion to Delta Beach. Mr Narendra Kumar Dhaveji (1979 Electrical), Honorary Director of MITMAA, outlined plans for utilizing membership fees for student activities, staff welfare, CSR initiatives, and administrative expenses. He proposed quarterly online MC meetings, transparent reporting, and setting up MITMAA chapters in major cities. Cdr (Dr) Anil Rana, Director of MIT, highlighted alumni's role in strengthening MIT's academic and industry ecosystem, MAHE's No. 3 national ranking, global collaborations, and student achievements—including the MIT Rocketry Team's 9.4 km launch in the United States The meet concluded with renewed commitments to collaboration and growth, followed by a vote of thanks by Dr Suhas Y Nayak, Treasurer, MITMAA.	18 Dec 2025
51	MIT, Manipal	The Punaragaman 2025 – Silver Batch Alumni Meet concluded successfully on 19 December 2025. This Alumni Meet witnessed the active participation of 234 members of the alumni family, primarily comprising 1996-2000 pass-outs, along with a few members from the adjacent pass-outs, resulting in a rich atmosphere of nostalgia and reunions. Members from various branches of Engineering and Architecture participated enthusiastically, with the majority belonging to Computer Science Engineering and Electronics and Communication branches, respectively, followed by Electrical and Electronics, Mechanical, Industrial Production, and other branches.	19 Dec 2025

Dr Kanika Bansal (MCHP, Manipal MPT 2014) delivered guest lecture.

Mr Bhaskar Tiwary (MCHP, Manipal BSc RRT & DT Batch:2014) gave a guest lecture.

Human Resources Department (HRD)

The Human Resources Department (HRD) continues to serve as a strategic pillar in advancing the vision and mission of Manipal Academy of Higher Education (MAHE). During the year 2025, HRD played a critical role in strengthening institutional capability by fostering an inclusive, equitable, and high-performance work environment that enables academic excellence, research advancement, and administrative effectiveness.

Guided by MAHE's core values and long-term strategic priorities, HRD focused on building resilient people practices that support organizational agility, leadership continuity, and sustainable workforce development. The year marked a significant phase in HR transformation, with a strong focus on strengthening learning and development ecosystems, modernizing people systems, reinforcing governance, and enhancing organizational responsiveness to the evolving expectations of a diverse, knowledge-driven workforce.

HRD's strategic agenda was built on mutually reinforcing priorities - promoting a diverse and inclusive organizational culture; Enhancing talent capability through focused learning initiatives, retention, and ensuring competitive, sustainable compensation and benefits that support employee well-being and performance.

Building Talent, Strengthening Capacity

Talent acquisition remained a critical enabler of MAHE's growth trajectory and academic expansion. During the year, the University welcomed 1,855 new employees, supported by structured recruitment processes, digital outreach, and a strengthened employee value proposition aligned to MAHE's employer brand.

Concurrently, HRD placed deliberate emphasis on internal career mobility and talent progression, enabling employees to pursue meaningful growth opportunities within the institution. This balanced approach, integrating external recruitment with internal advancement, enhanced retention outcomes, preserved institutional knowledge, and strengthened organizational continuity and agility.

Performance Management and Career Progression

In alignment with MAHE's strategic objectives, the Performance Management System for faculty was reintroduced during the year as a comprehensive Performance Appraisal System built into the HRMS software – MSPM for the faculty members. The revised framework enables digitally enabled, data-driven assessments across key performance dimensions, including teaching and academics, research, clinical services, and administrative contributions.

Complementing this initiative, MAHE's career advancement and promotion frameworks continued to reinforce a culture of meritocracy, accountability, and professional growth. As a result of these structured mechanisms, 708 employees were promoted during the year, reflecting the institution's commitment to recognizing performance excellence and supporting long-term career pathways.

Advancing Learning and Development to Build Organizational Capability

Learning and Development (L&D) emerged as a central strategic lever in HRD's agenda, reinforcing MAHE's commitment to continuous learning, leadership readiness, and institutional capability building.

Succession Planning

Recognizing the importance of leadership continuity, HRD implemented a structured Succession Planning initiative in collaboration with People Business. The program engaged 193 employees identified as potential future leaders. As a direct outcome, 43 participants were entrusted with administrative responsibilities across the University, ensuring leadership readiness and a strong internal pipeline for critical roles.

SMILE 4.0 - Leadership Development Program further strengthened leadership capability by focusing on self-awareness, values-based leadership, strategic thinking, and stakeholder engagement. This edition introduced curated masterclasses and alumni interactions, enabling participants to learn from both external experts and experienced MAHE leaders who have successfully translated leadership learning into practice.

Academic Leadership Development

Acknowledging the pivotal role of academic leadership in sustaining institutional quality, HRD facilitated a structured Academic Leadership Program for newly appointed Heads of Departments and equivalent academic leaders. Delivered by MAHE's senior leadership, the program focused on academic governance, pedagogical leadership, assessment practices, and people management capability.

Being@MAHE – Structured Induction Framework

The Being@MAHE induction framework was institutionalized to provide a consistent, structured, and values-driven onboarding experience for new employees across MAHE. The framework moves beyond transactional onboarding to foster early engagement, accelerate cultural assimilation, and orient new joiners to MAHE's ethos, policies, and people practices from the outset.

Capability-Building and Workforce Development Programs

HRD continued to invest in broad-based capability building through structured training programs for teaching and non-teaching staff. These programs focused on professional communication and etiquette, functional and digital skill enhancement, and employee well-being through stress management and work–life balance initiatives. Collectively, these interventions strengthened functional competence, professionalism, engagement, and organizational effectiveness.

Workplace Safety and POSH Sensitization

Workplace dignity, safety, and statutory compliance continued to receive focused attention. Over the past eight months, approximately 150 POSH awareness and sensitization sessions were conducted across MAHE campuses in Manipal, Mangalore, Bengaluru, and Jamshedpur. These sessions covered nearly 98% of the workforce, reaching approximately 14,000 employees, and reinforcing a culture of respect, inclusion, and zero tolerance for misconduct.

HR Capability Development and Innovation

As part of HRD's transformation journey, a structured HR Capability Development Program was launched in collaboration with TAPMI, Manipal. Following a diagnostic assessment, HR team members were mapped to customized learning pathways of 30, 60, or 90 hours, aligned with role requirements, and identified capability gaps. The program focuses on strategic HR, organizational development, HR analytics, governance, and change leadership, enabling HR to evolve as a more consultative and transformational function.

In addition, HRD initiated a Design Thinking Program for faculty at the Manipal Institute of Communication, in collaboration with Dr Satish Jayaram, Principal, WGSHA. Pre-work commenced during the year, with core sessions scheduled in 2026, followed by the development of actionable implementation plans. Based on outcomes, the initiative is proposed for scale-up across other institutions to strengthen innovation and future-ready thinking.

Employee Well-Being, Social Security, and Care-Driven Practices

Employee well-being remained central to MAHE's people philosophy. HRD administered a comprehensive range of statutory and non-statutory benefits, including medical and healthcare support, reimbursement of school fees, and merit-cum-means scholarships for employees' children pursuing higher education at MAHE.

Faculty members were supported through fully paid study leave to pursue higher studies, reinforcing MAHE's emphasis on academic excellence and lifelong learning. All employees continued to be covered under a group term life insurance policy.

Reflecting MAHE's deeply embedded care-driven culture, HRD facilitated life insurance benefits for the families of 09 deceased staff members, providing critical financial support during times of loss.

The initiatives undertaken during the year reflect MAHE's sustained commitment to inclusive excellence, leadership development, learning agility, and employee well-being. Through strategic alignment, data-enabled systems, and a strong emphasis on capability building, the Human Resources Department continues to play a vital role in enabling MAHE's vision of a resilient, high-performing, and future-ready institution.

Departments of Quality and Compliance/Internal Quality Assurance Cell, MAHE

The Quality and Compliance departments/IQAC, MAHE functions to achieve the following objectives:

1.0 Quality Initiatives:

- ✓ Implementation of an Integrated Management System (IMS) in a phased manner in all the institutions of MAHE with a focus on its Mission and Vision. IMS shall comprise the implementation of relevant standards, accreditations, and practicing business excellence models. It will also aim to develop an integrated quality model to encompass all relevant standards.
- ✓ To take necessary steps towards sensitization, training, and maintain the auditors' pool for MAHE and its constituent units and to arrange cross audits at various constituent units and associate hospitals.
- ✓ To create an atmosphere to nurture Quality/Environment responsiveness as a culture.
- ✓ To facilitate the sharing of best practices across institutions of excellence at national and global levels and to get a deep insight into the working of our own institutions to understand our strengths and weaknesses, the quality department from time to time, processes and compiles applications for national and international awards and accreditations by various statutory and regulatory bodies.

2.0 Compliance:

- ✓ To assist the constituent units to comply with requirements of Statutory/Regulatory/Government bodies.
- ✓ To organize academic audits at constituent units.
- ✓ To assist the constituent units in starting new programs and renewal of existing programs.
- ✓ To assist university in preparing applications for starting new units/departments/programs.

3.0 Quality, Environment, and Energy Management:

3.1 Status of ISO certification of MAHE and its constituent institutions and associated teaching hospitals

Sl. No.	Name of the institute	Date when first certified for ISO 9001 QMS	Date when first certified for ISO 14001 EMS	Date when first certified for ISO 50001 EnMS	Present status
1	MAHE, Manipal	27 Dec 2004	23 Jan 2009	08 Jun 2017	Both ISO 9001 and 14001 were integrated as an Integrated Management System (IMS), effective from 26 Apr 2011. Present certificate validity is till 2026. Initial EnMS certification was only for the Manipal campus. In the year 2020, Mangalore, Udupi and Karkala sites were added and the present certificate is valid till June 2026.
2	Manipal College of Nursing, Manipal	08 Apr 2005	23 Jan 2009	--	Both the systems integrated with University as above and recertified. Present certification is valid till 2026
3	Manipal College of Pharmaceutical Sciences, Manipal	05 Jun 2005	23 Jan 2009	--	-do-

Sl. No.	Name of the institute	Date when first certified for ISO 9001 QMS	Date when first certified for ISO 14001 EMS	Date when first certified for ISO 50001 EnMS	Present status
4	Manipal Institute of Technology, Manipal	07 Apr 2007	23 Jan 2009	--	-do-

XII. **National Institutional Ranking Framework–NIRF 2025**

Ranked No 3 in the All India University Ranking survey under the UNIVERSITY category and No 14 under the OVERALL category, No 5 under SDG Institutions, No 19 under the RESEARCH Category and Rank band 11-50 in the Innovation ranking conducted by the National Institutional Ranking Framework (NIRF) 2025, MOE, Government of India.

5.0 Training/Workshops/Conferences/Review Meetings

- Two batches of Internal Auditor training programs for ISO 9001 and ISO 14001 standards were conducted from 06 to 11 January 2025 at the Manipal campus. The training was led by Mr Srinivas Bhargav, the Promoter of Suprabha Quality Solutions, Bengaluru. A total of 53 new faculty and staff members were certified as Internal Auditors in this training.

- Dr Christopher Sudhakar, the Director of Quality, and Mr Srikant Gumaste, a data scientist, attended the QS India Summit held in Goa from 27 to 29 January 2025. Our

esteemed Vice Chancellor was a speaker at one of the sessions during this summit.

- The team from St Aloysius Deemed to be University, Mangalore, visited MAHE on 06 February 2025. The aim of the visit was to foster collaboration and learn from MAHE officers on key administrative areas such as Human Resources, Public Relations, Quality Assurance, Domestic and International Relations, NAAC Accreditation, and Library Management. Dr Christopher Sudhakar, Director of Quality, facilitated this visit.

- Dr Sandeep Shenoy, Director Compliance, attended a national-level consultative meeting/workshop online on 19 February 2025. This event was organised by the National Institute of Educational Planning and Administration (a deemed university under the Ministry of Education, Government of India). The Department of Higher Education, Ministry of Education, Government of India, had requested NEIPA to conduct a status review and assessment of the implementation of NEP 2020 in the context of higher education.

- A team of six IQAC Coordinators from Christ University, Bengaluru, visited MAHE on 25 to 26 February 2025, to learn about the best practices implemented at MAHE in various domains and explore the facilities at MAHE. Dr Christopher Sudhakar, the Director of Quality, facilitated this visit.

- Dr Sandeep Shenoy, Director of Compliance, visited MGM College on 01 March 2025 as a Steering Committee member to study the available facilities and prepare a blueprint for the development of this college.

- Final data review meeting with the top management related to THE World University Ranking 2026 held on 22 March 2025.

- **Shaping the Future: The PSPH Vision 2030 Initiative**

  The **Prasanna School of Public Health (PSPH)** has officially unveiled its **Vision 2030** document, a strategic roadmap designed to navigate the evolving landscape of global health over the next decade. This comprehensive document is not merely a top-down mandate, but the result of a deeply inclusive and academic exercise led by **Dr Christopher Sudhakar, Director of Quality**.

  A Collaborative Blueprint
  Recognizing that a vision is only as strong as the community behind it, Dr Sudhakar spearheaded a participatory approach that engaged the entire PSPH faculty. The development process was centred around **two intensive, hands-on workshops** designed to harvest the collective expertise of the institution's diverse departments.

  Workshop I: Ideation and Analysis – Faculty members engaged in rigorous SWOT (Strengths, Weaknesses, Opportunities, and Threats) analyses and brainstorming sessions to identify the core pillars of the school's future mission.

  Workshop II: Strategy and Framework – Participants translated broad goals into actionable objectives, ensuring that the final document reflected a shared commitment to academic excellence, research impact, and community engagement.

  The Road to 2030
  Under Dr Sudhakar's guidance, the Vision 2030 document serves as a "living framework." By involving all faculty members, PSPH has ensured that the strategic goals are grounded in the daily realities of public health education while remaining ambitious enough to address 21st-century global challenges and be one of the top colleges in the world under the Public Health domain.

  Through this unified effort, PSPH stands ready to set new benchmarks in quality, innovation, and leadership in the field of public health.

- Dr Christopher Sudhakar, Director Quality, and Dr Sandeep Shenoy, Director Compliance, conducted the first academic audit at Manipal University Jaipur (MUJ) on 05 May and 06 2025. This audit was part of the initiatives by the Manipal Academic Audit team of MESVCC. The audit team also included Dr Vishweswar Shastry, the Assistant Director of Quality and Compliance from the Bengaluru campus, along with two additional members from SMU.

- Dr Christopher Sudhakar, Director Quality, conducted an ISO awareness session on 04 July 2025, at the Bangalore campus. The session aimed to prepare for bringing the MAHE Bengaluru campus under the scope of ISO certification ahead of the University's upcoming recertification audit next year, as suggested by the Honourable Vice Chancellor.

- Dr Christopher Sudhakar, Director Quality, conducted a workshop on implementing Quality and Environmental Management Systems (ISO 9001 and 14001) for MSCE, MISHA, and MIAP on 09 July 2025, at the seminar hall of WGSHA Manipal.

- Dr Sandeep S Shenoy, Director Compliance, attended the Akhil Bharatiya Shiksha Samagam 2025, coinciding with 5th anniversary of the National Education Policy 2020, held at New Delhi, organized by the Ministry of Education on 29 July 2025, along with the Honourable Pro Vice Chancellor, Health Sciences.

- Mr Srikant R Gumaste–Data scientist and Mr Starwin Johnson–Executive Environment Sustainability attended the conference on the theme of "Sustainability and Circular Economy" held at Gurugram from 30-31 July 2025, organized by the International Council for Circular Economy. MAHE was presented with special recognition as a PROGRESSIVE CIRCULAR CAMPUS at this conference.

- Dr Sandeep Shenoy, Director Compliance, attended the 30th Meeting of the Manipal Education System Vice Chancellors' Council (MESVCC), held on 29 and 30 August 2025 at the MAHE Bengaluru Campus and made a presentation on the topic "Navigating UGC Reforms: Strategic Roadmap for Manipal Group Universities" before the Council members.

- Conducted the ISO awareness session and new Internal Auditor training program for the staff members to fulfill the shortage of internal auditors at the MAHE Manipal campus, by Mr Srinivas Bhargav from M/s Suprabha Quality Solutions, Bengaluru on 22 to 24 September 2025. This training helped the institutions in the documentation of their processes as per ISO 9K and 14K standard requirements. Total 30 auditors were trained.

- Dr Sandeep Shenoy, Director Compliance attended the Round-Table Meeting for India Rankings, under the Chairmanship of the Secretary (HE), MoE, held on 17 October 2025 at Casuarina Hall, India Habitat Centre, Delhi.

- NIRF Ranking result performance analysis and strategy presentation meetings with top management were held on 23 and 24 October for all disciplines.

- Conducted the ISO awareness session and new Internal Auditor training program for the staff members at the Bengaluru campus by Mr Srinivas Bhargav from M/s Suprabha Quality Solutions, Bengaluru on 29 to 31 October 2025. This training helped the institutions in documentation of their processes as per ISO 9K and 14K standard requirements. A total of 24 auditors were trained.

- Dr Christopher Sudhakar, Director–Quality and Mr Srikant R Gumaste, Data Scientists attended the **QS Asia Pacific Summit** held at Seoul from 04 to 06 November 2025. MAHE representatives actively interacted with

multiple universities participating in the summit. Discussions centered around opportunities in joint research, student and faculty mobility, academic collaborations, and institutional partnerships. MAHE's corporate gift boxes were shared with institutions as a gesture of professional goodwill.

- As part of the Manipal Academic Audit team's initiatives, the Director-Quality, Director-Compliance, Data Scientist and the MAAT Team conducted an academic audit at SMU from 06 to 11 December 2025, followed by SMU's NIRF data review and analysis meeting.

7.0 Achievements:

I. Won the prestigious FICCI Higher Education Excellence Award 2025 under the award category "Excellence in Research and Innovation"

II. Special recognition as Progressive Circular Campus Awards in Circular Economy, ICEF 2025 by the International Council for Circular Economy (ICCE)

III. Won the CII Awards on Excellence in Women in STEM in December 2025, conducted by the Confederation of Indian Industry.

IV.

V. Other Rankings

- India's Top Non-Government (Private and Deemed) Multidisciplinary Universities-The WEEK–Hansa 2025
- India's 2nd Top Private University-Education World India Private University Ranking (EWIPUR)-2025
- Ranked No 2 under the private category by Career360 Ranking–Top Private Universities in India 2025

Compliance:

1. Assisting the University and constituent units in complying with the requirements of the following statutory and regulatory bodies:

    1. Government of India, New Delhi
    2. Government of Karnataka, Bengaluru
    3. University Grants Commission, New Delhi
    4. National Medical Council, New Delhi
    5. Dental Council of India, New Delhi
    6. All India Council for Technical Education, New Delhi
    7. Council of Architecture, New Delhi
    8. Pharmacy Council of India
    9. Indian Nursing Council and Karnataka State Nursing Council
    10. Rehabilitation council of India
    11. Karnataka State Pollution Control Board

2. NAAC Annual Quality Assurance Report for the AY 2023-24 was submitted on 17 January 2025
3. Criteria-wise review meetings of the Annual Quality Assurance Report for the AY 2024-25 were held in November and December 2025
4. AICTE–Extension of Approval application successfully submitted on 13 December 2025 for the courses under MSIS, WGSHA, MSCE, Department of Design, and Online Education

Statistical Bureau

- The University Annual Report was published on 17 July 2025, and the University Convocation Report on 30 June 2025 (Mangalore) and 3rd January 2026 (Manipal).
- Provided data on request to Regulatory Bodies
- Streamlining and coordinating with colleges and students for the smooth running of the State Scholarship Portal, National Scholarship Portal, Karnataka Labour Scholarship, Sikkim State Scholarship Portal, and Tribal Scholarship
- AISHE (All India Survey for Higher Education) report for the period 2023-24 was submitted on 15 February 2025, and the report for 2024-25 was submitted to the Department of Higher Education, Ministry of Education, Government of India, on 31 October 2025

Academic audit at SMU

Departments of Quality & Compliance, Mangalore

1.0 Quality initiatives:

KMC Mangalore

The standard operating processes and aspect-Impact register were reviewed and updated. New SOPs and aspects were added to the institutional document.

KMC Lab Quarterly Newsletter – Diagnostica Plus Issue 1 released on October 2025. The Central Lab Catalogue was created with details of lab services. Induction Organogram (Pictorial) was created and shared. It was decided to conduct yearly training for technical staff during Lab Professional Week.

The following CQI projects were initiated:

- **Quality Management System:** Rationalizing Pre-operative Diagnostic Testing through Diagnostic Stewardship in GWH
- **Microbiology:** To identify analytical errors during the processing of culture samples by VITEK 2 compact systems
- **Microbiology:** To monitor TB culture contamination rates
- **Pathology:** Auto verification in Haematology-Enabling Delta check in CBC analyzer

MCODS Mangalore:

Dr David K, Associate Professor, from the Department of Periodontology, took over as the chairperson of the infection control committee of the institution on 09 August 2025. Regular monthly monitoring of infection control in all the departments in the college is being conducted.

2.0 Compliance:

KMC Mangalore:

New committees were constituted as per regulatory requirements. Academic self-audits are performed quarterly in the respective departments. Half-yearly internal audit was conducted in the month of January 2025 and July 2025.

At the KMC lab, the KPIs are monitored in real time, and the RCA and CAPA for outliers are discussed in monthly department meetings, monthly lab quality meetings and presented during biannual MRM in accordance with NABL accreditation. The lab participated in the following audits:

Date	Audits
10 Feb 2025	NABL standard transition from 2012 to 2022
22 Feb 2025	AJ hospital - Vendor Evaluation Audit
14 Mar 2025	NABH-for KMCH AT
22 Mar 2025	NABH-for KMCH AC
28 Apr 2025	Navita's (Acunova) - Vendor Evaluation audit
04 to 12 Jun 2025	1st NABL Internal Audit
08 to 13 Dec 2025	2nd NABL Internal Audit
12 Dec 2025	NABH-for KMCH AT

MCODS Mangalore:

MCODS Mangalore - 15th Audit was conducted on 15 and 16 January 2025, and 16th Audit was conducted on 09 and 10 July 2025.

3.0 Quality, Environment and Energy Management:

Regular monthly monitoring of infection control in all departments in both colleges in the Mangalore Campus is being conducted.

Environment and Energy Management: A regular check on electricity, water, and Paper consumption is being conducted. Objectives and targets are set, monitored and discussed in MRM meetings. Old ACs are replaced with new energy-efficient models in departments and offices.

4.0 Accreditation and Ranking:

5.0 Training / Workshops/Conferences/Review Meetings

Induction training for newly joined staff is conducted every two months. MRM meetings are held half-yearly to discuss the status of institutional achievements and objectives. Laboratory MRM meetings were conducted in the month of January and July. The following trainings were conducted for non-teaching staff in 2025: Guidelines of ISO 50001 Energy Management Systems, Breast Cancer Awareness Program, Fire Training, Gender Sensitisation Program, and Legrand Innovative Solution.

KMC lab conducted the following training sessions for its faculty and technicians

Risk management in clinical laboratories: Contain, control, conquer

EQAS workshop for the lab Technicians of SA-ICTCs of Dakshina Kannada, Kodagu, and Hassan Districts, by SRL

Industry-Academia Seminar on-MU: Certain about Uncertainty of Measurement

Industry-Academia symposium on Analytical Techniques and Lab Instrumentation 2.0

6.0 Achievements: (include awards and rankings):

Dr Mangala M Pai, Deputy Director, Quality and Compliance, Mangalore Campus, participated as a keynote speaker in the 1st International Conference on Accreditation Ranking and Quality in Higher Education and gave a talk on The Ranking and Accreditation Landscape: Trends and Challenges held at Sri Ramachandra Institute of Higher Education and Research from 19 to 21 June 2025.

Quality CME ISO 20658:2023 April 2025

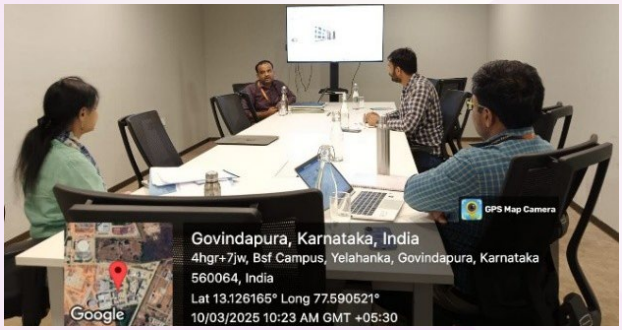
Quality Workshop ISO 20658:2023 April 2025

Department of Quality and Compliance, Bengaluru

Name of the Event: Internal Academic Audit
Date: 11 to 18 March 2025

The Department of Quality and Compliance scheduled an internal audit for all nine institutions, including laboratories. The audit was conducted under the guidance of Dr Christopher, Director–Quality, Manipal, and Dr Sandeep Shenoy, Director–Compliance, Manipal, and was carried out by Dr Vishweswara Sastry, Assistant Director, MAHE, Bengaluru, and Dr Neena Rani, Deputy Manager, MAHE, Bengaluru.

The team visited all nine institutions (Manipal Institute of Technology (MIT), Department of Library and Health Sciences (DLHS), Department of Commerce (DoC), Manipal Institute of Regenerative Medicine (MIRM), T A Pai Management Institute (TAPMI), School of Management and Innovation (SMI), Department of Public Policy (DPP), Manipal College of Health Professions (MCHP)) and audited the academic processes. Other relevant documents were scrutinized, and a few suggestions were provided to the Internal Quality Assurance Cell (IQAC) Coordinators. The team also visited the laboratories. The report of the same was shared with the main Manipal team for their review and suggestions.



Name of the Event: *International Organization for Standardization (ISO) Awareness Session*

Date: 4 July 2025

A half-day awareness and training session on ISO 9001:2015 (Quality Management System) and ISO 14001:2015 (Environmental Management System) was conducted to prepare MAHE Bengaluru Campus for upcoming internal and external quality assessments. The session was facilitated by Dr Christopher Sudhakar, who provided in-depth insights into ISO requirements and expectations from internal stakeholders.

ISO 9001:2015 focuses on quality management systems that ensure consistent delivery and continual improvement. ISO 14001:2015 relates to environmental management and compliance with statutory environmental obligations.

Dr Christopher also presented the ten ISO clauses and their contents.

Name of the Event: Workshop on Internal Quality Auditor Training Program
Date: 29 to 31 October 2025
The workshop titled "Internal Quality Auditor Training Program commenced" with a formal welcome to the resource person Mr Srinivasa Bhargava, by Dr Vishweswara Sastry, Assistant Director, Department of Quality and Compliance.

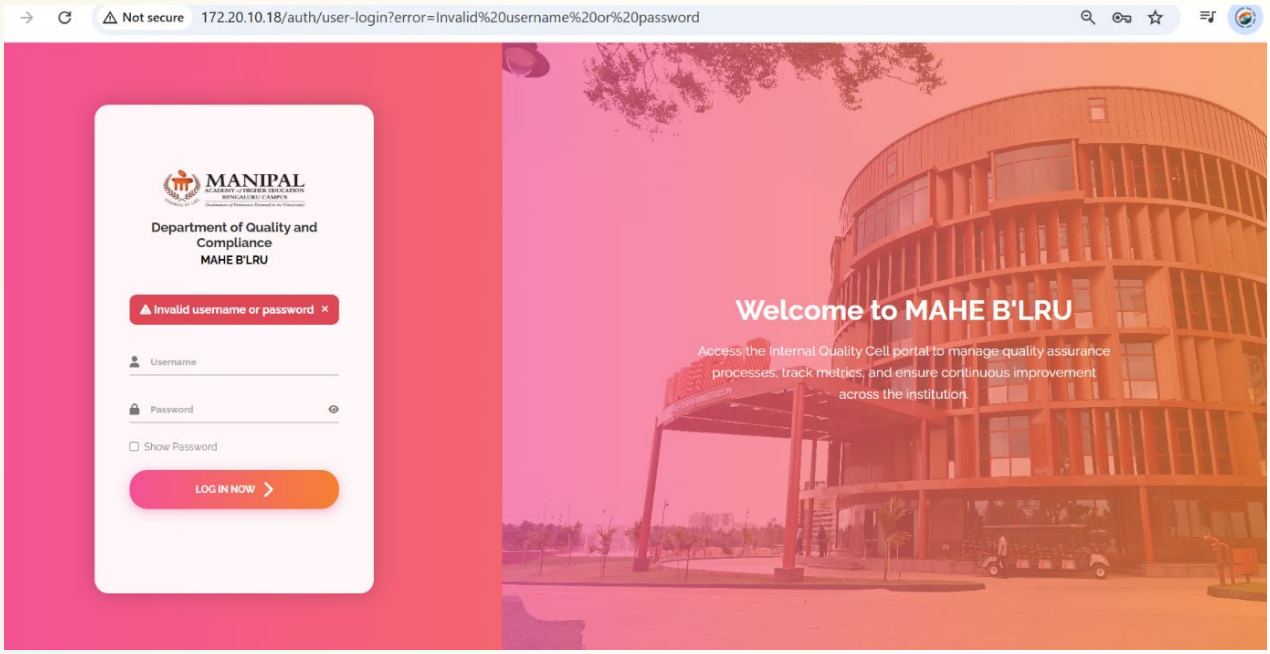
A total of 26 participants, nominated by the Heads of various Departments, attended the three-day workshop. The sessions primarily focused on the ISO Standards 9001:2015 (Quality Management System) and 14001:2015 (Environmental Management System). The trainer provided valuable insights into the practical application of these frameworks within the institution to strengthen internal processes and promote sustainability practices.

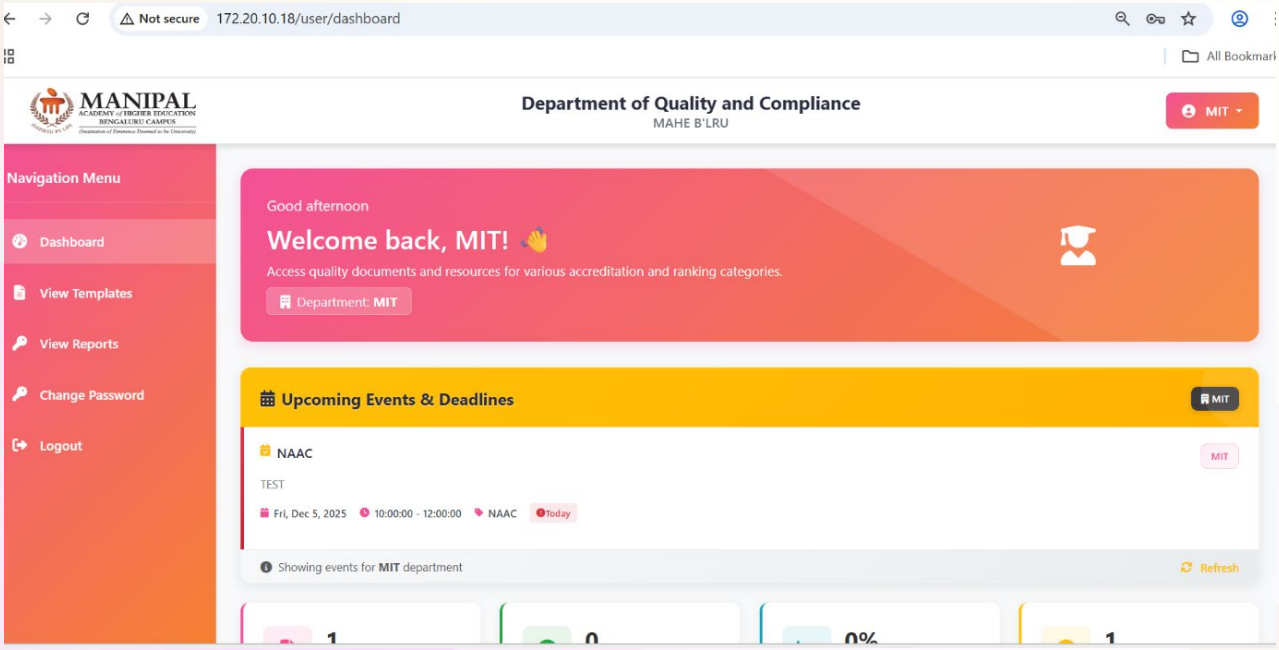
The workshop included several interactive activities and mock audits, allowing participants to gain hands-on experience. Key highlights of the sessions included discussions on the need for internal audits, the roles and responsibilities of internal auditors, and the development of auditor competencies.

Participants demonstrated great enthusiasm, curiosity, and engagement throughout the program, making the sessions highly interactive and enriching. Their active involvement reflected the true spirit of continuous improvement that MAHE upholds.

Special appreciation is due to Ms Himashwetha, Admin Executive and Mr Preetham, Senior Executive, for their efficient coordination and logistics support.

The Department of Quality and Compliance introduced an interface where data from all departments/institutions can be stored year-wise and criteria-wise. The data can be reviewed and scrutinized by the team members. Standardized data templates were made available for frameworks such as the National Assessment and Accreditation Council (NAAC), the National Institutional Ranking Framework (NIRF), ISO, the National Board of Accreditation (NBA), and Quacquarelli Symonds Rankings (QS Rankings), etc. The interface was designed to have a total of three logins: one for the Super Admin (to be used by the Head of the Department), another for the Department Admin, and the third for the Department/Institution IQAC Coordinator.





Departments of Quality and Compliance, Jamshedpur

Introduction

The Quality Department played a pivotal role in strengthening the institutional quality framework in 2025 through systematic reviews, audits, and capacity-building programs. The department focused on effective implementation, monitoring, and continual improvement of management systems in alignment with International Organization for Standardization (ISO) standards, particularly Educational Organizations Management System (EOMS) ISO 21001:2018 and Environmental Management System (EMS) ISO 14001:2015. This report provides a comprehensive overview of the major quality-related programs and activities conducted during the year.

1. First Management Review Meeting (MRM)

Dates: 15, 16, and 17 January 2025

Objective

- To review the effectiveness of the EOMS and EMS standards.
- To assess compliance with ISO standards and institutional quality objectives.
- To evaluate performance indicators, risks, opportunities, and resource requirements.

Participants

- Top Management
- Heads of Departments
- Director–Academic Administration and Quality
- Consultant, Quality Management Representative (QMR), and Quality Team Members
- Process Owners and Section Heads

Key Agenda Points

- Review of previous MRM action items
- Analysis of internal and external issues
- Review of quality objectives and key performance indicators
- Stakeholder feedback and satisfaction analysis
- Non-conformities, corrective, and preventive actions
- Resource adequacy and training needs

Outcomes

- Action plans were formulated for addressing identified gaps.
- Revised quality objectives were approved.
- Emphasis was laid on strengthening documentation, monitoring mechanisms, and stakeholder engagement.

Second Internal Audit (EOMS ISO 21001:2018)

Dates: 11 to 27 February 2025

Objectives

- To assess conformity of institutional processes with EOMS ISO 21001:2018 requirements.
- To identify non-conformities, observations, and areas for improvement.

Scope

- Academic processes
- Administrative and support services
- Student support and evaluation systems

Methodology

- Process-based internal auditing
- Document review and record verification

- Interviews with process owners and staff

Key Findings

- Few major and minor non-conformities related to documentation and record maintenance.
- Opportunities for improvement in process monitoring and feedback mechanisms.

Corrective Actions

- Departments were advised to submit Root Cause Analysis (RCA) and corrective action plans (CAPs).
- Follow-up reviews were scheduled to ensure closure of non-conformities.

3. Second Management Review Meeting

Dates: 24 to 28 June 2025

Objectives

- To review the effectiveness of corrective actions taken after the second internal audit.
- To evaluate mid-year performance of quality objectives.

Participants

- Top Management
- Heads of Departments
- Director–Academic Administration and Quality
- Consultant, QMR, and Quality Team Members
- Process Owners and Section Heads

Key Agenda Points

- Status of non-conformities and corrective actions
- Review of audit outcomes and compliance status
- Review of stakeholder feedback and satisfaction levels
- Risk management and mitigation strategies

Outcomes

- Management emphasized continual improvement and proactive risk-based thinking.
- Decisions were taken to strengthen training and awareness programs.

4. Internal Auditors Training Program – EMS ISO 14001:2015

Dates: 8 to 10 September 2025

Objectives

- To build internal capacity for conducting EMS ISO 14001:2015 audits.
- To enhance understanding of environmental management principles and audit techniques.

Participants

- Nominated faculty members and administrative staff

Program Highlights

- Overview of EMS ISO 14001:2015 requirements
- Environmental aspects and impacts assessment
- Audit planning, execution, reporting, and follow-up
- Practical case studies and mock audits

Outcome

- Participants were trained and qualified as internal auditors for EMS.
- Enhanced institutional preparedness for environmental audits.

5. Third Internal Audit (EOMS ISO 21001:2018 and EMS ISO 14001:2015)

Dates: 26 November to 9 December 2025

Objectives

- To evaluate compliance with both EOMS ISO 21001:2018 and EMS ISO 14001:2015.
- To assess the integration and effectiveness of educational and environmental management systems.

Scope

- Academic and administrative processes
- Environmental aspects, impacts, and controls
- Legal and regulatory compliance

Key Findings

- Improved compliance compared to previous audits.
- Minor observations related to environmental documentation and awareness.

Outcomes

- Departments were guided to enhance environmental performance indicators.
- Corrective actions were initiated with defined timelines.

6. Internal Auditors Training Program—EOMS ISO 21001:2018 and EMS ISO 14001:2015

Dates: 6 to 8 November 2025

Objectives

- To provide integrated training on EOMS and EMS standards.
- To develop competent internal auditors capable of auditing multiple management systems.

Program Highlights

- Interpretation of ISO 21001:2018 and ISO 14001:2015 clauses
- Integrated management system approach
- Risk-based auditing and reporting
- Hands-on audit exercises

Outcome

- Creation of a pool of trained internal auditors.
- Improved audit quality and consistency across departments.

Compliance

1 Manipal Tata Medical College submitted an application to the National Medical Commission (NMC) on 16th January 2025 for the enhancement of MBBS intake capacity from 150 to 200 seats. The National Medical Commission conducted a surprise inspection on 23rd June 2025 to assess compliance for the proposed seat increase. Following satisfactory evaluation, Manipal Tata Medical College was granted the Letter of Permission (LOP) on 04th September 2025, approving the increase of MBBS seats from 150 to 200.

Conclusion

In 2025, the Quality Department successfully conducted management review meetings, internal audits, and training programs in line with ISO standards. These initiatives significantly contributed to strengthening compliance, promoting a culture of quality, and ensuring continual improvement across the institution. The systematic approach adopted by the department has laid a strong foundation for sustained excellence in educational and environmental management systems.

Department of General Services

The Department of General Services, headed by the Director, Mr Shridhar Rao is responsible for the supervision of estates and maintenance of all support services such as ancillary, civil, electrical, Heating, Ventilation and Air Conditioning (HVAC), telecommunication, transportation fleet, plumbing, and water supply. The various branches of the department ensure the smooth, seamless functioning of the institutions and hospitals in multiple locations. The application of state-of-the-art technology, with an eye on efficiency, cost-effectiveness, and resource conservation is inbuilt into the team's DNA.

Introduction: The Civil Department focuses on the repair and renovation of buildings, including Underground Drainage (UGD) maintenance. Ancillary services handle housekeeping, road cleaning, solid waste and garbage management, façade cleaning, pest control, horticulture, landscaping, waste management, and composting. The Electrical Department maintains the 33/11 kV substation and 38 11/0.433 kV substations and performs the critical function of ensuring 24/7 power supply. A 100 per cent backup power supply is maintained through Diesel Generator (DG) sets. The inclusion of green energy is a priority area, along with fuel efficiency. Additionally, two 11 kV express feeders have been added from the Mangalore Electricity Supply Company Limited (MESCOM) 33/11 kV Parkala substation to the Manipal Institute of Technology (MIT)/Manipal Centre for Biotherapeutics Research (MCBR) campus. Water Supply and Plumbing departments address plumbing complaints, supervise and monitor the water supply system, and operate and maintain sewage treatment plants and grey water treatment plants. The Air Conditioning department operates 19 central chiller plants, with 6,800 standalone units functioning on campus. The department contributes to effective cost saving by optimizing resource use and improving efficiency. HVAC systems are upgraded in phases to adopt the best available energy-efficient technology. The Telecommunications department enables MAHE to communicate effectively with its constituent units via intercom and cellular services. Maintenance is proactively planned to deliver a high standard of service, including system upgrades. The transportation fleet ensures safe and secure mobility for university staff, students, and guests.

Environment and Energy Management

Energy Management

MAHE institutions follow an energy efficiency policy to procure only energy-efficient appliances and to phase out older ones. The emphasis is now on improving energy management through better controls, monitoring via Building Management System (BMS), and reducing losses. More than 90 per cent of the campus has replaced conventional appliances with energy-efficient alternatives.

The university has steadily increased its rooftop solar Photovoltaic (PV) bank by four times since 2015 and has doubled its green-wheeling energy bank. Currently, the university has a rooftop solar PV capacity of 3.4 MWp. In addition to solar power, solar water heaters have also been installed in the residential and hospital buildings on campus to meet hot water requirements, with an installed capacity of 4,87,891 Litres per Day (LPD), thereby reducing dependency on electric water heating facilities.

The campus has installed a biogas plant with a capacity of 6 m^3/day, capable of converting 50 kg of organic waste into cooking fuel. Approximately 8,424 kg of organic waste has been converted into biogas so far. This energy is used as cooking fuel in the campus food court kitchen and is equivalent to 13,842.84 kWh of calorific energy.

Energy efficient transformers

Solar water heaters

Synchronization of DGs for power efficiency

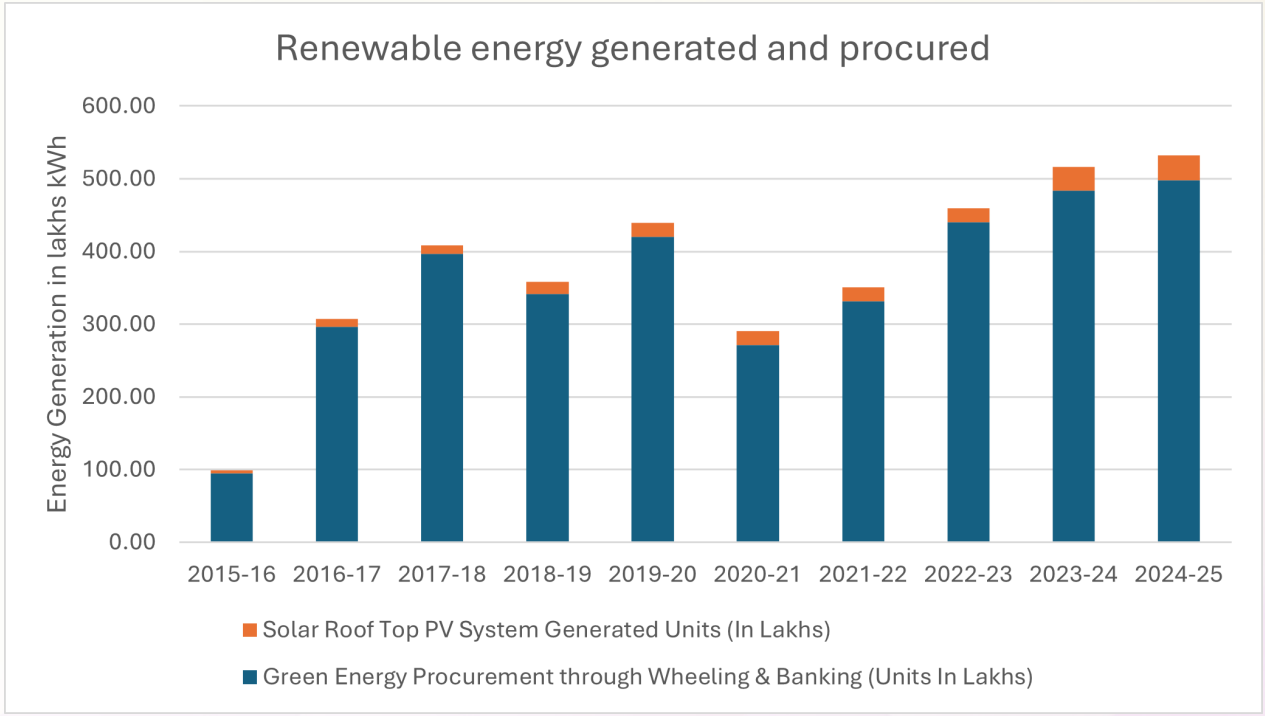
Roof top PV on MLCP

Central chiller plant

Roof top PV on Mareena – Indoor sports complex

Heat pumps used instead of electric coils

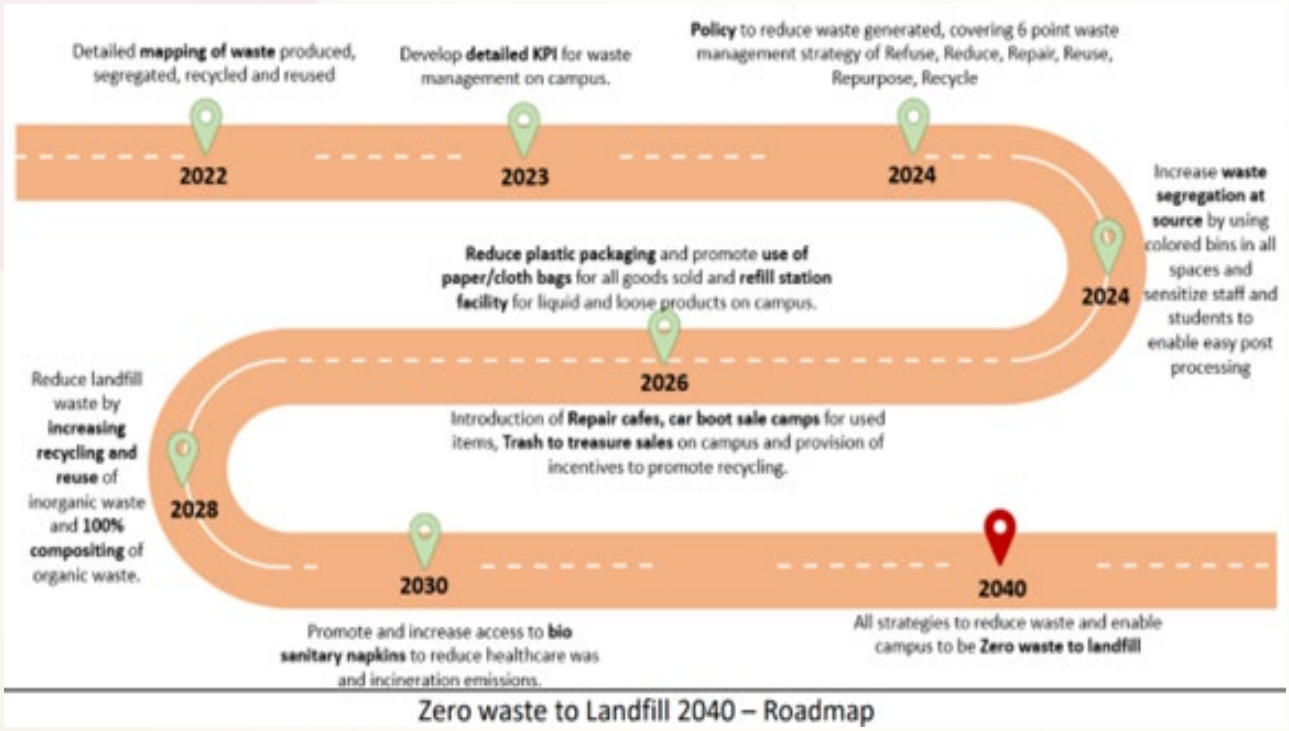
Biogas Plant



Total electricity used on campus = 8,41,36,221 kWh
Total green energy generated through rooftop solar PV = 34,47,500 kWh
Total green energy procured through green-wheeling = 4,97,71,000 kWh
Percentage of green energy use = 63.3 per cent

Solid Waste Management

The MAHE campuses have a massive footprint in terms of waste produced. To ensure that all types of waste are handled from source to end-of-life, the university has established mandatory protocols and policy measures.



Zero waste to Landfill 2040 – Roadmap

Water bottling plant

Sewage treatment plant

Use of e-pads for examinations has saved 430 trees

Organic waste converter

Vermicomposting

Styrofoam recycler

A few of the initiatives taken up by MAHE to curb solid waste generation:

- The student exams on campus are managed and delivered on Exam Pads, a tablet PC custom-built for education. One can write and draw as on paper, thus reducing paper usage by 19.1 tons.
- The use of e-pads for examinations has saved 461 trees.
- An initiative to reduce paper usage by phasing out hard copies of convocation reports since 2018.
- The campus's solid waste management policy commits to minimising plastic products, and a ban on single-use plastic has been implemented as per Central Pollution Control Board (CPCB) guidelines.
- The use of Polyethylene Terephthalate (PET) water bottles on campus has been reduced by installing a bottling plant, which ensures clean, reusable glass bottles for drinking water. This initiative has reduced 6,000 kg of PET bottle consumption.
- An organic waste composter of 400 kg/day capacity aids in converting all wet waste collected on campus into pre-compost within eight hours, which is a vital input for the University gardens.
- The campus also adopts a traditional system of using earthworms to digest wet waste and turn it into vermicompost, which is utilized for green cover development on campus.

MAHE introduced an e-waste collection system on its campuses in 2021 and has been successfully segregating this waste stream for eco-friendly management. Items collected include batteries (AA/AAA/Laptop), CDs/DVDs, USB/memory sticks, and printer cartridges. Separate collection is maintained for IT and electrical end-of-life equipment. E-waste is sold to authorized recyclers, and batteries are returned to the manufacturers.

Thermocol or Styrofoam is a persistent pollutant that impacts soil, water bodies, and marine life if not properly managed. Hence, the University has set up an in-house melting machine that melts the thermocol and produces raw material that can be used as input for the plastic recycling industry.

Water

The wastewater generated on the campus is recycled in state-of-the-art sewage treatment plants with a capacity of 7,400 Kilolitres per Day (KLD) and three sullage treatment plants of 450 KLD within the campus. Treated water from the sullage treatment plant is reused for flushing in the buildings. Sewage Treatment Plant (STP)-treated water is mainly used for irrigation of the landscape. This ensures that all the black and grey water is treated and reused.

The treated wastewater from both the sewage treatment plant and the sullage treatment plant is reused on campus for irrigating and flushing, significantly reducing the freshwater demand. Ninety-eight per cent of the treated water generated is reused on campus, with the remaining lost in conveyance.

Sewage treatment plant 1

Sullage treatment plants for flushing use

MAHE has successfully implemented the following programs to ensure water conservation at the campus level:

- **Rainwater collection**: Rooftop rainwater is collected and sent to trickle sand filters with a 10,000 Liters/hour filtering capacity.
- **Artificial lakes:** The existing artificial lakes on campus are conserved, and their capacity is enhanced from 8,000 kl to 11,000 kl.
- **Irrigation water**: The freshwater demand for landscape irrigation is reduced by using STP-treated water and rainwater.
- **Water metering:** Water consumption is continuously metered and regularly monitored to identify any malfunctions or leakages in the network.
- **Urinals:** Sensor flushes are installed for urinals, and a majority of the urinals have been retrofitted to waterless urinals to reduce water demand.

Transportation

The entire campus is well-connected via shuttle service, reducing the need for private vehicle parking. All major assembly blocks and residential buildings have sufficient parking spaces to meet the needs of both the public and campus residents.

The MAHE campus has actively worked to reduce the use of private vehicles and encourage zero-emission vehicles, thereby reducing the overall parking area requirement on-site.

- 1,500 free bicycle rentals are provided on campus, which require less parking space and produce no pollutants.
- E-bikes are available for on-campus student transportation, which requires less parking space.
- E-buggy cars are used by students and staff to commute between hostels and academic buildings on campus.
- A bus shuttle service is provided by the university for the daily commute to and from the campus for all staff and students.
- Staff housing on campus reduces commute time and the need for private transport.
- A multi-level car parking (MLCP) facility accommodates approximately 1,220 vehicles, including two-wheelers and four-wheelers, reducing the need for on-ground parking. The MLCP covers only 25 per cent of the ground area compared to on-ground parking for the same number of vehicles.
- Students are restricted from bringing their own vehicles to the MIT campus to reduce parking requirements and encourage the use of public transport.

Campus Buses for intercampus as well as intra campus trips

Buggy transport

Multilevel car parking

Sl. No.	Shuttle vehicle	No of Vehicles
1	Bus	44
2	E-buggy	6
Sl. No.	**Other university-managed vehicles**	**No of Vehicles**
1	Cars (Fuel-based)	41
2	Electric Vehicle (EV) cars	9
3	E-Minitruck	1
4	Motorcycles	4
5	Service vehicles (Trucks, Tankers, and Tractors)	10
6	Ambulances	9

The University manages a total vehicle fleet of 124; which includes 16 EV vehicles, one hybrid car, and 107 fully fuel-based combustion engine vehicles. The fuel-based vehicles include cars, shuttle buses, motorcycles, ambulances, and service vehicles.

Electric cars for inter-intra-campus transport and airport drop-off Closed parking facility for bicycles and E-bikes

Sustainable Development Goals (SDGs) Mapped:

This year, the UI Green Metric Ranking Agency ranked MAHE as the greenest campus in India, placing it 1st nationally and 117th globally.

Office of International Affairs and Collaborations

Established in 2014, the Office of International Affairs and Collaborations (OIAC), serves as the University's central hub for global engagement. Led by the Director of International Collaborations and his team, the OIAC synchronizes international efforts across all 31 colleges and academic units at Manipal Academy of Higher Education (MAHE).

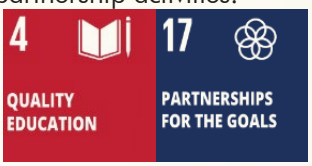
The OIAC provides a unified framework to streamline international initiatives while balancing institutional oversight with faculty innovation. Key responsibilities include:

- Providing direction and synchronization for all university-level international work.
- Acting as the primary point of contact for overseas institutions and government bodies.
- Aligning international opportunities with program curricula to enable student mobility and transnational enrolment.

The OIAC functions as a comprehensive resource for international study, research, and internships abroad and at MAHE. By providing information regarding intercultural competence and language acquisition, the office empowers students and faculty to exceed traditional academic boundaries.

Key Achievements and Activities:

1. **Program administration:** Managing student exchange programs ranging from one week to full semesters.
2. **Global networking:** Facilitating both inbound and outbound mobility through a robust network of partner institutions.
3. **Scholarly development:** Promoting meticulous knowledge sharing through academically sound international experiences.
4. **Ancillary student services and compliance:** The OIAC ensures institutional adherence to evolving statutory regulations. In coordination with the Office of Quality and Compliance, the department manages the well-being and legal status of all international students, faculty, staff, and scholars.
5. **Centralized regulatory functions:** Support for visa application and processing support along with issuing of official invitation letters for consular use.
6. **Immigration compliance (Foreigners Regional Registration Officer (FRRO)):** Facilitating entry/exit requirements, including Form C (stay), Form S (student information at institution/college), Bonafide certificates, and RC/RP (Registration Certificate/Permit) online registrations.
7. **Logistics management:** Coordinating on-campus accommodation, arrival/departure logistics, and international guest itineraries.
8. **Financial oversight:** Reviewing fees and financial matters in collaboration with Finance and Human Resources departments.
9. **Data analytics:** Maintaining comprehensive records of mobility metrics and international partnership activities.



2025 initiatives

The Culinary Boot Camp: The Korea Culinary Boot Camp was inaugurated on 20 January 2025 as a part of internationalization endeavours by Welcome Graduate School of Hotel Administration (WGSHA), MAHE. The flavourful exchange of ideas was not just about learning recipes, but also about understanding and appreciating each other's cultures through the universal language of cuisine. Mr Kim Joo Nam, Faculty Coordinator at Korea Global Chef High School, mentioned that "Events like these are crucial in fostering global friendships and nurturing a new generation of chefs who will carry the spirit of international collaboration forward." Welcomed warmly by the college Principal, the delegation was treated to a tantalizing showcase of WGSHA's infrastructure, innovative curriculum, and dynamic teaching methods. As the day unfolded, the delegation embarked on a sensory adventure, traversing the campus's culinary museum, state-of-the-art classrooms, bustling training kitchens, inviting restaurants, and student amenities. Through these interactive experiences, students can enhance their culinary skills as well as develop a profound appreciation for India's cultural heritage.

Towards excellence: Office of International Affairs and Collaborations (OIAC), MAHE hosted a graduate student fair event called The Education@US – India Educational Foundation (USIEF) with Top US Universities on Wednesday, 06 March 2025, at MAHE, Manipal. The event provided an opportunity for

students to learn about graduate programs at 31 renowned US universities including: Arizona State University, Avila University, Bradley University, California State University Channel Islands, City University of Seattle, Colorado State University, DePaul University, George Washington School of Business, Illinois Institute of Technology, Lawrence Technological University, Lehigh University, Northeastern University, Northern Arizona University, Southern Utah University, Syracuse University, The Catholic University of America, The University of Arizona, Troy University, University of Denver - Daniels College of Business, University of Louisville - College of Business, University Of Missouri - Kansas City (UMKC), University of New Haven, University of San Francisco, University of Southern California Viterbi School of Engineering, University of Southern California's Marshall School of Business, University of Utah - David Eccles School of Business, University of Wisconsin Milwaukee, Wake forest University School of Business, Wayne State University, and Worcester Polytechnic Institute (WPI) Business School.

MAHE Bengaluru collaborates with New Zealand: The University of Auckland, New Zealand, has collaborated with MAHE Bengaluru for student and faculty exchange programs between the two universities on 12 March 2025.

In a landmark for international collaboration at MAHE, the Centre of Excellence in Clinical Embryology at Kasturba Medical College (KMC) Manipal, partnered with the University of Münster, Germany, to host the Indo-German workshop on translational andrology (February 28 – March 1, 2025). The summit focused on integrating cutting-edge research, such as non-invasive sperm selection and fertility preservation for paediatric cancer patients, into clinical practice. This strategic exchange highlighted MAHE's commitment to addressing the global decline in male fertility through high-impact international partnerships and innovative, patient-centric solutions.

MAHE engages international students on an academic cum cultural drive: The Manipal International Summer School (MISS) 2025, held from 07 to 18 July 2025, offered interdisciplinary learning and cross-cultural experiences to both international and Indian students. This program fostered global connections at MAHE's vibrant campus.

MAHE's National Model United Nations Conference (MAHE-MUN) 2025 concluded with resounding success, inspiring future global leaders: MAHE successfully hosted the prestigious MAHE-MUN conference from 15 to 17 August 2025. This international conference welcomed over 400 delegates from 45+ leading institutions across India. Entirely student-led, the event featured 40+ executive board members, 100+ organising committee and secretariat members, and a strategic board of directors, exemplifying MAHE's commitment to empowering student leadership and fostering collaborative excellence. The conference commenced on August 15 with a grand opening ceremony graced by legendary cricketer Mr Anil Kumble, whose inspiring address set the tone for the transformative three-day experience. The conference's inspiring tagline, "Unity in diplomacy, strength in diversity", was fully realised through the successful integration of diverse academic and cultural backgrounds, creating an extraordinary exchange of ideas and perspectives. MAHE-MUN 2025 redefined the Indian circuit with 15 dynamic committees spanning domains from international relations to creative crisis simulations. The conference featured groundbreaking debuts such as the Indian National Committee on Space Research (INCOSPAR), Fortune Global Forum, and the White House Situation Room, setting new standards for innovation. Exceptional outcomes were achieved across diverse simulations, ranging from Red Sea Crisis strategies proposed by the United Nations Security Council (UNSC) to the landmark legal proceedings by the International Court of Justice (ICJ). From security frameworks of the North Atlantic Treaty Organization (NATO) to the rights charter of the fictional Ministry of Magic, the event delivered high-impact solutions and unprecedented diplomatic depth.

Collaborations with MAHE: On 22 September 2025, MAHE was part of the New Jersey delegation's economic mission to India, where New Jersey Governor Phil Murphy witnessed the signing of a Memorandum of Understanding (MOU) between the New Jersey Institute of Technology (NJIT), US and MAHE, Manipal at the Ritz-Carlton in Bangalore. The agreement aims to strengthen academic and research collaboration between the two institutions and create opportunities for student and faculty exchanges, joint research, and dual-degree programs in areas like artificial intelligence (AI), robotics, and computing.

Rhea Chaudhary, a first-year Bachelor of Business Administration (BBA) student at Manipal School of Commerce and Economics, MAHE, secured the Second-Best Team award in the Collaborative Online International Learning (COIL) program. Representing her institution globally, she competed alongside an international team during the intensive program held from 20 November to 4 December 2025.

Manipal School of Commerce and Economics, MAHE, organized an enriching session on "Charting the future: Career pathways for business analytics professionals" by Professor Jamie Mustard, Pro Vice Chancellor at Deakin Business School, attended by BBA students on 20 August 2025. This session offered

insights into emerging career opportunities and employability skills in the field of business analytics.

Four students from the Department of Occupational Therapy, Manipal College of Health Professions, successfully completed a prestigious four-week clinical placement at Barwon Health, Australia, facilitated through our strategic partnership with Deakin University, Australia. The participants achieved all clinical competencies, specifically noting significant growth in professional documentation and hands-on practice under expert supervision. The students highly commended the collaborative environment, describing the opportunity to integrate into an international healthcare team as a transformative and "fabulous" educational experience.

The University of Melbourne, Australia; City University, New York; University of Manchester, UK; University College Dublin, Ireland; National University of Singapore, Singapore; and University of Surrey, UK have been some of our top visitors for 2025.

MAHE hosted "KAIROS" to celebrate International Students' Day under the theme "Empowering students to be agents of change" on 17 November 2025. This included an international fair with country-wise cultural stalls and cultural performances, which highlighted the diverse student body of MAHE with representation from over 30 countries. MAHE students and staff participated and celebrated this event with absolute vigour.

Team Austen from the Manipal Institute of Communication, MAHE, was selected as a Top 10 finalist in the "Creative shock global social business" case competition held in Lithuania from 20 to 23 November 2025. Outperforming 51 international teams, the students successfully developed complex financial and communication strategies for NGOs, demonstrating high-level expertise despite rigorous academic schedules. This achievement brings significant global recognition to MAHE, showcasing the institution's excellence in fostering world-class strategic and social entrepreneurship skills.

Welcomgroup Graduate School of Hotel Administration (WGSHA), MAHE, achieved international acclaim as one student, Mr C D Harsh, represented India at the WorldSkills Asia 2025 competition held in Taipei from 26 November to 28 November 2025. Competing in the "Restaurant service" category, he showcased the exceptional technical finesse and hospitality standards cultivated at the institute. His participation was bolstered by intensive training under Mr Paritosh Dabral, faculty member at WGSHA, who served as the National Expert for the category. This global milestone underscores WGSHA's commitment to excellence and its role in placing MAHE on the map of world-class vocational training.

International Student Associations for Student Exchange

International Association for the Exchange of Students for Technical Experience (IAESTE): IAESTE is the flagship student exchange program of Manipal Academy of Higher Education (MAHE). IAESTE India and its local chapter IAESTE Manipal, is a student-driven organization supported by the constituent units of MAHE. As an organization of the students, by the students and for the students, it has over 2,000 members. Through this platform, a plethora of opportunities are offered to the students to enhance their careers by pursuing technical internships abroad. For details, contact chairperson@iaeste.in.

Association Internationale des Étudiants en Sciences Économiques et Commerciales (AIESEC): AIESEC, on the other hand, is a global volunteer organization for inbound and outbound exchange students that primarily handles projects of social importance and that have a deep impact on society at large. For details, visit https://opportunities.aiesec.org/.

International Pharmaceutical Students' Federation (IPSF): Manipal College of Pharmaceutical Sciences (MCOPS) is the only association across pharmacy institutes in India to have the membership status from IPSF, Netherlands. The Manipal Association of Pharmacy Students (MAPS), a student body of MCOPS Manipal, runs this association and facilitates the student exchanges. IPSF is among the world's oldest international student organization for pharmacy students and pharmacists and represents more than 3,20,000 students and recent graduates from 80 countries. This leap comes as a boost to promote internationalization on campus and will be a milestone for MCOPS to initiate student exchanges and internships.

KAIROS - International Students Day was celebrated on 17 Nov 2025 by the Office of International Affairs and Collaborations (OIAC), MAHE.

Cultural Coordination Committee (CCC)

Chairperson: Dr Shobha U Kamath, Additional Professor, Department of Biochemistry, Kasturba Medical College, Manipal, MAHE; Secretary: Dr Mohandas Rao K G, Professor of Anatomy, Division of Anatomy, Department of Basic Medical Sciences, MAHE; Joint Secretaries: Ms Swathi Acharya K, Assistant Professor (Senior Scale), Department of Dietetics and Applied Nutrition, WGSHA, Manipal, and Mr Prajwal L Salins, Assistant Professor, Department of Health Information Management, MCHP, Manipal.

Throughout 2025, the Cultural Coordination Committee (CCC) of MAHE has actively worked towards encouraging cultural diversity and artistic expression. Through an array of programs, including spellbinding musical events, dramas, dance performances, and major cultural celebrations, CCC has created meaningful and engaging experiences for students, faculty, and the community at large.

The New Year Award Ceremony- Solo dance performance by Dr Vasundhara Doraiswamy (11 January 2025)

The New Year Award Ceremony was held on 11 January 2025 at KMC Greens, Manipal, in a dignified and celebratory atmosphere. The event marked the beginning of the year by honouring individuals for their outstanding contributions and achievements.

As part of the cultural segment of the ceremony, the CCC, MAHE, organized a Bharatanatyam solo dance performance by Dr Vasundhara Doraiswamy, who was also one of the MAHE New Year Awardees for 2025. The performance added artistic elegance and cultural depth to the occasion.

Dr Vasundhara Doraiswamy's Bharatanatyam recital was a fine blend of grace, rhythm, and expressive storytelling reflecting the richness of Indian classical dance traditions. Her performance captivated the audience and was received with great appreciation by the dignitaries, faculty members, students, and guests present.

Overall, the New Year Award Ceremony 2025 at KMC Greens was a well-organized and enriching event, setting a positive and inspiring tone for the year ahead.

Classical Music and Dance Concert (23 January 2025)

The CCC, MAHE, organized a Classical Music and Dance Concert on Thursday, 23 January 2025, at 6:30 PM. The program was held at the 3rd Floor Auditorium, TMA Pai Halls, MAHE, Manipal, and witnessed enthusiastic participation from students, faculty members, and art enthusiasts.

The concert featured a rich blend of Carnatic classical music and Indian classical dance, showcasing the depth and diversity of India's performing arts traditions. The musical segment was led by Sri Venkidesh B S, a Carnatic vocalist and a research scholar who is currently pursuing his PhD at the Manipal School of Life Sciences. Sri Venkidesh was ably accompanied by Sri Haripriya and Sri Narayana, whose support added rhythmic and melodic strength to the performance. The rendition included classical compositions that reflected technical finesse, emotive expression, and adherence to traditional Carnatic aesthetics.

The dance segment featured Ms Manasa, a Research Associate at Bioplus Lifesciences and an alumna of MCOPS, MAHE, and Ms Keerthana Rajeev, a PharmD student at MCOPS, MAHE. Ms Manasa, trained in Bharatanatyam since the age of six and a recipient of the Government of India's Scholarship for Young Artists, delivered a graceful and expressive performance. Ms Keerthana Rajeev, with expertise in Bharatanatyam, Kuchipudi, and Mohiniyattam,

impressed the audience with her technique, stage presence, and emotive storytelling.

Overall, the classical music and dance concert was a memorable cultural evening that reinforced MAHE's commitment to promoting Indian classical arts and providing a platform for accomplished and emerging artists.

Kannada Play "Yogi Mattu Bhogi" (01 February 2025)
The CCC, MAHE, successfully organized a Kannada theatrical performance titled "Yogi Mattu Bhogi" on 01 February 2025 at 6:30 PM. The event was held at the Amphitheatre, Madhav Vihar, Manipal, and was open to all.

"Yogi Mattu Bhogi" is a free adaptation of the classical Sanskrit farce Bhagavadajjuka. The play was directed by Shri Mahesh Dattani, with Yakshagana choreography by Shri Bannanje Sanjeeva Suvarna, and was translated into Kannada by Shri Vishvajith Madhavanmurthy. The performance seamlessly blended classical Indian theatrical elements with folk traditions, making it engaging and thought-provoking for a contemporary audience. The play explored the contrasting philosophies of asceticism and worldly pleasure through humour, satire, and expressive movement. The incorporation of Yakshagana-style choreography added visual richness and cultural depth to the narrative, enhancing the overall theatrical experience.

Overall, Yogi Mattu Bhogi was a significant cultural event that successfully promoted classical Indian literature, regional language theatre, and traditional performing arts, reaffirming MAHE's commitment to nurturing cultural appreciation and artistic excellence.

Hindustani Classical Vocal and Rudraveena Recitals (18 February 2025)
The CCC, MAHE, in association with Chiranthana Charitable Trust, organized a Hindustani Classical Vocal and Rudraveena Recital on Tuesday, 18 February 2025, at 6:30 PM at the 3rd Floor Auditorium, Dr TMA Pai Halls, MAHE.

The event featured two distinguished exponents of Hindustani classical music, offering the audience a deeply enriching and meditative musical experience rooted in the Dhrupad and Khayal traditions.

The first recital was presented by Ustad Bahauddin Dagar, a renowned torchbearer of the Dhrupad tradition and an eminent Rudraveena maestro. Upholding the illustrious legacy of his father, Ustad Zia Mohiuddin Dagar, Ustad Bahauddin Dagar captivated the audience with his profound exploration of raga, marked by tonal depth, contemplative phrasing, and spiritual intensity. His performance highlighted the meditative essence of the Rudraveena and reflected his significant contribution to reviving

global interest in this rare and ancient instrument. He was ably accompanied by Sri Sanjay Agle, whose support enhanced the rhythmic and aesthetic framework of the recital.

The second segment featured Dr Mithun Chakravarthy, a distinguished Hindustani classical vocalist trained in the Jaipur-Atrauli Gharana and a disciple of Pt Rajshekhar Mansur. An 'A' Grade artist of All India Radio, Mangalore, Dr Mithun Chakravarthy delivered a compelling vocal recital that demonstrated his mastery over raga development, intricate taan patterns, and emotive expression. He was accompanied by Sri Bharavi Deraje and Sri Prasad Kamath, whose sensitive accompaniment complemented the vocal presentation.
The concert was well attended by students, faculty members, and connoisseurs of classical music, who appreciated the rare opportunity to experience both Rudraveena and Hindustani vocal traditions on a single platform.

Overall, the Hindustani Classical Vocal and Rudraveena Recitals stood as a memorable cultural evening, reinforcing MAHE's commitment to preserving and promoting India's rich classical music heritage while fostering cultural awareness within the academic community.

Cultural Event during FICCI FDP-Workshop and Meet (20 February 2025)

On the occasion of the FICCI Faculty Development Program Workshop and Meet, held on 20 February 2025, the CCC, MAHE, organized a vibrant cultural event to complement the academic proceedings and provide a refreshing artistic experience to the participants.

The cultural program showcased a harmonious blend of classical, folk, and contemporary music performances by talented members of the MAHE community. The event commenced with a Bharatanatyam performance by Mr Ranjith PJ from the Department of Pharmacology, Kasturba Medical College, Manipal. His graceful movements, precise rhythm, and expressive abhinaya beautifully highlighted the depth and elegance of Indian classical dance, captivating the audience.

This was followed by a Yakshagana performance by Ms Vaishnavi A Hegde, an MSc student of Molecular Biology and Human Genetics from the Manipal School of Life Sciences (MSLS). Her energetic presentation, traditional music, and vivid gestures brought alive the rich folk theatre tradition of coastal Karnataka and were greatly appreciated by the gathering.

The cultural evening concluded with light music and popular film songs performed by Ms Shravya S Basri from the Gandhian Centre for Philosophical Arts and Sciences, MAHE, Manipal. Her melodious renditions created a lively and engaging atmosphere, leaving the audience thoroughly entertained.

The cultural event organized by CCC added significant value to the FICCI FDP by offering a platform to showcase artistic talent within the university while promoting India's diverse cultural heritage. The program was well-received by the delegates and contributed to making the FDP a holistic and memorable experience.

Cultural Event during MESVCC Meet (07 March 2025)

On the occasion of the MESVCC Meet, held on 07 March 2025, the CCC, MAHE, organized a well-curated cultural program to enrich the event and provide a refreshing cultural experience for the participants and delegates.

The program began with a soulful Mohana Veena performance by Mr Adhyatma Trivedi, a third-year MBBS student from Kasturba Medical College, Manipal. His instrumental rendition set a serene and contemplative tone, showcasing musical depth and technical finesse that was warmly appreciated by the audience.

This was followed by a vibrant Yakshagana performance by Ms Chaithra Shetty, nursing staff, Kasturba Hospital, Manipal. Her energetic presentation, marked by expressive movements and traditional elements, vividly portrayed the richness of Karnataka's folk theatre tradition and captivated the gathering.

The cultural evening continued with a graceful semi-classical dance performance by Ms Anika B and Ms Arshia Tarkunde, BSc Biotechnology students from the Manipal School of Life Sciences. Their coordinated movements, expressive storytelling, and aesthetic presentation reflected a fine blend of classical and contemporary dance elements.

The program concluded with light music performances by Mr Suhas Kowshik, Faculty in the Department of Mechanical and Industrial Engineering, MIT, Manipal. His melodious renditions of popular songs created a lively and engaging atmosphere, drawing enthusiastic appreciation from the audience.

The cultural event organized by CCC successfully brought together students, faculty, and staff from diverse disciplines, highlighting the vibrant artistic talent within the MAHE community. The program added warmth and cultural richness to the MESVCC Meet, making the occasion both memorable and meaningful.

Shraddha Kusum– A Tribute to Ustad Zakir Hussain (08 March 2025)

The CCC, MAHE, organized a special musical program titled "Shraddha Kusum–A Tribute to Ustad Zakir Hussain" on Saturday, 08 March 2025, at 6:15 PM, at KMC Greens, Manipal, as a part of the celebration of International Women's Day.

The event was conceived as a reverential homage to the legendary tabla maestro Ustad Zakir Hussain, celebrating his immense contribution to Indian classical music. The open-air venue provided a serene and evocative ambience, well-suited to the contemplative and rhythmic depth of the performance.

The concert featured two eminent exponents of the Banaras Gharana of tabla. The lead recital was presented by Pt Ramkumar Mishra, a celebrated tabla artist and one of India's foremost representatives of the Banaras Gharana. His performance was marked by profound rhythmic clarity, aesthetic sophistication, and a deep sense of tradition. The recital reflected his

rich musical lineage and illustrious career, adorned with prestigious honours such as the Taal Mani Award, Haridas Award, Laya Bhaskar Award, and the Tabla Shiromani Award conferred by the Government of Bihar.
Accompanying him was Pt Rahul Kumar Mishra, one of India's emerging tabla maestros and the grandson of Pandit Chhannulal Mishra. His performance demonstrated remarkable virtuosity, creative expression, and technical command, earning widespread appreciation from the audience. His artistry reflected the continuity of a rich musical legacy, complemented by national recognition, including the Sangeet Natak Academy Award.

The program attracted a large and attentive audience comprising students, faculty members, staff, and residents of Manipal. The performances were received with sustained applause and deep appreciation, underscoring the audience's engagement with the spiritual and rhythmic essence of Indian classical percussion.

Overall, Shraddha Kusum stood as a poignant and memorable tribute, aligning the celebration of International Women's Day with the timeless values of dedication, discipline, and artistic excellence embodied by Indian classical music.

Utsav 2025 (08 March and 24 March – 28 March 2025)
Utsav 2025, MAHE's flagship cultural festival, was a grand five-day intercollegiate celebration that united students from various MAHE campuses, including Manipal, Dubai, Malaysia, Jamshedpur, Jaipur, Sikkim, and Bengaluru. The fest witnessed enthusiastic participation from 2,971 students and the involvement of over 400 faculty members. A total of 40 competitions were conducted across diverse categories such as music, dance, theatre, and literary arts. Nearly 125 highly qualified judges evaluated the various competitions during the event.

The inaugural ceremony was held on 25 March 2025, at KMC Greens and was graced by distinguished dignitaries, including Mrs Vasanthi R Pai, Trustee of the MAHE Trust; Dr H S Ballal, Pro Chancellor, MAHE; Lt Gen (Dr) M D Venkatesh, Vice Chancellor, MAHE; Dr Geetha Maiya, Director of Student Affairs, MAHE; Dr Shobha Kamath, Chairperson, CCC MAHE; and Dr Sambit Dash, Secretary, CCC MAHE.

Event Schedule and Highlights:
08 March 2025–Staff Utsav Cooking Competition: Held at WGSHA Kitchen, featuring vegetarian, non-vegetarian, and dessert categories.

24 March 2025–Staff Variety Entertainment: A fantastic showcase of performances by MAHE faculty and staff at Utsav Main Stage, KMC Greens.

Utsav 2025; Day 1 (25 March 2025):
Painting and Cartooning–Organised by MIT Manipal and MCOPS, respectively.
Debate and Extempore–Hosted by MCODS Manipal and KMC Manipal.
Instrumental (Solo) and Eastern Vocal (Solo)–Showcased at Dr TMA Pai Halls and KMC Greens.
Cultural Parade and Folk Dance (Group)–Celebrating cultural diversity with colourful performances.

Utsav 2025; Day 2 (26 March 2025):
Rangoli and Collage–Conducted at Dr TMA Pai Halls.
Indian Classical Vocal (Solo) and Dance (Solo)–Featured at Dr TMA Pai Halls
Creative Jam, Quiz Finals, and Eastern Dance (Group)–Dynamic and engaging performances at Utsav Main Stage.

Utsav 2025; Day 3 (27 March 2025):
Spot Photography and Installation–Held at Dr TMA Pai Halls, 3rd floor.
Poetry (English and Hindi), Mimicry and Antakshari Finals–Hosted at Dr TMA Pai Halls and Utsav Main Stage.
Western Vocal (Solo and Group) and Western Dance (Solo and Group)–Bringing contemporary vibrance to Utsav held at Utsav Main Stage.
Utsav 2025; Day 4 (28 March 2025):

Poetry (Kannada), JAM, Clay Modelling, and Mime–Showcasing creativity across multiple venues.
Street Play and Mad Ads–Enthralling audience with social and comedic skits conducted at Utsav Main Stage.

Fashion Show and Best of Utsav Showcase–A grand finale highlighting the top performances performed at the Utsav Main Stage.
Valedictory and Prize Distribution–Concluding the festival with awards for outstanding participants and overall champions of the fest.
The festival concluded with the Valedictory Ceremony, where the top three overall winners were announced:

Final Results:
MCODS, Mangalore-First Place
MCODS Manipal-Second Place
KMC Mangalore-Third Place

Utsav 2025 emerged as a memorable showcase of talent, creativity, and cultural richness, truly reflecting the dynamic spirit of MAHE's student community. The festival reaffirmed MAHE's dedication to holistic education by offering students a remarkable platform to explore and express their artistic and cultural interests.

Yakshagana Performance–Brahmakapala (18 July 2025)
The CCC, MAHE, organized a traditional Pauranika Yakshagana performance titled Brahmakapala on 18 July 2025 at 05:00 PM. The program was held at the Luminair (Chaitanya) Auditorium, Hotel Fortune Valley View, Manipal, and witnessed an appreciative audience comprising students, faculty members, staff, and lovers of folk and classical performing arts.

The performance was presented by the Abhinethri Arts Trust®, Nelyadi, a well-known Yakshagana troupe committed to preserving and propagating this vibrant

traditional theatre form of Karnataka. The evening showcased the rich blend of music, dance, dialogue, elaborate costumes, and expressive abhinaya that are hallmarks of Yakshagana. The himmela included Sri Raghavendra Acharya Janasale as Bhagavata, Sri Shashank Acharya Kirumaneeshwara on Maddale, and Sri Prajwal Mundadi on Chende, whose powerful rhythmic and vocal support brought depth and dynamism to the narrative. Their coordination played a crucial role in sustaining the dramatic intensity of the performance.

The cast featured accomplished Yakshagana artists portraying key mythological characters, including Devendra, Kirata, Eshwara, Brahma, Sharade, Manmatha, Vishnu, Mahogara, and Kumude. Each role is rendered with a striking costume, vigorous footwork, and expressive dialogue. The performers' command over this traditional dance form and stagecraft captivated the audience throughout the presentation.

Overall, the Yakshagana performance of Brahmakapala was a culturally enriching experience that offered the audience an authentic glimpse into coastal Karnataka's rich theatrical heritage and reinforced the importance of preserving indigenous performing traditions.

Azadi Ka Mahotsav and Suhana Safar-The Spirit of Freedom Evergreen Patriotic Melodies (14 August 2025)

The CCC, MAHE, organized a special musical evening titled "Azadi Ka Mahotsav and Suhana Safar" on Thursday, 14 August 2025, from 05:30 PM to 08:00 PM, at the 3rd Floor Auditorium, Dr TMA Pai Halls, KMC, Manipal. The program was conceived as a tribute to India's freedom movement and its enduring spirit, presented through evergreen patriotic and classic Hindi film melodies.

The event celebrated the legacy of legendary playback singers such as Lata Mangeshkar, Mohammed Rafi, Mukesh, Manna Dey, and Mahendra Kapoor, whose songs continue to inspire generations with themes of patriotism, hope, and national pride. The auditorium was filled with students, faculty members, staff, and music enthusiasts, creating a vibrant and emotionally charged atmosphere in the run-up to Independence Day.

The evening featured soulful vocal performances by Dr Kumble Ananth Prabhu, runner-up of Eternal Voice of Doctors Worldwide–Season 2, and Dr Malini Keshav Prasad, Jury Member of Sa Re Ga Ma Pa Zee Kannada. They were joined by talented singers Vidya Shenoy and Umakanth Nayak, whose renditions added variety and depth to the musical presentation.

The musical ensemble was led by Muralidhar Kamath and Party, with special accompaniment by Deepak, an internationally acclaimed musician from Bengaluru. Their orchestration brought authenticity and richness to the classic melodies, evoking nostalgia and patriotic fervour among the audience. The program was effectively compèred by Sri Kumble Narasimha Prabhu, who also added elements of mimicry, keeping the audience engaged throughout the evening with his lively and seamless narration.

Overall, Azadi Ka Mahotsav and Suhana Safar were a memorable cultural celebration that beautifully blended music, patriotism, and nostalgia. The program not only paid homage to India's freedom struggle but also reinforced MAHE's commitment to promoting cultural awareness, national pride, and artistic excellence within the academic community.

Mooru Chote Plays–Three Plays, One Show (03 October 2025)

The CCC, MAHE, organized a unique tri-lingual theatre production titled "Mooru Chote Plays" on 3rd October 2025 at 06:30 PM. The event was held at the MIT Library Auditorium, 4th Floor, Manipal, and attracted a diverse audience comprising students, faculty members, and theatre enthusiasts.

Mooru chote plays presented three short plays in a single show, performed in English, Kannada, and Hindi, thereby celebrating linguistic diversity and contemporary theatre practices. The total duration of the program was 90 minutes, and concise summaries of all three plays were provided to the audience, enabling greater appreciation across language barriers.

The production featured adaptations of internationally and nationally acclaimed works: "One for the Road" by Harold Pinter, "Piano Vadaka" by Anton Chekhov, and "Marnoparant" by Surendra Varma. Each play explored complex human emotions, power dynamics, and social realities, offering the audience thought-provoking perspectives through minimalist yet powerful performances.

The plays were directed by Soumya Zacharia, Faisal Ahmed, Bhavya Bhardwaj, Trisha Shetty, and Kritika Verma, whose collaborative efforts ensured thematic coherence while preserving the individual essence of each script. The overall conceptualization and smooth execution of the program were guided by the showrunners, Venumadhav Bhat and Subramanya Kini. The production values, stage design, and transitions between the plays were executed with precision, maintaining audience engagement throughout the evening.

Overall, Mooru Plays was a compelling theatrical experience that underscored MAHE's commitment to promoting multilingualism, experimental theatre, and cultural inclusivity within the academic community.

Music Concert on the Occasion of World Sight Day (09 October 2025)

The CCC, MAHE, Manipal, in association with ASARE Manipal (a joint project of MAHE and Archana Trust), organized a Music Concert on the occasion of World Sight Day on 09 October 2025 at 06:00 PM. The program was held at the 3rd Floor Auditorium, Dr TMA Pai Halls, KMC, Manipal.

The concert was presented by a visually impaired talented troupe from Sri Pandith Puttaraju Gawayi's Cultural and Social Service Charitable Trust (R), Hospet. The event aimed to highlight the extraordinary musical abilities of visually impaired artists while creating awareness about inclusion, accessibility, and the celebration of diverse talents, in keeping with the spirit of World Sight Day.

The troupe delivered a captivating performance featuring Indian classical and light music compositions. Despite visual challenges, the artists demonstrated remarkable coordination, rhythm, and musical sensitivity. The performances on vocal music, accompanied by traditional instruments such as tabla and harmonium, drew sustained appreciation from the audience. The concert stood as a powerful testimony to the idea that artistic excellence transcends physical limitations.

The program was attended by students, faculty members, staff, children of the Asare Trust, Hombelaku, and members of the public, who were deeply moved by the dedication, confidence, and artistry of the performers. The audience response was warm and encouraging, with repeated applause reflecting admiration for the musicians' skill and perseverance.

Before the commencement of the program, Dr Sulatha V Bhandary, Professor, Unit Chief, Department of Ophthalmology, KMC Manipal, gave a brief talk on the prelaunch of the Dristi Chakra bus project initiated by MAHE.

Overall, the music concert commemorating World Sight Day was an inspiring and meaningful cultural event. It not only provided a platform for visually impaired artists to showcase their talent but also reinforced MAHE's commitment to inclusivity, social responsibility, and the promotion of art as a medium of empowerment.

Children's Day Cultural Program–Ranga Nade (14 November 2025)

The CCC, MAHE, organized a special cultural program as part of the Children's Day celebrations on 14 November 2025 at 06:00 PM. The event was held at the 3rd Floor Auditorium, Dr TMA Pai Halls, KMC, Manipal, and showcased the artistic talents of children through music and traditional Yakshagana.

The evening commenced with a light flute concert presented by Master Sampreeth Nayak and Master Srijan Nayak. Their performance demonstrated commendable musical sensitivity and technical control, setting a serene and engaging tone for the program.

This was followed by "Ranga Nade", a vibrant Yakshagana Poorva Ranga and Oddolaga performance by Yaksha Geetham, Udupi. Designed specifically to introduce young audiences to the fundamentals of Yakshagana. The program highlighted key pre-theatre elements (Sabha Lakshana) such as Soothradhara, Balagopala, Shanmukha Subraya, and Peetika Sthree Vesha, offering insights into the structure and aesthetics of Yakshagana.

The Oddolaga segment illustrated the traditional entry of characters, featuring Pandavara Oddolaga, the entry of Sri Krishna, Bannada Vesha, Kirata Pade, and Yuddha Kunita. The colourful costumes, rhythmic movements, and expressive gestures captivated the audience, particularly the young viewers. The program also included a segment from the Yakshagana prasanga "Jambavati Kalyana", which was well received for its narrative clarity and dramatic appeal.

The program was conducted under the guidance of Himmela of Yakshagana Kendra, Indrali. The event witnessed enthusiastic participation from students, parents, faculty members, and staff, creating a lively and culturally enriching atmosphere.

Overall, the Children's Day program Ranga Nade was an engaging and educative cultural performance by children that successfully introduced the audience to India's rich performing arts heritage while encouraging appreciation for music, dance, and traditional theatre.

4 QUALITY EDUCATION

Odissi Dance Performance by Shree Rahul Acharya in association with SPICMACAY (08 December 2025 to 12 December 2025)

The CCC, MAHE, Manipal, in association with SPICMACAY, organized an Odissi dance performance by Shree Rahul Acharya, acclaimed as "The Divine Dancer", on 08 December 2025 at 6:30 PM. The program was held at the 3rd Floor Auditorium, Dr TMA Pai Halls, KMC, Manipal, and witnessed an enthusiastic gathering of students, faculty members, and lovers of classical dance.

The evening presented a captivating exposition of Odissi, one of India's oldest classical dance traditions, known for its lyrical grace, sculpturesque postures, and spiritual depth. Shree Rahul Acharya's performance reflected rigorous training, aesthetic refinement, and emotive storytelling, seamlessly blending abhinaya, lasya, and tandava elements. His expressive movements and nuanced interpretations brought alive the spiritual and mythological themes central to the Odissi tradition, leaving a lasting impression on the audience.

The performance was marked by precision, rhythmic clarity, and profound expressiveness, enabling the audience, especially students, to gain deeper insight into the philosophy and discipline of Indian classical dance. The program aligned closely with SPICMACAY's mission of promoting Indian classical arts among the youth through live demonstrations by accomplished artists.

As part of the same MAHE-SPICMACAY circuit 2025, Shree Rahul Acharya also conducted performances and lecture-demonstrations at various educational institutions of the Academy of General Education, Manipal, including Madhava Kripa School, Manipal; Bhandarkar's College, Kundapur; MGM College, Udupi; Bhuvanendra College, Karkala; Vijay College, Mulky; and KMC, Mangalore, thereby extending the outreach and educational impact of the program.

Overall, the Odissi dance performance by Shree Rahul Acharya was a spiritually enriching and aesthetically fulfilling experience. The event reaffirmed MAHE's commitment to cultural education and the promotion of India's rich classical heritage while providing students with a rare opportunity to engage closely with a master artist.

4 QUALITY EDUCATION

Cultural Program during the 100th MAHE Board Meeting Dinner (19 December 2025)

As part of the celebrations marking the 100th MAHE Board Meeting, the CCC, MAHE, organized an engaging cultural program on 19 December 2025 at the MAHE Beach Guest House, alongside the Board Meeting dinner. The program was curated to add artistic elegance and a festive spirit to this landmark institutional occasion.

The evening commenced with a unique Jugalbandi performance that brought together Mridangam, Flute, and Beatboxing, performed by students from TAPMI, Mr Samarth Bansal, Mr Vishwajit Hariharan, Mr Tanmay Kapur, and Mr Sreeram. This innovative fusion of classical rhythm, melodic flow, and contemporary beatboxing created a captivating musical dialogue and was met with enthusiastic appreciation from the audience.

This was followed by a soothing light music vocal performance by Ms Ujwala K R, a PhD scholar from Manipal College of Pharmaceutical Sciences (MCOPS). Her melodious rendition of popular compositions added warmth and charm to the evening, creating a relaxed and engaging atmosphere for the guests.

The cultural program concluded with a graceful contemporary dance performance by Ms Sneha Acharya. Her expressive movements and dynamic choreography brought a modern artistic touch to the event, effectively complementing the diverse musical presentations earlier in the evening.

The cultural program organized by CCC was well-received by the esteemed board members and invitees. By blending classical, contemporary, and fusion art forms, the program added a memorable cultural dimension to the 100th MAHE Board Meeting dinner, making the occasion both celebratory and enriching.

Kannada Drama Show – Kattale Rajyada Markata Raja (27 December 2025)

The CCC, MAHE, Manipal, organized an enchanting Kannada drama show titled "Kattale Rajyada Markata Raja" on 27 December 2025 at 06:30 PM. The program was held at the 3rd Floor Auditorium, Dr TMA Pai Halls, KMC, Manipal, and was attended by students, faculty members, staff, and theatre enthusiasts.

The play was presented by the talented children of Team Viprashree Kodavoor, under the direction of Mr Rajesh Bhat Paniyadi, a noted theatre artist. Despite their young age, the performers demonstrated remarkable confidence, stage presence, and expressive ability, captivating the audience throughout the performance.

Kattale Rajyada Markata Raja is a socially relevant and engaging theatrical presentation that blends humour, fantasy, and moral undertones. Through lively dialogue, vibrant costumes, and imaginative stagecraft, the play conveyed meaningful messages while remaining entertaining and accessible to audiences of all age groups.

The production was marked by effective use of music, movement, and visual elements, which enhanced the narrative flow and dramatic impact. The coordinated effort of the cast and creative team reflected disciplined rehearsal and strong artistic guidance by the director.

Overall, Kattale Rajyada Markata Raja was a delightful and inspiring cultural experience that highlighted the potential of young artists and reaffirmed MAHE's commitment to nurturing creativity, theatre arts, and cultural education within the academic community.

Conclusion

In 2025, the CCC of MAHE effectively carried forward its vision of nurturing artistic and cultural excellence. By organizing a wide array of performances, such as dramas, musical performances, dances, and large-scale festivals, CCC has played a key role in celebrating India's rich cultural legacy while simultaneously inspiring modern artistic expression among students and faculty. Unwavering support from MAHE top management and the enthusiastic involvement and positive response from the MAHE community further highlight CCC's significant contribution to strengthening cultural participation across the university.

Prepared by: Dr Shobha U Kamath (Chairperson, CCC MAHE); Dr Mohandas Rao K G (Secretary, CCC MAHE).

Centre for Continuing Education and Interprofessional Development (CCEID)

Address: Fifth floor, Health Sciences Library Building, MAHE, Manipal
Phone Number: 0820 2923444
Email (Office): cceid.mahe@manipal.edu
Deputy Director: elsa.sana@manipal.edu

Name of the Deputy Director: Dr Elsa Sanatombi Devi
Established: January 2019
Programs:

- Orientation programs and Continuing Professional Development Programs focusing on pedagogy, research, and academic leadership for MAHE faculty
- FAIMER Fellowship program in collaboration with the Foundation for Advancement of International Medical Education and Research (FAIMER), Philadelphia

About the Department:
The CCEID was established to lead, drive, and facilitate Continuing Professional Development (CPD) activities among the constituent institutions of MAHE. The Centre also provides consultancy services to academia and industry in India as well as abroad. CCEID has a unique governance model that utilizes a participatory approach wherein subject experts from MAHE serve as resource faculty on a voluntary basis for the various programs offered by the centre.
CCEID also conducts the international fellowship program in collaboration with the Foundation for the Advancement of International Medical Education and Research (FAIMER), Philadelphia, and the Canadian Interprofessional Health Collaborative (CIHC), Canada. The goal of the institute is to provide approaches and develop concepts that will help health policy-makers implement the elements of interprofessional education and collaborative practice, which will be supportive in their own jurisdiction. Commenced in 2015, this program has enrolled 235 fellows from many Indian states and a few from abroad. The representation of diverse professions has created a unique transdisciplinary model of faculty development capable of enhancing health outcomes in the region. Projects undertaken by MAHE FAIMER fellows have won accolades in national and international fora and found their place in reputed journals.

National consultations organized by MAHE-FAIMER Institute every year that focus on sustainable development goals (built environment, climate change, patient safety, good health and wellbeing, quality education, etc.) have generated valuable recommendations from stakeholders and are shared with relevant policy makers.

Institutional activities/curricular activities
Initiatives
CCEID offers an online **"Induction"** for the newly joined faculty members in association with the HR department of MAHE. This induction program familiarizes new joiners with the university's history, culture, values, and strategic as well as operating programs and policies. The **"Orientation program - [M-FITLAR]"** offered post-induction covers fundamentals in teaching-learning, assessment, research, and academic leadership. The unique blend of M-FITLAR introduces faculty to a comprehensive range of duties and responsibilities at their workplace. The program also assists them in identifying professional mentors in their career trajectory.

In addition, CCEID offers a **'Growth'** strand, which helps faculty focus on key areas in professional development. Themes covered include advanced topics related to teaching-learning, student assessment, research, and academic leadership. There is also a **'Succession'** strand, which is designed for senior academicians and administrators, so as to identify and create a talent pool of future leaders for the organization.

All other activities in the department relating to the program/course.

Digital Transformation Roadmap - SHIFT

MAHE is in the process of transforming its end-to-end education experience through a comprehensive future-gazing exercise. The success of which would be based on key stakeholders, i.e., leadership, department heads, faculty, staff, and students, understanding, accepting, and championing this initiative.

The output is a three-year strategic roadmap after having identified key problem areas and providing respective solutions to make MAHE the university of choice in India and globally.

Leaders at MAHE first conceived Project SHIFT as a catalyst to propel the university into a new future.

The idea was to embark on a journey that would help MAHE not only transform but also challenge traditional models, leading the way to a new era in higher education.

One of the most significant aspects of this endeavour was the decision to involve students, faculty, staff, parents, alumni, and industry in co-creating this future. We kept these stakeholders at the centre of every activity throughout the project to ensure that the resulting transformation roadmap addresses all the articulated and unarticulated needs of these important stakeholders.

Exhaustive primary research was conducted to understand MAHE in its entirety; obtain an inside-out and outside-in perspective of the university from the university's key stakeholder groups, i.e., leadership, students, teaching and non-teaching staff, researchers, parents, alumni and industry experts.

The research included an ethnography (in-depth interviews and focus group discussions) with key stakeholder groups and a quantitative survey with students across all MAHE's constituent institutes. Through this research, MAHE's key strengths, weaknesses, associations and consideration drivers were identified, which were then analysed alongside the disruption scan to arrive at ten key opportunity areas for MAHE's improvement.

MAHE has been investing in these digital transformational projects year on year, and three projects were taken up for implementation during the year 2025.

(SLCM V2.0) Student Life Cycle Management Software Project

Major Milestone Achieved: Roll out of the Attendance and Timetable Module of SLCM v2.0 for Pilot Institute (TAPMI, MIT, KMC Manipal, Bengaluru and MTMC Jamshedpur) completed in December 2024, post-production is getting configured. UAT for all the modules has been planned for and completed during May 2025. Go Live for all 38 Institutes of MAHE, covering more than 35,000 users, has been completed during July and August 2025. Also, results have been processed and published in December 2025 related to the odd semester.

Description:

MAHE has initiated a robust and scalable Student Lifecycle Management project to replace the existing SLCM Platform. Through the SLCM Application, MAHE seeks to provide all the following modules:

- Mentor Mentee Mapping
- Attendance
- Internal Marks
- Midterm Marks
- Exam Scheduling
- Student Feedback
- End Term Marks
- Evaluation
- Demand generation
- Course Fee Payment
- Makeup Exam Option Availability

Enterprise Resource Planning:

Major Milestone Achieved:

- MAHE has initiated an ERP implementation project of a new ERP solution to upgrade the legacy Finance, Purchase and Inventory solution to make it more robust, scalable, and reliable.
- Development phase-wise is ongoing, MVP1 development was completed in December 2024, and post-testing issues are being fixed in phase 2 (MVP2).
- Requirement Gathering and To Be document sign-off completion is expected for Purchase, Projects, Inventory and Stores by January 2025. General Service and Finance is expected to be completed by February 2025. Development is ongoing side by side.
- Technical Go Live has been planned for January 2026. The business go-live has been planned for April 2026.

The Key objectives of implementing the new Finance solution are:

- Seamless Integration - To seamlessly integrate financial and procurement modules to streamline operations, reduce manual data entry, and ensure data accuracy.
- Enhanced Financial Management - To improve financial controls, budgeting, forecasting, and reporting capabilities for better financial decision-making and compliance.
- Efficient Procurement - To automate and optimize procurement processes, vendor management, and purchase requisition workflows, reducing costs and enhancing vendor relationships.
- Real-time Insights - To provide real-time access to financial and procurement data through dashboards, reports, and analytics, enabling data-driven decision-making.
- Scalability - To accommodate the growth of the institution and adapt to evolving business needs by offering a scalable and future-proof ERP solution.
- User-Friendly Interface - To ensure user adoption and productivity, the ERP system should have an intuitive and user-friendly interface.

Digital Marketing Campaign, CRM, and Admission initiatives

Major Milestone Achieved:

The project has achieved significant milestones, including the successful deployment of a custom admission flow for TAPMI, processing 6,500+ applicants and issuing 2,000+ offer letters with 1,100+ fee collections. An automated roll number system was implemented for 1,100+ paid candidates, while Marketing Cloud now syncs parent details for targeted communications. Additionally, email functionality was streamlined into three efficient approaches: Education Cloud, Marketing Cloud API, and automation.

Description:

The scope of work ensures a holistic approach to digital marketing, CRM, and admission initiatives at MAHE, aligning with institutional goals for student engagement, recruitment, and satisfaction.

These initiatives collectively aim to boost MAHE's reputation, attract the right students, provide a personalized and efficient experience throughout their journey, and contribute to the overall success and satisfaction of students at the institution. The use of digital marketing, CRM systems, and admission strategies aligns with modern trends in higher education and helps MAHE stay competitive and student focused. Below are the key objectives:

1. Digital Marketing Campaign
2. Customer Relationship Management (CRM)
3. Admission

Learning Management System (LMS)

Major Milestone Achieved:

- LMS went live in September 2024. Adoption is in process along with postproduction fixes.
- Complete 42 institutes have been onboarded.
- Total number of users in LMS: 32,976 (active users)
- Planning of 2,500 (PhD scholars) to be onboarded by July 2026

Description:

Learning Management System is an innovative, cloud-based Learning Management System from D2L (Desire to Learn) for creating, hosting, and editing online learning resources. It contains a flexible suite of tools to create content aligned to outcomes in a course as well as adding content from other tools, like linking to Google Drive, OneDrive™, web links, videos, external learning activities, and more. Video note allows users to record short videos and add them anywhere the HTML editor is available. To help ensure all users can learn without barriers, closed captions are automatically created. An online library for storing, managing, and sharing your learning resources.

From one central spot on a course homepage, faculties and students can communicate easily about upcoming assignments, new content, or discussions, knowing that their content will be seen by everyone. To access a Brightspace LMS application without having to log in, that is, without having to enter username and password credentials each time, single sign-on is available from the Institution Microsoft Office application.

Brightspace is designed for the mobile world—and the platform can be accessed from any mobile device for a true anywhere, anytime, any device learning experience. The mobile app i.e., "Pulse", is optimized to make it super easy for students to complete the tasks and receive push notifications to stay on track.

LMS implementation was completed for all institutes by December 2025.

Almashines - Alumni Engagement Portal and App

Major Milestone Achieved:

- Go Live completed in September 2024.
- Key User adoption training first round completed in October 2024.
- Postproduction activity on-going, along with the onboarding of 17 pending institutes, has been completed by March 2025.

Description:

Almashines is a comprehensive alumni management platform to drive alumni engagement, boost their participation in events, reconnect with unengaged alumni and lay a strong foundation for lifelong relationships.

The Almashines – Alumni Engagement Portal and App has been implemented for MIT, Manipal, during the year 2021-22. During the previous years, the platform has been implemented for 11 institutions. The remaining 30 institutes and University Teaching Departments will be implemented from 01 April 2024 onwards.

UX/UI

Major Milestone Achieved:

- The Website UX/UI design has been completed and approved in August 2025.

Description:

MAHE has initiated UX Strategy, UX/UI & Digital Design, and Tech Development to develop a holistic and cohesive experience that embodies its status as an Institution of Eminence across various educational disciplines–Health Sciences, Technology, Management, and Allied Sciences. The aim is to create a unified, world-class digital experience that seamlessly integrates the flagship website (manipal.edu) and diverse application portals, emphasizing a "MobileFirst" approach to accommodate a substantial mobile and tablet user base. Providing an initial usability/UX assessment, as well as continuous monitoring, reporting and ongoing excellence in user experience for all users of MAHE digital assets.

Website Development

Major Milestone Achieved:

- Vendor finalised and SOW completed.
- The website project was commenced during September 2025 and planned to go live during July 2026.

Description:

MAHE has initiated to create a state-of-the-art Digital experience Platform that revolutionizes the way MAHE as a brand is perceived by all the target diverse audience including students, faculty, staff, alumni, and external stakeholders. Our platform will serve as a transformative digital platform, connecting internal and external stakeholders worldwide. It will offer a user-friendly and intuitive interface that facilitates a seamless journey for users to browse and find the required information on the website and engage them in interactive personalised content, simplifying acquisition.

IT Service desk implementation

Major Achievements:

- Number of CR/SRs received and completed across all domains, like Network, on average for IT is 49,422/week, and resolution is 48,922/week.
- MAHE has implemented an IT Service Desk on the Freshservice platform during the year 2021, and all IT-related services for staff members at the Manipal and Mangalore campuses. And have extended the IT Service Desk services to TAPMI, Manipal, and MAHE Bengaluru Campus and Jamshedpur Campus by April 2024, including the IT support of students.

Planned Activity:

Service Desk enhancement for Automation - Ticket diversion and integration with service providing departments initiated in December 2024. The project has been completed during June 2025.

HRMS (Human Resource Management System)

Description

The HRMS Software Project was started in October 2023 to replace the existing MSPM HR Solution. Currently, Darwinbox is being implemented for 10,000 users with a comprehensive portal. It is a cloud-based Integrated HR platform that automates HR processes, engages and empowers employees while automating and simplifying all HR processes. The Darwinbox HRMS software is expected to go live in April 2025. However, due to platform incapability to support the complete Payroll Module, it has been decided to terminate the Darwinbox HRMS Project during August 2025.

It has been decided to explore a new solution for HRMS software. The new HRMS software solution will be identified and finalised during January 2026.

HMS (Hostel Management System)

Major Milestone Completed

- The HMS Project kick-off was done during March 2025
- The first phase of go-live was completed in July 2025

Description

Hostel management system software manages all hostel activities, like hostel allotment, shifting, vacating, fee payment and generation of related reports for smooth transactions. It is also used to manage monthly bill calculation. The key features include:

- Modules covering room preference submission, room allotment, waiting list, vacating, and notification services.
- Integration with payment gateway, ERP, and external hostel mess systems.
- Scalable and secure IT infrastructure.
- Biometric Attendance System Integration
- Room Management
- Announcement and activities support
- Dashboard

The solution will be developed in two phases. The first phase will cover the basic operations like student enrolment, room allocation/de-allocation and related financial integrations. The second phase will cover the additional functionalities like biometric integrations, self-service like room/announcement management, and related integrations.

Services Portal

Major Milestone Completed

- The project was initiated in March 2025
- The first phase of the project has been completed and has gone live on 01 January 2026

Description

The Services Portal is a unified platform to host the services offered and events organized by MAHE. The solution offered should serve the specific needs of each service provider (like Lab, swimming pool, etc.) and also should satisfy the finance department mandate of consistent handling of the payments and payment-related reconciliations that take place at the finance application.

The following are the various services and events that are to be brought under a single platform:

- Library Internet and Xerox Billing
- Student Event – General
- Utsav, Tech Tattva, Revels Events
- Marena Manipal/Bengaluru/Mangalore
- Alumni Privilege Card and Coursera Fees – MIT campus
- Conference and Workshop Manipal and Bengaluru
- MIT Swimming Pool
- MAP/Audio Visual Billing/Forensic Medicine Billing
- Vehicle Registration
- Consultancy services offered by different labs/COEs of MAHE

  In the first phase, the following line items are covered
- Library Internet and Xerox Billing
- Conference and Workshop Manipal and Bengaluru
- MAP/Audio Visual Billing/Forensic Medicine Billing
- Vehicle Registration - Admin Portal based Bulk Billing
- Consultancy Services offered by different Labs/COEs of MAHE

Student Finance and Hostel Finance Project

Major Milestone Completed

- The project was initiated in August 2025
- The planned go live of the project will be in April 2026

Description

The Student Finance and Hostel Finance Modules will be developed on the SLCM 2.0 Platform (Salesforce Education Cloud). The purpose of the Student and Hostel Finance Application is to provide a comprehensive and streamlined platform that efficiently manages the financial details of a student through his academic and hostel journey. Through the Student and Hostel Finance Application, MAHE seeks to achieve the following coverage:

Student Finance:

- Manage Revenue Recognition
- Demand Generation, Fee Notification
- Managing payments for:
- Course Fee Payment – Promotion and non-promotion cases
- Student Exchange Programs
- Other Academic Fees – Reject and Rejoin, Re-registration, Re-evaluation, Make-up, Certificate Fees, Duplicate Grade sheets/Transcripts
- NRI Student Payments, Institute Transfers, Exchange Program
- PhD Students' Fee Payments, Fee Demand
- Academic Withdrawals and Refunds
- Additional Fee and Scholarship Payments
- Caution Fee Deposit
- Fine/Charges
- Certificate Portal Integration
- Manage Admission withdrawal and refunds. Issuing of fee certificates for education loan
- Maintain relevant General Ledgers as per the chart of accounts to record the transactions related to student finance
- Reports – Customized reports as per client requirements
- Integration of Student Finance application with Business Central ERP system
- Integration with Campus CRM and Campus SLCM modules
- Integration with Online programs Lead-square (CRM) and Salesforce (SLCM)

Hostel Finance:

- Integration with Hostel Management System (HMS)
- Utility Billing and Advances
- POS Payments
- Appliance Management
- Demand Generation and Fee Reconciliation
- Refunds, Late Fees and Penalty Management
- Maintain relevant General Ledgers as per the Chart of Accounts, to record the transactions related to Hostel Finance
- Reporting and Auditing: Reports –
- Reports to be developed based on the named reports in the business scope
- Integration of the Hostel Finance application with the Business Central ERP system

Brief About the Department of Student Affairs

Vision: To facilitate students' transformation into confident and successful individuals that are worthy citizens of their country

Mission: To ensure holistic development and a healthy study and work atmosphere for all students of MAHE

Objectives

(i) To address student concerns with need-based counselling

(ii) To facilitate and provide holistic healthcare

(iii) To effectively address student grievances with appropriate redressal mechanisms.

The Department of Student Affairs (DSA) at MAHE, Manipal, is committed to enhancing student well-being and campus life. It provides comprehensive support through counselling services, access to medical facilities, and academic assistance such as tutoring and workshops. The DSA also oversees student clubs, organizes cultural, sports, and academic events, and implements welfare initiatives including scholarships, financial aid, and emergency support.

The department ensures a transparent system for addressing student grievances related to academics, hostel, and campus life. Led by experienced professionals, the DSA collaborates with university departments and external partners to deliver various

programs, including leadership and wellness initiatives, diversity and inclusion efforts, sustainability activities, and support for international students. Overall, DSA plays a vital role in fostering a holistic, supportive, and enriching campus environment.

Manipal Campus

Activities/Workshop/Seminar/Training, etc.

1. **01 February 2025: Mental Health, Emotional Intelligence, and Community Visit**

Report

The Department of Student Affairs, MAHE Manipal, conducted an awareness program on mental health and emotional intelligence at Konchadi Radha Shenoy Government Higher Primary School, Karvikere, Gangolli. The program aimed to promote holistic development among school students through interactive sessions and discussions. Dr Geetha Maiya, Director, Department of Student Affairs at MAHE Manipal, and her team served as resource persons, emphasizing the importance of emotional well-being and healthy lifestyle practices from an early age.

2. **04 and 05 February 2025: Empowering Educators: Enhancing Counselling Skills for Student Support – Series 4.0**

Report

The Department of Student Affairs, MAHE Manipal, organized a two-day workshop titled "Empowering Educators: Enhancing Counselling Skills for Student Support – Series 4.0." The program focused on strengthening educators' counselling competencies, improving communication skills, and enhancing their ability to identify and support students facing academic and emotional challenges, thereby promoting a supportive learning environment.

3. **04 February 2025: Installation Ceremony of Think Tank Club**

Report

The Think Tank Club under the Department of Student Affairs, MAHE Manipal, conducted its Installation Ceremony at KMC Interact Hall, Manipal. The event marked the formal induction of student leaders and promoted critical thinking, leadership, and innovation. The ceremony encouraged student participation in intellectual dialogue and institutional engagement.

4. **15 February 2025: Outbound Activity for Staff**

Report

An outbound activity was organized for the staff of the Department of Student Affairs, MAHE Manipal, at Tinton Adventure Resort, Kundapura. Conducted under the leadership of Dr Geetha Maiya, the program aimed to enhance teamwork, leadership skills, stress management, and interpersonal relationships, contributing to workplace well-being and productivity.

5. 01 March 2025: Bharatiya Bhasha Utsav

Report

The Department of Student Affairs, MAHE Manipal, in association with Manipal College of Dental Sciences, organized Bharatiya Bhasha Utsav at KMC Greens, Manipal. As part of the NEP SAARTHI initiative, the event celebrated India's linguistic and cultural diversity through performances, traditional art forms, and cultural exhibitions, fostering respect for mother languages and heritage.

6. 21 and 22 March 2025: Empowering Educators: Enhancing Counselling Skills – Series 5.0

Report

The Department of Student Affairs, MAHE Manipal, conducted Series 5.0 of the "Empowering Educators" workshop. MAHE student counsellors presented role plays highlighting real-life counselling scenarios, focusing on empathetic listening, communication, and effective intervention strategies to support student well-being.

7. 23 March 2025: Fireside Chat – Think Tank Club

Report

The Department of Student Affairs and the Think Tank Club, MAHE, hosted a Fireside Chat with actor and poet Chintan Rachchh. The interactive session provided students with insights into creative careers, self-expression, and personal growth, encouraging open dialogue, inspiration, and experiential learning.

8. 29 March 2025: From Investigation to Action: Workshop for Enquiry Committee Members

Report

The Department of Student Affairs, MAHE Manipal, organized a workshop titled "From Investigation to Action" for the enquiry committee members. The program focused on strengthening skills related to grievance redressal, disciplinary procedures, and ethical decision-making, promoting transparency and accountability within institutional processes.

9. 25 April 2025: From Investigation to Action – Health Sciences

Report

A specialized workshop titled "From Investigation to Action" was conducted for Health Science institutions of MAHE. Student counsellors presented structured role plays depicting student and faculty challenges, facilitating awareness, dialogue, and effective problem-solving in academic environments.

10. 09 and 10 May 2025: Empowering Educators: Enhancing Counselling Skills – Series 6.0

Report

The Department of Student Affairs, MAHE Manipal, organized a two-day workshop under Series 6.0 focusing on counselling skills for educators. The sessions addressed empathetic listening, student distress identification, communication strategies, and work-life balance. Role plays by student counsellors demonstrated practical approaches to student support.

11. 15 May 2025: Strengthening Self and Supporting Others – International Nurses Day

Report

On the occasion of International Nurses Day, a program titled "Strengthening Self and Supporting Others" was conducted at Fortune Academy of Health Sciences. Sessions addressed professionalism, stress management, addiction awareness, yoga, and mental well-being, emphasizing resilience, compassion, and self-care among nursing students.

12. 15 May 2025: Enhancing Caretaker Capacity to Recognize Vulnerable Residents – Health Science Hostels

Report

The Department of Student Affairs, MAHE Manipal, organized a one-day workshop for Health Science hostel caretakers at MAHE Guest House, Kadike. The program included yoga, CPR training, awareness on sexual harassment prevention, group discussions, and role plays, enabling caretakers to identify and support vulnerable students effectively.

13. 16 May 2025: Enhancing Caretaker Capacity to Recognize Vulnerable Residents – Technical Science Hostels

Report

The Department of Student Affairs, MAHE Manipal, conducted a one-day workshop for Technical Science hostel caretakers at Interact, MAHE. The sessions included

yoga, CPR training, prevention of sexual harassment, interactive discussions, and role plays, strengthening caretakers' capacity to ensure student safety and well-being.

14. 10 May 2025: "Strengthening Self and Supporting Others" – Yoga for Better Mental Health

Report

The Department of Student Affairs, MAHE Manipal, inaugurated the "Strengthening Self and Supporting Others" initiative on 10 May 2025 at the open ground near Manipal College of Pharmaceutical Sciences. The program focused on promoting mental and physical well-being through yoga and holistic wellness activities. The session was addressed by Dr Geetha Maiya, and Chief Guest Dr Sulatha Bhandary emphasized the importance of self-care, while yoga sessions were conducted by Dr Annapoorna. The event also included a tree plantation drive and the announcement of a series of wellness activities, reinforcing MAHE's commitment to a healthy and sustainable campus environment.

15. 21 May 2025: "Strengthening Self and Supporting Others" – Barkur

Report

The Department of Social Work, Rukmini Shedthi Memorial National Government First Grade College, Barkur, in collaboration with the Department of Student Affairs, MAHE Manipal, organized a half-day workshop titled "Strengthening Self and Supporting Others" on 21 May 2025. The program included sessions on personal and professional development, medical and psychiatric social work, anxiety management, understanding depression, and the role of yoga in mental health. The workshop aimed to equip social work students with practical tools and awareness, emphasizing mental well-being, self-growth, and the importance of supporting others.

16. 29 May 2025: World Environment Day Celebration at Government High School, Shetti Bettu, Parkala

Report

The Karnataka State Pollution Control Board (KSPCB), Mangalore and Udupi Divisions, in collaboration with the Department of Student Affairs, MAHE Manipal, organized a World Environment Day celebration on 29 May 2025 at Government High School, Shetti Bettu, Parkala, Udupi. The program included a symbolic tree plantation drive and awareness sessions on environmental conservation, plastic pollution, and sustainable living practices, aiming to foster environmental responsibility among school students.

17. 31 May 2025: Enhancing Caretaker Capacity to Recognize Vulnerable Residents – Hostel Caretakers (III Batch)

Report

The Department of Student Affairs, MAHE Manipal, conducted the third batch of the workshop titled "Enhancing Caretaker Capacity to Recognize Vulnerable Residents" on 31 May 2025 at the Counselling Hall, MAHE. The program trained 68 hostel caretakers to identify and support students facing psychological and social challenges. Sessions included prevention of sexual harassment, CPR demonstration, interactive group discussions, and role plays highlighting empathy and early intervention. The workshop strengthened caretaker sensitivity and reinforced MAHE's commitment to a safe, inclusive, and student-centric residential environment.

18. 24 June 2025: "Strengthening Self and Supporting Others" – Capacity-Building Workshop for Housekeeping Staff

Report

On 24 June 2025, the Department of Student Affairs, MAHE Manipal, conducted a capacity-building workshop titled "Strengthening Self and Supporting Others" at TMA Pai Hall, reaching over 240 housekeeping staff across two batches. The program aimed to equip participants with skills to identify and support at-risk students, while promoting personal well-being and workplace harmony. Sessions included prevention of sexual harassment, CPR awareness, yoga and wellness, and interactive group discussions on student care, addiction awareness, and work-life balance. The event was supported by senior leadership and concluded with participants taking an oath for a drug-free India, reinforcing MAHE's commitment to a safe and responsive campus.

19. 26 June 2025: International Day Against Drug Abuse – Awareness Programme

Report:

On 26 June 2025, MAHE Manipal, in collaboration with Dr. A. V. Baliga Memorial Hospital, Udupi District Police, Kamal A Baliga Charitable Trust, and the Department of Pre-University Education, organized an awareness programme themed "Breaking the Chains: Prevention, Treatment and Recovery for All" at Dr TMA Pai Halls, KMC, Manipal. The event brought together students, educators, mental health professionals, and law enforcement to address substance abuse. Sessions covered causes of drug abuse, legal aspects, behavioural addictions, coping strategies, and rehabilitation, reinforcing community commitment to a drug-free and mentally healthy society.

20. 30 June 2025: Training Workshop on Managing Animal-Related Issues on Campus

Report:

The Department of Student Affairs, MAHE Manipal, in collaboration with the One Nature – Animal Welfare Club, organized a training workshop on 30 June 2025, at KMC Interact Hall for campus security personnel. The workshop focused on humane,

responsible, and effective approaches to managing animal-related issues on campus, including understanding animal behaviour, legal awareness, emergency response, and promoting peaceful co-existence. The initiative emphasized empathy, preparedness, and collaboration, reflecting MAHE's commitment to a safe, compassionate, and sustainable campus environment.

21. 14 to 18 July 2025: Student Induction Program – Awareness Sessions at MIT Manipal

Report

As part of the student induction program at Manipal Institute of Technology (MIT), Manipal, the Department of Student Affairs, MAHE, conducted a series of awareness sessions from 14 to 18 July 2025 for all 32 sections of first-year students. Led by Dr Geetha Maiya, Director, and supported by Deputy Directors and Student Counsellors, the sessions focused on managing emotions to enhance emotional intelligence and mental well-being, and on Prevention of Sexual Harassment (PoSH) to promote respectful conduct and legal awareness. The program reinforced MAHE's commitment to a safe, inclusive, and supportive academic environment.

22. 29 July 2025, Workshop on Emotional Intelligence and Prevention of Sexual Harassment – Department of Basic Medical Sciences

Report

The Department of Basic Medical Sciences, MAHE Manipal, organized a half-day workshop on the need and importance of emotional intelligence and the Prevention of Sexual Harassment at the Workplace. Resource persons included Dr Geetha Maiya, Ms Shilpa Joshi, and Dr Rayan Charles Mathias from the Department of Student Affairs. The workshop fostered understanding of emotional intelligence, empathy, communication, and workplace ethics, while promoting a safe, respectful, and inclusive work environment through interactive discussions and activities.

23. 12 August 2025: Anti-Ragging Observation Week – MAHE

Report

MAHE inaugurated its Anti-Ragging Observation Week on 12 August 2025, coinciding with International Youth Day 2025. The event featured a street play by MCHP students highlighting the harms of ragging, along with speeches by the Vice Chancellor, Superintendent of Police, Registrar, Dean, and legal expert Advocate Latha Holla. Dr Geetha Maiya welcomed participants, followed by ceremonial lamp lighting, a floral tribute to Dr TMA Pai, and the Nasha Mukt oath. Over 500 students participated in workshops, awareness drives, legal sessions, and cultural activities, promoting a safe, respectful, and inclusive campus.

24. 14 August 2025: Partition Horrors Remembrance Day – MAHE

Report

The Department of Student Affairs, MAHE Manipal, observed Partition Horrors Remembrance Day on 14 August 2025 at the Counselling Hall, Edu Building. The program was presided over by Dr H S Ballal, Pro Chancellor, with Lt Gen (Dr) M D Venkatesh, Vice Chancellor, MAHE, as Chief Guest. The event paid tribute to the countless lives affected during the Partition and highlighted the importance of remembering history to promote peace, unity, and resilience among the campus community.

25. 24 August 2025: TEDxMAHE 2025 – "Portrait of a Mind"

Report

The Department of Student Affairs, TEDxMAHE, organized TEDxMAHE 2025 on 24 August at the MIT Library Auditorium, themed "Portrait of a Mind." The event featured speakers including Mr Aaquib Wani, Ms Simrun Chopra, Mr Vivek Atray, Mr Shah Umair, Ms Nalina Sareen, and Ms Chetan Jaydeep, who shared insights on creativity, resilience, and innovation. Students, faculty, and guests actively participated in interactive sessions, fostering dialogue, inspiration, and holistic learning. The program promoted critical thinking, leadership, and personal growth, reflecting MAHE's commitment to cultivating a vibrant intellectual and innovative campus environment.

26. 21 and 22 August 2025: Orientation Program – Welcomgroup Graduate School of Hotel Administration (WGSHA)

Report

The Welcomgroup Graduate School of Hotel Administration, MAHE Manipal, organized an orientation program for newly admitted graduate students on 18, 21, and 22 August 2025. Sessions were focused on Emotional Intelligence and the Management and Prevention of Sexual Harassment at the Workplace. Led by Dr Geetha Maiya and student counsellors Ms Karuna Devadiga and Mr Calvin Dsouza, the program enhanced life skills, promoted workplace sensitivity, and nurtured professional values among the students, reflecting MAHE's commitment to holistic student development and a safe, inclusive academic environment.

27. 23 September 2025: Discussion with MAHE Ombudsperson – Justice B A Patil

Report

The Department of Student Affairs, MAHE, organized an insightful discussion with the MAHE

Ombudsperson, Honourable Justice B A Patil, on 23 September 2025.

The session began with a welcome address by Dr Geetha Maiya, Director, Student Affairs, and Mr Vasanth Krishna, Legal Consultant. Students, faculty, wardens, and caretakers participated, engaging in meaningful dialogue on governance, ethics, and student welfare. Following the discussion, Justice Patil interacted with the MAHE leadership team and visited the Manipal Hospice and Respite Care Centre (MHRC) to understand its impactful initiatives, reflecting MAHE's commitment to ethical leadership and community engagement.

28. 26 and 27 September 2025: Leadership Training Camp – In Collaboration with M R Pai Foundation

Report

The Department of Student Affairs, MAHE Manipal, in collaboration with the M R Pai Foundation, organized a two-day Leadership Training Camp on 26 and 27 September 2025. Held in memory of Shri M R Pai and supported by the Forum of Free Enterprise, Mumbai, the program aimed to empower students through experiential learning, leadership insights, and value-based training. The camp fostered skills in teamwork, responsibility, and vision, enabling participants to develop leadership qualities and contribute meaningfully to society.

29. 29 September 2025: Awareness Workshop on Suicide Prevention – Creating Safe Spaces

Report

The Department of Student Affairs, MAHE Manipal, organized an awareness workshop on Suicide Prevention on 29 September 2025 at the Medical Education Hall, EDU Library Building. The session aimed to foster understanding, compassion, and resilience by promoting safe and supportive spaces. Dr Tessy Treesa Jose, Associate Dean, Manipal College of Nursing, was the Chief Guest, and resource persons from the Department of Psychiatry, KMC, shared insights on recognizing warning signs, providing support, and building a caring campus culture. The workshop inspired participants to advocate empathy, awareness, and hope.

30. 11 October 2025: Run for Mental Health 2025 – MAHE

Report

The Department of Student Affairs, MAHE Manipal, in collaboration with the Student Support Team, FITVIB, VSO, and the Sports Committee, organized the Run for Mental Health on 11 October 2025 at the EDU Building. Supported by Federal Bank, Karnataka Bank, Bank of Baroda, KNND Bangalore, and Canara Bank, the event commemorated World Mental Health Day. It promoted mental health awareness, physical well-being, and community

engagement among students and staff, with enthusiastic participation reflecting the message "Running Towards Wellness, Together."

31. 28 October 2025: Investiture Ceremony – Girl Up MAHE Manipal

Report

The Department of Student Affairs, MAHE Manipal, organized the first Investiture Ceremony of Girl Up MAHE, celebrating leadership, empowerment, and social responsibility among students. The newly invested council received their badges, symbolizing courage, compassion, and commitment to gender equality. The event emphasized creating inclusive spaces where every voice is heard and every girl is empowered to lead, reflecting MAHE's dedication to student leadership development and social impact initiatives.

32. 19 November 2025: Flea Market – Girl Up MAHE Manipal

Report

The Department of Student Affairs, MAHE Manipal, in collaboration with Girl Up – MAHE Students' Club, organized a vibrant Flea Market on 19 November 2025 at the MMC Lobby Area. The event brought together students, creators, and entrepreneurs, providing a lively platform for expression, engagement, and community building, while fostering creativity, collaboration, and an inclusive campus culture.

33. 14 December 2025: Beach Yoga '25 – MAHE Manipal

Report

The Department of Student Affairs, MAHE, in collaboration with FitVib, KMC Manipal, organized Beach Yoga '25 on 14 December 2025 at Kadike Beach. The event, themed "Strengthening Self and Supporting Others," brought together students and staff for guided yoga and Zumba sessions, promoting physical fitness, mental well-being, mindfulness, and community bonding. Aligned with Viksit Bharat Abhiyan and FIT India initiatives, the program encouraged self-care, resilience, peer support, and a positive health-conscious campus culture, with enthusiastic participation reflecting MAHE's commitment to holistic well-being.

Mangalore Campus

1. 10 January 2025: Awareness Talk on Substance Use

Mr Ashok Pujari, Superintendent of Excise, Office of Joint Commissioner of Excise, Mangalore Division, delivered a session for first-year MBBS students on preventing narcotic/psychotropic drug abuse, its harmful effects, and legal implications.

This initiative was part of the State Excise Department's Drug-Free Dakshina Kannada Program.

2. 26 January 2025: Republic Day

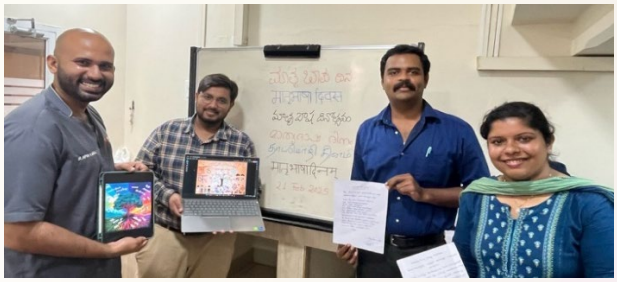
Kasturba Medical College, Mangalore, commemorated Republic Day 2025 with patriotic fervor and enthusiasm. The event was graced by Dr Pavan Hegde (MBBS Batch of 1984), Professor of Paediatrics, Father Muller Medical College, as the Chief Guest. Dean Dr B Unnikrishnan welcomed the gathering, followed by the flag unfurling and an inspiring Republic Day message by Dr Pavan Hegde, emphasizing the importance of dedication to the nation's progress. The student team added to the patriotic spirit with soulful performances of national songs. A special highlight of the event was the felicitation of the doctors and nurses, recognizing their role in a historic first-ever organ donation in the District Government Wenlock Hospital's 176 year legacy. The celebration embodied patriotism, teamwork, and medical excellence, reflecting KMC's commitment to healthcare and national service.

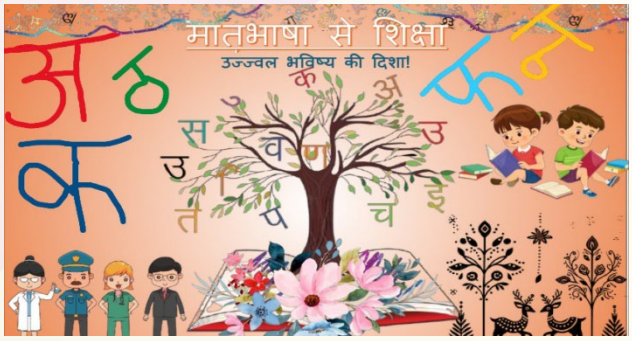
3. 26 January 2025: Fit India Program

The Manipal Marathon promo run was held on 26 January 2025 at the MAHE Mangalore campus, with enthusiastic participation. Flag off by Dr Murali Srinivasan, an alumnus of the 1989 batch, consultant Neurologist, and chief of medical services, at Manipal Hospitals, Bangalore, Mr Vasudev Kamath, and Mr Chandrashekhar Shetty, the run saw great energy and community spirit. The closing ceremony was presided over by Pro Vice Chancellor Dr Dilip G Naik. The event was supported by the Mangalore Runners Club (MRC) and KMC Hospital, Ambedkar Circle.

4. 21 February 2025: Matribhasha Diwas

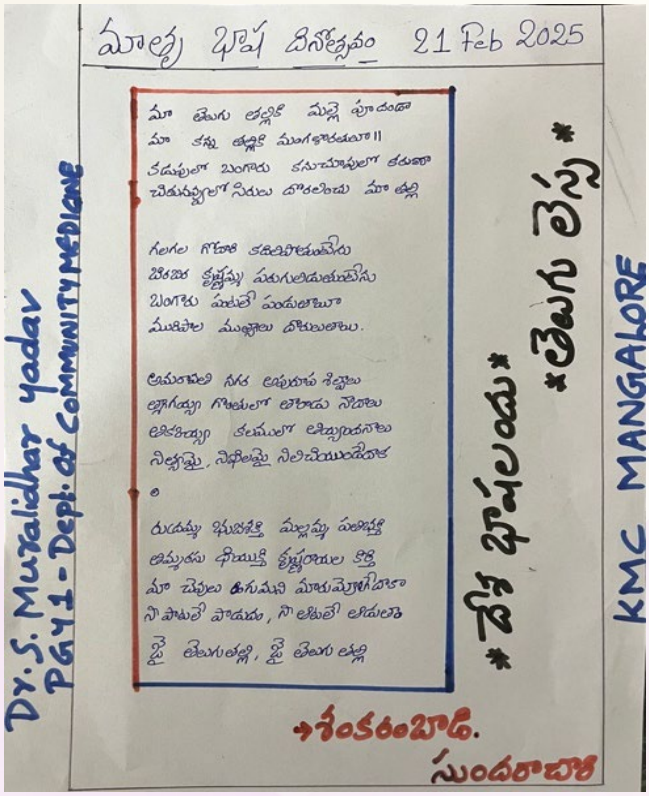
As part of the Matribhasha Diwas celebrations, KMC Mangalore organized poster-making and poetry competitions, engaging students in creative expression of their linguistic heritage. The event aimed to instill pride in their mother tongues and emphasize the role of language in cultural identity. Poster Making Competition: Participants showcased visually compelling posters reflecting themes of multilingualism, cultural diversity, and the significance of mother tongue in education and communication. Poetry Competition: Students composed and recited poems in various Indian languages, celebrating linguistic traditions and the beauty of native expressions. Both activities received enthusiastic participation from students, fostering awareness about the linguistic diversity of India and its role in knowledge development and heritage preservation. Outcome: The event successfully highlighted the importance of mother tongue in education, research, and communication, reinforcing the cultural and intellectual significance of linguistic diversity.





5. 01 March 2025: Bharatiya Bhasha Utsav

The Department of Student Affairs MAHE, in Association with Manipal College of Dental Sciences MAHE Manipal organized "Bharatiya Bhasha Utsav" on 01 March 2025 at KMC Greens, Manipal. Bharatiya Bhasha Utsav is a NEP SAARTHI activity - an initiative by UGC, India, with the objective of promoting and preserving mother languages. 20 of our students participated in the event.



6. International Yoga Day Celebrations: 02 to 21 June 2025

Essay Writing Competition

To promote a deeper understanding of yoga and its holistic benefits, an Essay Writing Contest was conducted on 02 June 2025 at the Bejai campus, as part of the International Yoga Day celebrations. The event witnessed insightful and well-researched submissions, reflecting a profound awareness of yoga's impact on physical health, mental peace, and overall well-being.

Poster Making Competition: As part of the International Yoga Day celebrations on 21 June, a Poster Making Contest was organized on 16 June at Bejai Campus, to encourage students to express the essence of yoga through art. The theme, "Yoga for Wellness," inspired participants to creatively depict the benefits of yoga for physical and mental well-being.

Slogan Writing Contest

As a creative initiative to mark International Yoga Day, a Slogan Making Contest was held online inviting students to craft catchy and meaningful slogans that captured the spirit of yoga. The contest highlighted the participants' ability to convey impactful messages in just a few words. All three events highlighted the importance of yoga in daily life and saw enthusiastic participation of around 45 plus students across various batches. The prize winners were awarded during the International Day of Yoga celebrations on 21 June 2025.

Yoga Demonstration

A yoga demonstration session was organized at Bejai campus, on 20 June 2025 in collaboration with Yenepoya Naturopathy and Yogic Science College and Hospital, Deralakatte, Mangalore and National Institute of Naturopathy, Pune. Dr Sangeetha Laxmi, Associate Professor, Yenepoya Naturopathy and Yogic Science College and Hospital was the resource person. More than 100 participants were actively involved in this event, which included undergraduate and postgraduate students, staff members and faculty.

Yoga Sangam 2025

Yoga Sangam 2025 was organized at Kasturba Medical College, Mangalore, on 21 June to commemorate the **International Day of Yoga**. The event brought together students, faculty, and staff to promote physical and mental well-being through yoga practice. The Common Yoga Protocol, led by a certified yoga instructor focusing on asanas, pranayama, and relaxation techniques was conducted to mark the day. Over 50 participants, including students, faculty members, and support staff, took part in the session.

7. Samvidhan Hatya Divas: 05 July 2025

Debate Competition

As part of the observance of the 50th anniversary of Samvidhan Hatya Diwas, a Debate Competition was organized on 05 July 2025 to encourage critical thinking and stimulate discussion around constitutional values and their relevance in today's society.

The event saw enthusiastic participation from four teams, each comprising two members, who presented diverse perspectives on a range of thought-provoking topics.

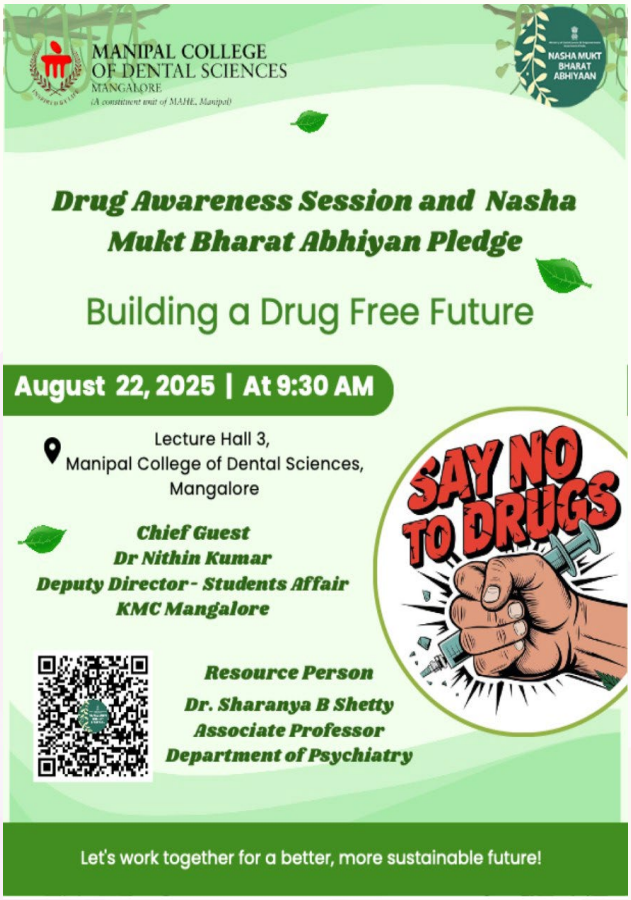
The teams were as follows:

Team 1- Pramath Chandra and Mudigonda Mahi
Team 2- Mansi Ranjan and Souma Gosh
Team 3- Mishika Chawla and Ansh Dwiwedi
Team 4- Eshanya B U and Abhishek G

The event was well-received and marked a fitting tribute to the spirit of the Constitution through informed, youth-led discourse. The event was judged by Dr Rajat Rao and Dr Jithin Surendran, Assistant Professor from the Department of Community Medicine.

8. Nasha Mukth Bharat Abhiyaan: 19 August 2025 (SDG 4)

As part of the nationwide *Nasha Mukt Bharat Abhiyaan*, a **Drug Awareness Session** and **Nasha Mukt Bharat Abhiyaan Pledge** were organized by the *Nasha Mukt Club* in collaboration with the Department of Physiology, KMC Mangalore, on **19 August 2025** at LH1, Bejai Campus. The program commenced with a welcome address by **Dr Sneha S Shetty**, Associate Professor, Department of Physiology. This was followed by the **inaugural address** by **Dr Suresh Kumar Shetty**, Associate Dean of Student Affairs, who highlighted the crucial role of youth in building a healthy, addiction-free society. The **pledge** was administered by **Dr Nithin Kumar**, Deputy Director of Student Affairs. An enlightening talk titled *"Curiosity to Crisis: Preventing and Managing Substance Abuse"* was then delivered by **Dr Priyanka Renita Dsouza**, Assistant Professor, Department of Psychiatry, KMC Mangalore. The event concluded with a **vote of thanks** proposed by **Dr Rashmi K S**, Associate Professor, Department of Physiology. The session effectively raised awareness among participants and fostered a collective sense of responsibility towards creating a drug-free environment.



9. Swachhata Pakhwada: 01 to 09 September 2025

As part of the nationwide initiative Swachhata Pakhwada, our institution actively organized few activities to spread awareness about cleanliness and responsible waste management. Two major events were successfully conducted during the observance - Swachhata Pledge Taking Ceremony and Reel Making.

Swachhata Pledge Taking Ceremony:

The program began with the Swachhata Pledge, where students and faculty members collectively affirmed their commitment towards maintaining cleanliness in their surroundings and promoting hygiene practices in daily life. The pledge emphasized the importance of devoting time to cleanliness and encouraging others to do the same. The event instilled a sense of collective responsibility, reminding participants that cleanliness is not just an individual habit but a social duty. The large turnout and enthusiastic participation reflected the sincerity with which the students embraced the cause.

Reel Making

To extend the reach of the campaign beyond the campus, students actively participated in making short reels and videos focused on the importance of cleanliness and sanitation. These reels were shared across social media platforms to spread awareness among a larger audience in an engaging and relatable way. By using digital platforms, the initiative ensured that the message of Swachhata reached friends, families, and the community at large, thereby multiplying its impact.

10. Rashtriya Ekta Diwas 31 October 2025

"A pledge was taken to uphold the unity, integrity, and security of India, inspired by Sardar Vallabhai Patel's Vision: Together, we are stronger."

11. Celebration of Constitution Day – 26 November 2025

KMC Mangalore observed Constitution Day 2025 with a collective reading of the Preamble to the Constitution of India on 26 November, in accordance with the University Grants Commission (UGC) guidelines. Faculty, staff, and students joined together to reaffirm our commitment to the values of justice, liberty, equality, and fraternity. A

proud moment celebrating the spirit of our Constitution.

Bangalore Campus

1. Re-Orientation to DSA to D LHS Students - 24 January 2025

The re-orientation program on DSA and the counselling process was held on 24 January 2025, with the aim of providing students with a clear understanding of the resources available under the Department of Student Affairs (DSA) and the counselling process. The session began with a brief introduction of all DSA members, followed by an engaging icebreaker activity to create a relaxed atmosphere. Then it was explained when students should consider meeting a counsellor and where they can access the services. The session also provided insights into the general rules of therapy, emphasizing structure and safety, elaborated on confidentiality in counselling, addressing its importance, and the rare scenarios of breaching it for safety concerns. Later, we detailed the therapy process, breaking it down into simple steps to help students understand how it works. Finally, we introduced the various DSA initiatives and activities, highlighting current and future opportunities for students. The session concluded with an interactive Q & A segment, ensuring students' doubts were addressed and fostering trust and clarity.

2. Manovrtti Mindfulness Session: Mandala Colouring - 31 January 2025

The Manovrtti mindfulness session held on 31 January was conducted in collaboration with the Department of Commerce. The session centered around the theme of Mandala Colouring, offering participants a unique and creative approach to mindfulness. It was designed to foster a deep sense of presence and focus through the intricate process of colouring mandalas, an ancient practice that blends art with mindfulness.

Session Overview: The session provided the participants with mandala templates and colouring materials. As they engaged in the act of colouring, they were encouraged to focus on their breath, the movement of their hands, and the patterns emerging within the mandala. The January Manovrtti mindfulness session successfully combined the practice of mindfulness with the therapeutic benefits of mandala colouring. The session not only helped participants cultivate mindfulness but also provided a creative outlet for emotional expression and relaxation.

3. Peer Support Training - 05 February 2025

This was a dynamic hybrid peer support training session hosted by DSA to help students in understanding the crucial roles and boundaries of peer counselors, setting the stage for effective support while emphasizing the importance of recognizing one's limitations. We discussed the essential basic counseling skills, including active listening, clear communication, problem-solving, and assertiveness, enriched by practical examples that resonated with the audience. Finally, we addressed the critical aspect of referral skills, outlining when and how to direct students to appropriate professional resources for issues beyond peer support, such as academic, disciplinary, or mental health concerns. The session concluded with a brief assessment to ensure the students had grasped the material, marking a successful training that has equipped our campus community with enhanced peer support capabilities.

4. Manovrtti Mindfulness Session: Macrame Making Workshop - 28 February 2025

The February Manovrtti mindfulness session focused on a macrame-making workshop, conducted in collaboration with the Department of Public Policy. The session was led ed by Ms Navya Shree (Student Counsellor) and Ms Sanjana and team from Solace in Crafting. It combined the art of macrame crafting with mindfulness, offering a creative and calming experience for all involved.

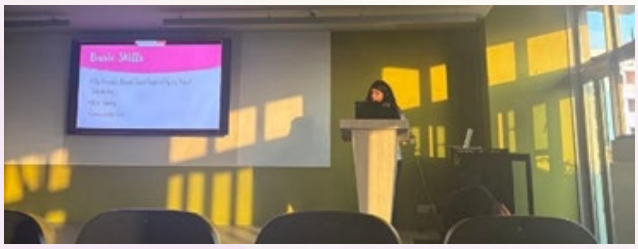
Session Overview: The session began with a brief introduction to mindfulness and its benefits, followed by an introduction to macrame and a demonstration of basic macrame knots. Participants were then guided through the process of creating their own macrame pieces, with a focus on staying present and mindful throughout the activity. Instructors encouraged the participants to be aware of their breathing, the rhythm of their hands, and the patterns emerging as they worked. The session fostered a calm environment where participants could immerse themselves in the process, combining creativity with mindfulness. Overall, this session successfully blended mindfulness with creativity, offering participants a meaningful and relaxing experience. We look forward to continuing these collaborations to support well-being and personal growth.

5. Stress Management Techniques" to DPP Students - 29 February 2025

The stress management techniques session was held on 28 Feb 2025. The objective of the session was to equip the students of DPP with tools and techniques to better handle and deal with their stress, both academic and personal. The session began with the counsellors addressing the classroom and understanding their major areas of concern. The counsellors were asked to understand that the students have been experiencing major stressors related to their academics, examinations, assignments, deadlines, etc. The session was conducted by Mr Aditya, who gave tips to manage their stress successfully.

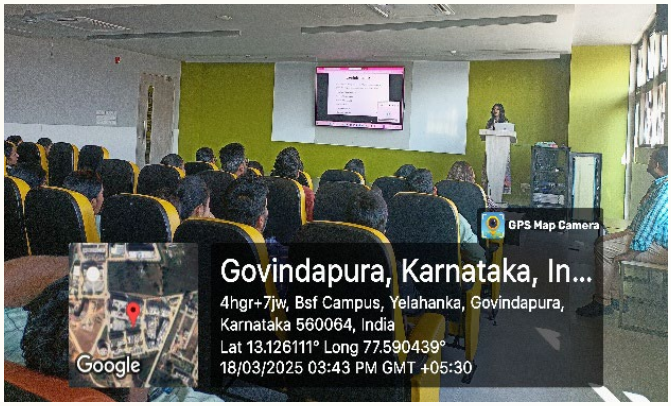
6. Peer Support Training II - 12 Mar 2025

We hosted a second round of dynamic hybrid peer support training sessions facilitated by Ms Sanmitha, Ms Lakshmi, and Dr Arjuna S R. The session engaged students in understanding the crucial roles and boundaries of peer counselors, setting the stage for effective support while emphasizing the importance of recognizing one's limitations. We also discussed essential basic counseling skills, including active listening, clear communication, problem-solving, and assertiveness, enriched by practical examples that resonated with the audience. Finally, Dr Arjuna addressed the critical aspect of referral skills, outlining when and how to direct students to appropriate professional resources for issues beyond peer support, such as academic, disciplinary, or mental health concerns. The session concluded with a brief assessment to ensure the students had grasped the material, marking a successful training that has equipped our campus community with enhanced peer support capabilities.



7. Orientation Program for the PhD Scholars of MAHE-BLR - 18 March 2025

The Department of Student Affairs conducted an orientation program for the PhD Scholars of MAHE-BLR. The session was conducted in hybrid mode to ensure that the part- time PhD scholars were also able to attend. There was a total of 33 in-person attendees and 10 online, making a total of 44 attendees. In the hour, we first began with an introduction to all the team members, followed by a focus on answering relevant questions, including 'when people can come for therapy', 'who can come for therapy', and other important aspects. We concluded the orientation by sharing our contact details, location, and timings regarding our evening shift.



8. Wellness Wednesday Session - 19 March 2025

The Wellness Wednesday session on 19 March 2025, focused on Goal Setting and Visualization, and was facilitated by Ms Sanmitha. The session aimed to help participants set clear goals and create a vision for their future.

The session began with a guided yoga practice, allowing participants to center themselves and prepare mentally for the vision board activity. Following this, students engaged in vision board creation, using images, quotes, and affirmations to visually represent their aspirations for 2025.

To conclude, protein bars were distributed to participants as a token of encouragement for their wellness journey. The session was well-received, with students expressing motivation and clarity in their goal-setting process

9. Manovṛtti – Mindful Doodling with Music - 27 March 2025

As part of the Manovṛtti mindfulness series, the Department of Student Affairs conducted a creative wellness session titled "Mindful Doodling with Music" on 27 March 2025. The session was a calming space for students to pause and reconnect with themselves through free-form doodling, accompanied by soothing background music. Led by Student Counsellor Ms Navya Shree C, participants were encouraged to let go of perfection, follow their instincts, and simply enjoy the process of creating without rules or pressure. The rhythmic movement of drawing, paired with ambient music, helped guide students into a state of relaxed focus, supporting emotional regulation, self-expression, and present-moment awareness. No artistic experience was required, making the activity inclusive and welcoming for all.

Feedback

The event received a warm response, with 16 participants and positive feedback from students who appreciated the opportunity to de-stress and slow down amid their academic routines.

10. Manovṛtti – Mindful Moments with Origami - 15 April 2025

As part of the Manovṛtti series, the Department of Student Affairs conducted a creative mindfulness session titled "Mindful Moments with Origami" on 15 April 2025. Held during the peak of exam season, the session offered students a much-needed pause, a chance to slow down, breathe, and reset through the meditative practice of origami. Guided by Ms Navya Shree C, students explored the therapeutic rhythm of folding paper into simple, elegant forms like hearts and cats. Each fold served as a mindful act, helping participants steady their thoughts, reduce anxiety and engage their senses in the present moment.

Feedback

The session was attended by 9 participants. All materials were provided, and no prior origami

experience was required, making it an accessible and inclusive experience for all.

This initiative continues to reflect the department's commitment to fostering emotional resilience and self-awareness through creative, student-centered wellness programming.

11. Wellness Wednesday Session, "Letting Go of Worries" - 16 April 2025

The Wellness Wednesday session, "Letting Go of Worries", offered students a peaceful start to their day through gentle yoga, calming breathwork, and a creative worry doll-making activity. Designed to help students release stress and reconnect with themselves, the session combined mindful movement, reflection, and hands-on expression in a supportive environment.

This session included guided yoga and pranayama practice to ease tension and calm the mind, mindful reflection, creative expression through worry doll making, and a safe space to pause and reset. Feedback was overwhelmingly positive, with students appreciating the blend of relaxation and creativity.

12. Gate Keepers Training - 22 April 2025

This event was facilitated by Dr Ashwini N V, a renowned scholar and founder of Muktha Foundation. The session was specifically designed for peer supporters on MAHE BLR campus. The mode of the session was both online and in person. Around 40 students joined this session. The facilitator went on to train students on awareness, acknowledgement, and an action plan for emergency situations. They were trained to understand the signs and symptoms of high-risk cases. Post this, they were also given tips and taught skills on how to handle sensitive conversations and referrals, therefore.

13 Care Beyond Curfew: Creating Safe Spaces for Housekeeping Staff - 23 June 2025

The Department of Student Affairs MAHE-BLR conducted a 1.5-hour workshop for housekeeping staff, focusing on identifying vulnerable students from their perspective. The workshop began with introductions, guided visualization meditation, and a discussion on basic skills such as communication, empathy, and a non-judgmental attitude. The workshop covered key topics such as incident-based observations, scenarios, and response strategies, emphasizing the importance of observing and reporting. A quiz activity reinforced the learning, and participants who answered correctly were awarded chocolates. The workshop concluded with a summary and sharing of DSA members' contact details. The session was well-received, with active participation and engagement from the audience, and was

conducted in Kannada and Hindi to ensure relatability and comprehension. Overall, the workshop was a success in equipping housekeeping staff with the necessary skills and knowledge to support student well-being.

14. Care Beyond Curfew: Creating Safe Spaces for Security Team - 24 June 2025

The Department of Student Affairs, MAHE-BLR, conducted a 1.5-hour workshop for the security team, focusing on identifying vulnerable students from their perspective.

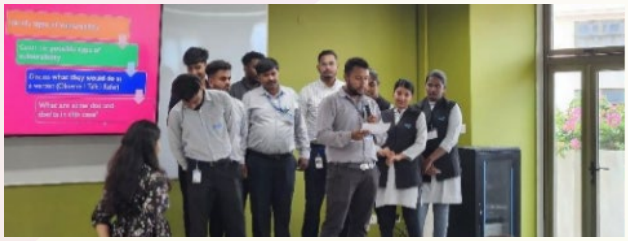
The workshop covered key topics such as effective and assertive communication, including verbal and non-verbal cues, and assertiveness. A role-play demonstration showcased effective de-escalation skills, and a quiz activity reinforced the learning. The session concluded with a summary and sharing of DSA members' contact details. The workshop was well-received, with active participation and engagement from the audience, and was conducted in Hindi to ensure relatability and comprehension. Overall, the workshop equipped security staff with essential skills and knowledge to support student well-being and safety.

15. Care Beyond Curfew: Creating Safe Spaces for Hostel Wardens - 25 and 26 June 2025

The Department of Student Affairs (MAHE-BLR) conducted a 6-hour workshop for hostel wardens, focusing on identifying vulnerable students and developing essential skills to support them. The workshop was divided into three segments: "Introduction to Vulnerability", "Skills Training" and "Self-care for Wardens". The session began with an ice-breaker activity, followed by a detailed discussion on various types of vulnerabilities, including academic, emotional, and identity-related concerns. The importance of identifying neuro-divergent students and reporting accordingly was also emphasized.

The "Skills Training" segment equipped wardens with essential skills such as listening, empathy, non-judgment, boundaries, communication, and conflict resolution. Practical activities, including group discussions and role-plays, helped wardens understand the application of these skills in real-life scenarios. The segment also covered strategies for working with neuro-divergent students and providing additional support when needed.

The final segment, "Self-care for Wardens," the importance of emotional self-awareness, grounding techniques, and breathing exercises to manage stress and emotional triggers. Wardens received resources, including hotline numbers and contact details of DSA MAHE-BLR members, to support their own well-being and student referrals. The workshop was well-received, with active participation and engagement from the audience, and provided wardens with the necessary skills and knowledge to support vulnerable students effectively.



16. Orientation Session' 2025 - 15 July to 06 August 2025

The session aimed to introduce the Department of Student Affairs team and the wide range of facilities and support systems offered by MAHE.

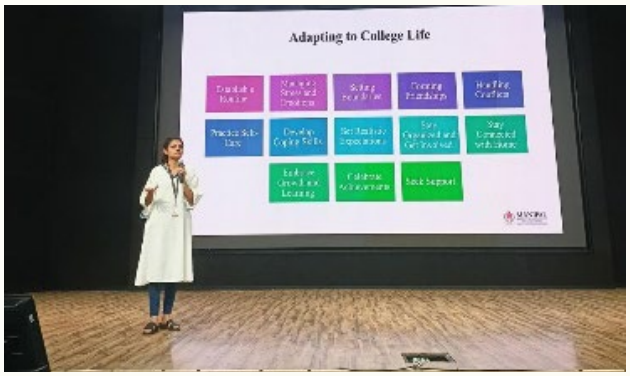
The Mental Health facilities and Wellness Initiatives session guided students on recognizing when to seek counselling, such as when struggling to maintain routines, withdrawing from social interactions, noticing changes in physical health, facing persistent mental health challenges, seeking perspective shifts, or needing a safe space to process emotions. Students were reminded of their right to choose a therapist, informed about referral options within campus and through Your Dost, and assured of strict confidentiality covering legal and ethical obligations, informed consent, scope and limits, third-party presence, and secure record keeping. The standard therapy process was explained, from relationship building and assessment to goal setting, intervention, and evaluation or referral.

The students were given details of the MAHE Student Support System, the committees under DSA, such as Anti-Ragging, Grievance Redressal, ICC for POSH, the Anonymous Reporting System, and the Policy for Prevention of Substance Abuse. Students were also made aware of NCC, NSS, and VSO opportunities. The students were made aware of the relevant posters displayed across campus and contact details of department-wise coordinators were shared with all attendees.

17. Transition to College Life - 15 July to 28 August 2025

The Transition to College Life sessions were designed to ease first-year students into the academic, cultural, and social environment at MAHE Bengaluru. The sessions began with Human Bingo, an icebreaker aimed at helping students meet and connect with their peers in a relaxed, fun setting. Following the activity, "Expectation vs Reality" was taken up, giving students an honest view of what college life entails and addressing common misconceptions. Then, the session spoke on "Culture Stages and their Unseen Benefits", guiding students through the process of adjusting to a diverse campus community and highlighting the advantages of embracing cultural differences. The session concluded with "Adapting to College Life", offering strategies for time management, building support networks, and maintaining well-being. The session closed with the "Survival Kit" segment - a compilation of practical tips, essential contacts, and

self-care suggestions to support students in their transition.



18. Mental Health and Wellness session for PhD Scholars - 22 July 2025

This session started with sharing essential techniques and tips on the management of the researcher and how best a research scholar may utilize the facilities provided to them. Some of the points shared also included managing expectations, technical guidance, and support system details. It then went over the importance of self-care for research scholars, including understanding and recognizing emotions, a guide to professional help, and importantly, relaxation and grounding techniques for stressful days.

19. Manovṛtti – My Anchor Deck - 30 July 2025

The Department of Student Affairs hosted a post-summer edition of the Manovṛtti mindfulness series titled "My Anchor Deck." The session invited students to design personalized grounding cards featuring calming affirmations, visuals, and words that inspire balance and focus.

Led by Student Counsellor Ms Navya Shree C, the activity encouraged mindful reflection, creativity, and emotional regulation as students identified supportive messages that could serve as daily anchors throughout the semester. The session was attended by 39 students, who described it as "a gentle restart to the semester." Participants appreciated the balance of creativity and introspection, noting that the activity helped them reconnect with their goals and emotional well-being.

20. Anti-Ragging Week - 12 to 18 August 2025

The Anti-Ragging Week was observed on the MAHE-BLR campus , including both online and offline participation. Offline/In-campus events included a Campus Wide Awareness Walk by MIT students, Nukkad Natak's presented by the students of two separate departments (DLHS and SMI), Dance-drama, and Flash-mob by DLHS students.

Various competitions were held online included 'Logo making competition', 'Essay and Slogan writing competition' , and 'Reel making competition'.

21. Peer Support Club Inauguration Ceremony 2025 -18 August 2025

The Peer Support Investitures 2025 was held on 18 August 2025 at Academic Block 4, Seminar Hall, MAHE Bengaluru, under the theme "With You, For You."

There was an inspiring talk by the Chief Guest, Dr Kavita Rai Sinha, on the role of peer supporters in campus well-being.

Ms Sanmitha (Peer Support Coordinator) presented a recap of the training journey, scope of peer support, and the responsibilities undertaken by the peer supporters. Our peer supporters, Avanti and Rashi, shared heartfelt reflections on their experiences.

The highlight of the event was the Investiture and Badge Ceremony, where certificates and badges were awarded to all inducted Peer Supporters. The ceremony concluded with the Peer Supporter Pledge, reaffirming their commitment to empathy, confidentiality, and ethical practices, followed by a group photo and refreshments.

22. Manovṛtti – Mindful Hues - 21 August 2025

As part of the Manovṛtti mindfulness series, the Department of Student Affairs conducted an engaging, creative wellness session titled "Mindful Hues" on 21 August 2025. The session invited students to experience the meditative process of glass painting, blending mindfulness with art-based relaxation. Ms Navya Shree C guided participants through a short mindfulness exercise, helping them settle into the present moment before transitioning into the painting activity facilitated by Ms Sanjana. Participants explored colour, flow, and form as metaphors for calmness and inner balance, creating vibrant art pieces that reflected both creativity and composure. Feedback: The session

saw enthusiastic participation from 33 students, many of whom described it as "soothing, refreshing, and therapeutic." Students appreciated the opportunity to slow down, focus, and express themselves freely through colour, while also learning a new artistic skill.

23. Managing Test Anxiety - 16 September 2025

The focus of the session was on test anxiety, owing to the upcoming exams. The session was conducted across five different sections for I-year students from the Department of Commerce. The session began with an ice-breaking activity called Anxiety Bingo. It then focused on what test anxiety is and how to identify it, including common signs and symptoms.

Coping strategies were introduced to the students across the cognitive, affective, and behavioural domains. The students were also taught to identify the critical point beyond which help-seeking becomes imperative. Details about the functioning of the Department of Student Affairs and how to reach out were shared.

24. Psychological First Aid - 17 September 2025

The session was conducted for faculty members from TAPMI. The focus of the session was on sensitizing faculty members to student stressors and familiarizing them with the look-listen-link framework as part of psychological first aid. Case studies were utilized to help faculty members identify signs that indicate a student might need help. Warning signs and common manifestations of stress and lack of well-being were delineated as per behavioural, emotional, and physical cues as well as risk factors. The faculty members were also introduced to basic listening skills to help provide immediate support.

Lastly, the session focused on identifying when to link a student with professional services and pathways for the same. Self-care was also highlighted.

25. From Mind to Body: Expression through Dance Movement - 09 October 2025

The session was open to all students of MAHE-BLR. Ms Preethi Rajagopalan opened the session with gentle warm-up and ice-breaking activities. The session progressed to build bodily awareness and enhance physical expression. Students were encouraged to experiment with movement under the guidance of the facilitator. The session also explored artistic and creative expression and created a safe space for students to gently explore emotions that surface and process them through the mind-body connection.

26. The Art of Being: An Exploration of Expressive Arts - 10 October 2025

The session was open to all students of MAHE-BLR. The session focused on art-based activities such as Kintsugi Paper Art to help students process their narratives and meaningful life experiences through the medium of art. Students then built their Tree of Strengths, illustrating adaptive aspects of the self. The activities were accompanied by guided reflections to help students connect artistic expression with emotional exploration.

27. Manovṛtti – The Art of Gentle Words - 13 October 2025

In observance of World Mental Health Day, the Department of Student Affairs organized a special Manovṛtti session titled "The Art of Gentle Words". The session centered on mindful letter writing, encouraging students to cultivate compassion and empathy through words. Guided by Student Counsellor Ms Navya Shree C, participants wrote Letters of Kindness to themselves, a friend, or someone who may need encouragement. The activity invited students to slow down, reflect on gratitude, and connect with emotions through the written word. The session concluded with a short grounding exercise on kindness, allowing participants to internalize calmly and carry it forward into their daily lives.

28. Integrated Workshop on Solution-Focused Brief Therapy (SFBT) and Trauma-Informed Approach - 05 and 07 November 2025

Solution-Focused Brief Therapy (SFBT) Workshop

The Student Counsellor Team attended the Solution-Focused Brief Therapy (SFBT) workshop on **05 November 2025 from 10:00-16:00.** The session was highly beneficial, strengthening our ability to use a goal-oriented and strengths-based approach in student counselling. It equipped us with practical techniques to help students identify solutions, build on their existing resources and work toward achievable goals.

Trauma-Informed Approach (TIA) Workshop

The Student Counsellor Team participated in the Trauma-Informed Approach workshop on **07 November 2025 from 10:00-13:00**. This session deepened our understanding of trauma and highlighted the importance of creating safe, supportive and trustworthy spaces for students. The workshop offered meaningful insights into recognizing trauma responses and integrating trauma-informed principles into our daily counselling work, enriching our ability to provide empathetic and responsive support.

29. Peer Support Club: Chocolate with Kindness - 26 November 2025

The *Chocolates with Kindness* event was conducted on 26 November 2025 to promote wellness, positivity, and emotional support during the exam season. Peer Supporters and Ms Sanmitha (peer support coordinator, student counsellor) distributed chocolates along with personal encouraging notes to help students feel supported and motivated. Students also received information about the Peer Support Club and DSA services, along with a QR code that gave them instant access to Peer Supporters and their contact details. The event emphasized that support is always available on campus and encouraged students to reach out whenever needed.

MTMC (Jamshedpur)

1. Topics of Program - Handling Conflicts and Behaviour Management

   Dated – 04 January 2025

   Target Audience: Hostel caretakers

The session prepares caretakers to support the emotional and psychological well-being of the MBBS students while also maintaining a harmonious living environment in the hostel.

2. Topics of Program - Emotional Regulation in Academic Settings

Dated – 08 March 2025

Target Audience - MBBS Students

To help and equip the students with practical skills and strategies for recognizing and regulating their emotions.

3. Topics of Program - Building Self-esteem and Confidence

Dated – 11 April 2025

Target Audience - AHS Students

To prepare students to become confident practitioners and better equipped to make informed and timely decisions, especially in high-pressure situations.

4. Topics of Program - Problem Solving and Decision Making

Dated – 13 May 2025

Target Audience - Hostel Caretakers

To equip hostel caretakers with structured methodologies to identify issues, analyze root causes, and implement effective solutions in exceptional scenarios.

5. Topics of Program - Resilience Building

Dated – 08 July 2025

Target Audience - Supportive staff members

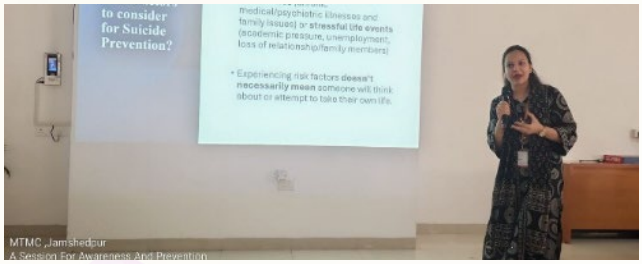
To enhance flexibility and adaptability within an evolving work culture.

6. Topics of Program - Let's Talk: A Session on Awareness and Prevention

Dated – 06 September 2025

Target Audience - MBBS Batch

To discuss the theme "change the narrative on suicide".



7. Topics of Program - Working with Peer Mentor Circles

Dated – 06 September 2025

Target Audience - MBBS Batch

Focused group session was conducted involving peer mentors to enhance their capacity in guiding mentees on mental health matters.

Office of Corporate Relations (OCR), Manipal

Address: Office of Corporate Relations, Third Floor, MAHE Edu Building

Phone Number: 0820 2923484
Email (Centre): ocr.mahe@manipal.edu **Email (Director)**: harish.kumar@manipal.edu

Year of Establishment of the Department: 2020
Name of the Director: Dr Harish Kumar S

Brief About the Department

The Office of Corporate Relations at Manipal Academy of Higher Education (MAHE) serves as a strategic bridge between the university and the corporate world. It actively fosters partnerships with industries and foundations whose missions align with MAHE's vision of academic excellence, innovation, and societal impact. Through these collaborations, the Office facilitates co-creation and co-development of products, services, and technologies; supports industry-funded research projects and CSR initiatives; and enables sponsorships and program support. In addition, it facilitates internship and placement opportunities for students with leading organizations. These sustained partnerships not only strengthen MAHE's research and innovation ecosystem but also contribute to building a robust academia-industry interface that drives mutual growth and long-term value creation.

Academics - New Courses Report

Programs Introduced During January – December 2025

Sl No	Program name	Institution/Department
1	BSc (Neuroscience Technology)	Manipal College of Health Professions (MCHP)
2	B Tech in Robotics and Artificial Intelligence	Manipal Institute of Technology (MIT), Bengaluru
3	M Tech in Computer Science and Engineering (Cyber Security)	Manipal Institute of Technology (MIT), Manipal
4	MBA (Artificial Intelligence and Data Science)	T A Pai Management Institute (TAPMI), Manipal
5	M Tech in Electronics Engineering (VLSI Design)	Manipal Institute of Technology (MIT), Bengaluru
6	MSc by Research in Neuroscience	Kasturba Medical College (KMC), Manipal
7	Integrated BSc-MSc (Basic Medical Sciences and Clinical/Computational Neuroscience)	Department of Basic Medical Sciences (DBMS)
8	MSc (Immersive Technologies)	Manipal Institute of Technology (MIT), Manipal
9	MSc (Computational Molecular Sciences)	Manipal Institute of Technology (MIT), Manipal

Tulunadu Parba

Manipal Academy of Higher Education (MAHE) proudly hosted "Aati da Tulu Parba," a vibrant cultural celebration dedicated to the traditions of Tulunadu, the coastal region of Karnataka. The event brought together students, local communities, and international guests for an immersive experience of Tulu heritage through music, dance, cuisine, and customs.

The celebration was more than a showcase of folklore; it was a tribute to a living language and culture that continues to thrive against the odds. As languages around the world disappear at an alarming rate, events like this serve as a powerful reminder of the irreplaceable wisdom embedded in linguistic and cultural diversity. It's an annual event held every two weeks on 13 August 2025.

Inauguration of Aati da Tulu Parba

33rd MAHE Convocation

Manipal Academy of Higher Education (MAHE), Institution of Eminence Deemed to be University, concluded the third day of its 33rd Convocation on Sunday, 23 November 2025, in Manipal. The event highlighted MAHE's commitment to nurturing competent graduates, encouraging transformative approaches, and promoting academic rigour and excellence across disciplines. On the third day of the convocation ceremony, 1,645 students received their degrees, including 58 PhD graduates, and 3 outstanding students were honoured with the Dr TMA Pai Gold Medal.

7th Manipal Marathon

Over 20,000 runners participated in the seventh edition of Manipal Marathon 2025, organized by MAHE. The theme was "Innovation in motion: embracing technology for health and fitness". An addition to the event was the "Manipal global virtual 5K run", introduced for the first time in India. As many as 7,000 runners from all over the world participated virtually. Over 100 international athletes participated in the event.

Photography Contest

MAHE hosted MeghMalhar: A Tribute to Rain and Rhythm, the inaugural National Photography Contest 2025 on 17 September 2025. The contest invited photographers across India to explore the multifaceted impact of monsoons through compelling visual narratives. The event witnessed participation from all five campuses of MAHE: Manipal, Mangaluru, Bengaluru, Jamshedpur, and Dubai; to capture the spirit, charm, and uniqueness of their university life and surroundings.

MeghMalhar A Tribute to Rain and Rhythm, the inaugural National Photography Contest 2025

Manipal Hospice and Respite Centre

MAHE Manipal inaugurated India's one-of-its-kind, Manipal Hospice and Respite Centre (MHRC) by the Hon'ble Justice Shri Syed Abdul Nazeer, His Excellency, Governor of Andhra Pradesh, on 30 April 2025. It commenced clinical services in July 2025. This high social impact initiative by MAHE is entirely free of cost and aims to be a one-stop destination for excellent, compassionate, and holistic palliative care. It will provide comprehensive hospice and respite care to patients and their families facing serious and life-limiting illnesses. The facility is strategically planned to operate with support from multiple partners, including Kasturba Medical College, Kasturba Hospital Manipal, and the Indian Association of Palliative Care; offering specialist palliative care by a multidisciplinary team of trained palliative medicine physicians, nurses, psychologists, social workers, and other support teams, alongside several corporates and non-profit organisations contributing to its funding.

Formal inauguration of MHRC

National Cadet Corps (NCC)

Manipal Institute of Technology (MIT), Manipal
Name of the Coordinator: Dr Sam Azariya T
Contact Number: 9944246188
Email ID: sam.azariya@manipal.edu

Brief About NCC

The college's National Cadet Corps (NCC) unit plays a vital role in shaping disciplined, responsible, and service-oriented youth. Functioning under the motto "Unity and Discipline," the NCC provides cadets with opportunities for all-round development through a blend of military training, leadership activities, community service, and nation-building programs.

The college NCC unit comprises Army and Naval wings, offering structured training in drill, weapon handling, physical fitness, map reading, seamanship, and leadership skills. Cadets actively participate in camps, firing practices, field visits, mock drills, adventure activities, and inter-unit competitions, which enhance confidence, teamwork, and resilience.

In addition to military training, NCC cadets are deeply involved in social and community outreach activities, including Swachh Bharat Abhiyan, tree-planting drives, road safety awareness, blood donation camps, disaster preparedness drills, and observance of national and international days. These activities instill values of civic responsibility, environmental consciousness, and social commitment.

Through NCC, cadets develop qualities of discipline, integrity, patriotism, leadership, and service to the nation, preparing them to become responsible citizens and future leaders who contribute positively to society and national development.

Vision

To develop character, discipline, leadership, secular outlook, spirit of adventure, and ideals of selfless service among young citizens, thereby creating a pool of motivated, disciplined, and responsible youth committed to the service of the nation.

Mission

To provide opportunities to the youth of the country for all-round development through military training, adventure activities, community service, and national integration programs, with the aim of developing leadership qualities, moral values, and a sense of social responsibility, and to motivate young people to become responsible citizens and leaders in all walks of life.

Objectives

- To develop character, comradeship, discipline, leadership, and self-confidence among cadets
- To inculcate a secular outlook, national integration, and a spirit of patriotism
- To encourage a sense of social responsibility through community service and nation-building activities
- To create a pool of organized, trained, and motivated youth who can contribute to national security and development
- To provide a suitable environment to motivate young people to pursue a career in the Armed Forces and other uniformed services

Firing Session for MIT NCC Army cadets

Date: 18 March 2025
Venue: MIT Firing Range

The cadets set up the Firing Range and were briefed about the decorum that has to be maintained in the Firing Range in order to avoid any mishap. The cadets were briefed about the procedure to handle the 0.22 Mark IV Rifle and were given brief training about the correct laying position, holding position, parallax error, etc., by ANO, Lt Dundesh S Chiniwar, and PI Staff. The Rifle was also cleaned before use. This was followed by reporting to the Commanding Officer, Lt Col P S Chauhan, and starting the firing process. The firing was in the order of III-year cadets, followed by II-year cadets and I-year cadets. 64 MIT NCC Army cadets participated. The firing process included the cadet taking the firing position and wearing the headgear, followed by firing 5 rounds and the collection of cases. Then the target and the rounds fired were documented, and the grouping of the cadet's target was checked. A total of 170 cases were

collected by the end of the firing process. The firing practice was concluded after documentation of all the cases collected. The activity aligns with SDG 16 (Peace, Justice and Strong Institutions) by strengthening disciplined and capable youth and also supports SDG 4 (Quality Education) through skill-based training and experiential learning.

Forest Cleaning Drive
Date: 06 April 2025
Venue: Athrady Forest

As part of community service and social responsibility activities, a cleanliness drive was conducted by the 4 KAR Engineer Company NCC, in association with the 6 KAR Naval NCC, with the aim of promoting cleanliness and environmental awareness. The cadets were divided into two groups to clean both sides of the road. All cadets were instructed by the PI staff to wear face masks and hand gloves to ensure hygiene and safety during the activity. The cadets also interacted effectively with the local villagers, which motivated several civilians to actively participate in cleaning their own village. The villagers further extended their support by providing refreshments to the cadets during the drive. The cleanliness drive concluded with a five-kilometre trek, during which a total of 26 bags of plastic waste were collected. The activity was successfully completed at 11:00 hours, with the participation of 17 NCC cadets along with Army PI staff. The forest cleaning drive aligns with SDG 15 (Life on Land) by promoting forest conservation and biodiversity protection, and also supports SDG 13 (Climate Action) through environmental preservation

Field Visit to Indian Naval Ship (INS) Kadamba (Karwar Naval Base)
Date: 13 April 2025
Venue: Indian Naval Ship (INS) Kadamba, Karnataka

A field visit to INS Kadamba Naval Base was conducted by 4 KAR ENGR COY, NCC, and 6 KAR NAVAL UNIT, NCC, to provide cadets with firsthand exposure to naval operations and defence preparedness. All cadets reported at 0515 hours at MIT Students Plaza in proper NCC uniform and departed the campus by 06:00 hours. The visit aimed to enhance cadets' understanding of India's maritime security, operational discipline, and the functioning of frontline naval assets. During the visit, cadets completed security formalities and were given guided exposure to INS Mormugao, where ship systems, bridge operations, and weapon decks were explained by naval personnel. Cadets later visited INS Vikrant, India's first indigenous aircraft carrier, and were briefed on flight deck operations, hangar layout, and carrier-based aviation. Interaction with naval officers provided valuable insight into naval life and responsibilities. The visit concluded with the cadets returning to campus at 2045 hours. The field visit to INS Kadamba aligns with SDG 16 (Peace, Justice and Strong Institutions) by strengthening awareness of national defence institutions, and supports SDG 4 (Quality Education) through experiential learning.

Inter COY Sports
Date: 19 April 2025
Venue: MIT Volleyball Court

The NAVY vs ARMY Intercoy Volleyball Match was conducted at the MIT Volleyball Court, Manipal, and witnessed enthusiastic participation from cadets of 4 KAR Engineer Company NCC and 6 KAR Naval Unit NCC. A total of 32 MIT NCC cadets took part in the event. The match featured teams from five companies: Kohima, Naushera, Jessami, Shaurya, and Trident. It was marked by high energy, teamwork, and sportsmanship. The friendly rivalry between the Army and Navy cadets, held in the presence of JCO Harikrishna, created an engaging and competitive atmosphere. After a series of intense matches, Trident Company (Navy) secured the 1st position with a strong and consistent performance. Kohima Company (Army) claimed the 2nd position, while Jessami Company (Army) earned the 3rd position by demonstrating commendable resilience and team spirit. The inter-NCC company sports activities align with SDG 3 (Good Health and Well-Being) by promoting physical fitness and healthy competition, and support SDG 4 (Quality Education) through character and leadership development

Air Raid Mock Drill
Date: 10 May 2025
Venue: C V Raman Hostel Block KMC, Manipal

The MAHE Safety and Security Team conducted an Air Raid Mock Drill to create awareness on emergency preparedness during wartime situations. Cadets of 4 KAR Engineer Company NCC and 6 KAR Naval Company NCC actively participated in the drill and demonstrated safe evacuation procedures for hostel residents. The cadets also explained and demonstrated the correct protective postures during an air raid and ensured that the hostel residents practiced the same. The drill was carried out smoothly under the supervision of MAHE officials and the ANO of 4 KAR Engineer Company NCC. A total of 21 NCC cadets participated in the exercise. The air raid mock drill aligns with SDG 16 (Peace, Justice and Strong Institutions) by strengthening disaster preparedness and institutional resilience, and also supports SDG 11 (Sustainable Cities and Communities) by enhancing community safety awareness.

Vikas Bhi Virasat Bhi Seminar
Date: 25 May 2025
Venue: M V Seminar Hall, MIT Manipal

The 4 KAR Engineer Company NCC, Manipal, conducted a seminar on 25 May 2025 on the theme 'Vikas Bhi Virasat Bhi'. The seminar was held at Sir M Visvesvaraya Seminar Hall, MIT, Manipal, with online participation via Microsoft Teams. Dr Praveen K Shetty, Coordinator, CISD, MAHE, and Assistant Professor, MIT, was the resource person. He emphasized the importance of balancing development with the preservation of cultural heritage. The session highlighted the cultural identity of the Udupi (Tulunadu) region. Traditional practices such as Hulivesha (Tiger Dance) were explained. The cultural and sporting significance of the Kambala festival was discussed. Dr Shetty also spoke about Boothas and the ritual of Bhoota Kola. Lt Dundesh Chiniwar, PI staff,

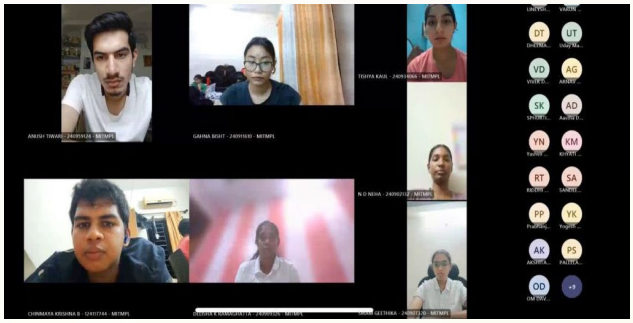
and 43 MIT NCC cadets were present for the seminar. The program was well-received and underscored the need to preserve heritage for future generations. The 'Vikas Bhi Virasat Bhi' seminar aligns with SDG 11 (Sustainable Cities and Communities) by promoting the preservation of cultural heritage alongside development and supports SDG 4 (Quality Education) through awareness and educational outreach.

Tree Plantation Drive
Date: 30 May 2025
Venue: Parkala

As part of Vana Mahotsav, a tree plantation drive was organized at Parkala, with the active participation of 25 MIT NCC cadets. A Police Officer addressed the cadets, emphasizing the significance of Vana Mahotsav and environmental conservation, with support from retired Army personnel. The cadets were subsequently divided into groups of two and carried out the plantation activity with enthusiasm and discipline. The program was successfully conducted with the presence of 4 KAR PI staff and Army veterans, whose guidance ensured the smooth execution of the event. The drive effectively promoted environmental awareness and a sense of social responsibility among the cadets. The tree plantation drive aligns with SDG 15 (Life on Land) by promoting afforestation and environmental conservation and also supports SDG 13 (Climate Action) through climate change mitigation.

World Ocean Day
Date: 08 June 2025
Venue: Online (Microsoft Teams Platform)

On the occasion of World Ocean Day, an online awareness session was conducted for NCC cadets through Microsoft Teams, as the cadets were on summer break. The session aimed to create awareness about the importance of oceans, marine biodiversity, and the threats faced by coral reefs.
The program was organized by 4 KAR Engineer Company, MIT NCC, in association with 6 KAR Naval Unit MIT NCC. The session was coordinated by Cdt Lineysha Tirumala and presented by Cdt Uday Manoj M, who screened an informative video on the Global Reef Expedition in the Indian Ocean. Additional documentary materials were also shared with the cadets for further learning. A total of 34 NCC cadets participated in the session. The activity aligns with SDG 14 (Life Below Water) by promoting ocean conservation and marine ecosystem protection and also supports SDG 4 (Quality Education) through environmental education and awareness.



International Yoga Day
Date: 21 June 2025
Venue: Manipal

The 11th International Yoga Day was observed on 21 June 2025 as part of International Yoga Week, with the theme "Yoga for Self and Society." The observance aimed to promote awareness about the importance of yoga for physical, mental, and spiritual well-being among NCC cadets. As part of the week, cadets participated in article writing, logo design, painting, and a quiz competition conducted on 17 and 18 June 2025. On 21 June 2025, cadets shared videos of performing yoga asanas from their homes. A total of 41 cadets participated in the activities, which encouraged adoption of a healthy lifestyle. The International Yoga Day activity aligns with SDG 3 (Good Health and Well-Being) by promoting physical and mental wellness and supports SDG 4 (Quality Education) through health education and awareness.

Kargil Vijay Diwas
Date: 26 July 2025
Venue: Academic Block 3, MIT Manipal

Kargil Vijay Diwas, observed annually on 26 July, commemorates India's victory in the Kargil War. To mark the occasion, NCC cadets delivered a presentation highlighting the key events of the war and the supreme sacrifices made by Indian soldiers. As part of the observance, the cadets recited patriotic poems and exhibited drawings paying tribute to the brave soldiers of the Kargil War. An informative documentary was also screened, showcasing major military operations and acts of valour. The program concluded with an interactive discussion involving the cadets, Associate NCC Officer (ANO) Lt Dundesh Chiniwar, and the PI staff, which further enhanced understanding and reflection. The Kargil Vijay Diwas celebration aligns with SDG 16 (Peace, Justice and Strong Institutions) by honouring the armed forces and strengthening national unity and also supports SDG 4 (Quality Education) through historical awareness and value-based learning.

Visit by Naval Band of INS Kadamba
Date: 12 August 2025
Venue: Student Plaza, MIT Manipal

On 12 August 2025, a performance by the Naval Band of INS Kadamba was held at the Student Plaza, Manipal Institute of Technology. The event was attended by students, faculty, and staff, with NCC cadets assisting in coordination and crowd management. A total of 80 NCC cadets participated in the program. The Naval Band performed a range of patriotic and institutional compositions, including the MAHE Anthem, *Jai Ho*, *Teri Mitti*, and the Navy Song, creating an atmosphere of patriotism and unity across the campus. The program concluded successfully, leaving a lasting impression on the audience. The Naval Band performance aligns with SDG 16 (Peace, Justice and Strong Institutions) by strengthening institutional engagement and civic discipline and also supports SDG 4 (Quality Education) by promoting cultural awareness and civic values.

Independence Day
Date: 15 August 2025
Venue: Melaka Manipal Medical College (MMMC), Manipal

On 15 August 2025, Independence Day was celebrated with the active participation of MIT NCC cadets. The Army and Navy cadets assembled at Melaka Manipal Medical College (MMMC) for the march past and flag hoisting ceremony. The Independence Day parade was led by ANO Lt Dundesh Chiniwar, with Cdt Kuwar Rudra Pratap Singh serving as the Contingent Commander. The cadets presented a disciplined and well-coordinated march past, reflecting strong values of patriotism, unity, and national pride. A total of 80 NCC cadets participated in the event. The Independence Day celebration aligns with SDG 16 (Peace, Justice and Strong Institutions) by fostering patriotism, discipline, and civic responsibility, and also supports SDG 4 (Quality Education) through value-based learning and national awareness.

Cross Country Run
Date: 29 August 2025
Venue: MIT, Manipal

On 29 August 2025, a Cross Country Run was organized at Manipal Institute of Technology, Manipal, to mark National Sports Day. The event saw participation from students of MAHE, along with NCC cadets and PI staff, who assisted in the smooth conduct of the run. A total of 32 NCC cadets were present for the event. The run covered a distance of 3 km, promoting fitness, endurance, and sportsmanship in remembrance of Major Dhyan Chand. The top three finishers in both men's and women's categories were awarded medals, while certificates were distributed to all participants. The event concluded successfully, reinforcing the importance of physical fitness and unity. The Cross Country Run, organized on the occasion of National Sports Day, aligns with SDG 3 (Good Health and Well-Being) by promoting physical fitness and healthy living, and supports SDG 4 (Quality Education) through holistic development and sports education

Participation in RESAREX-25
Date: 09 October 2025
Venue: New Mangalore Port, Mangalore

MIT Navy cadets attended an Indian Coast Guard program, during which the cadets were first assembled and briefed on the day's schedule. Cadets of the 6 KAR Naval Unit NCC were then divided into groups and assigned to different Indian Coast Guard Ships (ICGS). All cadets initially boarded ICGS Vikram, the commanding ship of Mangalore Port, before proceeding to their respective vessels. The ships sailed towards the operational area at approximately 09:00 hours, around 14 nautical miles from the port, where a search and rescue demonstration were conducted. During the program, the cadets observed maritime patrol, surveillance, and anti-terrorist operations, including coordination with rafts, aircraft, and Chetak helicopters. The cadets also gained practical insight into navigation systems and ship communication procedures. A total of 10 MIT Navy cadets participated in the program. The activity aligns with SDG 16 (Peace, Justice and Strong Institutions) by enhancing awareness of maritime security and national safety mechanisms and also supports SDG 4 (Quality Education) through experiential and practical learning.

Cleanliness Drive
Date: 10 October 2025
Venue: Manipal

MIT NCC cadets participated in a cleanliness drive conducted under the Swachh Bharat Abhiyan, led by Naik Subedar Hari Krishna. Prior to the commencement of the activity, the cadets were briefed on the importance of cleanliness, respect for public monuments, and community responsibility. The cadets carried out the cleaning of the Mahatma Gandhi statue and its surrounding area by removing dirt and debris and ensuring proper upkeep of the premises. The activity was conducted in a disciplined and orderly manner, demonstrating strong teamwork and civic sense among the cadets. A total of 45 NCC cadets participated in the drive. The cleanliness drive aligns with SDG 11 (Sustainable Cities and Communities) by promoting clean and well-maintained public spaces and also supports SDG 12 (Responsible Consumption and Production) through responsible waste management and civic responsibility.

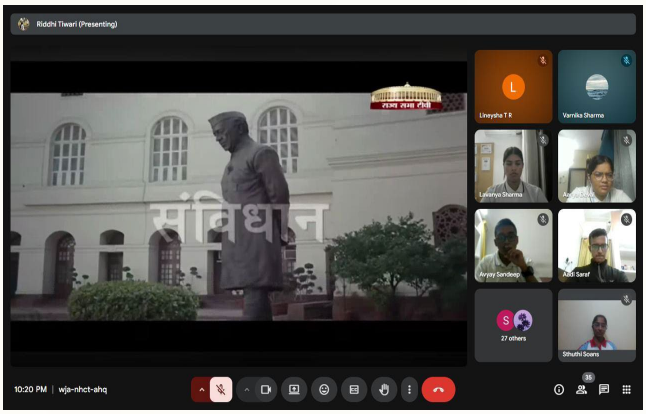
Celebration of 150 Years of 'Vande Mataram'
Date: 07 November 2025
Venue: Academic Block 3, MIT Manipal

The program commemorating 150 years of the national song "Vande Mataram" commenced with a formal report submitted to ANO Lt Dundesh S Chiniwar, in the presence of the PI staff. As part of the celebration, an Intra-Company Poster Making Competition was organized, in which cadets participated individually as well as in groups, showcasing their creativity, enthusiasm, and teamwork through their artwork. Following the competition, all cadets collectively sang "Vande Mataram", accompanied by a music band formed by cadet musicians of the unit, creating a vibrant and patriotic atmosphere. The Officer Commanding was present on the occasion and addressed the cadets, motivating them with encouraging words. A total of 76 NCC cadets participated in the event. The program aligns

with SDG 16 (Peace, Justice and Strong Institutions) by fostering patriotism, unity, and respect for national values, and also supports SDG 4 (Quality Education) through cultural awareness and value-based learning.

Constitution Day
Date: 29 November 2025
Venue: Online (Google Meet Platform)

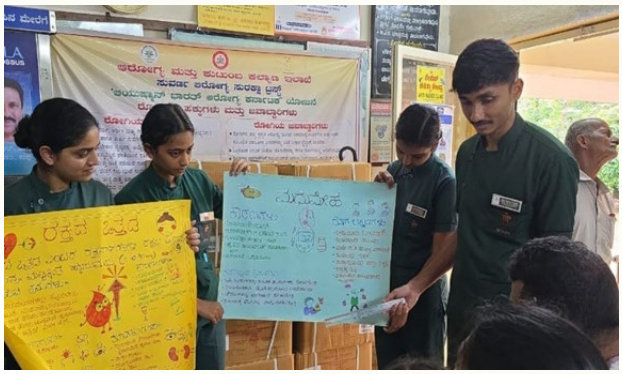
NCC cadets participated virtually via Google Meet to observe Constitution Day (26 November). The online program was conducted to raise awareness of the Constitution of India, its core values, and its national significance. During the session, the cadets were briefed on the role of the Constitution in upholding fundamental rights, equality, justice, liberty, and fraternity, and were encouraged to discharge their constitutional duties as responsible citizens. An educational documentary titled "Samvidhaan" was screened, highlighting the framing of the Constitution, the contributions of Dr B R Ambedkar and the Constituent Assembly, and the evolution of democratic governance in India. The program concluded with an interactive discussion and question-and-answer session, with active participation from the cadets. A total of 34 NCC cadets attended the program. The Constitution Day observance aligns with SDG 16 (Peace, Justice and Strong Institutions) by promoting awareness of democratic values, rule of law, and civic responsibility, and also supports SDG 4 (Quality Education) through civic and constitutional education.



National Service Scheme (NSS)

Throughout the year, the NSS MAHE has been actively involved in serving the community and building social responsibility among students. We conducted various activities such as cleanliness drives, health awareness programs, blood donation camps, environmental initiatives, rural outreach, and skill-development sessions. Every event was aimed at creating awareness, encouraging volunteerism, and making a positive impact on society. Our volunteers have consistently shown dedication, teamwork, and a true spirit of service, reflecting the motto of NSS — *Not Me, But You*.

Series of Health awareness programme on Non-Communicable Diseases



The seventh-semester BSc Nursing students of the Department of Community Health Nursing, in collaboration with the National Service Scheme (NSS) unit of MCON, organized a series of health awareness programs on non-communicable diseases (NCDs) on 18 September 2025 at PHC Hirebettu. The initiative aimed to improve community awareness of common NCDs such as diabetes mellitus, hypertension, malaise, and cancer, focusing on their causes, risk factors, symptoms, complications, prevention, and management.

The program utilized interactive teaching methods, including health talks, posters, charts, flashcards, video demonstrations, pamphlet distribution, and home visits for residents unable to attend. Emphasis was placed on lifestyle modifications such as a balanced diet, reduced sugar and fat intake, regular exercise, weight management, medication adherence, monitoring of blood sugar and blood pressure, stress management, avoidance of tobacco and alcohol, proper foot care, and regular health screenings, including Pap smears, mammograms, oral examinations, and blood tests.

A total of 30 participants attended and actively engaged in discussions, clarifying doubts and expressing willingness to adopt healthier practices. Conducted bilingually in Kannada and Tulu, the program enhanced community knowledge and promoted positive health behaviours. It also provided valuable practical experience for nursing students and contributed to the achievement of SDG 3 and SDG 4.

The seventh semester BSc Nursing students from the Department of Community Health Nursing, in collaboration with the National Service Scheme (NSS) unit of MCON, organized a series of health awareness programs on Non-Communicable Diseases (NCDs) on 13 September 2025 at PHC Hiriyadka. The initiative aimed to enhance community awareness about common NCDs such as diabetes mellitus, hypertension, malaise, and cancer, focusing on their causes, risk factors, symptoms, complications, prevention, and management, while promoting early detection, lifestyle modification, and self-care practices.

The sessions were conducted using interactive teaching methods, including health talks, posters, charts, flashcards, video demonstrations, pamphlet distribution, and home visits for individuals unable to attend the centre-based programme. Emphasis was placed on adopting a balanced diet, reducing sugar and fat intake, engaging in regular physical activity, maintaining healthy body weight, adhering to prescribed medications, monitoring blood sugar and blood pressure, managing stress, avoiding tobacco and alcohol, practicing proper foot care, and undergoing regular screenings such as Pap smears, mammograms, oral examinations, and blood tests.

A total of 25 participants attended and actively participated in discussions. Conducted bilingually in Kannada and Tulu, the program effectively improved

community knowledge, promoted healthy behaviours, provided practical learning for students.

BSc Nursing students of the Department of Community Health Nursing, in collaboration with the National Service Scheme (NSS) unit, organized a series of health awareness programs on Non-Communicable Diseases on 13 and 18 September 2025 at PHC Pernankila. The programs aimed to increase community awareness about common NCDs such as diabetes mellitus, hypertension, malaise, and cancer, focusing on their causes, risk factors, symptoms, prevention, early diagnosis, and management.

Health education was delivered through interactive methods including health talks, posters, charts, flashcards, video demonstrations, pamphlet distribution, and home visits. Emphasis was placed on lifestyle modifications such as a balanced diet, regular exercise, weight management, medication adherence, monitoring blood sugar and blood pressure, stress management, avoidance of tobacco and alcohol, and regular health screenings. A total of 55 participants attended across the two days and actively participated in discussions. Conducted bilingually in Kannada and Tulu, the program enhanced community knowledge, promoted healthy behaviours, provided practical learning experiences for students, and contributed to SDG 3 and SDG 4.

Awareness program: National Nutrition week-2025 Theme: "Eat Right for A Better Life"

The fifth-semester BSc Nursing students and the Department of Community Health Nursing, in association with the NSS unit of Manipal College of Nursing, organized an awareness program for National Nutrition Week 2025 on the theme "Eat Right for A Better Life" on 11 September 2025 at AHPS, Indira Nagar, Kukkikatte.

The program began with a welcome dance and speech, followed by addresses highlighting the importance of balanced nutrition. A PowerPoint presentation on essential nutrients, healthy eating practices, and the harmful effects of junk food was delivered. A skit and action song reinforced the theme, and nutrition-based riddles engaged the students.

The body weight of 153 children was assessed, revealing that 42 per cent were underweight. They were advised to include low-cost, protein-rich foods in their diet. Nutritious snacks were distributed to all students. The program, attended by 153 students and eight teachers, successfully promoted awareness about healthy eating habits and growth monitoring, contributing to a healthier future generation.

Awareness Program on First Aid and Climate Change Hazards

On 11 September 2025, the Department of Community Health Nursing, in collaboration with the NSS Unit of MCON and 33 fifth-semester BSc Nursing students, conducted an awareness program at Government Higher Primary School, Athradi. The program aimed to educate school children on essential first aid measures and climate change.

The event began with a welcome speech by Ms Eva Vas, followed by an address by Mr Amol Powar, Assistant Lecturer, MCON. Students performed role plays demonstrating first aid management for emergencies such as drowning, snake bites, road accidents, and burns. A CPR demonstration on a manikin by Ms Sanya Mathews highlighted the importance of timely intervention during cardiac emergencies. Climate change awareness was

promoted through a PowerPoint presentation and a Kannada video on global warming.

A quiz competition concluded the program, with prizes distributed by the school Principal and faculty. A total of 61 students and four teachers participated enthusiastically, making the program informative and impactful.

School Health Education Program: Personal Hygiene and Healthy Lifestyle

The Department of Community Health Nursing, MCON, MAHE, Manipal, along with seventh-semester BSc and first-year MSc Nursing students, organized an awareness session on "Personal Hygiene and Healthy Lifestyle" on 13 January 2025, at Government Higher Primary School, Manipura, Katpady, from 02:00 pm to 04:00 pm. The program aimed to provide basic knowledge on healthy living, personal hygiene, and the prevention of tobacco and substance abuse.

A total of 130 students from 1st to 7th standard participated. The session included interactive lectures, role plays, and an action song on hand hygiene. Topics covered were healthy lifestyle practices, pranayama techniques, harmful effects of substance abuse, and menstrual health education for girls in the 5th to 7th standard. Pens were distributed to all students.

The program received positive feedback from students and teachers. It successfully promoted health awareness and responsible habits, contributing to SDG 3 (Good Health and Well-being), SDG 4 (Quality Education), and SDG 6 (Clean Water and Sanitation).

Slum Visit

The Health and Social Welfare and Health Education Committee of the Student Nurses Association (SNA) 2025–26, Manipal College of Nursing, MAHE, organized a "Slum Visit" at Indrali Slum, Udupi, on 17 November 2025 from 05:00 pm to 07:00 pm. The program aimed to promote health awareness and community engagement among residents.

During the visit, students delivered health education sessions on malaria, dengue, and rabies, focusing on causes, prevention, and early management. Interactive games were conducted to enhance participation, and prizes were distributed to winners. Children were encouraged to display their talents, creating a supportive and inclusive environment. Gifts and clothes were distributed to the residents at the end of the program.

A total of 80 inhabitants actively participated. The event was carried out by 18 students under the guidance of three faculty members. The initiative contributed to Sustainable Development Goals (SDGs), particularly Goal 2 (Zero Hunger), Goal 3

(Good Health and Well-being), and Goal 4 (Quality Education), by fostering health awareness, community support, and social responsibility.

Report of School Health Program: "Adolescent Health Problems"

On 07 November 2025, the Department of Community Health Nursing and second year MSc Nursing students of Manipal College of Nursing (MCON), in collaboration with the NSS unit of MCON and PHC Manipura, conducted a school health awareness program on "Adolescent Health Problems" at U S Nayak High School, Patla. The program aimed to educate students on common adolescent health issues and promote healthy preventive practices.

The session began with a welcome address, followed by speeches from the school Principal and faculty representatives. An interactive session on adolescent health problems was conducted, highlighting physical and emotional changes, nutrition, and healthy habits. The importance of avoiding substance abuse was emphasized, and a focused session on menstrual hygiene was delivered to 59 girls from classes VIII, IX, and X.

A total of 101 students (35 boys and 66 girls) and seven teachers participated. The program concluded with prize distribution and a vote of thanks.

Report on School Health Program on Nutrition Awareness

The Department of Community Health Nursing faculty and seventh semester BSc Nursing students of Manipal College of Nursing, MAHE, Manipal, organized a School Health Program on Nutrition Awareness titled "Healthy Plate, Healthy Future" on 07 November 2025 at Karnataka Public School, Hiriyadka, Udupi Taluk. The program aimed to promote healthy dietary habits among school children.

The event began with a welcome address, followed by messages from the Headmistress and faculty highlighting the importance of balanced nutrition and healthy eating practices during childhood. Students conducted engaging activities, including a skit on nutritious diet and personal hygiene, a dance on hand hygiene, poster presentations on balanced diet, and a video on healthy food habits. A quiz competition was also organized, and prizes were distributed to the winners.

A total of 212 participants, including 202 students and 10 teachers, attended the program. The initiative enhanced awareness about nutrition and healthy lifestyles.

Save Wetland Campaign

Date: 20 January 2025
Venue: KMC Greens and MCOPS Garden

The NSS unit of MCOPS organized the 'Save Wetlands Campaign' to raise awareness about the importance of wetlands and their role in environmental conservation. The initiative highlighted the need to protect wetlands, which are essential for water filtration, climate regulation, biodiversity support, and overall ecosystem stability.

In the afternoon, students gathered at KMC Greens to take the Wetland Mitral Oath, emphasizing their

collective responsibility to preserve wetlands and keep them healthy. The session helped students understand the environmental, social, and economic significance of wetlands and encouraged them to adopt sustainable practices. Later in the evening, the campaign continued with a tree plantation activity in the garden near MCOPS. Students came together to plant mango saplings, symbolizing the importance of increasing green cover and contributing positively to environmental health. The activity reinforced the value of trees in improving air quality, supporting ecosystems, and enhancing overall quality of life.

The event was coordinated by Dr Prasanna K Shetty, the teacher coordinator for the NSS.

Blood Donation Drive Date: 24 February 2025 Venue: Manipal College of Pharmaceutical Sciences (MCOPS)

The NSS Unit of MCOPS successfully organized a **Blood Donation Drive** on 24 February 2025, demonstrating its commitment to community welfare and life-saving voluntary service.

The event was inaugurated by Dr Shamee Shastry, an esteemed Immunohematology and Transfusion Medicine expert and Professor at Kasturba Medical College, Manipal. The ceremony began with a welcome address by Dr Srinivas Mutalik, Principal, MCOPS, followed by an insightful inaugural message from Dr Shamee Shastry. The formal inauguration took place with the unveiling of the event banner. Dr Prasanna Kumar Shetty, Faculty Coordinator of NSS, concluded the ceremony with a vote of thanks.

The donation process began with donors completing registration forms and undergoing preliminary eligibility assessments. This was followed by vital checks and blood group testing conducted by trained medical professionals. Eligible donors then proceeded to donate 350 ml of blood, after which they were provided with refreshments and adequate rest time.

The drive saw enthusiastic participation from 113 volunteers, including students, faculty, and staff. A total of 82 donors successfully donated blood. Each donor received a certificate and goodies as a token of appreciation for their valuable contribution.

The event was conducted in collaboration with the Blood Bank of Kasturba Medical Hospital, ensuring a safe, well-coordinated, and impactful donation experience. The Blood Donation Drive marked a significant contribution toward life-saving efforts and reflected the true spirit of NSS — "Not Me, But You."

The NSS Annual Camp in collaboration with MIT Manipal, and MIT Bengaluru

NSS Camp Day 1

The camp kicked off with a warm inaugural ceremony featuring an invocation song, lamp lighting, and sapling watering—symbolizing knowledge and sustainability. Chief Guest Dr Vidya Kumari (IAS) and Director Dr Anil Rana inspired volunteers with powerful messages. Dr B S Maddodi outlined the camp goals, and volunteers were divided into 5 groups for smooth coordination. A detailed briefing, followed by a hearty lunch, wrapped up a purposeful and inspiring start to the camp!!

NSS Camp Day 2

A day rooted in service and culture! We began with a peaceful yoga session, followed by mulching and gardening at the Kannada and Cultural Department, promoting sustainability and teamwork.

Post-lunch, Ms Poornima K inspired us with insights on preserving Kannada heritage. A visit to ITI Udupi opened our eyes to vocational education and skill-building

.

The day ended on a high with vibrant cultural performances, a joyful bonfire, and shared laughter—strengthening bonds and the spirit of unity.

Day 3 and 4 Highlights

Day 3 began with a peaceful yoga session by Vaibhav, followed by eco-activities at the Kannada and Culture Office—sapling plantation, rainwater harvesting, and weed removal. An inspiring talk by Mr Khadri Narasimhaiah and a socio-economic survey in Pragathi and Lakshman Nagar deepened our community connection. The day ended with vibrant cultural performances by Group 2.

Day 4 focused on service and sensitivity with visits to Asare and Hombelaku centres, where volunteers offered support and learned about therapies. Post-lunch expert sessions covered Women Empowerment, Make in India, and AI in social work via ChatGPT. A beach clean-up at Hoode and Group 3's cultural show closed the day beautifully.

NSS Camp Day 5

From receiving official NSS T-shirts to mastering public speaking, Day 5 was packed with energy and learning! Dr Jyoti Shetty and volunteer Srinavith led an inspiring seminar that boosted our confidence and communication skills.

Despite the rain, our spirits stayed high during the cloth donation drive—spreading warmth and gratitude across the community. The day ended on a joyful note with Group 4's cultural night—a vibrant mix of music, dance, skits, and poetry that brought everyone together.

NSS Camp Day 6

A day of culture, craftsmanship, and reflection- All happened in Karkala!! We began with a serene visit to the Gomateshwara Temple, followed by an inspiring tour of the Canara Bank–sponsored Artisan Training Centre—where traditional sculpture thrives. Next, we explored Bolas Agro's dry fruit processing unit, learning about food tech, exports, and quality control. A stop at the historic Attur Church deepened our appreciation for communal harmony. The day wrapped up with an experience-sharing seminar and a vibrant cultural night by Group 5—featuring dance, music, skits, and folk art that celebrated talent and teamwork.

Day 7: A Heartfelt Farewell

The final day was filled with emotions as the camp came to an end—seven days felt like just seven hours. The ceremony began with a tree plantation by ADC Shri Abid Gadyal. Camp reports were shared by NSS leaders Bharath, Supreetha, and Vijayansh. Representatives Sameeksha, Sanjana R, and Sanjana N shared their experiences. The event ended with the NSS anthem, a group photo, and a warm send-off to all the new friends made.

Walkathon on Organ donation and Nasha Mukth Bharath Abhiyan

Date: 31 August 2025
Venue: KMC Interact Hall, Manipal

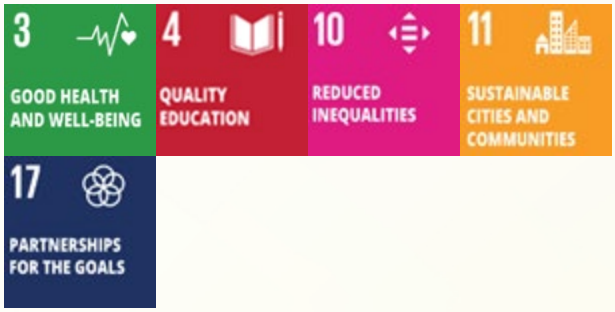
The NSS Walkathon 2025 was organized in collaboration with Rotary International District 3,182 and Kasturba Hospital, Manipal, with the aim of spreading awareness on organ donation and Nasha Mukth Bharat Abhiyaan. The event commenced at 07:30 am at the KMC Interact Hall.

The program began with an inaugural ceremony, which included a meaningful skit on organ donation performed by NSS volunteers. This effectively conveyed the importance of organ donation to all the participants. Following the inauguration, the walkathon on organ donation started from KMC Interact Hall, passed through MIT Babbu Swami Temple, and proceeded to Syndicate Circle. The return walk to KMC Interact marked the beginning of the Nasha Mukth Bharat Abhiyaan segment. The event concluded with a street play on substance abuse, presented by NSS volunteers, followed by a collective pledge taken by all participants to work towards a drug-free society. The walkathon successfully raised awareness on organ donation and substance abuse prevention, while uniting the community under a shared vision of building a healthier and socially responsible society.

International Literacy Day and Teacher's Day Celebration Date: 06 September 2025

The NSS Unit celebrated International Literacy Day with great enthusiasm and active participation from the children. The event was designed to raise awareness through educational and engaging activities while ensuring a fun-filled and creative experience. The program began with two impactful skits. The first skit highlighted the harmful effects of excessive screen time on children's health, learning, and social skills. The second skit focused on dengue fever awareness, emphasizing preventive measures and the need to maintain a clean environment. Both performances were delivered in an informative yet entertaining manner, leaving a strong impression on the audience. Following the skits, a series of interactive games such as musical chairs, pass the ball, and guess the logo were conducted. These activities encouraged teamwork, participation, and quick thinking while creating a cheerful and lively environment.

As part of Teachers' Day children made beautiful handmade cards to express their gratitude and affection towards their teachers. This activity helped them showcase their creativity and heartfelt appreciation. The celebration concluded on a high note, with the children joyfully dancing to popular songs, spreading smiles and positive energy throughout the venue. Overall, the International Literacy Day celebration by the NSS Unit was a memorable, educational, and enjoyable event that blended awareness, creativity, and entertainment seamlessly.



NSS Inauguration–AAROHAN
Date: 09 October 2025

The NSS Unit of Manipal College of Pharmaceutical Sciences (MCOPS) organized its annual inauguration ceremony titled "AAROHAN" on 09 October 2025. The event marked the beginning of a new year of service, learning, and leadership for the NSS volunteers. The ceremony commenced with the lighting of the lamp by the dignitaries, followed by a soulful invocation rendered by Ms Ishani Roy, setting a serene and graceful tone for the evening. The program was smoothly compered by Mr Rishi Arun Bhat and Ms Sameeksha, ensuring a seamless flow of events.

The gathering was honoured by the presence of the Chief Guest, Dr Balakrishna Maddodi, whose inspiring address motivated volunteers to uphold the true spirit and values of NSS. The event was also attended by Dr Srinivas Mutalik, Dr Prasanna Kumar (NSS Teacher Coordinator, MCOPS), Dr Usha Nayak, and Dr Shreedharan. The Highlights of the Year were presented by Mr Karthikeya Mahesh Hegde, followed by an introduction of the newly formed committee by Supreetha Nayak. The ceremony concluded with a heartfelt Vote of Thanks delivered by Mr Shashank. To commemorate the occasion, a plantation drive was conducted in the MCOPS garden, symbolizing sustainability, growth, and collective responsibility. The event beautifully embodied the NSS motto—*"Not Me, But You."*

Wealth From Waste
Venue: Indrali English Medium School Date: 17 October 2025

A Wealth Out of Waste competition was conducted at Indrali English Medium School on 17 October 2025, encouraging students to showcase creativity through recycling and sustainable practices. Around 90 students enthusiastically participated, creating innovative and useful items from waste materials.

NSS volunteers actively monitored and guided the students throughout the event. The occasion was graced by Dr Salim, who shared inspiring and insightful words with the children. Additionally, Ms Sanjana delivered an informative talk on Disaster Management, enhancing the students' awareness and preparedness.

The event concluded with the prize distribution ceremony, recognizing the efforts of the winners,

followed by a vote of thanks delivered by Dr Prasanna Kumar. The session was enriching, creative, and successful in promoting environmental consciousness among young learners.

Deepawali Celebration

Venue: Kuteera Old Age Home, Ambalpady Date: 18 October 2025

The NSS volunteers of our institution celebrated Diwali with the residents of Kuteera Old Age Home on 18 October 2025. The visit aimed to share joy, spread festive cheer, and spend meaningful time with the elderly residents.

As part of the celebration, volunteers painted diyas, lit them across the premises, and prepared colourful lanterns. The team also decorated the old age home and created a vibrant rangoli, enhancing the festive ambience. Sweets were distributed to the residents, and volunteers warmly interacted with them, listening to their life experiences and receiving their heartfelt blessings.

The celebration not only brought smiles to the residents but also gave volunteers an opportunity to connect, learn, and understand the value of compassion and community service. The event concluded with shared happiness and a strengthened bond between the students and the elderly residents of Kuteera.

Kannada Maatadi-Workshop Kannada Maathadi–Kannada Speaking Workshop Report

A special workshop titled "Kannada Maathadi–Kannada Speaking Workshop" was organized on 08 November 2025 at P Gundu Rao Hall, MCOPS, as part of Karnataka Rajyotsava celebrations. The event was graced by Ms Tejashree, PhD Scholar from the Department of Pharmacy Practice, under the mentorship of Dr Girish Thunga, who served as the chief guest.

The workshop aimed to help non-Kannadiga and non-local students gain basic proficiency in Kannada through simple, practical, and conversational learning. Participants were introduced to everyday phrases, greetings, and commonly used expressions in an interactive and beginner-friendly format. The session promoted cultural integration, inclusivity, and effective communication within and beyond the campus.

All participants received certificates of participation, and the event was appreciated for encouraging linguistic harmony and enhancing cultural awareness within the MAHE community.

Children's Day Celebration

Venue: Oncology Department, Shirdi Sai Baba Cancer block Date:14 November 2025

A heartwarming and joy-filled morning celebrating our little warriors! The event began with colourful party props, a fun selfie session, and a cheerful welcome. Dr Vasudev Bhatt graced the event as the chief guest along with Dr Prasanna Kumar and Dr Shreedharan and shared a few encouraging words with the children. Volunteers lit up the room with singing performances, followed by a playful joker entry that had the kids laughing and interacting. The games session was packed with excitement—Passing the Parcel, Memory Game, and Guess the Animal/Cartoon Sound kept the children engaged and thrilled.

A short puppet show and a soothing flute performance added magic to the morning. The art corner was buzzing with creativity as children enjoyed hand painting and chart painting, leaving behind beautiful little masterpieces. We concluded with a final joker act, dance performances, prize distribution, and a warm Vote of Thanks by Dr Prasanna Kumar. A truly memorable celebration filled with smiles, strength, and pure childhood joy!

Blood Donation Camp–15 August 2025

One of our earliest initiatives was a voluntary Blood Donation Camp organized on 15 August 2025. Held in collaboration with KMC Blood Bank, this event served as an immediate call to action for the student body. The drive saw an enthusiastic response, with NSS volunteers working diligently to manage donor registration and ensure a safe, sterile environment. This early success resulted in the collection of 72 units of blood, underscoring the student body's readiness to contribute to the community right from the start of the academic session. Impact: 72 units of blood donated.

Janmashtami Celebrations-16 August 2025

On 16 August 2025, NSS Units 1 and 2 organized a vibrant Janmashtami celebration that successfully merged spiritual devotion with youthful energy. The festivities commenced with "Find the Handi," a unique Krishna-themed treasure hunt that attracted over 100 student participants. Starting at the Student Plaza, teams navigated through the campus by solving clues and completing mini games inspired by Lord Krishna's life, eventually converging at the Venugopal Temple (VGT). Managed by 25 dedicated volunteers, this morning segment effectively tested the students' teamwork and problem-solving skills while maintaining the festive spirit. The celebration extended into the evening at the Venugopal Temple, beginning with a traditional aarti followed by a delightful Fancy Dress Fashion Show for children aged 1–10, primarily the wards of faculty members. Dressed in traditional characters like Krishna and Radha, the young participants captivated the audience with their innocence and enthusiasm. Judged by the NSS Presidents and supported by 16 volunteers, the event concluded on a high note, fostering a strong sense of community and cultural unity among students, faculty, and their families.

Visit to Asare: A Ray of Hope for the Specially Abled-24 August 2025

Asare–a trusted helping hand for the mentally challenged citizens was conceived jointly by Manipal Academy of Higher Education and Archana Trust with the noble ideals of providing a strong sense of support base to those who are unfortunately deprived of the natural mental growth due to varied reasons.

Volunteers organized interactive sessions and games, at Asare. The visit emphasized inclusion and dignity.

Impact: Engaged with 40+ residents; promoted awareness of disability rights among volunteers.

Mega Beach Cleaning Drive - 20 September 2025

In observance of International Coastal Cleanup Day, NSS volunteers, in collaboration with INCOIS and NCCR, conducted extensive cleanup drives across four local beaches-Malpe, Kaup, Kota, and Delta. The activity involved removing plastic waste, debris, and

non-biodegradable materials to protect marine ecosystems and promote environmental consciousness. Impact: Over 300 volunteers participated; approximately seven tonnes of waste were collected across the four beaches; a significant contribution to coastal preservation and heightened awareness about ocean pollution among participants and the community.

Blood Donation Camp-02 October 2025

A blood donation camp was organized on 02 October, coinciding with Gandhi Jayanti, in collaboration with the local Kasturba Hospital. The event saw active participation from students, faculty, and staff, with awareness drives conducted beforehand to encourage voluntary donation. Impact: 40 units of blood collected from registered donors; addressed local blood bank shortages and reinforced the spirit of selfless service on a national commemorative day.

Cybersecurity Awareness Workshop–07 October 2025

In observance of National Cybersecurity Awareness Month in October, a specialized awareness session for volunteers was organized at the MAHE-ISAC Centre of Excellence (CoE) for Cybersecurity conducted by Dr Srikant Srinivas Prabhu. The primary objective of this session was to move beyond basic advice and provide students with an immersive look at real-world threats and advanced defense mechanisms. By hosting the event at the CoE, the volunteers gained access to state-of-the-art facilities and expert insights that are not typically available in standard classroom settings. The highlight of the session was the exploration of the Smart City cybersecurity model. As our cities become increasingly interconnected through the Internet of Things (IoT), linking traffic systems, power grids, and emergency services, the potential surface area for cyberattacks expands exponentially. The visit to the MAHE-ISAC Centre of Excellence was a resounding success. It bridged the gap between theoretical knowledge and practical application. By the end of the

session, the volunteers were not just more aware; they were empowered. They left with a clearer understanding of the "Smart City" concept and a robust toolkit of practices to secure their own digital footprints, ensuring that the message of National Cybersecurity Awareness Month resonated well beyond October.

Visit to Access Life-Supporting Cancer Bravehearts - 14 October 2025

NSS volunteers visited the Access Life Centre, a non-profit organization dedicated to providing holistic support to children battling cancer and their families spending quality time with children undergoing cancer treatment. During the visit, volunteers spent time engaging with the young bravehearts through a variety of joyful activities, including interactive games, captivating storytelling sessions, creative art and craft workshops, and motivational interactions aimed at boosting their morale and bringing moments of happiness amid their challenging treatments.

Impact: Provided emotional support to the children and their families.

Diwali Sweet Distribution - 13 October 2025

The NSS Units 1 and 2 organized a heartfelt Diwali initiative aimed at spreading festive cheer and expressing gratitude to the unsung heroes of our campus, the dedicated security personnel and housekeeping staff who make our lives safer and easier round the clock. A campus-wide fundraiser was launched starting 13 October 2025, where volunteers visited faculty cabins to raise funds for the joy-spreading activity. These contributions were used to procure and pack sweet boxes, which were personally distributed to the security staff along with warm Diwali wishes and tokens of appreciation.

Impact: Reached 300+ individuals with sweets and festive cheer; encouraged community sharing and reduced festive isolation.

Kannada Language Workshop–25 October 2025

A dedicated workshop promoted the Kannada language through interactive sessions on reading, writing, conversation, and cultural significance. A member of the NSS board, volunteered to impart his knowledge of the language and conducted a spoken Kannada workshop within the campus to promote the beautiful culture through the means of language. The

primary goal of the session was to foster a sense of belonging among students who are new to the region. The specific objectives included: Removing Communication Barriers: Empowering students to handle day-to-day interactions, such as speaking to auto drivers, shopkeepers, and local support staff without relying on translation apps. Cultural Respect: Demonstrating respect for the local culture by making an effort to learn the state language, which is often deeply appreciated by the locals. Enhancing Safety and Independence: Ensuring that students feel safer and more independent when travelling outside the campus, knowing they can communicate effectively. The workshop saw enthusiastic participation from students eager to break the "outsider" bubble. The ability to understand and speak even a few sentences of Kannada transforms the student experience from one of mere residence to active participation in the local ecosystem. Furthermore, this initiative aligns with the broader institutional goal of holistic education. Learning a local language cultivates cognitive flexibility and empathy. It serves as a reminder that we are not just students at an institute, but members of a larger community. The skills acquired in this workshop extend beyond the classroom, fostering goodwill and smoother interactions that will benefit the students throughout their stay in the region.

Menstrual Hygiene Awareness Workshop–03 November 2025

NSS volunteers, in collaboration with Project Ecosanitation, organized an impactful Menstrual Hygiene Awareness Workshop at a nearby local school, specifically targeting young teenage girls. The session featured interactive discussions led by volunteers, covering essential topics such as the biological process of menstruation, common myths and taboos, proper hygiene practices, use of sanitary products, sustainable and eco-friendly options, and the importance of nutrition and self-care during menstrual cycles.

The workshop encouraged open conversations in a safe, supportive environment to break stigma. Impact: Educated over 60 teenage girls on menstrual health, empowering them with knowledge to manage periods confidently and hygienically.

Blood Donation Camp–09 November 2025

The second blood donation camp of the semester was held in November, again in partnership with regional blood banks. The camp included pre-donation health check-ups, counselling sessions, and post-donation refreshments to ensure donor well-being. Impact: 70 units of blood collected from donors; total semester collection reached 110 units, potentially aiding in numerous emergency transfusions, surgeries, and treatments for patients in need.

Annual Winter Camp–December 2025

The semester concluded with the transformative seven-day Special Winter Camp. A major focus was the service project at Parkala High School, where volunteers undertook extensive landscaping, trimming grass, mulching, and clearing masonry waste to prepare the campus for its upcoming 60th anniversary. Volunteers also engaged academically with the students through public speaking workshops, career guidance sessions, and a drawing competition.

The camp's itinerary also featured a rich cultural excursion to Karkala on Day 5. After visiting Bola's Cashew Factory, the team visited the historic Kere Basadi Adinath Swami Jain Temple. Surrounded by a large, man-made lake, the temple provided a calm, meditative atmosphere. Volunteers spent time interacting with the temple custodian, who raised awareness about the environmental challenges facing the lake due to pollution. This visit was followed by a trip to the C E Kamath Institute for Artisans, where students observed the disciplined craftsmanship of wood and stone carving, and Soan's Farm, known for its exotic crops like dragon fruit and pineapple.

Environmental preservation remained a core pillar throughout the week. Volunteers executed a Lake Cleaning Drive at Manipal Lake and a massive Beach Cleanup at Malpe Beach, meticulously segregating waste into recyclables and trash. The camp also included a Cloth Donation Drive at Netaji Nagar and a visit to the Bio Incubator at MMMC, where volunteers explored the intersection of medical innovation and entrepreneurship. Along with that, the volunteers participated in multiple workshops, a specialized session on Cybersecurity and Criminal Psychology at the MAHE-ISAC Centre by Dr. Srikanth Srinivas Prabhu, a workshop on "Communicating Across Cultures" by Dr Praveen K Shetty and a workshop on Public Speaking and Leadership by Dr Gurumurthy.

Impact: Volunteers: 75 students engaged in a seven-day immersive service camp.

Infrastructure Support: Restored Parkala High School grounds for its 60th Jubilee. Environmental Benefit: Cleaned two major local water bodies (Manipal Lake and Malpe Beach) with waste segregation Cultural and Industrial Exposure: Visited Kere Basadi Jain Temple, Artisan Institute, and Cashew Factory, gaining insight into local heritage and economy. Learned about bio-incubation, medical innovation, and entrepreneurship at the MMMC Bio Incubator.

CAMP

Rise and Run: 15 May 2025

A fundraising 5K run was organized on 15 May 2025, at 05:00 pm with 50 NSS volunteers, along with 270 registrations. This event was held in celebration of World Athletics Day. The funds raised from this event were donated to the Paediatric Oncology Department, KMC Manipal. With a total of 270 registrations and over 200 runners, this event flagged off from KMC Greens and within the MAHE campus and then returned to KMC Greens. Dr Vinod Nayak (Associate Dean, KMC Manipal) did the flag-off. The sponsors were felicitated, and the first three prize winners (male and female) were felicitated with . All the runners received a medal upon completion of the run. All the registrants were given an e-certificate.

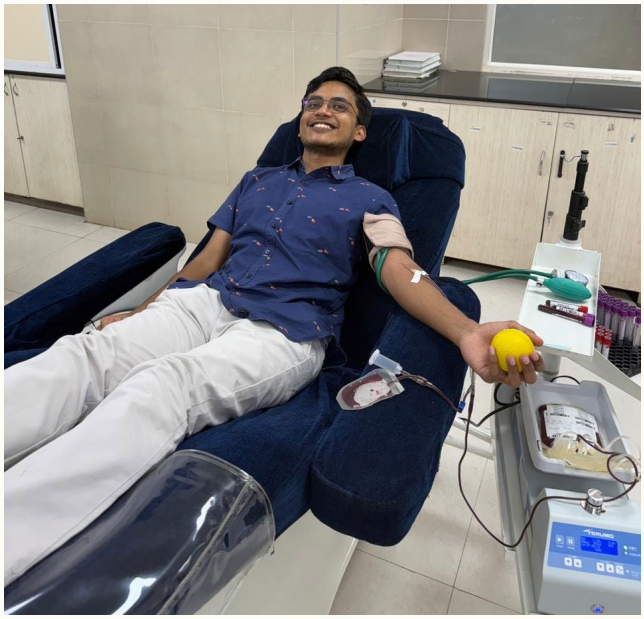
Village camp: 16 and 17 May 2025

A village camp was organized on 16 and 17 May at Kumbhashi in Kundapura Taluk, Udupi District, and 50 volunteers participated. This was held in collaboration with the Community Medicine Department, KMC Manipal. The two-day event featured activities such as BLS, street plays, painting, and crafts.

Blood donation drive: 24 and 25 May 2025

A blood donation drive was conducted by the NSS team on 24 and 25 May, from 07:00 am to 07:00 pm, at the IHBT, KMC Manipal. A total of five people donated blood. Refreshments like apple juice and biscuits were distributed to the donors.

Blood donation drive: 22 and 23 November 2025



A blood donation camp was organized at Kasturba Hospital on 22 and 23 November 2025 to promote voluntary blood donation and support patients in need.

A team of six volunteers coordinated registrations, guided donors, and ensured that the process was smooth and well-organized. Over the two days, 13 donors successfully donated blood after proper medical screening and counselling by the hospital staff. All safety and hygiene protocols were followed, and refreshments were provided to donors after the procedure.

This has been the most successful blood donation drive conducted so far, both in participation and organization. The camp not only helped collect essential blood units but also created awareness about the importance of blood donation in saving lives.

Manipal Lake Cleaning: 23 November 2025

On 23 November 2025, at 07:00 am, a drive was conducted by the volunteers of NSS to clean the Manipal Lake and its surroundings. There were 10 volunteers. Initially everyone was given instructions by the coordinator, and then pairs were formed, and everyone enthusiastically went around the place and cleaned the surrounding areas. The NSS volunteers collected a large amount of plastic waste from various places around the lake and were able to fill over five to six garbage bags. This was then discarded into a bin kept in the vicinity of the lake.

Asare visit: 30 December 2025

Twenty volunteers from our NSS unit visited Asare, a centre for individuals with intellectual and developmental challenges. The objective was to engage with the residents through creative and recreational activities while fostering compassion and social responsibility among volunteers. The session included origami, drawing, colouring, and a game of musical chairs. These activities encouraged creativity, interaction, and joyful participation from the residents. Volunteers worked closely with them to ensure a warm.

Bon Voyage: 06 December 2025

NSS Unit, Kasturba Medical College, Manipal, organized a fundraiser event titled "BON VOYAGE–Walking Down the Memory Lane" on 06 December 2025 at TMA Pai Hall 1. The program aimed to raise funds for welfare activities among the inmates of an old-age home in the vicinity.

Objectives

- To generate funds for providing support, care, and essential resources to an old-age home.
- To encourage student involvement in social service and community support.
- To promote teamwork and leadership among NSS volunteers. To integrate the activity with relevant UN Sustainable Development Goals (SDGs).

The theme "Walking Down the Memory Lane" recreated the joy and simplicity of childhood fairs through multiple interactive and engaging stalls. A total of 50 NSS volunteers worked tirelessly in planning, organizing, and executing the event, ensuring smooth operations and an energetic ambience.

Stalls and Activities Included

- Guess the Celebrity by Body Parts
- Lemon Race
- Whisper Challenge
- Heads Up
- Cup Stacking
- Twister
- Face Painting
- Tarot Reading
- Hopscotch
- Dart Board
- Guess the Bollywood Movies
- Karaoke

The event concluded with a lottery draw. Each stall was creatively designed and managed by volunteers, allowing participants to revisit childhood memories while contributing to a meaningful cause. The event received enthusiastic participation from students, faculty, and staff of KMC Manipal. The nostalgic theme and engaging stalls attracted continuous footfall, contributing significantly to the fundraising outcome.

Outcome

The fundraiser successfully generated funds that will be donated to a local old age home to support the well-being of its residents.

Volunteers gained valuable experience in coordination, event management, communication, and leadership.

The program increased awareness among students about the importance of elder care and strengthened the culture of community service within the college.

Feedback

Feedback from participants was overwhelmingly positive. Attendees appreciated the creative theme, the variety and quality of stalls, the friendly and well-organized management, and the purpose-driven nature of the event.

Many expressed that the event provided a refreshing break from academic routine while allowing them to contribute to a noble social cause. Volunteers also reported a strong sense of fulfillment and team bonding, with several suggesting that similar events be conducted more frequently.

Conclusion

"BON VOYAGE" successfully combined enjoyment, creativity, and service, creating a meaningful platform for students to support the elderly community. The NSS Club of KMC Manipal reaffirms its commitment to impactful social initiatives aligned with national service values.

NSS Bengaluru

The Annual Orientation Ceremony 2025 of the NSS Unit was held on 25 January 2025 at the Auditorium, AB-5, MIT, MAHE, Bengaluru. The event aimed to introduce volunteers to the unit's vision, mission, and activities while encouraging participation and innovation. It began at 10:00 am with a welcome address and introduction of the chief guest, Dr Balakrishna S Maddodi, who inspired volunteers by sharing his experiences and highlighting the importance of NSS in community development. Key highlights included the "Know My India–Ek Bharat, Shreshtha Bharat Quiz," which enhanced awareness of India's cultural diversity, and the NSS Projects Ideathon, where teams presented creative project proposals with detailed plans. The ceremony benefited NSS volunteers by providing guidance and motivation and promoted community impact through innovative ideas. The event concluded with an award ceremony recognizing winners and the announcement of the new Core Committee for the upcoming academic year.

The Blood Donation Drive was held on 11 and 12 April 2025 from 09:30 am to 04:30 pm at SMI-RTA, Room-005, and New Sick Bay, HB-3. Organized by VSO, NSS, and NCC in collaboration with Manipal Hospital, the event aimed to promote voluntary blood donation and social responsibility. Led by student coordinator Mohammed Fazil Hussain, 75 volunteers managed registration, medical assistance, logistics, and promotion. A total of 243 registrations resulted in 181 successful donations, with 171 usable blood units collected. Donors also received follow-up wellness support, ensuring their safety and well-being after the donation.

The NSS Unit of MIT-BLR organized a "Nature Walk" on 13 April 2025 at Avalahalli Forest, Bengaluru, promoting environmental awareness and physical well-being under the Fit India Campaign. The event reflected the NSS motto, "Not Me, But You," emphasizing sustainability and community responsibility. Volunteers assembled at 06:30 am and travelled to the forest, where they received breakfast and instructions. The program featured a guided forest walk, an awareness session on forest preservation, and a cleanliness drive with waste segregation activities. The initiative educated volunteers on waste management, teamwork, and eco-conscious habits while contributing to a cleaner natural environment. The event benefited both volunteers, who gained practical experience in environmental service, and the forest ecosystem through waste removal. It concluded at 11:00 am, with participants returning to campus inspired and more committed to environmental conservation and responsible community service.

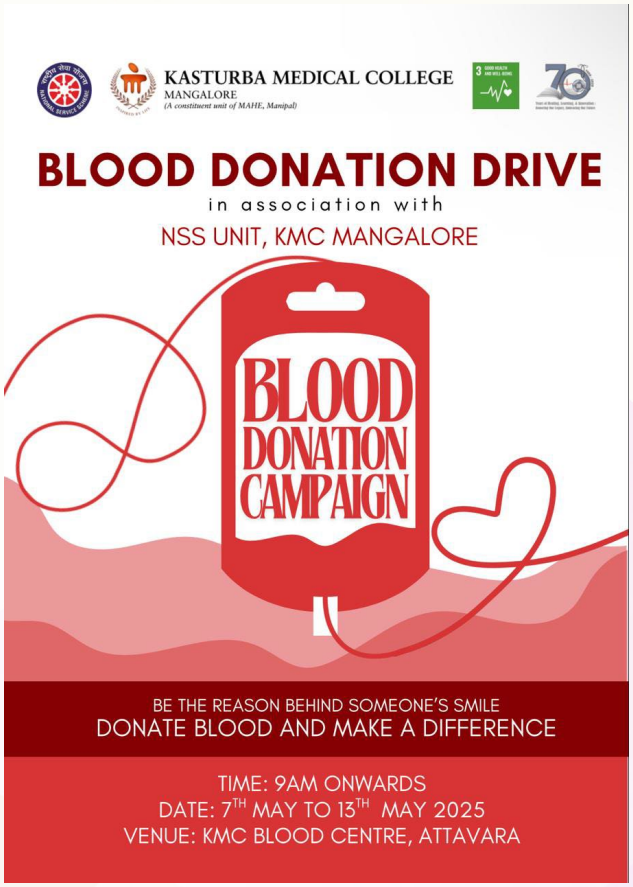
The NSS Unit of MIT-BLR organized a Plantation Drive on 28 July 2025 at the campus to promote environmental conservation and increase green cover. Aligned with the NSS motto "Not Me, But You," the event encouraged collective responsibility toward nature. Volunteers assembled at 04:00 pm and were provided with saplings, tools, and gloves. Faculty coordinators highlighted the importance of afforestation and climate action. Participants planted native saplings across designated areas and attended a session on plant care and maintenance. The drive enhanced campus greenery, improved environmental awareness, and provided volunteers with hands-on experience. The event concluded at 05:00 pm, fostering commitment to sustainable practices.

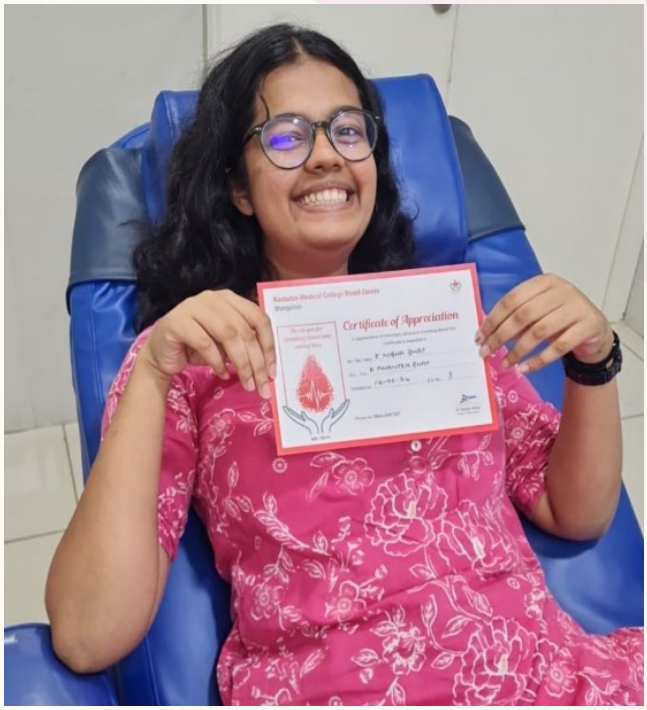
NSS Mangalore

Blood Donation Drive 2025

Date: 07 May 2025-13 May 2025
Time: 09:00 am onwards
Venue: KMC Blood Centre, Attavara
Organized By: NSS, KMC Mangalore

The blood donation drive at KMC Attavara, conducted, was a success, with a significant turnout from students, staff, and local residents. The drive aimed to increase awareness about the importance of donating blood and to replenish the blood bank supply. NSS volunteers, with the help of Mr Utkarsh and the staff, organized the event efficiently, ensuring smooth registration and screening processes. The community responded positively, demonstrating their support for this life -saving cause. We collected 50 units of blood in a span of one week. Overall, the event contributed to fulfilling the crucial need for blood donations in the region.





Report on Fruit Pouch Distribution:

On the occasion of Dr Ramdas Pai's 90th birthday, and as an initiative taken by him, the NSS volunteers of our institution organized a special community service activity on 17 September 2025. As part of this noble gesture, fruit pouches were distributed to all the inpatient wards of Government Wenlock Hospital and Lady Ghoshan Hospital, as well as to three orphanages and two old age homes, distributing more than 2,500 fruit pouches in total.

The distribution was carried out with great enthusiasm and dedication by the NSS volunteers. Beyond the act of sharing fruit pouches, the volunteers took time to interact with the patients, children, and elderly, creating moments of warmth and joy. The smiles and words of gratitude received made the experience truly memorable.

For the volunteers, this initiative was much more than a service activity—it was an opportunity to live the spirit of the NSS motto, "Not Me, But You." They expressed that the experience of giving and connecting with people from different walks of life filled them with a deep sense of fulfillment and reinforced the values of compassion and empathy.

This distribution drive, initiated by Dr Ramdas Pai to mark his milestone 90th birthday, not only spread happiness among the recipients but also left a lasting impression on the volunteers. It was a day that combined celebration with service, turning kindness into the most valuable gift shared.

We extend our heartfelt gratitude to Dr Ramdas Pai, whose thoughtful initiative made this noble activity possible and truly meaningful.

Report on Swachhata Pakhwada Activities

As part of the nationwide initiative Swachhata Pakhwada, our institution actively organized few activities to spread awareness about cleanliness and responsible waste management. Two major events were successfully conducted during the observance — Swachhata Pledge Taking Ceremony and Reel Making.

1. Swachhata Pledge Taking Ceremony:

The program began with the Swachhata Pledge, where students and faculty members collectively affirmed their commitment towards maintaining cleanliness in their surroundings and promoting hygiene practices in daily life. The pledge emphasized the importance of devoting time for cleanliness and encouraging others to do the same. The event instilled a sense of collective responsibility, reminding participants that cleanliness is not just an ndividual habit but a social duty. The large turnout and enthusiastic participation reflected the sincerity with which the students embraced the cause.

2. Reel Making:

To extend the reach of the campaign beyond the campus, students actively participated in making short reels and videos focused on the importance of cleanliness and sanitation. These reels were shared across social media platforms to spread awareness among a larger audience in an engaging and relatable way. By using digital platforms, the initiative ensured that the message of Swachhata reached friends, families, and the community at large, thereby multiplying its impact.

Marketing Department

Marketing Department, MAHE

The Marketing Department at **Manipal Academy of Higher Education (MAHE)** serves as the strategic communication and brand-building arm of the University, driving initiatives that strengthen MAHE's position as one of India's leading higher education institutions. The Department plays a pivotal role in enhancing visibility, supporting student recruitment, fostering stakeholder engagement, and promoting MAHE's academic excellence, research achievements, innovation ecosystem, and global partnerships.

Guided by the philosophy **"Align → Strategize → Execute → Evaluate,"** the Department ensures that all marketing and outreach activities are aligned with the University's vision, institutional priorities, and growth objectives. Through an integrated approach combining digital innovation, data analytics, content marketing, public relations, events, and stakeholder engagement, the Department creates meaningful connections with prospective students, parents, alumni, educators, industry leaders, and the broader community.

The Department leverages a comprehensive mix of communication channels, including digital advertising, social media, search engine marketing (SEM), search engine optimization (SEO), influencer collaborations, media relations, email marketing, webinars, and on-ground engagement activities. These efforts are complemented by the development of high-quality content, publications, videos, websites, and marketing collaterals that effectively communicate MAHE's value proposition across diverse audiences.
In 2026, the Department continues to strengthen MAHE's presence across domestic and international markets through targeted campaigns, strategic partnerships, and innovative outreach initiatives. By utilizing advanced audience segmentation, localized communication strategies, AI-enabled marketing tools, and data-driven decision-making, the Department ensures efficient resource utilization and measurable outcomes.

The Marketing Department remains committed to promoting equitable access to higher education by reaching students from diverse socio-economic, geographic, and cultural backgrounds. Through inclusive communication strategies, scholarship awareness campaigns, and outreach programs in underserved regions, the Department actively contributes to expanding educational opportunities and reducing barriers to quality higher education.

Key Outreach and Engagement Initiatives – 2025–26

Principals' Leadership Conclave 2026

Recognizing the critical role played by school and pre-university leaders in shaping future generations, MAHE organized a series of Principals' Leadership Conclaves during 2025–26. These forums brought together principals, vice-principals, and educational administrators from across Udupi District to discuss emerging trends in education, technology integration, student well-being, skill development, Felicitating Toppers, and higher education preparedness.

The conclaves provided a platform for knowledge sharing, professional networking, and collaborative problem-solving, strengthening MAHE's engagement with the school ecosystem. Distinguished academicians, industry experts, policymakers, and educational leaders participated in these interactions, fostering meaningful dialogue on the future of education.

The initiative further reinforced MAHE's commitment to supporting school leaders through capacity-building opportunities and strategic partnerships that ultimately benefit students and the broader educational community.

Pricon 2026 by Destination Manipal, held from **23 to 25 Jan 2026** at the MAHE campus, was organized with a strong focus on environmental sustainability and responsible resource utilization. As part of the event's commitment to reducing its carbon footprint, group transportation was prioritized through the use of buses and shared mobility arrangements for campus visits, local sightseeing, and experiential learning tours, significantly reducing fuel consumption and vehicular emissions compared to the use of multiple individual cars.

The conclave also adopted a conscious approach towards sustainable hospitality and event management. Single-use plastics were avoided throughout the event, and participants were encouraged to use reusable water bottles and environmentally responsible alternatives. All conference materials and delegate kits were designed to minimize waste, with digital resources and QR-code-enabled information replacing excessive printed materials wherever possible.

In line with MAHE's sustainability goals, the souvenirs and delegate gifts distributed during the conclave—including notebooks, pens, tote bags, and other memorabilia—were carefully selected from recyclable, reusable, and eco-friendly materials. These initiatives not only reduced the environmental impact of the event but also served as a demonstration of MAHE's commitment to promoting sustainable practices within the education sector. Through Pricon 2026, Destination Manipal successfully showcased how large-scale academic engagements can be conducted in a manner that balances participant experience with environmental responsibility.

Education fairs and other promotional activities

Sustainable Printing and Digital Communication

The Marketing Department at MAHE is committed to sustainable communication practices by optimizing the printing of marketing collaterals and significantly reducing paper consumption. Instead of mass-producing brochures and promotional materials, the Department adopts a need-based printing approach, ensuring that only the optimal number of copies are produced for events, exhibitions, and outreach activities. To further minimize the environmental impact, brochures, program information, and admission-related content are integrated with QR codes that allow students, parents, and stakeholders to instantly access detailed digital resources on their smartphones. This digital-first approach not only reduces paper wastage and printing costs but also enables real-time access to updated information, thereby enhancing both sustainability and user convenience.

Eco-Friendly Promotional and Gifting Materials

In alignment with MAHE's commitment to environmental responsibility and sustainable development, the Marketing Department prioritizes the use of eco-friendly and recyclable materials for promotional merchandise and event giveaways. Items such as keychains, writing pads, pens, conference folders, tote bags, and other branded merchandise are sourced with a preference for recyclable, reusable, biodegradable, or sustainably produced materials wherever feasible. The Department actively discourages the use of single-use plastics and promotes products that have a longer lifecycle and lower environmental footprint. By integrating sustainability into its procurement and branding practices, MAHE not only reduces waste generation but also reinforces awareness of responsible consumption among students, faculty, staff, and external stakeholders.

Looking Ahead

As MAHE advances toward its vision of becoming a globally respected university known for excellence in education, research, healthcare, innovation, and societal impact, the Marketing Department remains committed to delivering strategic, measurable, and impactful initiatives that strengthen stakeholder engagement, expand outreach, and enhance institutional reputation.

By embracing innovation, leveraging data-driven insights, and fostering meaningful partnerships, the Department will continue to play a key role in supporting MAHE's growth and contribution to national and global higher education.

Manipal Universal Press

Address: First Floor, Old WGSHA Building, FIVV Compound, Opposite to OPD Kasturba Hospital, Udupi-Agumbe NH 169A, Madhav Nagar, Manipal 576104, Karnataka, India.
Phone Number: 820-2922516

Year of Establishment of the Centre: 2011
Name of the Coordinator: Dr Srinivasa Kumar N Acharya

Brief About MUP

Manipal Universal Press (MUP), part of Manipal Academy of Higher Education (MAHE), focuses on publishing as a means of connecting with society and culture. Based in the lively town of Manipal, MUP combines academic strength with creative publishing to highlight voices from diverse backgrounds. MUP's collection includes subjects like Engineering, Medicine, Management, Education, Humanities, and Social Sciences, along with journals featuring research in Medicine and Health Sciences. In addition to academic books, MUP also publishes novels, poetry, short stories, and memoirs, combining intellectual content with creative writing. Through initiatives such as the Indian Literature in Translation series, MUP is committed to preserving and promoting India's linguistic and cultural heritage. Since its founding in 2011, MUP has been a publishing house that connects academic research with public readership and supports Indian scholarship and literature globally.

Following the signing of Memoranda of Understanding (MoUs) with two leading global publishers—Taylor & Francis Group and Springer Nature—Manipal Universal Press (MUP) has significantly strengthened the global visibility and reach of its academic and professional publications. To date, MUP has successfully co-published nine books with Taylor & Francis Group and three books with Springer Nature, with one additional title currently in process with Springer Nature.

These collaborations enable wider international distribution, provide authors access to global expertise, and enhance the impact of institutional research across disciplines. Through co-publication, MUP continues to support cross-disciplinary knowledge exchange, academic growth, and international recognition, creating new opportunities for innovative and globally relevant research.

Co-Publications

Publications

MUP has published 300 titles to date, showcasing its dedication to both academic and literary excellence. Its collection spans a wide array of disciplines, ranging from Engineering and Medicine to Humanities and Social Sciences, alongside journals that feature exemplary research in Medicine and Health Sciences. In addition to its academic publications, MUP publishes a diverse range of literary works, including novels, poetry, short stories, and memoirs, blending creativity with intellectual depth.

ಸೃಜನಶೀಲತೆ ಪ್ರಕಟಕ್ಕೆ ಕಠೋರ ಸಂದರ್ಭ ಬೇಕು

ಉಡುಪಿ, ಸೆ. 30: ನಮ್ಮನ್ನು ನಾವು ತಿಳಿದುಕೊಳ್ಳಲು ಗಂಭೀರ ಸಂದರ್ಭ ಎದುರಾಗಬೇಕು. ಸಂದರ್ಭ ಕಠೋರವಾಗಿದ್ದಲ್ಲಿ ನಮ್ಮೊಳಗಿನ ಸೃಷ್ಟಿಶೀಲತೆ ಪ್ರಕಟವಾಗದೆ ಎಂದು ವಿದ್ವಾಂಸ ಪ್ರೊ। ಲಕ್ಷ್ಮೀಶ ತೋಳ್ಪಾಡಿ ಅಭಿಪ್ರಾಯಪಟ್ಟರು.

ಎಂಜಿಎಂ ಕಾಲೇಜು ಮತ್ತು ಮಣಿಪಾಲ್ ಯೂನಿವರ್ಸಲ್ ಪ್ರೆಸ್ ಆಶ್ರಯದಲ್ಲಿ ಸೋಮವಾರ ಎಂಜಿಎಂ ಕಾಲೇಜಿನ ನೂತನ ರವೀಂದ್ರ ಮಂಟಪದಲ್ಲಿ ವಿಶ್ವ ಅನುವಾದ ದಿನದ ಅಂಗವಾಗಿ ಜರಗಿದ ಕಾರ್ಯಕ್ರಮದಲ್ಲಿ ಡಾ। ಕಾತ್ಯಾಯಿನಿ ಕುಂಜಿಬೆಟ್ಟು ಅವರು ಬರೆದ 'ಏಕತಾರಿ ಸಂಚಾರಿ' ಕವನ ಸಂಕಲನದ ಇಂಗ್ಲಿಷ್ ಅನುವಾದ ಕೃತಿ ಪ್ರೊ. ಎನ್.ಟಿ. ಭಟ್ ರಚಿತ 'ಟ್ಯೂನ್ಸ್ ಆಫ್ ಎ ಸಿಂಗಲ್ ಸ್ಟ್ರಿಂಗ್-ರಿಫ್ಲೆಕ್ಷನ್ಸ್ ಪೊಯಮ್ಸ್ ಆಫ್ ಮಾರ್ಜಿನ್ಸ್ಟ್ ಟ್ರೆಡಿಶನ್' ಕವನ ಸಂಕಲನ ಬಿಡುಗಡೆಗೊಳಿಸಿ ಅವರು ಮಾತನಾಡಿದರು.

ತಮ್ಮೊಳಗಿನ ಭಾಷೆಯ ಶಕ್ತಿ ಸಾಮರ್ಥ್ಯ ಪ್ರಕಟಗೊಳ್ಳಲು ಜೀವನಸ್ಥಣ ಪ್ರಕರಣಗಳು ಎದುರಾಗಬೇಕು. ನಮ್ಮ ಮನಸ್ಸು ಆಳವಾಗಿ ಮುಳುಗಿದಾಗ ಗಂಭೀರ ಸ್ಥಿತಿಯ ಅರಿವು ನಮ್ಮನ್ನು ಕಾಡುತ್ತದೆ. ಇತಿಹಾಸ ಹೀಗಿರದೇ ಹೋದಲ್ಲಿ ಇಂದು ಕಾವ್ಯಗಳು ಪ್ರಕಟವಾಗುತ್ತಿರಲಿಲ್ಲ ಕಾತ್ಯಾಯಿನಿ ಕುಂಜಿಬೆಟ್ಟು ಅವರ ಕರೋನ ಕಾಲಘಟ್ಟದಲ್ಲಿ ರಚಿತ ಈ ಕವನಗಳು ಸಮಾಜದ ಆತಂಕದ ಬೇಗುದಿಯನ್ನು ಹೊಂದಿದೆ. ಇದಕ್ಕೆ ಕಾರಣ ಅವರ ದೇಸಿ ಮನಸ್ಸಿನ ಸಾಹಿತ್ಯ ಎಂದರು.

Workshop

MUP, in collaboration with DLHS, MAHE Bengaluru, conducted a two-day workshop titled *Academic Publishing House: Processes and Protocols* for postgraduate Literature students on 24–25 October 2025. The workshop provided a structured overview of academic publishing practices through sessions on editorial and publishing processes, publishing workflow management, marketing and business strategies, and editing stylistics for academic research, along with hands-on editing support.

An industry visit to Manipal Technologies Limited (MTL), Manipal, offered participants practical exposure to publishing production workflows. The workshop aimed to bridge academic learning with industry practices, enhance students' understanding of publishing, and build foundational skills relevant to careers in academic publishing, editing, and research communication.

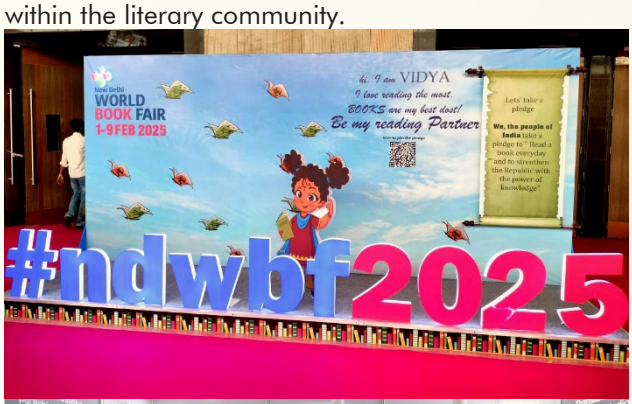
Events and Outreach

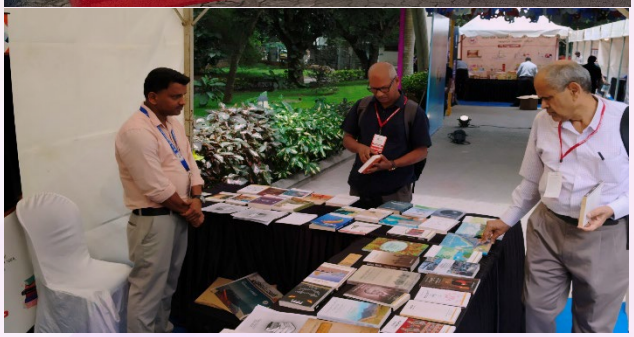
MUP actively participates in and organizes a wide range of literary and academic events, regularly setting up book stalls that showcase its diverse catalogue and foster direct engagement with readers. These initiatives provide valuable opportunities for audiences to explore MUP publications while strengthening its visibility and outreach.

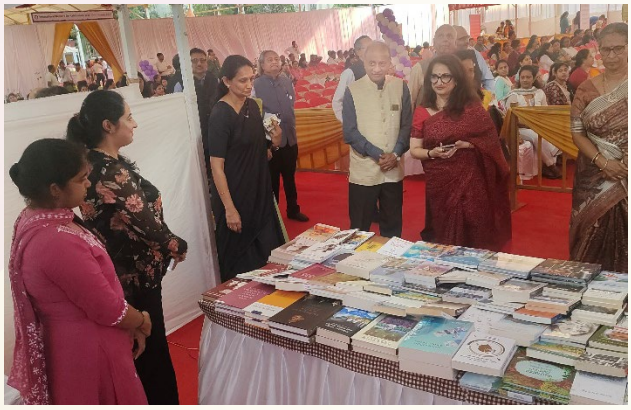
A significant highlight was MUP's participation as a volunteer at the World Book Fair 2025, held from 1–9 February 2025 at Bharat Mandapam, Pragati Maidan, New Delhi. Organized by the National Book Trust, India, the fair was themed "Republic@75" to commemorate 75 years of the Indian Republic.

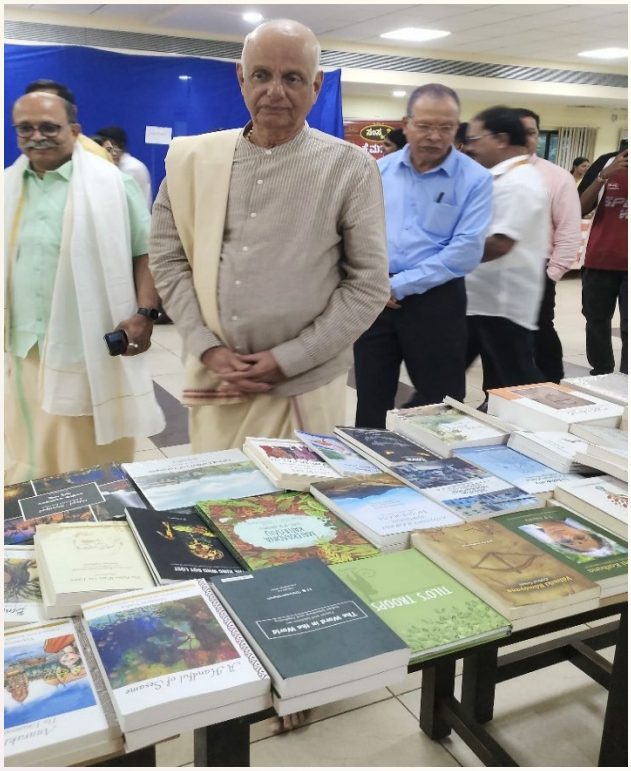
Featuring over 2,000 publishers, along with literary sessions and children's activities, the event served as an important platform for promoting MUP's publications and expanding its readership. Participation in several such events has contributed positively to both the visibility and sales of MUP titles.

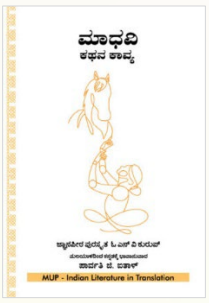
Another notable initiative was MUP's participation through a book stall at the Book Brahma Literature Festival 2025, held from 8–10 August 2025 at St. John's Auditorium, Koramangala, Bengaluru. MUP set up and managed the stall throughout the three-day event, providing an opportunity to showcase its publications directly to readers, authors, and literature enthusiasts. The response from visitors was highly encouraging, with significant interest shown in MUP's titles and publications. Overall, the event provided excellent visibility for MUP's publications and enabled meaningful engagement with a diverse audience, further strengthening MUP's reach and recognition within the literary community.

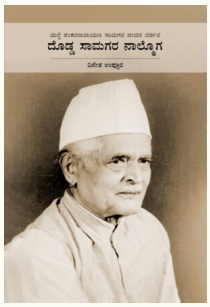


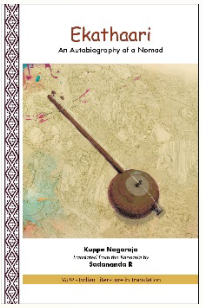












Awards

MUP also takes pride in the achievements of its authors, whose awards reflect their outstanding literary contributions and impact on the literary community. In **2025**, *Madhavi Kathana Kavya* by **Dr ONV Kurup**, translated by **Dr Parvathi G Aithal**, with cover design by **Ms Revati Nadgir**, received the **Kannada Pustaka Sogasu Award** for cover design. *Dodda Samagra Nalmoga* by **Mr Dinesh Upoora** won the **Pustaka Bahumana Prashasthi Award** for the book, while *Ekathaari: An Autobiography of a Nomad* by **Mr Kuppe Nagaraja**, translated by **Mr Sadananda R**, received the **Pustaka Bahumana Prashasthi Award** for translation. These recognitions celebrate the literary excellence and invaluable contributions of MUP's esteemed authors.

Research Activities V

Directorate of Research

MAHE recorded a consistent increase in research publications during the period 2021–2025, reflecting its growing emphasis on high-quality scholarship and innovation. The total number of outputs increased each year, with the most pronounced jump observed in 2024 and 2025, indicating the impact of recent strategic initiatives to strengthen research culture and support faculty and student projects.

This upward trajectory underscores MAHE's expanding contribution to national and global knowledge creation and aligns with its vision of being a research-intensive institution of eminence. The sustained growth in publications is expected to further enhance MAHE's visibility, attract competitive funding, and foster new academic and industry collaborations in the coming years.

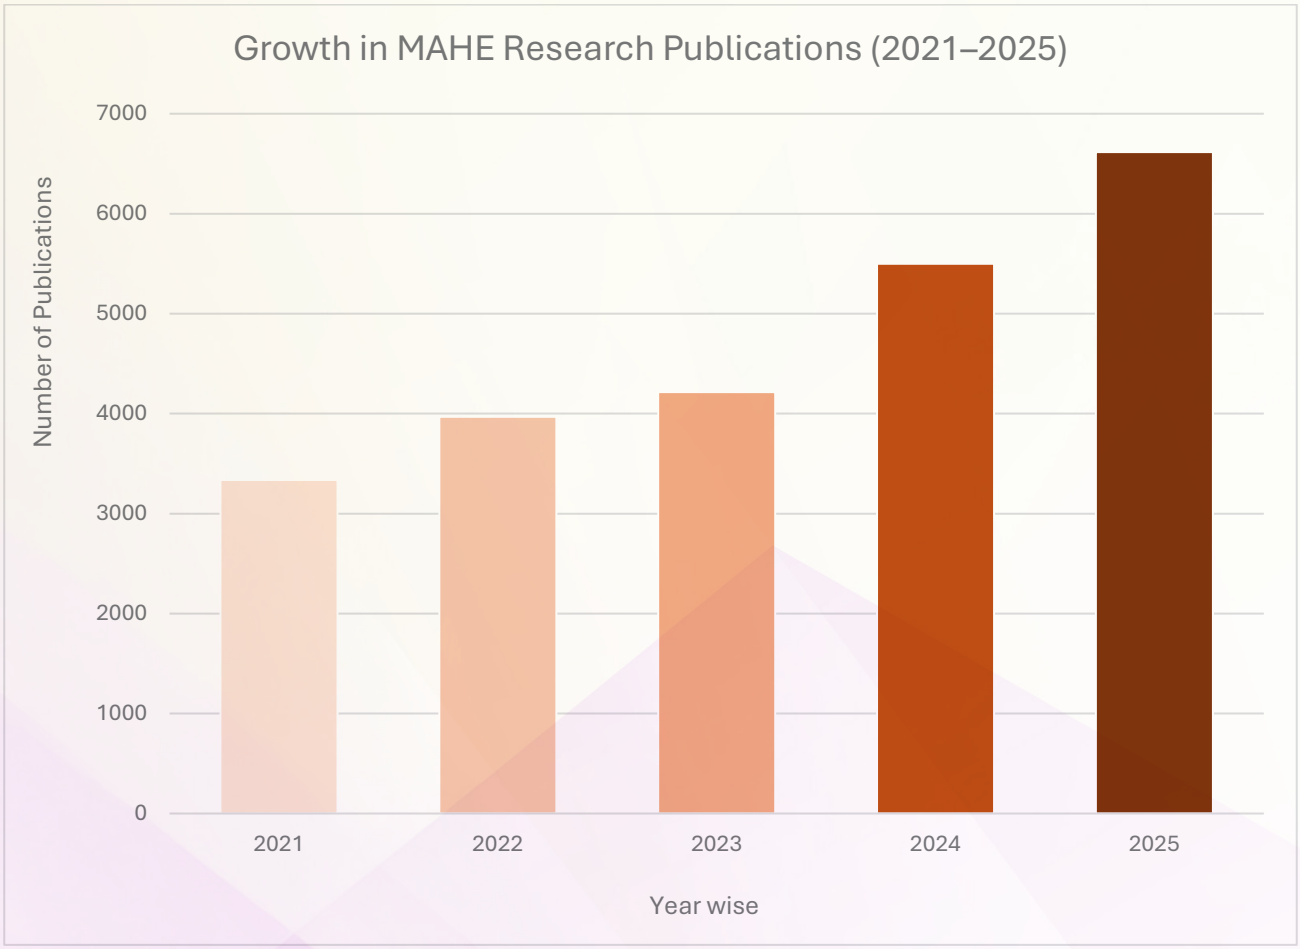


Figure 1: Growth trend in MAHE research publications

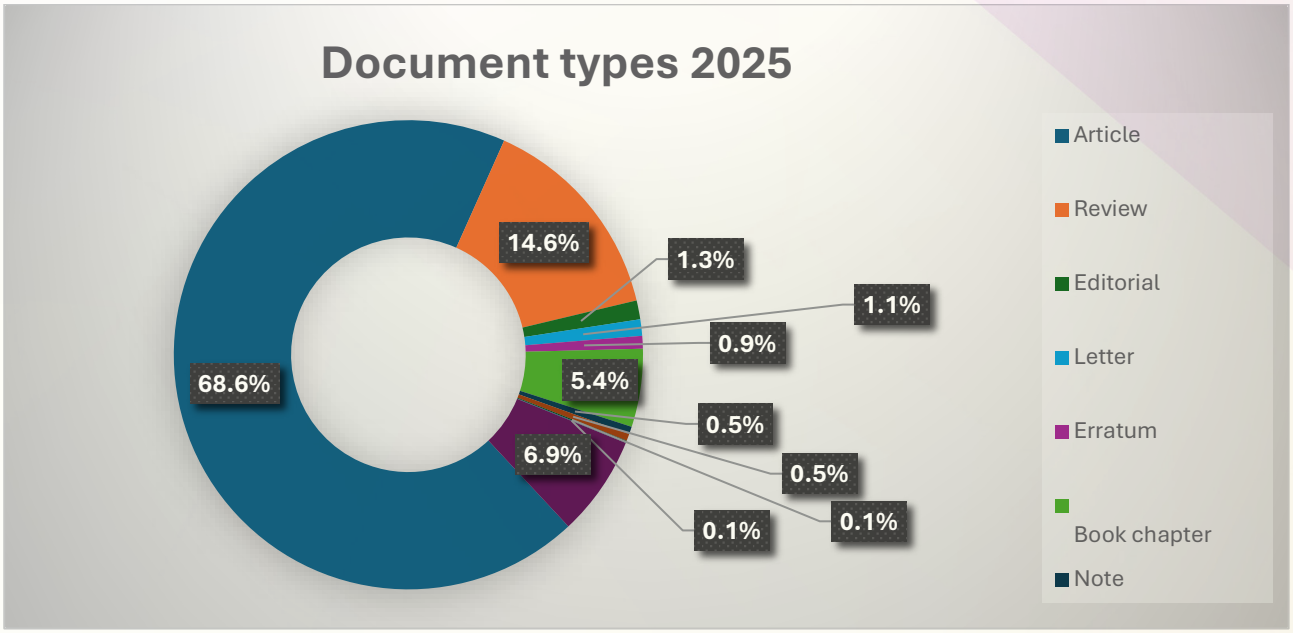
Source: **Scopus**, As on date: **06-01-2026**



Source: **Scopus**, As on date: **06-01-2026**

Figure 2: Document Types 2025

In 2025, the research output of MAHE was led by articles, which accounted for 68.6% of all indexed documents, reflecting a strong focus on original research. Reviews formed the next largest category at 14.6%, indicating active synthesis of existing knowledge and thought leadership across disciplines. Editorials (5.4%) and errata (6.9%) together show ongoing critical commentary and quality corrections in published work; while smaller proportions of letters, book chapters, notes, and other document types collectively contributed to less than 5% of total output, demonstrating a diversified-yet-article-centric publication profile.

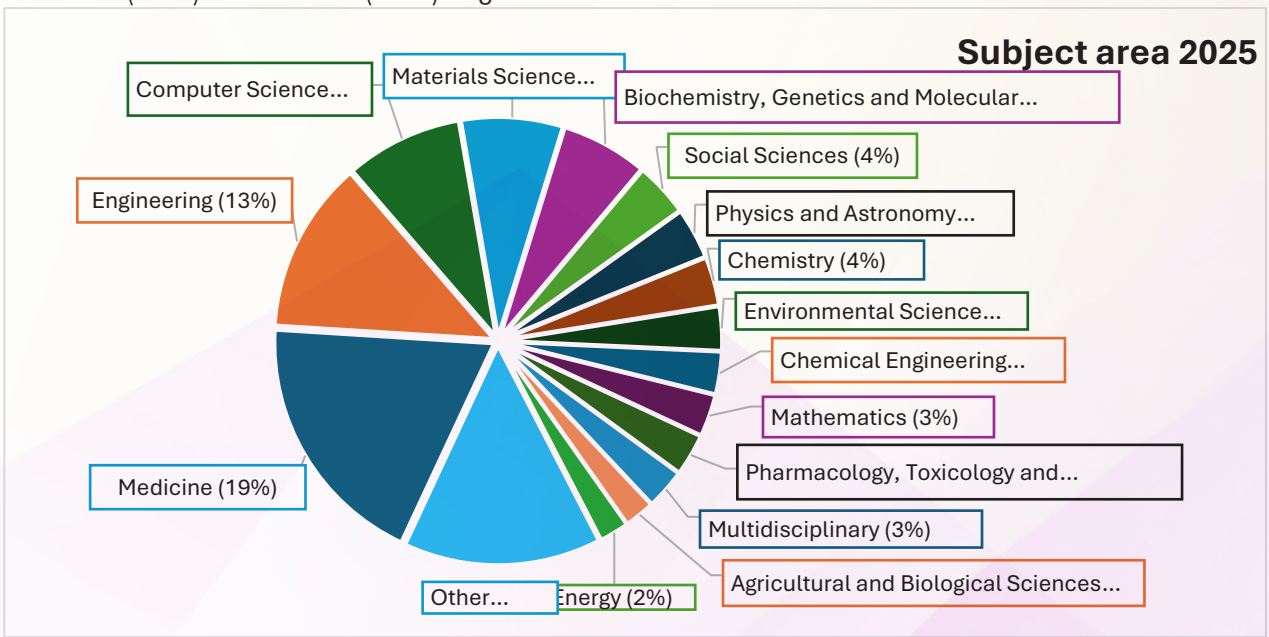


Figure 3: Subject Areas of Publication – 2025**

Source: **Scopus**, As on date: **06-01-2026**

MAHE's research publications spanned diverse subject areas, with medicine leading at 19%, followed by biochemistry, genetics, and molecular biology at 18%. Engineering (11%) and computer science (11%) together represented over 20% of the output, highlighting strong contributions from technical and computational fields. Other notable areas included social sciences (4%); physics and astronomy (4%); chemistry (3%); environmental science (3%); chemical engineering (4%); pharmacology, toxicology, and pharmaceutics (2%); multidisciplinary (2%); energy (2%); agricultural and biological sciences (1%); and materials science (1%); with the remaining categories grouped as "other" at 16%. This broad distribution reflects MAHE's comprehensive research ecosystem across health, engineering, and emerging interdisciplinary domains.

In 2025, SDG 3—Good Health and Well-being—emerged as the top focus of MAHE's research publications at 38%, aligning with the institution's strengths in medical and health sciences. There were also publications related to SDG 2—Zero Hunger (11%)— and SDG 9—Industry, Innovation, and Infrastructure (4.5%)— demonstrating targeted contributions to global food security and technological advancement. Other areas with notable representation included SDG 7 (Affordable and Clean Energy (4.5%)), SDG 6 (Clean Water and Sanitation (4%)), SDG 11 (Sustainable Cities and Communities (4.6%)), SDG 4 (Quality Education (1.8%)), SDG 12 (Responsible Consumption and Production (2.7%)), SDG 13 (Climate Action (1.3%)), SDG 15 (Life on Land (2%)), SDG 14 (Life Below Water (1.3%)), SDG 16 (Peace, Justice, and Strong Institutions (2.4%)), and SDG 1 (No Poverty (0.7%)), collectively showcasing MAHE's commitment to the UN 2030 agenda across priority SDGs.

Figure 4: SDG-Aligned Publications – 2025

Department Activities, Initiatives, Workshops and Achievements (January–December 2025)

During the period from January to December 2025, the department undertook a comprehensive range of

academic, research, and capacity-building initiatives aimed at strengthening the institutional research ecosystem. The activities were strategically designed to enhance research quality, publication excellence, ethical research practices, funding awareness, digital research capabilities, and international scholarly engagement. Collectively, these initiatives contributed significantly to institutional goals while aligning with the UNSDGs, particularly SDG 4 (Quality Education), SDG 9 (Industry, Innovation and Infrastructure), SDG 16 (Peace, Justice and Strong Institutions), and SDG 17 (Partnerships for the Goals).

Strengthening Research Capacity and Quality Education

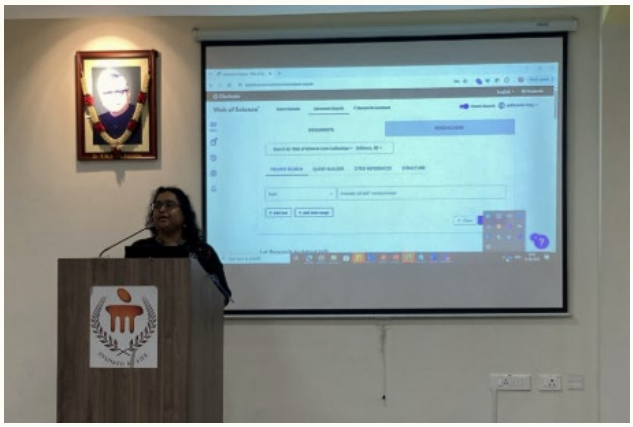
A central focus of the department in 2025 was the enhancement of research competencies and academic writing skills among faculty members, research scholars, and postgraduate students. Multiple workshops and expert-led sessions were organized to address key aspects of scholarly publishing, including research design, manuscript preparation, journal selection, peer review, and publication ethics. Notable among these initiatives was the workshop on "Scientific writing", conducted in collaboration with ACS publishers, which provided hands-on guidance on structuring research articles, improving clarity and coherence, and adhering to international publication standards. Similarly, the Wolters Kluwer webinar titled "Clinical Research Methodology and Tips for Publishing Medical Research", strengthened methodological understanding, particularly in health and medical sciences. Sessions such as "Getting Your Research Published Successfully" by World Scientific and publisher-led workshops by Sage, Karger, Nature Communications, and Cambridge University Press; offered valuable insights into editorial expectations, peer-review processes, and strategies for publishing in high-impact journals. These programs significantly contributed to improving the research writing confidence and publication readiness of participants, directly supporting SDG 4—Quality Education—by promoting lifelong learning and academic excellence.

Advancing Visual Science Communication and Research Dissemination

In addition to traditional publishing formats, the department emphasized the importance of visual science communication as a powerful tool for enhancing research understanding, reproducibility, and global reach. The session "JoVE: Visualizing Science, Accelerating Research and Education!" introduced participants to video-based scientific publications and demonstrated how visual protocols improve methodological transparency and learning outcomes. This initiative sensitized researchers to innovative modes of knowledge dissemination, particularly for experimental, laboratory-based, and procedural research. By promoting the adoption of video articles and visual documentation, the department supported improved reproducibility, accessibility, and pedagogical impact of research outputs. This activity contributed to SDG 4 (Quality Education) by enhancing teaching–learning effectiveness and to SDG 9 (Industry, Innovation and Infrastructure) by encouraging innovative approaches to scientific communication.

Leveraging Digital Tools, Artificial Intelligence(AI), and Research Analytics

In alignment with evolving digital trends, the department organized several programs focusing on AI, advanced research analytics, and digital research platforms. Sessions such as "The Power of AI Combined with ScienceDirect", "Leveraging AI and Web of Science for Literature Review and Discovery", and workshops conducted with Elsevier and Clarivate enabled participants to effectively use AI-enabled tools for literature discovery, citation analysis, and research visibility enhancement. These initiatives empowered researchers to adopt technology-driven, data-informed research practices; thereby enhancing efficiency, innovation, and competitiveness in scholarly output. This directly supports SDG 9—Industry, Innovation and Infrastructure—by strengthening digital research infrastructure and promoting innovation-led academic growth.



Enhancing Funding Awareness and Research Partnerships

Recognizing the importance of external funding and collaborative research, the department conducted multiple awareness sessions on national and international funding opportunities. These included Application Process and Support for Department of Biotechnology (DBT) Funding Calls, including DBT grant workshops, and Scheme for Promotion of Academic and Research Collaboration (SPARC) program awareness sessions led by eminent experts. These sessions improved researchers' understanding of eligibility criteria, proposal structuring, evaluation processes, and compliance requirements. By facilitating interactions with funding agencies and promoting collaborative research frameworks, the department strengthened institutional readiness for competitive grants and international partnerships, aligning strongly with SDG 17—Partnerships for the Goals—**Encouraging Open Access and Global Knowledge Sharing**

The department actively promoted Open Access (OA) publishing and responsible dissemination of research findings through initiatives such as "An Hour of OA with Springer Nature" and sessions on Read and Publish Agreements. These activities enhanced awareness of institutional OA agreements, enabling wider dissemination of research outputs and equitable access to scientific knowledge. Such efforts not only support SDG 4 by democratizing access to education and research but also reinforce SDG 17 through global knowledge exchange and publisher-institution partnerships.

Academic Conferences, Recognition, and Research Excellence

Flagship events such as the International Conference on Health Technology and Research (ICHTR) 2025 and Research Award Day played a vital role in promoting interdisciplinary research dialogue, showcasing institutional research achievements, and recognizing excellence among faculty and researchers. These events fostered a culture of innovation, collaboration, and academic motivation across departments. By celebrating research accomplishments and encouraging high-quality scholarly output, the department reinforced institutional commitment to quality education, innovation, and sustainable academic growth, aligning with SDG 4 and SDG 9. Table 1: Research excellence awardees based on the dedicated award category and alignment with UNSDG.

Award Name	Stream	Awardee	Institution
Research Excellence (Government Grant)	Faculty of Health Sciences	Dr Anju Shukla	Kasturba Medical College, Manipal
Research Excellence (Industry Grant)	Faculty of Health Sciences	Dr Veena G Kamath	Kasturba Medical College, Manipal

Overall Impact and Contribution to Sustainable Development

Through its well-structured and diverse set of initiatives in 2025, the department successfully strengthened the institutional research ecosystem by:

- Enhancing research skills and publication quality
- Promoting ethical research and integrity
- Leveraging digital and AI-based research tools
- Improving grant readiness and funding participation
- Encouraging open access and global collaboration
- Recognizing and rewarding research excellence

These efforts collectively contributed to the sustainable development of academic and research practices within the institution, aligning the department's mission with the United Nations Sustainable Development Goals and reinforcing its role as a facilitator of high-quality, ethical, and impactful research.

Grants and Consultancy

Number of grants applied (Jan – Dec 2025): **1538**

New projects Sanctioned (Apr 2024 – Mar 2025)

Number of new grants sanctioned:

- Fellowship: **15**
- Research grant: **131** (Government/ Private/Travel)
- Consultancy and Clinical trials: **9**

Total new amount sanctioned during the period: **37.92 crores (in INR)**

Top 5 projects representing the new amount sanctioned:

Name of the Project	Name of the donor/grantor	Amount approved in Crores (INR)	Duration of the Project (in months)	Project Start Date	Project Close Date
COIL-D Centre for Indian Language Data under the "National Language Translation Mission:BHASHINI	MeitY, New Delhi	3.54	24 Months	01 Oct 2024	30 Sep 2026
Empowering the Youth of Coastal Karnataka: Assessing Risk Factors and Implementing an Integrated Multi-component Health Promotion Intervention (IMHP)	ICMR, New Delhi	2.01	36 Months	15 Jan 2025	14 Jan 2028
Development of quantum enhanced multimodal nonlinear optical microscope integrated with learning for oral cancer screening and diagnosis	ICMR, New Delhi	1.30	36 Months	10 Feb 2025	09 Feb 2028
Ramanujan Fellowship Nomination	SERB, New Delhi	1.19	60 Months	12 Apr 2024	11 Apr 2029
Studies of charged and neutral radiation in space, its variations and potential impact on human presence in space	SPARC, New Delhi	1.12	24 Months	01 Apr 2024	31 Mar 2026

Top 5 agencies as per total amount sanctioned:

Agencies	Number of projects	Amount approved in Crores (INR)
ICMR, New Delhi	35	13.14
MeitY, New Delhi	2	3.68
SERB, New Delhi	26	3.03
SPARC, New Delhi	4	2.79
DST, New Delhi	17	2.59

Ongoing projects sanctioned (April 2024 – March 2025):
Total ongoing projects during the period: **394**
Total new amount sanctioned during the period: **148.31 cr**
Number of ongoing amount received during the period: **43.57 cr**
Institute ranking of externally funded projects:
Foreign Consultancy: -
Foreign grants: -

Top 5 projects ongoing amount sanctioned:

Name of the Project	Name of the donor/grantor	Amount approved in Crores (INR)	Duration of the Project (in months)	Project Start Date	Project Close Date
Center for Rare Disease Diagnosis, Research, and Training	DBT/Wellcome Trust India Alliance, Hyderabad	10.00	60 Months	01 Oct 2021	30 Sep 2026
DBT_Builder- Interdisciplinary Life Science Programme for Advanced Research and Education (DB-ILSPARE)	DBT, New Delhi	4.76	60 Months	11 Mar 2022	10 Mar 2027
Inter-organ communication in response to wounding	DBT/Wellcome Trust India Alliance, Hyderabad	3.57	60 Months	01 Mar 2024	28 Feb 2029
Epithelial Reprograming of HOX Genes by Epigenetic Mechanisms and its implication to oral Cancers	DBT/Wellcome Trust India Alliance, Hyderabad	3.56	60 Months	01 Oct 2019	30 Sep 2024
Chaperoned control of Cellular homeostasis in stress and proteinopathies	DBT/Wellcome Trust India Alliance, Hyderabad	3.52	60 Months	01 Mar 2024	28 Feb 2029

Top 5 agencies as per the ongoing number of projects:

Agencies	Number of projects	Amount approved in Crores (INR)
ICMR, New Delhi	135	46.37
DST, New Delhi	50	13.13
SERB, New Delhi	48	10.00
DBT, New Delhi	15	13.99
SPARC, New Delhi	8	4.58

Workshops organized: 2

Workshop 1: DBT awareness—Dr Shama Prasada K

The Directorate of Research, MAHE organized an awareness session on "Department of Biotechnology (DBT) Calls and Application Process" on 7 August 2025 at Sharada Hall, MCHP Building. The session was conducted for faculty members, researchers, and postdoctoral fellows to familiarize them with active DBT grant calls, the DBT e-portal and application process, key documentation requirements, and institutional support mechanisms. The interactive session also included a question-and-answer segment to address participant queries and strengthen grant-seeking capabilities across the university.

Workshop 2: SPARC Awareness - Dr Rabibrata Mukherjee

An invited lecture on the SPARC Programme was conducted on 8 August 2025 at the CAIF Conference Hall, MAHE. The session was delivered by Prof Rabibrata Mukherjee, Dean (Research and Development (R&D)), IIT Kharagpur and Joint National Coordinator of the Ministry of Education's SPARC initiative. The lecture provided an overview of SPARC Phase III (2023–2026), highlighting global collaboration opportunities with top QS-ranked universities, researcher mobility, priority focus areas, and outcome-based funding. The programme also featured an interactive session with SPARC awardees from MAHE, offering participants valuable insights into building international research partnerships.

Recognition:

Scientific and Industrial Research Organizations (SIROs)

MAHE has been granted renewal of recognition as an SIRO by the Department of Scientific and Industrial Research (DSIR), Ministry of Science and Technology, Government of India. The renewed recognition is valid for the period from 1 April 2025 to 31 March 2028, reaffirming MAHE's continued commitment to high-quality research, innovation, and industrial collaboration in accordance with national R&D policies and guidelines.

Hub Set up:

MAHE-DST HUB Inaugurated to Accelerate Translational Research and MedTech Development

Grant Writing Workshop and Proposal Review Session

The Directorate of Research (DOR), Manipal Academy of Higher Education, organized a Grant Writing Workshop and Proposal Review Session from 5th to 7th February 2026, led by Prof. Tapas K. Kundu. As part of this initiative, a focused session was conducted on "Grant Writing" and "Review of Research Proposals" for research faculty members from MAHE Manipal & Mangalore campus.

The program began with a grant writing workshop, where participants gained practical insights into developing competitive research proposals, including framing research questions, aligning with funding priorities, and strengthening methodological approaches. This was followed by a proposal review and consultancy session, during which 40+ research proposals submitted to DOR were presented and critically evaluated. Faculty delivered concise presentations, enabling structured discussion and expert feedback on study design, feasibility, innovation, and funding alignment.

The session significantly contributed to enhancing faculty capacity in grant writing and proposal development, while also fostering interdisciplinary collaboration. Feedback from participants highlighted a strong demand for continued support, particularly in one-to-one proposal mentoring, mock grant evaluation panels, and guidance on budgeting and compliance. In response, DOR plans to implement structured mentoring sessions and targeted workshops to further strengthen the institution's research funding outcomes.

Central for Doctoral Studies

Guest Talk by Prof Arijit Mukhopadhyay, UK

The Centre for Doctoral Studies, Directorate of Research, Manipal Academy of Higher Education, Manipal, organized a session for PhD scholars on 'Coping with Chaos: Practical Tips' on 24 January 2025 at Sharada Hall, Ground Floor, MCHP, Manipal. The session was delivered by Prof Arijit Mukhopadhyay, Professor in Precision Health University of Salford, Manchester, United Kingdom, who is a qualified life coach, a motivational speaker for young researchers providing essential life tips, and a TEDx speaker. By profession, he is a researcher in Human Genetics and Genomics with over 25 years of research experience. Prof Mukhopadhyay is also an avid science communicator. The session was attended by 150+ PhD scholars. A film made by him to improve awareness of the benefits of genetics in human health was screened during the session.

PhD Orientation 2025 @ MAHE, Manipal
Date: 13 February 2025

The PhD Orientation Program 2025 was held on 13 February 2025 at the 3rd Floor TMA Pai Halls, MAHE. The objective of the orientation is to provide essential insights into research policies, academic expectations, and institutional support. Dr Satish Rao, Director, DOR, welcomed the gathering. Chief Guest, Lt Gen (Dr) M D Venkatesh, emphasized quality research, judicious technology use, consistency, and open-access publishing, stressing the need for impactful research and ethical academic practices. The technical sessions covered key aspects of the MAHE PhD Guidelines. Dr Vasudha Devi and Dr Ankitha Shetty sensitized on the PhD guidelines, covering Pre-DAC, DAC, IPAC, registration, coursework, IPR, and publication requirements, highlighting the need for a structured research approach and adherence to policies. Dr Santhosh K V, Deputy Director, Directorate of Research, highlighted MAHE's open-access agreements, research databases, and software tools available. Dr S Varadharajan outlined IPR types, the patenting process, and MAHE's IPR support services. Dr Geetha Maiya addressed student counselling, grievance redressal, safety, and wellness. Dr Anup

Naha discussed international collaborations, including the Deakin-MAHE Cotutelle Program, global partnerships, and international co-supervisors. A total of 256 scholars were present in the orientation.

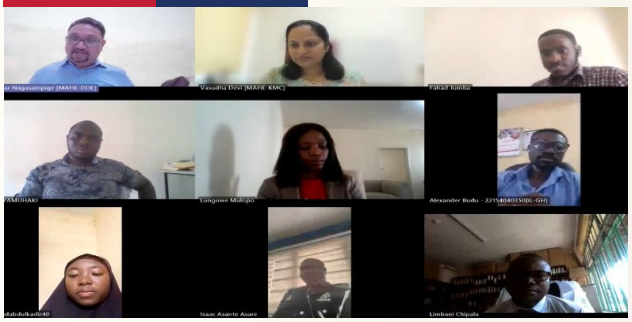
Patent awareness and drafting workshop for PhD Scholars
Date: 03 April 2025

The Centre for Doctoral Studies, Directorate of Research, MAHE, Manipal, in association with the Intellectual Property and Technology Transfer Office (IPTTO) (DoR), MAHE, Manipal, organized a Patent Awareness and Drafting Workshop for PhD Scholars on 03 April 2025 at Dr TMA Pai Auditorium, KMC, Manipal. The workshop was attended by 54 scholars from various institutions of MAHE.

Dr Satish Rao, Director, Directorate of Research (DOR), MAHE, Manipal, welcomed the guests. Dr Sajan Daniel George, Director, Manipal Institute of Applied Physics, MAHE, Manipal, was the Chief Guest and provided the opening remarks. Adv Pranav Bhat from An Astraea Innovative Solution was the resource person for the workshop. Dr Vasudha Devi, Deputy Director, CDS, MAHE, Manipal, delivered the vote of thanks. The workshop provided a comprehensive understanding of the patent filing process.

On 18 July, 2025, Dr Chathapuram (Ram) Ramanathan, Professor and Fulbright Fellow, delivered an inspiring talk at Illinois State University. 56 scholars from Manipal School of Commerce and Economics, Manipal School of Life Sciences, Manipal School of Health Professionals, Kasturba Medical College, Manipal Centre for Biotherapeutics Research, and Manipal College of Nursing attended the session. The session focused on the scholar's journey through social science research, conducting socially impactful research, and international opportunities.

On 23 July, 2025, the Centre for Doctoral Studies, Manipal, organized a webinar for students who completed their master's degrees through the Directorate of Online Education. A total of **43 students**, including several from **African countries**, attended the session. The webinar highlighted the opportunities available under the **International PhD Programme**, providing detailed insights into the **PhD guidelines, admission process, and research expectations**. Students showed keen interest in pursuing doctoral research in diverse fields such as **Business Management, Economics, Data Science, and Machine Learning**.



Calm is a Superpower: Yoga and Breath Practices for Resilience

Number of participants: 130 scholars

The Centre for Doctoral Studies (CDS), under the Directorate of Research (DoR), MAHE, organized a session for PhD scholars on "*Calm is a Superpower: Yoga and Breath Practices for Resilience*" on 09 August, 2025. The session was conducted from 11:30 AM to 01:00 PM at Sharada Hall, Ground Floor, MCHP, Manipal. Dr Annapoorna K, Professor and Head of the Division of Yoga at the Centre for Integrative Medicine and Research, MAHE, was the resource person for the session. Through practical demonstrations and insightful discussions, she guided participants on how simple yoga techniques and breathing exercises can help build mental resilience, reduce stress, and improve overall well-being—particularly useful for research scholars

managing academic pressure. The session was well-received, with active participation and engagement from the attendees. Scholars appreciated the opportunity to learn practical tools to enhance focus and maintain emotional balance, making the session a valuable addition to their academic journey.

Craft to Publish – Strategic Writing for Faster Research Output- on 16 September 2025

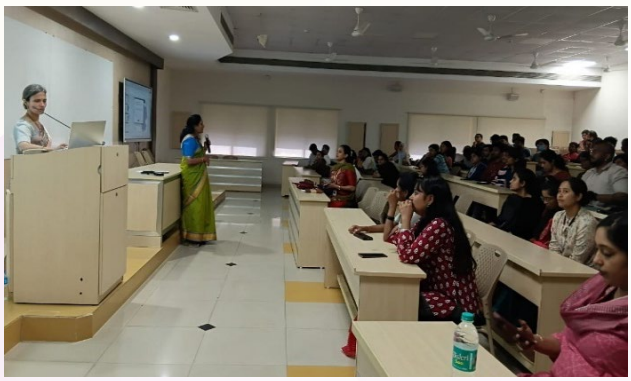
The Centre for Doctoral Studies (CDS) under the Directorate of Research (DoR), MAHE, organized a session on "Craft to Publish–Strategic Writing for Faster Research Output."

The session featured Dr Shama Prasada K, Deputy Director – Grants and Consultancy, DoR, MAHE, and Dr Bharti Chogtu, Professor, Department of Pharmacology, KMC Manipal, and Editor, MAHE Magazine, as the distinguished speakers.

Dr Shama Prasada K shared practical insights on effective research paper writing, focusing on structure, clarity, and strategies for improving publication success. Dr Bharti Chogtu highlighted the importance of integrating the United Nations Sustainable Development Goals (SDGs) into research, encouraging scholars to align their work with global priorities for societal impact. The session witnessed 192 scholars and was well-received by all. Dr Vasudha Devi, Deputy Director, Centre for Doctoral Studies (CDS), DoR, MAHE, coordinated the event.

Postdoctoral and Career Opportunities in Germany

The Centre for Doctoral Studies (CDS) under the Directorate of Research (DoR), MAHE, organized an interactive session for PhD scholars on "Postdoctoral and Career Opportunities in Germany" on 23 September, 2025, from 03:00 PM to 04:00 PM at Lecture Hall – 1, 3rd Floor, Basic Sciences Building, Manipal. The session was led by Dr Manjula Mundakana, Senior Advisor for Science, Technology, and Political Affairs at the German Consulate, Bengaluru. Around 120 scholars attended the session, which provided a comprehensive overview of research and academic career opportunities in Germany. Dr Vasudha Devi, Deputy Director, CDS, welcomed the gathering, and Dr Ankitha Shetty, Assistant Director, CDS, coordinated the event. The session highlighted key platforms such as the DAAD (German Academic Exchange Service), Alexander von Humboldt Foundation, and EURAXESS Germany, which offer extensive opportunities for researchers and postdoctoral scholars. She also discussed potential research positions at leading institutions, including the Max Planck Institutes, Helmholtz Association, and Fraunhofer Institutes, encouraging participants to explore these avenues for their future academic and professional growth. The session concluded with an engaging Q&A segment, where participants clarified queries related to funding, collaboration opportunities, and application processes for research programs in Germany.



The Centre for Doctoral Studies (CDS) successfully conducted the PhD Orientation 2025 for the 2025-26 Batch 1 PhD scholars on 27–28 October 2025, at the Dr TMA Pai Auditorium, KMC, Manipal.

The inaugural ceremony was graced by Lt Gen (Dr) M D Venkatesh, Vice Chancellor, MAHE, as the Chief Guest, along with Dr Raviraja N S, Senior Director – Research, DoR, MAHE, and Dr Vasudha Devi, Deputy

Director – CDS, DoR, MAHE. The event also marked the release of the PhD Admission Promotional Flyer and the Information Brochure on National Fellowships. In the inaugural talk, Lt Gen (Dr) M D Venkatesh, Vice Chancellor, emphasized the significance of quality research and shared valuable insights on achieving research excellence through rigour, innovation, and ethical scholarship.

An inspiring keynote address on "Pioneering Research with Purpose" was delivered by Prof (Dr) Madhu Veeraraghavan, Pro Vice Chancellor (Management, Law, Humanities and Social Sciences, MAHE Manipal), and Pro Vice Chancellor, MAHE Bengaluru Campus.

Over two days, around 300 research scholars participated in a series of insightful sessions conducted by distinguished resource persons:

Dr Raviraja N S–Senior Director, Directorate of Research, MAHE, Manipal, provided an overview of MAHE, Dr Vasudha Devi–Deputy Director, Centre for Doctoral Studies, DoR, MAHE, Manipal, and Dr Ankitha Shetty–Assistant Director, Centre for Doctoral Studies, DoR, MAHE, briefed on PhD Guidelines and Requirements at MAHE.

Other research persons and topics covered were as follows:

Dr Santhosh K V–Deputy Director (Technical Research), DoR, MAHE, Manipal

Topic: Open Access Publication and Its Impact

Dr S Varadharajan–Deputy Director, IPTTO, DoR, MAHE, Manipal

Topic: Importance of Patents for PhD Scholars

Ms Urmila M S–Trainer on Communication and Presentation Skills

Topic: Present Your Research with Impact: Effective Presentation Skills

Dr Shama Prasada K–Deputy Director–Grants and Consultancy, DoR, MAHE, Manipal

Topic: The Making of a Scholar: A Journey Within and Beyond

Dr Shivananda Bhat K–Chief Librarian, MAHE, Manipal

Topic: MAHE Library Support Services

Dr Annapoorna K–Professor and Head, Division of Yoga, Centre for Integrative Medicine and Research, MAHE

Topic: Calm is a Superpower: Yoga and Breath Practice for Resilience

Panel Discussion–"Scholar Speak: Insights from MAHE National Scholars" was moderated by Dr Pavithra V (ICMR Nurturing Clinical Scientist Fellow, MCODS, Manipal), featuring contributions from Ms Vaishali P (MSIS), Mr Shivarama K N (MIT), Ms Deepa C Bhat (MSCE), and Mr Sanjay K U (MSLS).

Mr Kiran R, Research Scholar, MIT, shared an inspiring account of his doctoral journey, motivating fellow scholars with insights drawn from his personal research experiences.

Additionally, representatives from the MAHE Student Research Forum (SRF) addressed the gathering, introducing the forum's initiatives and support mechanisms that foster research collaboration and scholar engagement across disciplines.

The two-day orientation concluded with an inspiring note, setting the stage for a purposeful and transformative research journey for MAHE's new PhD scholars.

A workshop on 'Present Your Research with Impact – How to Make an Effective PowerPoint Presentation was organized on 28 October 2025 for PhD scholars. Ms Urmila, Trainer on Communication and Presentation Skills, was the resource person. Around 250 PhD scholars received hands-on training in creating effective PowerPoint presentations.

Research Grants
Received during the Period from April 2025 to March 2026

Sl No	Institution	Amount (in lakhs)
1	Kasturba Medical College, Manipal	2,160.24
2	Manipal School of Life Sciences, Manipal	821.33
3	Manipal Institute of Technology, Manipal	700.23
4	Manipal College of Pharmaceutical Sciences, Manipal	561.12
5	Manipal Institute of Regenerative Medicine, Bengaluru	372.56
6	Kasturba Medical College, Mangalore	234.41
7	Prasanna School of Public Health, Manipal	233.46
8	Manipal Institute of Applied Physics, Manipal	219.89
9	Manipal College of Health Professions, Manipal	177.50

Manipal Gok Bioincubator

Manipal-GoK Bioincubator, a Technology Business Incubator, is an initiative of Manipal Academy of Higher Education (MAHE), supported by the **Karnataka Innovation and Technology Society (KITS),** the Government of Karnataka, and the **Department of Biotechnology's BIRAC. Established in 2019**, the incubator spans **20,000 sq ft and is** dedicated to advanced research **in Biopharma, Biomedical Devices, Dental Innovation, Biotechnology, Disease Diagnosis and Medical Healthcare**.

The incubator fosters a multidisciplinary entrepreneurial ecosystem across Health Sciences, Pharma, Engineering, Life Sciences, and Management. Supported **70 startups since 2019** on innovations in areas such as tissue engineering, bioprinting, microfluidics, drug discovery, nano biotech, MedTech, AI interfaces, wearable tech, mobile health, big health data, IoT, blockchain, personalized and precision medicine, drug delivery, medical robotics, smart diagnostics, regenerative medicine, and biomedical implants.

Facilities include dedicated and shared labs, tissue culture and microfluidics labs, microbiology and instrumentation facilities, Class 100 clean rooms, prototyping and fabrication labs, electronic and analytical testing labs, and plug-and-play workstations. The incubator is linked to MAHE's hospitals, engineering workshops, central equipment facilities, mentors, animal house, biobank, clinical trial support, and more.

In FY 2024–25, the incubator supported several high-impact startups that secured national awards, international grants, and strategic partnerships.

Notable achievements include successful product launches in MedTech and diagnostics, seed funding rounds exceeding 12 Crores INR, and participation in global innovation summits. The incubator also hosted over 70+ workshops, mentoring sessions, and investor connects to strengthen the startup ecosystem.

Supported under BIRAC's BioNEST program, the incubator received 240 lakhs INR in 2020 for facility expansion. It continues to provide affordable incubation, including virtual and co-incubation, and is deeply integrated with a network of innovators, clinicians, researchers, IP attorneys, and policymakers to drive biotech and healthcare innovation.

As a recognized mentoring hub, the incubator actively supported K-Tech Elevate grant winners by providing end-to-end guidance from proposal development to prototype validation. Startups received tailored mentoring in business planning, regulatory navigation, IP strategy, and investor readiness. Regular review sessions and expert connect ensured timely progress and strategic alignment. This firsthand support has helped multiple Elevate winners scale their innovations and prepare for market entry.

Highlights

1. Incubation and Growth

- **15 new startups** were incubated across four quarters, [Total Start-ups Supported – 73]
- **Four startups graduated** during the reporting period and **24 startups** are currently in the graduated portfolio.
- **RA Health Innovations Limited**, a UK-based startup, joined the incubator in March 2025 through the Soft-Landing Program.

2. Funding and Achievements

- **Blackfrog Technologies** secured **1.7 million USD** in Pre-Series A funding (April to Jun 2025)
- **Curexel Technologies**, an MGOKB-mentored startup, secured the prestigious **Biotechnology Ignition Grant (BIG) from BIRAC, receiving 50 lakhs INR** to advance its painless drug delivery device, CuID.
- **Krop AI** received backing from **Rainmatter by Zerodha** (July to September 2025).
- **Neurasim** installed its **BeeVee VR vision therapy system** at **Sankara Nethralaya**, Chennai
- Blackfrog Technologies **was selected to represent India at the MeitY Global Startup Bridge Program in Brussels**
- Five portfolio startups: **Blackfrog, Mozziquit, Zupaloop, Rosette, and Axory AI** launched their products at the **Bengaluru Tech Summit 2025,** an event graced by **Shri Priyank Kharge**
- **Meta Biosciences Pvt Ltd** achieved a significant growth milestone by transitioning from MGOKB to its own dedicated office and advanced research facility in Manipal

3. Awards and Recognition

- **Manipal-Gok Bioincubator** awarded **"Bioincubator of the Year (Tier 2)"** at the Bio Startups Founders and Investors Forum 2025
- Recognized as **Ecosystem Enabler of the Mangaluru Cluster** at Mangalore Technovanza 5.0

4. Events and Capacity Building

- Organized **70+ events**, including hackathons, workshops, webinars, and panel discussions.
- Key events:
  - √ **Manipal Biopharma, Biotech, and Medtech Hackathons** (450+ Teams participated)
  - √ **Manipal Start-Up Expo 2025** (75+ startups, 5000+ visitors)
  - √ **35+ Handon workshops conducted and 25+ Technical Sessions conducted (Online and Offline)**
  - √ The incubator conducted an **ISO/IEC 27001:2022 Internal Auditor Training and Certification Program** in Jun 2025 for 17 professionals
- Average attendance ranged from **30 to 150+ participants** per event

5. Mentorship and Partnerships

- Mentored **10 KTech Elevate winning startups** (2023 and 2024 batches).
- Served as **Program Monitoring Partner** for the Rajeev Gandhi Entrepreneurship Program (Eight innovators).
- Successfully co-led the Global Technology Solutions (GTS) 2024–2025 program with the University of New Brunswick, mentoring student teams to victory in the Technology and Social Innovation categories.

7. Strategic Participation

- **CEO Dr Manesh Thomas** joined the official delegation to the **India-Scotland Business Meet 2025** in Edinburgh during March 2025, exploring key life science facilities and fostering bilateral trade opportunities.
- **CEO Dr Manesh Thomas** participated in the India-Choose Paris Region Learning Expedition in Mar 2025, gaining key insights into the French healthcare innovation ecosystem at PariSanté Campus during March 2025.
- **Dr Clavian and Mr Krishna** represented Manipal TBI at **Mangaluru Technovanza 5.0** with ministerial presence in September 2025.
- Achieved international reach with **CEO Dr Manesh Thomas's** strategic participation **at MEDICA 2025** in **Düsseldorf, Germany, in Nov 2025,** engaging in Carve Startup Labs and Industrie- und Handelskammer (IHK) sessions

to foster Indo-German collaborations and global market access for startups.

- **Dr Komal Rana and Mr Krishna** represented Manipal TBI at Bengaluru Tech Summit (BTS'25) with 15+ Start-ups of Manipal in November 2025.
- **CEO Dr Manesh Thomas** served as a distinguished speaker on the **"Valley of Death Challenge"** panel at the CII Global Summit on Industry–Academia Partnerships 2025 in New Delhi during December 2025.
- Hosted a delegation led by **Mr Nico Schiettekatte (Netherlands Embassy) and Prof Hugo Velthuijsen (Hanze University)** in November 2025, fostering strategic Indo-Dutch e-Health collaborations and startup engagement.
- Conducted a campus tour and showcased R&D facilities to an international student group from Boston University, USA, in January 2025.

Events Organized (January to September 2025)

SL No	Date	Topic	Speaker(s) / Resource Person
1	15 Jan 2025	Technical talk on "Advance your single-cell Omics research for Organoids and tissue cell-line establishment"	Dr Manjunath Siddaramaiah
2	16 Jan 2025	Innovate and Elevate: Celebrating National Start-Up Day - General Addressing	Dr Jitendra Kumar, MD, Bio technology Ignition Research Assistance Council (BIRAC)z
3	16 Jan 2025	Innovate & Elevate: Exploring Business and Career Opportunities in Sustainability & Innovation	Dr Vishnu A
4	24 Jan 2025	Session on "Managing Startup Finances"	C A Shwetha S V
5	30 Jan 2025	Hands-on workshop "Powder to Perfection: SLS Mastery with Sinterit Lisa" on Selective Laser Sintering	Mr Dheeraj
6	30 Jan 2025	Talk on "Pharmaceutical Manufacturing, Operations, cGMP Systems and Regulatory Challenges"	Dr Girish Pai
7	03 Feb 2025	Euphoria 10.0 – Manipal BioPharma Hackathon 2025	Dr Manesh Thomas, Dr Abhijeet Pandey, Dr S Varadharajan, Dr Clavian M

SL No	Date	Topic	Speaker(s) / Resource Person
8	18 Feb 2025	Prize Distribution Ceremony of the Manipal Biotech Hackathon 2024	Top Management of MAHE
9	22 Feb 2025	Hands-on workshop on R programming for Data Analytics – 01 Credit	Dr Vani Lakshmi
10	25 Feb 2025	Manipal Biopharma Hackathon Grand Finale	Jury Panel
11	01 Mar 2025	Euphoria 11.0: Manipal Medtech Hackathon 2025	Dr Manesh Thomas, Mr Navaneeth K S, Dr Khyati Verma, Dr Komal Rana
12	08 Mar 2025	Breaking Barriers, Building Futures: A Women's Day Special – The Multifaceted Woman	Dr Sarika Gupta and Mrs Supriya Kamath
13	22 Mar 2025	Manipal MedTech Hackathon Grand Finale	Jury Panel
14	28 Mar 2025	Faculty Development Program on Innovation and Entrepreneurship	Adv Pranav Bhat, Dr Manesh Thomas, Mr Dheeraj Poojary
15	29 Mar 2025	Business Webinar on "Efficiency Meets Innovation: Lean Principles for Startups"	Mr Krishna P Bhat

SL No	Date	Topic	Speaker(s) / Resource Person
16	28 and 29 Mar 2025 	AETHERION 2025 – Code Beyond Time, Create Beyond Reality	Jury Panel
17	05 and 06 Apr 2025 	Business Cartel: Student Entrepreneurship Cell event	Ananya B, Student of MCOPS presiding the team of 25+ students
18	11 Apr 2025 	Entrepreneurship and Innovation: Idea Pitching Workshop	Dr Clavian, Dr Komal and Mr Dheeraj
19	26 Apr 2025 	Unlocking Private Capital for Deep Tech Start-ups	Mr Navaneetha S
20	28 Apr 2025 	Entrepreneurship Insights Part 1: A Start-up's Guide to Income Tax	C A Sridhar Kamath
21	28 Apr to 10 May 2025 	Hands-on Workshop on Advanced Animal Cell Culture Techniques	Dr Komal Rana
22	29 Apr 2025 	Stem Cell Culture: Introduction, Significance, Regulatory Aspects	Dr Samatha Bhat
23	30 Apr 2025 	Cytotoxicity Analysis and Immunology Assay Workshop	Dr Tejaswini K
24	30 Apr 2025	Tissue Engineering Applications using Primary Cell Culture	Dr S V Kirthanashri

SL No	Date	Topic	Speaker(s) / Resource Person
25	14 May 2025	Biotech & Medtech Hackathon Prize Distribution Ceremony	Top Management of MAHE
26	22 May 2025	Technical Talk on Pharmacometrics: Applications in drug development and therapeutics	Dr Surulivel Rajan
27	30 May 2025	Investor Readiness Session	Adv Pooja Savla
28	31 May 2025	Webinar on "From Lab to Market: Understanding CDSCO and Regulatory Pathways for MedTech Start-ups"	Dr Shyam Vasudev Rao
29	12 Jun 2025	Graduation Day: Global Technology Solutions 2025	Dr Anoop Naha and Dr Dheerendra Shukla
30	21 Jun to 26Sep 2025	Hands-on workshop on R programming for Data Analytics – 01 Credit	Dr Vani Lakshmi R
31	26 to 28 Jun 2025	ISO/IEC 27001:2022 Internal Auditor Training and Certification Program	Mr Srinivas Bhargav
32	19 Jul 2025	Hands-on workshop on R programming for Data Analytics – 01 Credit	Dr Vani Lakshmi
33	25 Jul 2025	Session on "Crafting Value Proposition for Startups and Innovations"	Mr Navaneeth S

SL No	Date	Topic	Speaker(s) / Resource Person
34	28 Jul 2025 	Webinar on "Implementing ISO 13485 and Building a Quality-First Culture"	Mr Sundeep Agarwal
35	31 Jul 2025 	Hands-on Workshop on Building Wet Lab Expertise: Cryogenic Fluids, Freeze Drying, etc.	Dr Vani Lakshmi
36	31 Jul 2025 	Hands-on Workshop: "Jet the Edge: Wazer Waterjet Hands-On"	Mr Dheeraj
37	06 to 08 Aug 2025 	Hands-on Workshop: "Fundamentals of Animal Cell Culture Techniques"	Dr Komal Rana
38	19 Aug 2025 	Installation of MGOKB Student Entrepreneurship Cell (SEC) 2025-2026	Dr Manesh Thomas, CEO-MGOKB
39	21 Aug 2025 	Celebrating Courage: World Entrepreneurs' Day Special	Mr Rahul Kamath
40	25 Aug 2025 	Manipal Start-Up Expo 2025	Top Management of MAHE, BIRAC & KITS
41	25 Aug 2025 	Panel Discussion: "Impact of AI on Healthcare, Business, Education, and Research"	Dr Dashrathraj, Dr Aishwarya, Dr Sandeep, Mr Namesh, Dr Praveen Shastry

SL No	Date	Topic	Speaker(s) / Resource Person
42	25 Aug 2025 	Tech Talk: "Empowering Bio-Entrepreneurs: Inside BIRAC's Ecosystem"	Ms Apurva Srivastava, BIRAC
43	25 Aug 2025 	Keynote Session: "Innovation of Biomedical Devices in Defence"	Dr Mohanavelu, DRDO
44	25 Aug 2025 	Keynote Session: "Nutraceutical Dosage Forms – Development Challenges"	Dr Rajkumar Aland, Bioplus LS
45	25 Aug 2025 	Keynote Session: "Beyond the Scoop – Fostering Innovation and Sustainability in a Traditional Industry"	Mr Sankeern Pai, Hangyo
46	25 Aug 2025 	Investor Pitching Session	1. Navaneetha Krishnan S, Stay Still Scale High 2. Neeti Bokaria, Early Seed Ventures 3. Siddhant Baliga, Early Seed Ventures 4. Rahul Verma, NanoHealth 5. Dr Suhas Prabhu, Xelevate Ventures (P) Ltd 6. Vikram Pandya, Investment Research Head , Varanium Capital, Mumbai 7. Anand Kumar, CEO Pier Counsel/ Super Angel / Supreme Court Lawyer - Gurgaon 8. Smridh Kohli, Soonicorn Ventures.
47	25 and 26 Sep 2025 	Implementation of QMS ISO 9001:2015 at MUTBI Society: Training and Mentoring	Mr Srinivas Bhargav
48	27, 29, and 30 Sep 2025 	Design Dimensions: From Concept to Creation with Computer Aided Drawing (CAD)	Mr Dheeraj Poojary

SL No	Date	Topic	Speaker(s) / Resource Person
49	30 Sep 2025	Strategic Decision-Making and Building Scalable Startup Models in Life Sciences and Deep-Tech	Mr Pradeep Arunachalam
50	06 Oct 2025	The Innovation Launchpad: Discover, Frame, Compete: A Pre-Ideation Workshop for Future Innovators	Dr Aparajitha Prasad Mr Navaneeth S
51	14 Oct 2025	IGNITE 2.0 – A Boot Camp for Dental Students	Dr Manesh Thomas
52	27 Oct 2025	Euphoria 12.0 – Manipal BioTech Hackathon 2025	–
53	27 Oct 2025	Talk on “Innovation, Entrepreneurship, and Development of Project Plan”	Dr Manesh Thomas
54	27 Oct 2025	Talk on “Biomanufacturing Boom in India catalysed by Digital Twin - AI and ML-based Bioprocessing”	Dr Jagadeesh Bennale
55	27 Oct 2025	Talk on “Biomimetic Inventions: Where Nature Meets Scientific Innovation”	Dr Indrajit Shown
56	27 Oct 2025	Clarity on Rules and Regulations	Dr Komal Rana

SL No	Date	Topic	Speaker(s) / Resource Person
57	30 Oct 2025	Workshop: Building Wet Lab Expertise (Downstream Essential): SPRAY DRYER	Dr Komal and Mr Dheeraj
58	31 Oct 2025	Entrepreneurial Mindset and Start-Up Journey	Mr Likith Kumar
59	06 Nov 2025	Session on BIRAC BIG 25th Grant Call	Dr Nithya Raman
60	13 Nov 2025	Understanding BiRAC's BIG Grant	Ms Taranjit Kaur
61	11 Nov 2025	Manipal Biotech Hackathon 2025 Grand Finale	Jury Panel
62	19 Nov 2025	BIRAC BIG 25 Grant Writing Session	Ms Diksha Rathore
63	22 Nov 2025	Mindful Founders: The New Edge in Entrepreneurship	Dr Lisa Fahey and Mrs Suparna Shetty
64	27 Nov 2025	Session on Regulatory Landscape for Biologics and Biopharmaceuticals	Dr Sumant Sharachchandra Karnik
65	29 Nov 2025	Session on Design Thinking for Innovation	Mr Likith Kumar

SL No	Date	Topic	Speaker(s) / Resource Person
66	02 Dec 2025 	One Day Incubation Awareness Programme	Dr Clavian
67	17 Dec 2025 	Awareness on D E S I G N for BioE3 Challenge for Innovators	Dr Vamsi Krishna
68	17 to 19 Dec 2025 	3D Design Sprint: Fusion 360 to FDM Printing	Mr Dheeraj
69	30 Dec 2025 	Business Ideation in Biotechnology	Dr Komal
70	31 Dec 2025 	Business Model Fundamentals and Understanding Value Propositions and Revenue Modelling	Mr Likith Kumar

Manipal Universal Technology Business Incubator

Manipal Universal Technology Business Incubator (MUTBI), supported by National Science and Technology Entrepreneurship Development Board (NSTEDB), Department of Science and Technology (DST), Government of India, has been operational since 2010, to support and encourage entrepreneurship in the region involving students, faculty, and the common public. It focuses on the thrust areas like InfoTech, HealthTech, AgriTech, and CleanTech. MUTBI has supported 101 startups, of which 34 startups have graduated. With the support of these startups, employment and internship opportunities for nearly 700+ were created during the last 15 years.

Currently, 67 startups are working on different domains. In order to encourage the entrepreneurial spirit, a pre-incubation facility is also created to support and encourage the students to work on their idea professionally. In the year 2017, MUTBI was selected as the programme executing partner for the National Initiative for Developing and Harnessing Innovations (NIDHI)–Entrepreneurs in Residence program (EIR). Through this programme, we have supported 63 candidates in five calls, which has resulted in 26 startups. In the year 2021, MUTBI was selected as the programme executing partner for NIDHI-Promoting and Accelerating Young and Aspiring Innovators & Startups (PRAYAS). Through this programme, we have supported 36 candidates in 3 calls. Further, MUTBI has been selected as the G3 center for offering the Generation and Growth of New Enterprises by Scaling and Incubation Systems (GENESIS) scheme by the Ministry of Electronics and Information Technology (MeitY). Through this programme, we have supported nine candidates in two Cohorts. MUTBI has been a member of the Indian Science and Technology Entrepreneurs Parks and Business Incubator Association (ISBA) since 2010. MUTBI is functioning with a team of four, comprising the Chief Executive Officer (CEO), Manager, Associate, and Accountant.

Highlights

1. Incubation and Growth

- **26 new startups** were incubated from January to December 2025, (Total start-ups supported: 101).
- **6 startups graduated** during the year (Total graduated startups: 34).
- **2 new Pre-incubatees** onboarded and 2 graduated during the year (Total supported: 9).

2. Funding and Achievements

- **Blackfrog Technologies, Econsh Alternatives, Susera Recylers, Smartsports Coachbuddy, and Zupaloop** won the Elevate Karnataka grant 2024.
- **Blackfrog Technologies**
  - Represented India at the 4-day sponsored MeitY Global Startup Bridge Program in

Brussels, Belgium—an initiative by MeitY Startup Hub.

- Secured **1.7 million USD** in Pre-Series A funding.
- Celebrated its 10th anniversary and launched a new product range— the EMON Series.

- **ZigMe** Careers Pvt Ltd and Navmarg Research and Innovations Pvt Ltd have been featured in the "Bharat Ke Innovators" series by YourStory.
- **Navmarg** Research and Innovations Pvt Ltd is recognized as a winner at Mangaluru Blue 2025.
- **Zupaloop Pvt. Ltd**. officially launched their product at Mangaluru Technovanza 2025 in the presence of Honourable Information Technology (IT) and Biotechnology (BT) Minister Mr Priyank M Kharge, Member of Parliament (MP) Captain Brijesh Chowta, Member of Legislative Assembly (MLA) Dr Vedavyas Kamath, and other dignitaries
- **Nimble Vision Pvt Ltd** received an investment of Rs 2 crore during the Startup Conclave 2025 in the presence of Honourable Union Cabinet Minister of Home Affairs, Shri Amit Shah and the Chief Minister of Gujarat, Shri Bhupendrabhai Patel.
- **Krop AI** raised investment from **Rainmatter by Zerodha**.
- **NextGen Inks Pvt Ltd and Aikyam** Sports won the Elevate—Government of Karnataka grant 2025.

3. Events and Capacity Building

- Organized **22 events**, including hackathons, workshops, webinars, and panel discussions.

Key events:

- Launch of Manipal Accelerating Research, Innovation and Entrepreneurship in AI (MARInE.ai).
- Flagship event: Creating and Developing your Enterprise (CADRE).
- Under MARInE.ai initiative, various sessions were conducted at the Academy General Education group of institutions.

4. Mentorship and Partnerships

- Establishment of a **Satellite Centre** of Manipal Universal Technology Business Incubator (MUTBI) at the MAHE Bengaluru Campus.
- Collaborated with **Mount Tech Growth Fund-Kavachh** (MGF-K) and **YourStory Media** Pvt Ltd.
- **Program Implementing Partner** for the MeitY GENESIS Program of MeitY Startup Hub.
- **Program Execution Partner** for the NIDHI PRAYAS and NIDHI SSP Program of DST, Govt of India.

5. Strategic Participation

- Dr Santhosha Rao, CEO, MUTBI represented MUTBI at PRAVAAH—MeitY Incubators Conclave 2025 held at Goa.
- Dr Santhosha Rao, CEO, MUTBI delivered a session on Value Proposition and its Integration with Business Models as a resource person at the Faculty Development Program (FDP) on Innovation and Entrepreneurship held at Sahyadri College of Engineering and Management.
- Dr Santhosha Rao, CEO, MUTBI delivered a keynote address on Startup mindset for Student Innovators Solving for Bharat in 2047 at Industry Institute Conclave (I2CONNECT 2025) hosted by Mangalore Institute of Technology and Engineering (MITE)Moodubidri in association with Institute of Electrical and Electronics Engineers (IEEE) Mangalore section.
- Dr Santhosha Rao, CEO, MUTBI delivered a session on Essentials of Entrepreneurship with the focus on the journey from idea to patent to product as part of a session titled "From Ideas to Patents: Navigating Innovation, Copyrights, and Patenting Procedure", organized by Kasturba Medical College, Mangalore.
- Dr Santhosha Rao, CEO, MUTBI attended EREVNA 3.0 Hackathon organized by KMC Mangalore as Chief Judge.
- Dr Santhosha Rao, CEO, MUTBI attended Startup Mahakumbh 2025 at New Delhi.
- Dr Santhosha Rao, CEO, MUTBI attended the final showcase of SocioSparkMakeathon at Sahyadri College of Engineering and Management as Chief Guest and Jury member.
- Dr Santhosha Rao, CEO, MUTBI attended the 3-day Faculty Development Programme (FDP) on Effective Teaching organized by MIT, Manipal, as a Resource Person and delivered a session on "Innovation and Entrepreneurship Ecosystem at MAHE.
- Dr Santhosha Rao, CEO, MUTBI represented MUTBI at the "SAKSHAM—a two-day capacity building program" jointly organized by MeitY

Startup Hub (MSH) and Software Technology Parks of India (STPI), on 21st and 22nd August 2025 at STPI CoE – EmTek, Bhubaneswar, Odisha.

- Dr Santhosha Rao, CEO, MUTBI delivered a session on "Idea Generation and Opportunity Identification" at Sridevi Institute of Technology, Mangaluru.
- Dr Santhosha Rao, CEO, MUTBI and Ms Ashmitha, Manager, MUTBI attended the Technovanza 2025 at Dr T M A Pai Convention Center, Mangaluru
- Ms Ashmitha, Manager MUTBI conducted an Awareness Session at Yakshagana Kalaranga Udupi, for 280+ Vidyaposhak students.
- Dr Santhosha Rao, CEO, MUTBI represented MUTBI at the ISBA conference from 10 – 12 December 2025, held at Guwahati, Assam.

Events Organized

Sl No	Date	Event	Resource person
1.	16 Jan 2025	Session on Intangible Asset Creation for Startups Investment, Commercialization and Beyond on the occasion of National Startup Day	Advocate Pranav Bhat, Intellectual Property (IP) Strategist, An Astrea Innovative Solutions
2.	7 Feb 2025	Infotech Conclave: From Hostel Rooms to Board Rooms	Ms Rima Naware – Co-Founder, ZigMe Careers Pvt. Ltd., Mr Dhwanit Shah – Founder, E-Cell, MIT Manipal and Founder's Office, Kreo, Shroat Mehta – Kreo, Ishan Sukul – Co-Founder, Kreo, Ekta Sharma – E-Value Advisors and Surya Kant – Program Director, MeitY Startup Hub, Government of India
3.	7 Feb 2025	Family Business Conclave	Dr Saptharishi Gosh, CEO at Symbiosis Center for Entrepreneurship and Innovation (SCEI)
4.	7 Feb 2025	Session on the Journey of an Entrepreneur	Dr Saptharishi Gosh, CEO at Symbiosis Center for Entrepreneurship and Innovation (SCEI)
5.	6 Feb 2025	Hands-on workshop on STEM DiY Kits	Mr Jnanesh Malya, Founder, Torq Designs Pvt. Ltd.
6.	7 Mar 2025	ASCENDANT 2025 – Panel Discussion on "A Transformative Experience in Management and Innovation"	Mr Sagar Rai, Founder and CEO, KBI Sports and Mr Gaurav Agarwal, Co-founder and CEO, Finstack

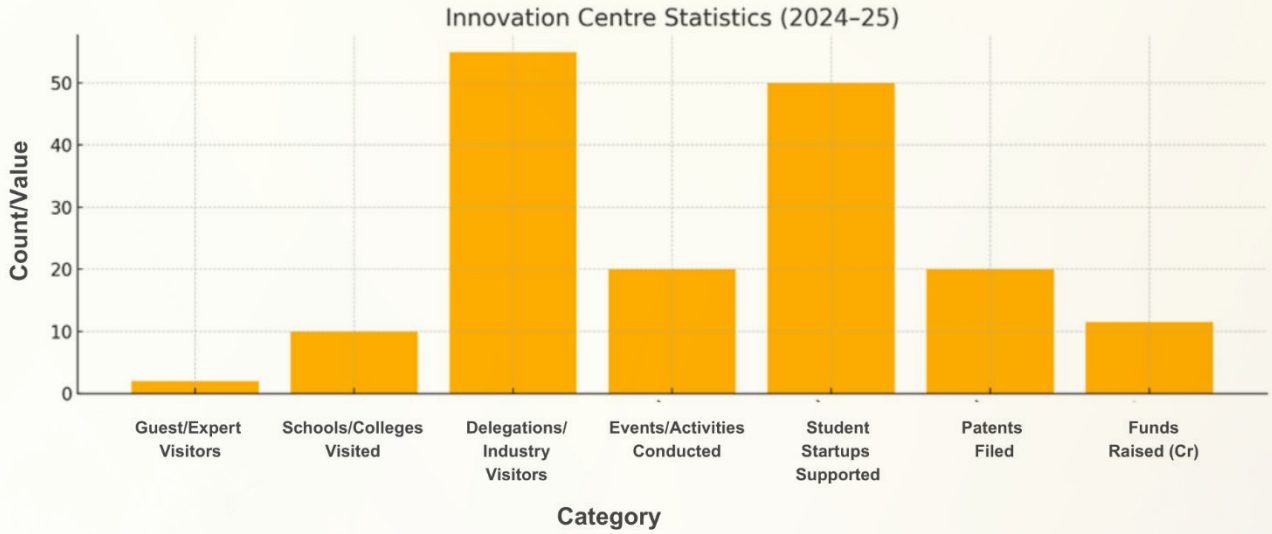
Sl No	Date	Event	Resource person
7.	24 Mar 2025	Creating and Developing your Enterprise (CADRE) - Session on Startup Finance and Valuation and Startup Term Sheet	CA Prasanna Shenoy - Group President and CFO, Invenger Technologies and CA Vishnu Acharya, Practising CA, Partner at Kamath andCo.
8.	26 Apr 2025	Session on Enforcing IP as Performing Asset and Essence of IP Valuation on the occasion of World IP Day	Advocate Pranav Bhat, IP Strategist, Lextria Research
9.	30 Apr 2025	Session on year-end financial compliance and the critical role of Expense Documentation	CA Vishnu Acharya, Practicing CA, Partner Kamath and Co
10.	12 May 2025	session on “Tech4Bharat: Empowering Innovators of Tomorrow” on the occasion of National Technology Day	Dr Mohammad Zuber, Chief Innovation Officer, Innovation Center–MAHE, Dr Hareesha K S, Director, ICAS, MAHE and Dr Santhosha Rao, CEO, MUTBI
11.	21 Aug 2025	Panel Discussion on Building Scalable and Sustainable Startups on the occasion of World Entrepreneurs' Day	Mr Mayur Shetty, CEO, Blackfrog Technologies, Mr Ranjeeth Shetty, Founder, Shiransh Ventures, Mr Srinivas Prabhu, CTO, Zuplaoop, and Advocate Pranav Bhat, Entrepreneur and Legal Expert
12.	25 Aug 2025	Manipal Startup Expo	-
13.	24 Sep 2025	Session on The AI-Powered Product Manager: How LLMs are changing Product Strategy	Mr Prempreet Singh, MIT alumnus and Founder of Skillbytes India Pvt. Ltd.

Sl No	Date	Event	Resource person
14.	6 Oct 2025	Investor Pitch	Mr Pramod D'Souza, Founder of Eagle 10 Ventures
15.	24 Oct 2025	Launch of MARInE.ai	Lt Gen (Dr) M D Venkatesh, Vice Chancellor, MAHE, Mr Praveen Kumar Kalbhavi, MD and CEO, Novigo Solutions, Dr Santhosha Rao, CEO MUTBI, Program Coordinator, MARInE, Dr Balachandra Muniyal, Professor, School of Computer Engineering MIT Manipal, Convener, Dr Nisha P Shetty, Associate Professor and Dr Akshay K C Senior Assistant Professor, School of Computer Engineering MIT Manipal, Co-Conveners, MARInE. ai
16.	24 Oct 2025	Session on GenAI	Mr Amrit Raj and Ms Swati Awasthi, Co-Founders, Women in Product India
17.	24 Oct 2025	Session on Agentic AI	Mr Prempreet Singh, Founder Skillbytes India Pvt. Ltd.
18.	24 Oct 2025	Session on AI in Computer Vision	Mr Srikanth Shenoy, Founder, Smartsports Coachbuddy Software Pvt. Ltd.
19.	24 Oct 2025	Hackathon on Agentic AI	Catalift Innovations Pvt. Ltd. led by Mr Nikhil Rayaprolu
20.	22 Nov 2025	CADRE at Bandarkars Arts and Science College, Kundapura - sessions on "Generative and Responsible AI", "How AI is transforming sports analytics, performance evaluation and coaching" and "The Post-SaaS Era: What Investors Are Really Funding in AI".	Dr Nisha P Shetty, Associate Professor, School of Computer Engineering, MIT Manipal, Mr Srikanth Shenoy, Founder of Smart Sports Coachbuddy Software Pvt. Ltd. and Ms Khushi Agarwal, Investment Analyst at 247VC.

Sl No	Date	Event	Resource person
21.	8 Dec 2025 	CADRE at Bhuvanendra College Karkala - sessions on "GenAI and Responsible AI", session on “How AI is transforming sports analytics, performance evaluation and coaching” and session on "Intellectual Property Rights (IPR)"	Dr Nisha P Shetty, Associate Professor and Dr Akshay KC, Senior Assistant Professor, School of Computer Engineering, MIT Manipal, Mr Srikanth Shenoy, Founder of Smart Sports Coachbuddy Software Pvt. Ltd., Advocate Pranav Bhat, IP Strategist and Managing Partner at Lextria Research
22.	18 Dec 2025 	Year-end Financial Compliance and the Critical Role of Expense Documentation	CA Vishnu Acharya, Practicing CA, Partner Kamath and Co

Innovation Centre

During 2024–25, the Innovation Centre significantly advanced MAHE's innovation and entrepreneurship ecosystem through a wide range of impactful initiatives. Major programs included the Manipal Entrepreneurship Summit, Lifeathon 1.0 and 2.0, the Super Acceleration Bootcamp for Start-ups, Appathon, the GenAI Hackathon, Startup Yoga, ideation workshops for NCC students, MAHE HultPrize Events, and I&E familiarization sessions for newly admitted students. The Centre supported several startups in filing patents and enabled multiple Lifeathon problem statements to progress into patentable solutions, while also facilitating exposure visits, expert interactions, and cross-institute collaborations.



Overall, the Innovation Centre recorded strong growth compared to the previous year, with increases in external engagements, events, startup support, and innovation outputs. More than 50 startups were supported, 20+ events were conducted, delegations and industry visits crossed 55, and over 20 patent filings were enabled. Startups associated with the Centre collectively raised 11.5 Cr+ INR, reflecting a significant rise in entrepreneurial activity and external validation of MAHE's innovation ecosystem.

MAHE Lifeathon Editions

Lifeathon evolved from an internal innovation initiative into a broader industry-connected program. The first edition focused on sourcing problems from within MAHE and building multidisciplinary teams, while the second edition introduced an Industry Track with external partners contributing real-world challenges. This expansion strengthened practical relevance, enhanced collaboration, and increased the overall scale and impact of the program.

Growth Trajectory:

Year	Tracks	Problem Statements
Lifeathon 2024	MAHE Only	52
Lifeathon 2025	MAHE + Industry	78 (68 + 10)

MAHE Lifeathon 1.0 – 2024

MAHE Lifeathon 2024

MAHE Track Only – The first edition was focused exclusively on internal problem sourcing and team formation.

Participation:

52 Problem Statements received from across MAHE institutions

Involved faculty, researchers, healthcare professionals, and administrative staff

Focus areas included healthcare, education, campus operations, and community engagement

Total Impact:

52+ innovations showcased
31 collaborations formed
₹23L+ funding mobilized (16L internal seed funding, 7L external funding)
15+ patents filed
5 solutions advancing to commercialization

MAHE Lifeathon 2.0 - 2025

MAHE Lifeathon 2.0: Scaling Innovation with Industry Connect

- **New Track Introduced:**

  Industry Track – A first-time initiative introduced in Lifeathon 2025 to bridge the gap between industry problems and academic talent.
  - **5 Industry Partners** came on board
  - **10 Real-world Problem Statements** were submitted for student innovators to solve

- **MAHE Track:**
  - **68 Problem Statements** sourced internally from faculty, researchers, and staff across MAHE campuses.

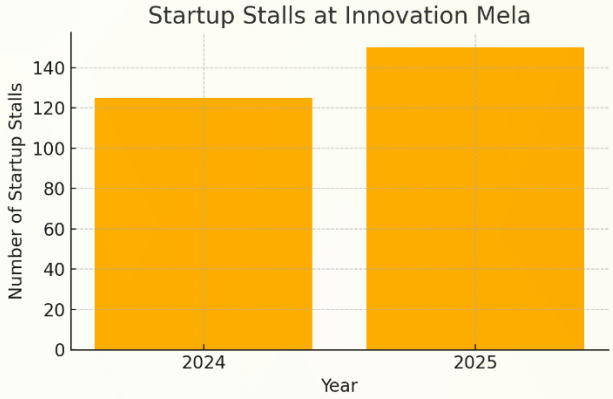
- **Impact:**
  - Stronger real-world applicability of solutions
  - Built new bridges between academic innovation and industry needs
  - Multidisciplinary team formation from across MAHE

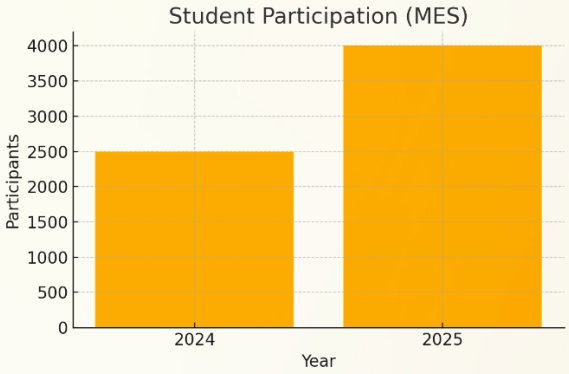
Industry Track Problem Statements

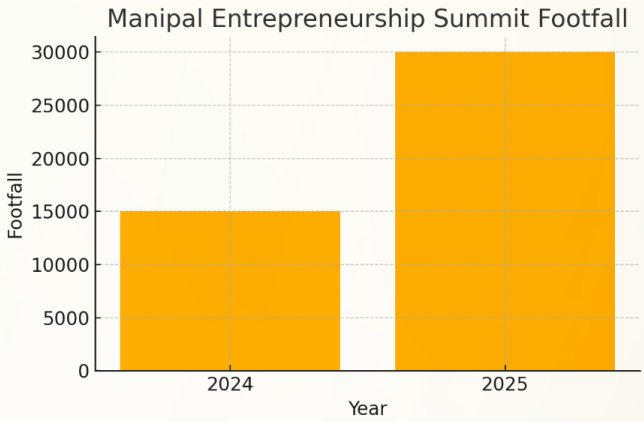
Industry Partner	Problem Statement
Access Life Assistance Foundation	Creating awareness and community engagement for childhood cancer support
BPL Medical Technologies	Real-time oxygen saturation and pulse rate measurement
	Design of cable-less, portable bi-phasic defibrillator for emergency care
	Noise/artifact reduction algorithms for ECG in transport/homecare scenarios
CHD Group	Need for amplification of their work with structural and community support
Kore Additive Manufacturing	AI-based gene editing and mapping tool for synthetic biology
	Biocompatible photo-crosslinking agent for 3D bioprinting
	VR/AR augmented surgical models for soft tissue masking in trauma surgeries
Rachaita Labs	Water source tracking and safety analysis: “Where is your water? Is it safe?”
	RVerse – Developing next-gen communication systems

Manipal Entrepreneurship Summit 2025

The Manipal Entrepreneurship Summit showed strong growth compared to the previous year, with a significant increase in overall footfall, higher student participation, and a larger and more diverse startup showcase. The expanding scale of the Innovation Mela and the rising engagement from students, founders, and visitors reflect the growing momentum of MAHE's innovation ecosystem and its increasing visibility at both institutional and regional levels.



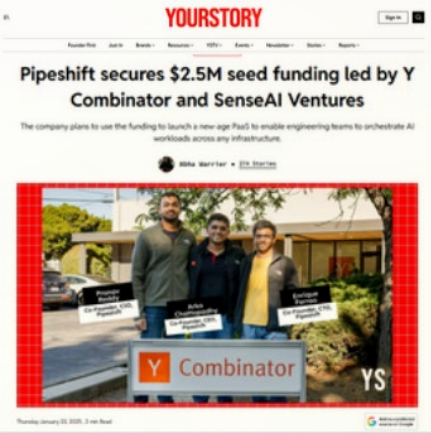




Over 50 student startups were active during 2024–25, with 11 startups graduating during the year, contributing to MAHE securing a position in the **11–50 NIRF Innovation Ranking band** and a **4-Star IIC Rating**

MAHE served as an organising partner for the **ICMR-supported IDEA ONE: National One-Health Hackathon 2025**, with active coordination from the Innovation Centre alongside Prasanna School of Public Health (PSPH), Manipal Institute of Virology (MIV), Manipal Institute of Technology (MIT), and Kasturba Medical College (KMC). The Centre supported registrations, regional activities, and team facilitation. SMIT hosted a regional edition, and MAHE teams developed solutions in biosensors, AI, and waste management, contributing to national efforts in advancing scalable One-Health innovations.

The year recorded major achievements by MAHE innovators: **alumni startups Pipeshift and Ressl AI** achieved global milestones—Pipeshift raised **2.5M USD** led by Y Combinator, and Ressl AI was selected for **Y Combinator W26**. GreenMind AI was launched by MPCB; Axory AI's founder delivered a TEDx talk and earned the **Antler Residency**; and Navmarg, PhotonSilica, and Lumetech Innovations received significant national and international recognition.



MIT alumnus-founded startup Pipeshift secured $2.5M in seed funding led by Y Combinator and SenseAI Ventures.

GreenMind AI, co-founded by Karan Gandhi & Mihir Rambhiya was launched by MPCB as Mumbai's AI environmental assistant.

Blackfrog Technologies, founded by Mayur Shetty, raised $1.7 million in Pre-Series A funding led by the Global Innovation Fund (GIF), with participation from Rainmatter and the Manipal Group

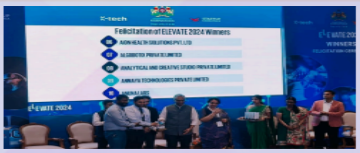
Team Kalpana won the Solar Decathlon India 2024–25 (Product Division) for their innovation Vayu – a hybrid desiccant-Peltier cooling solution.

Tarini Sai Padmanabhuni, Founder of Axory AI, delivered a TEDx talk on AI & deepfake detection and was selected for the prestigious Antler Residency (top <2%) with a $180K pre-seed offer.

Advita Shrivastava founder of Lumetech Innovations - winner at PennApps & HackMIT 2025, NASA Summit innovation presenter, NASA Collective feature, and Google Cloud Agentic AI Day finalist.

Navmarg has emerged as a national DeepTech leader winning Samsung Solve for Tomorrow (₹50L), Cummins Climate Pitch 2025 (₹20L), securing ₹49.6L SBI CSR deployment, earning prestigious grants (ITBT, Startup Bihar, NIDHI PRAYAS), being incubated at IIT Delhi FITT, and achieving global recognition at the Chile–India Innovation Summit for its patented MARU technology impacting 6,000+ people.

Tushar Raj, founder of PhotonSilica, now a DLI-tagged MeitY semiconductor startup, strengthened its national presence through key leadership interactions at SEMICON India 2025.



David Saldanha, founder of Aion Health Solutions, secured NIDHI-EIR (₹1.8L), NIDHI-PRAYAS (₹9L), and won the Elevate Karnataka Grant 2024 for his health-monitoring innovations.

Start-up Felicitation Ceremony 2024

App-a-thon 2024

Hult Prize MAHE Event

Fireside Chat with Bina Trivedi

Dr Indrajit Bhattacharya, *Director General, National Institute of Robotics and Artificial Intelligence (NIRA), visit to Innovation Centre and the Student Startup Stalls*

Professor Mamidala Jagadesh Kumar, Chairman of the University Grants Commission and former Vice-Chancellor of JNU, visit to Innovation Centre and the Student Startup Stalls

Ideation Workshop for NCC Students

Super Acceleration Bootcamp for Startups

Launch of Student Startup "The BarCrafter"

Start-up Yoga

Overall, the Innovation Centre delivered a strong, measurable impact, strengthened MAHE's startup pipeline, and reinforced the university's position as a leading innovation-driven institution.

Clinical Trials Unit of Kasturba Medical College, Manipal

Address: Kasturba Medical College, Manipal, MAHE – 576 104
Phone Number: 22367, 9901728668
Email (Dean): dean.kmc@manipal.edu **Email ID:** bharti.magazine@manipal.edu

Administrative head: Dr Anil K Bhat (Dean, Kasturba Medical College)
Coordinator: Dr Bharti Chogtu Magazine
Established: Since 2010

About the Institution/School

The Clinical Trial Unit (CTU) under the Department of Pharmacology, Kasturba Medical College (KMC), Manipal Academy of Higher Education, Manipal, serves as the central institutional platform for the conduct and coordination of globally compliant clinical trials at Manipal. The Unit envisages the conduct of clinical research in strict accordance with Good Clinical Practice (GCP) standards, with the objective of generating high-quality, credible, and ethically robust data suitable for regulatory and sponsor submissions.

The CTU is supported by a qualified and experienced multidisciplinary team with defined roles and responsibilities. The team is responsible for providing comprehensive assistance and coordination to investigators, including Principal Investigators and Co-Investigators, across all phases of clinical research.

Operational support includes participant recruitment through systematic pre-screening during outpatient department (OPD) visits and through review of relevant clinical databases. Dedicated study coordinators oversee end-to-end study documentation and are responsible for liaison and correspondence with the Institutional Ethics Committee, study sponsors, and Clinical Research Organizations (CROs).

The CTU facilitates and supports the conduct of Phase II, Phase III, and Phase IV clinical trials. In addition to interventional drug trials, the Unit is actively involved in registry-based studies, Ayurveda-related research, medical device studies, including ultrasound equipment evaluations, and interventional device studies such as stent trials.

Institutional Activities/Curricular Activities

New Initiatives (Only new programs for that year and new centres started, if any): Nil

Details of Research Grants

Completed/Closed Studies in 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)
1	**Protocol Number: DRL-IND-NDA01-DXMF/2019** A prospective, multicentre, randomized, double blind, placebo-controlled, phase II study to evaluate the efficacy, safety, tolerability, and release profile of a fixed-dose combination (FDC) of doxycycline hyclate and metformin hydrochloride (10 % weight per weight (W/W) + 1 % W/W) gel in the treatment of adults with Periodontitis.	Dr Pratibha G, Department of Periodontology	Dr Reddy's	Non-Pharmacokinetics (PK) study 65,000 INR per subject PK study 70,000 INR per subject Initiated in: 2022 Tentative close out: 2025 Number of patients expected: 23 Number of patients screened: 23 Number of patients randomized: 18 **Closed Out**

Ongoing Trials in 2024-2025

	and Cardiovascular Death in Patients with Heart Failure and Impaired Kidney Function.			**(Study on hold)**
12	**Protocol Number: CKJX839D12302** A randomized, double-blind, placebo-controlled multicentre study to evaluate the effect of inclisiran on preventing major adverse cardiovascular events in high-risk primary prevention patients (VICTORION-1 PREVENT).	Dr Tom Devasia, Department of Cardiology	Novartis	3,28,306 INR per subject Initiated in: 2023 Tentative close out: 2030 Number of patients expected: 10 Number of patients screened: 7 Number of patients randomized: 4 **(ONGOING)**
13	**Protocol Number: EX6018-4979** Effect of Ziltivekimab versus placebo on cardiovascular outcomes in patients with acute Myocardial Infarction.	Dr Tom Devasia, Department of Cardiology	Novo-Nordisk	4,00,000 INR per subject Initiated in: Dec 2024 Number of patients expected: 15 Number of patients screened: 6 Number of patients randomized: 6 **(ONGOING)**

New Studies Initiated in 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)
1	**Protocol Number: USNO.25.001** A randomised, double blind, parallel, interventional phase II trial to evaluate the efficacy and safety of Usnoflast for the treatment of patients with mild to moderately active Ulcerative Colitis not responding to or intolerant to oral aminosalicylates.	Dr Shiran Shetty, Department of Gastroenterology	Zedus	1,58,500 INR per subject Initiated on: 29 Oct 2025 Number of patients expected: Competitive recruitment Number of patients screened: 2 Number of patients randomized: 0 **(ONGOING)**
2	**Protocol Number:** BSV-01-2021 Version 1.0 Dated 30 Nov 2021 A real-world prospective study to evaluate the geographical distribution of prevalence, sensitization rate, and utilization of prophylactic treatment of Rh-negative women in India (RHYTHM).	Dr Jeffrey Pradeep Raj, Division of Clinical Pharmacology	Bharat Serums and Vaccines Limited	1500 INR per patient Number of patients expected: competitive Number of Patients Screened: 58 Number of Patients Enrolled: 57

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)
3	**Protocol Number:** GBL/PEGASP/ALL/2020/01 To assess safety of Hamsyl® in a phase-IV clinical study for the treatment of new diagnosed patients of acute lymphoblastic leukaemia (ALL).	Dr Vasudeva Bhat, Department of Paediatric Oncology	JSS	14,000 INR per subject Initiated on: 4 Dec 2025 Number of patients expected: 20 Number of patients screened: 0 Number of patients randomized: 0 (**ONGOING**)

New Studies to be Initiated in 2026

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)
1	**Protocol Number: ID-076A301** Selatogrel Outcome Study in suspected Acute Myocardial Infarction (SOS-AMI) Multi-center, double-blind, randomized, placebo-controlled, parallel-group study to evaluate the efficacy and safety of self-administered subcutaneous Selatogrel for prevention of all-cause death and treatment of acute myocardial infarction in subjects with a recent history of acute myocardial infarction.	Dr Tom Devasia, Department of Cardiology	Viatris IQVIA	Clinical Trial Agreement (CTA) negotiation is ongoing. Ethics Committee Initial submission scheduled for Jan 2026 meeting.
2	**Protocol Number: CTQJ230A12301E1** A single arm, multicentre, open-label extension (OLE) trial to evaluate long-term safety and tolerability of pelacarsen (TQJ230) in participants who completed the parent Lp(a)HORIZON trial.	Dr Tom Devasia, Department of Cardiology	Novartis	CTA has been finalized and EC approval has been received. Study will be initiated in 2026.

The clinical trials are aligned with SDG 3 (Good Health and Well-being), 9 (Industry Innovation and Infrastructure), and 17 (Partnerships for the Goals).

Manipal Centre for Clinical Research, Mangalore

Address: 7th Floor, Kasturba Medical College Hospital, Attavar, Mangalore - 575 001

Head: Dr Unnikrishnan B, Dean
Phone Number: 0824 3535503
Email ID: dean.kmcmlr@manipal.edu

In charge: Dr Ashwin Kamath
Email ID: ashwin.kamathl@manipal.edu

Name of the Head: Dr Unnikrishnan B
Established: Since 2010

About the Institution

Manipal Centre for Clinical Research (MCCR), Mangalore, is responsible for coordinating clinical trials at the Mangalore campus by providing manpower support to principal investigators, i.e., faculty of Kasturba Medical College (KMC), Mangalore. The centre facilitates coordination and liaises with the various departments, such as the ethics committee, legal, and finance departments; ensuring a smooth and streamlined documentation process. The centre also ensures that clinical trials are conducted following national and international regulatory and ethical guidelines, such as the Good Clinical Practice guidelines and the New Drugs and Clinical Trials Rules. MCCR has well-trained study coordinators and nurses who assist principal investigators in conducting these clinical trials as per the study protocol. The centre has conducted of several Phase II to Phase IV trials with various study designs, providing services to national as well as international sponsors and clinical research organizations.

Details of Research Grants:

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)
1.	**Protocol Number: GS-US-417-0304** A Multi-centre, Open-label, Long-term Extension Study to Assess the Safety and Efficacy of Filgotinib in Subjects with Rheumatoid Arthritis.	Dr Surendra Kamath	KlinEra Global Services	12,28,611 per Subject
2.	**TUXEDO-2 (India)** Ultra-Thin strUt versus XiencE in a Diabetic Population with Multi-Vessel Disease–2 India Study.	Dr Narasimha Pai	Batra Hospital and Medical Research Centre, New Delhi	21,500 per Subject
3.	**Protocol Number: GS-US-418-3899** A Long-term Extension Study to Evaluate the Safety of Filgotinib in Subjects with Ulcerative Colitis.	Dr B V Tantry	KlinEra Global Services	8,64,975 per Subject

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)
4.	**Protocol Number: NN9931-4553** The Effect of Semaglutide in Subjects with Non-Cirrhotic Non-Alcoholic Steatohepatitis.	Dr B V Tantry	Novo Nordisk India Pvt Ltd	5,09,907 per Subject
5.	**Protocol Number: 219510 (RSV MAT-015)** A Non-randomized, Open-label, Multi-country, Cohort Study to Describe the Safety of Study Participants Who Received RSVPreF3 Maternal Vaccination (any dose) or Controls from Previous RSV MAT Studies (RSV MAT-001, RSV MAT-004, RSV MAT-010, RSV MAT-011, RSV MAT-009, RSV MAT-012, and RSV MAT-039) During Any Pregnancy Conceived Post Vaccination/Control.	Dr Priya Ballal	GSK	35,000 per Subject
6.	**Protocol Number: 70033093ACS3003** A Phase-III, Randomized, Double-blind, Placebo-controlled, Event-driven Study to Demonstrate the Efficacy and Safety of Milvexian, an Oral Factor XIa Inhibitor, After a Recent Acute Coronary Syndrome. Librexia ACS.	Dr Padmanabha Kamath	IQVIA	3,20,074 per Subject
7.	**Protocol Number: NN9500-4656** Efficacy and Safety Investigation of NNC0194-0499 Co-administered With Semaglutide in Subjects With Non-alcoholic Steatohepatitis: a Dose-ranging, Placebo-controlled Trial.	Dr B V Tantry	Novo Nordisk India Pvt Ltd	6,75,068 per Subject
8..	**Protocol Number: Effecmed/Scaffold/Dentistry/001-2022**A Multicentre, Prospective, Open-label, Assessor-blinded, Randomized, Controlled, Pivotal Clinical Investigation to Evaluate the Performance and Safety of 3-D Scaffold Matrix—A Class C Medical	Dr Premalatha M Shetty	EffecMed Pvt Ltd	6,27,000 per 15 Subjects

VI Fulfilling Social Responsibilities

Outreach Activities by the Department of Community Medicine, KMC Manipal

The Department of Community Medicine, KMC, Manipal, has conducted **143 camps in the year 2025,** which include 62 cancer screening camps, 52 Rastriya Bal Swasthya Karyakram (RBSK) camps, 22 general health check-up camps, four school health check-up camps in various parts of Udupi district and outside the district in Karnataka, and a Swasth Nari camp at multiple health centres of Udupi district. The Department of Community Medicine also conducted 18 health awareness activities and a pulse polio vaccination drive.

Since 2022, the Department of Community Medicine has implemented the NMC mandated District Residency Program and initiated patient care services at select government health facilities in the Udupi District. The department provides health services through postgraduates from all 25 broad specialities and interns from KMC Manipal. The facilities where services are provided are listed below:

- 24x7 services at District Hospital Udupi (124 beds), Maternal and Child Health Hospital, Udupi (200 beds), and Taluk Hospital Kundapura (200 beds).
- 24x7 services at Five Community Health Center's namely Byndoor (30 beds), Brahmavara (30 beds), Hebri (30 beds), Shirva (10 beds), and Kota (30 beds).
- Four PHCs (09:00 am to 04:00 pm), namely Malpe, Kumbashi, Udupi, and Manipal.

All these centres provide healthcare services to about 2,000-2,500 patients per day. The total number of deliveries from these centres for the year 2025 is 1,050 including 560 caesarean deliveries.

The Department of Community Medicine continues to implement the NMC mandated Family Adoption Program, through which undergraduate medical students have adopted 887 families in the year 2025, across four villages, namely Kumbhashi, Koravadi, Beejadi, and Moodugopadi. Students visit these families periodically and assess their health status. Three camps were conducted in the area of implementation of the Family Adoption Programme (FAP) with a total of 68 beneficiaries.

Cancer Screening Camps

The Department of Community Medicine is undertaking cancer screening camps in almost all the government health centres in the district on a regular basis. A total of **62 cancer screening camps** were conducted, with **4,675 beneficiaries** during the year 2025. The "Well Women Clinic" initiative had been launched by the Department of Community Medicine, KMC, Manipal, in collaboration with the Department of OBG and Kasturba Hospital, NCD Cell, Udupi district, and the Manipal Foundation, Bengaluru.

Screening camps provided community-level services through a network of Primary Health Centres (PHCs), Community Health Centres (CHCs), Taluk Hospitals, and community halls. Additionally, screenings were conducted at specialized cancer screening kiosks located at KMC hospital facilities in Manipal.

The initiative targeted underprivileged women, including tribal and migrant women in the Udupi district, providing cancer awareness sessions and screening services for breast and cervical cancers, hypertension, diabetes, and anaemia.

Women who tested positive in the cancer screenings were referred to Kasturba Hospital, Manipal, for further confirmation tests at no cost and received appropriate treatment at MCCCC as needed. Women with high blood pressure, high blood sugar, or low haemoglobin levels were referred to their respective PHCs for further management.

Rastriya Bal Swasthya Karyakram (RBSK) Camp

The Department of Community Medicine, KMC, Manipal, along with the Department of Paediatrics, OBG and Psychiatry, KMC Manipal, conducts RBSK camps at various government health facilities, including community health centres and taluk hospitals. Children are screened for birth defects, deformities, nutritional deficiencies and disabilities. Around **52 such RBSK camps** were conducted in the year 2025, and there were **1,532 children** who availed the benefit of the camps. The RBSK is an initiative under the National Health Mission (NHM) in India, aimed at early identification and intervention for children with developmental delays and health issues. It directly aligns with several Sustainable Development Goals (SDGs), particularly those focusing on health, well-being, and education like **SDG 3:** Good Health and Well-Being (**Target 3.2**: End preventable deaths of newborns and children under 5 years by providing timely health screenings and referrals, **Target 3.8**: Achieve universal health coverage by offering equitable health services for children from marginalized sections).

General Health Check-up Camps

A total of 22 general health check-up camps were conducted with **1,132 beneficiaries**. Some of the noteworthy camps were as follows: the Department of Community Medicine and the Department of Neurology, MAHE, Manipal, along with Lions Bhavan, Udyavara, had jointly conducted a medical health screening and information camp to celebrate World Epilepsy Day on 17 February 2025 at Lions Bhavan, Udyavara, Udupi. The camp was organized to screen and identify non-communicable diseases, to confirm neurological disorders for those who screened positive in the field practise areas of Udyavara and Kadekar and to provide information on the topic of epilepsy. Similarly, a general health checkup camp was organized at Karnataka Public School Primary Section, Koteshwar.

Block Education Office Kundapura, Block Resource Center Kundapura, One Good Step Bengaluru and Rotary Club Kundapura in association with the Department of Community Medicine, KMC, Manipal, Manipal College of Health Professionals organized a camp for children with special needs on 28 November 2025 at Rotary Bhavan in Kundapura district.

The described health camps contribute significantly to several Sustainable Development Goals (SDGs), especially those focusing on health, well-being, and reducing inequalities. **SDG 3:** Good Health and Well-Being: (**Target 3.4:** Reduce premature mortality from non-communicable diseases (NCDs) through prevention and treatment. **Target 3.8:** Achieve universal health coverage, including access to essential health services and medications). **SDG 1:** No Poverty (**Target 1.3:** Implement social protection systems and measures for all, including social protection floors). **SDG 10:** Reduced Inequalities (**Target 10.2:** Empower and promote the social, economic, and political inclusion of all). **SDG 17:** Partnerships for the Goals (**Target 17.17:** Encourage effective partnerships between public, private, and civil society organizations).

School Health Check-up Camps

A total of four school health check-up camps were organized at Vidyodaya Public School, Udupi; SVS English Medium School, Innanje Udupi, St Cecily's School, Ajjarkad, Udupi and Sagar Vidya Mandir, Padubidri.

The camps were organized to screen for personal hygiene of students, general health conditions, fungal and parasitic infections, vision testing, dental hygiene and systemic disorders. There were a total of **2,709 children** who availed the benefits of the camp.

The school health check-up camps described contribute significantly to multiple Sustainable Development Goals (SDGs), particularly focusing on child health, education, and well-being. Here is how the camps align with specific SDGs: **SDG 3:** Good Health and Well-Being (**Target 3.2:** End preventable deaths of newborns and children under five years, and improve child health outcomes, **Target 3.3:** Combat communicable diseases, including waterborne diseases and other infections, **Target 3.4:** Reduce premature mortality from non-communicable diseases through prevention and treatment, **Target 3.8:** Achieve universal health coverage, including essential health services and access to medicines).

Swasth Naari Sashakth Paarivaar Abhiyaan Campaign

The Swasth Naari Sashakth Paarivaar Abhiyaan campaign was implemented from 17 September to 02 October 2025. The activities were organized by the Department of Community Medicine, Kasturba Medical College (KMC), Manipal, in collaboration with the District Health and Family Welfare, Udupi. Specialist services were made available at all CHCs across Udupi District on fixed dates during the campaign period. The following specialities provided services under the Abhiyan: Obstetrics and Gynaecology, Dermatology, Psychiatry, and General Medicine.

The campaign strongly aligns with SDG 3: Good Health and Well-being, particularly Target 3.1 (reduce maternal mortality through improved access to obstetric and gynaecological services), Target 3.4 (promote mental health and well-being through psychiatric services), and Target 3.8 (achieve universal health coverage by providing specialist consultations at Community Health Centres). It also advances SDG 5: Gender Equality.

Health Awareness Activities

A total of 18 health awareness activities were undertaken by the Department of Community Medicine, KMC, Manipal. A few activities are described below.

The Government of Karnataka, District Health and Family Welfare Department, Udupi, and Community Health Centre Shirva, in collaboration with the Department of Community Medicine KMC Manipal, conducted Basic Life Support and Cardio Pulmonary Resuscitation Training for members of Bharat Scouts and Guides on 12 September 2025 at Dr V S Acharya Training Centre, Pragathi Nagar, Alevoor.

An awareness rally and public education program marked the observance of World Stroke Day at Board High School, Udupi, on Thursday. The event was jointly organized by the District Administration, Zilla Panchayat Udupi, District Health and Family Welfare Department, Department of Community Medicine, KMC Manipal (MAHE), Taluk Health Office, Udupi, the Karnataka Brain Health Initiative (KaBHI), and the Government Pre-University College, Udupi.

The health awareness activities described contribute significantly to several Sustainable Development Goals (SDGs) by promoting health education, disease prevention, and community empowerment. Here is how these activities align with the SDGs: SDG 3: Good Health and Well-Being (**Target 3.3:** End epidemics of communicable diseases, **Target 3.5:** Strengthen the prevention and treatment of substance abuse, **Target 3.6**: Reduce deaths and injuries from road traffic accidents, **Target 3.8:** Achieve universal health coverage, including health education).

Pulse Polio Immunization

The Pulse polio immunization drive was conducted by the Department of Community Medicine, KMC, Manipal, in association with Manipal College of Nursing, Manipal and Prasanna School of Public Health, Manipal, Urban Primary Health Centre, Manipal, and District Health Office, Udupi, from 21 to 24 December, 2025. There were **479 beneficiaries** of the vaccination drive.

The activity aligns primarily with SDG 3: Good Health and Well-being, particularly Target 3.2 (end

preventable deaths of newborns and children under five years of age) and Target 3.3 (end epidemics of communicable diseases, including polio). The drive also supports SDG 10: Reduced Inequalities (Target 10.2) by reaching children from diverse socio-economic backgrounds through community-based vaccination efforts.

Services Provided Through Rural Maternity and Child Welfare Homes (RMCWH)

In addition, the Department of Community Medicine has provided services through five Rural Maternity and Child Welfare (RMCW) Homes since the 1960s. These were established by our founder, the Late Dr TMA Pai, with the active participation of the local community at a time when the transport and communication network in the taluk was rudimentary. The area covers a population of 40,172 spread out across eight villages in the coastal area of Udupi taluk. A network of five RMCW homes located at Alevoor, Kaup, Malpe, Udyavara, and Kadekar villages not only provides maternal and child health services but also takes care of minor ailments in the community. The Malpe Centre initiated a Community Cancer Screening Clinic in the year 2012. Besides Malpe, all the other centres provide screening facilities for non-communicable diseases. The centre also conducts interdisciplinary activities with the Department of Physiotherapy, Occupational therapy, Psychiatry, Siddha and College of Dentistry. These centres are under the direct administrative control of the Dept of Community Medicine, Kasturba Medical College, Manipal. Each centre is staffed by two Auxiliary Nurse Midwives (ANM), one Environmental Assistant, and a sanitary worker.

Details on Beneficiaries of RMCW Homes Where Services are Exclusively Provided Through the Department of Community Medicine in the Year 2025

Total population	39,472
Outpatients (General)	6,453
Outpatients (OBG-ANC)	223
Outpatients (Paediatric)	603
Referred to Kasturba Hospital	37

On average, 130-140 patients regularly visit these centres every week, which amounts to a total of 6,453 patients in the year 2025. Approximately, we had 5 to 10 per cent new patients coming every week, and the rest were regular patients.

The services provided by the Department of Community Medicine are aligned with **SDG 3,5,10 and 17.**

ಆರೋಗ್ಯ ತಪಾಸಣ ಶಿಬಿರ

ಉಡುಪಿ, ಮಾ. 17: ರಾಷ್ಟ್ರೀಯ ವಿಶ್ವ ಬ್ರಾಹ್ಮಣ ಸಮಾಜ ಸೇವಾ ಸಂಘ, ಕುಂಜಿಬೆಟ್ಟು ಗಾಯತ್ರಿ ಕಲ್ಯಾಣ ಮಂಟಪದ ಅಮೃತ ಮಹೋತ್ಸವ ಪ್ರಯುಕ್ತ ಮಣಿಪಾಲ ಕೆಎಂಸಿ ಸಮುದಾಯ ವೈದ್ಯಕೀಯ ವಿಭಾಗದ ಸಹಯೋಗದೊಂದಿಗೆ ಗಾಯತ್ರಿ ಕಲ್ಯಾಣ ಮಂಟಪದಲ್ಲಿ ಕೆಎಂಸಿ ತಜ್ಞ ವೈದ್ಯರಿಂದ ಒಂದು ದಿನದ ಆರೋಗ್ಯ ತಪಾಸಣ ಶಿಬಿರ ನಡೆಯಿತು.

ಸಮುದಾಯ ವೈದ್ಯಕೀಯ ವಿಭಾಗದ ಸಹಪ್ರಾಧ್ಯಾಪಿಕೆ ಡಾ। ಈಶ್ವರಿ ಕೆ. ಶಿಬಿರಕ್ಕೆ ಚಾಲನೆ ನೀಡಿದರು. ವೆಂಕಟೇಶ್ ಆಚಾರ್ಯ ಅಧ್ಯಕ್ಷತೆ ವಹಿಸಿದ್ದರು.

ಸಮುದಾಯ ವೈದ್ಯಕೀಯ ವಿಭಾಗದ ನಿವೃತ್ತ ಪ್ರಾಧ್ಯಾಪಕ ಡಾ। ದಾಸ್ ಆಚಾರ್ಯ, ದಿವಾಕರ್ ವಿ. ಆಚಾರ್ಯ, ಹರೀಶ್ ಎಂ. ಆಚಾರ್ಯ ಉಪಸ್ಥಿತರಿದ್ದರು.

ಶಿಬಿರದಲ್ಲಿ ಮಧುಮೇಹ, ಸಾಮಾನ್ಯ ರಕ್ತ ಪರೀಕ್ಷೆ, ಕಣ್ಣಿನ ಪರೀಕ್ಷೆ, ದಂತ ಪರೀಕ್ಷೆ, ಹೃದಯ ಸಂಬಂಧಿ/ಇಸಿಜಿ, ಸ್ತನ ಮತ್ತು ಗರ್ಭಕೋಶ ಸಂಬಂಧಿ ತಪಾಸಣೆ ನಡೆಸಲಾಯಿತು. 102 ಜನ ಶಿಬಿರಾರ್ಥಿಗಳು ಭಾಗವಹಿಸಿ ಪ್ರಯೋಜನ ಪಡೆದುಕೊಂಡರು.

ದೌರ್ಜನ್ಯ ತಿಳಿದೂ ದೂರು ನೀಡದಿದ್ದರೆ ಶಿಕ್ಷಾರ್ಹ

ಮಣಿಪಾಲ ರಜತಾದ್ರಿಯ ಆಟಲ್ ಬಿಹಾರಿ ವಾಜಪೇಯಿ ಸಭಾಂಗಣದಲ್ಲಿ ಪೋಕ್ಸೊ ಕಾಯಿದೆ ಕುರಿತು ಹಮ್ಮಿಕೊಂಡಿದ್ದ ಕಾರ್ಯಾಗಾರದ ಉದ್ಘಾಟನೆ ನಡೆಯಿತು.

■ ವಿಕ ಸುದ್ದಿಲೋಕ ಉಡುಪಿ

ಮಕ್ಕಳಿಗೆ ಲೈಂಗಿಕ ದೌರ್ಜನ್ಯದಿಂದ ರಕ್ಷಣೆಯೇ ಪೋಕ್ಸೋ ಕಾಯಿದೆ ಉದ್ದೇಶವಾಗಿದ್ದು, ಘಟನೆ ಬಗ್ಗೆ ತಿಳಿದೂ ದೂರು ನೀಡದಿದ್ದರೆ ಅದು ಶಿಕ್ಷಾರ್ಹ ಅಪರಾಧ ಎಂದು ಹಿರಿಯ ಸಿವಿಲ್ ನ್ಯಾಯಾಧೀಶ ಪಿ.ಆರ್.ಯೋಗೀಶ್ ತಿಳಿಸಿದ್ದಾರೆ.

ಉಡುಪಿ ಜಿಲ್ಲಾಡಳಿತ, ಜಿ.ಪಂ. ಜಿಲ್ಲಾ ಆರೋಗ್ಯ ಮತ್ತು ಕುಟುಂಬ ಕಲ್ಯಾಣ ಇಲಾಖೆ, ಸಕ್ಷಮ ಪ್ರಾಧಿಕಾರ ಪಿಸಿ ಮತ್ತು ಎನ್‌ಡಿಟಿ ಹಾಗೂ ತಾಯಿ ಆರೋಗ್ಯ ಕಾರ್ಯಕ್ರಮ, ಮಣಿಪಾಲ ಕಸ್ತೂರ್ಬಾ ಕಾಲೇಜು ಸಹಯೋಗದಲ್ಲಿ ಮಣಿಪಾಲ ರಜತಾದ್ರಿಯ ಆಟಲ್ ಬಿಹಾರಿ ವಾಜಪೇಯಿ ಸಭಾಂಗಣದಲ್ಲಿ ಜಿಲ್ಲೆಯ ಸರಕಾರಿ ವೈದ್ಯಾಧಿಕಾರಿಗಳು ಮತ್ತು ಶುಶ್ರೂಷಾಧಿಕಾರಿಗಳಿಗೆ ಪೋಕ್ಸೊ ಕಾಯಿದೆ ಕುರಿತು ಹಮ್ಮಿಕೊಂಡಿದ್ದ ಕಾರ್ಯಾಗಾರ ಉದ್ಘಾಟಿಸಿ ಮಾತನಾಡಿದರು.

ಜಿಲ್ಲಾ ಮಕ್ಕಳ ರಕ್ಷಣಾಧಿಕಾರಿ ನಾಗರತ್ನ ಮಾತನಾಡಿ, ಕಳೆದ 13 ವರ್ಷಗಳಲ್ಲಿ ಜಿಲ್ಲೆಯಲ್ಲಿ 560 ಪೋಕ್ಸೋ ಪ್ರಕರಣ ದಾಖಲಾಗಿದ್ದು, ಶೇ. 10 ಪ್ರಕರಣಗಳಲ್ಲಿ ಶಿಕ್ಷೆಯಾಗಿದೆ ಎಂದರು.

ಪಿಸಿಪಿ ಎನ್‌ಡಿಟಿ ಜಿಲ್ಲಾ ಸಲಹಾ ಸಮಿತಿ ಅಧ್ಯಕ್ಷೆ ಡಾ.ಪ್ರತಾಪ್ ಕುಮಾರ್, ಮಣಿಪಾಲ ಕೆಎಂಸಿ ಸಮುದಾಯ ವೈದ್ಯಕೀಯ ವಿಭಾಗದ ಮುಖ್ಯಸ್ಥ ಡಾ. ಅಶ್ವಿನಿ ಕುಮಾರ್ ಮಾತನಾಡಿದರು.

ಜಿಲ್ಲಾ ಆರೋಗ್ಯ ಮತ್ತು ಕುಟುಂಬ ಕಲ್ಯಾಣಾಧಿಕಾರಿ ಡಾ. ನಾಗರತ್ನ ಶಾಸ್ತ್ರಿ ಅಧ್ಯಕ್ಷತೆ ವಹಿಸಿ, ಮಕ್ಕಳ ರಕ್ಷಣೆಗೆ ನಿಲ್ಲೋದು ನಮ್ಮೆಲ್ಲರ ಸಾಮಾಜಿಕ ಜವಾಬ್ದಾರಿ ಎಂದು ಹೇಳಿದರು. ಮಣಿಪಾಲ ಕೆಎಂಸಿ ಪ್ರಸೂತಿ ತಜ್ಞೆ ಡಾ. ರಾಜೇಶ್ವರಿ ಭಟ್, ಫಾರೆನ್ಸಿಕ್ ತಜ್ಞೆ ಡಾ. ಅಪರ್ಣಾ, ಪೋಕ್ಸೊ ನ್ಯಾಯಾಲಯದ ವಿಶೇಷ ಸರಕಾರಿ ಅಭಿಯೋಜಕ ವೈ.ಟಿ. ರಾಘವೇಂದ್ರ ಸಂಪನ್ಮೂಲ ವ್ಯಕ್ತಿಗಳಾಗಿದ್ದರು.

ಛಾಯಾ ಕುಮಾರಿ, ಹೇಮಾ, ಭಾರತಿ, ಶಶಿಕಲಾ ಪ್ರಾರ್ಥಿಸಿದರು. ಜಿಲ್ಲಾ ಆರ್‌ಸಿಎಚ್ ಅಧಿಕಾರಿ ಡಾ. ಜ್ಯೋತ್ಸ್ನಾ ಬಿ.ಕೆ. ಸ್ವಾಗತಿಸಿದರು. ಜಿಲ್ಲಾ ಕುಟುಂಬ ಕಲ್ಯಾಣಾಧಿಕಾರಿ ಡಾ. ಶ್ರೀರಾಮ ರಾವ್ ಕೆ. ಪ್ರಾಸ್ತಾವಿಕ ಮಾತನಾಡಿ, ವಂದಿಸಿದರು.

ತಂಬಾಕು ಮುಕ್ತ ಯುವಪೀಳಿಗೆ ಅಭಿಯಾನ

■ ವಿಕ ಸುದ್ದಿಲೋಕ ಉಡುಪಿ

ಜಿಲ್ಲಾಮಟ್ಟದ ತಂಬಾಕು ಮುಕ್ತ ಯುವಪೀಳಿಗೆ ಅಭಿಯಾನ-3 ಜಾಗೃತಿ ಮೂಡಿಸುವ ಕಾರ್ಯಕ್ರಮದ ಉದ್ಘಾಟನೆ ಬುಧವಾರ ನಡೆಯಿತು.

ಉಡುಪಿ ಕುಂಜಿಬೆಟ್ಟು ಉಪೇಂದ್ರ ಪೈ ಮೆಮೋರಿಯಲ್ ಕಾಲೇಜಿನಲ್ಲಿ ಉಡುಪಿ ಜಿಲ್ಲಾಡಳಿತ ಮತ್ತು ಉಡುಪಿ ಜಿಲ್ಲಾ ಆರೋಗ್ಯ ಮತ್ತು ಕುಟುಂಬ ಕಲ್ಯಾಣ ಇಲಾಖೆ, ಜಿಲ್ಲಾ ಸರ್ವೇಕ್ಷಣಾ ಘಟಕ ಸಹಯೋಗದಲ್ಲಿ ಜಿಲ್ಲಾಮಟ್ಟದ ತಂಬಾಕು ಮುಕ್ತ ಯುವಪೀಳಿಗೆ ಅಭಿಯಾನ-3 ಜಾಗೃತಿ ಮೂಡಿಸುವ ಕಾರ್ಯಕ್ರಮ ಬುಧವಾರ ಕಾಲೇಜಿನ ಉಪೇಂದ್ರ ಮಂಟಪದಲ್ಲಿ ನಡೆಯಿತು.

ಜಿಲ್ಲಾಧಿಕಾರಿ ಸ್ಪರೂಪಾ ಟಿ.ಕೆ. ಕಾರ್ಯಕ್ರಮ ಉದ್ಘಾಟಿಸಿ ಮಾತನಾಡಿ, ತಂಬಾಕು ಸೇವನೆಯಿಂದ ಸೇವನೆ ಮಾಡುವ ಕುಟುಂಬ ಕ್ಕೆ ಮಾತ್ರ ತೊಂದರೆಯಲ್ಲ, ಪೂರ್ತಿ ಸಮಾಜಕ್ಕೆ ತೊಂದರೆಯಾಗಲಿದೆ. ವಿದ್ಯಾರ್ಥಿಗಳು ಜಾಗೃತರಾಗಿ ಸಮಾಜದಲ್ಲಿ ಜಾಗೃತಿ ಮೂಡಿಸುವ ಜವಾಬ್ದಾರಿ ಹೊರಬೇಕು. ತನ್ಮೂಲಕ ನಮ್ಮ ರಾಷ್ಟ್ರ ಸ್ವಾಸ್ಥ್ಯ ಸದೃಢವಾಗಬೇಕು ಎಂದರು.

ಬಳಿಕ ಪ್ರತಿಜ್ಞಾವಿಧಿ ಬೋಧಿಸಿ, ಭಿತ್ತಿಪತ್ರ ಅನಾವರಣಗೊಳಿಸಲಾಯಿತು. ಸಮುದಾಯ ಆರೋಗ್ಯ ವಿಭಾಗ ಕೆಎಂಸಿ ಮಣಿಪಾಲದ ಪ್ರಾಧ್ಯಾಪಕ ಡಾ. ಮುರಳೀಧರ ಕುಲಕರ್ಣಿ ಸಂಪನ್ಮೂಲ ವ್ಯಕ್ತಿಯಾಗಿದ್ದರು. ತಂಬಾಕು ಸೇವನೆಯ ದುಷ್ಪರಿಣಾಮಗಳ ಕುರಿತು ವಿದ್ಯಾರ್ಥಿಗಳಿಗೆ ಉದಾಹರಣೆ ನೀಡುವ ಮೂಲಕ ಅರಿವು ಮೂಡಿಸಿದರು.

ಜಿಲ್ಲಾ ಆರೋಗ್ಯ ಮತ್ತು ಕುಟುಂಬ ಕಲ್ಯಾಣಾಧಿಕಾರಿ ಡಾ.ಬಸವರಾಜ್ ಹುಬ್ಬಳ್ಳಿ ಉಪಸ್ಥಿತರಿದ್ದರು. ಜಿಲ್ಲಾ ಸರ್ವೇಕ್ಷಣಾಧಿಕಾರಿ ಡಾ.ನಾಗರತ್ನ ಪ್ರಾಸ್ತಾವಿಕವಾಗಿ ಮಾತನಾಡಿದರು.

ಪ್ರಿನ್ಸಿಪಾಲ್ ಆಶಾ ಕುಮಾರಿ ಅಧ್ಯಕ್ಷತೆ ವಹಿಸಿ, ಸ್ವಾಗತಿಸಿದರು. ರಾಷ್ಟ್ರೀಯ ಸೇವಾ ಯೋಜನೆಯ ಸಂಯೋಜನಾಧಿಕಾರಿ ರಾಜೇಶ್ ಕುಮಾರ್ ವಂದಿಸಿದರು. ಆರೋಗ್ಯ ಮತ್ತು ಕುಟುಂಬ ಕಲ್ಯಾಣ ಇಲಾಖೆ ಉಡುಪಿ ಜಿಲ್ಲಾ ಆರೋಗ್ಯ ಸಲಹೆಗಾರ ಮಂಜುಳಾ ಶೆಟ್ಟಿ ಕಾರ್ಯಕ್ರಮ ಸಂಯೋಜಿಸಿದರು. ಕನ್ನಡ ಉಪನ್ಯಾಸಕ ಶಶಿಕಾಂತ್ ಎನ್. ಶೆಟ್ಟಿ ನಿರೂಪಿಸಿದರು.

ಸೆಂಟರ್ ಫಾರ್ ರೀಜನಲ್ ಡೆವಲಪ್‌ಮೆಂಟ್ ಪಿ.ಎಸ್.ಪಿ.ಎಚ್.ಮಾಹೆ ಮಣಿಪಾಲ ಮತಿಯಿಂದ ತಂಬಾಕು ಸೇವನೆಯ ದುಷ್ಪರಿಣಾಮಗಳ ಕುರಿತಂತೆ ಕಿರುಪ್ರಹಸನ ನಡೆಯಿತು.

Dr. T.M.A. Pai Rotary Hospital Karkala

Dr TMA Pai Rotary Hospital, Karkala, is an Associate Hospital of the Manipal Academy of Higher Education-Manipal. Dr TMA Pai Rotary Hospital, an 80-bed unit, has been providing quality healthcare to the people of Karkala Taluk.

Karkala is one of the Taluks of Udupi District in coastal Karnataka and has a population of about 2,16,091 spread over the town and the surrounding villages, numbering around 49. In view of the demands and needs of the people, especially from rural areas, for affordable and quality medical care, the Rotary Club of Karkala and Manipal Group took the initiative to set up a healthcare facility in Karkala.

In 1985, Kasturba Hospital, Manipal, in association with the Rotary Club, started weekly outreach camps at Karkala. The overwhelming response to camps led to the formation of a Mother and Child Care Hospital in this town in 1987 with 10 beds. After the overwhelming response from the community, the 10-bed hospital was converted to 80 beds in 1992.

At present, the Hospital provides essential healthcare full-time services in Internal Medicine, Pediatrics, Obstetrics and Gynecology, Ophthalmology, Orthopedics, ENT, Dermatology, Anesthesia, General and Laparoscopic surgery, Radiology, Dental, Pathology, and Pain Clinic. Super speciality care such as Cardiology, Neurology, Nephrology, Urology, Psychiatry, Pediatric Oncology, Pediatric Surgery, Plastic Surgery, Surgical Oncology, Palliative Medicine, Gastroenterology, Reproductive Medicine, Endocrinology, Head and Neck Surgery, Spine Surgery, and Orthodontics care are also being provided on a visiting basis.

This project is a classic model of how private organizations like MAHE and NGOs like Rotary Club and the community itself can come together to provide quality healthcare to the needy people at an affordable cost.

A community cardiology center was established in 2017 in association with the Rotary Club Karkala to take up non-invasive cardiac screening using Echocardiography, ECG, TMT, and Holter, as well as carry out screening camps and health education sessions in the community targeting cardiac diseases.

Digitalization of patient billing and X-ray and upgrading of laboratory services have been completed. The hospital caters to about 1,30,000 outpatients and 5,500 inpatients annually. Around 800 childbirths occur in this hospital every year.

Free diabetes screening camps were conducted under the screening package sponsored by the Rotary Global Grant and provided service to almost 700 patients.
In June 2021, the hospital upgraded its healthcare facility by establishing the dialysis unit with the support of Rotary Club Manipal (under the Global Grant Scheme). In 2022, the Jamayath Ullah Falah Karkala Unit also donated a dialysis machine to the dialysis center. On 29 April 2024, Belanje Sanjeeva hospital has been awarded the Kayakalp Hegde Trust, Hebri, donated one more dialysis machine, making a total of five machines operated in three shifts (Morning, Afternoon, Evening).

BPL cardholder patients who require dialysis get service at a subsidized rate. In addition to that, the support from Ajekar Padma Gopal Trust and G Shankar Family Trust has helped poor and needy patients perform dialysis at an affordable price.
In 2019, the RTN K Krishna Prabhu OPD Block Boomi Pooja was completed by the divine hand of Mrs Vasanthi R Pai and inaugurated the new OPD block on 07 March 2023. Adding to this, we have started with three well-equipped operation theatres, a post-operative ward, and one minor OT.

We have also started the well-equipped 'Yermal Revathi Premananda Shenoy' Trauma and Emergency Care Center, which was inaugurated on 30 June 2023 with the support of Rtn Mohan Shenoy and his family. We have begun with the full-time dental outpatient services, providing all general specialities under one roof.

The Certificate from the Ministry of Health and Family Welfare, Government of India, for the year 2019-20 adds a feather in its cap. It has also been certified with ISO 9001:2015, ISO 14001:2015, and ISO 50001: 2018.

The hospital is attached to Kasturba Medical College, Manipal, and imparts training to medical undergraduate students, interns, and postgraduate students of various departments. This also includes the

first and second year students of the Master of Hospital Administration.

We have conducted a total of 13 medical and 5 blood donation camps from January 2025 to December 2025 continuously with social responsibility. The total number of patients screened in the medical camp is around 3,650, and 332 units of blood have been collected.

Patients travelling to a higher center, which is located 35-70 km away to consult the doctor, have reduced since most of the speciality and super speciality care is available at our hospital. Patients do not need to spend a full day waiting to see a doctor because of the amenities offered at our facility.

There is an electric car available for both general transportation and the transit of consultants.

An outsourced entity, Health Map, manages imaging services to meet the diagnostic needs of patients. These services include General Ultrasound, X-Ray, and a Full-Scale CT Scan Facility, both offering critical support in medical diagnosis. General Ultrasound imaging services, which are available throughout the day, from morning to evening. This non-invasive procedure plays a vital role in diagnosing a variety of conditions across different body systems, such as abdominal, pelvic, obstetric, and musculoskeletal issues. In addition to ultrasound, the state-of-the-art imaging tool CT Scan is now available 24 hours a day, 7 days a week (24/7), providing continuous access for patients in need of more advanced diagnostic imaging.

CT scans offer detailed cross-sectional images of the body, allowing for comprehensive examination of the brain, chest, abdomen, bones, and soft tissues. The ability to conduct a CT scan at any time is especially important for emergency situations, as it allows healthcare providers to diagnose injuries or diseases quickly and accurately, even outside of regular working hours.

As a way forward plan of 2024, we have started super speciality OPD services such as Endocrinology and Vitreo-Retina Surgery OPD.
Full-time anaesthetists are available in the hospital premises to assist with the surgical and emergency cases.

In a bid to enhance patient care and ensure timely response to critical and emergency cases, two Emergency Medical Doctors have been newly assigned to the triage on a full-time basis. This strategic move is aimed at improving the management of emergency patients, ensuring rapid assessment, and providing immediate care to those in urgent need.

In November 2024, the facility successfully obtained the license for the Blood Storage Unit, authorizing the storage and management of blood products within the hospital premises. This approval marked a significant milestone in ensuring the availability of safe, regulated, and timely blood supplies for patients.

In a major initiative to further strengthen transfusion services, the Old LT Block is being converted into a full-fledged Blood Bank with generous support and donation from Rotarian Suvarna Tukaram Nayak. This development is aimed at enhancing patient care, especially in critical clinical situations such as surgical procedures and obstetric emergencies, where prompt blood transfusion is essential.

The required infrastructure, including area allocation, manpower, and equipment, has been established, and the facility is currently in the final stage of obtaining the Blood Bank license from the concerned government authorities. In May 2025, a formal handing-over ceremony of Blood Bank equipment from Rotary to the Blood Bank was successfully conducted.

During the reporting year, the hospital successfully operationalized the new Outpatient Department (OPD) block along with a dedicated Labour Theater (LT) unit, representing a major advancement in maternal and outpatient care services. The new OPD block was developed to improve patient access, streamline patient movement, and enhance service efficiency through well-planned layouts, speciality consultation areas, and patient-centric amenities.

The commissioning of the Labour Theatre unit has significantly strengthened the hospital's obstetric services by providing a safe, well-equipped, and clinically compliant environment for conducting normal and assisted deliveries. The LT unit has been designed in adherence to established clinical protocols, infection control standards, and patient safety norms, ensuring quality care for expectant mothers. The integration of OPD services with the LT unit has enabled seamless coordination of care, improved clinical preparedness, and enhanced overall health outcomes.

In line with its commitment to strengthening critical care capabilities, the hospital successfully operationalized the High Dependency Unit (HDU) during the year. The HDU was established to cater to patients requiring close monitoring and a higher level of clinical support than general wards, particularly post-operative and high-risk cases.

The unit is equipped with advanced patient monitoring systems, essential life-support infrastructure, and is staffed by trained medical, nursing, and paramedical personnel. The operationalization of the HDU has enabled effective step-up and step-down care and improved clinical outcomes by ensuring timely interventions and continuous monitoring for high-acuity patients.

During the year, Dr TMA Pai Rotary Hospital, Karkala, achieved a significant clinical milestone by successfully performing a complex enucleation of the right eye under general anaesthesia on an 80-year-old high-risk patient diagnosed with ocular melanoma. The patient presented with severe pain and complete loss of vision in the affected eye and had multiple co-morbidities, including hypertension, kyphoscoliosis, mild pulmonary hypertension, and age-related frailty, making the procedure particularly challenging.

A comprehensive pre-operative evaluation was conducted in close coordination with the Cardiology, Radiology, and Internal Medicine departments. The surgery was meticulously planned and executed through a multidisciplinary approach led by the Ophthalmology Department in collaboration with the Anaesthesia team. The procedure was completed successfully with the patient remaining hemodynamically stable throughout. Post-operatively, the patient recovered well with significant pain relief and satisfactory wound healing. This achievement underscores the hospital's growing capability to safely manage complex and high-risk surgical cases through coordinated clinical expertise and robust perioperative care.

The hospital expanded its surgical service offerings with the commencement of advanced laser surgeries under the Department of General Surgery during the reporting year. Laser-assisted procedures have been introduced for the treatment of varicose veins, piles, fissures, and fistula, enabling minimally invasive management with reduced pain, shorter hospital stays, and faster recovery.

As part of this initiative, the hospital has already successfully completed two laser varicose vein surgeries, marking an important step in enhancing patient care through modern surgical technology. The introduction of laser surgery reflects the hospital's commitment to adopting advanced treatment modalities and improving clinical outcomes through innovation.

As part of its ongoing commitment to supporting underserved communities, financial assistance is extended to underprivileged families—particularly breadwinners and children—through the Manipal Foundation Fund. This initiative aims to reduce the financial burden on families facing medical emergencies and to provide timely support during periods of hardship.

We are also in the process of preparing for complete NABH 6th Edition accreditation for our hospital. A comprehensive gap analysis covering both documentation and implementation has been completed. All required documents and SOPs preparation are in process, and structured plans are in place to initiate implementation of the standards across the hospital.

The NABH application is being submitted, and the desktop review has been successfully completed.

Future plans are being made for the hostel, wards, special block, and canteen renovation. Along with that, our future initiative is to go for a green hospital by using solar energy, LED lighting, water reuse and saving, E-prescription, E-receipt, E-indent, E-lab request, and E-purchase.

Manipal Arogya Card Scheme

Scheme Performance Summary - During the reporting period, the Manipal Arogya Card Scheme recorded substantial utilization and effective service delivery.

Utilization details for the period **January to December 2025** are as follows:

Category	Total Discount (INR)	Patient Count/OP Bills Count
Inpatient	7,64,90,606	11,626 (IP Count)
Outpatient	12,79,87,826	5,53,231 – OP Bills
Pharmacy	4,03,02,503	2,34,766 – Total Bills
Grand Total	**24,47,80,934**	**7,99,623**

Manipal Arogya Card – Scheme Closure Performance: For the Year 2025, the scheme will start from the month of June to November 2025.

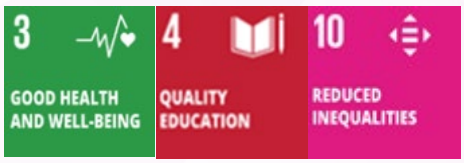
Press Meet: The launch of the Manipal Arogya Card Scheme

Volunteer Services Organization

The Volunteer Services Organization engages students throughout the year through its various weekly and monthly initiatives. It is actively involved in organizing a series of weekly projects that encourage student participation in community service, social outreach, and meaningful engagement. These projects provide students with opportunities to contribute positively to society while developing teamwork, leadership, and a strong sense of social responsibility.

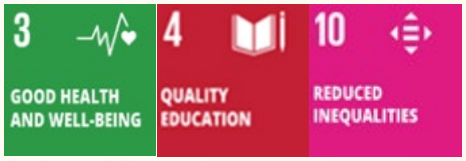
Project Umang - A Visit to Asha Nilaya

This project aims to provide recreational activities for children with intellectual disabilities, aged 6 to 18, from Asha Nilaya, Udupi. The children actively participate in various activities such as colouring, drawing, dancing, singing, building blocks, passing the ball, and showcasing their talents. This is a unique project that is conducted once every two weeks. The focus is to improve the fine and gross motor skills and also to enhance their overall mental well-being. These biweekly sessions involve engaging and interacting with the children and serve as an enriching experience enjoyed by both the coordinators and the enthusiastic youngsters. The volunteers thoroughly enjoy teaching the children and consider it a stress buster amid their hectic weekdays.



Project Sanjeevani - Visit to Paediatric Ward

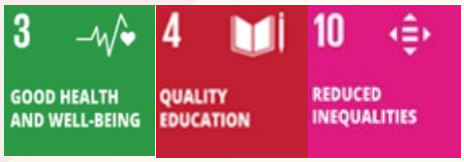
The Sanjeevani Project, an initiative under VSO, aims to bring joy and engagement to children through interactive sessions held every Sunday. The project focuses on fostering connections with the kids through various activities such as drawing, colouring, musical chairs, and passing the parcel. By creating a vibrant and dynamic environment, the Sanjeevani Project not only offers recreational opportunities but also promotes social interaction and creativity among the children. This dedicated effort reflects the commitment of VSO to make a positive impact on the lives of the younger generation, fostering a sense of community and joy in the process.



Project Jyothi - A Visit to Asare

Description of the Project: ASARE is a home for the differently abled. Welcoming hearts, a big smile, pure innocence, and enthusiasm await VSO volunteers every Sunday. A group of 20 volunteers, along with the project coordinator, visits ASARE every Sunday from 04:00 pm to 06:00 pm. During these visits, the volunteers engage residents in a variety of activities like drawing, colouring, singing, dancing, playing, meditating, and passing the ball. These interactions foster a sense of well-being, teamwork, and deep connection, leaving a lasting impact on both residents and volunteers. These weekly sessions involve engaging and interacting with them and serve as an enriching experience enjoyed by the coordinators and

the enthusiastic youngsters. The volunteers thoroughly enjoy teaching the kids and consider it a stress buster between their hectic weekdays.



Project Day Care - Visit to Daycare, Manipal

Description of the Project: In this project, the children availing the daycare facility of MAHE were engaged in various creative and entertaining activities such as colouring, group games, playing in the sandpit, singing, and dancing. A summer camp, Sunny Smiles, was successfully conducted this year for children aged 9 to 13 of the MAHE faculty. This project is uniquely carried out under the daycare initiative of VSO. During the regular weekly session, lasting an hour, simple yet fun activities are organized to brighten the spirits of the children. Different activities are experimented with in each session. Few children like to draw and colour, while others want to play, run, and dance. Both kinds of activities are provided during the same session, those inclined to dance are encouraged to do so, while those interested in crafts are allowed to express their creativity.

Project Muskaan - Visit to Bijapur colony

Project Muskaan is a weekly initiative in which Bijapur Colony is visited by VSO volunteers to engage with the local community. Efforts were made by these dedicated volunteers to reach out to children aged 05 to 18 living in the Manipal slums. The curriculum included imparting general knowledge about the country and essential health and hygiene practices. In addition to structured lessons, the volunteers organized team-building activities, brain games, and fun games to cater to the diverse age group. The interaction fostered a special bond between the kids and the VSO volunteers, creating a positive and impactful experience beyond traditional teaching methods.

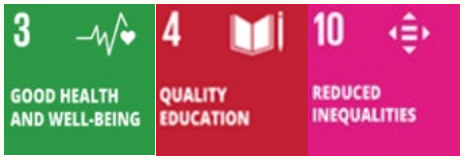
Project Clean Manipal Campaign

The Clean Manipal Campaign is a VSO project conducted weekly to make our surroundings cleaner while raising awareness about the harmful substances that degrade our environment. It highlights the importance of zero pollution so that human beings, nature, and wildlife can thrive in ideal conditions. Volunteers scout local areas and collect myriad items of waste that have been strewn over almost every road. The waste is segregated into glass, paper, and plastic, and efforts are made to ensure the area is clean again.

Project Aarambh - Visit to the Orphanage.

The project Aarambh primarily aims to bring joy and a sense of belonging to the lives of children residing

in orphanages. Every Sunday, a local orphanage is visited by a team of volunteers, and an environment is created where children are encouraged to express themselves through various activities like drawing, colouring, and playing with toys. The focus was placed on spending quality time with the children and engaging them through games and dance. Volunteers enthusiastically participated in this project and enjoyed their experience in the orphanage.



Project Asha - Visit to an Old Age Home

Description of the Project: Every Sunday, an old age home was visited by a team of 20 volunteers with dedication and enthusiasm. Positive interaction with residents was enhanced through various activities, including skill-sharing, singing, dancing, quizzes, and more. The primary objective was to create a warm and inviting environment that encouraged meaningful interactions, fostering a delightful and mutually enjoyable experience for everyone involved.

Project Vidya - Visit to Namma Bhoomi

Project Vidya has been regarded as an integral part of VSO. The project has always focused on educating student residents of Namma Bhoomi, aged 10 to 18 years, about basic life lessons such as career planning and basic English communication skills, like questioning words, nouns, pronouns, verbs, and adverbs. The main objective of the project is to help the kids learn life skills that will help them in the future. The weekly sessions engage volunteers and children in fun, interactive, and informative activities, including teaching and learning. The volunteers adore the children and enjoy teaching them.

Project Akshara - Visit to an Academic School

Project Akshara is considered pivotal in VSO, involving visits to the Academy Higher Primary School in Manipal. This project primarily focuses on engaging students around 10 years of age. In this initiative, dedicated volunteers actively engage children in a spectrum of creative activities, encompassing drawing, crafts, painting, and origami. Simultaneously, the crucial task of educating the children, focusing on enhancing their English vocabulary, is undertaken. The project also embraces the spirit of national pride and cultural significance by commemorating events such as Independence Day, Gandhi Jayanti, Karnataka Rajyotsava, and Diwali through activities like quizzes and essay writing, enabling children to learn about and appreciate the historical and cultural significance of these occasions. A special project celebrating Children's Day was organized, featuring 25 games tailored for children in grades 01 to 05. The event concluded with a vibrant dance session and a ceremony to distribute prizes. This project nurtures creativity and imparts valuable knowledge, enriching the overall development of the participating children.

Project Beach Adoption

Every Sunday, 20 to 40 volunteers go to the beach in Udupi and clean a slight stretch (250 meters). The collected waste is segregated into 6 categories-paper waste, hard plastic, plastic bottles, plastic wrappers/bags, glass bottles, and discarded fishnets. The cleaning continues each week from where it was stopped the previous week. The main objective is to clean the beach and the surrounding area, create awareness among the local people, and prevent further dumping of waste on the coastal side.

Project Aakansha - Visit to Cancer Shelter

Under Project Akansha, volunteers visit the Access Life Cancer Shelter home for children in Manipal and spend quality time with them. Children are engaged in craft activities, board games, dance, and music. This project aims to provide a regular source of comfort and joy to young cancer patients, fostering connections and positive experiences during their challenging journey. It is a rewarding experience filled with joy and happy moments for both the kids and the volunteers.

Project Belaku - Visit to the CSI Boys Boarding School

The Belaku project is one of the newest additions to the list of VSO initiatives. Started in October 2024, the project aims to educate young boys aged 10 to 18 from the CSI boarding school on various topics. The focus of the project is to improve the language skills of the boys, particularly in English, and to increase awareness of the various fields they can pursue in the future. These weekly projects involve engaging and interacting with the students and serve as an enriching experience, enjoyed by both the coordinators and the enthusiastic youngsters. The volunteers thoroughly enjoy teaching the kids and consider it a stress buster between their hectic weekdays.

Project Manas

Description of the Project: Project Manas is a visit to a vocational and rehabilitation centre, where we conduct interactive sessions such as drawing, crafts, dance, and fun activities to actively involve the

participants, promote creativity, help them feel included, engaged, and have a great time.

Project Spandana

The residents of Spandana are individuals filled with warmth, innocence, and unique personalities. Each of them brings their own spark to every session, some expressive and energetic, others calm and observant, yet all equally special.

Through activities like Fingerprint Tree Art, the Cup Pyramid Toss Challenge, Balloon Balance, Balloon Passing, and a lively Dance Session, they showcased creativity, teamwork, coordination, and pure joy. Their wholehearted participation and bright smiles truly reflected the meaningful impact of the experience.

Project Siri

As part of the VSO project at Siri, we conducted an interactive session for the children focusing on basic English communication skills. The kids were taught how to give a self-introduction in English, which helped improve their confidence and speaking abilities. Along with the learning activities, we also organized outdoor games such as dodgeball, throwball, and cricket to encourage teamwork, physical activity, and enjoyment. The session was both educational and fun-filled, creating a positive and engaging environment for the children.

Project Anmol

Project Anmol is a VSO Manipal initiative where student volunteers visit old age homes to spend meaningful time with senior citizens, creating a space for conversations, shared activities, and emotional support. The project aims to bridge the gap between generations, promote empathy among youth, and bring companionship and joy to elderly residents through simple, heartfelt interactions.

During Daan Utsav, from October 02 to 08, MAHE engaged in various projects across all institutions. Details are as below:

1 Project Sehat Suraksha

Project Sehat Suraksha focused on promoting safe medical waste disposal and environmental responsibility. Volunteers collected expired, unused, and waste medicines and segregated them for proper disposal. This prevented misuse and environmental harm while creating awareness about public health and safe waste practices.

2 Project Care and Share and Kindness Closet

Volunteers collected reusable stationery and clothes and distributed them to underprivileged individuals. This supported education, reduced waste, and promoted sustainability. The project encouraged sharing resources responsibly and helping those in need.

3 Project Khilona Khazana

This project collected and donated toys to underprivileged children. It promoted emotional well-being, happiness, and equal access to play, which is important for healthy development.

4 Splash and Dash

Volunteers raised funds by cleaning vehicles, and the proceeds supported social service projects. This initiative demonstrated teamwork, community participation, and resource mobilization for social impact.

5 Project Patra

Volunteers distributed thank-you cards to security guards and "Get Well Soon" cards to hospitalized children. This project promoted appreciation, emotional support, and kindness.

6 Project Tejas

Painting and craft sessions were conducted for children in the pediatric ward. The activity supported emotional healing, creativity, and psychological well-being.

7 Project Dil Se Carnival

A food carnival was organized at an old age home to bring joy and companionship to elderly residents, supporting their emotional well-being.

8 Project Varna

Volunteers painted school walls to improve the learning environment and create a positive atmosphere for students.

9 Swaccha Aashray

Animal shelter areas were cleaned to ensure hygiene and animal welfare.

10 Project Baccha Party

Science activities helped children learn through interactive and creative methods, promoting curiosity, and knowledge.

11 Project Miniflix

Fun activities and storytelling were conducted to support hospitalized children emotionally.

12 Masti Mahal

Games and social activities helped improve emotional health among residents.

13 Project Khushiyon Ki Bauchhar

Creative activities promoted learning, happiness, and emotional support.

14 Muskan Food Donation Drive

Food was distributed to support families facing food insecurity.

15 Origami Workshop

Students developed creativity and learning skills through art.

16 Bloom of Hope

Recycled crafts were made to appreciate sanitation workers and promote sustainability.

17 Self Defense Workshop

Students learned safety skills to improve personal security and confidence.

18 Dance and Movement Workshop

Dance promoted physical health and creative development.

19 Project Nav Jyothi

Festival celebrations promoted social inclusion and emotional well-being.

20 Project Jadoo Ki Jhalak

Magic shows provided emotional support and entertainment for hospitalized children.

21 Project Jonaki

Creative and fun activities promoted learning and well-being.

22 Project Jeevan Daan

Blood donation helped save lives and strengthened healthcare support.

23 Phaladayini

Fruit distribution supported nutrition and health.

24 Hair Donation Drive

Hair donations supported cancer patients emotionally and physically.

25 Health Camp

Healthcare access was provided to housekeeping staff.

26 Project Deepotsav

Festival celebrations promoted inclusion and emotional wellness.

27 Project Beach Clean

28 Rang Birangi Ummidein

Creative workshops encouraged learning and expression.

29 Project Sahayahastha

Grocery donations supported orphanage residents.

30 Yoga Workshop

Yoga promoted physical and mental health.

31 Project Swatch Nagar

Public place cleaning promoted sustainability.

32 Project Giggle and Guise

Fun activities supported hospitalized children emotionally.

33 Sowing Smiles

Farm visits promoted environmental education.

34 Singing Workshop

Music sessions encouraged creativity and confidence.

35 Stationery Donation and Cooking Workshop

Students learned life skills and received educational support.

36 Kaun Banega Tendulkar

Sports activities promoted health, teamwork, and inclusion.

VSO MAHE Bengaluru

The Volunteer Services Organization (VSO) is a vibrant unit at MAHE Bengaluru dedicated to promoting volunteerism, inclusivity, and creating positive change within the campus and beyond. By aligning its initiatives with the United Nations Sustainable Development Goals (SDGs), this academic year we engaged 650+ volunteers who contributed a total of 3,600+ hours to volunteering. With a wide range of projects and events-from donating blood and supporting our peers and elderly to championing environmental sustainability and confronting social issues, VSO is all about action, empathy, teambuilding, leadership, and unforgettable experiences.

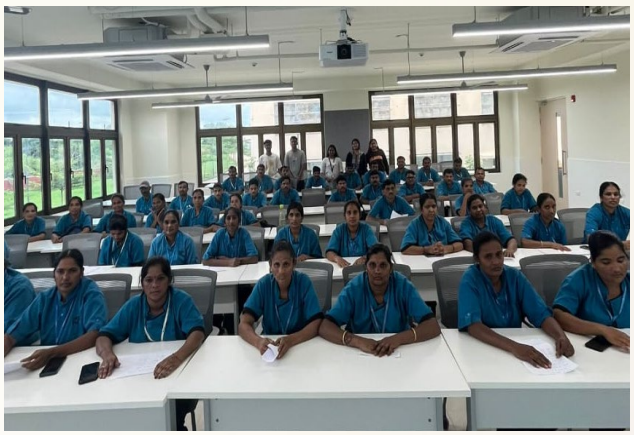
Recurring Projects

Project Saath

Project Saath brightened the Sundays of elderly residents at Sri Shanti Prashanthi Old Age Home with regular visits packed with engaging and fun activities. Volunteers shared stories, played games, and created joyful memories, becoming a part of the lives of our elderly friends.

Project Akshara

Each month, VSO empowered housekeeping staff through interactive Kannada and English literacy sessions. These classes broke language barriers, boosted confidence, and helped everyone feel more at home on campus.



Project Scribe

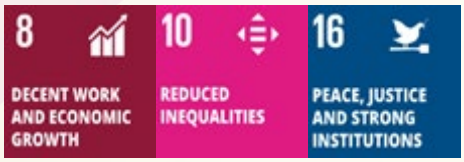
Working closely with the Department of Student Affairs, VSO provided volunteer scribes for students with disabilities or temporary health conditions during written and practical exams. This support ensured every student had a fair chance to succeed, highlighting MAHE's commitment to inclusivity. The volunteer scribes were compensated with a 500 INR exam fees as per MAHE guidelines.

Events

Sangam

Sangam was conducted on 26 January 2025. VSO fostered a sense of belonging and community spirit with the first edition of Sangam- the annual heartwarming celebration honouring the hard work of Terrier Security, Quess and Zolo housekeeping staff.

By inviting their families to campus, they got to share a glimpse of their lives at work through campus tours and bonded over dance performances, games, and lunch, and returned home with memories captured in hearts and photo frames!



Happy Festival

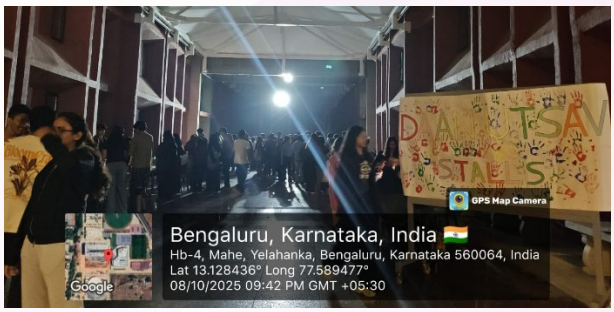
Conducted on 23 February 2025 in collaboration with The Inclusion Movement NGO, VSO hosted over 150 visually impaired people at the MAHE Bengaluru campus for a day of treasure hunts, board games, performances, drumming sessions, and movie screenings. The event was filled with laughter, learning, and unforgettable moments of shared joy.

Daan Utsav Donation Drives

For Daan Utsav 2025-the annual week of giving, VSO organized donation drives for food, books, toys, clothes and sanitary pads, collecting essentials for orphanages, schools, old age homes, and hospitals from 02 to 10 October 2025. The Wish Wall initiative further fulfilled small wishes of campus staff, spreading kindness and gratitude throughout MAHE.

Additionally, Joy-Fest was conducted during Daan Utsav, where student volunteers set up stalls related to

art, posters, handmade jewellery, etc., to raise money for the food donation drives. A total of 19 stalls were set up by MAHE students, generating about 27,000 INR in revenue from which 20% of the proceeds i.e., 6,700 INR was collected for the food donation initiative.



Other Engagements

Manipal Marathon Promo Run

The 5K Promo Run energized the campus community with fitness and fun in January 2025. The volunteers ensured a seamless event, ensuring a well-coordinated experience for 500+ runners, and spread awareness about the main Marathon at MAHE Manipal.

Cleanliness Drive

VSO organized a cleanliness drive around the MAHE Bengaluru vicinity in January 2025 in collaboration with the Sustainability Committee of TAPMI, collecting all littered plastic waste.

Blood Donation Drive

VSO conducted two blood donation drives in the months of April and October 2025. We received 100+ blood bags in each drive. This was done in collaboration with Manipal Hospitals.

Convocation

VSO volunteers played a key role in ensuring the 33rd Convocation at MAHE Bengaluru on 29 and 30 November 2025. The event was smooth and memorable. VSO volunteers guided attendees, managed logistics, and captured cherished moments for over 3,000 graduates and guests.

25. MS Otorhinolaryngology
26. DM Cardiology
27. DM Infectious Diseases
28. DM Medical Gastroenterology
29. DM Medical Genetics
30. DM Medical Oncology
31. DM Nephrology
32. DM Neurology
33. DM Critical Care Medicine
34. DM Neonatology
35. DM Paediatric Oncology
36. DM Endocrinology
37. MCh Cardiothoracic and Vascular Surgery

38. MCh Neurosurgery
39. MCh Paediatric Surgery
40. MCh Plastic and Reconstructive Surgery
41. MCh Urology
42. MCh Reproductive Medicine and Surgery
43. MCh Paediatric Orthopaedics
44. MCh Hand Surgery
45. MCh Surgical Oncology
46. MCh Head and Neck Surgery
47. MSc (Medical Anatomy)
48. MSc (Medical Physiology
49. MSc (Medical Microbiology)
50. MSc (Medical Biochemistry)
51. MSc (Medical Pharmacology)
52. MSc (Medical Clinical Embryology)
53. MSc (Genetics Counselling)
54. MSc (Forensic Science)
55. MSc (Reproductive and Development Biology)
56. MSc (Reproductive Genetics)
57. MPhil (Psychiatric Social Work)
58. Fellowship in Fetal Medicine
59. Fellowship in Advanced Obstetric Ultrasound
60. Fellowship in Oncopathology
61. Fellowship in Gynaecologic Oncology
62. Fellowship in Urogynecology, Female Pelvic Medicine and Reconstructive Surgery
63. Fellowship in Spine Surgery
64. Fellowship in Paediatric Otorhinolaryngology
65. Fellowship in Advanced GI Endoscopy
66. Fellowship in Gastrointestinal and Hepato-Pancreatico-Biliary Surgery
67. Fellowship in Neuro-Radiation Oncology
68. Fellowship in Advanced Radiation Oncology Techniques
69. Fellowship in Stereotactic Body Radiation Therapy (SBRT) in Thoracic and Gastrointestinal Oncology
70. Fellowship in Glaucoma
71. Fellowship in Medical Retina and Uvea
72. Fellowship in Regional Anaesthesia
73. Fellowship in Paediatric Anaesthesia
74. Fellowship in Orthopaedic Trauma
75. Clerkship in Emergency Medicine and Disaster Management
76. Integrated End Degree (MD/MS) progression to PhD

C. PhD

About the Institution/School:

Kasturba Medical College, Manipal, (KMC Manipal), established in 1953, is the pioneering constituent institution of the Manipal Academy of Higher Education (MAHE), a Deemed-to-be University of international repute. It holds the distinction of being India's first private self-financing medical college, marking a historic milestone in medical education. Over the past seven decades, KMC Manipal has evolved into a globally recognized centre of excellence in medical education, healthcare, and biomedical research. It has been consistently ranked among the top 10 medical colleges in India in the National Institutional Ranking Framework (NIRF) rankings. Through its commitment to innovation, ethics, and service, it continues to shape generations of healthcare professionals dedicated to advancing medical science and improving human health. KMC Manipal is a constituent unit of MAHE, which has been accredited by the National Assessment and Accreditation Council (NAAC) with the prestigious A++ grade and certified for ISO 9001:2015 and EMS 14001:2015 standards. Kasturba Hospital (KH), Manipal, is accredited by the National Accreditation Board for Hospitals and Healthcare Providers (NABH). The Kasturba Hospital Laboratory Services is accredited by the National Accreditation Board for Testing and Calibration Laboratories (NABL). The Neonatal Intensive Care Unit (NICU) of KH is accredited as an Advanced Care Unit Level III B by the Neonatology Forum (NNF) of India. The Manipal Comprehensive Cancer Care Centre is accredited by the European Society for Medical Oncology (ESMO) as a Designated Centre of Integrated Oncology and Palliative Care. To further the cause of excellence in academics and research, KMC, Manipal, has engaged in MoUs with various international medical schools and universities with active participation of inbound and outbound students and faculty. KMC, Manipal, has made strident efforts to engage with distinguished alumni who are placed in prestigious institutions across the globe by registering 26,774 alumni on the AlmaShines portal.

Institutional Activities/Curricular Activities

New Initiatives:

Sl No	Activity	Particulars	Date(s)
Administration			
1	MAHE–DHR Technical Resource Centre (TRC) for Evidence Synthesis	The MAHE–DHR Technical Resource Centre (TRC) for Evidence Synthesis, funded by the Department of Health Research (DHR), was inaugurated on 17 July 2025 at 08:30 am in Room No. 28, Ground Floor, KMC Administrative Building, MAHE. The centre was inaugurated by Dr Roopa Hariprasad, Scientist-F, Centre for Evidence-Based Guidelines, ICMR, Department of Health Research, Government of India. The event marked an important step towards strengthening evidence-based research and promoting high-quality evidence synthesis at MAHE. The inauguration took place in the presence of the Principal Investigator of the TRC, Dr Naveen Salins, Directorate of Research, MAHE; the Coordinator of the TRC, Dr Samir Kumar Praharaj; Dr Vinod C Nayak, Associate Dean, KMC, MAHE, Manipal; Dr Ranjitha Shetty, Associate Dean, KMC, MAHE, Manipal, along with other faculty members and administrative officials.	17 Jul 2025
2	Department of Artificial Intelligence (AI) in Healthcare	The Department of Artificial Intelligence (AI) in Healthcare was inaugurated at Kasturba Medical College, Manipal, on 25 August 2025 at Dr TMA Pai Auditorium. The inauguration set a strong foundation for the department's mission—creating pathways for AI research, developing academic programs, fostering collaborations, and translating innovations for societal impact. Dr Anil K Bhat, Dean of KMC, provided the overview of the Department. He shared a personal reflection on an AI-related project that ended with a publication but lacked real-world implementation in patient care and highlighted that such experiences inspired him to seek meaningful ways to ensure AI-driven research translates into better patient outcomes, which forms the cornerstone of the Department of AI in Healthcare at KMC. The Pro Vice Chancellor (Health Sciences) Dr Sharath K Rao emphasized that AI is poised to transform healthcare not only in diagnostics and treatment but also in medical education through AI literacy. He stressed the importance of recognizing the limitations of AI and ensuring that its application remains under appropriate human oversight. Honourable Vice Chancellor, Dr M D Venkatesh, urged collective effort and collaboration across disciplines to position MAHE as a pioneer in AI implementation in healthcare. He reinforced the vision of growing together towards impactful innovation and translation of AI into practice. The symbolic launch of the department was marked by a video unveiling the vision and roadmap. The coordinators of the Department, Dr Preethi S Shetty, welcomed the gathering, and Dr Rachana concluded the event with a vote of thanks.	25 Aug 2025
Anaesthesiology			
1	Fellowship in Regional Anaesthesia	This is a one-year fellowship program designed to ensure competency in terms of skill, knowledge, and attitude in	01 Jan 2025

Sl No	Activity	Particulars	Date(s)
		delivering safe and effective regional anaesthesia for better patient care. This will be a postdoctoral one-year in-house fellowship conducted at different AORA-accredited regional anaesthesia institutions (KMC, Manipal, is an accredited institution) under various AORA-accredited teachers. On successful completion of the course, the fellow should be able to demonstrate competency in terms of skill, knowledge and attitude in delivering safe and effective regional anaesthesia for better patient care.	- 31 Dec 2025
Anatomy			
1	MSc (By Research) in Neuroscience	The MSc (By Research) in Neuroscience at KMC is a two-year postgraduation program divided into four semesters. This course focuses on identifying motivated bachelor's degree holders to take up challenges in neuroscience and impart them with basic and advanced neuroscience technologies to build a pool of next-generation neuroscientists to conduct research of local, national, and global importance to reduce the burden of multiple neurological disorders. The rigorous curriculum for this course at KMC will help students become acquainted with world-class neuroscience research training to perform top-end neuroscience research.	01 Jan 2025 - 31 Dec 2025
Hand Surgery			
1	Manipal Microsurgery Research Lab	The Manipal Microsurgery Research Lab, under the Department of Hand Surgery, KMC Manipal, was inaugurated on 14 March 2025 at the Central Animal Research Facility, Dr TMA Pai Planetarium Campus, Manipal. Inaugurated by Dr Sharath K Rao, Pro Vice Chancellor (Health Sciences), MAHE, this cutting-edge lab is designed for microsurgery training for surgeons using rat models. The event was graced by Dean Dr Padmaraj Hegde as the Guest of Honour. The lab is equipped with state-of-the-art facilities, high-precision microscopes, and micro instruments identical to those used in operation theatres, ensuring trainees gain a realistic and hands-on surgical experience. The lab plans to offer a well-structured five-day microsurgery training course at an affordable cost, providing surgeons with hands-on experience under expert guidance simulating real-time operating experience. The program is designed to enhance microsurgical skills with a comprehensive curriculum. The lab will operate under the leadership of Dr Anil K Bhat (HOD) and Dr Ashwath Acharya (Additional Professor), Department of Hand Surgery, who, along with their dedicated team, have worked relentlessly to make this lab a reality for KMC Manipal.	14 Mar 2025
Medical Education			
1	MAHE–Laerdal Centre of Excellence in Healthcare Simulation	Designed to transform how healthcare professionals are trained, this cutting-edge facility brings together advanced simulation technology, hands-on learning, and global best practices—setting a new standard for academic excellence and industry collaboration in the region. The centre was officially inaugurated on 26 June 2025 by Dr Anil K Bhat,	26 Jun 2025

Sl No	Activity	Particulars	Date(s)
		Dean, KMC Manipal, who emphasized its transformative role in strengthening skill-based training across specialities and marking a bold step forward in MAHE's commitment to skill-based, future-ready education. Dr Vimal Krishnan S, Coordinator of the Centre highlighted the Centre's potential in empowering both educators and learners, while also aligning with global goals on sustainable and equitable healthcare education. This state-of-the-art facility enriches the existing Simulation Centre at KMC Manipal with advanced simulators, including: A high-fidelity birthing simulator - A laparoscopic skills trainer - An ultrasound simulation trainer. These additions are poised to benefit trainees from multiple specialities—enhancing clinical confidence, procedural competence, and interdisciplinary learning.	
Medical Gastroenterology			
1	Fellowship in Advanced GI Endoscopy 	Through this program post DM candidates will be trained in advanced GI endoscopic intervention like third space endoscopy (EMR, ESD, POEM), therapeutic ERCP and EUS. This fellowship will provide advanced training, will open opportunities in both corporate and institutional jobs.	01 Jan 2025 - 31 Dec 2025
2	Fellowship in Gastrointestinal (GI) and Hepato Pancreatico Billiary (HPB) Surgery 	Diseases of the GI and HPB systems are among the most common disorders in India, and the majority of them involve a complex problem-solving approach. Disease management requires a higher level of cognitive and psychomotor skills. In view of recognizing the increasing need and demanding higher skills in GI and HPB surgery, this fellowship in GI and HPB surgery program will fulfil the three objectives of patient care, surgical skill training, and research. The goal of the training fellowship program in GI and HPB surgery is to empower a surgeon to provide tertiary care for patients with complicated problems related to the GI and HPB systems.	01 Jan 2025 - 31 Dec 2025
Ophthalmology			
1	Fellowship in Glaucoma 	The Glaucoma Fellowship is a one-year program and the overarching goal of the program is to provide the student with the skills to enable him/her to practice as a glaucoma specialist. The fellowship focuses on clinical training, surgical training, academic activities, research activities, and outreach activities.	01 Jan 2025 - 31 Dec 2025
2	Fellowship in Medical Retina and Uvea 	The Medical Retina and Uvea Fellowship is a one-year program. The goal of the program is to provide the student with the skills to enable him/her to practice as a medical retina and uvea specialist. By the end of the fellowship the candidate is expected to be competent in diagnosing and treating patients with medical retina and uveal disorders. The program is structured to familiarize the candidate with all the state-of-the-art retinal investigations and to provide hands-on training in treatment aspects. (Retinal lasers/ROP screening and treatment/intravitreal injections).	01 Jan 2025 - 31 Dec 2025

Sl No	Activity	Particulars	Date(s)
Radiation Oncology			
1	Fellowship in Neuro Radiation Oncology	This fellowship is designed to provide specialized training in neuroradiation oncology, focusing on the management of primary and metastatic brain tumours, spinal tumours, and other neuro-oncological conditions. It integrates advanced techniques such as stereotactic radiosurgery (SRS), intensity-modulated radiation therapy (IMRT), and volumetric modulated arc therapy (VMAT).	01 Jan 2025 - 31 Dec 2025
2	Fellowship in Advanced Radiation Oncology Techniques	This fellowship offers advanced training in state-of-the-art radiation therapy modalities, including Image-Guided Radiation Therapy (IGRT), Adaptive Radiation Therapy, Stereotactic Radiosurgery (SRS), Stereotactic Body Radiotherapy (SBRT), and Image-Guided Brachytherapy. It aims to build expertise in cutting-edge radiation oncology techniques.	01 Jan 2025 to 31 Dec 2025
3	Fellowship in Stereotactic Body Radiotherapy (SBRT) in Thoracic and Gastrointestinal Oncology	This fellowship focuses on specialized training in Stereotactic Body Radiation Therapy (SBRT) for thoracic and gastrointestinal (GI) malignancies. It offers in-depth exposure to SBRT planning and delivery using cutting-edge technology and emphasizes a multidisciplinary approach to patient care.	01 Jan 2025 to 31 Dec 2025
Reproductive Science			
1	MAHE-Anderson Centre of Excellence in Reproductive Genomics	Inaugurated by Dr Sharath Rao, Pro Vice Chancellor, Health Sciences, MAHE, the centre will be one of its kind, state-of-the-art facilities involving the integration and application of Next-Generation Sequencing (NGS) technologies to advance healthcare. solutions and research in the field of Reproductive Genetics. This Centre will be equipped with the latest NGS system along with other equipment required to provide advanced molecular diagnostics and research with high-quality standards. This centre will be a hub for academic training, innovative research, and advanced diagnostic solutions. The objectives of the centre are 1) To set up IVF-related genomic services for research and diagnostic purposes: Intending to understand the pathophysiology involved in implantation failure and enhance the IVF success rates. 2) To provide broader genetic testing solutions to support pregnancy management, the health of the mother and the child. 3) To promote education, research and collaborations in the field of Reproductive Genomics.	11 Dec 2025

Biochemistry			
1	World Diabetes Day	The Department of Biochemistry, KMC, Manipal, organized a special academic program on World Diabetes Day for the postgraduate students of the department. The primary objective of the program was to enhance awareness about diabetes, provide insights into recent advancements in	14 Nov 2025

Sl No	Activity	Particulars	Date(s)
		diabetes-related research, and promote academic engagement through interactive learning sessions. Discussions, presentations, and knowledge-sharing activities enabled students to gain a deeper understanding of the biochemical and clinical aspects of diabetes. To encourage participation and recognize excellence, a prize amount was awarded to the winners of the academic activities conducted as part of the event.	
Consultancy and Entrepreneurship Vertical			
1	Meet the Expert–Insights into Entrepreneurial and Innovation Journey	The workshop was designed for a focused group of about 35 participants, ensuring an interactive and engaging experience. Faculty members and research coordinators from various MAHE institutions attended the session. The discussions provided valuable perspectives on leveraging ideas through research, consultancy, and innovation/IPR, inspiring participants to explore multidisciplinary approaches for professional growth and institutional benefit. The session faculty were Dr Shibu Chameettachal, Associate Professor–Research at KMC, Manipal and a successful entrepreneur, who shared real-life insights from his journey of building two companies and Dr Vikram Baliga, Associate Professor at Manipal School of Commerce and Economics, elucidated MAHE's Consultancy Policy and discussed how faculty can develop alternate revenue streams through consultancy.	15 May 2025
Dermatology, Venereology, and Leprosy			
1	World Leprosy Day	The Department of Dermatology, Venereology, and Leprosy, KMC, Manipal, observed World Leprosy Day on 26 January 2025. To commemorate the day, a series of awareness-driven initiatives were organized. Leprosy awareness posters were displayed in the electronic information boards across the hospital for one week to ensure maximum outreach and patient education. Free consultations and free slit-skin smear examination for AFB for all leprosy patients attending the OPD for one week (27 January to 01 February) were offered.	26 Jan 2025
Doctoral Research Vertical			
1	Workshops for Research Scholars	Workshops on capacity building and academic writing essentials are conducted regularly by the Doctoral Research Vertical to enhance research skills, data analysis, and publishing of research work. The workshops give the doctoral students insight towards clarity, completeness, and correctness in manuscript writing.	01 Jan 2025 - 31 Dec 2025
2	Research Talk Series	The Research Talk Series is organized by the Doctoral Vertical for PhD candidates throughout the year.	01 Jan 2025 - 31 Dec 2025

Sl No	Activity	Particulars	Date(s)
Faculty Research Vertical			
1	Journal selection for your manuscript	The Faculty Research vertical conducted 'Journal selection for your manuscript' a faculty development small-group session for 17 faculty.	15 Jan 2025
2	Systematic Reviews and Meta-Analysis Demystified	The session was conducted in collaboration with MAHE ICMR-DHR TRC (Evidence for Guidelines) aimed at equipping attendees with the knowledge and skills to critically evaluate and synthesize existing research for evidence-based clinical practice. The Karnataka Medical Council awarded two credit points per day for this workshop (a total of four credit points). The workshop began with an introduction to the principles and importance of systematic reviews and meta-analyses, followed by a step-by-step guide to the process, including literature search strategies, quality assessment of studies, and statistical approaches for meta-analysis. The speaker, Dr Sachit Anand, shared practical examples and provided hands-on training, making the session highly engaging and interactive. Dr Manya Prasad from ILBS, New Delhi, delivered an online talk on GRADE.	07 - 08 Feb 2025
General Medicine			
1	Educational Program for Young Diabetics	The Indian Council of Medical Research (ICMR), a Government of India-funded Young Diabetes Registry (YDR) phase III and the Department of Medicine in association with the Department of Paediatrics and Paediatrics Endocrinology Clinic, Manipal, has organized a one-day educational program for Young Diabetics. The fasting blood sugar (FBS) and glycated haemoglobin (HbA1c), along with anthropometric and vital parameters, were measured free of cost. The educational and practice sessions were conducted with the help of the Department of Yoga Centre for Integrative Medicine and Research, MAHE, Department of Clinical Nutrition and Dietetics, Department of Physiotherapy, Department of Psychiatry and Department of Ophthalmology, followed by the free yoga consultation and demonstration, diet demonstration for every meal with complete scientific nutritional knowledge, diabetic foot care awareness, and eye check-up for diabetic complications respectively, by these departments. Self-introduction by young diabetics, inspirational talks, participation in fun games, quizzes, and cultural programs were added events to the program, which helped motivate the young patients to cheer up. Diabetic food provided to young diabetic patients and their caretakers.	06 Jan 2025
Hand Surgery			
1	National Hand Surgery Day	As part of the event, a series of informative posters addressing various aspects of hand surgery were prominently displayed in the outpatient department. These posters focused on hand-specific first aid measures, recommended guidelines	23 Aug 2025

Sl No	Activity	Particulars	Date(s)
		and precautions, and commonly encountered yet challenging hand disorders such as carpal tunnel syndrome, De Quervain's tenosynovitis, and trigger finger. The event also featured short Instagram reels aimed at public awareness, including content on bike chain injuries and cracker burst injuries by Dr Anil K Bhat as well as awareness on digit reimplantation and birth brachial plexus palsy by Dr Ashwath Acharya. Educational videos on the prevention of repetitive stress injuries related to mobile phone usage and the prevention of paediatric hand injuries were presented by Dr Deepthi Paraj and Dr Mithun Pai, respectively.	
Innovation, IPR, and Patents Vertical			
1	Pathways for patent commercialization and product development 	The Innovation and IPR vertical, in collaboration with the Entrepreneurship and Consultancy Vertical conducted a workshop for about 37 participants on commercialization of patents.	24 Jun 2025
2	Insights into Industry-grade product designing 	Faculty members from KMC, Manipal, and their collaborators from MAHE institutions were invited to present their collaborative projects (Technology Readiness Level 1–6) for personalized industry-oriented discussions. The program was preceded by an Industry-Grade Product Design Bootcamp Lecture delivered at TAPMI, Manipal, on 10 September 2025 which was held as a part of Lifeathon 2.0 (organised at TAPMI). This session, open to all faculty, addressed fundamental principles of product design, bridging academic innovation with practical, market-driven execution. Following the lecture, one-to-one small group interactions were organized with the invited resource person, the CEO of Resnova Technologies Pvt Ltd, at KMC, Manipal, on 11 September 2025. Each participating faculty project was allotted a dedicated time slot to discuss current challenges, execution bottlenecks, prototyping issues, and other developmental hurdles. The resource person provided tailored feedback, shared potential solutions, and suggested future pathways for advancing these projects. In total, 13 faculty projects were reviewed during the session. The format of personalized mentoring was highly appreciated, with faculty members acknowledging the relevance and practicality of the guidance received. The event fostered a stronger industry-academia interface, providing critical insights to support the translation of research ideas into impactful, real-world solutions.	10 - 11 Sep 2025
3	Lifeathon 2.0 Phase 2 with Patent filing camp	At Phase 2 of Lifeathon 2.0, a total of 45 interdisciplinary teams presented their innovative healthcare solutions to a distinguished panel of judges comprising experts from clinical, technical, and industry backgrounds. The event also received strong support from the MAHE Intellectual Property and Technology Transfer Office (IPTTO), which provided	23 Oct 2025

		guidance and facilitation for patent filing of the solutions developed by the participating teams. In addition, the participants had avenues to discuss success stories and have open discussions with Lifeathon 2024 winners and have prelim discussion with TAPMI faculty at the Business Clinic. The event also received active participation and timely support from the faculty and staff of the Innovation Centre, MAHE, Entrepreneurship and Consultancy Research Vertical, KMC, an enthusiastic group of student innovators from KMC SRF, Incandescent, and the E-Cell of MIT, KMC and Research Office and the event support ecosystem of MAHE.	
International Engagements, Alumni and Overseas Faculty Vertical			
1	Crafting Your Career Workshop	An enriching and insightful workshop titled "Crafting Your Career" was organized by the Internationalization, Alumni Engagement and Overseas Faculty Research Vertical, in association with IndiaBioscience. The event, held online via Zoom, aimed to equip early-career faculty, postdocs, and PhD students at KMC, Manipal, with essential skills and strategies to navigate the complexities of career development. The workshop attracted a diverse group of participants, all eager to enhance their career prospects and make well-informed decisions about their future paths. The objective of the workshop was to provide participants with valuable tools to help them make informed career decisions. Over the course of the three-hour session, a series of carefully curated topics were covered, designed to empower the attendees with the knowledge and skills needed to advance their careers. A CYC workbook was also shared and the participants worked on the practical exercises to identify their skills and interests. The participants were also able to map the job roles which they may focus on for their career.	19 Feb 2025
2	Rhythms of Success: Neuroscience of Sleep and Research Careers in the USA and Australia	The research symposium organized by the IOPA Vertical brought together leading neuroscientists to present groundbreaking work in understanding brain function through innovative experimental models. The event featured two distinguished talks, followed by a career guidance session focused on opportunities in neuroscience research and the integration of clinical and basic science. Dr Bruno van Swinderen, Professor at the Queensland Brain Institute, University of Queensland, delivered a compelling presentation on how optogenetics can unravel the mechanisms of general anaesthesia. Dr Paul Shaw, Professor of Neuroscience at Washington University in St Louis, shared his team's novel findings on the intersection of sleep, memory, and circadian biology. The event concluded with an informative career and research guidance session, highlighting PhD and postdoctoral opportunities in the USA and Australia.	17 Mar 2025
3	Research and Reality: Juggling Research and Patient Care	A workshop on balancing research and patient care was conducted by the IAO Vertical. Dr Karishma Kaushik, Executive Director, IndiaBioscience, was the guest speaker.	12 May 2025

4	Faculty Development Program: A Primer on Global Higher Education – Internationalization in Higher Education 	The four-day event aimed to equip faculty members, administrators, and staff with essential knowledge and skills to navigate the evolving landscape of global higher education. The program focused on exploring concepts, strategies, and best practices related to internationalization. Participants delved into understanding the global higher education landscape, integrating international viewpoints into pedagogy and research, building robust partnerships and collaborations, boosting faculty and student mobility, and exploring accreditation and benchmarking standards. These elements were designed to provide actionable tools for advancing internationalization efforts, reflecting the growing importance of cross-border education in an interconnected world. The program was particularly timely, given the increasing emphasis on global rankings, student exchanges, and collaborative research initiatives in India and beyond.	13 - 16 Oct 2025
Kasturba Hospital			
1	Corporate Cricket League–2025	The 4th edition of the Kasturba Hospital Corporate Cricket League (KH-CCL) 2025 was inaugurated on 17 January at the Manipal End Point ground. The event, featuring 24 teams from various sectors, was inaugurated by Dr H S Ballal and Lt Gen (Dr) M D Venkatesh. Dr Ballal emphasized MAHE's support for sports, while Dr Venkatesh highlighted the tournament's role in fostering teamwork and networking. The three-day event runs from 17 to 19 January 2025, offering exciting cricket matches and opportunities for professional connections.	17 - 19 Jan 2025
2	Sahayoga-A comprehensive care program for children with Type 1 diabetes, Kasturba Hospital, Manipal 	MAHE Manipal launched the “Sahayoga: Comprehensive Care for Children with Type 1 Diabetes” initiative on 07 February 2025, at Kasturba Hospital. The program, supported by the Manipal Foundation, provides affordable care, including insulin, glucometers, and glucose strips, to economically disadvantaged children. Dr Ranjan R Pai launched the initiative, emphasizing MAHE's commitment to accessible healthcare. The program aims to unite families, teachers, and specialists to improve outcomes for children with type 1 diabetes. Dignitaries including Dr H S Ballal and Lt Gen (Dr) M D Venkatesh, attended the event.	07 Feb 2025
3	Medical Laboratory Professionals Week 	Various departments comprising the Kasturba Hospital Laboratory Services celebrated the Medical Laboratory Professionals Week. An event was organized on 22 April 2025 at Dr TMA Pai Hall, Manipal, with this year’s theme, “The Future is Lab.” Dr Avinash Shetty, Medical Superintendent, Kasturba Hospital, was the Chief Guest for the event. The celebration commemorates the indispensable	14 - 20 Apr 2025

		role of medical laboratory professionals and pathologists in healthcare and patient advocacy.	
4	World No Tobacco Day	Kasturba Hospital marked World No Tobacco Day 2025 with an awareness program held at 09:30 am in the hospital registration area. The event was a collaborative effort by the Departments of Respiratory Medicine, Psychiatry, and ENT. This year's theme, "Unmasking the Appeal: Exposing Industry Tactics on Tobacco and Nicotine Products," focused on revealing how the tobacco industry targets young people and women through misleading marketing and product design.	31 May 2025
5	World Blood Donor Day	Kasturba Hospital, Manipal, observed World Blood Donor Day 2025 with a special event dedicated to acknowledging the invaluable contributions of voluntary blood donors, motivators, and organizers. Celebrated annually on 14 June, this global initiative highlights the critical need for safe blood and blood products while expressing gratitude to those who donate. This year's theme, "Give blood, give hope: together we save lives," underscores the powerful impact of community participation in saving lives through blood donation. The program was inaugurated by Chief Guest Nadoja Dr G Shankar, Captain Brijesh Chowta, Member of Parliament, Dakshina Kannada, Sri Yashpal Suvarna, MLA, Udupi, with Dr Shrirama Rao, Family Welfare Officer of Udupi District, serving as the Guest of Honour.	14 Jun 2025
Microbiology			
1	World Hepatitis Day	An awareness program on Viral Hepatitis was organized by the Department of Microbiology, KMC Manipal, in recognition of World Hepatitis Day. The event featured engaging role-plays and a display of informative posters aimed at raising awareness about viral hepatitis. The target audience included technical staff and Group D workers.	28 Jul 2025
Neonatology			
1	World Prematurity Day	As part of the program, a quiz competition was conducted for nursing staff and BSc nursing students to enhance their knowledge and understanding of prematurity and neonatal care. This was followed by structured demonstrations by senior NICU nursing staff on Kangaroo Mother Care (KMC), maintenance of asepsis (ANTT), appropriate breastfeeding techniques, and developmental supportive care. Additionally, an awareness program for mothers was organized to educate them on the importance of antenatal care, early recognition of preterm labour, essential care of premature infants, and measures to improve neonatal outcomes. The event underscored the department's commitment to strengthening neonatal health services and promoting awareness about the challenges and specialized care required for preterm infants.	17 Nov 2025

Nephrology			
1	World Kidney Day	The Nephrology Department organized a successful World Kidney Day event on 13 March 2025, aimed at raising awareness about kidney health and the prevention of kidney disease. The program included educational sessions highlighting the importance of early detection, healthy lifestyle choices, and regular screening to maintain optimal kidney function.	13 Mar 2025
Ophthalmology			
1	World Glaucoma Week	World Glaucoma Week 2025 was observed on 10 March 2025 in the KH OPD lobby. The event featured the inauguration of the Glaucoma Fellowship Program. This was followed by a half-day glaucoma screening camp conducted in the OPD lobby, during which 97 patients were screened.	10 Mar 2025
2	Drishti Chakra - Advanced Mobile Eye Screening Unit 	Drishti Chakra is an advanced mobile eye screening unit launched to bring comprehensive eye care closer to the community. The customized bus is fully equipped to detect cataract, glaucoma, diabetic retinopathy, corneal blindness, and refractive errors, ensuring early diagnosis and prevention of avoidable blindness. In addition, the unit will identify individuals with low vision or blindness and provide on-site vision rehabilitation, training, and counselling to help them lead more independent lives. The event was graced by Mr Abid Gadiyal, Additional Deputy Commissioner, Udupi District as chief guest. Covering the districts of Udupi, Dakshina Kannada, Uttara Kannada, Shivamogga, and Chikkamagaluru, this initiative is a CSR project of the Manipal Foundation, led by Dr Sulatha V Bhandary with co-investigators Dr Yogish Kamath, HOD Ophthalmology, Dr Krithica, HOD Optometry, and Dr Ashwini Kumar, HOD Community Medicine. This initiative is supported by the administrative heads of Kasturba Medical College Manipal, Kasturba Hospital, Manipal College of Health Professions and MAHE. Drishti Chakra represents a significant step toward accessible and community-based eye healthcare.	30 Oct 2025
Otorhinolaryngology			
1	Mazedoc Clinical Innovations Private Limited Faculty-led Start-up 	Mazedoc Clinical Innovations Private Limited is a faculty-led startup founded by Dr Akshay P, Senior Resident in the Department of ENT, KMC Manipal. The company is incubated at the Manipal–Government of Karnataka Bioincubator. Mazedoc is a learning platform where students engage with AI-generated clinical case scenarios to enhance their patient-care skills. This hands-on, interactive approach strengthens real-world problem-solving abilities and prepares learners for future clinical practice. Mazedoc has also signed an MoU with Incandescent, the Student Innovation Club at KMC Manipal, through which students actively contribute to the development, design, testing, and	29 Jan 2025

Paediatric Oncology			
1	International Childhood Cancer Day	The Department of Paediatric Oncology organized an event featuring an entertainment program to uplift the spirits of children battling cancer, undergoing treatment, their caregivers, and cancer survivors. The event was held as part of the three-year campaign (2024-2026) under the theme "Inspiring Action". Together with supporting staff from the hospital, the day was filled with joy, bringing smiles to the faces of the courageous young patients and their families.	15 - 26 Feb 2025
Postgraduate Research Vertical			
1	PG Research Vertical Workshops	The Postgraduate Research Vertical conducted various workshops throughout the year, including protocol writing workshops, manuscript writing workshops, framing review of literature workshops, and Good Clinical Practice (GCP) and Good Laboratory Practice (GLP).	01 Jan 2025 - 31 Dec 2025
2	PG Research Orientation	Orientation sessions on research for postgraduate students were conducted.	27 Feb 2025
Psychiatry			
1	World Schizophrenia Day	World Schizophrenia Awareness Day, observed annually on 24 May, highlights a psychiatric disorder that affects approximately 24 million people worldwide, impacting about 1 in 300 adults (0.3%). It presents serious challenges, including disability, social exclusion, discrimination, and a significantly reduced life expectancy. At KMC, Manipal, the Department of Psychiatry operates two complementary initiatives: the Hombelaku Psychiatric Rehabilitation Centre, a 50 bed, medium to long term residential facility integrated with the university that has offered day care and holistic care since 2010; and the Manipal Model of Assertive Community Treatment (M ACT), a community-based program providing individualized outreach, psychosocial therapy, and medication support. Both programs offer skill training in home management and vocational areas, along with regular pharmacological and psychosocial therapies delivered at the centre and within the community. To commemorate World Schizophrenia Day on 24 May 2025, an exhibition and sale of products made by residents—demonstrating their talents, progress, and commitment to reintegration and empowerment—were held on that date at the OPD of KMC, Manipal.	24 May 2025

		students. The event was inaugurated by esteemed guests Dr. Susana Chuva de Sousa Lopes from Leiden University Medical Center, Netherlands, and Dr Bernard Roelen from Utrecht University, Netherlands. The program commenced with a painting competition, symbolizing the spirit of science and innovation, and contributing creative artwork to the department. This was followed by interactive activities (quiz and games) designed to foster scientific engagement and teamwork.	
Research Ethics and Regulations Vertical			
1	MoUs, Insurance, Green Channel Review for Research and Advisory Group for Clinical Ethics	The awareness program was envisioned by the RER vertical of KMC, Manipal, to empower the researchers with the significance of these processes and to mitigate the common hurdles perceived by researchers in procuring the clearance for MOUs/agreements, financial cover for unexpected adverse events in research and expedited approvals for lower-risk projects through decentralization. Additionally, the event included a session by international faculty on role of advisory board on clinical ethics. Ms Mirul Bhavsar and Ms Nikita L Menezes highlighting the need for formal agreements to safeguard the interests of researchers and institutes through an interactive and case-based learning. Mr Sripathi U S, Coordinator of Insurance, MAHE, informed the participants about the coverage under group insurance for research-related injury in academic trials. Dr Rajeshkrishna Bhandary P, Chair RER Vertical, highlighted the criteria and nature of research that would be included under the group insurance and the process of application. Dr Ashish Minocha, Paediatric Surgeon and Chair of Clinical Ethics Advisory Board from Norwich University, spoke about the relevance of advisory group for clinical situations that bring out ethical dilemmas and the best practices at the UK for end-of-life care, organ donation, and conflicts between clinical and research protocols and emphasized the need for a statutory committee within each university to deal with such situations.	31 Oct 2025
Research Funding and Grants Vertical			
1	Grant Writing Workshop	The Research Funding and Grants Vertical conducted five grant writing workshops for students and faculty. The workshops aimed at aiding the researchers in building a research portfolio, documentation and proposal writing.	01 Jan 2025 - 31 Dec 2025
Undergraduate Research Vertical			
1	Research orientation sessions	The UG Research Vertical conducted over nine orientation workshops on research for MBBS students to bring in awareness and encourage students to get involved in research through ICMR Stort Term Studentship and other research opportunities. The sessions covered various aspects such as literature review, study designs and methodology, ethics in research, and case writing and presentation.	01 Jan 2025 - 31 Dec 2025

Reproductive Science				
1	Prof Kshitish Acharya	Institute of Bioinformatics and Applied Biotechnology (IBAB), Bengaluru	Delivered an online guest talk on "Computational Studies on Toxicology". His talk was focused on the importance of computational studies, particularly molecular docking and simulations, to get insights into the toxic compounds and their biological effects. He gave an overview of the software and databases used in the toxicological studies, such as QSAR, PBPK, PubChem, etc. It was an enriching experience engaging with students and researchers who are passionate about the intersection of computational science and human health.	20 May 2025
2	Dr Meenal Agarwal, MD, DM	Head of Department of Medical Genetics, KEM Hospital, Pune	Visited as adjunct faculty to deliver a lecture on "Preimplantation Genetic Testing".	12 Jul 2025
3	Dr Meenal Agarwal	Head of Department of Medical Genetics, KEM Hospital, Pune	Delivered a guest faculty lecture session on "Preimplantation Genetic Testing".	12 Jul 2025
4	Dr Siddhartha Shankar Lyek	Manager and Team Leader (Animal Reproduction), National Dairy Development Board (NDDB) Anand, Gujarat.	To deliver a guest lecture on "Application of ART in Livestock Improvement"	04 Aug 2025
5	Prof Kshitish K Acharya	Transcriptomics and Reproductive Biology, Institute of Bioinformatics and Applied Biotechnology (IBAB), Bengaluru	In this lecture, Dr Acharya provided an overview of the omics concept, such as genomics, transcriptomics, proteomics, and metabolomics, and their application in understanding the complex biological systems and personalized medicine.	16 Oct 2025
6	Prof Kshitish K Acharya	Transcriptomics and Reproductive Biology, Institute of Bioinformatics and Applied Biotechnology	Dr Acharya delivered a lecture on "Network Analysis and explained how to explore AI and Machine Learning to analyze the big data generated in omics".	17 Nov 2025

Books/chapters authored by faculty members:

Sl No	Name of the Book	Chapter(s) name (if authored, chapters only)	Faculty members	Publisher	Date
Hospital Administration					
1	Revolutionizing Healthcare Experience with Digital Medical Tourism	Regulatory Frameworks and Patient Privacy in Digital Medical Tourism	Dr P Naveen Kumar	IGI Global Scientific Publishing, [2025]	01 Dec 2025
Microbiology					
1	Anaerobes of Clinical Significance	Chapter 3, Laboratory Diagnostic Techniques for Anaerobes with Recent Updates page 30-59;	Dr Padmaja A Shenoy	Cambridge Scholar Publishing	01 Dec 2025
2	Anaerobes of Clinical Significance	Gram Positive Anaerobic Cocci of Medical Importance	Ms Seema Shetty	Cambridge Scholars Publishing	01 Dec 2025
Neurosurgery					
1	Ramamurthi and Tandon's Textbook of Neurosurgery	Cerebral Revascularisation	Dr Nithin Raj S D	Jaypee Brothers Medical Publisher's Pvt Ltd	31 Dec 2025

Sl No	Name of the Book	Chapter(s) name (if authored, chapters only)	Faculty members	Publisher	Date
Obstetrics and Gynaecology					
1	Jeffcoate's Principles of Gynaecology	Dysmenorrhoea	Dr Brihathi Pranavi Dasari	Jaypee Brothers Medical Publishers	01 Dec 2025
2	FOGSI EEBR 2025 ethical evidence-based recommendations	Therapeutics in Preeclampsia	Dr Brihathi Pranavi Dasari	Jaypee Brothers Medical Publishers	01 Dec 2025
3	Jeffcoate's Principles of Gynaecology 10th edition	1. Epithelial abnormalities of the genital tract 2. Genital cancers	Dr Shyamala Guruvare	Jaypee Brothers Medical Publishers	01 Dec 2025
4	Jeffcoate's Principles of Gynaecology 10th edition	Tumors of Vulva	Dr Rekha	Jaypee Brothers Medical Publishers	01 Dec 2025
5	Jeffcoate's Principles of Gynaecology 10th edition	1. Disorders of sex Differentiation 2. Female Genital Mutilation 3. Pelvic Organ Prolapse	Dr Rajeshwari Bhat	Jaypee Brothers Medical Publishers	01 Dec 2025
6	Jeffcoate's Principles of Gynaecology 10th edition	Genetics in Gynaecology	Dr Krupa Hitesh Shah	Jaypee Brothers Medical Publishers	01 Dec 2025
7	Jeffcoate's Principles of Gynaecology 10th edition	Instrument in Gynaecological Procedures	Dr Pooja H N	Jaypee Brothers Medical Publishers	01 Dec 2025
8	Jeffcoate's Principles of Gynaecology 10th edition	Anatomy	Dr Argyia Desouza	Jaypee Brothers Medical Publishers	01 Dec 2025
Ophthalmology					
1	Monograph on the Neonatal Ocular Surface evaluating the early life microbiome		Dr Sulatha V Bhandary	Manipal Universal Press	31 Dec 2025
Pharmacology					
1	Preparatory Manual of Animal Handling and Experimental Pharmacology	Screening of Effect of drugs on wound healing using animal models	Dr Meena Kumari K	Adhyyan Books	31 Dec 2025
Reproductive Medicine and Surgery					
1	KSOGA UPDATE Endoscopy Committee (Guideline based excellence in	Etiology and pathogenesis of Fibroids	Dr Vidyashree G Poojari	Karnataka State Obstetrics and Gynaecology	01 Dec 2025

Sl No	Name of the Book	Chapter(s) name (if authored, chapters only)	Faculty members	Publisher	Date
	fibroid uterus management an endoscopic roadmap)				
2	Jeffcoate's Principles of Gynaecology	Adenomyosis	Dr Anjali S Mundkur	Jaypee Brothers Medical Publishers	01 Dec 2025
3	Jeffcoate's Principles of Gynaecology	1. Hormone therapy in Gynaecology 2. Ultrasound in Infertility	Dr Vidyashree G Poojari	Jaypee Brothers Medical Publishers	01 Dec 2025
4	Evidence-based practices in the management of polycystic ovarian syndrome (PCOS)	The PCOS pregnancy	Dr Prashanth K Adiga and Dr Pratap Kumar	Evangel Publishing Pvt Ltd, New Delhi.	31 Dec 2025

Details of Research Grants:

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
Anatomy					
1	Exploration of physiological action of homoepathic anti-anxiety mediating human GABAergic and serotonergic neurons	Dr Dinesh Upadhya	CCRAS, New Delhi	11,26,233.00	01 Jan 2025 - 31 Dec 2025
2	Customization of Galactosylceramidase for replacement therapy in Krabbe's disease	Dr Dinesh Upadhya	ICMR, New Delhi	16,64,185.00	01 Jan 2025 - 31 Dec 2025
3	Developmental and transgenerational effects of nicotine exposure in Drosophila at molecular, cellular, and behavioural levels	Dr Pavan Kumar Agrawal	SERB, New Delhi	5,897.00	01 Jan 2025 - 31 Dec 2025
4	Inspire Fellowship under INSPIRE Program for student pursuing full-time doctoral (PhD) program at MAHE	Ms Namita N Kashyap	DST, New Delhi	1,91,220.00	01 Jan 2025 - 31 Dec 2025
5	Inspire Fellowship under INSPIRE program for Student	Mr Srinivasa	DST, New Delhi	40,330.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	pursuing full-time doctoral (PhD) program at MAHE				
6	Evaluating the potential of Antisense Oligonucleotides against FUS Pathology as a treatment option for amyotrophic lateral Sclerosis	Dr Somasish Ghosh Dastidar	ICMR, New Delhi	61,36,126.00	01 Jan 2025 - 31 Dec 2025
7	Transcriptional and behavioural mechanisms underlying social isolation stress in Drosophila	Dr Pavan Kumar Agrawal	DBT, New Delhi	7,86,771.00	01 Jan 2025 - 31 Dec 2025
8	Validating the efficacy of novel formulations of in silico derived drugs that inhibit protein translation and virgin coconut oil in preclinical models of Parkinson's disease	Dr Somasish Ghosh Dastidar	ICMR, New Delhi	66,74,622.00	01 Jan 2025 - 31 Dec 2025
9	Rapid semi-quantitative diagnostic kit for detecting vitamin A deficiency in primary health centres	Dr Dinesh Upadhya	DBT, New Delhi	13,06,805.00	01 Jan 2025 - 31 Dec 2025
10	Characterising a novel potential antidepressant drug that activates the RXFP3 receptor	Dr Somasish Ghosh Dastidar	SERB, New Delhi	4,86,516.00	01 Jan 2025 - 31 Dec 2025
Biochemistry					
1	Taskforce on Establishment of Reference Intervals in Indian Population (TERIIP): A Multi-Centric Observational Cross Sectional Study	Dr Vijetha Shenoy Belle	ICMR, New Delhi	64,57,414.00	01 Jan 2025 - 31 Dec 2025
2	Understanding the effect of diabetes mellitus on immunometabolic response to Burkholderia pseudomallei in Indian patients	Dr Ranita Ghose Dastidar	ICMR, New Delhi	18,77,507.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
Cardiology					
1	Protocol CKJX839D12302: A randomized, double-blind, placebo-controlled multicenter study to evaluate the effect of inclisiran on preventing major adverse cardiovascular events in high-risk primary prevention patients (VICTORION-1 PREVENT).	Dr Tom Devasia	Novartis Healthcare Pvt Ltd	1,80,504.00	01 Jan 2025 - 31 Dec 2025
2	Protocol No EX6018-4979, titled ARTEMIS effects of Ziltivekimab versus placebo on cardiovascular outcomes in patients with acute myocardial infarction	Dr Tom Devasia	Novo Nordisk India Pvt Ltd	10,49,250.00	01 Jan 2025 - 31 Dec 2025
3	Protocol No CKJX839B12302: A randomized double-blind, placebo controlled, multicenter trial, assessing the impact of inclisiran on major adverse cardiovascular events in participants with established cardiovascular disease (VICTORION-2 PREVENT)	Dr Tom Devasia	Novartis Healthcare Pvt Ltd	1,42,700.00	01 Jan 2025 - 31 Dec 2025
4	Targeted next-generation sequencing based approach to explore potential variants in patients with non-syndromic congenital heart defects	Dr Yashvanthi Borkar	DST, New Delhi	2,92,120.00	01 Jan 2025 - 31 Dec 2025
5	Protocol No EX6018-4758, Effects of Ziltivekimab versus placebo on cardiovascular outcomes in participants with established atherosclerotic cardiovascular disease,	Dr Tom Devasia	Novo Nordisk India Pvt Ltd	17,36,004.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	chronic kidney disease, and systemic inflammation				
6	Protocol No. CTQJ230A12301, title: A randomized double-blind, placebo-controlled, multicenter trial assessing the impact of lipoprotein (a) lowering with TQJ230 on major cardiovascular events in patients with established cardiovascular disease	Dr Tom Devasia	Novartis Healthcare Pvt Ltd	28,600.00	01 Jan 2025 - 31 Dec 2025
Community Medicine					
1	Protocol ID: MEQ00064 Study title: Immunogenicity and Safety of an Investigational Quadrivalent Meningococcal Conjugate Vaccine when Administered Concomitantly with Routine Paediatric Vaccines in Healthy Infants and Toddlers in India and the Republic of South Africa	Dr Veena G Kamath	Fortrea Development India Pvt Ltd	3,66,000.00	01 Jan 2025 - 31 Dec 2025
2	Protocol No SII-qHPV/IN-04 Study title: A phase-IV single-arm, multicentric study to assess the safety of SIIPL's qHPV vaccine (CERVAVAC) when administered in a two-dose schedule to girls and boys aged 9-14 years and in a three-dose schedule to women and men aged 15-26 years	Dr Veena G Kamath	DiagnoSearch Life Sciences Pvt Ltd	6,42,689.50	01 Jan 2025 - 31 Dec 2025
3	Protocol No SII-wHEXA/IN-03, An observer-blind, randomized, active controlled, multicenteric Phase III study in infants and	Dr Veena G Kamath	DiagnoSearch Life Sciences Pvt Ltd	13,76,435.80	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	toddlers to assess the immunogenicity and safety of SIIPL Hexavalent (DTwP-HepB-IPV-Hib) Vaccine Containing Reduced Dose IPV in Comparison with SIIPL HEXASIIL				
4	Short-term fellowship abroad of DHR-ICMR Scheme under the mentorship of Prof Mark Hayter Manchester, Metropolitan, University, Manchester, UK	Dr Muralidhar M K	ICMR, New Delhi	10,67,200.00	01 Jan 2025 - 31 Dec 2025
5	SII-qHPV/IN-02	Dr Veena G Kamath	DiagnoSearch Life Sciences Pvt Ltd	3,51,399.00	01 Jan 2025 - 31 Dec 2025
Critical Care					
1	Development of a screening tool to identify fatal hyperinflammatory subphenotype-2 of acute respiratory distress syndrome with point of care ultrasound, ventilator mechanical power, and blood cell count derived biomarkers.	Dr Shwethapriya R	ICMR, New Delhi	2,17,515.00	01 Jan 2025 - 31 Dec 2025
2	Optimizing antimicrobial treatment strategy for carbapenem resistant Klebsiella pneumoniae	Dr Vishal Shanbhag	ICMR, New Delhi	1,207,788.00	01 Jan 2025 - 31 Dec 2025
Dermatology, Venereology, and Leprosy					
1	A cross-sectional study comparing BIOCHIP Mosaic 7 and Multivariant ELISA in the serodiagnosis of IgG-mediated Autoimmune Blistering Disorders	Dr Varsha M Shetty	IADVL, Uttar Pradesh	3,12,795.50	01 Jan 2025 - 31 Dec 2025
2	Protocol No: 1368_0120 Study Title: An open-label, multicenter, single-arm, post-marketing trial (in	Dr Sathish Pai B	IQVIA RDS (India) Pvt Ltd	75,000.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	select countries) to evaluate efficacy and safety and the impact of immunogenicity on efficacy, safety, and pharmacokinetics of spesolimab i.v. in the treatment of patients with Generalized Pustular Psoriasis presenting with a recurrent flare following their initial GPP flare treatment with spesolimab i.v.l No: 1368_0120 Study Title: An open-label, multicenter, single-arm, post-marketing trial (in select countries) to evaluate efficacy and safety and the impact of immunogenicity on efficacy, safety, and pharmacokinetics of spesolimab i.v. in the treatment of patients with Generalized Pustular Psoriasis presenting with a recurrent flare following their initial GPP flare treatment with spesolimab i.v.				
Emergency Medicine					
1	Development and optimization of anti-snake venom dosing strategies in snakebite envenomated patients	Dr Jayaraj Mymbilly Balakrishnan	ICMR, New Delhi	7,75,493.00	01 Jan 2025 - 31 Dec 2025
Endocrinology					
1	A novel approach to management of obese PCOS in adolescents and young women: towards tailored interventions devoid of conventional oral contraceptive therapy. A Multicentric Study	Dr Sahana Shetty	ICMR, New Delhi	3,02,820.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
General Medicine					
1	An integrated transcriptomics and proteomics approach for identification of altered plasma miRNA and blood proteins as a composite biomarker panel in a lupus flare	Dr Mukhyaprana Prabhu	Indian Rheumatology Association, New Delhi	2,00,000.00	01 Jan 2025 - 31 Dec 2025
2	Targeting SLE heterogeneity in geriatric and childhood lupus using single-cell transcriptomics and validation using a CRISPR-based gene editing system for patient-specific precision medicine	Dr Mukhyaprana Prabhu	ICMR, New Delhi	6,13,711.00	01 Jan 2025 - 31 Dec 2025
Head and Neck Surgery					
1	A multicentric study to evaluate the effectiveness of OraCLE, a pre-screening risk stratification tool for oral cancer	Dr Devaraja K	World Health Organization, France	3,70,532.00	01 Jan 2025 - 31 Dec 2025
Infectious Diseases					
1	Implementation of AMSP in various tertiary care centres across India	Dr Muralidhar Varma D	ICMR, New Delhi	19,82,676.00	01 Jan 2025 - 31 Dec 2025
2	Persistence of malaria in endemic regions with a focus on symptomatic, asymptomatic, and submicroscopic malaria among construction workers and residents: A multicentric cross-sectional study	Dr Kavitha Saravu	ICMR, New Delhi	25,14,608.00	01 Jan 2025 - 31 Dec 2025
3	Project No ZY-19489.24.002, A phase II, multicenter, randomized, assessor-blind, active comparator study to determine the efficacy, safety, and tolerability of orally administered ZY-19489 in patients	Dr Kavitha Saravu	Zydus Lifesciences Limited	50,000.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	with uncomplicated Plasmodium vivax malaria				
4	Protocol No MDA 2013-0039, Study title: A phase 3, multicentre, randomized, open-label, assessor-blind study to evaluate the efficacy and safety of Mino-Lok Therapy (MLT) in combination with systemic antibiotics in the treatment of catheter-related or central line-associated bloodstream infection	Dr Muralidhar Varma D	Biorasi Cro Services Pvt Ltd	13,902.00	01 Jan 2025 - 31 Dec 2025
5	Impact of point-of-care tests on mortality in HIV patients with suspected central nervous system infection: a diagnostic randomised controlled trial from India	Dr Nitin Gupta	ICMR, New Delhi	7,65,420.00	01 Jan 2025 - 31 Dec 2025
6	Protocol No W-5222-202 titled: A phase 2, prospective, multicentre study to determine the efficacy and safety of Cefepime-Zidebactam (FEP-ZID) WCK 5222 for the treatment of adult subjects with serious infections caused by Carbapenem-Resistant Gram-Negative Bacteria including those with Underlying Kidney Dysfunction Precluding the use of Colistin/Polymyxin B	Dr Praveen Kumar Tirlangi	Clinnex Research Pvt Ltd	4,46,280.00	01 Jan 2025 - 31 Dec 2025
7	A study to assess the disease severity among Scrub Typhus and Leptospirosis patients using clinical, immunological, and molecular tools: A case-control study	Dr Kavitha Saravu	ICMR, New Delhi	50,20,058.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
8	Evidence-based guidelines on empirical use of antibiotic for upper respiratory tract infections, acute undifferentiated fevers, and community acquired pneumonia	Dr Nitin Gupta	ICMR, New Delhi	5,13,500.00	02 Jan 2025 - 31 Dec 2025
Medical Gastroenterology					
1	Protocol No. 202009 (B-Well 1), Title: phase 3 multicentre, randomized, double-blind, study to assess the efficacy and safety of treatment with Bepirovirsen in HBeAg-negative Nucleos(t)ide Analogue-treated participants with Chronic Hepatitis B Virus (B-Well 1)	Dr Shiran Shetty	GSK Pharma India Pvt Ltd	4,36,989.00	01 Jan 2025 - 31 Dec 2025
2	Exploring the role of Human Gut Microbiome and Metabolites in Ulcerative Colitis: An approach towards Clinical Implications and Precision Medicine	Dr Shiran Shetty	ICMR, New Delhi	1,29,41,272.00	01 Jan 2025 - 31 Dec 2025
Medical Genetics					
1	Deep Phenotyping, Comprehensive Genomic Studies and Investigations into Pathomechanisms of Congenital Heart Defects	Dr Shalini S Nayak	DBT, New Delhi	8,54,344.00	01 Jan 2025 - 31 Dec 2025
2	HPV integration patterns and their functional consequences in early versus late age onset cervical cancers	Dr Rama Rao Damerla	DBT, New Delhi	2,96,467.00	01 Jan 2025 - 31 Dec 2025
3	Centre for Rare Disease Diagnosis, Research and Training	Dr Anju Shukla	DBT/Wellcome Trust India Alliance, New Delhi	44,24,699.00	01 Jan 2025 - 31 Dec 2025
4	Decoding patho-mechanisms underlying vascular defects in ACDC disease using vascular organoids developed from patients-derived iPSCs	Dr Vivekananda Bhat	ICMR, New Delhi	4,50,728.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
5	Investigating EXOC6B function and the pathomechanisms underlying its associated skeletal dysplasia	Dr Priyanka Upadhyai	ICMR, New Delhi	33,14,276.00	01 Jan 2025 - 31 Dec 2025
6	Investigating the pathomechanisms underlying the RNA exosome component EXOSC1 associated neurodegenerative disorder	Dr Priyanka Upadhyai	SERB, New Delhi	3,20,622.00	01 Jan 2025 - 31 Dec 2025
7	Preparation for newly activated fellows: Must read, understand and implement	Dr Anju Shukla	DBT/Wellcome Trust India Alliance, New Delhi	9,28,269.00	01 Jan 2025 - 31 Dec 2025
8	The Paired Early Career Fellowship in Applied Research (PECFAR) Call 2024 fellowship is awarded to a pair of scientists from India and Germany	Dr Vivekananda Bhat	IGSTC, New Delhi	1,98,139.00	01 Jan 2025 - 31 Dec 2025
9	Travel grant for attending 58th European Society of Human Genetics Conference 2025, Italy (24 to 27 May 2025) held in Milan, Italy	Ms Vaishnavi Ashok Badiger	ANRF SERB, New Delhi	55,543.00	01 Jan 2025 - 31 Dec 2025
10	Short-term fellowship abroad of the DHR-ICMR Scheme under the mentorship of Dr Quasar Saleem Padiath, University of Pittsburgh, Pennsylvania, USA	Dr Anju Shukla	ICMR, New Delhi	5,52,400.00	01 Jan 2025 - 31 Dec 2025
11	A novel capture-based method for targeted BRCA1/2 methylation testing through a nanopore sequencing platform	Dr Rama Rao Damerla	ICMR, New Delhi	29,76,819.00	01 Jan 2025 - 31 Dec 2026
Medical Oncology					
1	Times toxicity of patients with advanced malignancies receiving palliative intravenous systemic therapy - a multicentre observational study (GiveMeTIME)	Dr Sharada Mailankody	ICMR, New Delhi	11,55,008.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
2	Response-Adapted Management of Childhood Classical Hodgkin Lymphoma (cHL) and Early Response Assessment by Positron Emission and Computerized Tomography (PET-CT) to allow Omission of Radiotherapy in Indian Children Treated with a Standard of Care Intensified Chemotherapy Regimen	Dr Vasudeva Bhat K	TATA Memorial Centre, Mumbai	3,02,777.12	01 Jan 2025 - 31 Dec 2025
Microbiology					
1	Developing glucose and xylose co-utilizing Zymomonas mobilis ZM4 strains and understanding resource allocation to improve biofuel yield	Dr Piyush Behari Lal	SERB, New Delhi	7,05,104.00	01 Jan 2025 - 31 Dec 2025
2	Development and evaluation of indirect ELISA using recombinant Omp25 protein of Brucella melitensis for rapid and differential diagnosis of human brucellosis	Dr Vandana K E	ICMR, New Delhi	19,98,363.00	01 Jan 2025 - 31 Dec 2025
3	Discovery and development of therapeutic interventions against multi-drug-resistant bacterial pathogens	Dr Vandana K E	CSIR-CDRI, Lucknow	7,96,500.00	01 Jan 2025 - 31 Dec 2025
4	Generate proof of concepts and showcase the medical and economic value around diagnostic solutions in antimicrobial stewardship	Dr Vandana K E	Biomerieux India Pvt Ltd	6,31,260.00	01 Jan 2025 - 31 Dec 2025
5	Relating the metabolic lifestyle of Indian strains of a highly pathogenic bacterium Burkholderia pseudomallei to	Dr Piyush Behari Lal	Regional Centre for Biotechnology, Faridabad	25,01,976.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	antibiotic resistance and pathogenicity determinants				
6	Sepsis-induced stress and network analysis on pathogen expression of stress-combat genes: The SNAPE Study	Dr Chiranjay Mukhopadhyay	ICMR, New Delhi	3,09,771.00	01 Jan 2025 - 31 Dec 2025
7	Modelling pulmonary melioidosis and studying mechanism linking insulin resistance and disease severity using human bioengineered 3D lung organoids	Dr Bharati Bisht	Regional Centre for Biotechnology, Faridabad	24,83,337.00	01 Jan 2025 - 31 Dec 2025
8	Mission: A multicentric capacity building initiative to strengthen the clinical and laboratory detection of melioidosis in India with special focus on the northeastern states	Dr Chiranjay Mukhopadhyay	ICMR, New Delhi	1,35,25,440.00	01 Jan 2025 - 31 Dec 2025
9	One-Health approaches to understand the burden and threat of zoonotic tuberculosis, melioidosis and glanders in Uttar Pradesh, Karnataka and Haryana States multi-institute projects	Dr Chiranjay Mukhopadhyay	ICMR, New Delhi	13,26,604.00	01 Jan 2025 - 31 Dec 2025
10	Point of use sensors for rapid detection and differentiation of bacteria and virus in water and clinical samples	Dr Chiranjay Mukhopadhyay	DST, New Delhi	1,54,336.00	01 Jan 2025 - 31 Dec 2025
Neonatology					
1	Feasibility of optometrist driven, artificial intelligence-based universal eye screening of healthy late preterm and term neonates	Dr Rajendra Prasad Anne	ICMR, New Delhi	42,05,021.00	01 Jan 2025 - 31 Dec 2025
2	Physiological Postnatal Weight Loss Nomograms in Exclusively Breastfed	Dr Sheila Samanta Mathai	ICMR, New Delhi	13,31,252.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	Healthy Term Infants-A Multicentre Prospective Cohort Study				
Nephrology					
1	Fever, Hyperglycaemia, Swallowing and Hypertension Management in Acute Stroke: A Cluster Randomized: Trial (Indian Quality Improvement in Stroke Care Study) FeSSH0 Phase-II	Dr Aparna R Pai	ICMR, New Delhi	2,67,594.00	01 Jan 2025 - 31 Dec 2025
2	Protocol No 417-201-00012, entitled "A Phase 2/3, Multicenter, Open-label Trial to Evaluate the Longterm Safety, Tolerability, and Efficacy of Sibeprenlimab Administered Subcutaneously in Subjects with Immunoglobulin A Nephropathy" ("Protocol"), to be conducted at the Institution ("Trial") to involve patients participating in the Trial".	Dr Ravindra Prabhu	George Clinical India Pvt Ltd	2,28,677.00	01 Jan 2025 - 31 Dec 2025
3	Protocol No 417-201-00007, "A Phase 3, Multicenter, Randomized, Double-blind, Placebo-controlled Trial to Evaluate the Efficacy and Safety of Sibeprenlimab Administered Subcutaneously in Subjects with Immunoglobulin A Nephropathy"	Dr Ravindra Prabhu	George Clinical India Pvt Ltd	75,000.00	01 Jan 2025 - 31 Dec 2025
Neurosurgery					
1	Application of Machine Learning methods to predict mortality and morbidity in	Dr Girish R Menon	DBT, New Delhi	2,83,925.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	Spontaneous Intracerebral Haemorrhage				
Neurology					
1	Protocol No. VIB0551.P3.S1: A Randomized, Double-Blind, Multicenter, Placebo-Controlled Phase 3 Study with Open-label Period to Evaluate the Efficacy and Safety of Inebilizumab in Adults with Myasthenia Gravis	Dr Arvind N Prabhu	Medpace Clinical Research India Pvt Ltd	3,09,914.25	01 Jan 2025 - 31 Dec 2025
2	National Task Force (NTF) Project entitled STENOSIS: Long-term Single versus Dual Antiplatelet Therapy in Patients with Ischemic Stroke due to Intracranial Atherosclerotic Disease: A Randomized Trial	Dr Aparna R Pai	Christian Medical College, Ludhiana Society	1,07,664.00	01 Jan 2025 - 31 Dec 2025
3	Protocol No R3918-MG-2018:-Efficacy and Safety of Pozelimab and Cemdisiran Combination Therapy in Patients with Symptomatic Generalized Myasthenia Gravis	Dr Arvind N Prabhu	Parexel International Clinical Research Pvt Ltd	1,58,509.84	01 Jan 2025 - 31 Dec 2025
Obstetrics and Gynaecology					
1	Exhibit B-MAHE-0017 Research Plan for Obstetric Ultrasound Scans with iMAMA prototype-TMA Pai/Clinical Investigation	Dr Shashikala K Bhat	Philips India Ltd, Bengaluru	8,12,500.00	01 Jan 2025 - 31 Dec 2025
2	Cervico-vaginal high-risk Himan papillomavirus (HPV) infection Understanding the Clinical Progression of the disease by Cervicovaginal	Dr Shyamala Guruvare	ICMR, New Delhi	27,07,563.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	microbiome analysis and Immune Profile				
3	To assess the efficacy of the AI Systems in assisting medical practitioners to perform USG examinations	Dr Akhila Vasudeva	Origin Medical Research Lab India, Pvt Ltd	3,75,000.00	01 Jan 2025 - 31 Dec 2025
Ophthalmology					
1	Evaluating of the bacterial ocular surface microbiome in the neonates	Dr Manali Hazarika	SPARC, New Delhi	1,21,269.00	01 Jan 2025 - 31 Dec 2025
Orthopaedics					
1	Development of Pedicle Screw Navigation System to assist in Spine Surgery	Dr Shyamasunder Bhat	SERB, New Delhi	4,33,615.00	01 Jan 2025 - 31 Dec 2025
2	Protocol No. SMPL/SM/003 "A prospective, interventional, randomized, comparative open label pivotal clinical study to assess the efficacy of Serioss ® as bone void filler/bone substitute"	Dr Shyamasunder Bhat	Serigen Mediproducts Pvt Ltd	4,44,000.00	01 Jan 2025 - 31 Dec 2025
3	Navigation Assisted Guidance for Pedicle Screw Insertion in Spine Surgery	Dr Shyamasunder Bhat	Wipro Ge Healthcare Pvt Ltd	11,49,401.00	01 Jan 2025 - 31 Dec 2025
Paediatric Surgery					
1	Multicentre non-inferiority cluster randomised trial testing Disposable versus Reusable drapes and gowns for green operating theatres (DRAGON)"	Dr Vijay Kumar	Christian Medical College, Ludhiana Society	4,20,000.00	01 Jan 2025 - 31 Dec 2025
Paediatrics					
1	Vertebral Fragility and Osteoporosis among children exposed to glucocorticoids	Dr Kaushik H	ICMR, New Delhi	7,17,990.00	01 Jan 2025 - 31 Dec 2025
Palliative Medicine and Supportive Care					
1	Embedded Model of Integrated Paediatric Palliative Care in Paediatric Oncology:	Dr Naveen Salins	ICMR, New Delhi	11,52,894.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	Development and Testing its Effectiveness				
2	Multifaceted, Comprehensive, Appropriate Care Package for People with Advanced and Terminal Illnesses Needing ICU Support and Knowing its Benefits on Quality of Dying, Family Satisfaction, Care Cost, and Resource Utilisation. Multicentre Study	Dr Naveen Salins	ICMR, New Delhi	80,30,470.00	01 Jan 2025 - 31 Dec 2025
Pharmacology					
1	A Phase 3, Global, Randomized, Modified Double-Blind, Placebo Controlled Study to Evaluate the Efficacy, Immunogenicity and Safety of IVX-A12, a Respiratory Syncytial Virus (RSV) and Human Metapneumovirus (hMPV) Virus-Like Particle (VLP) Vaccines, in adults 60 years of age and older	Dr Jeffrey Pradeep Raj	IQVIA RDS (India) Pvt Ltd	21,407.00	01 Jan 2025 - 31 Dec 2025
2	Deprescribing interventions (ARMOR) to reduce the risk of falls in geriatric population on Fall Risk Increasing Drugs (FRIDs) – An open-label, and parallel group randomized controlled trial	Dr Veena Nayak	AIIMS, Telangana	6,80,645.00	01 Jan 2025 - 31 Dec 2025
3	Studies on the role of HDAC inhibitors in reprogramming cancer cell metabolism to reverse cisplatin resistance in patient-derived xenograft model of ovarian cancer	Dr Vasudha Devi	ICMR, New Delhi	88,793.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
Plastic and Reconstructive Surgery					
1	A pilot study to evaluate the safety and efficacy in delivery of the donor skin segment using a spray gun on the donor site	Dr Joseph Thomas	Pacify Medical Technologies Pvt Ltd	20,000.00	01 Jan 2025 - 31 Dec 2025
2	Smart Sensor-based Responsive Mattress for Offloading and Treating Pressure Ulcers	Dr Joseph Thomas	ICMR, New Delhi	13,03,276.00	01 Jan 2025 - 31 Dec 2025
Psychiatry					
1	A Randomized Controlled Trial to Evaluate A Technology-Enabled Platform To Manage Depression With Or Without Behavioural Activation In Patients With Cancer In India (Ashvins)	Dr Samir Kumar Praharaj	George Institute for Global Health, New Delhi	4,36,239.83	01 Jan 2025 - 31 Dec 2025
2	Clinical Research Centre for Neuromodulation in Psychiatry	Dr Samir Kumar Praharaj	NIMHANS, Bangalore	23,40,000.00	01 Jan 2025 - 31 Dec 2025
3	Sri Ram Prasad Sammeta Travel Grant-Study tour for psychiatry postgraduate residents/students to various psychiatric care facilities in South India as a horizon widening exercise	Dr Samir Kumar Praharaj	Dheeraj Kodali	85,000.00	01 Jan 2025 - 31 Dec 2025
Radiation Oncology					
1	Evaluation of functional liver volume changes after stereotactic body radiation therapy based on hepatobiliary scan in hepatocellular carcinoma and its correlation with clinical toxicity, quality of life and biomarkers	Dr Shirley Lewis Salins	GI Oncology Society, Uttar Pradesh	2,50,000.00	01 Jan 2025 - 31 Dec 2025
2	Impact Of Elective Para-Aortic Nodal Radiotherapy On Human Papillomavirus (HPV) Circulating	Dr Shirley Lewis Salins	TATA Medical Centre, Kolkata	11,60,215.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	Tumour DNA (ctDNA) Kinetics in Patients with Cervical Cancer: A Nested Biomarker Discovery Study In a RCT				
Radiodiagnosis and Imaging					
1	AVW Project1-DATA Provision Agreement-Demonstrating the clinical reliability and usability of new imaging capabilities included in future versions of the	Dr Prakshini K	Philips India Ltd, Bengaluru	4,96,426.00	01 Jan 2025 - 31 Dec 2025
Reproductive Science					
1	Experimental approach to assess the protective effects of Gonadotropin Releasing Hormone agonist (GnRHa) in preventing chemotherapy induced ovarian damage and transgenerational effects	Dr Shubhashree Uppangala	ICMR, New Delhi	3,73,397.00	01 Jan 2025 - 31 Dec 2025
2	Fertility preservation in cancer affected prepubertal girls: experimental approaches to address the cryo-susceptibility of immature oocytes in relation to the ovarian age	Dr Satish Kumar Adiga	ICMR, New Delhi	4,331.00	01 Jan 2025 - 31 Dec 2025
3	Award of Innovation in Science Pursuit for Inspired Research (INSPIRE) Fellowship to the Research Students	Ms Vanishree V M	DST, New Delhi	5,65,146.00	01 Jan 2025 - 31 Dec 2025
4	DST Inspire fellowship for students pursuing a full-time doctoral (PhD) program	Ms Amrutha N K	DST, New Delhi	9,37,360.00	01 Jan 2025 - 31 Dec 2025
5	Elucidating the cryosusceptibility and mitochondrial dynamics of oocytes and embryos under maternal metabolic conditions UTN Number-	Dr Sandhya Kumari	ICMR, New Delhi	9,44,352.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	RG01230181, ICMR proposal ID IIRP-1021				
6	Understanding the role of fibroblast-specific protein-1 (S100A4) in profibrotic and inflammatory pathways as a possible therapeutic target in managing endometriosis associated fibrosis	Dr Rahul Dutta	ICMR, New Delhi	11,96,750.00	01 Jan 2025 - 31 Dec 2025
7	Unravelling the influence of genetic variants on follicular microenvironment, ovarian response and pregnancy outcome in young women undergoing assisted reproductive technology (ART) treatment	Dr Shubhashree Uppangala	SERB, New Delhi	5,00,000.00	01 Jan 2025 - 31 Dec 2025
8	Exploring the therapeutic potential of metformin and acarbose co-administration strategy on improving the functional competence of oocyte, embryo development and fetal development in experimentally induced PCOS and type II diabetes	Dr Guruprasad Kalthur	ICMR, New Delhi	13,22,310.00	01 Jan 2025 - 31 Dec 2025
9	Identifying and exploring the key deubiquitinase enzyme that facilitates the generation of matured insulin producing B-cells from human IPSCs	Dr Guruprasad Kalthur	ICMR, New Delhi	7,30,749.00	01 Jan 2025 - 31 Dec 2025
10	Proapoptotic peptide-mediated targeted depletion of endometriosis associated M2 macrophage population: An alternative strategy for endometriosis management	Dr Rahul Dutta	ICMR, New Delhi	6,82,015.00	01 Jan 2025 - 31 Dec 2025

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
11	Award of Innovation in Science Pursuit for Inspired Research (INSPIRE) Fellowship to the Research Students	Ms Vanishree V M	DST, New Delhi	46,200.00	01 Jan 2025 - 31 Dec 2025
Surgical Oncology					
1	Understanding Factors Influencing Standards of Care and Usage Patterns of Ostomy Appliances Amongst People Living with a Stoma in India	Dr Naveena Kumar A.N.	Indegene Limited	25,000.00	01 Jan 2025 - 31 Dec 2025
Urology					
1	Protocol No CA-ALT-803-01-14;QUILT 2.005: "A Study of Intravesical Bacillus Calmette-Guerin (BCG) in Combination With ALT-803 (N-803) in Patients with Non-Muscle Invasive Bladder Cancer"	Dr Arun Chawla	CBCC Global Research LLP, Gujarat	50,000.00	01 Jan 2025 - 31 Dec 2025

Patent Details:
Details of Patent Filed:

Sl. No.	Name	Date
1	An Apparatus For Dispensing And Applying Sterile Adhesive Films In	02 Jan 2025
2	Centralized Healthcare System And Method For Monitoring And Regulating Procurement Of Pharmaceutical Products	06 Jan 2025
3	An Apparatus For A Pressure Cooker And A Method Of Using The Apparatus	07 Jan 2025
4	A Herbal Skin Patch System For Acne Treatment And Method Of Preparation Thereof	08 Jan 2025
5	Radial Nerve Palsy Splint With Dynamic And Configurable Hand Finger Extensor	15 Jan 2025
6	A Diagnostic Kit For Paraquat Dichloride Detection Using Stabilized Sodium Dithionite	22 Jan 2025
7	Harnessing Microneedle Patch For Diabetic Wound Treatment And A Method Of Preparation Thereof	30 Jan 2025
8	Artificial Intelligence-Based System And Method For Optimizing Antivenom Dosage	11 Feb 2025
9	A System And Method For Comprehensive Post-Surgical Patient Monitoring And Support Platform	11 Feb 2025
10	Device For Enhancing Wind Output Of Ceiling Fans	12 Feb 2025
11	Composition Of Drug Combination For Reversing Carboplatin Resistance In Ovarian Cancer Treatment	19 Feb 2025

Sl. No.	Name	Date
12	A Method For Detection Of Biotin Deficiency From Dried Blood Spot Samples Using Lcms	19 Feb 2025
13	A Method For Detecting Cofactor-Dependent Metabolic Disorders Using Liquid Chromatography-Mass Spectrometry	06 Mar 2025
14	Hybrid Multimodal Biometric Authentication System And Method	17 Mar 2025
15	A System And Method For Dynamic Estimation Of Optimal Pedicle Screw Dimensions And Insertion Angles	17 Mar 2025
16	A Composition For Neuroregeneration And Functional Recovery Following Nerve Injury And A Method Thereof	30 Mar 2025
17	A Method For Diagnostic Characterization Of Ischemic Stroke Subtypes Using Plasma Metabolomic Biomarkers	05 Apr 2025
18	System And Method For Differential Diagnosis Of Anemia In A User	11 Apr 2025
19	Dynamo Powered Charging Apparatus	22 Apr 2025
20	Vacuum Refrigerator	22 Apr 2025
21	A System And Method For Portable Pcr Using Thermoplasmonics And Microfluidics For Rapid Diagnostics	22 Apr 2025
22	A Method And Composition For Co-Amorphous Curcumin-Naringin Formulation To Treat Pcos	25 Apr 2025
23	A System And Method For Real-Time Vital Sign Monitoring And Predictive Analysis Using Wearable Technology	25 Apr 2025
24	A System And Method For Dynamic Real-Time Quality Of Life Monitoring In Palliative Care Patients	25 Apr 2025
25	A Dynamic Muscle Strength Evaluating System And Method Thereof	25 Apr 2025
26	Point Of Care Sensor And A Method For Detecting Bacterial Siderophores Thereof	13 May 2025
27	Clock Spring Coupled Mobile Charger Assembly	20 May 2025
28	A System And Method For Detecting Breast Cancer In Dense Breast Tissue	25 May 2025
29	A Depigmenting Agent-Loaded Nanoemulgel For Enhanced Management Of Hyperpigmentation And A Method Thereof	04 Jun 2025
30	Sentiment Assessment System And Method	09 Jun 2025
31	A System And Method For Offline-Enabled Ophthalmology Record Management In Rural Healthcare Using Modular Components	12 Jun 2025
32	A Tissue Processing Method For Hematoxylin And Eosin Staining	25 Jun 2025
33	Biosensing System And Method For Monitoring One Or More Physiological Biomarkers From A Biological Fluid	28 Jun 2025
34	A Carbon Nanotube-Based Medicated Sock For Diabetic Peripheral Neuropathy And Method Thereof	01 Jul 2025
35	A Method For The Quantitative Estimation Of Urinary Cholesterol Using High-Performance Liquid Chromatography	09 Jul 2025
36	A System And Method For Electronic Diabetes Management	09 Jul 2025
37	A Customizable Diabetes Information Management System And A Method For Enabling Thereof	09 Jul 2025
38	Pedal-Operated Flywheel-Based Charging System For Powering Multiple Devices	11 Jul 2025
39	A System And Method For Markerless Hand Gesture Tracking With Real-Time Visual Mirroring Feedback	14 Jul 2025
40	Development Of Artificial Tracheal Biomimetic Construct Using Tissue Engineering Approaches	15 Jul 2025

Sl. No.	Name	Date
41	A Method For Treating Cancer-Associated Cachexia Using Hybrid Extracellular Vesicles Loaded Therapeutics	15 Jul 2025
42	Process For Extraction And Quantification Of Chlorpyrifos	08 Aug 2025
43	Multilingual Artificial Intelligence (A I) System And Method For Mental Health Assessment And Support	12 Aug 2025
44	Manually Powered Grass-Cutting Device	18 Aug 2025
45	Modular Handheld 3D Bioprinting System For In Situ Tissue And Wound Repair And Method Thereof	20 Aug 2025
46	A Device For Rush Rodding Of Pathological Bone And A Method For Enabling Thereof	22 Aug 2025
47	A System And Method For Enhancing Surgical Communication Through RFID/Ble-Based Predictive Updates	25 Aug 2025
48	Jar Apparatus For Preserving Anatomical Or Pathological Specimens	25 Aug 2025
49	A System And Method For Simultaneous Segmentation Of Diabetic Macular Edema Variants From Retinal Oct Images	26 Aug 2025
50	" A System And Method For Secure Patient Status Tracking And Communication In Surgical Environments"	26 Aug 2025
51	Flywheel-Based Cleaning Apparatus	03 Sep 2025
52	A System And Method For Automated Mild Traumatic Brain Injury Detection Using EEG Data	03 Sep 2025
53	A Method For Monitoring Hyperinflammatory Conditions Using Soluble Membrane Attack Complex	03 Sep 2025
54	Apparatus For Storing And Transporting Biological Specimens	09 Sep 2025
55	A System And Method For Disorganisation Of Retinal Inner Layers Detection And Diagnosis	10 Sep 2025
56	"A Flexor Tendon Rehabilitation Splint With Thumb Immobilization And Method Thereof "	10 Sep 2025
57	Trolley-Based Cleaning Apparatus	15 Sep 2025
58	Flywheel-Based Ride-On Cleaning Device	15 Sep 2025
59	Device, System For Closing Wound And Method Thereof	18 Sep 2025
60	System And Method For Administrating Injection	18 Sep 2025
61	Monorail Propulsion System	19 Sep 2025
62	A System And Method For Centralized Reporting Of Medical Device Adverse Events In Hospitals	19 Sep 2025
63	A Composition For Biocompatible Reversible Sacrificial	22 Sep 2025
64	A Composition And Method For Fabricating Perfusable Tissue Constructs Using Dual-Hydrogel Bioprinting Systems	22 Sep 2025
65	A Composition For Photocrosslinkable Redox-Responsive Gelma/Gel-Sh Hydrogel Tissue Engineering Scaffolds And A Method Thereof	22 Sep 2025
66	A Perineal Post For Paediatric Hip Spica Cast Support And Method Thereof	23 Sep 2025
67	A Device For Osteotomy Distraction Using Button-Based Latch-Lock Mechanism And Method Thereof	27 Sep 2025
68	A Screw-Jack Based Osteotomy Realignment Distractor And Method Thereof	27 Sep 2025
69	"A System And Method For Motorized Elevation And Alert In Intravenous Stand"	27 Sep 2025
70	Splint Apparatus For Biomimetic Traction And Rehabilitation Of A Hand	13 Oct 2025
71	A System And Method For Measuring Intrinsic Hand Muscle Strength Using Dual-Sensor Technology	15 Oct 2025

Sl. No.	Name	Date
72	Method Of Preparation Of Modified Biological Sample And Its Analysis Thereof	21 Oct 2025
73	Device For Sampling Cervical Cells	28 Oct 2025
74	System And Method To Detect And Classify Autoimmune Dermatological Disorders	29 Oct 2025
75	A System And Method For Magnetic Resonance Imaging Using An Open-Face Coil	06 Nov 2025
76	A System And Method For Detecting And Identifying Species Of Haemotoxic Snake Venoms	06 Nov 2025
77	A System And Method For A Palmtop Device For Screening Cervical Cancer With Integrated Hardware	06 Nov 2025
78	A Method For Quantifying Lorazepam In Biological Samples Using Tlc-Dic And Gc-Ms Validation	13 Nov 2025
79	A Support Cushion For Hip Spica Cast Placement And Method Thereof	13 Nov 2025
80	A System And Method For Digital Microscopy-Based Histopathological Learning And Assessment	16 Nov 2025
81	A Device For Self-Retaining Scleral Fixation Of Intraocular Lens	17 Nov 2025
82	A Self-Retaining Iris Reattachment Device For Repair Of Iridodialysis And A Method Thereof	20 Nov 2025
83	A System And Method For Continuous Objective Sedation Monitoring And Protocol-Based Guidance	24 Nov 2025
84	A Method For Extraction And Gc-Ms Based Quantification Of Cypermethrin In Biological Matrices	26 Nov 2025
85	A Composition And Method For Forming In-Situ Enzyme- Triggered Nanoporous Spacers To Prevent Post-Surgical Adhesions	26 Nov 2025
86	Automated System And Method For Extracting Laboratory Data From Electronic Medical Records Into Structured Formats	26 Nov 2025
87	Perpetual Power Generator Device And Method Thereof	28 Nov 2025
88	Real-Time Inpatient Management System And Method For A Multi- Specialty Hospital	03 Dec 2025
89	A Biodegradable Paperweight Device For Controlled Plant Germination	05 Dec 2025
90	Perpetual-Propulsion Vehicle System And Method Thereof	08 Dec 2025
91	A System And Method For Wireless Electrocardiogram Monitoring Using Wearable Sensors	09 Dec 2025
92	A 3D Printed External Braces For Treating Tracheal Diseases And A Method For Enabling Thereof	09 Dec 2025
93	A System And Method For Automated Identification And Quantification Of Histological Structures Using Deep Learning	10 Dec 2025
94	A Device For Painless Surgical Suture Removal With Skin Protection Tip	10 Dec 2025
95	A Composition And Method For Targeting Immune Checkpoint And Autophagy Using Hybrid Extracellular Vesicles	11 Dec 2025
96	A System And Method For Automated Slice-Level Detection Of Lung Lesions From Radiological Scans	11 Dec 2025
97	Composition And Method For Modifying Plasmid DNA To Overcome Restriction Modification Systems Of Burkholderia Species	15 Dec 2025
98	A System And Method For Analysing Infant Metabolism For Early Identification Of Metabolic Disorders	15 Dec 2025
99	Propulsion-Assisted Tricycle System	27 Dec 2025
100	Impedimetric Sensor For The Detection Of Target Bacteria In A Fluid Sample And Method Thereof	30 Dec 2025

Details of Patent Granted:

Sl No	Name	Date
1	System And Method For Monitoring Dermal Condition	04 Mar 2025
2	System Method And Device For Treatment And Management Of Diabetic Peripheral Neuropathy	26 Mar 2025
3	An Advanced 3D Model For Analyzing Cognitive Behavior In Rodents	23 Apr 2025
4	Formulation Of Isoniazid Derivatives In Biodegradable Polymers	17 May 2025
5	Penile Band	22 Oct 2025

Awards/Recognitions:
Institution (including 'The Best Teacher Award' for the year)

Sl No	Name	Details	Date
Anatomy			
1	Dr Rohini Punja	Distinguished Alumni Award	15 Apr 2025
2	Dr Suhani Sumalatha	Best Audio-Visual Material Award-Second Place for "Self-learning video for SGT-Histology".	15 Apr 2025
3	Dr Dinesh Upadhya	Outstanding Research Publication	15 Apr 2025
Biochemistry			
1	Dr Vijetha Shenoy Belle	Distinguished Alumni Award	15 Apr 2025
Pharmacology			
1	Dr Smita Shenoy	Outstanding Research Publication	15 Apr 2025
2	Dr Vasudha Devi	Outstanding Research Publication	15 Apr 2025
Physiology			
1	Dr Chinmay Ajit Suryavanshi	Distinguished Alumni Award	15 Apr 2025
Plastic and Reconstructive Surgery			
1	Dr Joseph Thomas	Distinguished Alumni Award	15 Apr 2025
Reproductive Medicine and Surgery			
1	Dr I Naga Pratyusha	Dr Pratap Kumar Award for the Best Outgoing student	15 Apr 2025

Faculty Members

Sl No	Name	Details	Date
Anaesthesiology			
1	Dr Priyanka G Kini	Received first prize in the Yoga Photo Competition (Senior Group) 2025.	21 Jun 2025
2	Dr Prathi B	Received an award at ISACON Karnataka 2025.	10 Aug 2025
Anatomy			
1	Dr Mamatha H	Received the IMA Karnataka State Branch Teachers Day Award 2025.	06 Sep 2025
Biochemistry			
1	Dr Vijetha Shenoy Belle	Received the Distinguished Alumni Award–2024 at KMC Annual Day 2025.	15 Apr 2025
Cardiology			
1	Dr Akkatai S Teli	First prize in the Asana competition on occasion of the International Day of Yoga 2025.	21 Jun 2025
Community Medicine			
1	Dr Eshwari	Dr Eshwari received Second Prize for her outstanding performance in the quiz conducted as part of the "Conducting Systematic Review and Meta-analysis through a Blended Learning Approach – Phase II"	20 Dec 2025
Critical Care			
1	Dr Souvik Chaudhuri	Received second prize in the Manipal Marathon 2025 and a cash award of 5000/- INR.	09 Feb 2025
2	Dr Souvik Chaudhuri	Received the Distinguished Alumni Award at KMC College Day and Awards Ceremony 2025.	15 Apr 2025
3	Dr Sunil R	Received the Distinguished Alumni Award at KMC College Day and Awards Ceremony 2025.	15 Apr 2025
4	Dr Vishal Shanbhag	The Executive Board of IARC, by virtue of the power vested in its office, hereby certifies that Dr Vishal Shanbhag has been conferred as an Honorary Fellow of the Indian Association of Respiratory Care (FIARC), in recognition of his outstanding contribution to the Association and the Respiratory Therapy Profession of India.	25 Oct 2025
General Medicine			
1	Dr Cynthia Amrutha	Received the API-KC Dr V Parameshvara Best Paper award at the 42nd Annual Conference of the API Karnataka State Chapter and the 5th API South Mid Zone-API South Zone, KAPICON.	15 Jun 2025
General Surgery			
1	Dr K Rajgopal Shenoy	Received the best teacher award day at IMA KSB Teacher's Day Celebrations held at BMC and H Auditorium, IMIT Campus, Basaveshwara Medical College and Hospital, Chitradurga.	05 Sep 2025
Hand Surgery			
1	Dr Anil K Bhat	Conferred with the Best Full-Length Article Publication award for the year 2024 at APFSSH Mumbai, September 2025, for the publication "Mothers' perspectives on the use and acceptability	30 Sep 2025

Sl No	Name	Details	Date
		of 3D printed prosthesis by their children with congenital upper limb difference in India: A Qualitative Study."	
Head and Neck Surgery			
1	Dr Devaraja K	Was invited with full sponsorship (travel grant support) by St Jude Children's Research Hospital (USA) to attend the National University of Singapore Advanced Skull Base Masterclass 2025–Cadaveric Workshop and Conference, held at Singapore.	28 Sep 2025
Immunohematology and Blood Transfusion			
1	Dr Ganesh Mohan	Selected for the Acquired and Critical Care Bleeding Scientific Committee, ISTH 2026 International Conference.	19 Jun 2025
2	Dr Deep Madkaiker	Was conferred the Fellowship of the Royal College of Pathologists in Transfusion Science at the New Fellows ceremony held at the Royal College of Pathologists, 6 Alie Street, London, United Kingdom. This landmark milestone is the first for a Transfusion Medicine Specialist in India and he is also the first international candidate to be awarded the degree.	10 Sep 2025
Infectious Diseases			
1	Dr Tirlangi Praveen Kumar	Received the Best Researcher Award for his publications at the MAHE Research Awards Ceremony 2025.	24 Nov 2025
Medical Genetics			
1	Dr Priyanka Upadhayai	Received the Emerging Scientist Award at the 49th Annual Meeting of the Indian Society of Human Genetics (ISHG) and International Conclave on Neurogenetics.	22 Jan 2025
2	Dr Anju Shukla	Was invited as a speaker for the European Human Genetics Conference (ESHG 2025) at Milan, Italy.	27 May 2025
3	Dr Purvi Majethia	Was conferred with the ESHG Observership award received from the European Society of Human Genetics to visit Dr Siddharth Banka's genomics laboratory at the University of Manchester, UK for one month.	27 May 2025
Medical Oncology			
1	Dr Sharada M	Received award at ISOKAMOSH Conference	24 May 2025
Neurology			
1	Dr Sharath P S	Secured Second Prize in Poster Presentation at the 14th Annual State Conference of Karnataka Neurosciences Academy - KNACON 2025 organized by Karnataka Neurosciences Academy at Dr TMA Pai International Convention Centre, Mangalore.	06 Apr 2025
2	Dr Prashant Bhatele	Awarded with a Reviewer Certificate in recognition of contribution to one manuscript in June 2025 for BMC Neurology.	02 Jul 2025

Sl No	Name	Details	Date
3	Dr Sanjay Rao Kordcal	Conferred with a travel grant of 2,50,000/- INR from the International Headache Society for presenting three posters at the International Headache Congress-2025 held at Sao Paulo, Brazil.	14 Sep 2025
Ophthalmology			
1	Dr Vijaya Pai H	Received first prize in the Interdepartmental Variety Show at Verve 2025	11 Mar 2025
2	Dr Yogish S Kamath	Received first prize in the Interdepartmental Variety Show at Verve 2025	11 Mar 2025
3	Dr Sudha G Menon	Received first prize in the Interdepartmental Variety Show at Verve 2025	11 Mar 2025

Brief About the Center:

Vision: To be a world-class center for bioethics and be a hallmark of excellence in addressing ethical and legal issues in biomedical research and health care

Mission: Excellence in training to address ethical and legal issues in biomedical research and clinical practice

Objectives: 1. Training in Ethical and legal issues in Biomedical Research
2. Training Ethical and Legal Issues in Health Care
3. Ethical Issues in Research and Publications

Centre for Fertility Preservation

The Centre for Fertility Preservation (CFP) at Kasturba Medical College, Manipal, is a pioneering facility and the first of its kind in India to offer comprehensive fertility preservation services. As a national resource centre in this field, the centre provides specialized, patient-centric oncofertility care for both adults and children, addressing the reproductive needs of individuals undergoing gonadotoxic treatments.

CFP is a recognized global partner of the Oncofertility Consortium, USA, reflecting its strong commitment to international standards of clinical care, research excellence, and collaborative innovation. The centre has established strong academic and research collaborations with renowned international universities spanning across the globe; including the University of Münster in Germany, University of Naples Federico II (UNINA) in Italy, Karolinska University in Sweden, and the University of Edinburgh in the United Kingdom as well as premier institutes across India such as Indian Institute of Sciences (IISc), National Centre for Biological Sciences (NCBS), and National Institute of Immunology (NII). The centre conducts intensive fundamental and clinical research in translational oncofertility to ultimately improve patient care. CFP has received research grants worth 27 million from national and international funding agencies. The centre also offers a dynamic PhD and postdoctoral program for young talents interested in exploring various fundamental and applied aspects of fertility preservation through multidisciplinary approaches, fostering sustained capacity building in this vital field.

Key activities of the centre in 2025:

- CFP actively provides timely fertility preservation services in collaboration with consortium members from multiple departments at Kasturba Hospital, ensuring integrated and patient-centric oncofertility care.

- CFP conducted a precision workshop on **"Ovarian Tissue Cryopreservation and Embryo Biopsy"**, led by international experts Dr Judith Menezes from Karolinska University, Sweden and Dr Jens Erik Dietrich from Heidelberg University, Germany.

- The centre celebrated its 10th anniversary with the leaders of the institution and consortium members, marking a decade of contributions to fertility preservation services, research, education, and interdisciplinary collaboration in oncofertility.

- An awareness presentation titled **"Fertility preservation options for cancer patients"** was delivered by Prof Dr Satish Kumar Adiga, centre coordinator, to increase awareness among clinicians and promote timely referrals for fertility preservation services at Kasturba Hospital.

- An original research article entitled "**Impact of vitrification conditions on genetic and functional competence of prepubertal mouse oocytes**" was published in a Q1 journal.

- CFP organized an interactive academic session on **"Technical aspects of gamete and gonadal tissue cryopreservation"** for postgraduate students from the Department of Reproductive Sciences with internationally renowned scientist Prof Riccardo Talevi from the University of Naples Federico II (UNINA), Italy.

- CFP, jointly with the Manipal Association of Clinical Embryologists, organized an international reproductive summit "**Embryo Connect 2.0**", providing a platform for experts, researchers, clinicians, and students to exchange knowledge on recent advances in assisted reproduction and fertility preservation.

- Prof Dr Satish Kumar Adiga delivered a lecture on "**Fertility preservation in oncological patients: Challenges and opportunities**" at the International Conference, "ReproNext- Emerging horizons in reproductive health research" held in Mumbai, India.

Centre for Excellence in Inborn Errors of Metabolism (CE-IEM)

Address: Kasturba Medical College, Manipal
Phone Number: +91 820 2923167
Email (Centre): ce.iem@manipal.edu **Email (Coordinator):** leslie.lewis@manipal.edu

Year of Establishment of the Centre: 21 Dec 2015

Name of the Coordinator: Dr Leslie Edward S Lewis

Members: Dr Varashree B S, Dr Krishnananda Prabhu R V, Dr Monalisa Biswas, Dr Arjun Asok, Mr Y S Phaneendra Mallimoggala

Brief About the Centre:

Vision: Development of a state-of-the-art metabolic laboratory to detect Inborn Errors of Metabolism, Adult Metabolic Disorders, Monitoring Drug Concentration, and Toxicology Estimations.

Mission: Development and establishment of routine and high-risk newborn screening in the Udupi district, and decrease infant mortality and morbidity. Extending the facility to the neighbouring districts and capacity building in the field of newborn screening.

Objectives:

- Establishment of newborn screening at MAHE constituent Hospitals and extend the facility to the government sector, Udupi district.
- Document the incidence of IEM in the Udupi district and develop a geography-specific reference range of Biomarkers.
- Extending cost-effective newborn screening to neighbouring districts and pan- Karnataka.
- Create awareness, establish networks, train IEM experts, support research, and execute IEM projects
- Provide genetic workup counselling for the parents of children suffering from IEM disorders.
- High-end toxicology screening and drug level monitoring.

Activities at the Centre:

Sl No	Name of the Activity	Particulars	Date
1	Gas Chromatography-Mass Spectrometry workshop by the core team of the CE-IEM, KMC, Manipal	One day free GCMS workshop as a part of the Certificate Course titled Immunometabolism Essentials in Tropical Diseases	03 Feb 2025
2	Procurement of IVD certified Liquid Chromatography-Tandem Mass Spectrometry LCMS/	First fully IVD-certified LCMS/MS procured for the establishment of Core Metabolic Laboratory facility for LCMS/MS based diagnostic services and clinical research	27 Mar 2025

Sl No	Name of the Activity	Particulars	Date
3	Training at the CSC Lab, Themo Fisher Scientific, Mumbai	5 members from the Department of Biochemistry attended a week-long training workshop at the CSC facility and were certified for TSQ Quantis Plus Operation and Application Training	05 - 10 May 2025
4	IQ, OQ, PQ of the procured LCMS	Application team from TFS, India and a licensed application specialist for IVD installation from South Korea jointly completed IQ, OQ, PQ of the procured instrument for the Core Metabolic Facility	20 Jun 2025
5	Inhouse training by the Application team of Thermo Fisher Scientific, India	Two application specialists from TFS, India, came to Manipal for a week-long application training to the team from CE-IEM regarding the basics of instrument operation, software operation, and the optimized method of estimation of 17-hydroxyprogesterone from serum	14 - 18 Jul 2025
6	GCMS workshop jointly by Toshvin Analytical Pvt Ltd and team CE-IEM	Application specialist from Toshvin Analytical Pvt Ltd, along with a member of CE-IEM, conducted a free two-day GCMS workshop for postgraduates and research scholars of MAHE	18 - 20 Jul 2025

Sl No	Name of the Activity	Particulars	Date
7	Formal inauguration of the Core Metabolic Facility, CE-IEM, KMC, Manipal	The facility was formally inaugurated by the Honourable Pro Vice Chancellor (Health Sciences), Dr Sharath K Rao, along with other dignitaries of MAHE, Manipal and Kasturba Hospital, Manipal	07 Aug 2025
8	Inhouse training jointly by Thermo Fisher Scientific and Chromsystems	First phase of training and installation initiatives of IVD certified LCMS kits jointly by TFS and Chromsystem teams	25 - 31 Aug 2025
9	Installation and Optimization of IVD-certified diagnostic kits (NBS and metanephrines) in the LCMS/MS system by representatives of Chromsystems 	Second phase of installation, optimization of IVD certified NBS panels and Biogenic Amine panels by the Chromsystem team	17 - 22 Nov 2025

Sl No	Name of the Activity	Particulars	Date
10	Launching diagnostic services by the Core Metabolic Facility in association with Kasturba Hospital, Manipal 	Official launching of diagnostic services for the Extended newborn screening panel in association with the Kasturba Hospital, Manipal team, at extremely competitive prices	29 Dec 2025
11	Release of the first phase of NBS report 	Official release of the first set of reports for the newly launched extended NBS diagnostic services	06 Jan 2026

List of Ongoing Projects/Research Grants

Sl No	Title	Funding Agency	Name of the PI	Amount (INR)	Date
1	Department of Science & Technology – Fund for Improvement of S&T Infrastructure DST FIST 2020	DST	Dr Leslie Edward Lewis	58,00,000	05 Mar 2021

Sl No	Title	Funding Agency	Name of the PI	Amount (INR)	Date
2	Clinical, metabolomic, and genomic predictors of acute respiratory distress syndrome in hospital-acquired pneumonia	ICMR	Dr Souvik Chaudhury	50,00,000	2024 - 2027
3	Tributyrin-cyclodextrin capsules co-loaded with inulin and lactic acid bacilli for management of gut Microbiota dysbiosis	ICMR Small Investigator-Initiated Extramural Grants	Dr Shaila Angela Lewis	20,00,000	2025 - 2027
4	Deciphering neonatal and paediatric energy metabolomic signatures specific to primary mitochondrial disorders	Faculty Project	Dr Leslie Edward Lewis	-	2024 - 2027
5	Circulating metabolomic signatures as a superior alternative to absolute blast count (ABC) to assess the prognosis of paediatric acute lymphoblastic leukaemia	Faculty Project	Dr Arjun Asok	-	2024 - 2027
6	Profiles of micronutrients and fatty acid methyl esters (FAMEs) in intra uterine growth restriction (IUGR)	PhD Study	Dr Vijetha Shenoy Belle	-	2024 - 2027
7	Metabolic perturbations of third trimester as predictors of maternal and neonatal outcomes in pregnancy induced hypertension	PhD Study	Dr Varashree B S	-	2024 - 2027
8	Comparative quantitative analysis of pesticides and drugs in human clinical samples by microextraction (ME) and Digital image colorimetry (DIC) and Gas chromatography-mass spectrometry (GC-MS)	PhD Study	Dr Shankar M Bakkannavar	-	2024 - 2027
-9	Analysis of vitreous humour to identify different poisons (organophosphorus, paraquat and rodenticide) and to determine the concentration of sodium and potassium ions in poisoning and non-poisoning cases to estimate time since death	PhD Study	Dr Shankar M Bakkannavar	-	2024 - 2027
10	Analysis of vitreous humour to identify different poisons (organophosphorus, paraquat and rodenticide) and to determine the concentration of sodium and potassium ions in poisoning and non-poisoning cases to estimate time since death	PhD Study	Dr Shankar M Bakkannavar	-	2024 - 2027

Sl No	Title	Funding Agency	Name of the PI	Amount (INR)	Date
11	Association of fibroblast growth factor (FGF-23) and metabolomic profile with cardiorenal outcomes in patients with chronic kidney diseases: A Prospective Observational study	IMF	Dr Indu Rao	6,00,000	2024 - 2026
12	Establishment of biological reference intervals for urinary organic profile in healthy neonates and early infants	PhD Study	Dr Leslie Edward Lewis	-	2024 - 2027
13	Biochemical analysis and AHA grading of atherosclerotic plaques in coronary, carotid & renal arteries in fatalities due to myocardial infarction	PhD Study (Faculty PhD Study)	Dr Ravindra Maradi	-	2024 - 2027
14	Salivary metabolomic profile in Oral carcinoma	PhD Study (Faculty PhD Study)	Dr Krishnananda Prabhu R V	-	2024 - 2027

Centre for Congenital Hand Differences

Address: Department of Hand Surgery, KMC Manipal
Phone Number: 08202923916
Email (Centre): handsurgery.kmc@manipal.edu **Email (Coordinator):** anil.bhat@manipal.edu

Year of Establishment of the Centre: 2016
Name of the Coordinator: Dr Anil K Bhat
Members: Dr Ashwath M Acharya

Brief About the Centre

Vision: To be the Centre of Excellence in India for congenital hand difference.

Mission: To practice comprehensive documentation, clinical knowledge translation, training, innovative research, and community services for children with congenital hand differences

Objectives

- Promote awareness of local, regional, and national data to create global impact in alignment with the University's vision.
- Establish a centre of repute in learning and teaching the management of congenital hand differences and develop holistic patient management with a team-based approach.
- Spearhead high-quality original and innovative research and development related to hand malformations in India and publish them.
- Establish bilateral partnerships with high-volume regional centres to enhance the potential for international collaborations and grants and to achieve academic and innovative excellence.
- Community participation along with involvement of policymakers to further services to remote areas.

Activities at the Centre

Manipal Upper Limb Course 3: The Third Manipal Upper Limb Course (MULC-3) was conducted by the Department of Hand Surgery, KMC Manipal, under the Center for Congenital Difference Hastha on 19 July 2025, at the TMA Pai Auditorium in Manipal under the continued leadership of Prof Anil K Bhat, Dean KMC Manipal, and Dr Ashwath Acharya , Head of Hand surgery Department KMC Manipal. A total of 76 postgraduate students from various medical colleges across India attended the course. The academic content was meticulously curated to reflect real-life clinical scenarios and exam-oriented learning. The highlights of the program included Case Presentations by postgraduates, Upper Limb Focused OSCE Training. Participants underwent a structured Objective Structured Clinical Examination (OSCE) module designed specifically for upper limb conditions. The OSCE stations covered examination techniques, splint identification, radiographic interpretation, surgical planning, and applied anatomy. These sessions were designed in alignment with the latest PGMER 2023 guidelines, equipping students with strategies to excel in clinical examinations. The most awaited component of the course was the cadaveric hands-on workshop held at the Anatomy Dissection Lab, where participants performed supervised surgical exposures and distal radius plating on cadaver specimens. Procedures included volar and dorsal approaches to the distal radius and scaphoid fixation and common hand procedures. In addition to the didactic sessions, informal faculty interaction allowed trainees to seek advice on academic career paths, surgical decision-making, and examination preparation. The encouragement and mentorship from senior surgeons significantly enriched the overall learning environment.

Hand Surgery Day: The Department of Hand Surgery, Kasturba Medical College, Manipal, observed Hand Surgery Day on 23 August 2025. As part of the event, a series of informative posters addressing various aspects of hand surgery was prominently displayed in the outpatient department. These posters focused on hand-specific first aid measures, recommended guidelines, and precautions, and commonly encountered yet challenging hand disorders such as carpal tunnel syndrome, De Quervain's Tenosynovitis, and trigger finger.

The primary objective of the program was to enhance knowledge and awareness and to promote the prevention of injuries and occupational hazards among patients, security personnel, and students. The event also featured short Instagram reels aimed at public awareness, including content on bike chain injuries and cracker burst injuries, as well as awareness on digit reimplantation and birth brachial plexus palsy.

Research Activities

Department of Hand Surgery and HASTHA: The Center for Congenital Hand Difference participated in Lifeathon 2.0 conducted by MAHE Health Science on 23 October 2025. Here, we focused on collaboration with different departments across various institutes. The highlights were the incorporation of AI in Hand Surgery with emphasis on AI powered prognostic tool for hand and upper limb and congenital hand differences.

Center for Emerging and Tropical Diseases (CETD)

Address: Manipal Institute of Virology, 3rd floor, KMC, Manipal, 576104
Phone Number: +91 820 2922857/22717/22718/22663
Email (Centre): cetd@manipal.edu **Email (Coordinator):** chiranjay.m@manipal.edu

Year of Establishment of the Centre: 01 September 2017
Coordinator: Prof Chiranjay Mukhopadhyay, Director, Manipal Institute of Virology and Professor of Microbiology Department, KMC, Manipal

Members:
- Prof Vandana KE, Department of Microbiology, KMC, Manipal
- Prof Muralidhar Varma, Department of Infectious Diseases, KMC, Manipal
- Dr Somasish Ghosh Dastidar, Centre for Molecular Neurosciences, KMC, Manipal
- Dr Ranita Ghosh Dastidar, Department of Biochemistry, KMC, Manipal
- Dr Piyush Bihari Lal, Department of Microbiology, KMC, Manipal
- Dr Bharti Bisht, Department of Microbiology, KMC, Manipal

Brief About the Centre:
Statement: Cross-cutting research in the field of Emerging and Tropical diseases to guide public health policy

Vision: Cross-cutting research in the field of Emerging and Tropical diseases to guide public health policy

Mission:
For selected emerging and tropical diseases with a special reference to melioidosis:
- Act as a center of reference in India
- Improve surveillance and awareness among the population

Objectives:
1. To be the unified voice on common issues regarding emerging, re-emerging, and neglected tropical diseases to achieve our goals
2. To enhance our community of practice through member engagement, learning, and sharing knowledge
3. To prepare a comprehensive framework for disease management and prevention

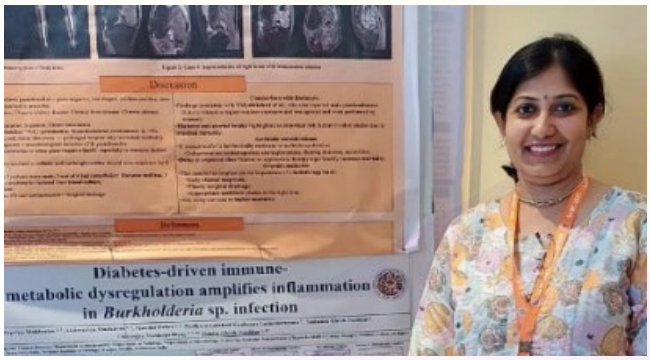
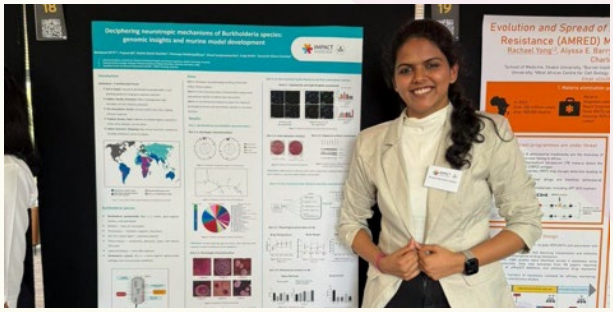
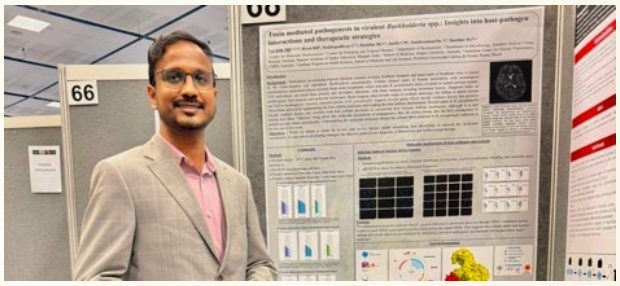
CETD Annual Meet 2025

Immuno Essentials in Tropical Diseases (IETD) Certificate Course 2025 – 2 credits UGC recognized



South Asian Melioidosis Congress 2025





Australasian Neuroscience Society at Hobart, Tasmania, Australia 2025

IMPACT Showcase, Deakin University, Australia 2025 Dr Bharti Bisht was elected for the Women in Space and Allied Science Leadership Programme (WiSLP) of the Department of Science and Technology (DST), Government of India, in collaboration with the British Council (UK) (DST-KIRAN-UKIERI) from 28 to 31 February 2025. People's Choice Award.

The MISSION-ICMR Taskforce project, under ICMR and Kasturba Medical College, Manipal, conducted 193 awareness programs, workshops, and CMEs for healthcare professionals. These events engaged 5,000 participants, including microbiologists, clinicians, nursing staff, and lab technicians, with each session followed by discussions and feedback to identify future needs. From June 2023 to July 2025, the project recruited 3,071 patients based on criteria established in the first year, identifying 253 melioidosis-positive cases for a positivity rate of 8.2 per cent.

Centre for Clinical and Innovative Forensics

Address: KMC Manipal
Phone Number: 09845240393
Coordinator Email: vinod.nayak@manipal.edu
Year of Establishment of Centre: 01 February 2018

Name of the Coordinator: Dr Vinod C Nayak
Members: Dr Aparna Jayakala

Brief About the Centre:
Vision: To become a centre of distinction in the field of Clinical Forensics, aiming to provide quality training to all stakeholders.
Mission: To promote research, stakeholder training, and consultation to law enforcement agencies.
Objective:

- To develop a strong network of trained stakeholders in the area of clinical forensics.
- To identify and explore emerging research issues in the field of clinical forensics and provide a focus for such funded research.
- To facilitate knowledge dissemination among stakeholders, practitioners, educators and students.

Total Research Scholars: 23

Brief About the Centre

Vision:
- Outstanding neuroscience research to help the global community better mental health.

Mission:
- To perform excellent advancements in neuroscience through innovative ideas, the development of ultramodern techniques, and collaborative work with resolution.

Objectives
- Undertaking research activities of regional, national, and global importance.
- Evaluating neuroscience problems with multiple perspectives and out-of-the-box ideas.
- Undertaking national and international collaborations to accomplish planned tasks.
- Training students to become proficient neuroscientists at the global level.
- Organizing workshops, seminars, conferences, and advanced training courses to gain and disseminate experience.

Activities at the Centre:
- The Centre has provided paid services for the analysis of extracellular vesicles to multiple non-MAHE institutions, including the Indian Institute of Space Science and Technology (IIST), Thiruvananthapuram; Rajiv Gandhi Centre for Biotechnology, Thiruvananthapuram, Kerala; NITTE (Deemed to be University); Yenepoya (Deemed to be University), Mangalore; and startups such as Neer Shakti Systems Pvt Ltd, Manipal, etc.
- Visiting faculty, Dr Luisa Rocha from Mexico, gave multiple research demonstrations, three lectures, and was also involved in manuscript writing (Published in Quartile 1 Journal).
- Dr Somasish Ghosh Dastidar received an intermediate grant from the Indian Council of Medical Research (ICMR) with our adjunct faculty, Dr Vibha Taneja, for 1,52,01,954 INR
- Two MSc pharmacology students were provided with cell culture electives between 10th March and 29 March 2025.
- Three MSc anatomy students were provided with basic neuroscience training for their electives between 25 August and 6 September 2025
- Six MBBS students were trained at the centre as a part of the Basic Sciences Electives between 1 September 2025 and 13 September 2025.
- Total publications in 2025: 28
- Patents published in 2025: 4

Awards and Recognition:
- Ms Divya Chandran, Senior Research Fellow at Centre for Molecular Neurosciences (CMN), Kasturba Medical College (KMC), Manipal, received a prestigious travel award from the "International Society for Stem Cell Research (ISSCR)" as recognition for the outstanding abstract titled "Regulatory microRNAs in GABAergic interneuron migration" to present at the Annual Meeting held at Hong Kong from 11 to 14 June 2025. For this presentation, she also received an international travel grant from the ICMR.
- Ms Divya Chandran, Senior Research Fellow at CMN, received the best oral presentation award at K S Hegde Medical Academy (KSHEMA) STEMCON 2025, the 6th biennial national conference on

"Stem Cells and Regenerative Medicine: Progress in Clinical Translation", held at NITTE University from 5 to 6 December 2025.

- Dr Dinesh Upadhya visited Texas A&M University, United States, as a Visiting Research Scientist between April and June 2025.
- Dr Pavan Agrawal received the Disease Models & Mechanisms (DMM) conference travel award by the Company of Biologists for the "Crete Workshop on Neural Circuits and Behaviour of *Drosophila*" held on 15 to 20 June 2025 at Kolymbari, Greece.

List of Ongoing Projects/Research Grants

Sl No	Title	Funding Agency	Name of the PI	Amount (INR)	Date
1	Customization of Galactosylceramidase for replacement therapy in Krabbe's Disease	ICMR	Dr Dinesh Upadhya	44,88,000	2023–26

Centre for Sexual Assault Crisis

SAddress: Department of Forensic Medicine and Toxicology, Kasturba Medical College, MAHE, Manipal
Phone Number: 8893805359
Email (Coordinator): aparna.jayakala@manipal.edu

Year of Establishment of the Centre: 01 September 2018; Reactivated on 06 March 2023
Name of the Coordinator: Dr Aparna Jayakala
Members: Dr Vinod C Nayak, Ms Anagha Deshmukh.

Brief About the Centre:

Vision: To provide holistic treatment to survivors of sexual assault, efficient medico-legal support and quality training to all the stakeholders.

Mission: The number of cases of sexual violence is on the rise, and the need for medical and legal support is important for redeeming justice. As a part of medicolegal care, the Centre focuses on prevention of re-victimization, provides comprehensive care including counselling, medico-legal documentation, and develops a strong network of trained stakeholders.

Objective: Provide timely assistance to survivors by prompt treatment, medico-legal examination, forensic evidence collection, and legal consultation. Offer training programs for students, faculty, and staff, as well as the stakeholders associated with it, on medicolegal issues related to sexual assault, including informed consent, confidentiality, and mandatory reporting, with an emphasis on intersectional and LGBTQ+ specific concerns. Establish partnerships with service providers, such as Government medical officers, law enforcement agencies, child welfare committees, and other local organizations, to facilitate comprehensive and coordinated medicolegal care for survivors.

Activities at the Centre:

Sl No	Name of the Activity	Particulars	Date
1	Delivered an Expert lecture on the examination of sexual assault survivors and their medico-legal aspects	It was conducted for the Udupi district medical and nursing officers in the D C office auditorium	28 Jan 2025

ಜಿಲ್ಲಾ ಆರ್.ಸಿ.ಎಚ್.ಅಧಿಕಾರಿ ಡಾ। ಜ್ಯೋತ್ಸ್ನಾ ಸ್ವಾಗತಿಸಿದರು. ಪ್ರಭಾರ ಜಿಲ್ಲಾ ಆರೋಗ್ಯ ಶಿಕ್ಷಣಾಧಿಕಾರಿ ಚಂದ್ರಕಲಾ ನಿರೂಪಿಸಿ, ಜಿಲ್ಲಾ ಕುಟುಂಬ ಕಲ್ಯಾಣ ಅಧಿಕಾರಿ ಡಾ। ರಾಮರಾವ್ ಕೆ. ವಂದಿಸಿದರು.

Training for Udupi district medical and nursing officers

Centre for Clinical Anthropometry

Address: Department of Anatomy, KMC, Manipal
Phone Number: 9886738555
Coordinator (Email): chandni.palimar@manipal.edu

Year of Establishment of Centre: 01 December 2018
Name of the Coordinator: Dr Chandni Gupta
Members: Faculties from various departments:

1. Anatomy
2. Forensic Medicine
3. Community Medicine
4. Obstetrics and Gynaecology (OBG)

Brief About the Centre

Vision: To have an anthropometric baseline database for the adult and fetal Indian population, which will be utilized to identify the sex, age, nutritional status, diseases, human remains, and various congenital anomalies.

Mission: To become a Center of distinction in the field of clinical Anthropometry, which aims to update and collect various anthropometric data of adults and fetuses of different populations of various regions.

Objective

1. Collecting various anthropometric data of adults, children, and fetuses from all parts of India and making a normal database.
2. Identify and explore emerging research issues in the field of clinical anthropometry and apply for grants.
3. To facilitate knowledge dissemination among various stakeholders.

Activities at the Centre

Sl No	Name of the Activity	Particulars	Date
1.	Gave an expert opinion related to distinguishing between humans and animal bones (specifically, which part of the body) to forensic officials	Bones received from the police. The total number of bones received was: 20.	29 Mar 2025
2.	Went as a resource person for a **Continuing Medical Education** (CME) and gave a talk on "Recent advances in identification of human and non-human bones"	Conducted by the Department of Forensic Medicine and Toxicology at Kasturba Medical College, Mangalore	12 May 2025
3.	Gave expert opinion related to distinguishing different vertebrae and ribs (specifically which one) to forensic officials	Bones received from the police. The total number of bones received was: 9 vertebrae and 7 ribs.	7 Oct 2025

Sl No	Name of the Activity	Particulars	Date
4.	Conducted a Workshop on "Data to Discovery: Unlocking insights through Anthropometry"	The total number of participants was 81. Quiz and sketching competitions were also conducted.	05 Dec 2025
5.	Research papers	1. Clarrybel, M, Gupta, C, and Kumar Pandey, A Morphometric study of fibularis muscles and their motor entry points with its clinical significance: a cadaveric study. 1 **Dr S Ranganathan** – Consultant Pediatric Pathologist, Division of Pathology and Laboratory Medicine, UC Department of Pathology and Laboratory Medicine The University of Cincinnati College of Medicine, USA
2. **Dr Srinivas Annavarapu** – Consultant Pediatric Pathologist, Alder Hey Hospital, UK

Brief About the Centre:

Vision: To be a National and Regional Reference Centre for Fetal and Perinatal Pathology

Mission: To identify the causes of fetal and perinatal deaths
To identify preventable causes of death and thereby reduce the perinatal mortality rate

Objectives:

1 High-quality service provision
2 Medical and scientific advances in perinatal pathology
3 Education, Training, and Courses
4 Support services to affiliate and regional hospitals/clinics
5 Building national and international links

Activities at the Centre:

Centre for Poison Information

Address: Department of Biochemistry,
Department of Forensic Medicine and Toxicology
Phone Number: 9845156248
Email: vinutha.bhat@manipal.edu

Year of Establishment of the Centre: 2016
Name of the Coordinator: Dr Vinutha R Bhat
Members: Dr Shankar M Bakkannavar

Brief about Centre
Vision: To develop a WHO-accredited center in Coastal Karnataka to provide comprehensive medical care for poisoning cases.

Mission: To increase collaborations/grants/research outputs; To improve the infrastructure with few modern equipment

Objectives
- Create basic awareness about hazards of pesticides among farmers/public
- Rapid resolution of all poison/substance abuse cases
- Provide needy information to public/doctors/law enforcing agency regarding pesticides/substance of abuse
- To attract good quality research publications / PhDs /grants
- Encourage research collaborations/student exchange programs
- In collaboration with KMCH, participate in antidote procurement and storage facility to support WHO initiative

Centre for Wilderness Medicine

Address: Department of Emergency Medicine, KMC, MAHE, Manipal
Email (Centre): cwm.kmc@manipal.edu
Email (Coordinator): freston.sirur@manipal.edu

Year of Establishment of the Centre: 2019

Name of the Coordinator: Dr Freston Marc Sirur

Members: Dr Vrinda Lath, Ms Caroline Ashritha Maben, Ms Usha, Ms Ramya, Ms Devika J L, Ms Shwetha Kulal, Dr Sachin Sogal P

Brief About the Centre

Vision

- To provide a platform for learning in wilderness medicine in India and internationally.
- To provide a service to the nation in this unique and diverse field.
- To facilitate the development of various initiatives and innovations consistent with the Sustainable Development Goals.

Mission

- To provide Wilderness Medical services locally, nationally, and internationally.
- To drive research, development, and innovation in Wilderness Medicine.
- To set up a sustainable division of Wilderness Medicine
- To start training programs and courses in Wilderness Medicine-MD Marine Medicine (MCI-approved) programs, short courses (Basic, Advanced, and Specialized), Fellowships, student education, and community training.

Objectives

- To provide Wilderness Medical services on expeditions to remote or austere environments.
- To obtain training, observerships, and participate in conferences on Wilderness Medicine.
- To start training in Wilderness Medicine at MAHE.
- To initiate and complete multidisciplinary Wilderness Medicine-related Research and Innovation.
- To support all activities that require Wilderness Medical Support.
- To start a postgraduate program in Dive and Marine Medicine.
- To start a High Altitude and Mountaineering Medicine Program.

Activities at the Centre

Awards and Recognition

Sl No	Name of the Awards	Particular	Date
1	Fellow of the Academy of Wilderness Medicine (FAWM Fellowship)	Dr Freston Marc Sirur	Jul 2025
2	Nodal Officer for Snakebite and Dog bite	Dr Freston Marc Sirur	2025
3	Member of the National Consultation for Poison Centre formation on Snakebite in India	Dr Freston Marc Sirur	2025
4	Jackson Wild–Mike Pandey Award for the Project Mandala	Dr Freston Marc Sirur and Team	Jan 2025

Hoto Gallery

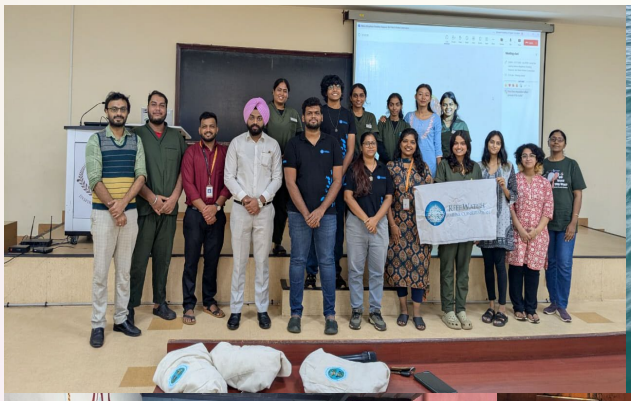
Dr Freston Marc Sirur was awarded the Fellow of the Academy of Wilderness Medicine (FAWM) Fellowship by the Wilderness Medical Society in July 2025. He and his team also received the Jackson Wild–Mike Pandey Award in January 2025 for Project **Mandala**, recognizing excellence in wilderness medicine and conservation storytelling.

The Centre for Wilderness Medicine engaged in national and international research collaborations, including faculty interactions with the University of Aberdeen and the Liverpool School of Tropical Medicine. The Centre team also visited Shree Sainath Hospital, Valsad, Gujarat, for research collaboration and participated in a community outreach activity conducted by the hospital.

The Centre for Wilderness Medicine (CWM) actively engaged in community outreach initiatives aimed at addressing snakebite-related morbidity and mortality. Targeted snakebite awareness programs were conducted in high-risk areas where snakebite deaths had been reported, focusing on key challenges in appropriate prehospital interventions. Major outreach locations included Hebri (Shedimane), Bajagoli, Siddhapura, and

Kemmannu. During the year, the CWM team coordinated and conducted over 15 outreach programs across diverse sectors, including the general public, auto drivers, healthcare providers, and students, strengthening community-level preparedness and response.

VENOMS Helpline Launch: The VENOMS Helpline was formally inaugurated by Dr Nagarathna, District Surveillance Officer, Udupi District, with Dr Sudhakar Kantipudi as the Guest of Honour. The helpline was launched as a dedicated emergency contact to provide guidance for snakebite and other venomous exposures. This initiative aims to bridge critical gaps between community awareness, wildlife expertise, and emergency medical response systems. The program highlighted the importance of timely intervention and emphasized interdisciplinary collaboration in strengthening envenomation management and improving patient outcomes.



Activities and Training Initiatives of Manipal SCUBA School (2025)

The Manipal SCUBA School (MSS), under the Centre for Wilderness Medicine (CWM), is actively engaged in training and outreach initiatives focused on water safety, diving skills, and marine conservation. During the year,

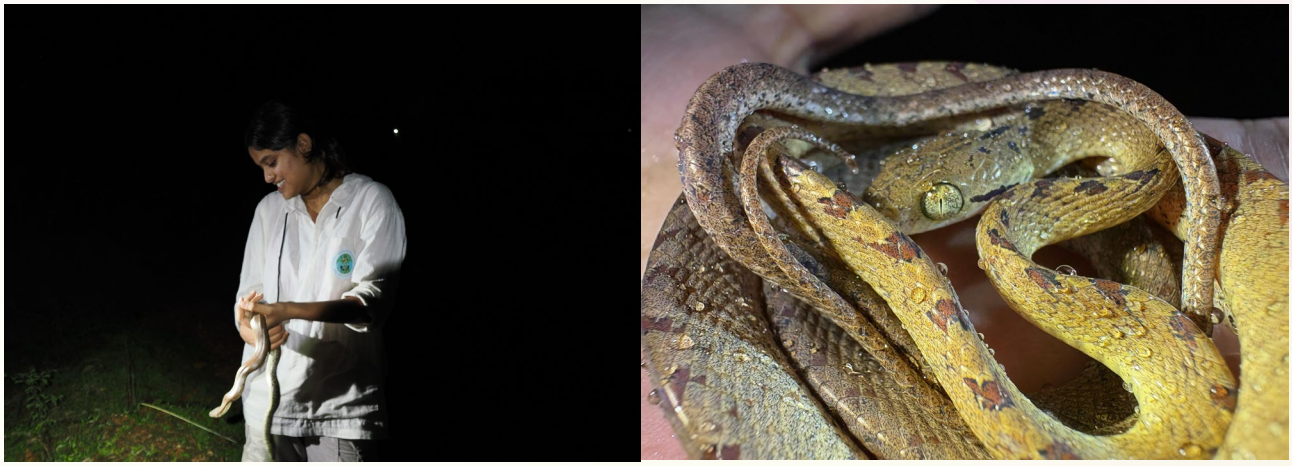
MSS certified 65 participants in water rescue and resuscitation, trained eight individuals in Try SCUBA, and certified nine Open Water Divers and four Advanced Open Water Divers. The Kaup SCUBA expedition on 11 March 2025 included participation and training of the Shiroor Mata Swami, the Paryaya dignitary, highlighting community engagement at a leadership level. Additional activities included a guest lecture by Reef Watch on marine ecology and conservation, which was held on 05 June 2025.

Experiential Learning Program at MWMCRC

Program elective students from Emergency Medical Technology who opted for Wilderness Services and Global Health and Sustainability completed a two-day outdoor learning session at MWMCRC on 17 and 18 February 2025. The session provided experiential exposure to wilderness medicine concepts and global health perspectives. Students had an engaging and enriching learning experience under the guidance of Dr Freston Marc Sirur, with faculty coordination by Ms Shwetha Kulal.

MWARP in Goa-April 2025

International Disaster Risk Reduction Day workshop at MWMCRC



Snake Rescues on campus and awareness on coexistence and safety

MWARP in MWCRC–October 2025

RRR Expedition- Kudremukh

7. **CWM online dashboard and social media:**
Under the guidance of Dr Freston Marc Sirur and led by Ms Devika, and in collaboration with the Centre for Software Development (CSD) led by Dr Sudhakara Upadhya P and the Manipal School of Information Sciences (MSIS), a dedicated CWM online dashboard was developed.

This initiative aimed to provide participants with a strong theoretical foundation prior to the practical, hands-on components of the various courses hosted on the dashboard.

The courses listed under the dashboard are available and include:

1. MWARP
2. Water Rescue and Resuscitation
3. Rope Skills, Rescue, and Retrieval
4. Link to MSS Courses - SSI Dashboard

8. **Simulation:**

MWARP

The MWARP program included simulation-based training to prepare participants for medical and rescue challenges in austere and wilderness environments. The simulations were designed to integrate theoretical knowledge with hands-on application and focused on environmental risk assessment, remote trauma management using XABCDE and MARCH frameworks, hemorrhage control, prolonged field care, patient evacuation strategies, and team-based decision-making under resource-limited conditions. Emphasis was placed on situational awareness, adaptability, and safe patient handling during extended response times, enabling participants to develop practical competencies and experience realistic case scenarios for effective wilderness medical response.

International Summer School Simulation

The International Summer School program included an immersive, scenario-based simulation aimed at enhancing participant competency in wilderness and expedition medicine. This simulation provided a realistic learning environment in which the participant was engaged in managing and providing first aid to a snakebite victim in austere settings, performing rope-based rescue and extrication, and managing scenarios involving delayed evacuation. Through guided simulation exercises, the participant developed critical skills in leadership, communication, clinical judgment, and teamwork, reinforcing evidence-based practices and ethical decision-making required for effective medical care in challenging and unpredictable outdoor environments.

Rope, Rescue, and Bouldering

The Rope, Rescue, and Extrication Course was designed to provide participants with foundational

knowledge and progressively develop advanced rescue skills and leadership capabilities.

The course was conducted every Thursday during the first half of 2025 and was proposed as a six-month training program.

The curriculum included an introduction to rope rescue principles and safety protocols.

Training covered the basics of rescue equipment, knots, and hitches.

Participants were trained in rappelling, climbing techniques, anchoring, and rigging systems.

Advanced knot-tying techniques were introduced as part of skill progression.

Scenario-based training and simulated rescue situations were conducted to enhance practical application and decision-making skills.

Field expeditions to the Western Ghats were included to provide hands-on experience and exposure to real-world rescue conditions in natural terrain.

Fire Department training

Details of the Program:

The program was meticulously planned and executed, ensuring the fire department personnel receive comprehensive training on essential emergency response techniques. Each session was structured to provide both theoretical knowledge and practical exposure, fostering a hands-on learning experience.

Key Highlights:
CPR Training: Sessions emphasized the critical role of CPR in emergency scenarios. The firemen were trained on the correct methods of administering CPR, including the latest protocols and techniques.

Basic First Aid: Participants were introduced to fundamental first aid skills, focusing on immediate actions to stabilize patients before professional medical help arrives.

Rope Rescue Training: Several sessions focused on familiarizing the firemen with rope rescue equipment and techniques, essential for challenging rescue scenarios.

Splinting and Immobilization: Firemen were trained in splinting and immobilization methods to ensure proper handling of injured individuals during extrication.

Participant Engagement:

The fire department personnel actively participated in the training sessions. They engaged enthusiastically in hands-on practice, demonstrating a keen interest in learning and mastering the skills taught. The collaborative environment facilitated effective learning and confidence-building.

Outcomes: The training program successfully achieved its objectives:

Enhanced the firemen's proficiency in administering CPR and first aid.

Familiarized participants with advanced rope rescue techniques and equipment.

Equipped fire department personnel with critical life-saving skills, increasing their readiness for emergency situations.

Feedback: Participants expressed that the sessions were informative, engaging, and highly beneficial. They appreciated the practical approach and the expertise of the trainers, highlighting the value of the program in their professional development.

Conservation Medicine and One Health

- Over 30 snakes were rescued across the campus. Conducted awareness during World Snake Day in collaboration with Prith.We Nature Club.
- Collaborated with One Nature Student Animal Welfare Club to ensure personal safety and complex rescues of sick and injured campus dogs. Drafted Animal Management SOPs for the MAHE campus. Actively involved in mitigating dog bites in Manipal.
- Signed an MoU with ReefWatch, an NGO involved in marine conservation. Organized a talk on the marine stranding response.
- Discussing and practising One Health concepts during expeditions.
- Medical services and participation in the Pit Viper Expedition for pit viper documentation and survey in the Western Ghats and community engagement.

Centre for Balance Disorders

Address: Department of Otorhinolaryngology (ENT), Kasturba Medical College, MAHE, Manipal
Phone Number: 8202923255, 08202922218
Email (Centre): ent.kmc@manipal.edu **Email (Coordinator):** kailesh.pujary@manipal.edu

Year of Establishment of the Centre: May 2020
Name of the Coordinator: Dr Kailesh Pujary, Professor in the ENT Department, KMC, Manipal, MAHE
Members: Dr John Solomon, Professor, Department of Physiotherapy and Associate Dean, MCHP, MAHE, Manipal

Faculty

Dr Arun Pajaniappane, Audio-Vestibular Physician, London, UK
Kailesh Pujary, ENT Specialist, Professor, KMC, Manipal, MAHE, Manipal
Dr Raj Nandi, Senior Neurotologist, London, UK
Prof Dr Prahlada N B, Senior Neurotologist, Chitra Durga, India
Dr Darshpreet Kaur, Vestibular Physiotherapist, Patna, India
Anita Wong, Lead Audiologist, London, UK
Nilesh Parekh, Specialist Vestibular Audiologist, London, UK
Rachael Joyce, Highly Specialised Physiotherapist, London, UK
Dr Kostas Tsioulos, Consultant Audiovestibular Physician, London, UK
Dr Mark Perera, Consultant Audiovestibular Physician, London, UK
Baaneesh Gaur, India
Vishnu Ucheniya, India

Brief About the Centre

Vision

To improve the quality of life for patients with balance disorders by treating them with an interdisciplinary and evidence-based approach

Mission

To be a centre of excellence, fostering research and innovation in the field of balance disorders, with national and international collaborations

Objectives

1. To develop a comprehensive multidisciplinary clinic for the management of balance disorders.
2. To foster innovation, train/mentor students, researchers, and healthcare providers in balance disorders, and facilitate national and international collaborations.
3. To conduct short-term training courses and workshops.
4. To develop an e-health platform for awareness, assessment, and self-help modules.
5. To foster evidence-based practices, best practices, and multi-centric studies.

Clinical Research Centre for Neuromodulation in Psychiatry

Address: Department of Psychiatry, Kasturba Medical College (KMC), Manipal
Coordinator (Email): samir.kp@manipal.edu

Year of Establishment of the Centre: 2020
Name of the Coordinator: Dr Samir Kumar Praharaj

Members: Dr Sonia Shenoy, Dr Abhiram P N, Dr Kirtana M Pai, Dr Prakashini K, Dr Rajagopal K V, Dr Ravindra Maradi, Dr Ashok Jammigumpula, Dr Zeba Rafique, Mr Jithin Jaise, Mr Pramod Kumar

Brief About the Centre:

Vision: To establish a Centre in collaboration with other psychiatric institutes in India to do multi-center studies with input from expert consultants, involving international researchers in neuromodulation.

Mission: Research focus: a) disease modelling studies in psychiatric disorders using multi-modal data anchored on investigative neuromodulation techniques (TMS derived metrics combined with tDCS perturbation studies) with additional assessments using MRI, EEG, and several other neurobiological measures, b) discovery of biomarkers predictive of differential clinical response to neuromodulatory interventions like ECT, TMS, and tDCS through multi-center studies.

Objectives:

1. The Centre will serve as a resource in understanding the neurobiological correlates of pharmaco-resistance in psychiatric diseases, and neurobiological effects of neuromodulation.
2. It will act as a resource centre to disseminate knowledge and expertise to the professionals who are interested in taking up cutting-edge research in the area of neuromodulation in psychiatry.
3. To integrate the "big data" related to the previous two objectives for the discovery of biomarkers that can predict differential clinical response to NIBS and thereby develop personalized, neuromodulatory interventions to impart "Precision Medicine".
4. This CRC will interact with all stakeholders to facilitate the implementation of these neuromodulatory treatment approaches at different levels of health care delivery through standardized, scalable, pragmatic interventions.
5. This CRC will generate "clinician-scientists" in this area and conduct a regional/national level virtual training program to enhance the practice standards of neuromodulatory interventions in India.
6. After the completion of the research projects (mentioned above), the services of the centre (tDCS, rTMS, etc.) can be offered to select patient populations with appropriate indications, who might benefit from these treatment modalities.

Activities at the Centre:

Sl No	Name of the Activity	Particulars	Date
1.	Randomized Clinical Trials (DBT/Wellcome Trust India Alliance sponsored)	Three ongoing clinical trials in which we have recruited a total of 124 participants (86 Patients and 38 Healthy Controls)	Till date
2	CRTP Fellowship Training (DBT/Wellcome Trust India Alliance sponsored)	One SR joined the training in 2025.	Till Sep 2026
3	Paid neuromodulation clinical services for psychiatric conditions	TMS – 1252 sessions (**16% YoY increase** in the delivery of TMS service) tES – 264 sessions ECT – 339 sessions	Till date
4	Postgraduate training	One psychiatry MD resident is posted each month and is trained in the theory and delivery of neuromodulation treatments.	Till date

Sl No	Name of the Activity	Particulars	Date
5	Observers from other institutes	A Psychiatry MD resident from KMC, Mangalore, has come for observation for a week.	Jul 2025
6	Grant applications	We have applied for the FIST 2025 grant to upgrade the Centre with deep TMS, to enable us reach deeper structures in the brain that are implicated in several psychiatric disorders.	2025
7	Independent research	Independent research done on the comparison of different methods to estimate resting motor threshold, which is critical for the treatment dosing, has been accepted in the Journal of ECT.	2025
8	Addition of new coil – D-B80	We have added the Magventure D-B80 coil that helps us target slightly deeper areas compared to the existing MC-B70 coil. This coil would help in the treatment of difficult-to-treat OCD, anxious depression, and addiction disorders.	Jul 2025

SDG-related Activities:

1. SDG 3 – Provision of advanced treatment for difficult-to-treat psychiatric conditions
2. SDG4 – Provision of hands-on training for postgraduates in the advanced area of brain stimulation
3. SDG17 – Collaboration with central institutes to advance the understanding of the neurobiological underpinnings of debilitating psychiatric disorders like schizophrenia and depression.

Centre of Emergency Toxicology

Address: Department of Emergency Medicine
Phone Number: 9449111397
Email (Coordinator): sachin.sujir@manipal.edu

Year of Establishment of the Centre: 11 February 2021
Name of the Coordinator: Dr Sachin Nayak Sujir
Members: Dr Freston Marc Sirur, Dr Jayaraj M B, Dr Nisarg S, Dr Divya D Pai.

Brief About the Centre:

Vision: Dedicated to advancing the field of Emergency Toxicology through innovative research, education, and collaboration to protect and enhance public health and safety on a global scale.

Mission: Empowering Healthcare and Emergency medicine professionals with the latest in toxicology research, education, and partnerships to proactively manage and prevent toxicological emergencies.

Objectives:

Academics and training:

- UG and PG toxicology teaching and training through integrated modules
- Post PG 2-year Fellowship in Emergency Toxicology
- HAZMAT Team Training and simulation–MAHE HAZMAT module

Research:

- Toxicology Registry
- Regional and International research collaboration.
- Research on antidotes, delivery systems, and treatment modalities

Clinical:

- Tox Cart
- ToxEm Podcast
- Tox Board–Collaboration of clinical and analytical toxicology to provide a platform for proper analysis and debriefing of cases

Tabletop Simulation Exercise on Chemical Disaster Tabletop Exercise: The HAZMAT Way

Felicitation for the Tabletop Simulation Exercise

Centre for Disaster Management

Address: Kasturba Medical College, Manipal Academy of Higher Education, Manipal
Phone Number: 9895063580
Email (Centre): cdm.mahe@manipal.edu **Email (Coordinator):** Jayaraj.mb@manipal.edu

Year of Establishment of the Centre: 13 February 2021
Name of the Coordinator: Dr Jayaraj Mymbilly Balakrishnan

Brief About the Centre

Vision: Global, National, and Regional leadership in education, training, and research with a vision to deliver Manipal Academy of Higher Education's roles and responsibilities in serving humanity in disasters and other eventualities.

Mission: To imbibe, enhance, and propagate the knowledge and skills in disaster management by promoting the training and retraining of the community, multidisciplinary professionals, and other stakeholders by aligning with national goals and targeting an expansion to the global perspectives by collaborating internationally to nurture education, research, and capacity building for primary and secondary disaster mitigation.

Objectives: Human Resource Development: Formulating and implementing a comprehensive human resource development plan covering all aspects of disaster management

- Developing educational materials for disaster management, including academic and professional courses
- Undertaking, organizing and facilitating study courses, conferences, lectures, and seminars within and outside the country to promote the aforesaid objects
- Propagating the need for Disaster Management in the course curricula starting from school
- Policymaking: Being a stakeholder in policy development of regional and national importance, work with governmental and non-governmental agencies towards policy generation and assist in the implementation.
- Community Outreach: promote awareness among stakeholders, including college or school teachers and students, technical personnel, and others associated with multi-hazard mitigation, preparedness, and response measures, do all such other lawful things as are conducive or incidental to the attainment of the above objects.
- Research: undertake and provide for the publication of journals, research papers, and books and establish and maintain libraries in furtherance of the aforesaid objects; Maintain registries and data repositories for future research.

Activities at the Centre

Sl No	Name of the Activity	Particulars	Date
1	International Day for Disaster Risk Reduction 2025(SHIELD 2025)	**IDRR SHIELD 2025 – Conference Report** The **IDRR SHIELD 2025 Conference** was organized as a focused platform to strengthen Disaster Risk Reduction (DRR) strategies and enhance health system preparedness. The conference brought together healthcare administrators, academicians, disaster management professionals, policymakers, and students to deliberate on strengthening institutional resilience and structured emergency response mechanisms. The deliberations emphasized hospital disaster management planning, surge capacity development, epidemic preparedness, accreditation-linked emergency readiness, intersectoral coordination, and simulation-based training. Expert talks, technical sessions, and	13 Oct 2025

Sl No	Name of the Activity	Particulars	Date
		academic discussions highlighted the importance of integrating administrative leadership, quality assurance frameworks, and operational command systems into disaster preparedness planning. The conference reinforced the need for multidisciplinary collaboration and evidence-based practices to build disaster-resilient healthcare systems capable of responding effectively to natural disasters, public health emergencies, and climate-related crises. IDRR SHIELD 2025 aligns with key Sustainable Development Goals (SDGs), including: • **SDG 3 – Good Health and Well-being**: Strengthening health system preparedness and emergency response. • **SDG 4 – Quality Education**: Promoting capacity building, training, and academic engagement in disaster management. • **SDG 5 – Gender Equality**: Encouraging inclusive participation and gender-sensitive disaster planning. • **SDG 6 – Clean Water and Sanitation**: Addressing WASH preparedness in emergency settings. • **SDG 11 – Sustainable Cities and Communities**: Enhancing resilience through institutional and community-level preparedness. • **SDG 13 – Climate Action**: Recognizing the impact of climate-related disasters on health systems. • **SDG 17 – Partnerships for the Goals**: Promoting intersectoral collaboration and stakeholder engagement. Overall, the conference served as a significant step toward fostering resilient healthcare institutions and advancing sustainable disaster preparedness frameworks.	
2.	CPR Training for Kasturba Hospital non-teaching staff in Collaboration with Centre for SAVE, Centre for CARE and Centre for Wilderness Medicine 	A total of 1816 Kasturba Hospital Non-Teaching staff got trained last year completed till Dec 2025. They were trained first aid, Basic Life support and Myocardial infarction and stroke recognition. This is one program supported by Kasturba Hospital Human Resources Department	Jan-Nov 2025
3.	Concave Mirror on Indian Healthcare: III	Concave Mirror on Indian Healthcare: III	03 Nov 2025

Sl No	Name of the Activity	Particulars	Date
		The third edition of *Concave Mirror on Indian Healthcare* was successfully conducted on 03 Nov 2025 at the Dr TMA Pai Auditorium, KMC Administrative Building, Manipal. The one-day CME program centered on the theme "Ethical and Financial Perspectives in Global Health, Public Health, Emergency Medicine and Disaster Management." The event was organized by the Centre for Disaster Management in collaboration with multiple departments of Kasturba Medical College, Prasanna School of Public Health, and the Manipal Institute of Virology, along with allied academic and clinical units. The CME served as an academic platform to critically examine India's evolving healthcare system through multidisciplinary perspectives. The sessions highlighted key issues including health system governance, Ayushman Bharat, pandemic logistics, disaster ethics, ICU infection challenges, global health policy, and sustainable value-based care. A keynote address on disaster ethics stimulated important dialogue on clinical decision-making during crises. One of the major highlights of the program was the interactive chemical disaster tabletop exercise, which enabled participants to apply theoretical principles to simulated emergency response scenarios. The forum also facilitated discussions on empathy in precision medicine, ethical stewardship in healthcare financing, and the integration of public health and disaster preparedness into routine clinical systems. The event witnessed active participation from faculty members, postgraduate residents, healthcare administrators, public health professionals, and students from medicine, nursing, and allied health sciences. The interdisciplinary nature of the conference fostered meaningful academic exchange and strengthened collaborative engagement across departments. Overall, *Concave Mirror on Indian Healthcare: III* successfully achieved its objective of encouraging ethical reflection, evidence-informed dialogue, and actionable learning to promote resilient, equitable, and sustainable healthcare systems. The program concluded with an award ceremony and a vote of thanks, marking the successful completion of the academic event.

Center for Rare Disease (CRC)

Address: Center for Rare Diseases, Department of Medical Genetics, Kasturba Medical College, Manipal, MAHE, Manipal- 576104
Phone Number: 082029-22636
Email (Centre): medical.genetics@manipal.edu **Email (Coordinator):** anju.shukla@manipal.edu; rama.damerla@manipal.edu

Year of Establishment of the Centre: 1 October 2021
Name of the Coordinator: Dr Anju Shukla
Members:

- Department of Medical Genetics, Kasturba Medical College, MAHE, Manipal.
- Dr Reddy's Institute of Life Sciences, Hyderabad.
- Institute of Bioinformatics, Bengaluru.

Brief About the Center

Vision: Develop a Center for Rare Disease as a benchmark for diagnosis, care, research, and training in India.

Mission: To establish a self-sustaining center for cutting-edge research in rare disease aetiology, along with training the next generation of scientists for clinical and fundamental biomedical research.

Objectives

- To establish a local cohort and biorepository for rare genetic disorders.
- To deploy exome sequencing (ES), whole genome sequencing (WGS), and RNA-Seq for discovering potential disease-causing variants.
- To functionally characterize causal genes/variants in cells and model organisms through *in vitro* assays, proteomics, and metabolomics/lipidomic approaches to understand the potential disease mechanisms.
- To establish a cutting-edge interdisciplinary research-training program focused on rare diseases for physician-scientists (Clinical Research Training Program (CRTP)), basic scientists, and genetic counsellors, which integrates clinical and laboratory sciences.

Activities at the Centre

Sl No	Name of the Activity	Particulars	Date
1.	Research	1. **Establishment of Clinical Cohort and Biorepository at MAHE** To date, 1,250 families have been recruited for genetic testing. Comprehensive genomic analyses have been undertaken across the cohort. A centralized biorepository has been established to support downstream molecular and functional studies. To enable long-term data integration and collaborative research, the centre is developing a comprehensive rare disease patient registry. The CRC web portal has been prepared that documents the essential details, and the website is currently under hosting. This aligns with United Nations Sustainable Development Goals (SDGs) 9 (Industry Innovation and Infrastructure). 2. **Exome Sequencing (ES) and Whole Genome Sequencing (WGS) at MAHE** Genetic testing which includes genomic tests (exome sequencing, whole genome sequencing, and chromosomal microarray) and targeted testing as appropriate have been applied. 3. **Functional Studies** Functional characterization of the causal genes/variants in cells and model organisms has been carried out through *in vitro* assays, proteomics, metabolomics, and lipidomic approaches. 4. **Clinical Research Training Program** Three CRTP Doctoral Fellows have been recruited to work within the Clinical/Public Health Research Centres.	Jan to Dec 2025
2.	Rare Disease Day	A public street play was designed to raise awareness about recognizing the symptoms of rare diseases, reaching out to an expert, misconceptions around consanguinity, the importance of genetic counselling, and the role of family support systems for affected individuals. This activity was aligned with SDGs 3 (Good Health and Well-being), 4 (Quality Education), and 11 (Sustainable Cities and Communities).	27 Feb 2025
3.	11th Annual Conference of the Society for Mitochondrial Research and Medicine (SMRM)	Co-hosted by the Department of Medical Genetics, Kasturba Medical College, Manipal Academy of Higher Education, and Center for Rare Disease Diagnosis, Research, and Training, funded by the DBT/Wellcome Trust India Alliance, with support from various other sponsors. This conference titled "Mitochondria in Health, Disease and Ageing" brought together approximately 160 participants and 32 invited speakers, including ten	9 to 11 Oct 2025

Sl No	Name of the Activity	Particulars	Date
		international experts, representing diverse areas of mitochondrial research. This activity was aligned with SDGs 3 (Good Health and Well-being), 4 (Quality Education), and 17 (Partnerships for the Goals).

Members: Dr Chiranjay Mukhopadhyay, Dr Muralidhar Varma, Dr Bharti Magazine, Dr Suneel Mundkur, Dr Shashikiran Umakanth, Dr Mahadeva Rao, Dr Asha Kamath

Brief About the Centre:
Vision: To tackle AMR by advancing research and education
Mission: Develop integrated approaches to tackle AMR by targeting key healthcare stakeholders within and outside the hospitals

Increase awareness and understanding of antimicrobial resistance, its implications, and actions to combat it through effective communication, education, and training of major stakeholders such as prescribers, dispensers, and consumers.
Develop and strengthen research methodologies focusing on evidence-informed practices

Centre for Cardiac Arrest Research and Education (CARE)

Address: Centre for CARE, Department of Emergency Medicine, Kasturba Medical College, Manipal, Manipal Academy of Higher Education, Manipal, Karnataka, India
Phone Number: 9035296971
Email (Centre): care.kmc@manipal.edu **Email (Coordinator):** prithvishree.r@manipal.edu

Year of Establishment of the Centre: 2023
Name of the Coordinator: Dr Prithvishree Ravindra, Additional Professor, Department of Emergency Medicine, Kasturba Medical College, Manipal

Members
Dr Rachana, Department of Emergency Medicine, KMC Manipal
Dr Savan Kumar Nagesh, Department of Anaesthesiology, KMC Manipal
Dr Mohammad Khalid, Department of Emergency Medicine, KMC Manipal
Dr Sunil R, Department of Critical Care, KMC Manipal
Dr Souvik Chaudhuri, Department of Critical Care, KMC Manipal

Brief About the Centre

Vision

To improve cardiac arrest outcomes in India through research, education, and capacity building

Mission

To advance resuscitation science, enhance CPR education, and develop evidence-based strategies for improving survival and neurological outcomes in cardiac arrest cases across India

Objectives

1. Improve CPR literacy in the community
2. Improve survival rates and neurological outcomes in out-of-hospital cardiac arrest (OHCA) and in-hospital cardiac arrest (IHCA)
3. Enhance research in CPR and produce high-quality publications in high-impact journals on cardiac arrest and resuscitation science.
4. Develop innovative solutions in CPR training and education through inter-institutional collaborations within MAHE and international partnerships

Centre for Resuscitation, Acute Care and Simulation Training (CReST)

Address: MAHE, Manipal
Phone Number: 7907953224
Email (Coordinator): vimal.krishnan@manipal.edu

Year of Establishment of the Centre: 01 May 2023
Name of the Coordinator: Dr Vimal Krishnan S
Members: Dr Mohammad Khalid, Dr Jayaraj Mymbilly Balakrishnan, Dr Aaditya Katyal

Brief About the Centre

Vision: CReST seeks to transform Emergency healthcare services, teaching and research to transform society

Mission: Standardize the process of care for critically ill and injured patients and advocate for ED-RAC services in India

Objectives

1. To ensure high-quality and standardized care for critically ill and injured patients in the resuscitation and acute care units (RAC units/EDCRIT) in the Emergency Medicine department.
2. To initiate a training program (Short-term Course-Fellowship) in Resuscitation, Acute care and Simulation in Trauma and Emergencies for all age groups under CReST
3. To lead the ED-RAC/EDCRIT services system building in India.

Activities at the Centre

Sl No	Name of the Activity	Particulars	Date
1.	PASSH International Simulation Education Course	PASSH 2025 Simulation Education Course from 26 to 28 Jun 2025—a premier international faculty development program in simulation-based healthcare education. Organized in collaboration with the Pan Asia Simulation Society in Healthcare (PASSH) a professional society registered in Singapore—and held in academic partnership with Laerdal Medical, a global leader in simulation solutions for healthcare; this academic conclave brought together experts and educators from across the country to advance the future of medical simulation training in India.	26–28 Jun 2025
2.	Simulation in Situ-Interprofessional Simulation based Faculty Development Program for Health Professions Educators	Interprofessional Simulation based Faculty Development Program for Health Professions Educators workshop as part of the 10-year MAHE-FAIMER regional Institute conference	15 Sep 2025
3.	Concave Mirror on Indian Healthcare: III	Ethical and Economical Perspectives in Global Health, Acute care and Disaster Management. Designed as an annual one-day academic forum to critically reflect upon India's evolving healthcare system through multidisciplinary lenses. This year's theme, "Ethical and Financial Perspectives in Global Health, Public Health, Emergency Medicine and Disaster	03 Nov 2025

Sl No	Name of the Activity	Particulars	Date
	3 GOOD HEALTH AND WELL-BEING 9 INDUSTRY INNOVATION AND INFRASTRUCTURE 17 PARTNERSHIPS FOR THE GOALS	Management," brought together practitioners, academicians, and policymakers to examine how clinical practice, health system governance, and societal responsibilities converge.

Center of Excellence in Immunohematology

Address: Department of Immunohematology and Blood Transfusion (IHBT),
Kasturba Medical College, Manipal
Phone Number: 0820 2922331
Email (Centre): ihbt.kmc@manipal.edu
Email (Coordinator): shamee.girish@manipal.edu

Year of Establishment of the Centre: 2024
Name of the Coordinator: Dr Shamee Shastry
Members: Dr Ganesh Mohan, Dr Deepika Chenna, Dr Deep Madkaiker

Brief About the Centre
Vision:
To aim for high standards of testing, patient-centric learning, research, and innovation, and to act as a reference hub in Immunohematology (IH) for the entire nation

Mission
To be a nationally renowned and globally recognized Center of Excellence in Immunohematology, dedicated to advancing patient care through exceptional standards in specialized testing, innovative research, comprehensive education, and collaborative clinical consultation.

Objectives
- To achieve excellence in Academics: By knowledge sharing, academic collaboration, and starting training programs.
- To serve as a national reference laboratory for specialized IH testing
- To provide clinical consultation to complex IH cases
- To carry on the research projects in the field of IH
- To work towards innovation in the field of IH
- To have global visibility and establish international collaboration

Activities at the Centre

Centre for Tropical Febrile Illness

Address: Kasturba Medical College (KMC), Manipal Academy of Higher Education (MAHE) Manipal, Karnataka, India
Phone Number: +91 7838340627, +91 9868996079
Email (Coordinator): nitin.gupta@manipal.edu

Year of Establishment of Centre: 2023
Name of the Coordinator: Dr Nitin Gupta
Associate Professor, Department of Infectious Diseases, KMC, Manipal

Members:
(Same as 2024; no change)

- Dr Tirlangi Praveen, Assistant Professor, Infectious Diseases
- Dr Prithvishree Ravindra, Associate Professor, Emergency Medicine
- Dr Rachana Bhat, Assistant Professor, Emergency Medicine
- Dr Souvik Chaudhuri, Associate Professor, Critical Care Medicine
- Dr Chiranjay Mukhopadhyaya, Professor, KMC; Director, Manipal Institute of Virology
- Dr Chandrashekar U K, Professor, Department of Medicine
- Dr Kirthinath Ballala, Associate Professor, Community Medicine
- Dr Carl Boodman, Infectious Diseases, University of Manitoba, Canada
- Dr Christian Kahusu, Infectious Diseases/Immunology, INRB, D R Congo
- Dr Steven Van Den Broucke, Infectious Diseases, Institute of Tropical Medicine, Antwerp, Belgium

Brief About the Centre
In 2025, the Centre for Tropical Febrile Illness consolidated its role as a regional and international academic hub for neglected and emerging infectious diseases. Building on its strong clinical foundation, the Centre expanded its research portfolio in tropical febrile illnesses, antimicrobial resistance, CNS infections, and viral haemorrhagic fevers, with a strong emphasis on translational and implementation research.

The Centre continued to address diagnostic uncertainty in acute undifferentiated febrile illness by developing and validating clinical decision-support tools, diagnostic algorithms, and point-of-care tests applicable to low-resource settings. Increased emphasis was placed on severe and complicated infections, including melioidosis, leptospirosis,

rickettsial infections, fungal CNS infections, and arboviral diseases.

In 2025, the Centre further strengthened international collaborations, hosted visiting researchers, contributed to global guideline-related work, and supported postgraduate and early-career researcher training. The Centre's work remains closely aligned with national public health priorities and Sustainable Development Goals, particularly SDG 3 (Good Health and Well-being).

Vision:
To improve the management of tropical febrile illnesses through research, education, and capacity-building.

Mission:
To enhance patient care and public health outcomes through high-quality research, training, and collaboration.

Objectives:

- Strengthen diagnosis and management of tropical febrile illnesses
- Generate high-impact clinical and translational research
- Build national and international research capacity
- Support evidence-based guidelines and policy development

Activities at the Centre (2025)

Sl No	Name of the Activity	Particulars	Date
1	Advanced Clinical Care	Dedicated inpatient and outpatient services for tropical and emerging infections	2025
2	Research and Publications	Systematic reviews, cohort studies, diagnostic and prognostic research	2025
3	Teaching and Training	Postgraduate teaching, workshops, and visiting faculty sessions	2025
4	International Collaboration	Joint projects with ITM Antwerp, AIIMS, MIV, and international partners	2025
5	SDG-linked Activities	Capacity building for infectious disease diagnosis and AMR control	2025

Awards and Recognition (2025)

No formal institutional awards received during the reporting period

Centre for Indigenous Population

Address: KMC, Manipal, MAHE, Manipal
Email (Coordinator): ranjitha.shetty@manipal.edu

Year of Establishment of the Centre: 2018
Name of the Coordinator: Dr Ranjitha S Shetty, Associate Dean, Additional Professor, Department of Community Medicine, KMC, Manipal

Members:

1. Dr Ashwini Kumar, Professor and Head of Community Medicine
2. Dr Sneha D Mallya, Community Medicine
3. Dr Eshwari K, Community Medicine
4. Dr Ramprasad V P, MCODS
5. Dr Sreedharan, Manipal College of Pharmaceutical Sciences
6. Dr Jarina Begum, Community Medicine, MTMC, Jamshedpur

Brief About the Centre:

Vision: To enhance the overall health and well-being of the Indigenous population.

Mission: To encourage and empower the Indigenous population to attain a better quality of life.

Objectives:

1. Conduct a needs assessment of the community to identify challenges to health and well-being
2. Build capacity through targeted interventions
3. Identify and document the traditions and best practices of this population to preserve their customary culture.

Activities at the Centre:

Centre for Vaccine Studies

Address: Department of Community Medicine
Phone Number: 9845304647
Email (Coordinator): veenak@manipal.edu

Year of Establishment of the Centre: 01 May 2016
Name of the Coordinator: Dr Veena G Kamath
Members: Dr Leslie Lewis, Dr Kavitha Saravu, Dr Ranjitha Shetty, Dr Muralidhar Kulkarni, and Dr Chythra Rao

Brief About the Centre:
Vision: To emerge as a Centre for vaccine research that could facilitate vaccine development to prevent diseases of public health importance

Mission: To carry out research and mentoring resulting in quality vaccine development

Objectives: 1. To carry out vaccine trials to test the safety and efficacy of vaccines.
2. To emerge as one of the resource centres providing training to clinical vaccine sites

List of Ongoing Projects/Research Grants:

Sl No	Title	Funding Agency	Name of the PI	Amount (INR)	Date
1	Immunogenicity and safety of an investigational Quadrivalent Meningococcal Conjugate vaccine when administered concomitantly with routine pediatric vaccines in India, in healthy infants and toddlers in India, and Republic of South Africa	Sanofi	Dr Veena G Kamath	90 Lakhs	From 2023
2	An Open-label, Randomized, Active-controlled, Multi-centric phase II/III Study in Indian Toddlers and Infants to Assess the Immunogenicity and Safety of SIIPL HEXASIILTM (DTwP-HepB-IPV-Hib) Vaccine in Comparison to SIIPL Pentavac (DTwP-HepB-Hib) + Poliovac (IPV) Vaccines Administered as Separate Injections	Serum Institute of India	Dr Veena G Kamath	30 Lakhs	From 2023

Manipal Center for Infectious Diseases

Year of Establishment of the Center: 2016
Name of the Coordinator: Dr Kavitha Saravu

Members:

- Dr Kavitha Saravu – Professor and Unit Head, Department of Infectious Diseases, Kasturba Medical College, Manipal, Coordinator, Manipal Center for Infectious Diseases (MAC ID), MAHE, Manipal
- Dr Shrikala Baliga - Professor, Department of Microbiology, Kasturba Medical College, Mangalore, Deputy Director, Quality and Compliances (Q&C), Mangalore Campus, MAHE, Director, KMC Laboratory Services, Mangaluru
- Dr Kiran Chawla – Professor, Department of Microbiology, Kasturba Medical College, Manipal
- Dr Sneha Deepak Mallya – Associate Professor, Department of Community Medicine, Kasturba Medical College, Manipal
- Dr T S Murali – Professor and Head, Department of Public Health Genomics, Manipal School of Life Sciences, Manipal

Brief About the Center

Vision: Manipal Center for Infectious Diseases (MAC ID) was launched in the year 2016 with an aim of fostering research and training collaborations in the field of infectious and tropical diseases between MAHE, India and other national and international institutions

Mission: To achieve excellence in infectious diseases research, training through interdisciplinary and international collaborations and to promote translation of knowledge into policy and practice

Objectives:

a) To achieve excellence in Infectious Diseases Research
b) Hold educational activities in Infectious Diseases
c) Promote translation of knowledge into policy and practice
d) Faculty and student exchanges
e) International and Interdisciplinary collaboratio

Activities at the Centre:

Sl No	Name of the Activity	Particulars	Date
1.	World Antimicrobial Awareness Week 2025 (WAAW 2025)	Manipal Center for Infectious Diseases (MAC ID), and the Department of Infectious Diseases, KMC, Manipal organized a virtual symposium on World Antimicrobial Awareness Week 2025 (WAAW 2025). The theme was 'Act Now: Protect Our Present, Secure Our Future'.	18 - 23 Nov 2025

Awards and Recognition:

Sl No	Name of the Awards	Particular	Date
1.	Top 2% Researcher List (2025)	Dr Kavitha Saravu has been featured in the Top 2% Researcher List (2025), as published in the Aug 2025 data update for Updated Science–Wide Author Databases of Standardized Citation Indicators (Version 8, DOI:10.17632/btchxktzyw.8).	Sept 2025

List of Ongoing Projects/Research Grants:

Sl No	Title	Funding Agency	Name of the PI	Amount (INR)	Date
1.	Persistence of malaria in a malaria-endemic region with a focus on asymptomatic and submicroscopic malaria and its sustained transmission among construction workers and natives – A multicentric cross-sectional study	ICMR	Dr Kavitha Saravu	42,49,711/-	Oct 2023
2.	Role of adjunctive corticosteroids on clinical outcomes in severe scrub typhus pneumonitis: a randomized controlled trial	ICMR	Dr Kavitha Saravu	10,33,185/-	Oct 2024
3.	A study to assess disease severity among scrub typhus and leptospirosis patients using clinical, immunological, and molecular tools	ICMR	Dr Kavitha Saravu	50,20,058/-	Mar 2025
4.	CLIMate change and Brain infections in INDIA- A multi-centre, multidisciplinary collaborative study on the impact of climate change on brain infections (CLIMB–India)	ICMR, CMC Vellore	Dr Kavitha Saravu	33,39,554/-

Clinical Epidemiology Unit

Address: Near Dean's Office, Kasturba Medical College (KMC), MAHE, Manipal
Phone Number: 08202923224
Email (Centre): ceu.mu@manipal.edu **Email (Coordinator):** ravindra.prabhu@manipal.edu

Year of Establishment of the Centre: 2009
Name of the Coordinator: Dr Ravindra Prabhu A
Members: Faculty from clinical departments of MAHE

Brief About the Centre:

Vision: Excellence in clinical research

Mission: The Clinical Epidemiology Unit is committed to training and conducting clinical research to promote evidence-based practices.

Objectives: Coordinate research at intra and inter departmental level in KMC Manipal.
- Encourage clinical research through interinstitutional cooperation.
- Liaise with industry for diagnostic/device-related clinical research.
- Build capacity among health care professionals in clinical research methods and biostatistics.

Activities at the Centre:

Centre for Point of Care Ultrasound

Address: Department of Critical Care, KMC, Manipal
Phone Number: 0820 2922033
Email (Coordinator): shwethapriya.rao@manipal.edu

Year of Establishment of Centre: 2023
Name of the Coordinator: Dr Shwethapriya R
Members: Dr Souvik Chaudhuri, Dr Margi Bhatt, Mr Gowtham

Brief About the Centre:

- **Vision**: Our vision is to establish the MAHE-POCUS centre as a nationally recognized center of excellence in critical care ultrasound training, where bedside imaging becomes an extension of clinical reasoning, improving diagnostic precision, expediting therapy, and transforming outcomes in the critically ill.
- **Mission**: Our mission is to integrate point-of-care ultrasound seamlessly into critical care practice through structured training, high-quality research, and innovation, which will empower clinicians across specialities to make faster, safer, and evidence-based decisions at the bedside.
- MAHE-POCUS centre aims to bridge the gap between technology and clinical acumen by combining hands-on education, multidisciplinary collaboration, and translational research, while nurturing future leaders in critical care ultrasound.

Objectives:

Education and Capacity Building (USP: Integrated fellowship + simulation + bedside mentoring within a high-volume tertiary ICU)

- To develop and deliver a structured, multi-organ POCUS training curriculum tailored to the needs of intensivists, emergency physicians, anesthesiologists, and internists.
- To launch a one-year fellowship in Critical Care Ultrasound, combining theory, supervised hands-on training, simulation-based learning, and competency-based assessment.
- To serve as a national referral training hub, attracting MD/DM trainees and faculty seeking formal certification and advanced expertise in POCUS.

Research and Innovation (USP: One of the few centers in India linking POCUS, AI, and critical care research under one roof)

- To lead and expand **high-impact, ultrasound-based clinical research** in sepsis, ARDS, acute febrile illnesses, and hemodynamic instability.
- To develop, validate, and publish AI-assisted ultrasound algorithms for diagnosis and therapeutic guidance in collaboration with MIT Manipal.
- To pursue patents and funded translational research, positioning MACPOCUS at the intersection of technology, imaging, and critical care.

Clinical Excellence (USP: Ultrasound as a "real-time clinical extension," not just a diagnostic tool)

- To embed ultrasound-driven decision-making into routine ICU workflows, enhancing patient safety and reducing diagnostic delays.
- To standardize **head-to-toe ultrasound protocols** for rapid diagnosis, monitoring, and goal-directed therapy in critically ill patients.

National Collaboration

- To collaborate with professional bodies such as ISCCM for accreditation and standard setting in critical care ultrasound training.
- To foster national academic exchange by hosting national leaders and pioneers in critical care ultrasound.

Sustainability and Outreach

- To ensure long-term sustainability through fellowship programs, national workshops, clinical service integration, industry collaboration, and competitive research grants.

Brief About the Centre:
Vision: To be a centre of excellence for the prevention and control of cancer in the community.
Mission: To bring about cancer control by primary, secondary, and tertiary prevention activities.

Objectives:
1. Promote and implement primary, secondary, and tertiary levels of prevention with respect to common cancers in the region.
2. Foster research in the area of cancer prevention and control, as well as facilitate output of quality publications and research grants.
3. Capacity building, training, and mentorship.
4. Provide consultation for activities related to preventive oncology.

Activities at the Centre:

Sl No	Name of the activity	Particulars	Date
1.	Continuing Medical Education (CME) on the health systems approach for cancer prevention and management	The Centre for Community Oncology, KMC, Manipal organized a CME program focusing on a health systems approach to cancer prevention and management. The CME was inaugurated by Dr Sharath K Rao, ProVice Chancellor (Health sciences), MAHE, Manipal. Prof Dr Nirmala Bhoo Pathy, Adjunct Professor, KMC Manipal and Professor of Epidemiology, University of Malaya, was the keynote speaker and the main resource person. The CME included expert deliberations by Prof Dr Nirmala Bhoo Pathy, Dr Ranjitha S Shetty,· Dr Shirley Lewis Salins, Dr Shyamala G, and Dr Cherian Varghese. The organizing team included: Dr Ashwini Kumar, Professor and Head of Department of Community Medicine (Organizing chairperson); Dr Ranjitha S Shetty, Coordinator, Centre for Community Oncology (Organizing secretary); Dr Sneha Deepak Mallya, Associate Professor, Department of Community Medicine, KMC Manipal; and Dr Afraz Jahan, Assistant Professor, Department of Community Medicine, KMC Manipal.	16 Jan 2025

Sl No	Name of the activity	Particulars	Date
		Undergraduate and postgraduate students, research scholars, faculty members, and public health professionals from health sciences backgrounds actively participated in the CME.

  Expertise: Microbiology and Virology

Academic Collaborators

- Dr Raghava Rao Gandra, Senior Consultant, AIG Hospitals, Hyderabad – Pulmonary and Critical Care Medicine
- Dr Santosh Chella Puram, Senior Consultant, Star Hospitals, Hyderabad – Medical Oncology
- Dr Kutty Sharada Vinod, Associate Professor, AIIMS, Mangalagiri – Pulmonary and Critical Care Medicine
- Dr Manish Soneja, Professor, AIIMS, New Delhi – Internal Medicine

Brief About the Centre:
The i^3 Centre (Infection, Immunology, and Intensive Care) is uniquely positioned as a multidisciplinary, patient-centric hub addressing the complex interplay between infections, immune dysregulation, and critical illness in immunocompromised hosts. Its USP lies in the integrated triad of clinical care, translational research, and structured education, bringing together infectious diseases, immunology, critical care, microbiology, virology, and organ-based specialties under one platform. The Centre focuses on high-risk populations including transplant recipients, oncology patients, HSCT recipients, and patients with sepsis-induced immunoparalysis. Another key differentiator is the planned i^3 Fellowship, one of the first structured programs in India dedicated to training specialists in this niche domain. Strong national collaborations, emphasis on immune-phenotyping–guided therapy, and research on novel immunomodulatory strategies further distinguish the Centre.

Vision
To become a centre of excellence in advancing care, research, and education for immunocompromised critically ill patients, improving survival and long-term outcomes through innovation and collaboration.

Mission
To deliver **multidisciplinary, evidence-based care**, generate high-impact research on infection–immunity interactions, and train future leaders in infectious diseases, immunology, and intensive care.

Objectives

- Improve outcomes through integrated infection, immune, and critical care strategies
- Conduct focused research on immunopathogenesis and immune modulation
- Develop structured education and the **i^3 Fellowship** program
- Foster national and international collaborations

1	**CIDS Emerging Leaders Program** – Dr Praveen Kumar Tirlangi	The **CIDS Emerging Leaders Program** is a flagship initiative aimed at nurturing the next generation of Infectious Diseases leaders in India. It identifies early-career ID physicians with strong potential in clinical care, research, and public health, and supports them through structured mentorship, active involvement in Society initiatives, and professional development. Over a four-year term, Emerging Leaders gain opportunities for capacity building, knowledge exchange, and the development of strong national and international networks within the Infectious Diseases community.	12 Sep 2025

Centre for Specialized Weaning and Long-Term Care for Mechanically Ventilated Patients

Address: Kasturba Medical College, Manipal
Phone Number: 9901960496
Email (Coordinator): vishal.shanbhag@manipal.edu

Year of Establishment of the Centre: 2025
Name of the Coordinator: Dr Vishal Shanbhag
Other Members: Vishwas P, Dr Pratibha Todur, Anup Bhat

Brief About the Centre :

Vision: To establish one of the first centre in India for interdisciplinary collaboration, education, training, and research in weaning and long-term care of mechanically ventilated patients; fostering knowledge creation, translation, research advancement, and societal impact through engagement with healthcare professionals and communities.

Mission: The proposed weaning centre will be a specialized facility designed to manage patients who require prolonged mechanical ventilation (PMV) and gradual weaning from ventilator support. This centre will provide multidisciplinary care, including respiratory therapy, physiotherapy, and rehabilitation; to facilitate gradual ventilator withdrawal, optimize lung function, and improve patient outcomes. The centre will help reduce the intensive care unit (ICU) burden by transitioning stable yet ventilator-dependent patients to a structured, lower-intensity setting with specialized monitoring and care.

Objectives:

- Set up a core team and infrastructure planning—defining key personnel, space, and initial requirements for the weaning centre.
- Training and awareness programs—workshops, webinars, or small-scale training for local healthcare professionals.
- Initiate research projects—retrospective studies, protocol development, or systematic reviews.
- Form early collaborations—establish working relationships with key departments and institutions for joint research, or patient referrals.
- Develop patient and caregiver education materials—creation and distribution of basic training guides on ventilator care and weaning strategies.

Activities at the Centre:

Sl No	Name of the activity	Particulars	Date

WORKSHOP REPORT

Preconference Workshop – RESCARE 2025
"Shaping the Future of RTs: Trends and Insights for Tomorrow"
24th October 2025 | 8:30 AM – 2:00 PM
Venue: Interact Halls, MAHE, Manipal

Title: *BEYOND THE ICU: Long-Term Ventilatory Care and Evolving Non-Invasive Modalities*
Organized by: MCHP, MAHE
In Association with: IARC and International Association of Non-Invasive Mechanical Ventilation & Centre for Specialized Weaning and Long-Term Care for Mechanically Ventilated Patients
Total Participants: 19

Overview

This parallel workshop emphasized the continuum of ventilatory care beyond the intensive care environment. It addressed long-term support strategies, the evolution of non-invasive modalities, and patient-centered management approaches across home care, specialized weaning, and telemedicine-supported models. Participants included respiratory therapy students, clinicians, academicians, and practitioners keen on advancing their understanding of chronic ventilatory care.

The sessions centered on evidence-based weaning approaches, long-term oxygen therapy, NIV and tracheostomy management, HFNC applications, functional rehabilitation, and emerging telemedicine tools for chronic respiratory conditions.

Objectives

- To understand types of weaning, difficult weaning, and the role of dedicated weaning centres
- To explore long-term respiratory care modalities including oxygen therapy, NIV, tracheostomy care, and home ventilatory support
- To examine the role of high-flow nasal cannula (HFNC) in chronic respiratory care
- To enhance strategies for improving respiratory function in long-term patients
- To understand opportunities and challenges in telemedicine in chronic respiratory management
- To build hands-on competency in long-term ventilatory equipment and monitoring interfaces

Sessions (8:30 AM – 2:00 PM)

1. Weaning Types, Difficult Weaning, and the Role of Weaning Centres

Covered classification of weaning, predictors of difficult weaning, structured protocols, and the function of specialized weaning centres in optimizing ventilator liberation.

2. Long-Term Respiratory Care Modalities: Oxygen Therapy, NIV, Tracheostomy & Home Care

Focused on long-term oxygen systems, chronic NIV support, tracheostomy care frameworks, safety considerations, and home care planning for stable ventilator-dependent patients.

3. High-Flow Nasal Cannula in Long-Term Care

Discussed HFNC physiology, indications, setup considerations, humidification, and comparative benefits in chronic respiratory disorders.

4. Improving Respiratory Function in Long-Term Patients

Included airway clearance techniques, respiratory muscle training, rehabilitation principles, and functional monitoring strategies.

5. The Era of Telemedicine: Opportunities and Challenges

Explored digital platforms, remote monitoring, tele-NIV interfaces, their benefits, operational limitations, and medico-legal implications.

6. Hands-on Training

Hands-on sessions were conducted in collaboration with **Helix Medicals, Breas Medical, and Oxymed**. Participants practiced device setup for home NIV, long-term oxygen therapy equipment, HFNC systems, tracheostomy care procedures, and remote monitoring technologies used in chronic respiratory care.

Resource Persons

- **Dr. Vishal Shanbhag**
- **Dr. Vishwas P**
- **Dr. Pratibha Todur**
- **Mr. Anup Bhat**
- **Ms. Renuga Devi**

Their expertise and clinical insights provided participants with comprehensive understanding of long-term ventilatory management and evolving non-invasive modalities.

Participant Engagement

Participants actively took part in case-based discussions, device handling, and practical demonstrations, enhancing their confidence in managing chronic respiratory patients and utilizing long-term ventilatory technologies.

Feedback Summary

All participants submitted QR-based feedback.

Item	Rating / 5
Content relevance	4.70
Infrastructure	4.45
Hands-on training	4.65
Speaker knowledge	4.69
Overall experience	4.67

Overall Average: 4.632 (Very Good)

Conclusion

The workshop successfully enhanced participants' knowledge and competence in long-term ventilatory management and modern non-invasive modalities. It strengthened understanding of chronic care transitions, home ventilation, and telemedicine-enabled monitoring. Certificates were issued to all resource persons and participants.

2. Hands-on demonstration by Mr Anup Bhat along with a faculty member from KEM, Mumbai, during the 2nd National Conference on Cardiovascular & Pulmonary Rehabilitation, organized by the Society of Cardiovascular and Pulmonary Rehabilitation (SoCVPR) on 13 and 14th September 2025 in collaboration with the Academic partner Smt Kashibai Navale College of Physiotherapy, Narhe, Pune. Dr Srikanth Gadicherla, Professor, MCODS Manipal
Dr Sanjan A, Associate Professor, Emergency Medicine, Kasturba Medical College, Mangalore
Dr Shwetha Vincent, Associate Professor, Department of Mechatronics, MIT Manipal

Brief About the Centre:

Vision:
To be a state-of-the-art apex centre for healthcare simulation in India with cutting-edge innovation, training and research at par with international standards.

Mission:
To enhance clinical competence, promote patient safety, and lead innovation in simulation-based education by integrating advanced technologies, building national capacity, and fostering global collaborations.

Objectives:

1. To develop indigenous, cutting-edge solutions in Virtual Reality (VR), Augmented Reality (AR) and Artificial Intelligence (AI) in Healthcare Simulation for healthcare education and skill enhancement.
2. To enhance clinical competency, patient safety, and interprofessional collaboration through immersive simulation training.
3. To create a robust ecosystem for academic research and international collaboration in the field of healthcare simulation.
4. To standardise processes and quality indicators for simulation-based education under MAHE, which can be replicated in other institutes nationally.

Brief About the Centre:

Vision: The Centre will be a one-of-its-kind state-of-the-art facility involving integration and application of Next-Generation Sequencing (NGS) technologies to advance healthcare solutions and research in the field of Reproductive Genetics. This Centre will be equipped with the latest NGS system along with other equipment required to provide advanced molecular diagnostics and research with high-quality standards. This Centre will be a hub for academic training, innovative research, and advanced diagnostic solutions.

Mission: The Centre's main mission is to establish an R&D initiative focusing on the integration and application of Next-Generation Sequencing (NGS) technologies to advance healthcare solutions and research in the field of Reproductive genomics

Objective: 1) To set up IVF-related genomic services for research and diagnostic purposes: Intending to understand the pathophysiology involved in implantation failure and enhance the IVF success rates. 2) To provide broader genetic testing solutions to support pregnancy management, the health of the mother, and the child. 3) To promote education, research, and collaborations in the field of Reproductive Genomics.

Year of Establishment of the Centre: 2025
Name of the Coordinator: Dr Samir Kumar Praharaj

Members

1. Dr Naveen Salins (PI), Director of Research, MAHE, Manipal,
2. Dr Samir Kumar Praharaj, Coordinator of MAHE-DHR-TRC for Evidence Synthesis, Professor and Unit Head, KMC, MAHE, Manipal
3. Dr Vijay Shree Dhyani, Evidence Synthesis Specialist, KMC, MAHE, Manipal
4. Mrs Nisha A Khader, Research Associate III, KMC, MAHE, Manipal

Brief About the Centre

Vision: To be a nationally recognized Centre of excellence in evidence synthesis that informs healthcare decision-making and guideline development.

Mission: To generate high-quality, reliable, and transparent evidence through systematic reviews and meta-analyses, while building capacity among researchers, clinicians, and students in evidence-based methodologies.

Objectives

1. To develop a detailed technical protocol that outlines step-by-step procedures for conducting systematic reviews and meta-analyses, that serves as a comprehensive guide, covering the entire process from formulating research questions to synthesizing and interpreting the results.
2. To carry out high-quality systematic reviews and meta-analyses annually, as decided by the team members within the specified time, that informs practice, research, and policies.
3. To provide grading of evidence profiles by summarizing the key findings of systematic reviews.
4. To publish systematic reviews and meta-analyses conducted in good-quality peer-reviewed journals.
5. To establish and promote rigorous standards and methodologies for conducting evidence synthesis across diverse disciplines.
6. To train researchers, clinicians, and students in evidence synthesis methods, including systematic reviews, meta-analyses, and related tools.
7. To ensure the transparency and reproducibility of research findings by adhering to established guidelines such as PRISMA and Cochrane.
8. To foster national and international collaborations for multidisciplinary and large-scale evidence synthesis projects.
9. To support the development of clinical and public health guidelines by providing robust evidence synthesis and grading of evidence.
10. To apply for funding from external agencies for conducting systematic reviews and to procure the software required.

Email (Office): quality.kmcmlr@manipal.edu **Email (Dean):** dean.kmcmlr@manipal.edu

Name of the Dean: Dr B Unnikrishnan
Established: 1955
Details of the Programs Offered by the Institution:

1. Bachelor of Medicine and Bachelor of Surgery (MBBS)
2. Doctor of Medicine (MD) General Medicine
3. MD Paediatrics
4. Master of Surgery (MS) General Surgery
5. MS Obstetrics and Gynaecology
6. MS Orthopaedics
7. MD Anaesthesiology
8. MS Oto-rhino-laryngology
9. MS Ophthalmology
10. MD Dermatology, Venerology and Leprosy
11. MD Anatomy
12. MD Physiology
13. MD Biochemistry
14. MD Pharmacology
15. MD Pathology
16. MD Microbiology
17. MD Radio-Diagnosis
18. MD Community Medicine
19. MD Radiation Oncology
20. MD Psychiatry
21. MD Respiratory Medicine
22. MD Forensic Medicine
23. MD Emergency Medicine
24. Fellowship in Head and Neck Oncology
25. Fellowship in Geriatric Medicine
26. Fellowship in Interventional Radiology
27. Fellowship in Paediatric Haematology and Oncology
28. Fellowship In Otology and Endoscopic Ear Surgery
29. Master of Science (MSc) Medical Physiology
30. MSc Medical Microbiology
31. MSc Medical Anatomy
32. MSc Medical Biochemistry
33. MSc Medical Pharmacology
34. MSc Forensic Science
35. MSc (Respiratory Therapy (RT)) Adult Respiratory Care
36. MSc Anaesthesia and Operation Theatre Technology
37. MSc Emergency Medical Technology
38. MSc Clinical Psychology

39. Master of Physiotherapy (MPT) Cardiopulmonary sciences - Critical care Physiotherapy
40. MPT Cardiopulmonary sciences - Cardiopulmonary rehabilitation
41. MPT Cardiopulmonary sciences - Health Promotion and Fitness
42. MPT Neurosciences - Neurological physiotherapy
43. MPT Musculoskeletal Science - Manual Therapy
44. MPT Musculoskeletal Science - Sports Physiotherapy
45. MPT Musculoskeletal Science - Hand rehabilitation
46. MPT Paediatrics - Paediatric Neurology
47. MPT Paediatrics - Neonatal and Paediatric Respiratory Care
48. MPT (Obstetrics and Gynaecology (OBG)) - Gynaecological Physiotherapy
49. MPT Geriatrics - Aging and Disease
50. MPT Community Physiotherapy - Occupation health and Ergonomics
51. MSc in Audiology
52. MSc in Speech Language Pathology (SLP)
53. Bachelor of Physiotherapy (BPT)
54. Bachelor in Audiology and Speech Language Pathology (BASLP)
55. Bachelor of Science (BSc) Respiratory Therapy
56. BSc Medical Imaging Technology
57. BSc Renal Replacement Therapy and Dialysis Technology
58. BSc Radiotherapy Technology
59. BSc Cardiovascular Technology

About the Institution/School:

Kasturba Medical College (KMC), Mangalore, was started in 1955, utilizing the clinical facilities of the Government Wenlock Hospital and Government Lady Goschen Hospital. In 1961, the pre-clinical section was started in Mangalore. Kasturba Medical College, Mangalore, became an independent college in 1977. Apart from the two Government hospitals, there are other teaching hospitals attached to the college, viz. the KMC Hospital, Attavar, established in 1992 with a bed strength of 500. The infrastructural facilities are comparable to international standards. These include six large, air-conditioned lecture halls; each with a seating capacity of 250 and equipped with modern audio-visual teaching aids, including multimedia projectors; and a modern, fully air-conditioned library with a seating capacity of approximately 800, and with internet facility. The library has over 30,000 books and subscribes to more than 250 journals annually. In the year 2001, the Centre for Basic Sciences was started at Bejai for first-year students. Apart from the departments of Anatomy, Physiology, and Biochemistry, the Basic Sciences Complex includes two lecture halls with a seating capacity of 250 each, as well as ladies' and boys' hostels for first-year students. Kasturba Medical College, Mangalore, provides hostel accommodation for its students in eight hostels, of which five are ladies' hostels. There is also a Medical Education Unit, which conducts orientation programs for students, interns, and postgraduates, as well as resource material for the teaching faculty. The Medical Council of India granted recognition in 1958 with the first graduating class of KMC. Recognition by the General Medical Council of Great Britain and the Malaysian Medical Council soon followed. New courses, faculty research, and student amenities have steadily developed over the years. The first college to be developed as a private partnership model in medical education and health care delivery, KMC, Mangalore, ranks among the top 25 medical colleges in the country today. It is the medical college with the highest Indian Council of Medical Research Short Term Studentship (ICMR STS) awards in the country. KMC, Mangalore, is recognized as one among 20 international medical schools by the Educational Commission for Foreign Graduates (ECFMG) for the electronic credentials' verification program. Students from 45 countries have graduated from KMC, and the degrees have been recognized worldwide.

Institutional Activities/Curricular Activities

New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	Dermatology Special Evening Clinic	The Dermatology Department of KMC Hospital Attavar introduced a "Dermatology Special Evening Clinic" exclusively for students. This initiative offers specialized care for a range of skin concerns with a 30 per cent discount on procedures like Laser Hair Removal, Chemical Peeling, Acne Scar Removal, and Tattoo Removal.	1 Jan 2025

Sl No	Activity	Particulars	Date(s)
		Catering to the unique dermatological needs of students, this clinic ensures high-quality care at affordable rates.	
2	Super Speciality Outpatient Department (OPD) Block	A new Super Specialty OPD was started on the first floor, Tower 2, to enhance access to advanced specialty services.	14 Jan 2025
3	Surgical Intensive Care Unit (ICU)	A 15-bedded Surgical ICU was commissioned on the sixth floor at KMC Attavar to strengthen critical care services.	14 Jan 2025
4	Women's Wellness Package	KMC Hospital Attavar presented an exclusive "Women's Wellness Package" to address the unique health needs of women. This comprehensive program focuses on preventive care, early detection, and overall well-being at every stage of life. The package includes essential screenings, diagnostic tests, and specialist consultations to ensure complete health assessment. With expert gynaecologists and advanced medical facilities, the program emphasizes personalized and compassionate care. It aims to empower women to take charge of their health through timely check-ups and informed decisions. This special package was designed for women who prefer convenient, time-efficient health check-ups. Available only in the afternoon slot from 2:00 PM to 4:30 PM, the program ensures quality care without disrupting daily routines. Total After noon, 14 and other package 8 women availed the benefits.	8 Mar 2025
5	Lupus Support Group	KMC Hospital, Attavar launched a Lupus Support Group in observance of World Lupus Day to create awareness and support for lupus patients. Organized by the Department of Rheumatology, the initiative aims to provide continuous guidance through a WhatsApp-based platform. The program highlighted early diagnosis, effective disease management, and patient empowerment. Expert talks and patient testimonies emphasized improving the quality of life, reducing stigma, and fostering a supportive community for individuals living with lupus. A lupus in-house free camp was also organized.	11 May 2025
6	Outreach clinics	The Departments of Orthopaedics, Paediatrics, Ear, Nose, and Throat (ENT), Ophthalmology, and Medicine initiated a specialty clinic at Kakkinje Hospital to enhance access to comprehensive healthcare services for the local community. This collaborative initiative aims to provide expert consultations, early diagnosis, and timely treatment across multiple specialties under one roof. The clinic	17 May 2025

Sl No	Activity	Particulars	Date(s)
		reflects a commitment to community outreach, patient-centred care, and strengthening healthcare delivery through coordinated, multidisciplinary medical services closer to patients' homes.	
7	Launch of Mangalore Refinery and Petrochemicals Limited (MRPL)–Manipal Griha Sanjeevani Home Care Service and its Hospital Day celebration. 	Durga Sanjeevani Manipal Hospital, Kateel, a model rural hospital of KMC Mangalore, marked a milestone with the launch of the MRPL–Manipal Griha Sanjeevani Home Care Service and its Hospital Day celebration. Shri Sanath Kumar Shetty, Hereditary trustee and Shri Vedamurthy Vasudeva Asranna, Hereditary Priest, Shri Durga Parameshwari Temple, Kateel were the Chief Guests of the program.	5 Jul 2025
8	All Cargo logistics Pvt Ltd CSR initiative to help poor patients (Below Poverty Line (BPL))	Avashya Foundation (All Cargo Pvt Ltd) is funding 4,85,000 INR per month to the project sponsoring dialysis, cataract operations and knee replacement surgery.	22 Jul 2025
9	Launch of a Daycare Chemotherapy Hub-and-Spoke model 	A Daycare Chemotherapy Hub-and-Spoke model was launched with Government Wenlock Hospital (GWH) as a spoke center.	1 Sep 2025
10	Cathlab at Government Wenlock Hospital	The Cathlab at GWH—set up in collaboration with KMC Mangalore—was inaugurated with a thanksgiving pooja and formal commissioning. Head of Department (HOD) Cardiology announced 24×7 cardiac care with advanced cathlab services; run by 4 cardiologists, 4 technicians and 18 nurses. Wenlock now stands among only two district hospitals in Karnataka with a fully-fledged Cardiology Department; strengthening care for patients from Dakshina Kannada and neighbouring districts.	25 Sep 2025
11	Knowledge Block at KMC, Bejai Campus	The Ganahoma pooja of the Knowledge Block at the Centre for Basic Sciences, Bejai, was held at the Bejai campus. The ceremony marked a significant milestone in strengthening academic infrastructure at the MAHE Mangalore campus. This infrastructure has two state-of-the-art lecture halls; of 300 and 100 capacity each; and an inhouse library with a reading room facility for first-year students of Bejai campus. The facility also houses the medical education department and seminar rooms.	23 Dec 2025

All other activities in the department relating to the program/course :

Sl No	Activity	Particulars	Date(s)
Administration			
1	Global horizons: Inspiring medical careers, Mentorship Session by KMC, Mangalore Alumni MBBS Batch of 1989	KMC Mangalore conducted a Mentorship session "Global Horizons: Inspiring Medical Careers" by KMC Mangalore Alumni MBBS Batch of 1989 from at the Medical Education Unit (MEU) Hall, KMC, Mangalore. Dr Anil Paramesh, Director, Tulane Transplant Institute, US and Dr Darang Sapare, consultant Spinal Orthopaedic Surgeon, NHS foundation Trust UK, were the Speakers. Dr Krishna Murthy Karpe, Senior Consultant, Renal Services, Canberra Hospital, Australia; Dr Sudhanva S Hegde, Chief of Cardiology, South Brooklyn Health Brooklyn, NY; Dr Kavitha Saravu, Professor of Infectious Diseases, KMC, Manipal; and Dr Murali Srinivasan, Consultant Neurologist, Chief of Medical Services at Manipal Hospitals, were the Panellists for the session.	24 Jan 2025
2	Link to the linker	Linker case is a means for effective correlation. This workshop aimed at harnessing participant's skills in developing linker cases and ways to effectively embed the same in the teaching syllabus.	31 Jan 2025
3	Harnessing Thought Power: Achieving Success and Inner Peace	Organised a motivational program featuring Mr S. Jagannadham, a distinguished motivational speaker, PM at Bejai Lecture Hall (LH) 1. The session was attended by MBBS Phase 1 students and covered the following topics: “Empowering Thought Power to Attain Higher Goals” and “How to Lead a Stress-Free Life with Awareness of the Present Moment”.	4 Feb 2025
4	Crafting a Successful grant application: Strategies and Techniques	Research Funding and Grants Vertical and Faculty Research Vertical conducted a Workshop on “Crafting a Successful Grant Application: Strategies and Techniques” at MEU Hall. The session was mainly on increasing the success rate of grant applications, overview of Indian Council of Medical Research (ICMR) grant, thrust areas, and formats aligning with the institute’s strengths and facilities.	11 Feb 2025
5	Curriculum Implementation Support Programme (CISP)-III	The primary objective of this program was to train faculty for the better implementation of Competency-Based Medical Education (CBME). CISP is one of the mandatory trainings that a faculty must be undergo.	17–18 Feb 2025
6	Fostering Professionalism and Ethical Practice in Medical Education	Professionalism and ethics in medical education includes a set of behaviours, moral principles, and values that should guide medical students and practitioners on how to conduct themselves with integrity, compassion, and respect for patients while prioritizing their own well-being.	24 Feb 2025

Sl No	Activity	Particulars	Date(s)
7	Literature Search and Writing a Case Report	Undergraduate (UG) Research Vertical, KMC, Mangalore organized a talk on "Literature Search" and "Writing a Case Report" through Microsoft (MS) Teams. Resource Persons: Dr Smitha D'Sa, Department of Paediatrics, KMC, Mangalore and Dr Priyanka Kamath, Department Pharmacology, KMC, Mangalore.	25 Feb 2025
8	Phacocache Media walk 2025	The Phacocache Media Walk 2025 was successfully held at the scenic Sasihithlu Beach, with 25 enthusiastic participants and an accompanying teacher, Dr Y Lakshmisha Rao, Assistant Professor, Department of Anatomy. The event featured two engaging competitions: an art competition and a spot photography competition. In the art competition, participants were provided with canvases to paint a scenery of their choice, but they were required to incorporate an item found on the beach into their artwork. In the spot photography competition, participants had to capture a unique image that encapsulated the serenity of the beach. A bus was arranged to pick up the students from Lighthouse Hill at 6:45 AM, and the bus then proceeded to Bejai to pick up the first-year participants around 7:00 AM. Dr Priyanka Kamath was the event coordinator.,	2 Mar 2025
9	Stories as an Effective Teaching Learning Tool in Health Professions Education	This workshop equipped the participants with practical strategies to craft and use compelling narratives to enhance student understanding and retention.	11 Mar 2025
10	Mastering the art of Scientific Presentations: Turning Research to Recognition	Postgraduate (PG) research workshop on “Mastering the art of Scientific Presentations: Turning Research to Recognition” was organised by the Research Cell and PG research vertical, KMC, Mangalore, at G D Veliath Hall. The workshop was conducted for the second year of MD/MS postgraduates. The resource persons discussed how to make good scientific presentations and how to present them to the audience in a structured manner. They also shared their experience while presenting oral/poster presentations at conferences.	11 Mar 2025
11	Blood Donation Camp	Kasturba Medical College, Mangalore, in association with Care Today Fund and LG Electronics, organized a blood donation camp.	12 Mar 2025

Sl No	Activity	Particulars	Date(s)
12	From Data To Dissertation: Expert Guidance On Data Analysis	PG research workshop on "From Data To Dissertation: Expert Guidance On Data Analysis" was organized by PG research vertical and Department of Community Medicine, KMC Mangalore at Dr G D Veliath Hall. The workshop was conducted for the third year MD/MS postgraduates. The resource persons discussed data analysis and representation for the PG dissertation. The students also discussed their queries with the resource persons on their respective thesis data.	18 Mar 2025
13	Basic Course in Medical Education (BCME)	The primary objective of the program was to improve the teaching and assessment skills of the faculty.	26–28 Mar 2025
14	Parthenon 2.0	Kasturba Medical College, Mangalore, hosted Parthenon 2.0, the second edition of its Model United Nations (MUN) conference. The event saw participation from students across the country and provided a platform for structured debate and discussion on contemporary global and national issues. Over three days, participants engaged in simulated proceedings of five committees: Disarmament and International Security Committee (DISEC), World Health Organisation (WHO), United Nations Security Council (UNSC), Lok Sabha, and International Press Corps (IPC). Each committee was moderated by members of the Executive Board and tackled topics ranging from international conflict and health policy to legislative matters and media coverage. The conference encouraged students to develop skills in diplomacy, research, negotiation, and public speaking. A notable feature of the event was the inclusion of crisis simulations and press briefings, which challenged delegates to respond to evolving scenarios in real time. The conference concluded with a formal closing ceremony, during which outstanding delegates were recognised, followed by a cultural evening for the participants. The event reflected KMC Mangalore's continued emphasis on holistic student development and provided a meaningful platform for experiential learning through simulation and collaboration.	31 Mar 2025–2 Apr 2025
15	Protocol writing workshop for postgraduates	Postgraduate Research Vertical conducted Protocol Writing workshop "Protocol Prowess 2025" for first-year MD/MS students at LH1, KMC, Mangalore. Introduction to research, identifying research questions, protocol writing, review of literature, study design, choosing right tool for research, rational use of Artificial Intelligence (AI) Tools in Scientific Writing, Enrolment to Study Webs of Active–Learning for Young Aspiring Minds (SWAYAM)/National Programme on Technology Enhanced Learning (NPTEL) were some highlights of the workshop..	3–4 Apr 2025 to

Sl No	Activity	Particulars	Date(s)
16	EREVNA 3rd Edition of Annual Undergraduate Medical Research Conference	EREVNA 2025 was conducted as a three-day undergraduate medical research conference, hosted by Kasturba Medical College, Mangalore. The event aimed to foster scientific inquiry, promote student research, and provide a platform for academic networking. With over 500 delegates, distinguished faculty, and notable guest speakers, the event marked a milestone in student-led academic initiatives.	22–24 Apr 2025
17	Basic Statistics Using Jamovi–Part 1	Doctoral Research Vertical organized a half day workshop on "Basic Statistics using Jamovi" for the Doctoral (PhD) scholars of KMC, Mangalore campus. The workshop began with a welcome address by Dr Sheetal Ullal, Associate Dean, followed by brief introduction to Jamovi software and the basic information on Data and the types of data. This was followed by hand on training for using Jamovi software. The main resource persons were Ms Aiswarya L, Statistician from Community Medicine and Mr Uzair Chilwan, Final year PhD scholar from Audiology and Speech-Language Pathology (ASLP) Department. All the scholars were made to download the Jamovi software, and they were supplied with a pre-planned data sheet. Basic statistics such as measures of central tendency, measures of variance, and normality testing using box plots and QQ plots were demonstrated, and all the participants were made to experiment with these statistics on their laptops. Finally, a quiz was conducted using the Kahoot app to assess the PhD scholars' understanding of statistics. Overall, 32 PhD Scholars, one PG from Forensic medicine, and one faculty member had attended the workshop. All the participants gave very good positive feedback regarding the workshop and requested a similar workshop for using advanced statistics. Finally, Dr Radish Kumar B, Chairperson for the Doctoral Research vertical thanked the Dean and the Associate Dean for providing support to organize this workshop.	24 Apr 2025
18	Back to basics—Enhancing teacher attributes in mastering problem Based Learning	The aim of this workshop is to help faculty master the process of conducting a Problem-Based Learning (PBL) session.	9 May 2025
19	Grant Writing Workshop	Grant writing workshop—Hands-on experience was organised by the Postgraduate and Grant Research Vertical, KMC, Mangalore, at LH1 . The workshop was conducted for first-year MD/MS postgraduates to guide them in a step-by-step manner to apply for the ICMR MD/MS Thesis support program. The overall feedback from students was good. Students found the workshop useful. A total of 67 applications were sent from KMC Mangalore.	12–13 May 2025

Sl No	Activity	Particulars	Date(s)
20	ICMR-STS 2025	Faculty Research Vertical in association with the Research Cell organized a workshop for faculty on "ICMR-STS 2025" at MEU hall, KMC, Mangalore.	14 May 2025
21	From Ideas to Patents: Navigating Innovation, Copyrights and Patenting Procedure'	Innovations, Intellectual Property Rights (IPR), and Patents Vertical and Innovation Hub conducted a seminar titled "From Ideas to Patents—Navigating Innovation, Copyrights, Patenting procedures" at MEU Hall. The speakers were Dr S Varadharajan, Coordinator, Technology Transfer Office, MAHE; Dr Mohammed Zuber, Chief Innovation Officer, MAHE; Dr Santosh, Assistant General Manager, Manipal Universal Technology Business Incubator (MUTBI), MAHE, Manipal. The session was aimed at fostering awareness and understanding of the innovation process and intellectual property rights in the context of medical and scientific research.	21 May 2025
22	Elayne 3.0	The third edition of “Elayne” an annual celebration of media, art, and literature was successfully conducted by Phacocache, the media club of KMC Mangalore. The opening ceremony was presided over by the Chief Guest of the day, Mr Sunil S Kumbar, a renowned macro-photographer, along with Dr Sheetal D Ullal, Associate Dean— Research and Head of Department of Pharmacology as the guest of honour. Other delegates included Dr Priyanka Kamath, Faculty advisor for the media club and Associate Professor of Pharmacology along with members of the club and participants. The event continued with various competitions like Spot photography, Product ad making, Short film making, Mask decoration, Extempore with pictures, etc. Winners of various competitions received cash prizes and certificates, along with participation certificates for the other contestants. Judges of the competitions were felicitated with a certificate and memento (photo frames designed by the club). All participants were enthusiastic and thoroughly enjoyed the various competitions. The event also featured several games like snake-and-ladder, squid games, pyramid building, etc., along with stalls from local vendors selling various items. There were food stalls arranged as well, providing refreshments to the participants in the form of snacks, juices, and desserts. The event concluded with a valedictory session where the winning entries of short film and product ad making were highlighted.	25 May 2025
23	International Conference of H ealth Profession Educators and Learners (I-HEAL) Conference 2025	This conference brought together global health professionals, educators, and leaners to explore the transformative role of technology in medical and health professionals’ education. The event included keynotes, workshops, and panel discussions on cutting-edge topics including AI integration, digital learning platforms,	30–31 May 2025

		simulation-based training, and the future of medical education.	
24	Flipped Classroom	This workshop gave insight into the flipped classroom teaching approach which reserves the traditional classroom structure to enhance student learning and engagement, potentially leading to better academic performance.	20 Jun 2025
25	Basics of Photography and Light painting workshop	The third edition of "Basics of Photography and Light Painting Workshop" was successfully conducted by Phacocache, the media club of KMC Mangalore. The event was held at Lecture Hall 1, KMC Centre for Basic Sciences, Bejai. The event was presided by Dr Muralimanju B V, Associate Professor, Department of Anatomy. It began with a seminar on introduction to cameras and photography techniques with the core committee members of the club as the resource persons. It also included a brief overview of the technique of light painting. Following the seminar, the core committee members explained the various parts of a camera, how to use a camera, and the techniques of light painting through a hands-on practical session. There was also a competition on light painting where the participants applied what they had learned and clicked beautiful images of patterns made by moving light. Dr Muralimanju judged the competition and the event concluded with prize distribution to the winners as well as a memento of appreciation to Dr Muralimanju for his contribution to making this event a grand success.	20 Jun 2025
26	Thesis to Publication	The "Thesis to Publication" workshop for final year MD/MS students was organized by the Postgraduate Research Vertical in Dr K P Ganeshan Hall, KMC Mangalore. It included lectures titled "The Art of Revision: Transforming your thesis into a manuscript" and "The Art of Publishing: Choosing the right journal"	26–27 Jun 2025
27	Research visibility and Open Access	Dr Santhosh KV, Deputy Director —Research (Technical), MAHE, addressed the faculty members on the topic, of "Research visibility and Open Access" at the MEU Seminar hall.	30 Jun 2025
28	Thesis to Publication	PG research workshop on "Thesis to Publication" was organised by Postgraduate Research Vertical, KMC, Mangalore, at Dr GD Veliath Hall. The workshop was conducted for Final year MD/MS postgraduates with an aim to convert their thesis into a publishable format and hence enhance student publications.	3–4 Jul 2025

The session was conducted offline in LH-1, KMC, Bejai. 218 students and two faculty members attended the session.	9 Apr 2025
Audiology and Speech Language Pathology			
1	Presbycuses	A half day seminar was organized on the topic "Presbycuses" by the Department of Audiology and Speech Language Pathology in association with Aanvii Hearing Solutions Pvt Ltd, Bengaluru. Mr N Mohanrangan, Head audiologist and Trainer, Aanvii Hearing Solutions Pvt Ltd was the resource person. He delivered a talk on the topic presbycusis. The talk was focused on types of presbycusis, auditory deprivation, and hearing aid fitting in older adults. A total of 30 students attended the seminar, which included interns and final year postgraduate students of Audiology and Speech Language Pathology. Participants were actively engaged during the session, where queries were put forth as and when the relevant topic was discussed.	24 Jan 2025
2	Training program was organized for faculty and PG students	A half day training program was organized for faculty and PG students of the Department of Audiology and Speech Language Pathology in collaboration with Labat Asia Pvt Ltd, Punjab. Mr Hoshiar Singh, Service coordinator, Labat Asia Pvt Ltd was the resource person. He demonstrated recording of various auditory evoked potentials using the newly developed evoked potential system by Labat. A total of nine PG students and six Faculties of Audiology attended the workshop. Participants were actively engaged during the session, where queries were put forth as and when the relevant topic was discussed.	21 Mar 2025
3	Seminar Recent trends in the assessment and management of Aphasia	Department of Audiology and Speech Language Pathology, Kasturba Medical College, Mangalore conducted a one day seminar on Recent trends in the assessment and management of Aphasia (accredited by Rehabilitation Council of India (RCI)) . This seminar was an initiative to understand the recent trends in the assessment and management of Aphasia. The Speakers were Dr Jayashree S Bhat from Nitte University, Dr Gopeekrishanan, Dr Rajath Shenoy from MCHP, Manipal, and Dr Preetie Shetty from Department of ASLP, KMC Mangalore. The event was well attended by several delegates including students from Nitte Institute of Speech and Hearing; Dr M V Shetty Institute of speech and Hearing, MCHP, Manipal; Father Mullers college of Speech and Hearing; and practicing clinicians from Kerala and Karnataka. There was good feedback from the participants.	22 Mar 2025
4	Flexible Endoscopic Evaluation of Swallowing (FEES)	The Department of Audiology and Speech-Language Pathology at Kasturba Medical College Mangalore,	5 May 2025

Sl No	Activity	Particulars	Date(s)
		organized an advanced hands-on skill training program on "Flexible Endoscopic Evaluation of Swallowing (FEES)" at the MEU Hall, KMC Lighthouse Hill Road, Mangalore. Conducted under the MAHE Industry-Academia Collaboration initiative, the program aimed to equip Speech-Language Pathologists with critical skills in performing and interpreting FEES an essential diagnostic tool in evaluating swallowing function. Dr B Unnikrishnan, Dean of KMC Mangalore, inaugurated the training and commended the department's consistent efforts to enhance clinical capabilities through such skill-based workshops. He emphasized the importance of advanced diagnostic training for improved management of swallowing difficulties, particularly in neurogenic and geriatric cases, and highlighted the interdisciplinary applications of the FEES procedure across healthcare domains. The training was facilitated by renowned experts Mr Prasanna Hegde from Healthcare Global Enterprises Ltd, Bengaluru (HCG), Dr Preetie Shetty Akkunje from KMC Mangalore, and Mr Sumanth A V from Sri Devaraj Urs Academy of Higher Education and Research (SDUAHER), Kolar. The workshop featured real-time demonstrations and individualized hands-on sessions, focusing on evidence-based techniques aligned with clinical best practices. Supported by industry partners Olympus and Ambu, the program was a fine example of successful industry-academia synergy, offering participants exposure to state-of-the-art equipment and methodologies. Approximately 55 clinicians and trainees participated in the program, gaining practical experience and personalized mentoring throughout the day-long event.	
5	HEARCON 2025: Where Hearing Meets Balance	Department of Audiology and Speech-Language Pathology successfully hosted HEARCON 2025 at KMC Marena, Attavar. The RCI-accredited Continuing Rehabilitation Education (CRE) conference, themed "Where Hearing Meets Balance," brought together over 250 delegates from across India for two days of scientific exchange and professional networking. The conference was inaugurated by Dr Suman Kumar, Director, Ali Yavar Jung National HOD / Co-ordinator Institute of Speech and Hearing Disabilities (Divyangjan), Mumbai, as Chief Guest, along with Dr B Unnikrishnan, Dean, KMC Mangalore, as Guest of Honour. The valedictory ceremony was presided over by Dr Chakrapani M, Medical Superintendent, KMC Hospital, Attavar. In a special felicitation, Dr B Rajashekhar, a pioneering figure in the field, was honoured for his outstanding contributions.	16–17 Oct 2025

4	Beyond Basics: Mastering Complex Total Knee Arthroplasty	The Department of Orthopaedics conducted a CME "Beyond Basics: Mastering Complex Total Knee Arthroplasty" and sawbones workshop on Uni-compartmental knee arthroplasty at Dr K P Ganeshan Hall, Kasturba Medical College, Lighthouse Hill Road, Mangalore. The delegates (guests of honour) at the inauguration ceremony included Dr Sachidananda Rai, Senior Consultant and President-Elect, Karnataka Orthopaedic Association, and Dr K Ramachandra Kamath, President, Canara Orthopaedic Society. Dr Atmananda S Hegde, Organising Chairman, gave the welcome note. The guests spoke about their experiences with joint replacement. Vote of thanks was delivered by the Dr Keerthan Ranga Nayak U, Organizing Secretary. The session began with a talk by Dr Abhishek Shetty. Dr Mayur Rai, Dr Chinthan Hegde, Dr Atmananda Hegde, Dr Vikram Shetty, Dr Sai Krishna Naidu, Dr Ajith Kumar, and Dr Prashanth B N were the other speakers for the session. Following this, the guest speakers chaired an interesting case discussion. The afternoon session began with a workshop for faculty and postgraduates on Unicompartmental Knee Arthroplasty (UKA) and screw application and external fixator application for undergraduates. A total of 108 delegates attended the program, and it was appreciated by everyone.	11 May 2025
5	Department of Orthopaedics, along with the Department of Physiotherapy—Rebound Mangalore: Accelerating recovery through ortho physio synergy	The Department of Orthopaedics, along with the Department of Physiotherapy as a part of industry–academia collaboration, conducted a CME “Rebound Mangalore: Accelerating recovery through ortho physio synergy” at Sushrutha Hall, Kasturba Hospital, Attavar, Mangalore. The event was inaugurated by Dr Deepak Madi, who praised the department for active participation in various activities all throughout the year and also emphasised teamwork for better patient outcomes. Dr Atmananda S Hegde, Organizing Chairman, HOD Orthopaedics, gave the welcome note. Mr Amith Tandon, national marketing head, Sironix, spoke and appreciated Kasturba Medical College and expressed hope for more industry–academia collaboration with Sironix. Dr Vijay Kumar, HOD Physiotherapy, gave a vote of thanks.	18 Jul 2025
6	Re-Align, an undergraduate workshop	Re-Align, an undergraduate workshop focussing on preparation for practical exams and OSCE was held at LHH, KMC Mangalore. Over 250 delegates from four states registered and attended the event. Re-Align was hosted by the undergraduate orthopaedic club, The Joint Venture, with the support of the Department of Orthopaedics, KMC Mangalore. The event delivered an academic and clinical masterclass focussing on orthopaedic radiographs, instruments, and implants. The event started with preliminary rounds of a quiz. Out of 78 teams registered for the quiz, 22 teams were qualified for the prelims. In this round, each team faced a fast-paced	27 Jul 2025

Pathology			
1	Diamond Jubilee CME: Dyspoiesis—Exploring evidence-based concepts in MDS	On the occasion of the Diamond Jubilee of Postgraduate teaching in the Department of Pathology, a series of lectures and CMEs were conducted. The first CME in this series was conducted on 23 March 2025, with enriching talks given by 4 alumni speakers on topics related to haematology, in particular to "Myelodysplastic syndrome" (MDS). The talk was attended by students and consultants from KMC and from other institutions in Mangalore. The talks highlighted not only the morphological features of MDS, but also the flow cytometry and molecular aspects of the disease.	23 Mar 2025
2	Diamond jubilee celebration of pathology posts graduate training Series— Pedagogic Effectiveness: Being a Teacher	As part of the Diamond Jubilee celebrations marking 60 years of postgraduate training in pathology; the Department of Pathology, KMC Mangalore, organized a guest lecture on "Pedagogic Effectiveness: Being a Teacher". The lecture was delivered by distinguished alumnus Dr K Ramnarayan, Pro Chancellor of Sikkim Manipal University and Emeritus Professor of Medical Education at MAHE. A nationally respected figure in medical education, Dr Ramnarayan also serves as the Chief National Coordinator for the Study Webs of Active–Learning for Young Aspiring Minds (SWAYAM) Prabha Direct-to-Home (DTH) channel, an initiative of the Ministry of Education, Government of India. The lecture focused on the evolving role of teachers in modern medical education, emphasizing the importance of reflective teaching practices, student engagement, and continuous pedagogic development. Faculty members from various departments participated, highlighting the multidisciplinary interest in educational excellence. The event was graced by Dean Dr B Unnikrishnan, along with Associate Deans Dr Suresh Kumar Shetty and Dr Sheetal Ullal, who commended the department's commitment to academic growth and innovation. The session reinforced the institution's dedication to quality education, aligning with national educational priorities.	25 Apr 2025
3	Plasma cell dyscrasias: A comprehensive Diagnostic approach	As part of the Diamond Jubilee celebrations of postgraduate training in pathology, the Department of Pathology organized a CME titled "Plasma cell Dyscrasias: A Comprehensive Diagnostic Approach" by Dr Sujay Prasad, Director, Neuberg Anand Academy of Laboratory Medicine, Bengaluru and Dr Deepak Nayak M, Associate Professor, Kasturba Medical College, Manipal. The session drew a significant audience of 79 attendees from various colleges in Mangalore. The talks provided valuable insights	19 Jul 2025

		into the latest developments and approaches in diagnosing and managing plasma cell dyscrasias. Exciting and neuron-kicking challenging cases were discussed. The lecture sparked engaging discussions and knowledge sharing among the attendees.	
4	Cytopathology Odyssey: Current trends in Diagnosis	The Department of Pathology, KMC Mangalore, in collaboration with South Kanara association of Karnataka Chapter of the Indian Association of Pathologists and Microbiologists (KCIAPM) organized a CME titled "Cytopathology Odyssey: Current trends in Diagnosis". The chief guest for the inaugural ceremony was Dr Shrikala Baliga, Associate Dean and Director of KMC Laboratory services. The brochure of Diamond Jubilee Celebrations, commemorating 60 years of postgraduate training in Pathology for the Alumni meet to be held on 19 to 20 December 2025 was released during the inaugural ceremony. The academic sessions were themed around current trends in Diagnosis in cytopathology including pancreatico-biliary cytology, soft tissue cytology, thyroid cytology, and gynaecological cytology. The afternoon sessions included interesting case presentations in cytology by postgraduates from different medical colleges in and around Dakshina Kannada district of Karnataka. The CME concluded with distribution of certificates to the presenters.	3 Aug 2025
5	Diamond Jubilee celebrations of postgraduate training in pathology—Basics in Immunohematology and component therapy	As part of the Diamond Jubilee celebrations of postgraduate training in pathology, the Department of Pathology organized an offline lecture on "Basics in Immunohematology and component therapy" by Dr Kirana Pailoor, Professor and Head, Department of Immunohematology and Blood transfusion, Father Muller Medical College, Mangalore. The session drew an audience of 52 attendees. The session provided a detailed overview on basic concepts in immunohematology and component therapy. The session provided a learning experience for the postgraduates and faculty in the field, and the interactive session made it even more valuable.	3 Sep 2025
6	Risk management in clinical laboratories: Contain, control, conquer	A CME on risk management was conducted to enhance awareness and strengthen skills in identifying, assessing, and mitigating risks in healthcare settings. The session aimed to promote patient safety, reduce medical errors, and improve quality of care through structured risk management strategies. Interactive sessions highlighted common pitfalls and practical prevention approaches. Participants also engaged in scenario-based learning to reinforce application of risk assessment tools and communication frameworks. The event received positive feedback.	9 Oct 2025
7	The Saga of Red Blood Cells	The Department of Pathology, as part of their Diamond Jubilee celebration in post-graduate teaching this year, organized a CME titled "The Saga of Red Blood Cells" in association with Haematology unit, Manipal Hospitals. Each session offered an in-depth and well-structured overview of all major topics pertaining to red blood cells.	18 Oct 2025

		department and conducted the half day hands on training. A total of 40 delegates including BPT, MPT, and Interns. The workshop covered a wide range of field outcome assessments related to sport injuries, emphasizing their role in injury prevention, and performance enhancement.	
Psychiatry			
1	Psychiatry Insight 2025	The Department of Psychiatry, KMC Mangalore, successfully conducted the Annual Psychiatry Insight CME. This year's theme was "From Circuits to Symptoms—Understanding Neuropsychiatric disorders." The event began with a paper and poster presentation competition, featuring 12 oral papers and 11 posters submitted by participants from various medical colleges. The inaugural ceremony was presided over by the Chief Guest, Dr Prabha Adhikari, Professor and Head of Geriatric Medicine, Yenepoya Medical College and Guest of honour Dr B Unnikrishnan, Dean, KMC Mangalore. The scientific sessions covered a wide range of topics, including epilepsy, dementias, and autoimmune encephalitis. Renowned subject experts from National Institute of Mental Health and Neurosciences (NIMHANS) and KMC Manipal among many others led the sessions, making it a highly enriching academic experience.	30 Aug 2025
2	World Suicide Prevention Day	The Department of Psychiatry, KMC Mangalore observed World Suicide Prevention Day at KMC Hospital, Attavar, aligning with this year's global theme "Change the Narrative on Suicide." The awareness program aimed to shed light on the importance of early identification, intervention, and support for individuals at risk of suicide. The event featured a series of informative talks covering key areas such as suicide risk assessment, recognizing warning signs, and psychosocial interventions. Interactive sessions, facilitated by postgraduate students from MSc Clinical Psychology and Psychiatry, encouraged open discussions and deeper engagement with the topic. The program was further enriched by the presence of representatives from Susheg Lifeline, a helpline service dedicated to mental health crisis intervention. They shared their field experiences, emphasizing the critical role of timely support and community-based outreach in suicide prevention. The event concluded with a reaffirmation of the collective responsibility to challenge stigma, promote mental well-being, and foster a more empathetic and supportive society.	10 Sep 2025
3	Mental Health Carnival 2.0	Department of Psychiatry at KMC Mangalore organized Mental Health Carnival 2.0 at the Bejai campus, in observance of World Mental Health Day 2025. This year's theme was "Access to Services: Mental Health in Catastrophes and Emergencies." Postgraduate students from MSc Clinical Psychology, MD Psychiatry, and PhD scholars collaborated to present interactive stations, including, Triaging Psychiatric Emergencies (simulating scenarios to teach decision making in crisis situations), Myth	9 Oct 2025

		Busters (dispelling common misconceptions about mental health), and Grounding Techniques (hands on practice of stress-reduction and mindfulness tools). The primary goal was to raise mental health awareness among undergraduate students in medical, dental, and allied health sciences disciplines. Attendees engaged with the stations, asked questions, and learned about how mental health services can be accessed, especially during emergencies and challenging contexts.	
Radiodiagnosis			
1	Magnetic Resonance Imaging (MRI)Excellence: Advanced Protocols and Techniques for precision imaging	Department of Radiodiagnosis and Imaging, KMC Mangalore, and KMC Hospital Attavar marked a significant milestone with the launch of the 3 Tesla Advanced MRI, followed by a CME on MRI Excellence: Advanced Protocols and Techniques for Precision Imaging. The CME on MRI Excellence, conducted in association with the Karnataka Medical Radiographers and Allied Technologists Association, focused on advancements in MRI imaging, enhancing knowledge on precision imaging techniques and protocols. The chief guest was Dr U T Ifthikar Fareed (Chairman, Karnataka State Allied and Healthcare Council) and guest of honour was Mr Thirumalai Vice President (VP) (Executive VP, Medical Imaging Business, Boston Ivy Healthcare Medikabazaar). The CME was chaired by Dr Santosh Rai, HOD; Athira Rajeev and Saji P R, organizing secretaries; and Rajesh Nayak and Akshada AK, treasurer. The BSc students of Medical Imaging technology were the driving force behind the event. This milestone event reinforced KMC Mangalore's commitment to advancing medical imaging and radio diagnostic excellence.	14 Mar 2025
2	Musculoskeletal Magnetic Resonance Imaging (MSK-MRI) Master Class	The Department of Radiodiagnosis and Imaging at KMC Mangalore, MAHE, hosted the MSK-MRI Master Class at the Avatar Hotel in Mangalore, to celebrate the launch of the 3T MRI. The event was led by Dr Santosh Rai, HOD, and organized by Dr Sonali Prabhu and Dr Pareekshit Bhat. Faculty members from Radiodiagnosis and Orthopaedics departments from KMC Mangalore as well as other medical colleges in Mangalore attended the event. After high tea, Dr Sanjay Desai delivered an in-depth session on MRI of the elbow and wrist. This was followed by a welcome address by Dr Sonali Prabhu and the inauguration ceremony. Dr Malini Lawande presented comprehensive lectures on Temporomandibular Joint (TMJ) and Brachial Plexus Imaging, followed by a didactic case-based lecture by Dr Abhishek Patil (our alumni of KMC 2017 batch) on MRI of the pubic symphysis. A panel discussion on the future prospects of MSK was moderated by Dr Sonali Prabhu and Dr Pareekshit Bhat, with Dr Malini Lawande and Dr Abhishek Patil as chief panellists. The event also included a felicitation ceremony for alumni from the Department of Radiodiagnosis and Imaging, KMC Mangalore.	15 Mar 2025

4	IMAGINE-2025 	IMAGINE 2025 — the 23rd National Conference of the Society of Indian Radiographers (SIR) — was successfully conducted at KMC Mangalore. The conference served as a distinguished platform that brought together radiographers, imaging technologists, educators, and researchers from across India. It fostered the exchange of ideas, innovations, and best practices aimed at advancing radiographic science and imaging technology. The conference was inaugurated in the presence of distinguished dignitaries including Chief Guest: Dr H S Ballal, Pro Chancellor, MAHE and Guest of Honour Lieutenant General (Dr) M D Venkatesh, Vice Chancellor, MAHE. Their inaugural addresses emphasized the importance of technological adaptation, continuous skill enhancement, and interdisciplinary collaboration in medical imaging education and practice. IMAGINE 2025 witnessed an impressive participation of around 700 registered delegates representing diverse academic institutions, clinical establishments, and research centres nationwide. Attendees included radiographers, technologists, students, postgraduates, PhD scholars, radiologists, and industry professionals, reflecting the collective s+T25trength and unity of the imaging community.	31 Oct 2025–2 Nov 2025
5	International Day of Radiology (IDoR) 2025 	The Department of Radiodiagnosis, KMC Mangalore, observed the International Day of Radiology (IDoR) 2025 in conjunction with the successful culmination of IMAGINE 2025. The event brought together faculty, residents, staff, and invited guests in a spirit of professional unity and academic reflection. The program commenced with an acknowledgment of the enduring contributions of radiology to modern healthcare. Emphasis was placed on the discipline's vital role in advancing diagnostic precision and improving patient outcomes, as well as on the commitment and expertise of radiology professionals who uphold the highest standards of patient care. The department had the honour of hosting Dr Shobha M E, Professor of Mathematics at Manipal Institute of Technology (MIT) Manipal and recipient of the President's Medal 2025, as the Chief Guest. Her presence and address provided valuable insight and added distinction to the occasion.	8 Nov 2025

Radiotherapy			
1	Hands-on training program in High-Dose Rate (HDR) brachytherapy	The Department of Radiation oncology is conducting a 5-day hands-on training program in HDR brachytherapy as an industry– academia collaboration with BEBIG HDR brachytherapy systems, Germany. A team of foreign delegates; Dr Meera Dassarath Soobhug, Radiation Oncologist, and Dr Muhammad Reza Peerally Medical Physicist from Department of Radiation Oncology, National Cancer Institute Solferino, Mauritius visited the department for comprehensive training, technical insight, and provide updated evidence in the art of brachytherapy.	23–27 Jun 2025
2	Brachytherapy training session	As part of the recently signed Memorandum of Understanding (MoU) between MAHE (KMC Mangalore) and BEBIG Medical Systems, the Department of Radiation Oncology conducted a HDR Brachytherapy training session.	28 Jul 2025–1 Aug 2025
Simulation and Skills Centre			
1	Basic Life Support (BLS) and Advanced Cardiovascular Life Support (ACLS)	Department of Simulation and Skills Centre, organised BLS and ACLS training program in association with Indian Institute of Emergency Medical Services (IIEMS) at Simulation and Skills Centre, Attavar Hospital. The instructors for the BLS and ACLS course were Dr Vivek Gopinathan, Dr Nikhil Paul, and Dr Keerthana Manoharan. The Monitors for the session were Dr Aditi and Dr Shyvy. The sessions were conducted by the Co-ordinator, Mr Midhun from IIEMS. There were 30 and 29 candidates respectively for the BLS and ACLS session.	26–28 Mar 2025
2	BLS and ACLS	Department of Simulation and Skills Centre, organised BLS and ACLS training program in association with Indian Institute of Emergency Medical Services (IIEMS) from 3rd to 05th April 2025 at Simulation and Skills Centre, Attavar Hospital. The instructors for the BLS and ACLS course were Dr Vivek Gopinathan, Dr Nikhil Paul, Dr Keerthana Manoharan and the Monitors for the session were Dr Aditi and Dr Shyvy. The sessions were conducted by the Co-ordinator, Mr Saran Mohan from IIEMS. There were 30 and 29 candidates respectively for the BLS and ACLS session.	3–5 Apr 2025
3	BLS and ACLS	Department of Simulation and Skills Centre, organised BLS and ACLS and training program in association with IIEMS at Simulation and Skills Centre, Attavar Hospital. The instructors for the BLS and ACLS course were Dr Nikhil Paul, Dr Sanjan, Dr Keerthana Manoharan, and Dr Shishir Upadya. Dr Ahlam was the Monitor for the session. The sessions were conducted by the Co-ordinator, Mr Jibin from IIEMS. There were 28 and 27 candidates respectively for the BLS and ACLS session.	28–30 Apr 2025
4	BLS and ACLS	Department of Simulation and Skills Centre, organised BLS and ACLS training program in association with Indian Institute of Emergency Medical Services (IIEMS) at Simulation and Skills Centre, Attavar Hospital. The	12–14 Jun 2025

		instructors for the BLS and ACLS course were Dr Vivek Gopinathan, Dr Nikhil Paul, Dr Keerthana Manoharan and the Monitors for the session were Dr Aditi and Dr Shyvy. The sessions were conducted by the Co-ordinator, Mr Saran Mohan from IIEMS. There were 30 and 29 candidates respectively for the BLS and ACLS session.	
5	BLS and ACLS	Department of Simulation and Skills Centre, organised BLS and ACLS Instructor course training program in association with IIEMS at Simulation and Skills Centre, Attavar Hospital. The instructors for the BLS and ACLS course were Dr Sridhar and Dr Ashwath. Mr Cijo was the Monitor for the session. The sessions were conducted by the Co-ordinator, Mr Ashwin from IIEMS. There were 7 candidates respectively for the BLS and ACLS session.	28–29 Jun 2025
6	BLS and ACLS	Department of Simulation and Skills Centre, organised BLS and ACLS provider training program in association with IIEMS at Simulation and Skills Centre, Attavar, Mangalore. The instructors for the BLS and ACLS course were Dr Vivek Gopinathan, Dr Nikhil Paul and Dr Keerthana. Dr Kripa, Dr Akshay Kamath. and Dr Joanna were the Monitors for the session. Mr Sibin from IIEMS was the coordinator for the program. There were 29 and 26 candidates respectively for the BLS and ACLS session.	11–13 Aug 2025
Urology			
1	Dr Aroor Bhaskar Rao Memorial Uro Quiz 2025	Dr Aroor Bhaskar Rao Memorial Uro Quiz 2025, was held for MS General Surgery PG students of Dakshina Kannada and Udupi district. Dr Devesvar M V from KMC Mangalore was the winner. Dr Sanman K N was the quiz master for the event.	19 Jan 2025

Details of Guest Visit(lectures, collaboration, visitors on campus)

Guest Lectures :

S. No.	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
Anatomy				
1	Dr Shivaprakash	Associate Professor, Department Anatomy, JSS Medical College, JSS Academy of Higher Education and Research, Mysuru.	Guest lecture titled "Clinical Case scenarios of Lower limb"	8 Jan 2025
Audiology and Speech Language Pathology				
1	Ms Pashyanthi Nagendra	Founder and Director of Turtle Express, Paediatric Intervention Clinic, Bengaluru	Guest lecture titled "Integrating Multidisciplinary Approaches, Work Dynamics, and Parent Training in Clinical Care"	18 Feb 2025

S. No.	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
Biochemistry				
1	Dr Shailja Sharma	Additional Professor of Biochemistry, AIIMS, Jodhpur.	Guest lecture titled "Unveiling the silent threat—Understanding and mitigating Lead toxicity"	17 Jan 2025
2	Dr Vijayasimha Madhurao	Senior General Manager Marketing Siemens Healthineers, Bengaluru	Guest lecture titled "AI in Clinical Biochemistry and Laboratory practice"	8 Jul 2025
Cardiology				
1	Dr Uday B Khanolkar	Senior Consultant Cardiologist at Narayana Health, Bengaluru	Guest lecture titled "Complex Percutaneous Coronary Intervention (PCI): Mastering Advanced Technologies"	18 Mar 2025
Community Medicine				
1	Dr Narayana Pradeep	Consultant (Respiratory Medicine), District Tuberculosis Centre, Kasaragod	Guest lecture on World Tuberculosis Day 2025	25 Mar 2025
2	Dr Shrutha Shetty	National Tuberculosis Elimination Programme (NTEP)Medical officer, Srinivas Institute of Medical Sciences and Research Center	Guest lecture on World Tuberculosis Day 2025	25 Mar 2025
3	Dr Sunil Raina	Professor and Head, Dr R P Government Medical College, Tanda (Himachal Pradesh)	Adjunct faculty lecture on Non-communicable Diseases	24 Jun 2025
4	Professor Cherian Varghese	Director Professor, Prasanna School of Public Health (PSPH) Manipal	Alumni talk on Universal Health coverage	28 Nov 2025
5	Dr Ravinder Mamtani	Professor of Population Health Sciences and Medicine, Vice Dean for Population Health and Lifestyle Medicine, Weill Cornell Medicine-Qatar, Doha, Qatar	Guest lecture on the topic "Lifestyle Medicine Course" for Undergraduate Medical students	23 Dec 2025
Critical Care and Emergency Medicine				
1	Dr Vijay Chanchal	Associate Professor, Department of Emergency Medicine, Jublie Mission Medical College	Guest Lecture and Case Presentation on "Emergency Medicine" Club Meet	26 Mar 2025
Dermatology				
1	Dr Dharmendra Kumar Karn	Professor, Adjunct faculty KMC, Mangalore, Department of Dermatology, Dhulikhel Hospital, Kathmandu University, Nepal	Guest lecture titled "Innovative application of Microneedling Radiofrequency in Dermatology—Beyond the Horizon"	27 Jun 2025
2	Dr Dharmendra Kumar Karn	Professor and Head, Department of Dermatology,	Guest lecture on hair transplants—Basic	19 Dec 2025

S. No.	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
		Dhulikhel Hospital, Kathmandu University, Nepal		
Forensic Medicine				
1	Dr Ritesh G. Menezes	Professor at College of Medicine affiliated with Imam Abdulrahman Bin Faisal University, Dammam, Saudi Arabia (KSA)	Guest lecture titled "Ethics in Medical Research—Foundation, Standards, and Illustrations"	14 Mar 2025
General Medicine				
1	Dr H R Vishwas	Akhila Bharatha Karyagana Sadasya, Samskrita Bharati, New Delhi	Guest lecture on World Sanskrit Day	12 Aug 2025
2	Mr Gajanana Bovikana	Shikshana Pramukh, Samskrita Bharati, Mangalore	Guest lecture on World Sanskrit Day	12 Aug 2025
3	Dr Padmanabha Marate	Professor and Head, Department of Sanskrit Studies and Research, SDPT First Grade College, Kateel	Guest lecture on World Sanskrit Day	12 Aug 2025
4	Dr Sunil Karanth	Chairman, HOD and Consultant, Critical Care Medicine, Manipal Hospital Old Airport Road, Bengaluru	Guest lecture on basics of mechanical ventilation	9 Dec 2025
General Surgery				
1	Dr Asher George Joseph	Fellowship in Cardiothoracic Transplantation and Mechanical Circulatory Support (Manchester, UK)	Guest lecture titled "When the heart fails—Surgeons perspective"	6 Aug 2025
2	Dr K. Sujai Hegde	Director, Senior Surgical Oncologist and HPB Surgeon Ruby Hall Clinic, Pune, India	Guest Lecture titled "Management of Liver Secondaries in Colorectal Malignancy"	28 Nov 2025
Microbiology				
1	Dr A.R. Anand	Professor and Head of the Department of Microbiology at Sankara Nethralaya, Chennai.	Guest Lecture on "Evolution of Diagnostic Methods in Ocular Microbiology: Microscopy to Genomics"	23 Oct 2025
2	Dr Anuradha K	Professor and Head, Department of Microbiology, Farookh Academy of Medical Education Hospital and Research Institute, Mysore	Alumni lecture titled "Clinical Relevance of Diagnostic Microscopy for Management in the Molecular Era"	8 Nov 2025
3	Dr Hamsa Puthalakath	Department of Biochemistry and Chemistry, La Trobe University, Melbourne, Australia.	Guest lecture titled "Developing Targeting Treatment for Invasive Candidiasis"	30 Dec 2025
Obstetrics and Gynaecology				
1	Dr Sanjay Kallat	Consultant Obstetrics and Gynecology (OBGYN), St Johns Hospital, Livingston	Guest lecture titled "The Path forward – Career options after OBGYN Residency and overcoming	20 Mar 2025

S. No.	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
		and Royal Infirmary Edinburgh.	obstacles in Membership of the Royal College of Obstetricians and Gynaecologists (MRCOG) Exams"	
2	Dr Nidhi Leekha	Consultant Radiologist, Section Head of ultrasound at Aga Khan University Hospital, Nairobi	Guest lecture titled "Therapeutic role of Ultrasound in Obstetrics"	22 Mar 2025
3	Dr Shipra Sonkusare	Professor, Department of OBG, AIIMS Nagpur	Guest lecture titled "Real cases, Real lessons: OBG in practice"	29 Aug 2025
Ophthalmology				
1	Dr Seethapathy G	Senior Consultant, Ophthalmic Plastic and Orbital Surgeon, Manipal Hospital, Salem	Guest lecture on applied anatomy of the eyelids, lacrimal system and orbits—Part 1	30 Apr 2025
2	Dr Madhurima A Nayak	Assistant Professor, Department of Ophthalmology, Father Muller Medical College, Mangalore	Guest lecture titled "Pupil dynamics: Understanding Normal and Abnormal"	19 May 2025
3	Dr Seethapathy G	Senior Consultant, Ophthalmic Plastic and Orbital Surgeon, Manipal Hospital, Salem	Guest lecture on applied anatomy of the eyelids, lacrimal system and orbits—Part 2	29 May 2025
4	Dr Tishya Vepakomma	Consultant, Paediatric Ophthalmology, Strabismus and Neuro-ophthalmology, Narayana Nethralaya, Bengaluru	Guest lecture on prescription of glasses in children	16 Jun 2025
5	Dr Madhurima A Nayak	Assistant Professor, Father Muller Medical College, Mangalore	Guest lecture titled "Investigating Uveitis"	28 Jul 2025
6	Dr Seethapathy G	Senior Consultant, Ophthalmic Plastic and Orbital Surgeon, Manipal Hospital, Salem	Guest lecture titled "Approach to a patient with Proptosis"	31 Jul 2025
7	Dr Shylesh Dabke	Managing Director, Dr Dabke's Infinity Vision Eyecare Hospital Bidar.	Guest lecture titled "Posterior Segment Optical Coherence Tomography (OCT) in Glaucoma"	20 Aug 2025
Orthopaedics				
1	Dr Ashok V Acharya	Associate Lecturer in Anatomy, Anglia Ruskin University Chelmsford, Essex.	Guest lecture on common non-traumatic conditions of the foot and ankle	4 Feb 2025
2	Dr Shashi Bhushan Arya	Associate Professor, Department of Metallurgical and Materials Engineering , NITK, Surathkal	Guest lecture on degradation of implants	4 Mar 2025
3	Dr Zile Singh Kundu	Senior Consultant, Positron Super Specialty Cancer Hospital Rohtak, Haryana	Guest lecture on principles of biopsy in bone tumours	29 Mar 2025

S. No.	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
4	Mr Vivekananda Paniyala	Prominent advocate and Senior Managing Partner at Paniyala and Associates, a law firm, Mangalore	Guest lecture titled "How to Be on the Right Side of the Judicial Eyes"	10 Jun 2025
5	Dr Ayesha	Senior Regional Medical Advisor @ Abbott | MBBS, MBA, Healthcare system Management	Guest lectures titled "Use of intra articular steroid in the management of joint inflammatory disease", "Management of osteoporosis, place of anti-resorptive-denosumab" and " Tofacitinib and adalimumab- in the management of rheumatoid/orthopaedic"	26 Aug 2025
6	Dr Kiran A N Saldanha	Consultant orthopaedic surgeon, Mersey and West Lancashire Teaching Hospitals , NHS Trust, Whiston Hospital and St. Helen's Hospital , Fairfield Independent Hospital	Guest lecture on principles of deformity corrections	12 Sep 2025
7	Dr Shiva Shanker Aithal	Consultant Orthopaedics Surgeon, East Lancashire Hospitals, foot and ankle service, Royal Blackburn Teaching Hospital, United Kingdom	Guest lecture on progressive collapsing foot deformity	30 Sep 2025
OTO Rhino Laryngology				
1	Dr Nitika Gupta	Consultant ENT Surgeon and Neurotologist, Jammu	Guest lecture on professional and personal life balance	29 Jan 2025
2	Dr Mubarak Khan	Professor and Director, Sushrut ENT Hospital and DrKhan's Reserch Centre, Talegaon, Pune	Guest Lecture titled "Endoscopic Revision of Cholesteatoma Surgery and Concept of Neomastoid Creation"	19 Feb 2025
3	Dr Kiran Jumani	ENT consultant Surgeon, Barts Health, NHS, London	Guest lecture titled "Current Research Profile in UK—All Specialities"	28 Mar 2025
4	Dr Sampath Chandra Prasad	Consultant Otolaryngology, Head and Neck Oncologist, Skull Base Surgeon, Manipal Hospital Bengaluru	Alumni lecture titled "Skull base paragangliomas state of the Art!"	7 Apr 2025
5	Dr Rashmi Rasquinha	ENT Consultant and Nutritionist	Guest lecture titled "More than Medicine : The power of Food, Mind and Movement"	6 May 2025
6	Dr Vik Veer	Consultant Surgeon, The Royal National ENT Hospitals, London, UK	Guest lecture titled "Management of Cholesteatoma —UK Protocols"	25 Jul 2025
7	Dr S.M.Azeem Mohiyuddin	Professor and Head, Department of ENT and Head and Neck, Sri Devaraj URS Academy of Higher education and Research , Kolar	Guest lecture on management of parotid tumours	30 Aug 2025

S. No.	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
Paediatrics				
1	Dr Arif Mohammed Ansari	Paediatric Registrar ,Birmingham Hospital, United Kingdom	Guest lecture titled "Team work and communication in simulation scenarios in Paediatrics and neonates"	6 Jan 2025
2	Dr Sharath Manya	Senior Clinical Fellow, Paediatric Hepatology,King's College Hospital ,London	Guest lecture titled "Unlocking Paediatric Liver Mysteries: A Case-Based Discussion"	20 Jan 2025
3	Dr Murli Raman	General Practitioner, Harrogate District Hospital ,Harrogate ,United Kingdom	Guest lecture on communication and documentation skills for paediatricians	27 Jan 2025
4	Dr Santhosh Upadhyaya	Clinical Associate Professor, Division of Pediatrics,Haematology Oncology, C S Mott Children's Hospital, University of Michigan Medical School, Ann Arbor, Michigan,USA	Guest Lecture titled "Overview of, and management approach to common paediatric central nervous system tumours"	13 Oct 2025
Pathology				
1	Dr Kavitha Pai	Consultant Histopathology, Royal Stoke University Hospital, Stoke on Trent, Staffordshire, UK	Diamond Jubilee Lecture Series: "Diagnostic Delights" —A potpourri of Interesting cases	31 Jan 2025
2	Dr Fatima Shamsuddin	Consultant Histopathologist, Jabar Al-Ahmed Al-Sabah Hospital, Kuwait	Alumni lecture titled "Overview of the Paris system of reporting urine cytology"	22 Feb 2025
3	Dr K Ramnarayan	Pro Chancellor, Sikkim Manipal University, Emeritus Professor of Medical Education, MAHE and Chief National Coordinator SWAYAM Prabha DTH—Medicine Content Development, Ministry of Education, Government of India	Diamond jubilee celebration of pathology PG training Series : Pedagogic Effectiveness—Being a Teacher	25 Apr 2025
4	Dr Bhagat Singh Lali	Junior Consultant, Oncopathology, Tata Medical Center, Kolkata.	Guest lecture—Session 1: "Approach to Neuroendocrine Tumours in Lung: Recent Updates"	22 May 2025
5	Dr Bhagat Singh Lali	Junior Consultant, Oncopathology, Tata Medical Center, Kolkata	Guest lecture—Session 2: "GI Neuroendocrine neoplasms : Case based discussions"	29 May 2025
6	Dr Amarpreet Bhalla	Associate Professor of Pathology Albert Einstein College of Medicine Montefiore Medical Center Bronx, New York	Guest lecture titled "Common Diagnostic Challenges with Update in Pancreatobiliary Cytology"	31 May 2025
7	Dr Rohit Tapadia	Director, Tapadia Diagnostic Centre and COO Kanopy Diagnostics, Hyderabad	Diamond Jubilee lecture series: Quality Control in IHC and A1 in Breast Pathology	27 Jun 2025

S. No.	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
Pharmacology				
1	Dr Manjunath	Professor, Pharmacology department, Pondicherry Institute of Medical Sciences, Puducherry	Guest lecture on Pharmacokinetics	5 Jan 2025
2	Dr Manikandan	Professor, Pharmacology Department, JIPMER, Puducherry	Guest lecture on introduction to Pharmacoeconomics	6 Jan 2025
3	Dr Sachin Kumar	Assistant Professor, School of Allied health Sciences and management, Delhi Pharmaceutical Sciences and Research University, New Delhi	Guest lecture titled "Signal detection and Assessment; Career prospects in Pharmacovigilance"	6 Dec 2025
4	Dr Akash Gadgade	Senior Medical Monitor, Emerald Clinical	Guest lecture titled "Challenges and Opportunities in Indian Drug Development"	13 Dec 2025
Physiology				
1	Dr Amith Sitaram	Consultant Stroke Neurologist Department of Geriatrics, Queen Elizabeth University Hospital, Glasgow	Guest lecture titled " Understanding the basics of stroke and its pathophysiology"	14 Apr 2025
2	Dr Sukanya V P	Assistant Professor, Department of Swasthavritta Karnataka Ayurveda Medical College	Guest lecture titled "Role of Yoga and Medical Nutrition therapy for Life style Disease"	14 Jun 2025
Physiotherapy				
1	Dr Harigovidan Nampoothiri	CEO, Interim Health Care Home health, Brownsville, Texas	Guest lecture titled "Community rehabilitation of stroke-An Interdisciplinary Approach"	9 Dec 2025
Psychiatry				
1	Dr Safeekh A T	Specialty Doctor ,Department of Psychiatry, Pilgrim hospital, Boston, UK	Guest lecture on perceptual disorders	5 Feb 2025
2	Ms Mariella Dsouza	Psychiatry Social Worker	Guest lecture on World Alzheimer's Day	17 Sep 2025
3	Dr Jerry Verghese	Consultant Psychiatrist, New Zealand	Guest lecture titled "What Your Training Doesn't Prepare You For: The Evolving Landscape of Mental Health Presentations"	23 Oct 2025
Radiodiagnosis				
1	Dr Ajay Taranath	Paediatric Neuro-radiologist, Associate Professor, University of Adelaide and Paediatric Neuroradiology, Australia	Guest lecture on Hypoxic Ischemic Encephalopathy	28 Jan 2025
2	Dr Rithi Melissa D'Silva	Consultant Radiologist, Mangalore Institute of Oncology	Guest lecture titled "RECIST 1.1 and beyond"	13 May 2025
Radiotherapy				
1	Dr Jeyasingam J	International Faculty, Department of Nuclear	Guest lecture titled "Patient Dose Audits in Diagnostic Radiology and	15 May 2025

S. No.	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
		Science, University of Colombia, Sri Lanka	Radiotherapy: Balancing Imaging Quality and Radiation Safety"	
Urology				
1	Dr Pramod Rai	Senior Consultant - Urology and Jt Director Medical and Health Services SAIL	Guest lecture titled "Psychology of Investing"	21 Mar 2025
2	Dr Tushar Dani	Consultant Urology We care super speciality hospital Raipur	Guest lecture titled "Consent and Medicolegal Angle"	21 Mar 2025

Patent details :
Details of Patent Filed:

Sl No	Name	Date
1	Device for Monitoring Gynaecological Disorders	18 Feb 2025
2	An Apparatus for Image-Guided Pleuraln Aspiration Utilising a Modified Manual Breast Pump for Controlled Suction	19 Feb 2025
3	A Method for Estimating Bloodstain Age on Various Substrates Using Analytical and Imaging Techniques	7 Mar 2025
4	A System and Method for a Verification device for Dosimetric Validation of Vaginal Cuff	17 Mar 2025
5	Multimodal Colour-Cued Rodent Neurobehavioral Assessment Appatus and Method	20 Mar 2025
6	CIRCADIAN SYNC: A Non-Invasive, Real-Time Fatigue and Cognitive Performance Monitoring System	2 Apr 2025
7	System and Method for a Verification device for Dosimetric Validation of rectal and Bladder Doses	21 Apr 2025
8	An Anthocyanin-Infused Starch-Based Biopolymer Film for Real-Time Food Spoilage Detection and Method	28 Apr 2025
9	A system and method for Modular Phantom-Based Dosimetric Validation in HDR Brachytherapy	24 May 2025
10	Antimicrobial and Breathable Waterproof Dressing Cover and a Method of Preparing the Same There	28 Jun 2025
11	Real time Pre-hospital emergency monitoring system	30 Jun 2025
12	A Device and Method for Non-Invasive Saliva-Based Detection of Neonatal Jaundice Using Electrochemical Sensing	9 Jul 2025
13	A Device and Method for Non-Invasive Urine-Based Immunofluorescence Detection of Early Diabetic Nephropathy	9 Jul 2025
14	A Method for Surface-Specific Analysis of Menstrual and Non-Menstrual Blood Stains Using Imaging Techniques	12 Jul 2025
15	A System and Method for Wearable Nasal Prong-Based BiPAP, Auto-CPAP, and Oxygen Therapy	17 Jul 2025
16	A Method for Profiling Postmortem Volatile Organic Compounds by Headspace Solid-Phase Microextraction	31 Jul 2025
17	A System and Method for Cognitive and Personality Assessment Using Biometric Data and Psychological Evaluation	2 Sep 2025
18	A system and method for portable detection of infections using biomarker based automated interpretation	2 Sep 2025
19	A System and Method for Providingreal-Time Biofeedback on Body Posture	4 Oct 2025
20	A Device for Preventing Keloid Formation Using Steroid-Eluting Silicone Dressing and a Method Thereof	14 Oct 2025
21	Real-Time Inpatient Management System and Method for a Multi-Specialty Hospital	3 Dec 2025

S. No.	Event	Details	Date(s)
1	Drug-free Dakshina Kannada	Mr Ashok Pujari, Superintendent of Excise, Office of Joint Commissioner of Excise, Mangalore Division, delivered a session for first-year MBBS students on preventing narcotic/psychotropic drug abuse, its harmful effects, and legal implications. This initiative was part of the State Excise Department's Drug-Free Dakshina Kannada Program.	10 Jan 2025
2	Republic Day Celebrations	KMC Mangalore, commemorated Republic Day 2025 with patriotic fervour and enthusiasm. The event was graced by Dr Pavan Hegde (MBBS Batch of 1984), Professor of Paediatrics, Father Muller Medical College, as the Chief Guest. Dean Dr B Unnikrishnan welcomed the gathering, followed by the flag unfurling and an inspiring Republic Day message by Dr Pavan Hegde, emphasising the importance of dedication to the nation's progress. The student team added to the patriotic spirit with soulful performances of national songs. A special highlight of the event was the felicitation of the doctors and nurses, recognising their role in a historic first-ever organ donation in the District Government Wenlock Hospital's 176-year legacy. The celebration embodied patriotism, teamwork, and medical excellence, reflecting KMC's commitment to healthcare and national service.	26 Jan 2025
3	Bharatiya Bhasha Utsav	As part of the Matribhasha Diwas celebrations, KMC Mangalore organised poster-making and poetry competitions, engaging students in creative expression of their linguistic heritage. The event aimed to instil pride in their mother tongues and emphasize the role of language in cultural identity. Poster Making Competition— Participants highlighted visually compelling posters reflecting themes of multilingualism, cultural diversity, and the significance of mother tongue in education and communication. Poetry Competition— Students composed and recited poems in various Indian languages, celebrating linguistic traditions and the beauty of native expressions. Both activities received enthusiastic participation from students, fostering awareness about the linguistic diversity of India and its role in knowledge development and heritage preservation. The event successfully highlighted the importance of mother tongue in education, research, and communication, reinforcing the cultural and intellectual significance of linguistic diversity.	21 Feb 2025
4	Mythos 2025	The rulebook release and overview session for the interclass sports and cultural fest, organised by the Student Council, KMC MLR, was held on the 28 April 2025. Dean Dr B Unnikrishnan declared the fest open, with the Sports and Cultural Secretaries outlining the exciting events lined up. Sports events were held between April 27 and May 8. 6	Samvidhan Hatya Diwas 	As per the directive of the University Grants Commission (UGC) and the Ministry of Culture, Kasturba Medical College, Mangalore, observed Samvidhan Hatya Diwas, marking the 50th anniversary of the imposition of the Emergency (1975). The observance served as a solemn reminder of the period when civil liberties were suspended, press freedom curtailed, and constitutional safeguards eroded. It aimed to instil in students and faculty a deeper understanding of democratic values and constitutional morality. The event provided an opportunity for the academic community to collectively reflect, remember, and reaffirm their dedication to the ideals of democracy and the Constitution of India.	25 Jun 2025
7	Realign 2025	"ReAlign 2025—Redefining Undergraduate Orthopaedic Learning" was held on 27 July 2025. The event brought together over 250 delegates from four states for a one-day immersive academic and clinical experience in orthopaedics. It was organised by "The Joint Venture: The Undergraduate Society of Orthopaedics". The formal inauguration was graced by Dr Shrikala Baliga, Associate Dean, KMC Mangalore, as the Chief Guest, and Dr Animesh Jain, Professor, Department of Community Medicine, as the Guest of Honour. The program included Structured Clinical Orthopaedic Practical Exercise (S.C.O.P.E.), a quiz, and OrthoPraxis— a skills workshop. ReAlign was a student-led, faculty-backed initiative that blended academic rigour, practical skills, and collaborative energy.	27 Jul 2025
8	Har Ghar Tiranga (HGT) Campaign – 2025	As per the notification of the All India Council for Technical Education (AICTE) and under the aegis of the Azadi Ka Amrit Mahotsav, KMC Mangalore actively participated in the Har Ghar Tiranga (HGT) Campaign 2025, held across the country in three phases as approved by the National Implementation Committee (NIC).The campaign, which began in 2022, has evolved into a Janbhagidari movement symbolizing national identity, patriotism, and pride. The 2025 observance was marked by enthusiastic participation from faculty, staff, and students, who came together to honour the Tiranga as a unifying emblem of India's sovereignty and democratic spirit. **Phased Observance Phase 1 (2nd – 8th August 2025):** Awareness activities were conducted within the institution to sensitize students and staff about the significance of the Tiranga. Posters, online	2–15 Aug 2025

1	Self-Directed learning	The Student Self-Directed Learning (SDL) Program in dental education is designed to promote active, independent, and lifelong learning among dental students. This program encourages students to take responsibility for identifying their learning needs, setting achievable learning objectives, selecting appropriate resources, and evaluating their learning outcomes under the guidance of faculty facilitators. SDL aligns with competency-based dental education and prepares students to meet the evolving demands of clinical practice. In the SDL framework, students engage in a variety of learning activities such as literature review of dental textbooks and scientific journals, case-based discussions, clinical problem-solving, evidence-based dentistry exercises, and reflective learning. Topics are often integrated with preclinical and clinical subjects, enabling students to correlate theoretical knowledge with clinical applications. Faculty members act as mentors and facilitators, providing structured guidance, monitoring progress, and offering constructive feedback. The program enhances essential competencies, including critical thinking, clinical reasoning, decision-making, communication skills, and self-assessment. By participating in self-directed learning, dental students develop confidence, professional accountability, and the ability to update their knowledge in response to advancements in dental materials, techniques, and patient care. Overall, the Student Self-Directed Learning Program plays a crucial role in shaping competent and reflective dental professionals. It fosters a learner-centered environment that supports continuous professional development and ensures graduates are well-prepared for lifelong learning and ethical dental practice.	04 Feb 2025-12 May 2025
Oral Pathology and Microbiology			
1	Alumni Interaction Program	An Alumni Interaction session was conducted, where our Alumnus (MDS Batch 2006), Dr J Muruganandhan, interacted with the undergraduate students and highlighted the importance of histopathology in general dental practice with interesting case scenarios. He stressed the importance of biopsy and correlation of pathology, its role along with clinical, radiographic, and laboratory workup in the diagnosis of common oral lesions, and its relevance to management and treatment.	07 Jan 2025
2	Education CDE Program	A Continuing Dental Education Program was for the BDS students on the topic “Pharmacogenomics in Dentistry – Known to unknown" by Dr Surulivel Rajan, Professor and Head, Department of Pharmacy Practice, Manipal College of Pharmaceutical Sciences, Manipal. The session highlighted how the individual's genetic makeup influences their response to drugs and the importance of developing personalized medicine strategies that optimize drug therapy, minimize side effects, and improve patient outcomes.	25 Feb 2025

Year of Establishment of the Centre: November 2022
Name of the Coordinator: Dr M Vidya Saraswathi
Members:

Coordinator: Dr M Vidya Saraswathi, Professor, Manipal College of Dental Sciences, Manipal
Co-Coordinators

1. Dr Arvind Pandey, Associate Professor, Department of Anatomy, Kasturba Medical College, Manipal
2. Dr Ramakrishna M, Associate Professor, Department of Data Science and Computer Engineering, MIT, Manipal
3. Dr Shubha H S, Professor, MIC, Manipal
4. Dr Priyanka Kamath, Associate Professor, KMC, Mangalore
5. Mr Nishith Damodhar, Assistant Professor, Senior Scale, WGSHA, Manipal

Brief About the Centre:
The **vision** is to facilitate the development of art and techniques of photography to nurture hobbies and/or aid in the profession. The benefits are two-fold,

1. Ensuring a healthy life and promoting the well-being of all age groups, as involvement in hobbies and related activities can distract them from the present bane of destructive practices like alcohol, drug abuse etc, and promote mental well-being.
2. Inclusive and quality education with lifelong learning opportunities for all.

Stakeholders/Target Group:

1. Students and faculty of constituent units of MAHE
2. Students and faculty of constituent units of AGE

Sl No	Name of the Activity	Particulars	Date
1	World Photography week	The Eco Club, MCODS, Manipal, in association with Centre for Photography, MAHE, celebrated Photography Week 2025 with the inspiring theme "Green Frames: Earth Through My Lens", which was in alignment with the Photography Week theme of "My favourite photo" in celebration of our planet's beauty and resilience. Held as an online event, the initiative invited students and faculty to share their favourite photographs of nature, capturing personal moments of connection with the environment. Guided by Dr Vidya Saraswathi M, Faculty Advisor, the event celebrated visual storytelling as a powerful tool for promoting sustainability and environmental awareness. Participants were encouraged to submit original, non-AI-generated images that reflected themes of nature, eco-conscious living, and sustainability. The event not only fostered creativity and environmental appreciation but also offered a platform for budding photographers to showcase their work—the best entries were featured on the official MCODS	12 - 26 Aug 2025

Established:1987

Details of Programs Offered by the Institution:

- BDS (Undergraduate)

MDS (Post Graduation):

- Orthodontics and Dentofacial Orthopaedics
- Oral Pathology and Microbiology
- Periodontology
- Prosthodontics and Crown and Bridge
- Conservative Dentistry and Endodontics
- Oral and Maxillofacial Surgery
- Pediatric and Preventive Dentistry
- Oral Medicine and Radiology
- Public Health Dentistry

Certificate

- Certificate Course in Restorative Dentistry
- Certificate Course in CBCT
- Certificate Course in Modern Endodontic Practice
- Certificate Course in Forensic Odontology(blended)
- Certificate Course in Minor Oral Surgery
- Certificate course in Forensic Odontology (online)
- Certificate course in Micro implant anchorage
- Certificate course in CAD-CAM dentistry
- Dental Bench Test Preparatory course

Post MDS

- PhD Program

About the Institution/School:
Founded in 1987, MCODS, Mangalore, is the country's first dental college to admit 100 students to the BDS course from the very first year of inception, along with the simultaneous commencement of postgraduate programs. We are a constituent unit of

Manipal Academy of Higher Education, which is accredited with the highest Certified A++ by NAAC in the year 2022. The institute follows the ISO 9001:2015 and 14001:2015 standards, imparting quality health care to patients as well as excellent education to students. MCODS, Mangalore, is spread over two locations, conveniently accessible in the city, namely Light House Hill Road and Bejai, with dedicated facilities in each of them. A total of 311 dental chairs, state-of-the-art dental equipment, a centrally air-conditioned library, modern air-conditioned lecture halls, and continuing professional development (CPD) rooms with audiovisual aids, phantom head simulation laboratories for preclinical training, and access to the newer generation of dental materials ensure delivery of optimal training to the undergraduate and postgraduate students. The institute has a mobile dental clinic with two automated dental units that render treatment in peripheral nodal Centres and areas with limited access to dental care. MCODS, Mangalore, successfully conducted 949 dental camps with 22453 patients treated in 2025. The institute also provides segregated hostel facilities for both male and female students, with transport provided from the hostels to the institute. The comprehensively configured 3D Cone Beam Computerized Tomography is a fully loaded system installed in the college. The Surgical Skills Laboratory, the first of its kind in a dental institute in India, has life-size mannequins for hands-on preclinical training in injection techniques (local anaesthesia, IM/IV), tooth extraction, suturing techniques, and basic life support. The state-of-the-art surgical microscope and the CAD Cam equipment are the new equipment added to the inventory of MCODS, Mangalore. Our dental facility features state-of-the-art digital dentistry equipment, including an intraoral and face scanner, with a dedicated Center for Digital Dentistry and advanced infrastructure for precision diagnostics and treatment.

Institutional Activities/Curricular Activities

New Initiatives:

Sl No	Activity	Particulars	Date(s)
Administration			
1	Strategic Initiation of the Center for Digital Dentistry,	One of the major best practices of our institute is the strategic initiation of the Center for Digital Dentistry, which reflects our commitment to future-ready dental education and technology-driven clinical training. This center is envisioned as a comprehensive hub for all digital modules in dentistry, including intraoral 3D scanning, 3D printing, digital smile designing, and computer-assisted treatment planning. What makes this initiative unique is that exposure to digital dentistry has been introduced right from the internship level, ensuring that students graduate with hands-on familiarity with contemporary digital workflows that are now becoming standard in advanced clinical practice. The center also serves as a platform for interdisciplinary learning, research, and innovation. To further strengthen this initiative, a grant proposal worth 5.3 crores INR has been submitted, highlighting the institutional vision to develop state-of-the-art infrastructure and to integrate digital dentistry into teaching, clinical services, and research.	01 Jan - 31 Dec 2025
2	Bench Test Course	Bench Test Course, a structured and skill-oriented training program designed to enhance the technical competence and confidence of students. This course is not restricted to our own students alone but is also open to external candidates, thereby extending the academic and training outreach of the institution. The Bench Test Course plays a crucial role in	01 Jan - 31 Dec 2025

Sl No	Activity	Particulars	Date(s)
		preparing candidates for competitive examinations and overseas licensing assessments, where manual dexterity, procedural accuracy, and time management are critical. By combining structured mentoring, systematic practice, and objective assessment, this initiative significantly improves students' readiness for both national and international professional challenges, reinforcing the institute's role as a center of academic and skill excellence.	

All Other Activities in the Department Relating to the Program/Course:

Sl No	Activity	Particulars	Date(s)
Administration			
1	Global Career Prospects for Dental Intern Students, 	The Career Guidance Committee of MCODS Mangalore hosted a session on "Global Career Prospects for Dental Interns," featuring Dr Arvind Babu, Professor and Research Coordinator at the School of Dentistry, Faculty of Medical Sciences, University of the West Indies.	08 Jan 2025
2	Beyond Smile- Communicate to Care 	Toastmasters International, Division F of District 121, conducted a program titled "Beyond Smile – Communicate to Care." It was organized by the Institutional Academic Excellence Committee, MCODS Mangalore. A team of four resource persons, led by Dr Meera Rao, addressed the students.	11 Jan 2025
3	Research as a Career Option 	The MAHE Student Research Forum, Manipal College of Dental Sciences, Mangalore, along with the Career Guidance Committee, conducted a webinar titled "Research as a Career Option". The resource person was Dr Anahita Deo, alumna of the 2014 batch and Founder of Odigio Careers. Having successfully placed health professionals in research-related roles in corporate organizations, she provided unique insights into career opportunities in research after graduation. She emphasized the importance of utilizing the resources and opportunities provided by MCODS Mangalore to help students build a strong research portfolio.	05 Feb 2025
4	Crafting a Compelling Grant Proposal 	The program was designed to equip participants with essential skills for writing persuasive and successful grant proposals. It provided a structured approach to understanding grant requirements, developing strong narratives, and effectively communicating project goals to potential funders. The program successfully enhanced participants' ability to identify and assess	17 Feb 2025

		funding opportunities, develop well-structured and persuasive grant proposals, align proposals with funding agency priorities, present budgets that support project feasibility and sustainability, and, finally, proofread proposals and conduct compliance checks.	
5	Digital Conclave	The Centre for Digital Dentistry of MCODS Mangalore, along with the IPS Karnataka State Branch, conducted its first-ever Digital Conclave, a two-day event comprising lectures and workshops at MARENA, Mangalore. A total of 205 delegates, including faculty members, students, and practitioners from colleges across Karnataka, Kerala, and Goa, attended the event. The conclave featured 11 lectures, 7 workshops, and 2 panel discussions over the two days. The event covered all aspects of digital dentistry, from intraoral scanning to 3D printing and navigation surgeries, providing insights into the rapidly evolving field of digital dentistry, which helps reduce clinical time and improve patient outcomes.	22 - 23 Feb 2025
6	Advancing Orthodontics Through 3D Printing: Industry-Academia Collaboration	The Center for Digital Dentistry, MCODS Mangalore, in collaboration with Oblu Healthcare LLP, New Delhi, successfully conducted an industry–academia program focusing on digital advancements in orthodontics. Engineers from Oblu Healthcare LLP provided a hands-on demonstration of 3D printing technology and its associated software for creating orthodontic models used in treatment planning. The program was attended by orthodontic postgraduate students, who gained valuable insights into the integration of 3D printing within clinical workflows. This collaborative initiative served as a vital platform for bridging the gap between academia and industry, ensuring that future orthodontists are well-equipped with cutting-edge digital tools for clinical practice.	20 Mar 2025
7	Scoping Review	A two-day workshop on Scoping Review was organized by the PG Research Verticals of MCODS Mangalore and KMC Mangalore and conducted by Dr Divya Patil, Dr Edlin Mathias, and Mr Elstin Anbu Raj from PSPH Manipal for postgraduate students and faculty. The program was well appreciated by all the participants.	06 - 07 May 2025
8	Scope of exploring various options after BDS as a part of the career guidance program for students	A guest lecture was organized by the Career Guidance Committee, Manipal College of Dental Sciences, Mangalore, as part of the Academic Curricular Exchange–III (ACE–III) on 24 May 2025. A total of 31 participants attended the program, including III-year BDS students from MCODS Mangalore. Dr Shreya Hegde, Associate Professor, Department of	24 May 2025

		Conservative Dentistry and Endodontics, MCODS Mangalore, and a member of the Career Guidance Committee, welcomed all the participants. The guest speaker for the event, Dr Shreya Hegde, shared her valuable insights on the topic "Scope of Exploring Various Options After BDS." A Q&A session was held at the end of the lecture. Overall, positive feedback was received from the participants, and the program was well-appreciated by all.	
9	AI Tools Simplifying Research	The Dental Education Unit (DEU) successfully conducted a Faculty Development Program (FDP) on "AI Tools Simplifying Research". The session was led by Dr Srikant N, Professor of Oral Pathology, who brought his expertise and enthusiasm to the forefront, making the program both informative and engaging.	03 Jul 2025
10	MRM and IQAC Meet 2025	17th MRM and 13th IQAC Meet held on 05 Aug 2025	05 Aug 2025
11	Certificate course on CAD-CAM Dentistry: Chairside CEREC Clinician Course	The Centre for Digital Dentistry and the Department of Prosthodontics, in association with Dentsply Sirona, conducted a certificate course on CAD–CAM Dentistry: Chairside CEREC Clinician Course. Dr Umesh Pai, Associate Professor in the Department of Prosthodontics, served as the course coordinator. This extensive two-day hands-on workshop covered various aspects of CAD–CAM dentistry, including crowns, fixed partial dentures, implants, cast partial dentures, and complete dentures. The objective of the course was to bring participants one step closer to mastering digital dentistry by providing in-depth knowledge of CAD–CAM technology and imparting the skills required to plan and deliver excellent same-day restorations. The resource person for the course was Dr Vijay Alageshan, a respected prosthodontist and esteemed alumnus of Christian Medical College, where he completed both his undergraduate and postgraduate studies, graduating at the top of his class. He has served as a faculty member at YMT Dental College and Rau Dental College. With extensive experience in the CEREC chairside system, he currently applies his expertise at Dentsply Sirona and has received certified training in digital and CAD/CAM dentistry in Germany. Dr Alageshan also collaborates with leading practitioners to integrate advanced CAD/CAM technologies across multiple practices in South India.	19 Nov 2025
12	Pathway to UK: Preparation for ORE Exam, Finances, and Career Prospects	The Career Guidance Cell of Manipal College of Dental Sciences (MCODS), Mangalore, organized an informative guest lecture titled "Pathway to UK: Preparation for ORE Exam, Finances and Career	26 Nov 2025

Sl No	Activity	Particulars	Date(s)
		Prospects". The session was delivered by Dr Aayush Poddar, Endodontist, and distinguished Alumnus (Batch of 2015), who has successfully cleared the Overseas Registration Examination (ORE). The session was attended by III BDS students and interns, with a total of 22 participants. Dr Aayush outlined the complete pathway for Indian graduates aspiring to practice dentistry in the United Kingdom. He elaborated on the structure of the ORE examination, differences between ORE and LDS, preparation strategies, timelines, documentation requirements, finances involved, and expected career prospects after successful registration. The session concluded with an engaging Q&A, where students clarified doubts related to exam eligibility, job opportunities, visa pathways, and the transition to UK clinical practice. Participants expressed that the lecture significantly enhanced their understanding of international career options and motivated them to explore global professional avenues.	
Conservative Dentistry and Endodontics			
1	Cons and Endo Week Celebration	The Cons and Endo Week Celebration, held in association with IACDE and MCODS Mangalore. The event was organized by the Department of Conservative Dentistry and Endodontics, MCODS Mangalore. The theme for this year's celebration was "Dental Aesthetics." Various student activities were conducted, including a quiz, table clinic, debate, and poster competition. A total of 82 participants, comprising undergraduate (UG) and postgraduate (PG) students from neighbouring colleges in and around Mangalore, actively took part in these events.	28 Feb 2025
2	Mastering the Management of C-Shaped canals: Techniques, Tools and Tips for Successful Endodontic Treatment	The Department of Conservative Dentistry and Endodontics, MCODS Mangalore, organized a Continuing Dental Education (CDE) program and hands-on workshop on the topic "Mastering the Management of C-Shaped Canals: Techniques, Tools, and Tips for Successful Endodontic Treatment." The event was conducted in collaboration with Orodeka and I-Mag Medical, featuring loupes and LED lighting solutions.	05 - 06 Apr 2025

		Sachin Dev, Dr Ashish Sethi, Dr Priyank Mittal, Dr Shahul Hameed, Dr Shivakumar S A, and Dr Ajit Cherian participated as resource persons, representing various cities across India, including New Delhi, Chandigarh, Ganga Nagar, Chitradurga, Bangalore, and Mangalore. Day 1 of the workshop included lectures on the scientific principles and rationale of cortico-basal implantology, strategic implant placement sites, and the armamentarium required for the procedure. This was followed by hands-on implant placement on models by the participants. Day 2 focused on the clinical placement of cortico-basal implants in patients, with participants performing the procedures under the guidance of the mentors. Two full-mouth rehabilitation cases were initiated, with resource persons providing practical insights and supervision. Implants were placed along with rigid splinting. Day 3 included lectures on various impression techniques, followed by hands-on impression taking and try-ins for the patients. Patient cases were discussed in detail with the participants. The workshop concluded with a valedictory ceremony and certificate distribution by Dean Dr Ashita Uppoor and Associate Dean Dr Junaid Ahmed.	
6	Basic Life Support (BLS) 	A Basic Life Support (BLS) hands-on workshop was conducted on 09 and 26 Aug 2025 for the postgraduate students of MCODS, Mangalore. The participants were trained to deliver high-quality chest compressions, provide appropriate ventilation using a bag-mask device, and perform early defibrillation using an AED. They also learned to recognize various life-threatening emergencies and initiate Basic Life Support effectively. The program was organized by the Department of Oral and Maxillofacial Surgery, MCODS Mangalore, in collaboration with the Department of Emergency Medicine, Kasturba Medical College, Mangalore, at the Simulation Centre, KMC, Attavar. The resource persons included Dr Nikhil Paul (Assistant Professor), Dr Sanjan A (Associate Professor), and Dr Kashyapa (Senior Resident) from the Department of Emergency Medicine, KMC Mangalore, along with Dr Joanna Baptist, Associate Professor, Department of Oral and Maxillofacial Surgery, MCODS Mangalore. The workshop comprised lectures delivered by Dr Kashyapa on 09 Aug and Dr Nikhil Paul on 26 Aug, followed by hands-on training on mannequins conducted by Dr Joanna Baptist, Dr Nikhil Paul, Dr Sanjan A, and Dr Kashyapa. A total of 116	26 Aug 2025

Oral Medicine and Radiology			
1	Adjunct faculty talk and workshop on Empowering Dental Researchers: Shifting towards social Accountability	The Department of Oral Medicine and Radiology, MCODS Mangalore, conducted a workshop featuring a lecture by Dr Arvind Babu, Professor of Oral and Maxillofacial Pathology, School of Dentistry, University of the West Indies, Kingston 7, Mona, Jamaica, and Adjunct Faculty in the Department of Oral Medicine and Radiology, MCODS Mangalore, titled "Empowering Dental Researchers: Shifting Gears Towards Social Accountability" This hands-on session introduced participants to research for policy development using a consensus-based approach.	08 Jan 2025
2	PACE: 1. Case Report of Pemphigus Vulgaris 2. Correlation of Maxillary Sinus Mucosal Thickening with dimensions of pharyngeal bursa and rosenmuller fossa using CBCT	The PACE meeting was held on 10 May 2025, moderated by Dr Ceena Denny E, Professor and Head, Department of Oral Medicine and Radiology, and was attended by 23 participants. The session featured Dr Hannah Haneef, who delivered an engaging lecture on the topic "Correlating Maxillary Sinus Mucosal Thickening with the Dimensions of Pharyngeal Bursa and Rosenmüller Fossa Using CBCT – A Retrospective Study." The second presenter, Dr Hanna Nisar, presented a case report on Pemphigus Vulgaris. Both presentations provided comprehensive insights into the principles of CBCT and the management of Pemphigus Vulgaris. Participants included faculty and postgraduate students from Nepal.	10 May 2025
3	The Role of Antibiotics in Dentistry	The latest Continuing Dental Education (CDE) program was organized by the Department of Oral Medicine and Radiology. The session was attended by 64 participants. The guest speaker, Dr Ankita Tyagi, delivered an engaging and informative lecture on the topic "The Role of Antibiotics in Dentistry." Her presentation provided comprehensive insights into the principles and rationale behind antibiotic use, appropriate prescription practices, and the latest advancements in antibiotic therapy. The lecture emphasized the importance of judicious antibiotic use to combat antimicrobial resistance and promote patient safety. Dr Tyagi also highlighted clinical scenarios where antibiotics are indicated, helping practitioners make evidence-based decisions in daily practice.	21 May 2025
4	Imaging Tomorrow: The AI POWERED Evolution of Dentistry	The latest Continuing Dental Education (CDE) program was organized by the Department of Oral Medicine and Radiology. The session was attended by 30 participants.	29 Jul 2025

		The guest speaker, Dr Niranzena Panneer Selvam, delivered an engaging and insightful lecture on the topic "The AI–Powered Evolution of Dentistry." Her presentation explored the transformative role of artificial intelligence in modern dental practice, providing a comprehensive overview of how AI technologies are reshaping diagnostics, treatment planning, patient management, and clinical decision-making. Dr Niranzena emphasized the potential of AI to enhance accuracy, efficiency, and patient outcomes, while also addressing ethical considerations and the importance of clinician oversight. The session highlighted a variety of AI applications and future possibilities, inspiring attendees to embrace innovation while maintaining a strong evidence-based foundation.	
5	International Radiology Day	A collaborative academic session was conducted in observance of the International Day of Radiology. The program brought together the Department of Oral Medicine and Radiology and the Centre for Forensic Odontology (MCODS Mangalore) with the Department of Forensic Medicine and Toxicology (KMC Mangalore). The session carried the theme "Unlock Forensic Secrets: From Skull to OPG – Master Age, Sex, and Identity", highlighting the role of radiology in forensic identification.	10 Nov 2025
Oral Pathology and Microbiology			
1	National Oral Pathologist Day	The Department of Oral Pathology and Microbiology, Manipal College of Dental Sciences, Mangalore, commemorated National Oral Pathologists Day on 25th February 2025 by organizing a street play titled "Oral Cancer and Role of an Oral Pathologist." The performances were held at the Lighthouse Hill Road campus and the KSRTC public bus stand, aiming to engage and educate the community about the harmful effects of oral cancer. National Oral Pathologists Day is celebrated annually in memory of Dr H M Dholakia, the first postgraduate teacher of Oral Pathology in India, who initiated the first postgraduate course in this subject at Nair Hospital Dental College, Mumbai, in 1960. The street play was enthusiastically enacted by interns and undergraduate students of MCODS Mangalore. The performance at the Lighthouse Hill campus was attended by the Dean, Associate Deans, faculty, and students, while the play at the KSRTC bus stand drew a large crowd of onlookers and passengers. To further promote interest in oral pathology among I BDS students and enhance understanding of the subject, a	25 Feb 2025

2	Mastering Oral Pathology 500+High yield for NEET MDS Aspiration	As part of the university's Year of Industry-Academia Collaboration, a joint webinar was conducted by the Department of Oral Pathology and Microbiology, Manipal College of Dental Sciences, Mangalore, in collaboration with Medi Study Go, an educational technology company. Medi Study Go, co-founded by Dr Palak Bhandari, an alumna of the institution, focuses on bridging the gap between classroom learning and competitive exam readiness using mind-mapping techniques, concept-based explanations, and mnemonic tools to enhance student engagement and retention. The webinar, conducted by Dr Srikant N, Professor, Department of Oral Pathology and Microbiology, featured the live solving of over 500 NEET MDS-relevant MCQs. Each question was presented with clinical context, visual memory aids, explanatory analogies, mnemonics, and trivia-based recall strategies, making the session both intellectually stimulating and interactive. The event attracted a virtual audience of 93 NEET MDS aspirants from across India and received enthusiastic feedback for its depth, clarity, and dynamic teaching approach. The webinar exemplified alumni-driven innovation and departmental academic leadership, successfully realizing the objectives of the industry-academia MoU.	05 - 06 Apr 2025
3	Forensic Value of Human Dentition: Excerpts from DVI Case Series	Dr Samarika Dahal, Associate Professor in charge and HoD Faculty of Dentistry, Maharajgunj Medical College, Kathmandu, Nepal, also an alumna and adjunct faculty of the Department of Oral Pathology and Microbiology, MCODS Mangalore, addressed the third-year BDS students on the topic of Forensic Odontology. The session provided an eye-opening insight into the vital role dental professionals play in forensic science. Ms Dahal, who was actively involved in Disaster Victim Identification (DVI) efforts during the Nepal air crash incident, shared her first-hand experience and the challenges encountered in real-world forensic investigations. Her talk highlighted the identification of victims using dental evidence, bite mark analysis, age estimation, and the legal significance of maintaining accurate dental records. The session was highly informative and interactive, with students showing great enthusiasm and curiosity. Ms Dahal's real-life case	11 Apr 2025

		professionals and postgraduate students on contemporary orthodontic treatment concepts using the Pitts 21 system based on passive self-ligating brackets. The scientific sessions were delivered by Dr Arun Virupakshappa, MDS, MOrtho (Glasgow), MRCPS (England), a Key Opinion Leader in the Pitts21 system with extensive academic and clinical experience. Topics included bracket design and prescription, management of Class I, Class II and Class III malocclusions, esthetic bracketing principles, early light elastics, disarticulation techniques, and finishing protocols. The program aligns with SDG 4 (Quality Education) by strengthening advanced dental education and SDG 3 (Good Health and Well-being) by contributing to improved orthodontic care delivery.	
Paedodontics and Preventive Dentistry			
1	Teddy Bear Clinic, School program 	Kasturba Medical College, Mangalore, in collaboration with the Department of Pediatric and Preventive Dentistry, Manipal College of Dental Sciences, Mangalore, initiated the 'Teddy Bear Clinic' school program. The program was conducted for school children and teachers of Bharath Academy, Yeyyadi, Mangalore, to raise awareness about preventive health and dental care. The Teddy Bear Clinic aims to reduce anxiety in young children who fear doctors, hospitals, or medical and dental procedures, while enhancing their understanding of health and disease. Children aged 4–7 years brought their favorite teddies to the clinic. In a hospital-like setting, the children registered their teddies and presented "complaints." Doctors demonstrated clinical examinations and explained the use of common instruments such as mouth mirrors, explorers, stethoscopes, tongue depressors, and otoscopes on the teddies. The children were also taken on a tour of the ambulance and shown the equipment used for patient care. The program was well-received and appreciated by both the children and the school authorities.	12 Feb 2025

1	World Prosthodontics Day- Enhance perfection with Direct Restorations	The Department of Prosthodontics, on the occasion of World Prosthodontist Day on 22 Jan 2025, conducted a material demonstration and hands-on workshop titled "Enhance Perfection with Direct Restorations" in an Academia-Industry partnership with Wizdent-Kuraray for postgraduates and faculty. The resource person for the program was Dr Preeti Nagarajan.	22 Jan 2025
2	Guided Implant Surgery and Digital Smile Designing	The Department of Prosthodontics, on the occasion of World Prosthodontist Day on 22 January 2025, conducted a material demonstration and hands-on workshop titled "Enhance Perfection with Direct Restorations" in an Academia-Industry partnership with Wizdent-Kuraray for postgraduates and faculty. The resource person for the program was Dr Preeti Nagarajan.	22 Jan 2025
3	Surgical Guides in Implant Placement	The Department of Prosthodontics organized a guest lecture on “Surgical Guides in Implant Placement” under the aegis of the Centre for Digital Dentistry. The resource person for the session was Dr Hardik Shetty, an experienced implantologist associated with DIO Implants. The session highlighted the significance of guided implant surgery in achieving precision, efficiency, and optimal treatment outcomes. Dr Shetty provided an in-depth overview of the types of surgical guides, their design and fabrication, clinical applications, and advantages over conventional methods. He also presented real-time clinical cases demonstrating the successful use of guided implant surgery, emphasizing its practical relevance. The lecture was well-received by undergraduate and postgraduate students, as well as faculty members, providing a valuable opportunity to enhance understanding of digital workflows and contemporary trends in implant dentistry.	28 May 2025
4	Introduction to Zirconia Implants	The Department of Prosthodontics, in collaboration with GMI Implants, organized a guest lecture on “Introduction to Zirconia Implants – Properties, Protocols and Potential.” The session was conducted by Dr Saurabh Gupta, a distinguished alumnus from the batch of 2004 and adjunct faculty at Manipal College of Dental Sciences, Mangalore. Dr Gupta shared his expertise in zirconia implantology, providing an overview of the physical, biological, and aesthetic properties of zirconia as an implant material. He explained the clinical protocols for zirconia implant placement and highlighted their advantages in cases	18 Jul 2025

		requiring superior biocompatibility and aesthetics. The session also addressed the growing potential of metal-free implant solutions in modern dental practice, supported by case discussions and scientific evidence. The program was well-received by undergraduate and postgraduate students, as well as faculty members, offering an excellent opportunity for participants to stay updated on advancements in implant materials and expand their clinical knowledge.	
5	Explore the Beauty of Zirconia" in collaboration with UPCERA Dental, India, 	The Department of Prosthodontics organized a specialized training program for dental technicians on "Explore the Beauty of Zirconia" in collaboration with UPCERA Dental, India, as part of an academy–industry partnership. The session was conducted in the Central Lab, Department of Prosthodontics and Crown and Bridge, Manipal College of Dental Sciences, Mangalore. The resource person was Mr Sanjay Singh, Master Trainer at UPCERA Dental, India. The training focused on the properties, handling, and aesthetic potential of zirconia as a restorative material. Participants were introduced to the latest techniques in zirconia processing, shading, and finishing, with practical demonstrations reinforcing theoretical concepts. The program was well-attended by laboratory technicians, who gained valuable hands-on exposure to modern zirconia workflows. This academy–industry collaboration provided a platform to bridge the gap between technological advancements and practical application in dental laboratories.	25 Jul 2025
6	Mastering Digital Workflows in Fixed Prosthodontics: Module 1	The Department of Prosthodontics, Mangalore, organized a two-day advanced training program titled "Mastering Digital Workflows in Fixed Prosthodontics: Module 1". The program aimed to enhance participants' understanding and clinical proficiency in digital protocols related to fixed prosthodontics. The course was structured as an intensive hands-on module covering essential components of digital dentistry, including digital impressions, virtual treatment planning, designing workflows for fixed prosthodontic restorations, and integrating chairside and laboratory-based digital systems. The objective of this module was to familiarize participants with evolving digital strategies, strengthen their foundational knowledge of digital workflows, and develop the practical skills required to deliver predictable, high-quality prosthodontic outcomes. The resource person for the program was Dr Harsh Shah (BDS, PGDI, Implantologist), a clinician known for his expertise in digital implantology and advanced	26 - 27 Nov 2025

Centre for Forensic Odontology

Address: Manipal College of Dental Sciences, Mangalore,
Light House Hill Road, Mangalore 575001
Phone Number: 0824-2422271
Email (Centre): oralpatho.mcodsmlr@manipal.edu **Email (Coordinator):** srikant.n@manipal.edu

Year of Establishment of the Centre: 31 August 2016
Name of the Coordinator: Dr Srikant N

Brief About the Centre
Vision: To be recognized globally in the field of forensic odontology
Mission: Excellence in education, research, and service in the field of Forensic Odontology

Objectives
- To undertake training and conduct research pertaining to forensic odontology.
- To sensitize medical and dental personnel to various techniques of forensic odontology.
- To develop a database for the identification of features and traits among the Indian subpopulations.
- To serve as a Regional Referral Centre for processing requests pertaining to Forensic Odontology and assist in medico-legal cases.

Activities at the Centre

Sl No	Name of the Activity	Particulars	Date
1.	Forensic Value of Human Dentition: Excerpts from DVI Case Series	Dr Samarika Dahal, Associate Professor in charge, HOD, Faculty of Dentistry Maharajgunj Medical College, Kathmandu Nepal, also Alumna and Adjunct Faculty, Department of Oral Pathology and Microbiology MCCODS Mangalore, addressed the third-year BDS students on the topic of Forensic Odontology on 11 April 2025 from 09:00 AM to 10:30 AM. The session served as an eye-opener into the vital role dental professionals play in the realm of forensic science. Ms Dahal, who was actively involved in the Disaster Victim Identification (DVI) efforts during the Nepal air crash incident, shared her first-hand experience and the challenges encountered in real-world forensic investigations. Her talk provided valuable insights into the identification of victims using dental evidence, bite mark analysis, age estimation, and the legal importance of maintaining accurate dental records. The session was highly informative and interactive, with students showing great enthusiasm and curiosity. Ms Dahal's real-life case experience brought a unique and practical perspective to the topic, leaving a lasting impact on the attendees. Name of the Principal Investigator: NA	11 Apr 2025

2.	One Day Value Addition Training on Forensic Anthropology 	International Day of Radiology Program 10 November 2025| 02:00 PM to 05:00 PM. A collaborative academic session was conducted in observance of the International Day of Radiology on 10 November 2025. The program brought together the Department of Oral Medicine and Radiology and the Centre for Forensic Odontology (MCODS Mangalore) with the Department of Forensic Medicine and Toxicology (KMC Mangalore). The session carried the theme "Unlock Forensic Secrets: From Skull to OPG – Master Age, Sex and Identity," highlighting the role of radiology in forensic identification. The program aimed To introduce participants to radiographic and anatomical methods used in forensic identification. To strengthen interdisciplinary understanding between dental radiology and forensic medicine. To provide hands-on insight into age, sex, and identity estimation techniques using cranial, mandibular, and radiographic features. A total of 23 participants attended the program, including students, interns, and postgraduate trainees from the collaborating departments. The session covered key forensic and radiological topics, including: OPG and CBCT Landmarks Sex Estimation Using OPG and CBCT Age Determination – Demirjian's Method Rugoscopy Age and Sex Assessment from Skull and Mandible. The session enhanced the participants' understanding of how radiographic and anatomical data contribute to forensic identification. The interdisciplinary format encouraged collaborative learning and highlighted the complementary roles of dental radiology and forensic medicine. The program successfully marked the International Day of Radiology with a focused, engaging, and academically rich forensic-radiology session. The collaboration between MCODS Mangalore and KMC Mangalore strengthened academic ties and offered participants valuable exposure to applied forensic techniques.	10 Nov 2025

Brief About the Centre

Vision: To establish a globally recognized center for digital dentistry that integrates advanced technologies, fosters innovation, and enhances dental education, research, and patient care.

Mission: To establish a globally recognized center for digital dentistry that integrates advanced technologies, fosters innovation, and enhances dental education, research, and patient care.

Objectives:

- Educate dental professionals on diverse digital dentistry techniques, emphasizing their practical applications, patient benefits, and sustainability in practice.
- Develop a structured curriculum incorporating cutting-edge technologies like three-dimensional (3D) imaging, intraoral and facial scanners, CAD/CAM, 3D printing, and AI-driven treatment planning.
- Facilitate collaborative research to drive innovation, producing impactful publications, and foster partnerships between academia and industry for national and international funding.
- Enhance patient care by utilizing digital treatment planning and simulations, facilitating interdisciplinary collaboration for comprehensive and efficient treatment solutions.

Manipal College of Pharmaceutical Sciences

Address: Manipal College of Pharmaceutical Sciences, Madhav Nagar, Manipal 576104
Phone Number: 0820 2922482
Email (Office): office.mcops@manipal.edu **Principal Email:** ss.mutalik@manipal.edu

Name of the Principal: Dr Srinivas Mutalik
Established: 1963

Details of Programs Offered by the Institution:

- DPharm
- BPharm
- MPharm
- PharmD
- PharmD PB
- PhD

About the Institution/School:

About Institution/School: Manipal College of Pharmaceutical Sciences between 1963 and 2024. Founded by Dr TMA Pai in 1963 in a modest premise, the institute was christened as the College of Pharmacy. For more than two decades, the institute functioned as a satellite of Kasturba Medical College, Manipal. It was originally affiliated with the University of Mysore between 1963 and 1979. Subsequently, the institute came under Mangalore University, which was founded in 1980. The affiliation of the College of Pharmacy with Mangalore University lasted till 1984. After moving to the new premises in Dec 1981, the college became independent in 1985 and was renamed as the College of Pharmaceutical Sciences (COPS). For a decade (between 1985 and 1995), the college continued its affiliation with Mangalore University. In Karnataka state, Rajiv Gandhi University of Health Sciences (RGUHS) was established in 1996

with a view to consolidating all the institutions of health sciences under one umbrella. Accordingly, COPS was transferred to RGUHS for all academic regulations between 1996 and 1999. In the year 2000, COPS became a constituent unit of MAHE, a Deemed University, and was rechristened as Manipal College of Pharmaceutical Sciences (MCOPS) – a Trail-Blazer of Pharmaceutical Education and Research. MCOPS has come a long way since 1963. The first program introduced was DPharm in 1963 and subsequently BPharm in 1965. Two Masters' Programs that commenced in 1970 were Pharmaceutical Chemistry and Pharmaceutical Administration. While MCOPS was the first in the state of Karnataka, it was second in the south to offer MPharm programs for the aspirants in 1970. However, MCOPS was the first in the country to design and offer MPharm Pharmacy Administration in 1970. Later, all other specializations were added systematically. Today, MCOPS offers the highest number (10) of masters' specializations. Since the beginning of the establishment of the Pharmacy Education in India, the country was trailing behind the developed countries in offering education in the Practice of Pharmacy, in terms of pharmaceutical care in hospitals and the community. To overcome this lacuna and to travel with the developments in Pharmacy Practice across the globe, the Pharmacy Council of India introduced a practice-orientated program, namely Doctor of Pharmacy (PharmD) and PharmD PB in 2008 in India. MCOPS was the first amongst a few colleges which seized this opportunity and launched the new program, viz., PharmD, in 2008. Since then, the PharmD programs of MCOPS have become very popular nationally and internationally. All these programs, which are offered at MCOPS, have received the approvals and EOAs both from the AICTE and/PCI since the very beginning. The prestigious Doctoral Program, viz., PhD in Pharmaceutical Sciences, was introduced at MCOPS in 1979. Since then, a large number of PhDs have rolled out from MCOPS in different disciplines of Pharmacy. MCOPS is often termed as the hub of research activities of MAHE. It has received significant financial assistance from AICTE, DST, DBT, UGC, ICMR, and other funding agencies, helping it modernize its laboratories and remove obsolescence.

Institutional Activities/Curricular Activities
New Initiatives:

Sl No	Activity	Particulars	Date(s)
Administration			
1	The Manipal College of Pharmaceutical Sciences (MCOPS) hosted a two-day "GPAT 2025 Training" program for final-year and third-year Bachelor of Pharmacy (BPharm) students, aiming to equip them with the essential knowledge and strategies required to excel in the upcoming GPAT 2025 examination. The session was graced by Dr Srinivas Mutalik, Principal of MCOPS, MAHE, who delivered the opening remarks for the GPAT 2025 Training program. The session had been convened by a team of dedicated faculty members, including Dr Usha Nayak, Vice Principal, MCOPS, MAHE, Dr Muddukrishna BS, Dr Bhavana Bhat, and Dr Vamshi Krishna T The session was conducted by Dr Hanumantharaju, a distinguished trainer from PAWAN Pharma Tutorials known for his extensive expertise in the pharmaceutical domain and his 18 years of experience in mentoring GPAT	GPAT Essentials and Core Subjects The session kicked off with an insightful introduction to GPAT: 125 questions, dynamic cutoffs (typically 100-120 for top ranks), and criteria for entry into prestigious colleges like NIPER, BHU, ICT Mumbai, and Jamia Hamdard, MAHE strong scores unlock scholarships and direct admissions. We then explored next steps: NIPER (top-ranked, NAAC A++ accredited, limited seats via GPAT merit) and BHU (prestigious, UGC-recognized, competitive positions in MPharm programs). A key highlight: Attempt 70-80% correct questions for passing marks (aim for 85+ to qualify confidently). Government jobs via GPAT were discussed—benefits include job security, pensions, and roles in CDSCO, state drug control, with perks like HRA and medical allowances. Subject-wise discussions energized participants: • Pharmaceutics: Preformulation, tablets/capsules, chemical kinetics, parenterals evaluation, glasses types/testing, aerosols, solubilization (hydrotrophy, cosolvency). • Forensic Pharmacy: Pharmacy Act/PCI composition, DandC Act 1940/Rules 1945, misbranded/adulterated/spurious drugs, Factory/Shops/NDPS/MTP Acts, regulatory bodies	11 - 12 Apr 2025

		PM onwards in the PG Pharmaceutics classroom. The event showcased various traditional dances from different states of India. 35 students, 7 faculty members, and 2 non-teaching staff participated in this event.	
2	Research Scholars Journal Club Report 	The First Journal Club for the PhD Research Scholars was organized by the Innovative Communication Club (I2C) of MCOPS on 15 Jan 2025 from 03:30 to 04:30 PM in Prof P Gundu Rao's conference hall. Dr Srinivas Mutalik, Principal, inaugurated the first journal club with a curtain-raising ceremony and delivered opening remarks highlighting the benefits of the journal club. The program was attended by Vice-Principal Dr Usha Y Nayak and Dr Yogendra Nayak, the Faculty Coordinator of I2C. The Guidelines for the journal club were explained by Ms Maria Nison, a member of the I2C. Ms Madhura M Bose, research scholar from the Department of Pharmacology, presented research work on the topic "Cracking the code of Major Depressive Disorder-What's new in Research? and Ms Geetha Nayak, research scholar from the Department of Pharmaceutics presented on "Chewing Gum meets Nanotechnology- Enhancing Diabetes Treatment". Every month, four journal club sessions are planned by I2C to help research scholars upgrade their scientific knowledge and presentation skills.	15 Jan 2025
3	The NSS unit of MCOPS organized the 'Save Wetlands Campaign' to raise awareness about the importance of wetlands and their role in environmental conservation. The initiative highlighted the need to protect wetlands, which are essential for water filtration, climate regulation, biodiversity support, and overall ecosystem stability. 	In the afternoon, students gathered at KMC Greens to take the Wetland Mitral Oath, emphasizing their collective responsibility to preserve wetlands and keep them healthy. The session helped students understand the environmental, social, and economic significance of wetlands and encouraged them to adopt sustainable practices. Later in the evening, the campaign continued with a tree plantation activity in the garden near MCOPS. Students came together to plant mango saplings, symbolizing the importance of increasing green cover and contributing positively to environmental health. The activity reinforced the value of trees in improving air quality, supporting ecosystems, and enhancing overall quality of life. The event was coordinated by Dr Prasanna K Shetty, the teacher coordinator for the NSS. followed: SDG6: Clean Water and Sanitation, SDG13: Climate Action, SDG11: Sustainable Cities and Communities, SDG14: Life Below Water, SDG15: Life on Land	20 Jan 2025

6	ISPOR Manipal Chapter 2025	The ISPOR Manipal Chapter proudly concludes the academic year 2025, reflecting on a period marked by academic excellence, innovation, and professional development. Throughout the year, the Chapter organized multiple academic and extracurricular initiatives aimed at strengthening students' understanding of Health Economics and Outcomes Research (HEOR), healthcare analytics, and emerging pharmaceutical sciences. The Chapter also successfully conducted its flagship conference, ISPAC 2024-25, themed 'AI in Healthcare: Advancing HEOR in the Asia-Pacific Region' on 07 and 08 Feb 2025. The event included poster presentations and virtual seminars with participation from across the region. The winners for poster presentations were awarded with certificates in two separate categories, conceptual posters and research-based posters. The seminar was loaded with an intellectual panel of Dr Manthan Janodia, Dr Malkeet Singh, Dr William V Padula, Sushant Anand, Anirudh Kotlo, and Robert Selby. The academic year 2025 stands as a testament to teamwork, intellectual curiosity, and student-led innovation. The Chapter extends sincere gratitude to all council members, mentors, speakers, and participants whose contributions made these achievements possible.	07 - 08 Feb 2025
7	Annual Day Report – 62nd Awards and Annual Day Celebrations	The 62nd Annual Day Celebrations of Manipal College of Pharmaceutical Sciences (MCOPS) were held with grandeur and enthusiasm at the Dr TMA Pai Auditorium. The event commenced with an invocation song by Ms Parvathy Madhu, III PharmD student, at 04:00 PM, setting a serene and respectful tone for the occasion. Awards and Recognitions The event began with the presentation of Distinction Awards, Academic Excellence Awards, and Certificates of Appreciation, recognizing the outstanding achievements of students and faculty. The prestigious Dr N Udupa Travel Grant Awards were also distributed by Dr Srinivas Mutalik, Principal, and Dr Usha Yogendra Nayak, Vice Principal, MCOPS. Following this, a mesmerizing invocation dance was performed by Ms Lakshmi Gayatri, I BPharm, at 05:30 PM, after which the dignitaries	08 Feb 2025

		were escorted onto the dais. The honored guests included: •Dr Jagadeesh Babu Rangisetty, Founder and CEO, Biophore India Pharmaceuticals Pvt Ltd, Hyderabad •Dr Sharath K Rao, Pro Vice Chancellor (Health Sciences), MAHE •Dr P Giridhar Kini, Registrar, MAHE The Welcome Address was delivered by the Principal at 05:35 PM, followed by the presentation of the Endowment Awards by Dr Jagadeesh Babu Rangisetty.	
8	The Pradhan Mantri Kaushal Vikas Yojana (PMKVY) 4.0 Recognized Prior Learning (RPL) Scheme in Pharmacovigilance was a five-day training and assessment program conducted by the Karnataka State Pharmacy Council (KSPC) in collaboration with LSSSDC under the PMKVY 4.0 initiative. The training was conducted by Dr Mohammed Salim KT (Assistant Professor, Senior Scale, Department of Pharmacy Practice, MCOPS) from 17 to 20 Feb 2025, followed by an assessment on 22 Feb 2025, which was performed by Mr Venkataraman, assigned from Team IRIS-Corp.	The training program was formally inaugurated on 17 Feb 2025, by the Chief Guest Dr Saleemulla Khan, Central Council Member of the Pharmacy Council of India (PCI). The event was graced by the presence of Dr Srinivas Mutalik, Principal, MCOPS, Dr Usha Y Nayak, Vice Principal, MCOPS, and other distinguished faculty members. The inauguration emphasized the crucial role of pharmacovigilance in ensuring drug safety and strengthening healthcare practices. With 21 participants from Kerala, Karnataka, and other states in India, the program attracted a diverse group of pharmacy professionals committed to advancing their expertise in drug safety monitoring.	17 - 20 Feb 2025
9	The Residential Training Program, "Experience the Laboratories," was conducted from 22 to 27 Feb 2025, as part of National Science Day celebrations by Manipal Academy of Higher Education. The event was hosted by MCOPS, Manipal. The program provided school children with hands-on exposure to various scientific disciplines through interactive sessions, laboratory visits, and skill-building activities. Participants engaged in physical activities like yoga and games, followed by academic sessions at renowned institutions such as WGSHA, KMC, MAPS, MSLS, MIT,	The valedictory ceremony held on 27 Feb 2025 marked the successful conclusion of the program, celebrating students' participation and achievements. The resident hackathon winners were awarded prizes by the Chief Guest, Dr H S Ballal, Pro Chancellor of MAHE, Manipal. The Chief Guest addressed and interacted with the school children, inspiring them with his insights. The event was further graced by the Guest of Honour, Dr Raviraja N S, Chief Operating Officer, MAHE, along with Dr Narayana Sabhahit, Pro Vice-Chancellor (Technology and Science), and Dr Srinivas Mutalik, Principal of MCOPS, MAHE. They addressed the students, commending their enthusiasm and encouraging them to pursue scientific exploration.	22 - 27 Feb 2025

10	The NSS Unit of MCOPS successfully organized a Blood Donation Drive on 24 Feb 2025, demonstrating its commitment to community welfare and life-saving voluntary service. The event was inaugurated by Dr Shamee Shastry, an esteemed Immunohematology and Transfusion Medicine expert and Professor at Kasturba Medical College, Manipal. The ceremony began with a welcome address by Dr Srinivas Mutalik, Principal, MCOPS, followed by an insightful inaugural message from Dr Shamee Shastry. The formal inauguration took place with the unveiling of the event banner. Dr Prasanna Kumar Shetty, Faculty Coordinator of NSS, concluded the ceremony with a vote of thanks.	The donation process began with donors completing registration forms and undergoing preliminary eligibility assessments. This was followed by vital checks and blood group testing conducted by trained medical professionals. Eligible donors then proceeded to donate 350 ml of blood, after which they were provided with refreshments and adequate rest time. The drive saw enthusiastic participation from 113 volunteers, including students, faculty, and staff. A total of 82 donors successfully donated blood. Each donor received a certificate and goodies as a token of appreciation for their valuable contribution. The event was conducted in collaboration with the Blood Bank of Kasturba Medical Hospital, ensuring a safe, well-coordinated, and impactful donation experience. The Blood Donation Drive marked a significant contribution toward life-saving efforts and reflected the true spirit of NSS — "Not Me, But You".	24 Feb 2025
11	The Faculty Development Workshop titled 'Exemplary MCOPS: Targets, Attainments, Strategic Planning and Beyond…' was conducted on 27 Mar 2025 at Prof P Gundu Rao Conference Hall, MCOPS, MAHE, Manipal. The workshop aimed at fostering faculty	The workshop commenced with opening remarks by Dr Srinivas Mutalik, Principal, MCOPS, who emphasized the strategic planning for institutional growth. This was also a forum to celebrate MCOPS's excellence in 2024. 	excellence. Dr Usha Y Nayak, Professor and Vice Principal, MCOPS, highlighted the role of research in shaping the future and enhancing institutional reputation. Dr Anoop Kishore, Associate Professor, Department of Pharmacology, MCOPS, emphasized the importance of alumni relations in fostering professional networking and institutional development. Dr D Sreedhar, Professor and Head, Department of Pharm Regulatory Affairs and Management, MCOPS, provided valuable insights on industry-academia collaborations and corporate engagement strategies. Dr C Mallikarjuna Rao, Former Principal, MCOPS shared his views on institutional strategic development.	
12	MCOPS Parents Connect – 2025 	This initiative, introduced in 2024, aims to build a strong bridge of communication and understanding between the institution and parents, focusing on the academic and emotional well-being of students residing away from home. The session commenced with a warm welcome address and opening remarks by the Principal, Dr Srinivas Mutalik. The Chief Guest, Dr Arvind Kumar Pandey, Deputy Director of Student Affairs (Health Sciences), MAHE, and Associate Professor at KMC Manipal, delivered an insightful address. He highlighted the wide range of facilities and support systems available at MAHE that are dedicated to promoting student well-being and holistic development. The keynote talk on 'Bridging the distance: effective parenting for students away from home' was delivered by the esteemed Consultant Psychiatrist, Dr Virupaksha Devaramane. Known for his work in mental health awareness, Dr Devaramane shared valuable strategies and insights on supporting students emotionally and mentally during their academic journey. He also emphasized the role of parents in understanding their difficulties and the importance of staying connected with both students and mentors. Following the session, an interactive Q&A provided parents with an opportunity to engage with the experts and share their queries and concerns. The session was attended by more than 100+ parents. The event was coordinated by Dr Virendra Ligade, Coordinator of Student Affairs at MCOPS. Dr Usha Y Nayak, Vice-Principal, Dr Pawan G Nayak, Assistant Professor, MCOPS, and other faculty members participated and contributed to the success of the event.	07 Apr 2025

13	Manipal College of Pharmaceutical Sciences (MCOPS), Manipal Academy of Higher Education (MAHE), Manipal, in association with the School of Pharmaceutical Sciences (SOPS), Manipal University Jaipur (MUJ), organized the MCOPS Alumni Meet	The event witnessed the participation of about 40 MCOPS alumni from academia and industry. The Chief Guest for the occasion was Prof (Dr) Niti Nipun Sharma, President of Manipal University Jaipur, and the Guest of Honour was Dr Karunakar A Kotegar, Pro-President of Manipal University Jaipur. The event was further graced by the presence of Dr Srinivas Mutalik, Principal, MCOPS, MAHE, Manipal, Dr Krishnamurthy Bhat, Director, SOPS, MUJ, Dr Anoop Kishore, Alumni Coordinator, MCOPS, and Dr Jayesh Mudgal, Associate Professor, SOPS, MUJ. The program was inaugurated by the Chief Guest, Dr Niti Nipun Sharma. In his presidential address, Dr Sharma warmly welcomed the alumni and emphasized the vital role that alumni play in their alma mater's continued growth and success. Dr Karunakar Kotegar provided an overview of Manipal University Jaipur and its constituent colleges, encouraging the alumni to actively contribute to strengthening the alumni network. Dr Srinivas Mutalik shared an inspiring account of the remarkable growth and achievements of MCOPS over the past two decades. The inaugural session was followed by an interactive alumni session, where attendees recounted their professional journeys and fond memories of their student days at Manipal. The event offered a valuable platform for networking and reconnecting. The meeting concluded with lunch, after which Dr Jayesh Mudgal delivered the vote of thanks, expressing gratitude to all participants and contributors.	26 Apr 2025
14	Faculty Development Workshop	"Balancing Teaching, Research and Administration: The Key to Academic Success" was conducted for the Manipal College of Pharmaceutical Sciences (MCOPS) faculty members on 04 Jun 2025 at Prof P Gundu Rao Conference Hall, MCOPS. Dr Srinivas Mutalik, Principal, MCOPS, delivered the opening remarks, emphasizing the importance of the workshop. The program commenced with an insightful session on "Pedagogic Effectiveness: Being a Teacher" by Dr K Ramnarayan, Pro Chancellor of Sikkim Manipal University. He highlighted the roles of the teacher, the teacher's portfolio, and the student-teacher relationship. This was followed by a session on "Next Generation Research: Ethics and Integrity" by Dr Santhosh KV, Deputy Director – Research, MAHE. He spoke about the ethical practices in journal publications and open-access policies. Post tea break, Dr Sathish Kumar, Manipal School of Commerce and Economics, delivered a session on "Professional Growth by Personality	04 Jun 2025

		aimed at introducing the foundational principles of Lean Six Sigma and exploring their practical applications in healthcare, pharmacy, and allied sectors. The inaugural session commenced with a warm welcome to all participants and dignitaries. The gathering was graced by the presence of: • Dr Sharath K Rao, Pro Vice Chancellor (Health Sciences), MAHE • Dr Upendra Nagaich, Chief Guest, CEO, SPER Market Research • Dr Amitabh Saxena, Founder and CEO, Anexas • Dr Shrinivas Mutalik, Principal, MCOPS • Dr Anup Naha, Coordinator, CPSD • Dr Shrinivas Hebbar, Co-Coordinator, CPSD The Lean Six Sigma Workshop served as a valuable platform for capacity building and knowledge enhancement, aligning academic insights with industry expectations. It contributed significantly to professional development and was well-received by all attendees. All participants who completed the workshop and successfully appeared for the written assessment were awarded the Lean Six Sigma Yellow Belt Certification, recognizing their foundational knowledge of Lean Six Sigma principles and tools.	
17	Manipal College of Pharmaceutical Sciences (MCOPS), a constituent unit of the Manipal Academy of Higher Education (MAHE), an Institution of Eminence, successfully hosted the Manipal Pharmaceutical Conference (MPCON) 2025. The three-day event, held from 28 to 30 Aug, revolved around the theme, "Translating Innovation: Bridging Pharmaceutical Research and Therapeutic Outcome," and saw enthusiastic participation from students, academics, and industry professionals across the country. 	The conference was a grand success, attracting 509 registered delegates from over 20 institutions across India. The event began with pre-conference workshops on Aug 28, which saw 118 participants engaged across five different specialized streams The scientific fervour was evident in the 360 posters presented during the main conference, showcasing cutting-edge research in pharmaceutical sciences. The event was organized under the able leadership of Convener Dr Srinivas Mutalik, Principal of MCOPS, and Co-convener Dr Usha Y Nayak, Vice Principal of MCOPS. The conference was marked by a series of distinguished ceremonies. The pre-conference workshops were inaugurated by Chief Guest Dr Anil K. Bhat, Dean, Kasturba Medical College, Manipal. The main conference inauguration on 29 Aug was graced by Chief Guest Dr H S Ballal, Pro Chancellor, MAHE. The valedictory ceremony on Aug 30 was attended by Chief Guest Dr Zoher Sihorwala, Senior Vice President and Head – Global Regulatory Affairs, Wockhardt Limited, Aurangabad. The scientific program was rich and diverse, featuring insightful talks from eminent national and international speakers from both industry and academia. Key highlights included a dynamic panel discussion on emerging trends, extensive poster presentation sessions, and the final round of the "PharmAZy Quiz" for undergraduate students, where five teams	28 - 30 Aug 2025

18	Walkathon on Organ Donation and Nasha Mukth Bharat Abhiyan. The NSS Walkathon 2025 was organized in collaboration with Rotary International District 3182 and Kasturba Hospital, Manipal, with the aim of spreading awareness on organ donation and Nasha Mukth Bharat Abhiyaan. The event commenced at 07:30 AM at the KMC Interact Hall. 	The program began with an inaugural ceremony, which included a meaningful skit on organ donation performed by NSS volunteers. This effectively conveyed the importance of organ donation to all the participants. Following the inauguration, the walkathon on organ donation started from KMC Interact Hall, passed through MIT Babbu Swami Temple, and proceeded to Syndicate Circle. The return walk to KMC Interact marked the beginning of the Nasha Mukth Bharat Abhiyaan segment. The event concluded with a street play on substance abuse, presented by NSS volunteers, followed by a collective pledge taken by all participants to work towards a drug-free society. The walkathon successfully raised awareness on organ donation and substance abuse prevention, while uniting the community under a shared vision of building a healthier and socially responsible society.	31 Aug 2025
19	The NSS Unit celebrated International Literacy Day with great enthusiasm and active participation from the children. The event was designed to raise awareness through educational and engaging activities while ensuring a fun-filled and creative experience. The program began with two impactful skits. The first skit highlighted the harmful effects of excessive screen time on children's health, learning, and social skills. The second skit focused on dengue fever awareness, emphasizing preventive measures and the need to maintain a clean environment. Both performances were delivered in an informative yet entertaining manner, leaving a strong impression on the audience. 	As part of Teachers' Day, children made beautiful handmade cards to express their gratitude and affection towards their teachers. This activity helped them showcase their creativity and heartfelt appreciation. The celebration concluded on a high note, with the children joyfully dancing to popular songs, spreading smiles and positive energy throughout the venue. Overall, the International Literacy Day celebration by the NSS Unit was a memorable, educational, and enjoyable event that blended awareness, creativity, and entertainment seamlessly.	06 Sep 2025

The program was smoothly compered by Mr Rishi Arun Bhat and Ms Sameeksha, ensuring a seamless flow of events.	inspiring address motivated volunteers to uphold the true spirit and values of NSS. The event was also attended by Dr Srinivas Mutalik, Dr Prasanna Kumar (NSS Teacher Coordinator, MCOPS), Dr Usha Nayak, and Dr Shreedharan. The Highlights of the Year were presented by Mr Karthikeya Mahesh Hegde, followed by an introduction of the newly formed committee by Supreetha Nayak. The ceremony concluded with a heartfelt Vote of Thanks delivered by Mr Shashank. To commemorate the occasion, a plantation drive was conducted in the MCOPS garden, symbolizing sustainability, growth, and collective responsibility. The event beautifully embodied the NSS motto "Not Me, But You."	
23	The Pharmacy Literacy Club (PLC), Centre for Public Health Pharmacy, MCOPS, in association with the Alliance Club International, Udupi, and the Chosen Generation Charitable Trust, Udupi, organized "Nirmitha", a Medication Donation Program, on Friday, 17 Oct 2025, across two old age homes in Udupi.	The donated medications were procured from Sri Poorna Medicals, managed by Mr Sumith Sunil Shetty, a member of the Alliance Club International. The community outreach commenced at Vishranthi Dhama, an old-age home run by Spandana Charitable Trust, at 10:00 AM, where PLC members handed over the donated medications to the caretakers and explained their appropriate usage. Additionally, an interactive session was conducted on managing chronic conditions such as diabetes mellitus, hypertension, and dyslipidemia, emphasizing lifestyle modifications, recognition of disease symptoms, and awareness of possible medication side effects. The session also highlighted the importance of patient counselling, which was actively demonstrated by the participating PLC student members. In the afternoon, the outreach continued at Emmanuel Old Age Home, located in Hoode, where a similar session and donation were carried out by the PLC team.	17 Oct 2025
24	A Wealth Out of Waste competition was conducted at Indrali English Medium School on 17 Oct, encouraging students to showcase creativity through recycling and sustainable practices. 		Scientific Writer. Ms Punja guided participants through the essentials of manuscript and abstract writing, poster development, and preparing clinical summaries. She also conducted hands-on exercises focused on formatting tables and plotting mean ± standard deviation graphs, which helped participants gain practical experience in scientific data presentation. Day 2 featured a session by Ms Mary Jannet, Principal- Scientific Writing, who delivered an in-depth talk on regulatory writing. She explained the key components of clinical trial protocols and engaged participants in developing different sections of a protocol. Additionally, she introduced the concept of clinical study reports through an interactive case discussion. The workshop concluded with an engaging Q&A session, where students received guidance on interview preparation, essential industry skills, and career opportunities in medical writing. The two-day workshop provided valuable insights into both scientific and regulatory writing, bridging academic learning with real-world industry applications.	
27	MCOPS-Pharma Industry Summit 2025 	Dr Srinivas Mutalik, Principal, Manipal College of Pharmaceutical Sciences, MAHE, Manipal, welcomed the gathering and spoke on the importance of industry-academia collaboration for the exchange of ideas and knowledge, especially in the context of good manufacturing practices in the pharma sector. Mr Kaushik Desai, an Alumnus of MCOPS and an Executive Committee Member of the International Pharmaceutical Federation (FIP), was the Chief Guest during the inaugural function of the summit. He lauded the initiative by MCOPS to foster collaboration and knowledge exchange between academia and industry. Dr Sharath K Rao, Pro Vice Chancellor– Health Sciences, Manipal Academy of Higher Education, Manipal, in his presidential address stressed on the need for personalized medicine and the need for innovation in the pharmaceutical sector in India. Dr Girish Pai K, the organizing secretary of the conference and the coordinator of corporate relations, MCOPS, proposed the vote of thanks. The valedictory function was started at 04.00 PM with an overview of the MCOPS-Pharma Industry Summit 2025 presented by Dr Girish Pai K. The function was presided over by Dr Narayana Sabhahit, Pro Vice Chancellor– Technology and Science, Manipal Academy of Higher Education, Manipal, who commended MCOPS for organizing the Pharma Industry Summit. Dr Dinesh Shenoy B was the chief guest for the event. Dr Usha Y	25 Oct 2025

28	The Manipal International Society of Pharmacoepidemiology Student Chapter Conference (MISPECON 2025) was successfully held on 01 and 02 Nov 2025, preceded by a pre-conference workshop on 31 Oct 2025	The two-day conference brought together students from 15 different colleges across India, highlighting its national outreach and collaborative vision. Day 1 began with an inaugural session graced by the presence of Chief Guest Mr Suraj Madhavan, Guest of Honour, Dr Vasudha Devi, and Dr Surulivel Rajan M and presided by Dr Srinivas Mutalik. The inaugural session began with welcome remarks and was followed by a series of insightful talks by distinguished speakers. The second day opened with an engaging session on: • "How to Establish an ISPE Student Chapter and Become an ISPE Member" – Mr Jyotirmoy Sarker, Immediate Past Chair, MPharm, MBiotech, MBA University of Illinois, US • "Integrating Pharmacoeconomics and Patient-Reported Outcomes in Decision-Making" – Dr Raghuvir Keni, Health Technology Assessment Scientist at Eli Lilly • "Markov Models – A Guide for Pharmacoeconomics" – Mr Mahesh Lingaiah, Founder and Chief Strategy officer, at Analyfied. • "Translating Economic Models into Policy Making" – Dr Girish Thunga, Professor of Pharmacy Practice, at Manipal College of Pharmaceutical Sciences (MAHE). The day continued with further oral presentation sessions, followed by the valedictory ceremony and certificate distribution in the evening.	01 - 02 Nov 2025
29	A special workshop titled "Kannada Maathadi – Kannada Speaking Workshop" was organized on 08 Nov 2025 at P Gundu Rao Hall, MCOPS, as part of Karnataka Rajyotsava celebrations. The event was graced by Ms Tejashree, Ph.D. Scholar from the Department of Pharmacy Practice, under the mentorship of Dr Girish Thunga, who served as the Chief Guest.	The workshop aimed to help non-Kannadiga and non-local students gain basic proficiency in Kannada through simple, practical, and conversational learning. Participants were introduced to everyday phrases, greetings, and commonly used expressions in an interactive and beginner-friendly format. The session promoted cultural integration, inclusivity, and effective communication within and beyond the campus. All participants received certificates of participation, and the event was appreciated for encouraging linguistic harmony and enhancing cultural awareness within the MAHE community.	08 Nov 2025

30	A heartwarming and joy-filled morning celebrating our little warriors! The event began with colorful party props, a fun selfie session, and a cheerful welcome. Dr Vasudev Bhatt graced the event as the chief guest, along with Dr Prasanna Kumar and Dr Shreedharan, and shared a few encouraging words with the children. Volunteers lit up the room with singing performances, followed by a playful joker entry that had the kids laughing and interacting. The games session was packed with excitement — Passing the Parcel, Memory Game, and Guess the Animal/Cartoon Sound kept the children engaged and thrilled.	A short puppet show and a soothing flute performance added magic to the morning. The art corner was buzzing with creativity as children enjoyed hand-painting and chart-painting, leaving behind beautiful little masterpieces. We concluded with a final Joker Act, dance performances, prize distribution, and a warm Vote of Thanks by Dr Prasanna Kumar Sir. A truly memorable celebration filled with smiles, strength, and pure childhood joy!	14 Nov 2025
Pharma Quality Assurance			
1	The Manipal College of Pharmaceutical Sciences (MCOPS) organized a two-day workshop "SOLSTATE-2025" on 13 and 14 Feb, 2025, focusing on solid-state characterization in Pharmaceutical Research. The event was organized by the Department of Pharmaceutical Quality Assurance, drawing expertise and collaboration from both academic and industry sectors	The inaugural event was graced by the chief guest, Dr Raghavendra Shetty, Vice President of Navitas Life Sciences, Manipal, Dr Mahalaxmi Rathnanand, additional professor in the Department of Pharmaceutics and in-charge of principal MCOPS, Resource persons Mr Sandeep H B and Mr Arjun Unnikrishanan from Aimil Bangalore	13 - 14 Feb 2025

		Manipal. The program began with a briefing and introduction of the resource person by Dr Srinivas Mutalik, Principal, MCOPS. The sessions were led by Dr K Ramnarayan, Pro Chancellor, Sikkim Manipal University, and Emeritus Professor of Medical Education, MAHE, Manipal. The workshop provided practical tools for assessment design, insights into teaching philosophy, and reflections on the roles and responsibilities of teachers. The sessions were interactive and well-received by all participants. The program concluded with a vote of thanks by Dr Raghu Chandrashekar H, Professor and Head, Department of Pharmaceutical Biotechnology, MCOPS, who acknowledged the valuable contribution of the resource person and the enthusiastic participation of the young faculty.	
Pharmaceutical Chemistry			
1	DeepSAR-Accelerating Drug Discovery, Research and Education with Artificial Intelligence 	The workshop was inaugurated by Dr B S Satish Rao, Director, Manipal School of Life Sciences (MSLS) and Director, Centre for Doctoral Studies, MAHE, emphasizing the transformative role of AI in pharmaceutical sciences. The workshop concluded with a valedictory ceremony attended by Dr Srinivas Mutalik (Principal, MCOPS), Dr Usha Y Nayak (Vice Principal, MCOPS), and Dr Suvarna G Kini (Professor and HOD, Pharmaceutical Chemistry, MCOPS). Dr Kini presented a comprehensive workshop report, highlighting key takeaways, and certificates were distributed to all participants.	20 - 22 Mar 2025
Pharmaceutics			
1	The Centre for cGMP at Manipal College of Pharmaceutical Sciences (MCOPS), MAHE, successfully hosted the first edition of the Manipal cGMP Forum alongside the celebration of the 3rd National cGMP Day. The event marked a significant milestone in advancing pharmaceutical quality and good manufacturing practice in India. The concept of National cGMP Day, initiated by Dr Girish Pai K, Coordinator, Centre for cGMP, has been celebrated annually since 2023, in collaboration with IDMA, PCI, FOPE, Pharmexcil, and other leading industry bodies. 	Lt Gen Dr M D Venkatesh, Honourable Vice Chancellor of MAHE, Manipal, expressed his pride in the achievement, stating, “For MAHE, this marks a significant milestone as we celebrate 2025 as the ‘Year of Excellence in Industry-Academia Collaborations.’ The release of this Special Postal Cover in association with IDMA is expected to generate nationwide awareness on the importance of cGMP and the quality of medicines. It is a momentous occasion for MAHE, especially as the Department of Posts, India approved our joint proposal to commemorate this noble field — pharmaceuticals — through this release.” Best Poster Awards were presented with certificates, cash prizes, and a Special cGMP Gift sponsored by Akums Drugs and Pharmaceuticals Ltd. The theme, “cGMP for Sustainable Quality”, unveiled earlier in Apr 2025, set the tone for impactful discussions. The conference featured: Plenary sessions, Poster presentations, Interactive industry-academia dialogues and student engagement activities which included Quality jingle, innovation pitch and tree	10 Oct 2025

1	The National Conference on Inflammation and Drug Discovery (Inflammo-CON 2025) was successfully organized by the Department of Pharmacology, Manipal College of Pharmaceutical Sciences (MCOPS), Manipal Academy of Higher Education (MAHE) from 05 to 07 Feb 2025. 	The conference aimed to provide a multidisciplinary platform for researchers, academicians, and students to exchange knowledge and explore emerging strategies in inflammation research and drug discovery. The event commenced on 05 Feb 2025 with a Pre-Conference Workshop, inaugurated by Dr Srinivas Mutalik, Principal, MCOPS, who emphasized the significance of pharmacological research and interdisciplinary collaboration in advancing therapeutic innovations. The main conference was inaugurated on 6 Feb 2025 with the lighting of the lamp by Dr Raviraja NS, Chief Operating Officer, MAHE, along with Dr Srinivas Mutalik, Dr K. Nandakumar, Professor and Head, Department of Pharmacology, and Dr Yogendra Nayak, Organizing Secretary. The conference attracted nearly 150 delegates from various institutions across the country. Dr Devinder Arora discussed the role of inflammation in mood disorders, Dr Raghavender Medishetty elaborated on tyrosine kinase biology and zebrafish models, and Dr Ashutosh Kumar highlighted mitochondrial dysfunction in diabetic neuropathy. On the final day, experts, including Dr G Jagadeesh, Dr M K Unnikrishnan, Dr Manjunath B Joshi, and Dr Jayesh Mudgal, provided valuable perspectives on regulatory science, evolutionary immunology, neutrophil extracellular traps, and inflammasomes as therapeutic targets. The conference also featured poster and oral presentation sessions, with over 70 posters and 10 oral presentations, enabling young researchers to showcase their work. These sessions encouraged scientific dialogue and constructive feedback from experienced evaluators. The event concluded with a valedictory ceremony on 07 Feb 2025, featuring an address by Dr Mahadeva Nayak, Sami-Sabinsa Group Ltd., followed by the announcement of award winners and a vote of thanks.	05 - 07 Feb 2025

Pharmacy Management			
1	As part of MAHE's digital learning initiatives, a training session on the LMS Brightspace was organized for the faculty members of the Departments of Pharmacology, Pharmaceutical Biotechnology, and Regulatory Affairs on 05 Mar 2025, from 02:30 PM to 04:00 PM at the PG Seminar Hall, Department of Pharmacology, MCOPS, MAHE.	The session was conducted by Dr Pradeep Murugundi, Associate Professor, Department of Regulatory Affairs, MAHE, and LMS Coordinator for MCOPS, Manipal. He provided an in-depth overview of Brightspace, focusing on its key features, including: • Course Management – Structuring and organizing course content effectively. • Content Delivery – Uploading and managing course materials for seamless student engagement. • Assessment Tools – Designing quizzes, assignments, and other evaluation components for tracking student progress. A hands-on demonstration familiarized participants with the platform's functionalities, followed by an interactive Q&A session that addressed practical challenges in implementing Brightspace in day-to-day teaching. Faculty members actively engaged in discussions, sharing insights on integrating the LMS into their teaching methodologies. Approximately 15 faculty members benefited from this session, gaining valuable knowledge on optimizing digital tools for effective teaching. The training was well-received, with participants appreciating its relevance in enhancing digital learning and improving teaching efficiency. The session concluded with a discussion of best practices for effective LMS implementation, ensuring a smooth transition to digital course management at MCOPS.	05 Mar 2025
Pharmacy Practice			
1	10th International Conference on Clinical Pharmacy (CPCON 2025)	The 10th International Conference on Clinical Pharmacy (CPCON 2025) organized by the Centre for Pharmaceutical Care in association with the Department of Pharmacy Practice, Manipal College of Pharmaceutical Sciences (MCOPS), themed "Transforming Pharmacy Practice for Value-Based-Care Models," was held on 10 and 11 Jan, 2025, at Dr TMA Pai Halls, KMC, Manipal. This global event brought together professionals and researchers to discuss advancements in pharmacy practice, focusing on patient-centered and value-based care. The conference commenced with an inaugural ceremony by the chief guest Dr Sharath Kumar Rao K, Pro-Vice Chancellor-Health Sciences, MAHE, Manipal. The first scientific session, "Research in Patient Care Models," featured thought-provoking presentations. Frank May, FISPE, Australia, explored the evolution and prospects of clinical pharmacy in India. 		directions in aged care pharmacies in Australia. Dr Steven Chen, Associate Dean for Clinical Affairs, University of Southern California, USA, highlighted strategies for improving population health through value-based clinical pharmacy services. The second day began with research presentations, offering further opportunities to explore innovative ideas. CPCON 2025 successfully fostered collaboration, knowledge-sharing, and innovation in clinical pharmacy, paving the way for advancements in value-based care practices. The program also involved two parallel themes in the pre-conference workshops on "Writing Successful Publications: Practical Insights" and "Health Data Analytics using 'R' programming" on 09 Jan 2025. The program involved 184 scientific presentations in different categories by students and staff. 474 registered delegates from 49 pharmacy colleges pan India participated in the conference.

	Pretioso, a student-run Emergency Medicine Club of Kasturba Hospital, Manipal, organized a workshop on Basic Life Support (BLS) and Road Traffic Awareness (RTA) on 23 Jan 2025 at MCOPS. The session aimed to equip participants with essential life-saving skills and first-aid techniques. Key topics such as the Chain of Survival, Cardiopulmonary Resuscitation (CPR), and the Heimlich Maneuver were thoroughly explained and demonstrated. A highlight of the workshop was the demonstration of two-person CPR using an Automated External Defibrillator (AED), including the variation in chest pad placement	severe bleeding. Students were taught the Do's and Don'ts of emergency situations and were introduced to techniques like splinting and compression bandaging. The workshop saw enthusiastic participation from over 45 students from the B. Pharm and PharmD programs at MCOPS. This initiative highlighted the importance of emergency preparedness and equipped students with vital skills to respond effectively in critical situations.	
4	ICOP India 2025 proved to be a pivotal event for the global pharmacometrics community, bringing together experts from academia, industry, and regulatory bodies to discuss cutting-edge advancements and emerging trends. This report summarizes the key highlights and takeaways from the conference, showcasing the immense value it offered to attendees and sponsors. There were 130 participants, both from academia and industry participated in the event.	The pre-conference workshop on "Basics of Pharmacometrics and PBPK Models: A Practical Approach" provided attendees with a solid foundation in these critical areas. Through a blend of theoretical learning, hands-on exercises using PK-SIM, and regulatory insights, participants gained practical skills applicable to real-world drug development challenges. This workshop effectively prepared attendees for the more advanced discussions that followed in the main conference. Day 1 of ICOP India 2025 focused on the application of pharmacometrics in 505(b)(2) submissions and clinical pharmacometrics in patient care. Key highlights included: A commemoration lecture on the strategic integration of model-informed approaches in 505(b)(2) drug development, emphasizing the potential of MIDD to streamline regulatory approvals. A presentation on the applications of modeling and simulations in generic drug development, highlighting the role of PBPK modeling. A panel discussion featuring leading experts, exploring the evolving role of MIDD in regulatory science. Sessions dedicated to clinical pharmacometrics in oncology, infectious diseases, and special populations, showcasing how pharmacometrics can optimize dosing and	01 - 02 Feb 2025

		improve patient outcomes. Day 2: Quantitative methods in generic drug development. Day 2 shifted its focus to quantitative methods in generic drug development. Key highlights included: A keynote address on leveraging model-integrated evidence for drug development and approval. Presentations on model-based bioequivalence and the broader applications of modeling and simulation in drug development. A panel discussion on the evolving role of modeling and simulation in regulatory approvals. A dedicated tutorial session featuring expert insights on career development in pharmacometrics, providing valuable guidance to aspiring professionals	
5	On the occasion of National Science Day 2025, the Pharmacy Literacy Club (PLC), Centre for Public Health Pharmacy, MCOPS, in collaboration with Tempus Pretioso, organized a Basic Life Support (BLS) Workshop on 24 Feb 2025 as part of a residential training program for school students. 	The workshop focused on essential life-saving skills, including the Chain of Survival, Cardiopulmonary Resuscitation (CPR), the Heimlich Maneuver, and the use of an Automated External Defibrillator (AED), with hands-on demonstrations. Students were also trained in accident management and basic splinting techniques. The session empowered more than 24 school students (9th Grade) with critical emergency response skills. A heartfelt thank you to Tempus Pretioso for partnering with us to deliver such an engaging and impactful workshop. Let's continue to learn, share, and promote life-saving awareness!	24 Feb 2025
6	The two-day workshop was specifically organized for faculty members from nearby colleges, with the objective of fostering a strong research culture. This initiative was conducted under the Scientific Social Responsibility (SSR) component of the SERB Core Research Grant, as part of the project titled "Design, Development and Clinical Validation of a Point-of-Care Diagnostic Device for the Rapid Detection of Paraquat Poisoning in Human Serum in the Hospital Setting" [File No: CRG/2023/006127/EEC], obtained by Dr Girish Thunga, Associate Professor, Department of Pharmacy Practice, Manipal College of Pharmaceutical Sciences (MCOPS), MAHE, Manipal.	The feedback from participants was overwhelmingly positive. A majority expressed high levels of satisfaction with the overall quality of the workshop, noting that the content was highly relevant to their professional responsibilities. Core topics such as hypothesis formulation, literature review, study design, data collection and analysis, and ethical research practices were consistently rated as excellent or very good. Participants particularly appreciated the depth of subject expertise demonstrated by the facilitators and commended the workshop's overall organization, including the venue, communication, and scheduling.	05 - 06 Jun 2025

7	The Pharmacy Literacy Club (PLC), Centre for Public Health Pharmacy, MCOPS, in association with the Alliance Club International, Udupi, and the Chosen Generation Charitable Trust, Udupi, organized "Nirmitha", a Medication Donation Program, on Friday, 17 Oct 2025, across two old age homes in Udupi. The donated medications were procured from Sri Poorna Medicals, managed by Mr Sumith Sunil Shetty, a member of the Alliance Club International. The community outreach commenced at Vishranthi Dhama, an old age home run by Spandana Charitable Trust, at 10:00 AM, where PLC members handed over the donated medications to the caretakers and explained their appropriate usage.	Additionally, an interactive session was conducted on managing chronic conditions such as diabetes mellitus, hypertension, and dyslipidemia, emphasizing lifestyle modifications, recognition of disease symptoms, and awareness of possible medication side effects. The session also highlighted the importance of patient counselling, which was actively demonstrated by the participating PLC student members. In the afternoon, the outreach continued at Emmanuel Old Age Home, located in Hoode, where a similar session and donation were carried out by the PLC team.	17 Oct 2025

The session began with a welcome address by Adrian Rex, followed by introductory remarks from Dr D Sreedhar, Secretary of IPA Manipal, who provided contextual reflections to set the tone for the discussion.	22 Nov 2025
Pharmacology				
1	Dr Anirban Roy Chowdhury	Sun Pharmaceutical Industries Ltd, Gurugram, Haryana	The Department of Pharmacology, MCOPS, Manipal, organized a guest lecture on 07 Mar 2025, at MCOPS, Manipal, on the topic "Drug Development and Career Opportunities," delivered by Dr Anirban Roy Chowdhury (Associate Vice President and Head, Development Centre of Excellence, Sun Pharmaceutical Industries Ltd, Gurugram, Haryana). The aim of the session was to provide insight into clinical research, career paths in the pharmaceutical industry, and the drug development process. Around a hundred MPharm Students, scholars, and faculty members attended the session with great enthusiasm, engaging in discussions about the evolving landscape of clinical research and data-driven drug development.	07 Mar 2025
2	Dr Nagabhishek SN	Imperial Life Sciences (P) Ltd, Haryana	The Department of Pharmacology, MCOPS, successfully organized a guest lecture on "Revolutionizing In Vivo Imaging: The Next Breakthrough" by Dr Nagabhishek SN, an esteemed Application Scientist from Imperial Life Sciences (P) Ltd, Haryana, on 20 Mar 2025. The session focused on the	20 Mar 2025

			advanced imaging modalities used in preclinical small animal research, particularly the Bruker preclinical small animal imaging system, including fluorescence luminescence, bioluminescence, and X-ray imaging techniques.	
3	Dr Bikash Medhi	PGIMER Pharmacovigilance and Materiovigilance Centre (Regional Centre, North India). 	The Department of Pharmacology, MCOPS, MAHE, Manipal, organized a guest lecture on "Pharmacovigilance Program of India (PvPI) and Materiovigilance Program of India (MvPI)" on 05 Sep 2025. The session was delivered by Prof Bikash Medhi, Professor, Department of Pharmacology, PGIMER, Chandigarh, and Coordinator, PGIMER Pharmacovigilance and Materiovigilance Centre (Regional Centre, North India). The lecture was attended by faculty, postgraduate (MPharm and PharmD) students, and research scholars. Prof Medhi provided an in-depth overview of national vigilance programs, emphasizing their vital role in ensuring patient safety.	05 Sep 2025
Pharmacy Management				
1	Shri Zoher Sihorwala	Wockhardt Ltd, Aurangabad 	The Department of Pharmaceutical Regulatory Affairs and Management, MCOPS, MAHE, organized a Postgraduate (PG) Lecture Series on 30 Aug 2025, at MCOPS. The session aimed to update students on recent advancements in pharmaceutical regulatory science and promote industry–academia interaction. The guest speaker, Shri Zoher Sihorwala, Senior Vice President and Global Head – Regulatory Affairs, Wockhardt Ltd., Aurangabad, shared valuable insights on evolving global regulatory frameworks, compliance strategies, and the growing importance of innovation-driven regulatory practices.	30 Aug 2025
2	Ms Amrutha MS	Manipal College of Health Professions, MAHE 	On 05 Sep 2025, the Pharmacy Literacy Club (PLC), Centre for Public Health Pharmacy, in observance of National Nutrition Week, organized a guest lecture. The talk was delivered by Ms Amrutha M S, Dietician and Assistant Professor, Manipal College of Health Professions, MAHE, on the topic "Nutrition in the 21st Century and AI in	05 Sep 2025

			Food Choices." Her talk provided valuable insights into the future of personalized diet plans and the role of technology in dietetics.	
3	Shri Prasad Bhilegaonkar	Cipla Ltd, Goa 	The Department of Pharmaceutical Regulatory Affairs and Management, MCOPS, organized the latest session of its Postgraduate (PG) Lecture Series on 13 Sep 2025. The session featured Shri Prasad Bhilegaonkar, Associate Director, Formulation Technology Transfer, Cipla Ltd, Goa, who delivered an insightful lecture on the challenges and opportunities in formulation product transfer. He discussed practical aspects of technology transfer, regulatory compliance, and innovation, bridging academic knowledge with real-world industrial practices.	13 Sep 2025
4	Dr Prashant Musmade	Glenmark Pharmaceuticals, Aurangabad 	The Department of Pharmaceutical Regulatory Affairs and Management, MCOPS, MAHE, organized the third lecture in its Postgraduate (PG) Lecture Series on 11 Oct 2025. The session featured Dr Prashant Musmade, Senior Manager – Data Reliability Officer, Glenmark Pharmaceuticals, Aurangabad, who delivered an engaging lecture on the challenges in data entry and the importance of maintaining data integrity in the pharmaceutical sector. Postgraduate students from the Departments of Pharmaceutical Regulatory Affairs and Pharmaceutical Quality Assurance actively participated in the interactive session, which emphasized the ALCOA principles: Attributable, Legible, Contemporaneous, Original, and Accurate—as foundational to reliable data management.	11 Oct 2025
5	Dr Francis Fernandes and Shri Subramanya Aithal	FRANSHA PHARMA LLP	Department of Pharmaceutical Regulatory Affairs and Management of MCOPS organized a training on eCTD (Electronic Common Technical Document) and the fourth lecture in its Post Graduate (PG) Lecture Series on 11 and 12 Nov 2025. The session was featured under the guidance of Dr Francis Fernandes, CEO and Shri Subramanya Aithal from FRANSHA PHARMA LLP, who delivered an	11 - 12 Nov 2025

			insightful lecture and two days of extensive online training on the significance and use of eCTD (Electronic Common Technical Document). Postgraduate students from the Department of Pharmaceutical Regulatory Affairs actively participated in this training session, which sparked curiosity in dossier submission in pharmaceuticals. The training provided a valuable platform on ICH eCTD as it harmonizes global regulatory submissions, speeds up review, enhances dossier quality, supports lifecycle management, and improves communication between regulators and pharmaceutical companies.	
Pharmacy Practice				
1	Dr Hariprasad Gururao	All India Institute of Medical Sciences, New Delhi 	The Department of Pharmacy Practice, MCOPS, MAHE, Manipal, hosted a guest lecture on "Clinical Proteomics as a Platform for Precision Medicine" on 04 Jan 2025, at the Shirdi Sai Baba Cancer Hospital Conference Hall, KMC, MAHE, Manipal. Dr Hariprasad Gururao, Professor at the Department of Biophysics at All India Institute of Medical Sciences, New Delhi, delivered the insightful lecture. Dr Gururao, a renowned clinical scientist with expertise in protein profiling and biomarker discovery, shared his research on developing a "Point of Care Testing Kit" for personalized medicine. He highlighted the significance of clinical proteomics in advancing precision medicine and discussed his team's work in identifying biomarkers for Parkinson's disease and schizophrenia. Dr Mahadev Rao welcomed the gathering, and the lecture provided valuable insights for many faculty and students.	04 Jan 2025
2	Dr Erfan Alijani	Ghazvin, Iran, and an alumnus of MCOPS	The Pharmacy Literacy Club (PLC), Centre for Public Health Pharmacy, Department of Pharmacy Practice, MCOPS, organized an alumni guest lecture titled "Importance of Pre-prescription Counseling in the Pharmacy Profession: An Iranian Perspective" on 01 Apr 2025. The session was conducted by Dr Erfan Alijani, a pharmacist from Ghazvin, Iran, and an	01 Apr 2025

1	Ashutosh Kumar Pandey	Travel grant and registration for Design and Development of Adaptogenic Polyherbal Formulation for Insomnia using Traditional Knowledge at 11th Congress of the Asian Sleep Research Society, AIIMS, New Delhi	08 Feb 2025
2	Mangala Shenoy K	Best Oral Presentation Award for Genistin in digital pipeline: Targeting PI3K-mTOR Pathway against Ovarian Cancer Through Computational Approach during Conference conducted by M S Ramaiah University of Applied Sciences, Bengaluru	24 Jul 2025
3	Ashutosh Kumar Pandey	1st prize -in ICH guidelines, and registration from BIRAC for Comprehensive Hands-on Training program: Clinical trial conduct a Comprehensive Hands on - Training Program: Clinical trial conduct conducted by KLE University	15 Sep 2025
4	Mr Ashutosh Kumar Pandey	Best poster award 2025, at the 10th annual international conference on IPR, developed by INDIA 2047, Role of IPR, 04 and 05 Nov 2025, at CSIR-NIO, Goa, organized by Goa College of Pharmacy for the Design and Development of novel self nano emulsifying granules used in the treatment of Aphorodisiac.	04 Nov 2025
5	Mr Doneparthi Mihir Medhansh	Best Presentation Award for Discovery of immune-associated gene networks and biomarker driving glioblastoma progression using WGCNA in the two-day National Conference on Emerging Trends in Artificial Intelligence and machine learning Driven Drug discovery conducted by the Department of Pharmaceutical Chemistry, JSS College of Pharmacy, Ooty.	14 Nov 2025
Pharmaceutics			
1	Anoushka Mukharya	Best Oral Presentation Award for New Age Biomaterials for Chronic and Acute Wound Healing at Dev Bhoomi University, Uttarakhand, India	17 Jan 2025
2	Balasubrahmanya K S	Outstanding researcher award for Harnessing Molecular Dynamics Simulations for the Investigation of Phase Transition Dynamics in SEDDS at the 2nd International Conference SYMBIOT ' 25 conducted by Manipal Institute of Technology, Manipal	19 Mar 2025
3	Mahananda R Prabhu	2nd prize in e-poster presentation for Isolation and Comprehensive Characterization of Milk Derived Extracellular Vesicles for Nanocarrier Applications at Artificial Intelligence in Pharmaceutical Development, organized by the Department of Pharmaceutics, NGSMIPS, Nitte (Deemed to be University), Karnataka, India	12 Sep 2025
4	Mahananda R Prabhu	Secured second place in E-poster presentation at National Seminar on artificial intelligence in pharmaceutical development, organized by NGSM Institute of Pharmaceutical Sciences and Controlled Release Society, 12 Sep 2025.	12 Sep 2025
5	Abutwaibe K A	Best Oral Poster award at Galgotias University, Greater Noida, 22 and 23 Nov 2025, awarded to Mr Abutwaibe K A.	22 Nov 2025

Sl No	Name	Details	Date
6	Amrita Roy	First Prize for Oral Presentation for Development of a Receptor-Targeted, Dendrimer-Reinforced Liposomal Nanocarrier for Enhanced Delivery Across the Blood-Brain Barrier in Glioblastoma Treatment at Pharma Excellence 2025, conducted by KLE College of Pharmacy, Hubballi, Karnataka.	05 Dec 2025
7	Amrita Arup Roy	Ms Amrita Arup Roy received first prize for Best Oral presentation at Pharma Excellence 2025 at KLE College of Pharmacy, Hubbali, Karnataka, an International conference held on 05 and 06 Dec 2025.	05 Dec 2025
8	Pragathi	Best Poster Presentation Award for Development and Evaluation of Oral Dissolving Films of Leflunomide at the 74th Indian Pharmaceutical Congress, conducted by Bengaluru International Exhibition Center, Bengaluru	19 Dec 2025
Pharmacognosy			
1	Vijishna L V	First Prize for Phytochemical Profiling and Anticancer Potential of Szygium caryophyllatum Leaf Extract Against Colon Cancer: An Integrative In Silico and In Vivo Study, SOPICON 2025, conducted by AIIMS, Bhopal, Madhya Pradesh.	05 Feb 2025
2	Megha K	Best poster award for Keratin infused polymeric buccal film of lignocaine hydrochloride for targeted stomatitis therapy at International Symposium cum Workshop on Innovations in Translational Therapy and Targeted Drug Delivery (ITTD) 2025, conducted by BITS Pilani, Hyderabad	01 Sep 2025
Pharmacology			
1	Megh Pravin Vithalkar	Best Scientific Poster Presentation for Synergistic Potential of Solanum xanthocarpum Phytochemicals in Combating Lung Fibrosis-Associated Inflammation: A Bioinformatic Perspective at Inflammo-CON 2025, by MCOPS, Manipal	05 Feb 2025
2	Vishwani V Naik	Third prize in Oral Presentation for Pathway-Driven Computational Discovery of Repurposed Therapeutics for Osteoporosis Treatment by Manipal Quest 2.0, KMC, Manipal	21 Sep 2025
Pharmacy Management			
1	Ms Amatha S	Secured third prize in INSPIRE Conference Series "Regulatory Pathways for Drug Approvals: Emerging Trends and Innovation" at Manipal Research Colloquium 2025 conducted by MAHE, Manipal.	28 Apr 2025
2	Amatha S	Third place in e-poster presentation for Regulatory Pathways for Drug Approvals: Emerging Trends and Innovation at INSPIRE- Conference Series conducted by JSS University, Noida	02 May 2025
3	Shailee Dewan	Travel grant and registration for Interventions to overcome the challenges for identifying Substandard, Spurious, Falsely Labeled, Falsified and Counterfeit drugs (SSFFC). A Systematic Review at ISPOR 2025, Montreal, QC, Canada	13 May 2025

1	The Manipal College of Pharmaceutical Sciences (MCOPS) hosted its annual athletic meet, ATHLOS 2025, on Wednesday, 19 Feb 2025, at the MIT Grounds, Manipal. The event was inaugurated by the chief guest, Dr Manojkumar Nagasampige, Director of Online Education, MAHE, Manipal. The ceremony began with the Mar past, where all MCOPS student contingents saluted the chief guest. The inaugural ceremony commenced with an invocation song by Ms Parvathy Madhu, followed by a welcome address from Dr Srinivas Mutalik, Principal of MCOPS. Dr Manojkumar Nagasampige delivered the chief guest's address. The event was attended by Dr Usha Nayak, Vice Principal of MCOPS, Mrs Shanthi P, Assistant Director of Physical Education, and Dr Vasudev R Pai, Sports Advisor – MCOPS, along with department heads and faculty members. Dr Nagasampige officially declared the athletic meet open, followed by the lighting of the Olympic torch, carried out by Krit Malviya and Jenfred Joy, joint secretaries of the sports council, who lit the cauldron at the end. The oath-taking ceremony was led by Shubham Manna, the sports secretary, who led the athletes in taking the oath. During the event, the chief guest presented awards to MCOPS students who excelled in INTERMAHE competitions. Yajnesh, a postgraduate student, won a silver medal in javelin and a bronze in discus throw. The 4×400 meters relay team—Janya (2nd B Pharm), Namratha (6th Pharm D), Andrea (6th Pharm D), and Vikshitha (2nd B Pharm) secured the bronze medal. The 4×100 meters relay team, comprising Janya, Spandana, Apoorva, and Vikshitha also won a bronze medal. Additionally, Deviprasad (1st D Pharm) won bronze in the 110-meter hurdles, while Sparshith, a postgraduate student, secured gold in the discus throw. Ruthu (2nd Pharm D), who participated in South Zone table tennis, received a token of appreciation. Vice Principal Dr Usha Nayak announced the results of the Mar past, and the chief guest presented a token of appreciation to the winners, first-year students. The event concluded with a vote of thanks by Dr Vasudev R Pai.	19 Feb 2025

2	"Vyaghraleela 2025" as part of the Sri Krishna Janmashtami celebrations on 11 Sep 2025 at MMMC. The event showcased a vibrant mix of devotion, tradition, and cultural performances. 	The celebrations began with the decoration of Lord Krishna's idol and a lamp-lighting ceremony led by Principal Dr Srinivas Mutalik, Vice Principal Dr Usha Nayak, Chief Guest Dr Geetha Maiyya, along with senior professors Dr Bhavana Bhat and Dr Virendra Ligade. A soulful invocation by Miss Ishani Roy set the tone for the evening, followed by dance and singing performances by the students, including a special Theme Dance on Mahabharata. The traditional 'Mosaru Kudike' pot-breaking ritual, symbolizing Lord Krishna's playful spirit, which was accompanied by energetic Nashik Dhol, was among the highlights. The most awaited segment, the "Hulivesha" (Tiger Dance), brought the celebrations to life. Dancers from Udupi/Tulunadu, painted as tigers, captivated the audience with their energetic acrobatics and rhythmic moves. The event concluded with a final Tiger Dance performance and the distribution of prasada, uniting everyone in a festive spirit and honouring Tulunadu cultural heritage.	11 Sep 2025
3	Sanskriti 2025 	The annual cultural event, Sanskriti 2025, was conducted over multiple days, providing students a vibrant platform to showcase their artistic and creative talents. Participants from all courses and years enthusiastically took part, reflecting the cultural diversity and dynamic spirit of our institution. In total, around 600 students participated, representing all academic years of BPharm, PharmD, MPharm, Diploma, and PhD programs. Compared to the previous edition, Sanskriti 2025 witnessed a notable increase in both participation and performance quality, reflecting the excellent planning, teamwork, and enthusiasm of the organizing committee and volunteers. The Valedictory Ceremony concluded the event, graced by the Principal, Vice-Principal, MAPS Coordinator, and Cultural Committee Coordinator. Winners were recognized with trophies, certificates, and mementos for their outstanding performances. The atmosphere was filled with celebration and pride as participants reflected on their experiences. Overall, Sanskriti 2025 was a resounding success, offering students a platform to express their creativity, enhance confidence, and foster unity and cultural pride within the college community.	03 Oct 2025

4	150th anniversary of "Vande Mataram"	The Manipal College of Pharmaceutical Sciences (MCOPS) proudly celebrated the 150th anniversary of "Vande Mataram" on 11 Nov 2025. The event was organized to honour the timeless patriotic song that continues to inspire generations of Indians and to reflect on its significance in India's cultural and national heritage. Students, faculty members, and research scholars from various departments of MCOPS actively participated in the celebration, making it a vibrant and memorable occasion. The Manipal College of Pharmaceutical Sciences (MCOPS) organized the streaming of Honourable Prime Minister Shri Narendra Modi's program, which was telecasted across various classrooms of the institution. The initiative aimed to enable students, faculty, and research scholars to witness and engage with the inspiring address delivered by the Prime Minister. The event was coordinated by Dr Bhavana Bhat, whose efforts ensured smooth organization and enthusiastic participation from all attendees. The celebration not only paid tribute to Bankim Chandra Chatterjee's enduring contribution but also fostered a sense of unity, pride, and respect for India's cultural legacy among the MCOPS community. The program concluded with a collective rendition of Vande Mataram, resonating through the halls of the institution and evoking a deep sense of patriotism and reverence.	11 Nov 2025

Centre for Drug Delivery and Technology

Address: Department of Pharmaceutics, MCOPS, MAHE, Manipal
Email (Coordinator): usha.nayak@manipal.edu

Year of Establishment of the Centre: 2016

Name of the Coordinator:
Dr Usha Y Nayak, Professor and Vice Principal, MCOPS

Co-coordinators:

- Dr Srinivas Mutalik, Professor and Principal, MCOPS, Manipal
- Dr Kirthanashri S V, Associate Professor, Department of Biotherapeutic Research (DBR), MAHE, Manipal

Brief About the Centre

Vision:
To create a unique platform for R&D activities in Drug Delivery Science and Technology

Mission:
To set a single stage to conduct research activities in drug delivery and to add value to the ongoing research

Objectives:

1. To identify the researchers and infrastructure in drug delivery technologies and to facilitate research in this area
2. To approach industries for funds, projects and instruments
3. Value addition to the ongoing research
4. Providing a platform for discussion and training (workshops)

1	Certificate Course on 'Design of Experiments for Pharmaceutical Product Development' 	Twenty-one participants gained insights into key topics such as the fundamentals of Design of Experiments (DoE), screening techniques, optimization designs, and practical hands-on training.	02 to 07 Jan 2025
2	Research Publication 	U Likhitha, R Bharti, R Narayan, C H Mehta and U Y Nayak*, Hot Melt Extruded Aceclofenac-Soluplus® Solid Dispersion: Mechanistic View of Miscibility and Drug-Carrier Interactions for Enhanced Dissolution, AAPS PharmSciTech. Volume 26, article number 180, (2025).	Aug 2025

Centre for Toxicovigilance and Drug Safety

Address: Department of Pharmacy Practice,
Manipal College of Pharmaceutical Sciences, MAHE, Manipal
Phone Number: 9880151127
Email (Centre): centre.toxvig@manipal.edu
Email (Coordinator): girish.thunga@manipal.edu

Year of Establishment of the Centre: 2016

Name of the Coordinator: Dr Girish Thunga

Brief About the Centre

The Centre for Toxicovigilance and Drug Safety is dedicated to multidisciplinary research, with a particular focus on toxicovigilance and drug safety. The Centre bridges the gap between industry and academia by developing specialized skill-based programs and organizing workshops. It practices evidence-based medicine and provides students with training in evidence synthesis. Additionally, the Centre is recognized by the Indian Council of Medical Research (ICMR), Department of Health Research (DHR) as a Technical Resource Centre for evidence synthesis.

It is also working as the support to institutions and sci entific/professional/bodies/associations, sponsored by ICMR-DHR in the title of 'Enhancing the competency in Systematic Review and Meta-Analysis for biomedical research in India: A Capacity Building Program', and developing online material for the students.

The Centre is engaged in numerous collaborative projects with various industries, has secured multiple mobility grants, and has established an international student chapter known as ISPE. It has also made significant contributions in patents, publications, and securing grants. Moreover, the Centre emphasizes healthcare integration within the community, with a focus on addressing occupational hazards and safety concerns. It maintains collaborations with multiple departments and both Indian and international universities, and it has established over six academic partnerships with industry experts contributing to its work.

Vision: Excellence in Pharmaceutical Education and Research

Mission: Marching with the Times

Objectives

- To offer certificate programs for professionals in the area of GCP, GMP, Toxicovigilance, and Drug Safety
- To enhance Industry-Academic Collaboration to generate the funds for relevant projects
- To offer a doctoral program for professionals in the pharma industry
- To develop Poison Information Service (PIS) and offer the services to industry and academics
- Organize Conferences, Workshops, Seminars, etc. in the areas of GCP, GMP, Toxicovigilance, and Drug Safety

Brief About the Centre:

- The centre is established with a grant from *Vision Group on Science and Technology, Govt of Karnataka* with a seed grant of INR 20 Lakhs, under the scheme *Centers of Innovative Science and Engineering Education*
- The centre offers-
  A. Industry-oriented online certificate courses like *Introduction to Medical Writing*.
  B. Research-oriented course like *Python Programming for Health Sciences*

More than 433 candidates have undergone training in the last three years.

Vision: Excellence in digital learning and skill development

Mission: Coordinate digital learning across constituent colleges of Manipal Academy of Higher Education.

Objectives

1. Establish facilities to create multimedia content creation.
2. Creating awareness programs among the faculty of constituent colleges of MAHE on the importance of online educational activities.
3. Training the faculty to create quality educational materials.
4. Coordinate course content creation/review the content to assess suitability to offer as certificate courses and coordinate hosting the media content and courses online.

Activities at the Centre

Certificate Courses offered

A. *Title:* Online Certificate Course on Introduction to Medical Writing
Mode: Online
Duration: 45 days
Number of batches in 2025: 2
Number of registered candidates: 101
Fees Collected: INR 2,67,500/-

B. *Title:* Python Programming for Health Sciences
Mode: Offline
Duration: 45 days
Number of batches in 2025: 1
Number of registered candidates: 11
Fees Collected: INR 44,000/-

Research Activities

Inter-institute collaborations, research publications

Research Publication: Two publications in 2025

1. Purushothama, D S, Kishore, A Applications of contours and pixel value summation in determining three-dimensional signal intensities. International Journal of Applied Mathematics, 2025, 38(3), pp. 411–420

   [Scopus Q2, Computational Theory and Mathematics]
2. Purushothama, D S, Nayak, P G, Devasia, T, Kishore, A. Universal and adaptive thresholding methods for multilevel denoising of ECG signals using orthogonal wavelets. Global and Stochastic Analysis, 2025, 12(2), pp. 70–80

   [Scopus Q2, Discrete Mathematics and Combinatorics]

Any SDG-related Activities

A. **SDG-4:** Quality education
   The certificate courses are designed to impart industry-oriented skills for the participants, enabling them to obtain placements as well as for career advancements.

B. **SDG-3:** Good Health and Well-being
   Currently, the courses offered are related to health sciences. These courses help the candidate work in fields that promote healthcare and patient care.

C. **SDG-9:** Industry innovation and infrastructure
   The certificate course in Python is an initiative to help candidates enter into the field of machine learning and artificial intelligence in the field of health sciences and to foster innovation in related areas.

List of Completed Grants

Received INR 20 lakh from ***Vision Group on Science and Technology*** (VGST), ***Government of Karnataka***, to establish the digital learning centre facility during 2019-2022, under the scheme Centres of Innovative Science and Engineering Education.

Centre for Current Good Manufacturing Practices (Centre for cGMP)

Mr G Sundar, Director, Pharma QA Compliance Services, Chennai.
Dr Raveendra Pai M, Senior Vice President, Formulation Research, Glenmark Pharmaceuticals Ltd, Mumbai
Mr Mahendra Joshi, Co-founder and Managing Director, IDRS Labs Pvt Ltd, Bengaluru.

Brief About the Centre

Currently, there is a huge **industry-academia gap with respect to GMP concepts** in academic curriculum and actual industry practice. The recent audit outcomes of various global regulators reflect that building a strong **Quality Culture and Data Integrity** systems is the **need of the hour**, especially for the Indian pharmaceutical sector. Both Quality Culture and Data Integrity go hand in hand. We believe that these **good practices should be inculcated into young minds** from the academic setup so that fresh candidates entering regulated pharma companies are well-versed in GMP practices. Due to **inadequate Good Manufacturing Practices,** the marketed pharmaceutical **products may be defective or have quality issues that go unnoticed** at the manufacturers' end or in the medical outlet. Subsequently, the patients will be purchasing a defective product that may have physical or chemical nature complaints or any other complaint on quality attributes. Being a layman, the patient may not notice the defect; the pharmacist may pack the product and hand it over to the ailing patient in a hurry to dispense and prepare the bill. Thus, the **ailing patient may consume defective products.** Therefore, the proposed center for current GMP shall also develop a comprehensive procedure and protocol to handle real-life complaints.

Objectives: To create awareness on cGMP right from academia to inculcate a culture of quality.

Activities at the Centre

1	Organized the 3rd National cGMP Day celebrations and first edition of the 'MANIPAL cGMP FORUM' National Conference on cGMP and Compliances	Report attached	10 Oct 2025

Manipal cGMP Forum and 3rd National cGMP Day – A Resounding Success

The Centre for cGMP at Manipal College of Pharmaceutical Sciences (MCOPS), MAHE, successfully hosted the first edition of the Manipal cGMP Forum alongside the celebration of the 3rd National cGMP Day. The event marked a significant milestone in advancing pharmaceutical quality and good manufacturing practice in India. The concept of National cGMP Day, initiated by Dr Girish Pai K, Coordinator, Centre for cGMP, has been celebrated annually since 2023, in collaboration with IDMA, PCI, FOPE, Pharmexcil and other leading industry bodies.

Held at the Dr TMA Pai Auditorium, Manipal, the forum brought together industry leaders, academia, students, and regulatory experts to bridge the gap between revised Schedule M guidelines and academic understanding.

A landmark moment in the celebration of National cGMP Day 2025 was the release of a Special Postal Cover dedicated to current Good Manufacturing Practices (cGMP). This unique initiative was conceived by Dr Girish Pai K, Coordinator, Centre for cGMP, MAHE, Manipal, in joint discussion with Sri Bharat Shah, National President, IDMA, and Dr George Patani, Senior Vice President, IDMA.

Speaking on the occasion, Sri Bharat Shah remarked, *"We believe this is a pioneering initiative to raise awareness not only among industry professionals, academia, and regulators, but also among dispensing pharmacists, the patient community, and the general public."* He further added that IDMA was proud to sponsor the maiden Special Postal Cover on cGMP, released as part of the National cGMP Day 2025 celebrations.

Lt Gen Dr M D Venkatesh, Honourable Vice Chancellor of MAHE, Manipal, expressed his pride in the achievement, stating, *"For MAHE, this marks a significant milestone as we celebrate 2025 as the 'Year of Excellence in Industry-Academia Collaborations.' The release of this Special Postal Cover in association with IDMA is expected to generate nationwide awareness on the importance of cGMP and the quality of medicines. It is a momentous occasion for MAHE, especially as the Department of Posts, India approved our joint proposal to commemorate this noble field—pharmaceuticals—through this release."*

The Special Postal Cover was officially unveiled in the presence of

Sri Bharat Shah, National President, IDMA
Sri K Raja Bhanu, Director General, Pharmexcil
Mrs Aditi Kare Panandikar, Hon General Secretary, IDMA
Sri Amit Raj Sinha, MD and CEO, Sigachi Industries Ltd
Sri Ramesh Prabhu, Superintendent Post Office, Manipal
Dr Sharath Rao, Pro Vice Chancellor, MAHE
Dr Srinivas Mutalik, Principal, MCOPS

During the Manipal cGMP Forum, Dr Girish Pai K shared the inspiring journey of the centre since its inception in 2023. He highlighted several pioneering initiatives undertaken to promote quality awareness, including the cGMP Awareness Series, the cGMP Lecture Series, the cGMP CONNECT Newsletter, and the Train the Pharmacists program—each designed to benefit both the student community and practicing pharmacists. Commenting on the release of the maiden Special Postal Cover on cGMP, Dr Pai described it as a symbol of national recognition and respect for cGMP. He expressed heartfelt gratitude to IDMA and Sri Bharat Shah, National President, IDMA, for their generous sponsorship and unwavering support in making this milestone possible.

Commenting on the inclusion of cGMP as an elective in the PCI-prescribed BPharm syllabus, Dr Pai described it as a welcome and timely development, coinciding meaningfully with the third National cGMP Day celebrations.

Mrs Aditi Kare Panandikar, Hon General Secretary, IDMA, stressed the significance of cGMP from early stages of academic learning so that it forms a strong quality foundation filled with values and integrity.

Sri K Raja Bhanu- "Pharmexcil has always championed the cause of quality in pharmaceutical exports. Initiatives like the Manipal cGMP Forum are vital in preparing the next generation of professionals to meet global regulatory expectations".

Amit Raj Sinha- At Sigachi Industries, we believe that quality is not just a regulatory requirement—it is a responsibility. Forums like this play a vital role in nurturing that mindset among future professionals."

Dr Srinivas Mutalik- Let the Manipal cGMP forum be a catalyst for meaningful conversations, impactful collaborations, and transformative learning. Together, we can shape a future where quality is not just a requirement but a culture."

The prestigious National cGMP Day Award 2025 was conferred upon Mr Ananthakrishna Padiyar, Chief of Quality, Cipla Ltd, Mumbai, for his exemplary contributions to pharmaceutical quality.

Phase II of the MANIPAL cGMP MUSEUM, a digital tribute to Dr TMA Pai, was unveiled. This CSR initiative was sponsored by Sri Mehul Shah, MD, Encube Ethicals Pvt Ltd. The latest edition of the newsletter, 'cGMP CONNECT' Vol 2, Issue 2, was released during the event.

Our eminent resource persons-Mr Dinesh Kashikar, Senior Consultant, Zenshin Pharmatek LLP – elaborated on the Revised Schedule M Guidelines and Mr Allen Dass, GM, Akums Drugs and Pharmaceuticals Ltd on Current Good Manufacturing Practices.

Best Poster Awards were presented with certificates, cash prizes, and a special cGMP gift sponsored by Akums Drugs and Pharmaceuticals Ltd. The theme, "cGMP for Sustainable Quality", unveiled earlier in April 2025, set the tone for impactful discussions. The conference featured plenary sessions, poster

presentations, interactive industry-academia dialogues, and student engagement activities, which included a quality jingle, an innovation pitch, and a tree of quality (fully sponsored by Akums). The centre for cGMP at MAHE expressed heartfelt thanks to all participants, speakers, sponsors, and guests for making the Manipal cGMP Forum and National cGMP Day 2025 a grand success. The event reaffirmed MAHE's commitment to excellence in pharmaceutical education and quality standards.

The event concluded with the GMP Pledge, about 200 plus delegates (UG and PG students, research scholars, industry professionals, resource persons, and chairpersons) were present for the pledge.

Brief About the Centre

Objectives

- Research on the practice of pharmacy in collaboration with a multidisciplinary team.
- Developing various professional competency assessment tools.
- Training for clinical pharmacy professionals and students from India and abroad with global standards.
- Conduct regular workshops on Medication Therapy Management and CPE for Practising Pharmacists.
- Providing a platform for academicians, researchers, pharmacy practitioners, and students for interactive learning experiences through the International Conference on Clinical Pharmacy (CPCON).

Activities at the Centre:

Sl No	Event and Date	Description
1	10th International Conference on Clinical Pharmacy (CPCON 2025) 09 to 11 January 2025	The 10th International Conference on Clinical Pharmacy (CPCON 2025), organized by the Centre for Pharmaceutical Care in association with the Department of Pharmacy Practice, Manipal College of Pharmaceutical Sciences (MCOPS), themed "Transforming Pharmacy Practice for Value-Based-Care Models," was held on 10 and 11 Jan 2025, at Dr TMA Pai Halls, KMC, Manipal. This global event brought together professionals and researchers to discuss advancements in pharmacy practice, focusing on patient-centered and value-based care. The conference commenced with an inaugural ceremony by Dr Sharath Kumar Rao K, Pro Vice Chancellor-Health Sciences, MAHE, Manipal, who was the chief guest. Eight international and seven national speakers delivered the talk during the conference. Around 474 delegates from 49 various pharmacy schools attended the conference, and 184 scientific abstracts were presented.
2	Pre-Conference Workshop 09 Jan 2025	The pre-conference workshop covered two topics: 'Writing Successful Publications: Practical Insights' and 'Health Data Analytics using 'R' Programming.'

Sl No	Event and Date	Description
3	National Pharmacovigilance Week Celebrations 17 to 22 September 2025	The National Pharmacovigilance Week celebrations in association with MedSafe began with an inauguration ceremony. The Chief Guest, Dr Srinivas Mutalik, opened the program. In his address, Dr Mutalik highlighted the vital role of pharmacists in patient safety and pharmacovigilance.
4	Concepts of Medical Writing Workshop	The Centre for Pharmaceutical Care, in association with MedSafe: Towards Safer Tomorrow and the Department of Pharmacy Practice, MCOPS, MAHE, organized an engaging workshop on Concepts of Medical Writing on the 24 and 25 October 2025 at the Department of Medical Education, Health Sciences Library, Manipal. Ms Vaishnavi Punja, Associate Scientific Writer, Indigene, and Ms Mary Jannet, Principal-Scientific Writing, Lillys Ltd., were the resource persons for the hands-on training.
5	Uppsala Monitoring Centre #MedSafetyWeek Celebrations	The Centre for Pharmaceutical Care, in association with MedSafe, successfully carried out Uppsala Monitoring Centre #MedSafetyWeek celebrations, featuring a week filled with engaging events and meaningful discussions that focused on spreading awareness on drug safety and pharmacovigilance. Various events and competitions were conducted on patient safety.

- Dr Rajesh V, Associate Professor, Department of Pharmacy Practice, MCOPS, MAHE, Manipal.
- Dr Mahadev Rao, Professor, Department of Pharmacy Practice, MCOPS, MAHE, Manipal

Brief About the Centre:
Vision:

- To be a globally recognized leading Centre for academic and industrial research in pharmacometrics
- To conduct academic courses and training programs to develop the pharmacometric capabilities at the university and at the national level
- To develop a national/international academic and industry collaborative research network to promote the science of pharmacometrics and contribute to the development of drugs and other healthcare analytics solutions

Mission:

- To be a Centre for national and global level collaborative research on pharmacometrics and to develop capable human resources to serve in direct patient care, as well as in drug development programs of pharmaceutical industries

Objectives:

- Clinical Pharmacometrics: Application of Pharmacometrics in the bedside for assisting in precision pharmacotherapy
- Model-informed drug development: Explore the opportunities for implementing new-age tools of pharmacometrics in the drug development decisions
- Training and mentoring: Focus on developing training and mentoring programs to enhance the capabilities in the pharmacometrics and model-informed drug development area

Members: Co-Coordinator – Dr Srinivas Hebbar, Ms Anjana A K, Mrs Mahananda Prabu, Mr Abutwaibe, Dr Ujwala Achar, Mr Vaibhav Namdev

Brief About the Centre:
The Centre for Pharmaceutical Skill Development at Manipal Academy of Higher Education (MAHE) stands as a pioneering academic–industry interface dedicated to creating job-ready pharmaceutical professionals. It aligns with the Skill India mission and is recognised as the first Centre of Excellence from academia. It has been officially certified by the Life Sciences Sector Skill Development Council (LSSSDC), New Delhi, underscoring its national relevance and quality benchmarks.

The unique strength of CPSD lies in its outcome-driven skill training model, which bridges the gap between academic learning and industry expectations. The Centre focuses on role-specific training for graduates and postgraduates, ensuring immediate employability in diverse pharmaceutical domains. CPSD also empowers educators through Continuing Pharmacy Education (CPE) programs, emphasizing emerging technologies, niche techniques, and innovative teaching pedagogies.

A strong industry-integrated ecosystem further distinguishes CPSD. With guidance from seasoned pharmaceutical industry experts serving as its advisory body, the Centre continuously aligns its programs with evolving industry needs. Additionally, CPSD delivers customised executive and certification programs in collaboration with the pharmaceutical industries, fostering workforce upskilling and leadership development.
Through its certified excellence, expert mentorship, and industry-aligned training framework, CPSD serves as a national model for pharmaceutical skill development and professional advancement.

Vision: To bridge the gap between industry and academia.

Mission: To train and groom pharmacy students to become skilled professionals who are ready for employment in the industry.

Objectives:
- Training graduates and postgraduates for specific job roles
- Faculty training through continuing pharmacy education programs focused on novel and niche areas or techniques, and the delivery of innovative pedagogy
- Executive programs in collaboration with the pharmaceutical industries

Email (Coordinator): sonal.sekhar@manipal.edu

Year of Establishment of the Centre: 2022
Name of the Coordinator: Dr Sonal Sekhar M
Members: Dr Sreedharan and Dr Girish Thunga P

Brief About the Centre:
Vision: Establish a Centre of Excellence to provide an interdisciplinary platform for capacity building in public health pharmacy practice, service, and research

Mission: Promote the quality use of medicine in our society

Objectives:

- To impart knowledge to society on the quality and safe use of medicines and be involved in implementing community-centered care as part of the social commitment of the MAHE.
- To develop leadership skills among the students to engage in community outreach programs and be a public health pharmacy champion.
- To foster the research culture on evidence-based pharmacy with a perception of public and global health concepts.
- To generate scientific knowledge on ever-changing best pharmacy practice decisions and apply these for societal benefits through an interdisciplinary approach.
- To network with national and international agencies for integrated strategies to tackle public and global health issues on medication use.

Activities at the Centre

Sl No	Name of the Activity	Particulars	Date
1	Basic Life Skills Workshop	In collaboration with Tempus Pretioso, a student-run Emergency Medicine Club of Kasturba Hospital, Manipal, organized a workshop on Basic Life Support (BLS) and Road Traffic Awareness (RTA) at MCOPS.	23 Jan 2025
2	Medication Disposal Program at Nejar, Kallianpura	In collaboration with the Rotary Club and the Kallianpura Panchayat, the Medication Disposal Program was successfully conducted. 22 dedicated volunteers collected expired medications from over 200 homes while educating the community on the importance of safe medication disposal. The collected medicines were handed over to the district's common treatment facility for proper disposal, ensuring a safer environment.	11 Feb 2025
3	Basic Life Skills Workshop for School Students	On the occasion of National Science Day 2025, in collaboration with Tempus Pretioso, we organized a Basic Life Support (BLS) Workshop as part of a residential training program for school students. The workshop focused on essential life-saving skills, including the Chain of Survival, Cardiopulmonary Resuscitation (CPR), the Heimlich Maneuver, and the use of an Automated External Defibrillator (AED), with hands-on demonstrations.	24 Feb 2025

9	Nirmitha: A medication donation program across two old-age homes in Udupi	In association with the Alliance Club International, Udupi, and the Chosen Generation Charitable Trust, Udupi, organized "Nirmitha", a Medication Donation Program, across two old age homes (Vishranthi Dhama and Emmanuel Old Age Home, Hoode) in Udupi.	17 Oct 2025
10	Alumni guest talk by Dr Ahsan Farooq, Clinical Medical Manager, Novo Nordisk, Bengaluru	Organized a guest talk on "Applications of AI in Clinical Research." The session was delivered by Dr Ahsan Farooq, an alumnus of MCOPS who completed his Post-Baccalaureate PharmD in 2012.	23 Oct 2025
11	National Pharmacy Week and World Antimicrobial Awareness Week 2025 Celebrations	On the occasion of National Pharmacy Week (16 to 22 Nov 2025) and World Antimicrobial Awareness Week (18 to 24 Nov 2025 in association with the Indian Pharmaceutical Association (IPA) Manipal branch, organized a series of academic and outreach activities. As part of the initiatives, an awareness outreach program was conducted on 15 Nov 2025 at SMS Pre-University College, Brahmavar, focusing on the Antimicrobial Stewardship Program (AMSP). The event aimed to educate students on the appropriate use of antimicrobials and strategies to prevent antimicrobial resistance (AMR). The session included interactive health education activities, followed by a quiz competition that engaged students and reinforced key learning points. The celebrations also featured multiple competitions, including Pharmaprobe, a casestudy based event where teams worked through mock clinical scenarios simulating real-world challenges, and a quiz competition for both senior and junior categories, held from 17 to 19 Nov 2025. These events encouraged critical thinking, evidence-based reasoning, and peer learning among participants. On 22 Nov 2025, Dr Muralidhar Varma, Professor and Head, Department of Infectious Diseases, Kasturba Medical College, Manipal, delivered an insightful guest lecture titled "Bridging Evidence and Practice in Antibiotic Stewardship."	15 to 22 Nov 2025

Centre for Translational Research

Address: Manipal College of Pharmaceutical Sciences, Manipal Academy of Higher Education, Manipal, 576104, India
Phone Number: 0820 2922403
Email (Centre): translational@manipal.edu **Email (Coordinator):** mahadev.rao@manipal.edu

Year of Establishment of the Centre: 01 Jan 2020
Name of the Coordinator: Dr Mahadev Rao
Members: Dr Naveen Salins, Dr Naveen Kumar, Dr Karthik Udupa, Dr Muralidhar Varma, Dr M S Rajan, Dr Rama Rao Damerla

Brief About the Centre:
Vision: To develop a new translational research division that aims to develop robust services, protocols, and policies that empower patients, clinicians, and other healthcare providers to access high-quality, precise care and conduct high-quality clinical trials/research, education, and training programs.

Mission: To foster national and international multidisciplinary collaborations in translational research and education. To enhance Bench to Bedside and Bedside to Bench (B2B2B) research, primarily in cancer and tuberculosis.

Objectives:
1. Develop a multidisciplinary team of clinicians, basic scientists, and clinical pharmacists who can design and implement translational research projects that aim to improve treatment outcomes and quality of life for TB, cancer, and lifestyle diseases.
2. Act as a centre for genomic screening/surveillance to identify the mutational burden/genome variation of cancer and TB patients from various parts of the country via genome sequencing.
3. Develop novel diagnostics and/or identify biomarkers that could be used for pre-emptive screening for targeted drug therapy, prevention of adverse drug reactions, and optimization of drug dosing.
4. Design novel drug molecules and repurpose existing drugs for diseases such as TB and cancer, especially in cases of drug resistance/treatment failure.
5. Conduct certificate courses and residency programs equipped with hands-on training that empower clinicians, researchers, and postgraduates to obtain expertise in cutting-edge translational research areas such as precision therapy, drug and disease modelling, organoid modelling, etc.
6. Develop national and international collaborations with research scientists and premier institutes to develop high-quality, multicentric research projects and utilize multidisciplinary expertise and facilities to create a pool of next-generation scientists.

Activities at the Centre:

Sl No	Name of the Activity	Particulars	Date
Activities at Global Cancer Consortium			
1.	Global Cancer Consortium Conference	5th International Global Cancer Consortium Conference at Amity University, Noida	29 - 31 Jan 2025
Research students graduated in 2025			
2.	PhD students (part of the Centre) graduated in 2025	• Dr Levin Thomas • Dr Gayathri Baburaj • Dr Jayashree Dili Batcha • Dr Shilia Jacob • Dr Vedant Kamal Mehta • Dr Preethiparna Parida	2025-2026 2025-2026 2025-2026 2025-2026 2025-2026 2025-2026 2025-2026

Sl No	Name of the Activity	Particulars	Date
		• Dr Sairoz • Dr Prathvi Nayak	2025-2026
Research Projects Completed in 2025			
1	Integrating Pharmacogenomic and Population Pharmacokinetic Analysis for Precision Therapy of Isoniazid in TB Patients.	PI: Dr Mahadev Rao Research Scholar: Dr Levin Thomas Funding agency: ICMR SRF and MAHE-Intramural fund	2021-2025
2	Repurposing of antiviral drugs targeting lysine demethylase 5B [KDM5B] oncogene in breast cancer.	PI: Dr Mahadev Rao Research Scholar: Mrs Anmi Jose Funding agency: DST-INSPIRE SRF and MAHE- Intramural fund	2021-2026
3	Identification of Circulating Tumor DNA Mutations in Indian Lung Cancer Patients.	PI: Dr Mahadev Rao Research Scholar: Dr Gayathri Baburaj Funding agency: DST-INSPIRE SRF and MAHE- Intramural fund	2020-2025
4	Effect of Vitamin D Supplementation and Vitamin D Receptor Gene Polymorphisms in Patients with Diabetic Foot Infection among South-Indian Population	PI: Dr Sonal Sekhar Research Scholar: Dr Shilia Jacob Kurian Funding agency: ICMR SRF and MAHE- Intramural fund	2023-2025
5	Clinical Assessment of Pharmacometric Model-Guided Dosing in Oncology	PI: Dr Surulivelrajan M Research Scholar: Dr Jayashree Dili Batcha Funding agency: ICMR SRF and MAHE- Intramural fund	2022-2025
6	Medication Therapy Management of Anticoagulants and Incorporation of Pharmacogenomics-guided Individualized Dosing of Warfarin	PI: Dr Rajesh V Research Scholar: Mrs Vooradi Santosha Funding agency: Dr TMA Pai PhD Fellowship	2022-2026
7	Tumor characterization and development of a liquid biopsy test for early detection and treatment of cervical cancer	PI: Dr Rama Rao Damerla Research Scholar: Dr Preetiparna Parida Funding agency: CSIR SRF and MAHE- Intramural fund	2021-2025
8	Expression of PTGS2 along with genes regulating the VEGF signalling pathway and association with high-risk factors in locally advanced oral squamous cell carcinoma	PI: Dr Naveena Kumar AN Research Scholar: Dr Vedanth Kamal Mehta Funding agency: Dr TMA Pai, PhD Fellowship and MAHE- Intramural fund	2022-2025
9	Developing a model for real time analgesia for drug delivery by assessing nociceptive chemical mediators	PI: Dr Naveen Salins Research Scholar: Dr Prathvi Nayak Funding agency: ICMR	2020-2025

The research activities, academic initiatives, and scholarly outputs of the Centre align with and contribute to the following Sustainable Development Goals (SDGs):

Center for Animal Research Ethics and Training (CARET)

Address: Manipal Academy of Higher Education,
Manipal - 576104, Karnataka, India
Phone Number: 9449951422
Email (Centre): caret@manipal.edu **Email (Coordinator):** nandakumar.k@manipal.edu

Year of Establishment of the Centre: 2024
Name of the Coordinator: Dr K Nandakumar
Members:

1. Dr Amrita Parida
2. Dr Rahul Dutta
3. Dr Jagnoor Singh Sandhu

Brief About the Centre

Vision

The Center for Animal Research Ethics and Training (CARET) envisions becoming a global leader in fostering humane, ethical, and scientifically robust animal research practices. By integrating comprehensive training programs with cutting-edge research methodologies, CARET aims to bridge the gap between ethical principles and experimental precision.

The Center aspires to cultivate a new generation of researchers who are not only proficient in advanced experimental techniques but also deeply committed to minimizing animal suffering. Through collaboration, innovation, and education, CARET seeks to set new benchmarks in ethical animal research, ensuring sustainability and scientific excellence across diverse disciplines.

Mission

To train research scholars and other professionals in the animal experimentation's ethical and scientific aspects, ensuring they are well-prepared for humane and rigorous research practices.

Objective

1. Provide foundational and practical training in animal welfare, ethical research, scientific methodology, and routine experimental procedures.
2. Offer advanced training in specialized areas, such as animal behavioural testing, while promoting humane and ethical practices in all aspects of research.
3. Collaborate with academic and research institutions, both nationally and internationally, to foster a culture of ethical and scientifically sound research.

Activities at the Centre

Sl No	Name of the Activity	No of participants	Date
1	Foundational Certificate Course in Laboratory Animal Handling and Ethical Guidelines	30	27 Jan to 08 Feb 2025
2	Field visit by students (BSc) from MSLS	24	10 Jan 2025
3	Field visit by students (BSc) from MSLS	20	17 Jan 2025
4	Field visit on the occasion of National Science Day	22	24 Feb 2025
5	Field visit by students (BPharm) from MCOPS	42	06 Feb 2025
6	Internship of MD students, KMC Physiology	5	11 to 24 Feb 2025
7	Field visit by students (BTech, II year) from MIT	52	03 Apr 2025
8	Field visit by MSc Zoology students, IDSG Government College	18	16 May 2025
9	Manipal International Summer School – *Foundations in Laboratory Animal Handling and Research*	2	07 to 18 Jul 2025
10	Foundational Certificate Course in Laboratory Animal Handling and Ethical Guidelines	31	21 Jul to 02 Aug 2025
11	Field visit by students (PharmD, III year) from MCOPS	18	28 Jul 2025

Visit by students (BSc) from MSLS

Discussion session during the Foundational Certificate Course in Laboratory Animal Handling and Ethical Guidelines

Discussion session on the importance of routine sterilization practices during a visit by students from MCOPS

Training on the behavioural apparatus (MWM) during the internship of MD students, KMC Physiology

Session on histopathology during a visit by students (BPharm) from MCOPS

Discussion session on Animal Welfare during visit by students from MCOPS

Centre for Advanced and Translational Theranostics

Address: Fourth Floor, Melaka Manipal Medical College (MMMC), MAHE, Manipal
Phone Number: +91 9663116990
Email (Coordinator): ss.mutalik@manipal.edu

Year of Establishment of the Centre: 15 October 2024
Name of the Coordinator: Dr Srinivas Mutalik
Members: Dr Sanjay Bharati, Dr Sajan Daniel George, Dr Nandakumar, and Dr Usha Y Nayak

Brief About the Centre:

Vision: To be a leading Centre in the development and translation of innovative theranostic platforms or agents, with the goal of providing personalized, effective, and safe treatment options.

Mission: To accelerate the translation of research observations into health solutions through a multidisciplinary approach, developing and implementing diagnostics and therapeutics for a wide range of diseases and conditions.

Objectives:

Product Development: Development of innovative and Advanced Theranostics (AT) for treating and diagnosing various diseases with the help of funded projects and industry support

- **Research Output and Commercialization:** To attain high-quality publications, IPRs, funding, technology transfer, and commercializing the products with the help of industries.
- **Translational Theranostics:** To undertake translational theranostic projects with the help of laboratories, hospitals, clinicians, ethical committees, funded projects, and industries.
- **State-of-the-Art Facility:** Establish a state-of-the-art facility for producing and characterizing AT, including 3D printing technologies for personalized NM and tissue-engineered scaffolds
- **Interdisciplinary Cooperation:** Foster interdisciplinary cooperation and facilitate knowledge exchange among practitioners and researchers, training next-gen researchers, and adding value to ongoing research

Awards and Recognition:

Sl No	Name of the Awards	Particular	Date
1	Award for Research Excellence (Best PhD Guide) for the Year 2024 to Dr Srinivas Mutalik	MAHE Research Awards Ceremony, MAHE, Manipal at Dr TMA Pai Auditorium	24 Nov 2025
2	Award for Significant Contribution to Sustainable Development Goals for the Year 2024 to Dr Srinivas Mutalik	MAHE Research Awards Ceremony, MAHE, Manipal at Dr TMA Pai Auditorium	24 Nov 2025

List of Ongoing Projects/Research Grants:

Sl No	Title	Funding Agency	Name of the PI	Amount	Date
1	Development of Long-acting injectable formulations	Nayas Laboratories Hyderabad	Dr Srinivas Mutalik	22,50,000 INR	23 Jun 2025

Manipal College of Nursing

Address: Manipal Academy of Higher Education, Madhav Nagar, Manipal
Phone Number: 0820–2922443
Email (Office): office.con@manipal.edu **Email (Dean):** judith.n@manipal.edu

Name of the Dean: Dr Judith Angelitta Noronha
Established: 1990
Details of the Programs Offered by the Institution:

- Basic BSc Nursing
- Basic BSc Nursing MAHE-UNB Dual Degree Program
- Post Basic BSc Nursing
- MSc (Medical Surgical Nursing)
- MSc (Mental Health (Psychiatric) Nursing)
- MSc (Child Health (Paediatric) Nursing)
- MSc (Obstetric and Gynaecological Nursing)
- MSc (Community Health Nursing)
- Nurse Practitioner in Critical Care Postgraduate Residency Program
- Nurse Practitioner in Emergency and Trauma Care Postgraduate Residency Program
- PhD Nursing

About the Institution/School:
Manipal College of Nursing (MCON), Manipal, established in 1990, is one of the leading institutions in India for Nursing Education and Research. The mission statement of MCON is consistent with that of its parent organization, Manipal Academy of Higher Education (MAHE). The Vision and Mission statements of MCON Manipal, respectively, are: To be a world class nursing institution with international standards and a hallmark of excellence in Nursing Education, Practice and Research and Excellence in nursing education, healthcare services, research, and commitment to human development. MCON functions with the values: Quality, Commitment, Accountability, Teamwork, Loyalty, Integrity, and Humane Touch. The college is recognized by the Indian Nursing Council (INC) and the Karnataka State Nursing Council, certified under ISO 9001:2015, ISO 14001:2015, and ISO 50001:2018, and accredited by NAAC in 2022 with an 'A++' grade. MCON

Manipal has been ranked #1 nursing college in India among India's top 10 undergraduate courses and institutions for BSc Nursing (Source: Education World India-Higher Education India dated: 27 May 2023 and it strives to maintain this remarkable achievement in 2024-25). MCON Manipal is one among the Seven Nursing Institutions in India whose degree is approved by the Singapore Nursing Board. Core Objectives: To offer professional education of high pedagogic excellence; optimal learning environment and an opportunity for personal and professional growth. To encourage community participation and interaction with National and International healthcare organizations. To develop professional competency and research skills in students and faculty. Speciality Areas: The college houses six clinical nursing departments to cater to the academic needs of the students. The Clinical Nursing Departments are Fundamentals of Nursing, Community Health Nursing, Obstetrics and Gynaecology Nursing, Child Health (Paediatric) Nursing, Medical Surgical Nursing, and Mental Health (Psychiatric) Nursing.

Institutional Activities/Curricular Activities
New Initiatives:

Sl. No.	Activity	Particulars	Date(s)
1	The Centre for Elderly Care Education and Research is proposed as a dedicated interdisciplinary hub aimed at advancing education, research, capacity building, and service innovation in the field of geriatric and elderly care. With the rapidly ageing population and increasing burden of chronic illnesses, frailty, disability, and psychosocial challenges among older adults, there is a critical need for structured academic and research-driven responses to promote healthy ageing and dignified care. The center is a collaborative center between MCON & MCHP.	The Centre will focus on education, research, and community engagement related to geriatric nursing, geriatric medicine, palliative care, mental health of older adults, long-term care, and caregiver support. It will offer short-term courses, micro-credentials, certificate programs, workshops, and continuing professional development programs aligned with NEP 2020 to strengthen geriatric competencies among healthcare professionals, students, and community workers. The research arm of the Centre will promote evidence-based practice through clinical, community-based, and translational research in ageing, chronic disease management, palliative and end-of-life care, assistive technologies, and health systems for elderly care. Collaborative research with national and international institutions, policy-oriented studies, and funded projects will be key priorities. The Centre will also engage in community outreach, health promotion, screening programs, caregiver education, and advocacy for age-friendly services and policies. By integrating education, research, and service, the Centre aims to contribute to improved quality of life, functional independence, and dignified ageing, while supporting national priorities in elderly health and care.	**1 Dec 2024**

38	Global Exposure for Future Nursing Leaders!-200th International Council of Nurses (ICN) Congress Student Assembly held in Helsinki, Finland. 	MAHE, Manipal, generously sponsored two students, Mr Farhan and Mr Arnold Mokshit Ammanna, from MCON, MAHE, to attend the prestigious 200th International Council of Nurses (ICN) Congress Student Assembly held in Helsinki, Finland. As budding nursing professionals, this opportunity was a remarkable milestone in their academic journey. The conference featured keynote addresses, panel discussions, and presentations on critical global nursing issues, including financial stress, burnout, limited resources, and LGBTQ and linguistic barriers. It provided a platform for students to engage with peers and professionals from around the world, fostering a deeper understanding of the global nursing landscape. A highlight of the event was the interaction with esteemed leaders such as Dr Pamela F Cipriano, President of ICN, and Dr T Dileep Kumar, President of the Indian Nursing Council, along with other international delegates who shared insights into country-specific challenges and innovations in nursing. Mr Farhan and Mr Arnold expressed their heartfelt gratitude to the MAHE administration and MCON for their generous sponsorship. They acknowledged that this invaluable exposure not only broadened their perspectives but also inspired them to contribute meaningfully to the nursing profession. This initiative by MAHE stands as a testament to its commitment to nurturing global citizens and empowering students through transformative learning experiences.	08 Jun 2025
39	SRF Session-3 on "IEC Approval Process" 	Pillar II Exemplary Research and Innovation, in collaboration with the Student Research Forum of MCON, MAHE, Manipal, conducted the third session of 2025 on "IEC Approval Process". The session was led by Dr Binil V, Additional Professor and Head, Department of Mental Health Nursing. The session aimed to enhance research literacy and ethical competence. Dr Binil explained research ethics, IEC application procedures, required documents, and demonstrated the IEC website for online submissions. Thirty-eight participants attended, and e-certificates were awarded.	19 Jun 2025

		oncological emergencies, along with hands-on training and poster presentations. A total of 115 participants from across India benefited from the workshop.	
104	World AIDS Day 2025	The Department of Fundamentals of Nursing, MCON, MAHE, observed World AIDS Day on 01 December 2025 by organizing an HIV/AIDS awareness program at SVT High School, Karkala. Dr Prima J J D'Souza, Assistant Professor, delivered an informative session on HIV/AIDS, covering causes, symptoms, treatment, preventive measures, and addressing stigma and discrimination. She emphasized compassion, support, and inclusion for people living with HIV. A total of 83 students actively participated. The program promoted health awareness among school children.	01 Dec 2025
105	SRF Session-7 on "Introduction to Nursing Research"	Pillar II: Exemplary Research and Innovation, in collaboration with the Student Research Forum at MCON, MAHE, Manipal, conducted a session on "Introduction to Nursing Research." The session was led by Ms Preejana Sharma, PhD Scholar, Department of Fundamentals of Nursing. It introduced participants to core concepts of nursing research and fostered interest in evidence-based practice. Through interactive group activities, students identified nursing problems and explored potential research solutions. The session enhanced research-oriented learning. Twenty-five first-year PBBSc Nursing students attended, and e-certificates were awarded.	02 Dec 2025
106	19th Internal Quality Assurance Cell (IQAC) meeting of MCON Manipal	The 19th Internal Quality Assurance Cell (IQAC) meeting of MCON Manipal, through Microsoft Teams had the following agenda points. a) Review/follow up of actions from previous IQAC meeting b) Review of actions initiated based on NAAC peer team observations c) Activities Planned for the year and progress d) Best practices sharing and new initiatives e) Review of academic audit outcomes (if conducted during the period) f) Suggestions for Improvement g) Any other matter with the permission of the chair.	04 Dec 2025
107	Hands-on Workshop: Next Gen Learning-AI Toolbox for Education and Research	MCON, MAHE, organized a workshop titled "Next Gen Learning–AI Toolbox for Education and Research" at MAHE, Manipal. Dr Judith A Noronha, Dean, welcomed participants and highlighted AI's role in modern education and research. Dr Keerthana Prasad, Chief Guest, emphasized adopting AI tools with human oversight. Resource person Fr Anil Ivan Fernandes demonstrated AI applications, including Google Gemini, ChatGPT Go, Paperpal, R Discovery, and Grok, for teaching, learning, and research. Sixty-five participants engaged in interactive, hands-on sessions. The program concluded with certificates, enhancing digital competencies.	06 Dec 2025
108	World AIDS Day 2025	The Department of Community Health Nursing, MCON, MAHE, in collaboration with the NSS unit,	11 Dec 2025

Sl No	Activity	Particulars	Date(s)
		observed World AIDS Day at Karnataka Public School, Hiriyadka. Coordinated by Mrs Clara Pramila D'Souza, the program aimed to educate 170 First PUC students on HIV transmission, prevention, and the importance of responsible attitudes to reduce stigma. Fifth semester BSc Nursing students performed a role play illustrating causes, transmission, and preventive measures, followed by an informative presentation and quiz competition. Feedback was collected to assess impact. The initiative effectively increased awareness, enhanced knowledge, promoted responsible behaviour, and provided valuable experiential learning for nursing students.	
109	School Health Program-Observing National Epilepsy Day-2025	The Department of Community Health Nursing and fifth semester BSc Nursing students of MCON, MAHE, observed National Epilepsy Day 2025 at Government Higher Primary School, Guddeangadi, Bommarabettu, with the theme "Awareness, Diagnosis, and Timely Care." Ms Surekha, Lecturer, highlighted early warning signs, myths, first-aid measures, and timely diagnosis. Students performed a skit, dance, poster, and video presentations, and conducted a quiz for 81 children, eight teachers, 22 parents, and one ASHA worker. The program raised awareness and promoted first-aid preparedness.	12 Dec 2025
110	Awareness Workshop on Empowering families with bleeding disorders	An awareness workshop on empowering families with bleeding disorders organized by the Hemophilia Society Manipal Chapter (HSMC) in collaboration with the Departments of Fundamentals of Nursing and Child Health Nursing, MCON, MAHE, Manipal, and supported by Novo Nordisk India. The session included a talk on developmental needs of children and adolescents with hemophilia by Ms Shreya Shetty and an interactive session, "Navigating Life with Strength and Support," by Ms Kusumavathi, focusing on coping strategies and family support. Twenty-five participants attended. Coordinated by Dr Sulochana and Dr Anjalin DSouza.	12 Dec 2025
111	Old Age Home Visit	The Health and Social Welfare Committee of the SNA 2025, MCON, MAHE, organized an Old Age Home visit at Hosabelaku Seva Trust, Udupi. The program included prayer, recreational activities, songs, dance, games, and ROM exercises. Basic health assessments and health education on dementia and fall prevention were provided to 207 inmates. Mrs Canica shared the history and mission of the trust. Groceries were distributed, and gratitude was expressed by residents. Fifteen students and three faculty members participated.	15 Dec 2025
112	Nasha Mukt Bharat Abhiyan (NMBA)	In connection with the letter received from the UGC, New Delhi, regarding the 5th Anniversary of the Nasha Mukt Bharat Abhiyan (NMBA), a pledge-taking event	17 Dec 2025

Sl No	Activity	Particulars	Date(s)
		was conducted for the BSc Nursing students of our institution. A total of 50 students actively participated in the event. All participants took the Nasha Mukt Bharat Abhiyan pledge, reaffirming their commitment to leading a drug-free life and spreading awareness about substance abuse. The event was conducted smoothly and successfully met the objectives of the campaign.

1	Awards and Annual Day 2025	In the future era of specialization, there is an increasing need for specialized nursing. Manipal has truly reached the length and breadth of the world with its excellence," said Dr T Dileep Kumar, President, Indian Nursing Council, New Delhi, during the 35th Awards and Annual Day of MCON, MAHE, held at Dr TMA Pai Auditorium, Manipal. He emphasized the crucial role of nurses in healthcare delivery and called for increased investment in nursing, creation of nursing positions, interprofessional leadership, and enhanced service delivery. Dr Jeyalakshmi, Assistant Professor and convener of the Annual Day, proposed the vote of thanks, expressing gratitude to the organizers and attendees for their support in making the event a success. Dr Sonia R B D'Souza, Professor and HOD, Department of Obstetrical and Gynaecological Nursing, compered the program, guiding the audience through the proceedings. The formal session was followed by a captivating cultural program presented by students and faculty, celebrating diversity and showcasing the creativity of the MCON community. Dr P Giridhar Kini, Registrar, MAHE, highlighted the values of discipline and confidence in nursing, encouraging students to view challenges as opportunities and to be problem solvers. Lt Gen (Dr) M D Venkatesh, Vice Chancellor, MAHE, appreciated MCON's remarkable contributions to nursing education, clinical practice, and research. He praised the commitment, collaboration, and teamwork of students, faculty, and support staff, noting that MCON consistently provides world-class education and global experiences. Both dignitaries congratulated the graduates and faculty, wishing MCON continued success and greater heights in the future.	14 Feb 2025
2	Freshers Day 2026	The Student Nurses' Association organized Freshers' Day 2025 at Dr TMA Pai Halls, 1st floor, to welcome the new batch of BSc Nursing and Post Basic BSc Nursing students to the MCON family. Mr Rennon D'Souza, SNA President, welcomed the gathering. Dr Judith A Noronha, Dean, MCON, addressed the freshers and shared valuable tips to excel in academics and avoid distractions. Various cultural performances and fun games entertained the audience. Mr Abraham and Ms Elba were crowned Mr and Ms MCON 2025. The program concluded with a vote of thanks by Ms Simmy Elizabeth Baby.	21 Aug 2025

27	Imprintz 2025-26	The Cultural Fest 2025 of MCON, MAHE Manipal, titled Imprintiz 2025–26, was successfully conducted as a vibrant, full-day celebration of cultural expression and artistic excellence on 27 November 2025, from 08:00 am to 04:30 pm. The event featured a well-organized sequence of competitions, beginning with the mime competition, followed by Indian non-classical and classical solo dances, Western and Eastern dance forms, vocal music events, and a colourful cultural parade. Each performance segment was immediately followed by prize distribution, ensuring smooth progression and maintaining the rhythm of the program. The formal inauguration ceremony added significance to the event and set a dignified tone for the day. Dr P Rajshekhar, Vice Principal of WGSHA, graced the occasion as the Chief Guest. The afternoon session was equally engaging, showcasing Western group dance, Eastern vocal music, folk dance, and an impressive fashion show, all of which received enthusiastic appreciation from the audience. The fest concluded with the announcement of the Sharon Wilson's Memorial Ever-Rolling Best Dance Group Trophy and the Overall Championship Trophy. Team Panthers emerged as the Overall Champions for the academic year 2025–26. The entire program was meticulously coordinated by the SNA office bearers, committee chairpersons, faculty members, and student volunteers, ensuring effective management and adherence to the schedule.	27 Nov 2025

Manipal Centre for Interprofessional Advanced Wound Care

Address: Manipal College of Nursing (MCON), MAHE, Manipal
Phone Number: 8310769938
Email (Coordinator): elsa.sana@manipal.edu

Year of Establishment of the Centre: 02 Jun 2023
Name of the Coordinator: Dr Elsa Sanatombi Devi
Members:

- Dr Vishal Shanbhag
- Dr Ashwath M Acharya
- Dr Joseph Thomas
- Dr Vimal Krishnan
- Dr Prakash Peralam Yegneswaran
- Mrs Janet Alva
- Mr Prasannakumara
- Ms Suchetha Sowmyashree
- Dr Sushmitha Karkada
- Mr Shreenidhi Jogi

Brief About the Centre:
Vision:
To create a leading Center for wound care that enhances students' employability through advanced OSCE-based training, accredited and evidence-based education, and interprofessional learning, while actively collaborating with industry and world-class organizations to prepare job-ready professionals for global practice.

Mission:
To empower future healthcare professionals in advanced wound management through evidence-based practice, personalized care, development of standardized protocols, and promotion of innovation via patents and copyrights to strengthen quality improvement in healthcare and research.

Objectives:

- ✓ To equip students with an interprofessional approach to wound care competencies
- ✓ To sensitize students toward a multicultural understanding of infected wound care
- ✓ Promote effective collaboration among health sciences professions toward wound care and patient education in the clinical arena.
- ✓ To carry out R&D in the area of the Interprofessional (IP) approach to wound care
- ✓ To attract industry-academia collaboration and funding
- ✓ To conduct international and national scientific programs with partner universities
- ✓ To copyright and patent innovative teaching, learning, and assessment tools in wound care
- ✓ To invite PhD and Post Doc fellows in areas of innovative practices in image-based Artificial Intelligence in wound assessment and evaluation to improve quality assessment and wound care workflow.

Brief About the Centre

Vision

To be a Centre of excellence in elder care, education, and research that empowers professionals, fosters interprofessional collaboration, advances evidence-based practice, and strengthens academia-industry partnerships to enhance the quality of life of older adults.

Mission:

- To build capacity and empower healthcare professionals, caregivers, and community stakeholders through innovative education and skill-based training in elderly care.
- To promote interprofessional education by integrating nursing, medicine, allied health sciences, social work, and technology for comprehensive geriatric care.
- To advance interprofessional and translational research that addresses the evolving health, social, and psychosocial needs of the ageing population.
- To develop sustainable academia–industry partnerships that support innovation, knowledge exchange, and implementation of best practices in elder care.
- To contribute to policy development and community engagement aimed at dignified, inclusive, and person-centred care for older adults.

Objectives

- To build capacity and empower individuals in the field of elderly care
- To promote interprofessional education in the field of elderly care
- To advance interprofessional research in the field of elderly care
- To develop an academia- industry partnership in the field of elderly care

Activities at the Centre

Sl No	Name of the Activity	Particulars	Date
1	The Centre for Elderly Care Education and Research, a collaborative center of Manipal College of Nursing and Manipal College of Health Professions, initiated its activities on the auspicious occasion of the 90th Birthday of Dr Ramdas Pai, Chancellor of Manipal Academy of Higher Education. In observance of World Alzheimer's Month 2025, a significant awareness session on "Brain Health for Senior Citizens" was organized at IMA Bhavan, Udupi. The event aimed to raise public awareness about brain health, cognitive decline prevention, and support for elderly individuals, with a special focus on Alzheimer's disease and related dementias.	The event was coordinated by the Centre, in partnership with the Department of Psychiatry, Kasturba Medical College (KMC), Manipal, Department of Social and Health Innovation, Prasanna School of Public Health (PSPH), and Dementia India Alliance, in collaboration with Lions Club Manipal, IMA Udupi Karavali, WDW-IMA Udupi Karavali, and Udupi Senior Citizens Association.	17 Sep 2025

Phone Number: 0820 2922158
Email (Office): office.son@manipal.edu **Email (Principal):** leena.sequ@manipal.edu

Name of the Principal: Dr Leena Sequira
Established:1959
Details of Programs Offered by the Institution:
Diploma in Nursing
About the Institution/School:
Manipal School of Nursing (MSON) made a humble beginning in 1959, inspired by the insight and wisdom of our founder Dr TMA Pai, who worked relentlessly with the conviction that "education helps to remove the ills of society." The government aid was minimal, if any. The school took its first steps as the Auxiliary Nurse Midwives Training Centre and was later upgraded to a General Nursing and Midwifery Training Centre in 1962. The professional educational program is geared to prepare nurses to meet the health needs of individuals, families, the community, and the country at large. The scope of diploma nursing is very vast and includes practice in hospitals, communities, industry, air force, navy, army, hospitality sector, education, administration, and many others in the country and abroad. It also forms a strong foundation for advanced courses in nursing. The school is also certified by ISO 9001-2015 and an Integrated Management System and accredited by the Karnataka Nursing Council and the Indian Nursing Council. The annual sanctioned intake of the school is 60 students, with 10 per cent of the seats reserved for government-sponsored candidates and 5 per cent reserved for boys. The final year result in the last academic year was 98 per cent.

Institutional Activities/Curricular Activities

Sl No	Activity	Particulars	Date(s)
1	Session on "Revised NANDA Nursing Diagnosis"	Manipal School of Nursing, MCON, MAHE Manipal organized the Session on "Revised NANDA Nursing	25 Jan 2025

Sl No	Activity	Particulars	Date(s)
		Diagnosis" on 25 January 2025, between 14:00 and 16:00 for the faculty of MSON. Mrs Radhika R Pai, Assistant Professor, Department of Fundamentals of Nursing, Manipal Academy of Higher Education (MAHE), Manipal, was the resource person. She discussed the revised Nanda Nursing Diagnosis based on PEM Classification. She highlighted the dos and don'ts while writing the nursing process. She also emphasizes how the trends/changes can be implemented in clinical practice. A total of 16 faculty members attended the guest lecture.	
2	Annual Day and Lamp Lighting Ceremony	Annual Day and Lamp Lighting ceremony of Manipal School of Nursing, MCON, MAHE, Manipal was held on Thursday, 13 Mar 2025. Dr Anice George, Professor and Head, Research and Collaboration MCON, MAHE, Manipal, was the chief guest for the program. She congratulated the students who lit the lamp and addressed the importance of lighting the lamp. She addressed freshers regarding the confidence and psychomotor skills required in the nursing profession, where nurses give hope rather than mechanical care. Dr Anice emphasized the proper utilization of AI technology along with human touch. She also congratulated the graduates who are completing the formal academic training, which is the beginning of informal lifelong learning. Dr Judith A Noronha, Dean, Manipal College of Nursing, MAHE, Manipal, in her presidential address, advised the students about the importance of dignity in the nursing profession, qualities of a nurse so she get excellence in her career, and also highlighted the involvement of faculty in research activity. She congratulated all the students for choosing nursing as a profession. Mrs Shanthi Pinto, Convener, Manipal School of Nursing, Manipal, welcomed the gathering and introduced the Chief Guest. Dr Leena Sequira, Principal, Manipal School of Nursing, Manipal, presented the Annual Report of the School for the year 2024. Meritorious students of various batches were awarded. Mrs Sylvin Mendonca, class coordinator of 1st year Diploma in Nursing and Midwifery (DNM), proposed the vote of thanks. The entire program was coordinated by Mrs Pavitra Nayak, Assistant Lecturer, Manipal School of Nursing, Manipal. The formal function was followed by the cultural program.	13 Mar 2025
3	Session on "Communication"	Manipal School of Nursing, MCON, MAHE Manipal organized the Session on "Communication" on 06 Jun 2025, between 14:00 and 16:00 for second-year MSON students. Dr Olga Gershuni, Lecturer, Fontys University of Applied Sciences, Eindhoven, the Netherlands, Adjunct Faculty of MCON, MAHE, Manipal, was the resource person. She discussed points which strengthen communication Practices within teams and with patients, she also focused on accuracy, empathy, and interprofessional collaboration to enhance patient outcomes and safety. A total of 55 students attended the session.	06 Jun 2025

Sl No	Activity	Particulars	Date(s)
4	Session on "Patient Stories and the Importance of Reflection on Learning" 	Dr Toni Bewley, an adjunct faculty member at Manipal College of Nursing, conducted a session titled "Patient Stories and the Importance of Reflection on Learning" for the second-year diploma nursing students at Manipal School of Nursing on 30 Jun 2025, from 14:00 to 15:30. She elaborated on the significant influence of reflective practice and narrative in the realms of nursing education and professional development. 1	Annual Sports Meet	Manipal School of Nursing (MSON), under MCON, MAHE, Manipal, organized its annual sports meet. The program began at 8.30 am with a march past by MSON students accompanied by the band troupe of Madhava Kripa School. Teams were introduced to the chief guest, Dr Melita Sheilini, Associate Professor, Department of Medical Surgical Nursing, MCON, by Ms Shanti P, Assistant Director, Physical Education, KMC, MAHE. The event included an invocation, welcome, and introduction of the chief guest by Mrs Joycee Nancy Noronha. Dr Melita Sheilini addressed the gathering, emphasizing sportsmanship, the benefits of sports, and declared the sports meet 2025-26 open. The torch ceremony followed, and the sports oath was administered by Mr Dhanush, Sports Secretary. The inaugural program concluded with felicitation of the band students and a vote of thanks by Mrs Ashwini Shetty. Athletic events included track, jump, and throw events, along with faculty events. Winners were honoured by dignitaries. The valedictory ceremony at 15:15 was graced by Dr Tessy Treesa Jose, Associate Dean, MCON. Individual championships were won by Mr Pema (men) and Ms Manya (women). The event concluded with a vote of thanks.	06 Dec 2025

1	Kalotsav Cultural Fest	The Student Nurses Association (SNA) of Manipal School of Nursing, MCON, MAHE, Manipal, organized Kalostav at the MIT Auditorium, Manipal. Ms Savitha Talawar welcomed the gathering. The program was inaugurated by lighting the lamp by Dean Dr Judith A Noronha, MCON, Dr Leena Sequira, Principal,	29 Nov 2025

MSON, the Cultural Committee advisor Ms Sylvin Prapulla Mendonca, co-advisors, Ms Nandini, and Ms Supriya and the student leader Ms Prathiksha. Dr Judith A Noronha addressed the gathering about the importance of co-curricular activity in overall academic development, and it helps to build courage and confidence to showcase talent. Also, she conveyed her best wishes. A variety of cultural competitions were conducted throughout the fest, including classical, non-classical group dance, skit, fancy dress, fashion show, Ms MSON and Mr MSON. One of the highlights of the fest was Mr and Ms MSON competition. Ms Migmar Dolma was crowned Ms MSON, and Mr Nishal S Karkera won the title of Mr MSON. The atmosphere was filled with excitement, joy, and celebration of cultural diversity. Judges, faculty and students of MSON enjoyed and encouraged their peers. The individual championship title was awarded to Ms Annette Serena, a third-year student and the overall championship trophy was bagged by team Pioneers. At the end of the program, Ms Vanisha proposed the vote of thanks. The entire program of Kalostav was coordinated by Cultural Committee Faculty Advisors.

UG Programs

- Bachelor of Physiotherapy
- Bachelor of Occupational Therapy
- Bachelor in Audiology and Speech-Language Pathology
- BSc (Nuclear Medicine Technology)
- BSc (Medical Laboratory Technology)
- BSc (Respiratory Therapy)
- BSc (Medical Imaging Technology)
- BSc (Emergency Medical Technology)
- Bachelor of Optometry
- BSc (Anaesthesia and Operation Theatre Technology)
- BSc (Cardiovascular Technology)
- BSc (Renal Replacement Therapy and Dialysis Technology)
- BSc (Health Information Management)
- BSc (Exercise and Sports Sciences)
- BSc (Clinical Psychology)
- BSc (Perfusion Technology)
- BSc (Clinical Nutrition and Dietetics)
- BSc (Radiotherapy Technology)
- BSc (Physician Assistant)
- Bachelor of Prosthetics and Orthotics
- BSc Neuroscience Technology

PG Programs

- MSc (Audiology)
- MSc (Speech-Language Pathology)
- MSc (Renal Replacement Therapy and Dialysis Technology)
- Master of Optometry
- MSc (Clinical Psychology)
- MSc (Echocardiography)
- MSc (Cardiac Care and Intervention Technology)
- MSc (Exercise and Sports Sciences)
- MSc (Health Information Management)
- MSc Health Informatics (Healthcare IT Management)
- MSc (Medical Imaging Technology)
- MSc (Medical Radiation Physics)
- MSc (Nuclear Medicine Technology)
- MSc (Perfusion Technology)
- MSc Anaesthesia and Operation Theatre Technology
- MSc Emergency Medical Technology
- MSc (Medical Radiochemistry)
- MSc (Radiotherapy Technology)

MSc Respiratory Therapy (MSc RT)

- MSc (RT) Adult Respiratory Care

- MSc (RT) Neonatal and Paediatric Respiratory Care

Master of Physiotherapy (MPT)
- MPT (Cardiopulmonary Sciences)
- MPT (Community Physiotherapy)
- MPT (Musculoskeletal Sciences)
- MPT (Neurosciences)
- MPT (Obstetrics and Gynaecology)
- MPT (Paediatrics)
- MPT(Geriatrics)
- MPT (Oncology)

Master's in Occupational Therapy (MOT)
- MOT (Children and Adolescents)
- MOT (Hand and Musculoskeletal Conditions)
- MOT (Neuro Rehabilitation)
- MOT (Mental Health and Psychosocial Rehabilitation)
- MOT (Ageing Adult)

MSc Medical Laboratory Technology (MLT)
- MSc MLT (Clinical Biochemistry)
- MSc MLT (Microbiology and Immunology)
- MSc MLT (Haematology and Immunohaematology)

Super Speciality Course
- MPhil (Clinical Psychology)

Doctoral Program
- PhD in 16 disciplines

Advanced and Basic Certificate Courses
- Certificate Course on Advanced Clinical Practice in Physiotherapy
- Advanced Certificate Course in ENT Technician
- Basic Certificate Course in ECG
- Basic Certificate course in Orthopaedic Trauma Operation Theatre Technician
- Basic Certificate course on Diabetic Foot Care Educator
- Certificate course in Hand Splinting
- Basic Certificate Course in Medical Imaging
- Advanced certificate Program in Autism Spectrum Disorders: A Comprehensive approach
- Certificate Course in Fitness Assessment and Training

About the Institution/School

Manipal College of Health Professions (MCHP), formerly known as the School of Allied Health Sciences (SOAHS), is the first and largest full-fledged college of health professions in India and Far East Asia. The institution provides quality education, research, and clinical training in allied health programs, with a student population of 2497 students from 23 countries, and offers courses on four campuses. Currently, MCHP is the second largest institution of the Manipal Academy of Higher Education (MAHE).

11	World Mental Health Day celebration	Department of Clinical Psychology observed World Mental Health Day celebration on the theme "Access to Mental Health Services During Catastrophes and Emergencies". As a part of the celebration, a series of intradepartmental competitions, community engagement programs highlighting the theme were conducted. The range of competitions included essay writing, logo designing, bottle painting, best out of waste, elocution, collage making, Jab they met, pamphlet making, video making, and photography based on the theme, which were conducted from 27 Sep to 10 Oct. These competitions provided a platform for students to showcase their creativity and knowledge. They also proved effective in helping them understand the essence, need and significance of mental health services during emergencies. On 10 Oct, as a part of community engagement, a mental health screening and awareness camp was also conducted by the Master's students of the Department of Clinical Psychology, facilitated by the staff members at Parkala Grama Panchayath premises. The service was beneficial for the local community. It also helped the students to nurture their skills in community involvement and public-driven mental health promotion activities.
